Ford
FACTORY AUTHORIZED CLEARANCE

Most Manufacturers Would Be Happy To Offer Just One Of These Cars.

Your Ford Dealer Has Them All.

Nobody has a line-up like your Ford dealer. From the number-one-selling car in America, Ford Taurus, to Motor Trend's 1993 Car of the Year, Ford Probe GT, to the classic American Luxury car, Crown Victoria, every one is a winner in design and value. And now, during the Ford Factory Authorized Clearance, every one is clearance priced to move. Other people may have clearance sales, but nobody has a clearance like your Ford dealer. Hurry in to your Northland Ford dealer today.

No One Sells More Trucks Than Your Ford Dealer

Your Ford dealer knows trucks. And he knows deals during the Ford Factory Authorized Clearance. You can get a great clearance buy on America's best-selling pickup, the Ford F-Series. On America's best-selling compact, Ford Ranger. And big savings on Ford Explorer, the best-selling sport utility. Even roomy Ford Aerostar and the popular Econoline Van have great clearance prices. For the best clearance deal on America's best-selling line-up of trucks, see the Truck Authority, your local Northland Ford Dealer, now.

The first days of school means learning new things, like where to stand and wait for the bus. Susan Olson, kindergarten teacher at Northrop elementary school in Thief River Falls, shows kindergarten students Kalli Vetsch and Nik Johnson where to stand and wait for the school bus. Kalli is the daughter of Collatta Vetsch. Nik is the son of Gary Johnson.

Four file for positions on city council

Four people have filed applications for candidacy for positions on the city council. Three incumbents have filed for candidacy. Robert Reeve has filed for Mayor, Dave Carlson has filed for second ward alderman, Don Barron has filed for fourth ward alderman. John T. Anderson, alderman-at-large, did not file for re-election. Ken Schmalz, however, did file for the alderman-at-large position.

Affidavits of candidacy for Thief River Falls city council and Mayor were accepted until 5 p.m. September 7.

Positions to be filled by election on November 2, 1993, include a two year term for Mayor, and four year terms for alderman-at-large, fourth ward alderman and second ward alderman.

2,409 enroll at TRF schools

(Continued from Page 1)

rop and 335 at Washington on opening day.

Mark Twain elementary has 206 students in kindergarten through second grade and two special education students. Knox has 219 students in third through fifth grades plus 10 students in pre-school.

Decrease in enrollment this year overall continues a trend begun with the record high enrollment of 3,295 set 20 years ago and interrupted by slight increases in 1990 and 1991. Largest decline was in 1982 when there were 176 fewer students than the previous year. Enrollment dropped by another 99 students in 1983. Smallest decline during the period was a drop of seven students in 1984.

Russian lecturer appreciates freedom to speak at she wishes

(Continued from Page 1)

Elena said that under the Communist government all children were required to become members of a young Communist league at eight years of age. They moved on to other Communist youth groups at age 12 and age 14.

She recalls very vividly when a 15-year-old girl in one of her classes asked her some very direct questions, then confronted her along with other members of the youth group, saying they were of the opinion she had beliefs contrary to the government. They said they had decided not to report her at that time.

"I called her mother," Elena said, "and she came to the school and apologized for her daughter, and the girl later apologized as well. Nothing happened to me as a result of this threat, but the Communists were so adept at brainwashing the youth that you never knew who might report you."

She said she knew many people who were taken by the KGB which attempted to coerce them into being informers. This happened among the young people who were involved in the intellectual discussions and who sought change in the leadership of the Soviet Union.

Throughout her life she said she was always one to be quietly persuasive and to try to bring about change through discussion and logic. Only during the coup attempt against Gorbachev, when she felt that gains made for freedom might be lost, did she feel that she would be willing to take a more active and forceful role.

She said she became somewhat disillusioned by some leaders among the dissident groups who seemed to feel lost when much of what they claimed to be seeking was allowed. They seemed to need a cause to champion and a leadership role to fill that was gone when their stated goals were attained.

What is needed now in Russia, she said, is the adoption of laws and a constitution which will make permanent the freedoms which have been gained and repeal some of the laws which still remain as threats to those freedoms. She believes this can only come about through elections which will replace members of the Supreme Soviet who have refused to relinquish central control.

Dragounova said she plans to always live in Russia, where she has a 13-year-old daughter and other family and friends. Only under the threat of her life or loss of her freedom would she consider leaving, she said.

Elena will tell about her background and experiences at the first in a series of Tuesday evening meetings on September 14 from 6 to 9 p.m. in room B21 at Northland. The continuing sessions will involve instruction in the Russian language. They will stress conversational Russian, she said, and be informational in nature. The public is invited to participate and there is no charge.

On two prior occasions Elena has been in the United States, once for about a month in 1989 and again for just under two months in 1991. She views this visit to be an opportunity to learn more about the people of the United States as well as to share her knowledge of a country and city she loves.

"I would like to thank the president of the college, Dr. Haviland, the Foundation and the community for allowing me this opportunity and making me feel welcome here," Elena said.

She said she will be available to speak to various groups and organizations in the area on a number of subjects. She is willing to answer questions and provide information. To contact her, call Northland Community College at 681-2181.

School enrollment is stable in area

(Continued from Page 1)

roughly the same as last year. At 309, it was one student less than the year before. This year, two teachers will be joining the staff. Amy Bjerkie will be teaching EMH, Brian Edlund will be teaching science.

By grade, opening day enrollment was as follows: Kindergarten - 18, First - 1[illegible], Second - 19, Third - 18, Fourth - 29, Fifth - 21, Sixth - 22, Seventh - 19, Eighth - 35, Ninth - 34, 10th - 27, 11th - 31, 12th - 22.

Opening day enrollment dropped in Plummer, School District 628, from 228 on opening day in 1992 to 214 this year. Karen Busch joins the staff at Plummer as the long-term substitute.

By grade, opening day enrollment figures were as follows: Kindergarten - 9, First - 16, Second - 13, Third - 17, Fourth - 14, Fifth - 20, Sixth - 22, Seventh - 16, Eighth - 19, Ninth - 16, 10th - 19, 11th - 17, 12th - 16.

Mike Verdun joins the staff in Red Lake Falls as the new principal. Opening day enrollment at Red Lake Falls, School District 630, was roughly the same as last year. There were a few less elementary students this year than on opening day in 1992 when there were 207. On Tuesday, there were 203 elementary students. In the high school, 277 students attended school on the first day. This year there will be 30 Global Studies students.

By grade, opening day enrollment was as follows: Kindergarten - 38, First - 29, Second - 22, Third - 35, Fourth - 24, Fifth - 34, Sixth - 21, Seventh - 61, Eighth - 49, Ninth - 46, 10th - 34, 11th - 45, 12th - 42.

Four teachers join the staff at Warren high school and two teachers join the staff at the elementary school in Warren. Chad Fredricksen will teach social studies, physical education and coach girls basketball. Susan Moberg will teach English and vocal music. Lloyd Wilke will teach social studies. Dave Schroeder will teach French, Math and coach girls volleyball.

Opening day enrollment at Warren, School District 446, was 325 at the high school, and 305 at the elementary school.

Opening day enrollment figures by grade are as follows: Kindergarten - 37, First - 42, Second - 42, Third - 44, Fourth - 35, Fifth - 48, Sixth - 57, Seventh - 43, Eighth - 60, Ninth - 67, 10th - 53, 11th - 52, 12th - 50.

Newfest plans announced for Sept. 17-18-19

Participants in Newfolden's annual Newfest fall celebration Friday through Sunday, September 17-19, will have no shortage of entertainment, activity or food.

The weekend activities begin with a pancake and sausage supper at the community center on Friday, September 17, with serving from 4:30 to 7:30 p.m. The supper will be a benefit to assist Pearl Engen with medical expenses and is co-sponsored by the Newfolden Lions Club and Branch 6079 of Aid Association for Lutherans.

Following the supper at 7:30 p.m. the Marshall County Central Nordics football team will host Kittson County North at the Nordic field. A teen dance, sponsored by the MCC Women of Today, will follow the game.

Saturday's events will be highlighted by the "Country Market," a craft and bake sale sponsored by the Newfolden Women's Club. Faythe Dyrud Thureen, a graduate of the high school in Newfolden, will sell and autograph her book "Jenna's Big Jump" at the Friends of the Library table. Grove Valiants 4-H club will operate a Candyland at the Country Market.

Beginning at 9 a.m. will be the MCC Sports Boosters' volleyball tournament in the MCC school gymnasium with a number of area schools participating. The Senior Citizens will have crafts and cards available at the senior center, as well as serve a hot turkey lunch from 11:30 a.m. to 2 p.m.

The Newfest parade begins at 11 a.m. with registration at 10 a.m. and new entries welcome. Afternoon events include bed races, Hot Wheels races, face painting and family games. From 4:30 to 7:30 p.m. a barbecue pork supper will be served at the community center, sponsored by the Project Future committee.

Musical entertainment is planned following the supper and an adult dance will begin at 9 p.m. at the Hobo Haas with the music of "Banna Country."

On Sunday, September 19, a ham dinner will be served from 11 a.m. to 12:30 p.m. by the Viking Volcanoes 4-H club. An afternoon "Music Fest" is planned at the community center beginning at 1 p.m., featuring a large number and wide variety of performers.

Final event of the day and the Newfest celebration will be the annual fall supper beginning at 4:30 p.m. at Nazareth Lutheran Church in Holt.

Contract offered to new Karlstad superintendent

Karlstad — In special meeting action recently the Tri County school board voted to offer a superintendent's contract to Dr. Dorothy M. Suomala of Moorhead. The superintendent vacancy was created when Lowell Schwalbe resigned July 19. Dr. Suomala has a Ph.D. in Education Administration from the University of Minnesota and is presently director of administrative field experiences at Tri College University in Fargo-Moorhead. She and her husband, Paul, have four children. (North Star News)

Badger annual fall festival stated for Sept. 24-25

Badger — The community of Badger will hold its annual fall festival September 24 and 25. The event will include a parade, fun run and walk, the high school homecoming football game and other activities. The festivities are sponsored by Badger Town and Country and the Badger Jaycees. ([illegible] Tribune)

[illegible] proceed with apartment plans

Fosston — Fosston Mayor Arvid Clementson announced last Friday that the city will go ahead with plans to build twelve new apartments in cooperation with the Multi-County Housing authority. The site for the two buildings hasn't been determined yet, though it is expected to be near the hospital and nursing home. Construction is expected to be started in the spring. (Thirteen Towns)

Norris Camp heads for National Registry

Norris Camp — The Norris Camp facility, located at the heart of the Red Lake Wildlife Management area, south of Roosevelt, will come before the public in the form of a public hearing September 23 and could become part of the National Register of Historic Places. The Lake of the Woods Historical society has spearheaded a move to keep the Norris Camp facility from being terminated when the DNR announced plans to abandon the site and move its managements offices to Warroad. The society felt that the site, which was founded in 1935 and was a temporary home to CCC workers, held enough historical significance to be a candidate for the Historic Register. (Williams Northern Light)

Norman county sheriff requests additional weapons in patrol cars

Ada — Sheriff Larry Miller made a request recently to the Norman county board for funding to increase his department's firepower, noting the reason which includes recent shootings in the region involving law enforcement officers. Miller suggested the purchase of three rifles at a cost of about $1,200. Officers presently carry handguns and have shotguns in their patrol vehicles. (Norman County Index)

Goose Festival at Middle River is October 1-3

Beginning with the annual Miss Middle River pageant Saturday, September 25, and concluding with the final performance of "The Odd Couple" Sunday, October 3, the 19th annual Middle River Goose Festival will have as its theme "Celebrating 25 Years of Middle River Community Club."

Seven contestants will seek the Miss Middle River crown Saturday, September 25, at 7:30 p.m. in the Middle River school auditorium. The winner will reign over the annual Goose Festival events and represent the community in the Miss Marshall County Pageant.

Middle River Community Theater will present a humorous female version of the play "The Odd Couple" on Wednesday, September 29 and Friday and Saturday, October 1 and 2, at 7:30 p.m. and Sunday, October 3 at 4 p.m. in Ye Olde Depot Theatre.

The three-day festival October 1-3 will include many activities. Friday evenings October 1 will include a pancake dinner, Jaycees beer garden and food stand, trap shoot, American Legion Auxiliary supper, family Karaoke at the *school cafeteria and dancing* to the music of "Night Watch" at the American Legion club rooms.

Saturday, October 2, a major highlight will be the parades. Kiddies parade will start at 12:30 p.m. with the main parade to follow at 1 p.m. Trophies and ribbons will be awarded to winners in several categories. In past years the Goose Festival parade has attracted in excess of 100 entries.

In addition to the parades there will be sidewalk attractions all day, a helicopter number drop, kiddie

(Continued on Page 13)

Second annual Super Asthma Saturday set

Second annual "Super Asthma Saturday" has been scheduled for October 2 at Northwest Medical Center in Thief River Falls with the program to run from 10 a.m. to 1:30 p.m. in the chapel area of the medical center.

The program is planned for parents and children with asthma and will also be geared toward those who work with asthmatic children, including day care operators, school and public health nurses, teachers and coaches. Anyone who is interested in learning more about asthma is welcome.

Because space is limited, registration is necessary by Wednesday, September 29. Cost is $5 per person or $10 per family and each child with asthma must be accompanied by at least one parent.

To register, send your name, address, phone number and a check for the appropriate registration fee ($5 individual/$10 family) to Super Asthma Saturday, Respiratory Care Department, Northwest Medical Center, 120 LaBree Avenue South, Thief River Falls, MN 56701.

Dr. Paul Cubic, pediatric pulmonologist at St. Paul Children's Hospital and a member of the staff at the University of Minnesota Hospitals, will give the main presentation on "Healthy Living With Asthma."

"There has been a growing concern, especially within the state of Minnesota, over the escalating severity of asthma cases," notes Deb Breuer of Northwest Medical Center's respiratory care department.

"The fact of the matter is," she said, "that asthma can be controlled. Asthma can be treated and reversed. It can be monitored to predict and, in most cases, prevent a serious attack. When fully educated about this condition and when this knowledge is utilized to control their disease, asthmatics are completely capable of maintaining a full healthy and basically normal lifestyle.

"Our respiratory care department would like anyone affected in one way or another by this disease to be aware of the Super Asthma Saturday program and the information to be offered," Breuer said. "The program will include experts in the field, a question and answer panel addressing participants' concerns, exhibits and door prizes. We believe the first vital step in decreasing the occurrence of severe, life-threatening asthma episodes is education."

Super Asthma Saturday is sponsored by the American Lung Association of Minnesota and Northwest Medical Center.

Hutchinson Transfer in Thief River Falls added a packer to its inventory of heavy equipment. The packer is capable of lifting containers weighing up to 70,000 pounds. Marv Hutchinson brought the packer from San Francisco. Marv said if all goes well beginning October 1 they will be moving containers of potatoes and double stacking on a regular basis. It will help expand their business and make it easier, faster and safer to move containers. The packer operates on a 250 Cummings. The front tires are about seven-feet tall. The back tires are about five-feet high.

TRF city council plans to reorganize government

Thief River Falls city council was split on a proposal to reorganize city government and departments. About a half dozen city employees attending the council meeting at the city auditorium were interested in hearing what the council had to say about reorganization plans and several personnel adjustments made Tuesday night, as well.

In July the task of investigating reorganization of city government was turned over to the Labor committee. Tuesday night, Alderman at large John T. Anderson angrily stated that the Finance committee recommendation to appoint five committee chairs to a committee to investigate reorganization was an attempt by the Finance committee to control city government.

Don Barron, chairman of the finance committee, denied the accusation stating that the committee felt a wider, more diverse group should make the recommendations.

The five committee chairs would include five of the eight members of the city council. They are Don Barron, Milt Burstad, Mayor Robert Reeve, Jean Heinrichs and Dale Wennberg.

Barron explained in an interview following the council meeting that the purpose of reorganizing city government is to achieve more efficient management and more effective use of labor management or talent. Reduction of staff is not a goal.

One of the reasons the issue came to the forefront Tuesday was because of a number of recent retirements, including the retirement of Lynn Josephson, airport manager, Jerry Wigness, city clerk, and Don Laidley, line superintendent for the utility department.

Barron said it has been under consideration for some time, but recent retirements had made it an opportune time to examine reorganization. Barron said they don't have any specific type of government or organization in mind. In fact, they may not do anything, he said, "but it is time to look."

One of the issues that will have to be examined is whether the council should hire a replacement for the city clerk before the reorganization can take place so that the clerk or manager can be involved in the reorganization process or whether the reorganized system should be in place before they hire a manager/clerk.

There are the equivalent of 96 full-time employees working for the city of Thief River Falls. Actual payroll costs, which includes all salaries and employee benefits, totaled $2,376,911 in 1992, and $2,469,295 in 1993. The total projected payroll cost for 1994 is $2,421,126.

The final vote by the council on

Enrollment up, new faculty at St. Bernard's

Enrollment at St. Bernard's Catholic school in Thief River Falls on opening day was 110 this year, an increase from 103 a year ago, according to Dixie Klein, principal.

Three new teachers have been added to the faculty. Laura Kohns will teach first grade; Pauline Schroeltz and Mina Higashi will teach in the departmentalized intermediate language arts areas.

"The enrollment increase might be attributed to the facilitation of a departmentalized intermediate educational environment for grades four, five and six," Klein said, "in that most of last year's fifth grade class returned to St. Bernard's as sixth graders this fall."

Klein said that the program is similar to a middle school concept where students if fourth through sixth grades will learn from teachers who have specific expertise and interest in the areas they have been assigned to teach.

"The rationale behind this concept is to have teachers make the best use of their special talents, to ensure that students receive the prerequisites in each grade that they will need for learning in the next grade, to expose students to a variety of teaching styles from a variety of teachers and to utilize subject-specific classrooms."

She said that multi-age grouping will be utilized "when deemed appropriate by the educators and learning centers provide students with the opportunity to work collaboratively and cooperatively."

Klein said that C D ROM technology has been purchased with grant funds from Catholic Charities and will be used to enrich reading and literature classes, computer instruction, social studies and research projects in all grades.

Also being instituted is a "Teacher Talk" period set aside for teachers to meet and plan the school's outcome based curriculum. Volunteers will come to the school and work with the students during these sessions.

(Continued on Page 13)

School board accepts bids

Six more bids totaling $527,641 were accepted for the Lincoln high school building project when the School District 564 board of education met September 13 in the school district service center.

Contracts were awarded in the following areas: Acoustical—Architectural Sales of Minnesota, New Hope, $34,900; Hard Tile—Grazzini Brothers & Co., Minneapolis, $26,540; Flooring—Floor to Ceiling Store, Fargo, ND, $40,300; Painting—Swanson & Youngdale, Moorhead, $28,240; Ventilation and Sheet Metal—Grant's Mechanical, Fargo, ND, $312,833; and Casework, Haldeman-Homme, Minneapolis, $84,828.

Resignations were accepted from Mike Novak, assistant principal at Lincoln high school; Dale Toren, regular route bus driver; Carol Stalde and Patricia Weber, cleaners.

Resolutions were also approved to call for the general election in the district, establish precincts and designated polling places and set the date and time for Tuesday, November 2, between the hours of 12 noon and 8 p.m. Four candidates have file for the two positions open on the board. They are Curtis D. Huot, Jean M. Larson, Cheryl R. Lee and Donna J. Myhrer.

Employment for a number of people was also approved by the board. Hired were Mary Nordhagen, swimming pool aide at Franklin; Caam Holmstrom, second grade instructor at Mark Twain; Judy Nelson, part-time special education long-term substitute; Nancy

Kittson Co. man killed in collision with Soo Line train

Norman Laverne Grahn, 70, Halma, was killed Thursday morning in Halma when the lawn tractor/mower he was driving was struck by a Soo Line train.

Grahn apparently did not see or hear the train as he was crossing the railroad tracks at the uncontrolled intersection. He was dead at the scene.

The sheriff's department received a report of the accident at 10:09 a.m. on Thursday, September 16. Kittson county sheriff's department was assisted in its investigation by the Minnesota State Patrol.

Property owners with Dutch Elm diseased trees put on notice

Over 20 trees remain on a list of trees to be removed after a public hearing was held to address what to do about a number of property owners who have failed to remove trees with Dutch Elm disease within a certain deadline.

The public hearing was held in accordance with an ordinance that allows the city to remove the trees from private property and charge the cost back to the property owner by placing it on the tax rolls for collection. Only two property owners showed up at the hearing, but they didn't have any complaints after they learned of the low quotes that the city received on tree removal.

John Johnson, city forester, said he received three quotes and decided to go with Dave Harlas of Fergus Falls. Johnson said that he will be paid for only what he does. If he shows up at a residence on the list and the property owner has removed the tree, Harlas will move on to the next property on the list. Johnson said whether he grinds out the stump depends on any arrangement Harlas makes with the property owners. The contractor will be in Thief River Falls between September 22 and 27.

When the city forester discovers a tree affected by Dutch elm disease he contacts the property owner notifying them they have 20 days to remove the tree. Five days before the due date, a second letter is sent out if the tree hasn't been removed. With the last list of trees property owners were contacted by registered mail. A list of property owners who have not complied with the request is compiled and a hearing is held. By the time the hearing was held on Tuesday night, of the 38 property owners still on the list, 16 had complied with the final request to remove the trees.

The purpose of the ordinance and demands to remove trees affected by Dutch elms disease is to halt the spread of the disease which has claimed many trees in the community. Trees that have died because of the disease also pose a significant safety problem.

Tech enrollment drops

Opening day enrollment at the Northwest Technical College campus in Thief River Falls has declined substantially from a year ago, according to figures released Tuesday following the start of all fall classes.

Head count enrollment this year at 706 is down 293 from the 999 students enrolled a year ago. About 175 of the decrease is in the aviation program which parallels the general decline in the aviation industry.

SOUPCON

Sherry LaCoursiere

There is no doubt that fall is upon us. Today we'll have some very different fall apple recipes. Why not use those apples for something other than pies?

Everyone will love this rich, elegant dessert:

AUTUMN APPLE SPICED CHEESECAKE

Crust

1 1/2 cups graham cracker crumbs
1/4 cup brown sugar
1/2 teaspoon ground cardamom
1/4 teaspoon cinnamon
1/3 cup melted butter

Mix all ingredients together in large mixing bowl. Blend completely. Press on bottom and one inch up sides of 9" springform pan. Set aside. Preheat oven to 325 degrees.

Apple Layer

About 6 cooking apples
1/4 cup sugar
1/4 cup butter, cut into small pieces
1/4 teaspoon cinnamon
1/4 teaspoon ground cardamom
1/4 teaspoon ground nutmeg
1/4 teaspoon ground cloves

Peel and core apples and cut into eighths. In large, heavy skillet, cook apples with sugar, butter and spices, stirring frequently, just until apples start to caramelize. Arrange apples over crust.

Cheese Layer

2 (8 ounces each) packages cream cheese, softened
2/3 cup sugar
2 teaspoons vanilla
1 teaspoon fresh lemon peel, grated
4 extra large or 5 large eggs

In large mixing bowl, using electric mixer, beat cream cheese until fluffy. Gradually beat in sugar. Beat in vanilla and lemon peel and then eggs, one at a time. Pour over apples.

Bake cheesecake at 325 degrees for 65 minutes, or until lightly browned. Turn off oven and keep cake in oven with door slightly open for one hour.

Cool in pan on wire rack. Chill for several hours before removing from pan. (Recipe serves about 12 people.)

Use your fresh fall apples to make this delicious one-dish, slow cooked meal:

APPLES AND PORK

3 to 4 pounds boneless pork
3 pounds homemade applesauce
2 tablespoons apple pie spice (cinnamon, cloves, nutmeg)
6 small red-skinned potatoes, left whole
4 carrots, peeled and cut into chunks
2 cups white pearl onions, peeled and left whole
2 firm, tart apples, peeled, cored and thinly sliced

Remove all fat from pork and cut into large chunks (boned pork chops may be used).

In large, heavy pot or crock pot, place applesauce and spices. Blend well and add meat. Cover tightly and cook on medium heat for 10 minutes.

Reduce heat to low simmer for a minimum of 4 hours and up to 10 hours. (If using crock pot, follow directions for cooking pork.)

One to 1 1/2 hours before serving, add potatoes, carrots and onions. (If using canned onions, do not add until 15 minutes before serving.)

Fifteen minutes before serving, add apple slices. To serve, remove meat, vegetables and fruit to large platter and pour 1 cup of sauce over all. Serve remaining sauce as a gravy. (Recipe serves 6-8 people.)

Next time you need a nourishing meal in a hurry, try this soup. Serve with French bread and a salad and you'll have something elegant for your guests:

APPLE CURRY SOUP

2 large apples
2 medium onions
1 tablespoon butter
1 tablespoon flour
1/2 teaspoon curry powder
2 cups chicken broth
1/4 teaspoon salt
1/4 teaspoon cayenne
8 ounces dry white wine
3 ounces diced cooked chicken

Core and dice apples. Peel and dice onions. Melt butter in fry pan and sauce apples and onions until mushy but not brown.

Mix in flour and curry and continue cooking for about 3 minutes. Add all other ingredients except chicken and simmer for 15 minutes.

Pour mixture through fine sieve and return to low heat until ready to serve. Add chicken and heat until warmed through. (Recipe serves 4.)

Apples, oranges and pears make a delicious fruit topping for this traditional fall favorite dessert:

GINGERBREAD WITH FRUIT COMPOTE

Gingerbread

1 3/4 cups flour
1/3 cup packed brown sugar
1/2 cup butter, softened
1/2 cup molasses (light)
1/2 cup buttermilk
1 egg
1 teaspoon soda
1/2 teaspoon salt
1/4 teaspoon nutmeg
1/4 teaspoon cloves
1/2 teaspoon ginger
1 teaspoon grated lemon peel

Heat oven to 350 degrees. In large bowl, combine all ingredients. Beat at low speed of electric mixer, scraping often, until well mixed (1-2 minutes).

Pour into greased and floured 9-inch round cake pan. Bake 30-40 minutes or until top springs back when touched lightly in center. Let stand 15 minutes.

Fruit Compote

2 tablespoons butter
1 1/2 (1 large) cups cored, sliced tart cooking apple
1 1/2 cups (1 large) cored, sliced ripe pear
1/2 cup orange marmalade
2 teaspoons grated lemon peel
1 teaspoon lemon juice
1/4 teaspoon ground ginger
1 orange, pared and sectioned

In large saucepan, melt butter until sizzling. Add remaining ingredients except orange sections.

Cook over medium heat, stirring occasionally, until fruit is crisp-tender (3-4 minutes). (Sauce will be thin.) Stir in orange sections and serve over warm gingerbread. (Recipe serves 9.)

LETTERS

To The Editor:

Regarding the editor's opinion in the Saturday, September 12 *"Northern Watch,"* (Coming Down Hard on Sunfish Violators), apparently someone other than the DNR and the courts "actually care" about a concept as basic and long-established as bag limits. The original information regarding these violations came from members of the public, common sportsmen and women who are concerned that we leave something for tomorrow and for future generations. Often, information such as that which resulted in these actions comes from resort owners and others who definitely have a stake in the future of the State's natural resources.

The officers who responded to these complaints followed law, established procedures and policies in their investigations. Regarding one case, you stated that other anglers had kept (the violator) under surveillance. The officers also watched the activity after receiving the information to determine if there was validity to the allegations. According to the results of their investigations and subsequent searches, the officers cited the individuals involved for violations of laws enacted by elected representatives. They submitted their observations and evidence to courts of law. The cases were heard by elected judges who heard all of the evidence and facts relative to them.

Judges have a wide range of options at their disposal when it comes to sentencing. With the totality of facts at their disposal, the courts determined what dispositions would be appropriate. The system, with all its designed checks and balances, worked as it is supposed to work, from beginning to end.

At the risk of picking an argument with someone who buys their ink by the barrel, to re-try these cases in the press without benefit of all the pertinent facts is an insult to the vast majority of sportsmen and women who genuinely do care and to the officers and court systems involved. These were not cases involving technicalities in the law. One defendant had 15 times her legal limit! To say that someone who so flagrantly disregards this most basic of laws "deserves a medal" is abysmally irresponsible.

Sincerely,
LT Chuck Schwartz
Area Enforcement
Supervisor—MnDNR

Opinions

Marvin Lundin
Editor

Editorial opinion published on this page, whether locally written or re-printed from other sources is intended to stimulate thinking and discussion among our readers. Opinions expressed by the editor are his own and not necessarily those of other staff members. Opinions expressed in items from other publications may be contradictory to the editor's own views but are offered for their general interest.

Please Be Careful—We Need You

Farming is not an easy nor safe occupation under the best of circumstances, and certainly the unfavorable weather and uncertain economic conditions of this crop year have added to the high stress level. Anger, frustration and the tendency to be in a hurry with everything can lead to carelessness and being careless can lead to accidents.

It is a bitter irony that those who are injured through a careless act in the effort to save time end up losing a much greater amount of time due to the injury. The Minnesota Farming Health Project, a program of Quin County Community Health Service based in Newfolden, found that one in five of those injured in a farm mishap lost at least a week of work time on the farm and nearly one in 10 lost a month or more. Some lost their lives.

The Farm Health and Safety Coalition serving Kittson, Marshall, Pennington, Red Lake and Roseau counties encourages farmers to (1) strive for a positive mental attitude, (2) take good care of their physical health, (3) be nice to themselves and get away from it all periodically and (4) talk to someone they trust when burdens become heavy.

This is good advice, but like most advice tends to be ignored when the chips are down. Most farmers don't take chances because they don't know any better. They are well aware of the risks, but they gamble the saving of time against the chance of injury. Most of the time they win. Most of the time.....

Colleen Nelson, public health nurse and project coordinator, knows that all the safety seminars, instruction manuals and warning labels in the world can't influence a farmer as much as a simple, sincere plea from concerned family members. The Farm Health and Safety Coalition suggests that spouses or children sit down and write a letter to the busy farmer in their family. And knowing that words don't always come easily, they have prepared a suggested letter that we share as follows:

Dear ________,

I'm writing this letter because sometimes you get so busy you may not hear my words. I guess this is the most hectic time of the year for us. It's also one of the most dangerous.

That's what this letter is about. I'm asking you to be careful. We both know farmers who were killed or injured because they side-stepped safety procedures. I don't want our family to be on that casualty list this fall....or ever.

With so much to do, it's tempting, I know, to finish those last few rows even though you're so tired you can't see straight. Or you may want to try to unclog a machine quickly without turning it off.

When you do something you know is risky—even once—then it's easier to do it a second time. And then a third. With each time our family's chance of losing you grows greater.

I want you around to enjoy this beautiful land God has given us, to rejoice in our family's good times, and to support each other during the bad ones. Don't let some fleeting, careless moment tear you from us.

I'm asking you to remember this letter every day. If you start to do something you know is unsafe, think about what our lives would be like without you. Think about the future with us that you'll miss if your life is cut short. Are the extra minutes you'll save worth the price we might all pay?

I want us to share many more autumn harvests and spring plantings. So don't take it lightly when I tell you to please be careful—we need you. I'm counting on you to remember what's most important in life.

I love you,

____

Farm accidents happen. One recently claimed the life of Sam Bigger, Crookston area farmer, who in his 25 years as a county extension agent probably discussed more farm safety measures and officially issued more warnings than most of us would in 100 lifetimes. All the care of a lifetime can be lost in one unguarded moment.

Farmers, and others tempted to take careless chances, take the letter above to heart. Your community, and especially your family, really do need you!

Read Today's Letter From Chuck Schwartz

If you are a reader who thought we were out of line to suggest a medal for law-breaking in last week's *Northern Watch,"* you share the impressions of Chuck Schwartz, area law enforcement supervisor with the Minnesota Department of Natural Resources. Whether or not you usually read public opinion letters, you really should read his reasoned and well-written reply in today's issue of the *"Watch."*

And if you have strong opinions about what you read in either of our publications, the *"Northern Watch"* or *"The Times,"* or about any other current topic, why not write a letter of your own? Be sure to sign it and include your phone number or address for verification.

Northern Watch Policies

Letters To The Editor: The staff of the Northern Watch encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in Northern Watch exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

LETTERS

To The Editor:

I was watching television the other night and a couple of politicians from the old Bush administration were saying that NAFTA would raise the standard of living in Mexico. That seems sort of strange to me, because factories have been moving down there for the last 20 years and the wages have gone down.

Oh, I think you might like to know that the side agreements that Bill Clinton just worked out are going to let you, the taxpayer, pay for cleaning up the mess on the Rio Grande. I think it should be up to the plants that made the mess to clean it up.

The Clinton people keep saying that this agreement will create 200,000 jobs. If so, they will probably be in the trucking industry moving factories to Mexico.

The people who want this agreement keep talking about selling consumer products in Mexico. How long does it take to buy a new car if you make $10 a day?

The minimum wage is Mexico is 60 cents an hour and with the new side agreements that wage should be all the way up to 67 cents within six years. But that doesn't mean too much because the Mexican peso is about to be devalued around 20 per cent.

I want every one of you to sit down and think about what I have just told you. If you think you can stand by and do nothing, okay, but if you are an American, sit down and write your congressmen. Tell them to fix what's wrong with the NAFTA.

Sincerely,
Elton (Buck) Jones
Rural Route
McIntosh, Minnesota

NAFTA forum Sept. 25 in West Fargo

People from the area interested in the status of the North American Free Trade Agreement (NAFTA) are advised of a forum on that topic Saturday, September 25, at the Red River Valley Fairgrounds at West Fargo, ND.

Seventh District Congressman Collin Peterson, founder of the Anti-NAFTA Caucus in the U.S. House of Representatives, will join North Dakota Agriculture Commissioner Sarah Vogel and members of North Dakota's Congressional delegation at the forum.

According to Rep. Peterson, the agreement "opens our markets but it fails to increase the market access of American farmers. Some of the farm community, which originally supported NAFTA, is now counted among its most vocal critics."

"For the last several months," the congressman said, "members of the Anti-NAFTA Caucus have said that the North American Free Trade Agreement is fundamentally flawed. Despite the administration's claims to the contrary, the side agreements amount to nothing but mere cosmetics—and the truth of the matter is, you can put lipstick on a pig and call it Monique, but you're still going to have a pig on your hands."

Rep. Peterson predicted earlier this week that NAFTA will be "dead on arrival" at Capital Hill and will be defeated in the House of Representatives by 100 votes.

Northland has largest frosh class ever

Overall enrollment at Northland Community College in Thief River Falls is expected to be about the same this fall as a year ago, bolstered by the largest freshman class in the history of the college.

Some 225 freshmen attended orientation, according to registrar Dennis Bendickson, approximately 50 more than ever before. He said that student head count is about 860 with a full-time equivalency of about 630 and about 460 students carrying a sufficient credit load to be considered full-time students.

Students have through next Tuesday, September 21, to add, drop or change classes. Enrollment for the fall quarter will also be accepted through that date.

Northland Community College hosts session for high schoolers

Post-high school planning program for high school students will be held Monday, September 27 from 10 a.m. until 2 p.m. at Northland Community College in Thief River Falls. Parents of high school students are also encouraged to attend.

Representatives from nearly 50 educational institutions and other organizations including the military services will be available to answer questions and provide information for post-high school planning.

"This program gives students an opportunity to explore a variety of options for continued education or military service after high school," says Yolanda Martinez, who is arranging the event at Northland. "It will be structured like a fair and students will be free to look at various displays and speak to representatives of those schools, colleges and organizations that interest them."

There is no charge to participate in the event and students should contact their high school counselors for further information. Many school districts in the area have been invited to participate in the program, sponsored by the Minnesota Association of Secondary School Counselors and College Admission Officers, the same group that hosts the National College Fair in the Twin Cities each fall.

YOU'RE INVITED

TO WITNESS THE HERALDING STORY OF DAVE DRAVECKY!

Dave Dravecky made his livelihood on a mound of dirt, throwing a baseball with a strong left arm. He was, for nearly a decade, a professional ball player. He was a pitcher who stood on the doorstep of athletic greatness.

When it counted most, he excelled at the game he loved. He threw superbly in the 1984 National League Championship Series and in that season's World Series for the San Diego Padres. He was virtually unhittable in the 1987 National League championship Series for the San Francisco Giants. He baffled the American League's best batsmen in the 1983 All-Star Game in Chicago.

But the biggest victory of Dravecky's life–the one that sustained him when cancer finally defeated his once-powerful throwing arm–didn't take place on a diamond with 50,000 spectators in the stands. It didn't show up in his statistical record on his baseball card.

PLAN NOW TO ATTEND–FREE ADMISSION

Everyone is welcome and urged to come out to the Dave Dravecky film.

NCC starts MCCC play with Cards

Hibbing and Northland, both shut out in nonconference openers, will be shooting for their first points and first win of the 1993 season today (Saturday) when the Pioneers host the Cardinals in a 1:30 p.m. Minnesota Community College Conference Northern Division football game at Prowler Field.

Northland lost to Fergus Falls 21-0 and Hibbing fell to Willmar 30-0 last week.

"It should be a good match-up," acknowledged Northland coach Gene Klinke. "They're big – very big. They have a huge nose guard that will give us fits."

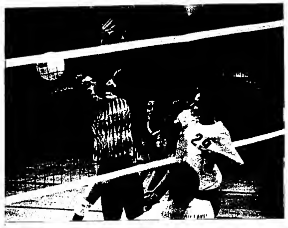
Northland had lots of trouble with a Fergus Falls line that shut down the Pioneers' offense, limiting them to just 34 yards on the ground.

"Our offensive line is coming along," pointed out Klinke. "It just takes time. They're all freshmen. They've only been together two weeks. I think they'll be okay once they get a little experience under their belt. I have all the faith in the world in them. What they need right now is some confidence in themselves."

Northland's long list of injuries has been altered some. Defensive standout Jeremy Rychlock (Grygla), who missed the opener because of a hip problem, may be in the line-up against Hibbing. But versatile Lee Alfson (Hillsboro, ND) is nursing a shoulder injury. If he isn't ready to go at game time, freshmen Greg Lien and Trent Wahl are expected to alternate at his slotback spot.

Alfson, Lien and Wahl all started the year as quarterbacks, but with Thief River Falls freshmen Jason Svir emerging as the Pioneers' No. 1 signal-caller, the coaches are looking to utilize the athletic ability of the others at different positions.

In other MCCC openers this week, Brainerd visits Itasca and Mesabi will be at the University of Minnesota-Crookston. Defending division and state champion Vermilion has another nonconference date – against North Hennepin.



- Sports Briefs -

Thayer get hole-in-one

Eric Thayer recorded a hole-in-one Sunday (Sept. 12) at the Thief River Golf Club. He used a 1-wood to ace No. 8. The shot was witnessed by Brad Thayer.

College notes...

■ Darcene Moen, a Marshall County Central graduate, and Jill Brantl of Plummer are both members of the 1993 Mayville State University volleyball team. Brantl is a transfer from Northland Community College, where she played volleyball and basketball. Both Moen and Brantl are listed as middle hitters for the Comets.

Detroit Lakes hitter Laurie Brasel (29) drove the ball past Thief River Falls blocker Jamie Martell during Tuesday's high school volleyball match in the Lincoln gym. Sarah Huschle of the Prowlers looked on. Thief River Falls won the match 3-0.

1993 Thief River Falls volleyball home opener...

Prowlers beat Lakers 3-0

It wasn't perfect, but it wasn't bad. Thief River Falls made its 1993 home debut Tuesday with a 15-8, 15-11, 15-6 North Sub-Section 8AA high school volleyball sweep over Detroit Lakes.

"We're really excited with the win," said Thief River Falls coach Helen Anderson. "We lost to them twice last year, so this is nice. The kids are playing so well as a team – that's what did it. They play with so much desire and intensity. They don't give up when they get down, or when things aren't going well."

Senior Toni Chiodo made her first appearance of the year a memorable one with a team-leading 12 kills. Junior Sarah Huschle had 13 last-touch points, including three ace serves.

Detroit Lakes overcame a 7-3 deficit to take an 8-7 lead in Game 1 before Thief River Falls ran off eight unanswered points for the win. Kelly Skeim found the corner with an ace to tie it and Carrie Lawrence pushed a point-producer over the net to give the Prowlers a lead they never surrendered. A two-hand shove by Chiodo found a hole in the Lakers' defense for the final point.

A deep spike by Lawrence put the Prowlers ahead for keeps in Game 2, 10-9. The Lakers stayed within 12-11 before Chiodo came up with back-to-back kills for a side-out and a point. Jamie Martell finished it with a pair of ace serves.

Thief River Falls again trailed early in Game 3, but caught Detroit Lakes at 6-6 on a kill by Martell, then took the lead on a pair of out-of-bounds hits by the Lakers. An ace by Huschle put an end to the 60-minute match.

"Things went pretty well," offered Anderson, "but we still have work to do with our timing out blocks and we have to do a better job getting passes to our setters."

It was the fourth win in six decision for the Prowlers, while the Lakers fell to 2-2.

Detroit Lakes came from behind to win the junior varsity match 7-15, 15-5, 15-6 and took the C squad contest 15-3, 11-15, 15-5.

TRF Scoring

■ Kills - Toni Chiodo 12, Jamie Martell 7, Sarah Huschle 5.

■ Last-touch points - Sarah Huschle 13, Toni Chiodo 10, Jamie Martell 6.

■ Service aces - Sarah Huschle 3, Jamie Martell 2, Kendra Dimich 1.

Pioneers 2-2 at Itasca volleyball invitational

Northland Community College volleyball team went 2-2 Wednesday at the Itasca Invitational, beating Itasca and Gogebic, MI, while losing to Fergus Falls and The University of Minnesota-Crookston.

The Pioneers overcame an 11-5 deficit to knock off the host Vikings 19-17, 15-9 in Round 1.

It was Fergus Falls putting together a rally in Round 2, winning 15-12, 15-10 after trailing 12-7 in Game 2.

Northland came back to defeat Gogebic 15-13, 15-11 before closing the day against rival UMC – a 15-4, 15-12 win for the Trojans, who took control with a string of 10 unanswered points in the first game.

Matches included regulation first-game scoring, but rally-point play in Games 2 and 3.

"We were very happy with our performance," said Northland coach Deb Jacobson. "We showed we can play some good volleyball. We really played well against Itasca."

Northland highlights, pointed out Jacobson, included 14 attack points in the first-game win over Itasca – six by Ranada Erickson, four by Kathy Kvick and three by Ronda Olson – along with the ball-digging defensive efforts by Kyoko Kino. "She (Kino) doesn't like to see anything hit the floor," said Jacobson. "She goes after everything."

Northland headed to the UMC Invitational today (Saturday) with a 3-7 record. The Pioneers were grouped with North Dakota State College of Science, Hibbing and Brainerd in pool play matches at 9 a.m., 11 a.m. and 1 p.m. Finals are scheduled for 6 p.m.

Sports Schedule

Saturday, Sept. 18

■ NCC volleyball at UMC Invitational, 9 a.m.

■ LHS girls swimming at Park Rapids Invitational, 12-noon.

■ NCC football vs. Hibbing, 1:30 p.m.

Tuesday, Sept. 21

■ OSA soccer vs. Roseau, 1:30 p.m.

■ LHS girls tennis at Fergus Falls, 2 p.m.

■ LHS cross country at Bagley, 4:30 p.m.

■ LHS girls swimming vs. Grand Forks, 6 p.m.

■ LHS volleyball vs. East Grand Forks, 6 p.m.

Moorhead wins 4-3 match against TRF

Two wins in singles and two more victories in doubles provided Moorhead with a 4-3 girls high school tennis win over Thief River Falls Tuesday in Crookston.

The Spuds' wins at No. 1 and No. 2 doubles were both three-set affairs.

"It was tough losing those two doubles matches," pointed out Thief River Falls coach Jay Fomey. "We have to work on our match toughness if we want to win those."

Thief River Falls winners included Tiffany Brouse and Bobbi Dahlstrom at No. 2 and No. 3 singles, along with Jami Fremstad and Kikki Goddard at No. 3 doubles.

The loss dropped the Prowlers to 2-3 in dual meet competition. They will be in Fergus Falls Tuesday for a 2 p.m. match.

Moorhead 4, TRF 3

Singles - 1. Amy Groth (Moorhead) def. Kamie Twomey 6-4, 6-4. 2. Tiffany Brouse (TRF) def. Elise DuBord 6-4, 6-2. 3. Bobbi Dahlstrom (TRF) def. Anne Aaleson 7-6 (7-2), 6-3. 4. Jenny Smith (Moorhead) def. Kelly Natvik 6-3, 6-0.

Doubles - 1. Sarah Manegauer-Suzie Poehls (Moorhead) def. Shari Evenson-Anne Padilla 7-5, 4-6, 6-1. 2. Patty Pemble-Janeen Larson (Moorhead) def. Jami Oehnert-Lise Ostby 5-7, 7-5, 6-1. 3. Jami Fremstad-Kiki Goddard (TRF) def. Lauren Radke-Sylvia Steinlelt 7-5, 6-2.

Moorhead JV 9, TRF JV 3

Singles - Andrea Vigen (TRF) def. Denby Devries 6-3; Beth Goddard (TRF) def. Ann Stone 6-6 (7-2); Stephanie Leach (TRF) def. Jenny Bergussen 6-3; Lisa Jore (Moorhead) def. Jackie Lappegaard 6-6 (10-8); Jenny Bergussen (Moorhead) def. Rebecca Kenner 6-2.

Laurie Steiger-Angeline Gunstad 6-4; Jenny Bergussen-Ann Stone (Moorhead) def. Carissa Pederson-Trisha Harbott 6-2.

Agassiz recruiting public for duck banding project

Agassiz National Wildlife Refuge is having an evening of duck banding with the public Tuesday, Sept. 28.

Individuals or groups of people interested in volunteering for the program should contact refuge personnel before that date by calling 449-4115. The first 20 people signed up will be allowed to participate.

Volunteers will need to be at the refuge headquarters by 5:30 p.m. Banding will be completed by dark. If it is raining or snowing that day or evening, banding will be cancelled.

Participants will learn banding techniques, including baiting, rocket and net set up, caging, handling, sexing and aging of mallard ducks – a good hands-on experience for people wanting to know more about waterfowl.

Mustangs, Gators drop Tuesday night matches

Red Lake County Central lost a 3-2 match to Warren-Alvarado and Badger/Greenbush-Middle River dropped a 3-1 decision to Roseau in area Tuesday high school volleyball.

Warren-Alvarado 3
Red Lake Co. Central 2

Problems at the serving line wound up costing Red Lake County Central as Warren-Alvarado collected a 7-15, 15-6, 16-14, 12-15, 15-4 win over the visiting Mustangs.

"Overall, it wasn't too bad, but we missed too many serves (22)," explained Red Lake County Central coach Nancy Bray.

Senior Angel Mickelson played well at the net, said Bray.

Roseau 3
B/G-Middle River...................1

Coming off a 3-0 loss at the hands of Lake of the Woods the previous night, Badger/Greenbush-Middle River had an improved performance, but nevertheless wound up with the same net result as Roseau posted a 15-13, 10-15, 15-12, 15-9 win at Greenbush.

"We played much better, but we still lost," noted Badger/Greenbush-Middle River coach Gwen Borgen. "The defense was better, but our serving let us down."

Triple Event Tournament held in TRF

Lee and Casey Sorensen won championship honors in the Sept. 11 Triple Event Tournament at the Thief River Golf Club.

The two Sorensens finished with a four-stroke victory over runner-up Tom Williams and Gordy DeLap, 109-113.

Rounds of best ball, Texas style and alternating shots make up the 18-hole Triple Event format.

Triple Event Results

Championship flight - (best ball-Texas style-alternating shot) 1. Lee Sorensen-Casey Sorensen 37-35-37–109; 2. Tom Greelis-Gordy DeLap 39-34-40–113. 3. John Sannes-Rory Nordheim 38-37-41–116.

First flight - 1. Paul Ostby-Rocky Eck 31-32-40–103; 2. Dick Penning-Bill Penning 33-33-38–104.

Second flight - 1. Jim Rogalla-Art Weller 33-34-42–109; 2. Bruce Williams-Rick Nordhagen 35-35-42–112.

Third flight - 1. Jim Barry-Davis Holthusen 33-37-42–112. 2. Dan Dyrdal-Mark Bagaason 38-34-43–115.

Fourth flight - 1. Dean Anderson-Bruce Søustad 36-36-43–115; 2. John Hedin-Howard Ells 33-39-45–117.

Goose Hunters Warm-Ups are set in for area

Two northern Minnesota communities are offering a Goose Hunters Warm-up this fall—practical hunting clinics to help waterfowl hunters sharpen their skills and improve their performance.

First warm-up is scheduled for Saturday, Sept. 25, from 10 a.m., to 2 p.m. at the Northland Gun Club shooting range, located ten miles north of Roseau on Highway 310.

Second Warm-up will take place in Middle River Saturday, October 2 from 3 to 7 p.m. with events in downtown Middle River and in open fields on the edge of town.

October 2 opening of the Minnesota waterfowl hunting season this year coincides with the 19th annual Middle River Goose Festival. The festival itself runs all weekend—offering a variety of food, entertainment, games, sidewalk sales, and other events—sponsored by the Middle River Community Club.

Hunter warm-ups are conducted by local volunteers and staff from the Minnesota Department of Natural Resources (DNR). Warm-up components include a shotgun patterning range and a waterfowl range-estimating demonstration. The Middle River event will also include demonstrations of decoy use and goose calling.

LHS sophomores post 19-6 football win over Bemidji

A strong defensive effort carried Thief River Falls past host Bemidji 19-6 Tuesday in a sophomore high school football game.

Aaron Ehrenstrom scored on a 5-yard run and John Elizondo added the conversion kick for a 7-6 Thief River Falls halftime lead. Kaine Martell scored on runs of 5 and 81 yards in the second half as the winners moved to 3-0 for the year.

Thief River Falls sophomores will be idle until they play Roseau in a Tuesday, Sept. 28, game at 4:30 p.m. at Prowler Field.

LHS ninth graders blank Bemidji 28-0

Paul Kopari scored on touchdown runs of 15, 2 and 12 yards Thursday as Thief River Falls beat host Bemidji 28-0 in freshman high school football.

Bryan Cleven opened the scoring on a 35-yard run, and Kopari added a pair of two-point conversions.

Thief River Falls freshmen, 3-0, will be at Grand Forks Valley Thursday for a 4:15 p.m. game.

Prowlers post win over Lumberjacks

Moorhead is the favorite in North Sub-Section 8AA high school volleyball this fall, but Thief River Falls is trying to prove itself to be the best of the rest. The Prowlers posted their second 3-0 sub-sectional sweep of the week Thursday in a 15-0, 15-10, 15-3 victory at Bemidji.

They did it at home against Detroit Lakes Tuesday. The back-to-back decisions put them at 5-2 overall.

"Again, we played well enough to win," said Thief River Falls coach Helen Anderson. "They're playing well as a team."

The Prowlers overwhelmed the Lumberjacks in Game 1, outlasted them in Game 2, then broke a 2-2 tie with a 13-1 run that closed out the sweep in Game 3.

Thief River Falls setter Kendra Dimich finished with 17 assists. Jamie Martell led the Prowlers with 16 last-touch points and Carrie Lawrence had 11 kills. Martell and Lawrence both had 11 ace serves.

It was a 15-3, 14-16, 15-13 Thief River Falls win in the junior varsity match and a 15-6, 15-9 Bemidji victory in the C squad match.

Thief River Falls coaches awarded Player of the Week honors to Martell, varsity; Keri Schommer, junior varsity; and Amy Wessel, C squad.

TRF Scoring

■ Assists - Kendra Dimich 17.

■ Last touch points - Jamie Martell 16, Carrie Lawrence 13, Kelly Skeim 6, Sarah Huschle 4, Toni Chiodo 3, Maren Thorson 2, Jenny Drury 1, Kendra Dimich 1.

■ Kills - Carrie Lawrence 11, Kelly Skeim 7, Jamie Martell 6, Toni Chiodo 6.

■ Ace serves - Jamie Martell 11, Carrie Lawrence 11.

Nordics win 3-1 match with struggling Gators

It was tough week for Badger/Greenbush-Middle River. The Gators lost their third straight high school volleyball match Thursday – this time to Marshall County Central 3-1.

All three losses occurred in Greenbush, the Gators' home court, dropping them to 3-5 for the year.

The Nordics won 15-11, 15-13, 8-15, 15-9 to go 4-0.

"We're playing well," reported Badger/Greenbush-Middle River coach Gwen Borgen. "We just need to keep hitting the ball. We can't be content to just bump it over."

Marshall County Central coach Mark Jorgenson was happy with the win, but wasn't completely satisfied with the Nordics' performance. "We didn't play that well," he noted. "Our serving wasn't where it should be."

The Nordics missed eight serves in Game 1 and trailed 9-0 in Game 2, but managed to win them both to take command.

Jenny Taggart led the Marshall County Central attack at the net, pointed out Jorgenson, with the blocking of Shanan Magner keying the Nordics' defense.

The Nordics host their MCC Invitational today (Saturday). They will also be at home Tuesday vs. Roseau and Thursday against Warroad.

Badger/Greenbush-Middle River visits Warroad Tuesday and plays Valley North Thursday in Greenbush.

Lake of the Woods..................3
Grygla/Goodridge....................0

Grygla/Goodridge continues to search for its first win. The Wolverines fell to 0-4 Thursday in a 3-0 loss to a strong Lake of the Woods team in Baudette.

The Bears won 15-8, 15-4, 15-3.

"The scores might not indicate it, but we didn't play that poorly," said Grygla/Goodridge coach Tim Mostrom. "They're good. They really slam the ball at you."

Sophomore Shauna Thomas turned in a strong all-around match, said Mostrom, picking up aces at the service line, at the net and as setter.

Grygla/Goodridge is involved in the Marshall County Central Invitational today (Saturday). The Wolverines visit Tri-County Tuesday.

Fertile-Beltrami 3
Red Lake Co. Central 0

Red Lake County Central fell to 2-4 Thursday with a 3-0 loss to Fertile-Beltrami in Gklee.

"We're playing better at times, but our serving (84 percent) is still hurting us," explained Red Lake County Central coach Nancy Bray.

The Falcons won 16-14, 15-11, 15-8.

"Our offense is improved, but we still have to work on our defense," noted Bray.

Red Lake County Central visits Valley North Tuesday.

Middle School

Volleyball

Franklin Middle School seventh grade volleyball team opened its 1993 season with a 15-8, 15-6, 15-6 win over visiting Marshall County Central Tuesday.

The Franklin eighth graders opened their season Thursday with a pair of wins over Crookston – 15-13, 7-15, 15-12 in the A match; 15-7, 2-15, 15-6 in the B match.

Seventh graders were at Crookston Thursday, where they won the A match 15-13, 15-1, 15-8 and took the B match 15-6, 15-1, 15-3.

Tennis

Franklin girls won 18 of 21 matches in a Tuesday tennis dual against Crookston.

Freshmen split at Grand Forks, win match at Bemidji

Grand Forks South won the A match 15-12, 15-3, while Thief River Falls took the B match 15-2, 15-6 in ninth grade volleyball action Tuesday.

Thursday, Thief River Falls was a 15-3, 15-1 winner at Bemidji.

Thief River Falls freshmen will host East Grand Forks Tuesday at 4:30 p.m.

Katie Kraemer was named Thief River Falls freshman Player of the Week.

Prowlers run in Crookston meet

Second outing of the 1993 season for the Thief River Falls boys and girls high school cross country teams put the Prowlers in the Crookston Invitational Thursday, where team titles went to the Park Rapids boys and the Hawley girls.

Thief River Falls boys finished 11th in field of 11 complete teams (eight other schools fielded incomplete teams), while the Thief River Falls girls wound up sixth in a field of nine complete teams.

Ken Miller of Park Rapids and Lisa Hillstrom of Deer River were the individual winners. Jon Hendrickson led the Thief River Falls boys with a 44th place effort; Lisa Swanson led the Thief River Falls girls with a 14th place showing.

The Prowlers will run at Bagley Tuesday and at Detroit Lakes Thursday. Both meets start at 4:30 p.m.

ONE NIGHT ONLY 8 PM & 10 PM SHOWS
Cabaret Showroom
Perhaps more than any performer before or since, Ronnie Milsap has broadened country's base to include fans of myriad of musical genres. He moved from R&B and by the end of the decade won nearly every award the industry had to offer. Two decades later, in 1993, Ronnie Milsap stands as one of country music's biggest superstars, still pushing away boundaries, still bringing in new fans.

Goose Festival plans announced at Middle River

(Continued from Page 1)

rides and activities, craft show and flea market, bake sales, treasure hunt, Jail and Bail for the Cancer Society, American Indian dance exhibition, Jaycee golf chipping contest, football toss contest, tug-of-war, line dancing, goose hunters' warmup, goose dropping contest, arm wrestling tournament and food stands open all day.

Later in the day there will be a polka mass and meatball supper at St. Joseph's Catholic church, teen dance at the school gymnasium and dancing to "Blue Rose" at the American Legion and "Saddle Tramp" at the Meadowbrooke Ballroom.

Activities Sunday, October 3, include continuation of the craft show and flea market, concessions, sidewalk sales plus auction sales, whiffle ball tournament, softball tournament, bicycle races, lunches and area on-stage music at the American Legion club rooms.

The festival is planned each year to coordinate with the opening of the Minnesota waterfowl hunting season.

Enrollment up at St. Bernard's Catholic school

(Continued from Page 1)

First grade teacher Laura Kohns is the daughter of Dr. and Mrs. Donald Kohns of East Grand Forks and a graduate of Sacred Heart high school and the University of North Dakota with an elementary education major. She is a pianist, vocalist and flutist and experienced in computer education, art and journalism.

Pauline Schmaltz is married to Bruce Schmaltz and they have three children, Jessica, Jordan and Jennifer. She has a degree in elementary eduction from the University of Mary in Bismarck, ND, and was B.A.A.T.E. student educator of the year in North Dakota.

Mina Higashi of Hyogo, Japan, is a 1988 graduate of Kinran College with a major in English literature. She is a participant in the J.I.P. international internship program and received her appointment to teach at St. Bernard's in June. She will arrive here about October 15.

Mrs. Schmaltz and Higashi will team teach in the areas of reading/literature, English/grammar, spelling, conversational Japanese, Japanese culture and art.

For more information about the programs available at St. Bernard's school, call the school office at 681-1539.

Friends of the Orchestra meet

Friends of the Orchestra organization in Thief River Falls will have its fall meeting Monday, September 20, at 7 p.m. in the band room at Franklin middle school. All parents of students in School District 564's orchestra program are encouraged to attend.

Seamless Aluminum Guttering Heating, Air Conditioning
378-4641 378-4585
Our Seamless gutters are manufactured from .032 gauge pre-painted aluminum, the heaviest gauge used in the industry. If your home is 20 feet or 200 feet in length our seamless gutter is made in one continuous length, eliminating any joints or seams in the middle. Inquire before you purchase "Seamless Gutter" about the thickness of the material used and be certain that it is made in one continuous length.
Seamless gutter is formed, cut and installed on site by a two-man crew...saving on labor cost. Freight charges are eliminated. Waste is almost unheard of due to gutter being measured and cut on site to exact lengths. No need to store left over odds and ends that get damaged before they can be used. Most jobs can be completed the same day. Call us for complete information and free estimates of your job at no obligation to you.

Public Notices

I'd like to express my thanks to the TRF Senior Citizens for the beautiful Plaque & Pendant Necklace of China through their Secret Pal Program. Also, the Beautiful Flowers from Sr. Citizens Apartments, Engineering, Arctic, Lutheran Brotherhood, Thief River Falls Times, Northern Watch, Thief River Falls Chamber, Sunset Gift Shop, and Terry Sime, for their interest and support.
Sincerely,
Linda Sandberg

THANK YOU
Thank you Dr. Bue and Pete, and nurses, also to Pastor Sundstrom for his visits. Thank you to all my friends, relatives, and neighbors for the cards, gifts and flowers sent to me while I was in the hospital and since I've been home. Your kindness and thoughtfulness will never be forgotten.
Elaine Wentzel

This is no toy truck. Hutchinson Transfer recently added this packer to its inventory of heavy equipment. It is capable of lifting up to 70,000 pounds. It will be used to move containers from truck bed to train car bed and double stack. It operates with a 250 Cummings. The front tires are about seven-feet high and the back tires about five-feet high.

Council to reorganize gov't.

(Continued from Page 1)

the motion to have the five committee chairs examine the issue was 5 to 3.

■ The city council approved changes in policies regarding pay raises.

City employees attending the council meeting were unwilling to express their concerns about personnel recommendations during the meeting, but did express concerns before and after the meeting.

Thief River Falls city council did approve changes in policies regarding pay raises. The policies are directed at how and when the salary changes take place. Following approval of the policy changes, the council approved a number of recommendations from the Labor committee regarding grade level and salary changes.

Some of the half dozen or so city employees at the meeting expressed their concerns after and before the meeting. One concern was that the recommendations were not from the Employee Labor Market (ELM) committee, a committee composed of a number of employees charged with the responsibility verifying market studies and making recommendations. That committee made several recommendations last January, but the recommendations approved Tuesday did not appear to take into account the recommendations of the ELM committee.

Alderman Dale Wennberg, agreed that the committee had not been consulted. Actually, he said, no thought was given to involving the ELM in the decision.

Another concern was that the policies regarding the use of the labor market studies had changed. Some of the changes are the result of a lawsuit that overturned comparable worth and had nothing to do with the Thief River Falls City Council. However, those affected negatively by market studies in the beginning appear not to be able to take advantage of market study changes as they have recently occurred; and other employees never experienced a freeze in salaries and are still being overpaid, according to market study information.

One policy from an Arthur Young study that doesn't appear to be in effect any more was the Market Contingency Pay. According to the Arthur Young study, "Under this policy, employees may be paid in a pay range that is one grade level higher than their current range. This situation should be considered only if average salaries paid in the market are at least 15 per cent higher than the current pay range maximum for a given job." There were other considerations to take into account, such as whether, there were a number of qualified candidates. But, the plan states that it doesn't mean that a particular job should be permanently slotted into a higher grade level. "It should be viewed as an interim measure and should be discontinued in the future if the original pay range becomes more competitive with the market."

The bottom line was that some of the employees believe that results of the policy changes don't appear to be fair and equitable.

■ The police chief wants meeting to discuss train travel through the city.

Police Chief Ken Froschheiser has requested a meeting with Soo Line (Canadian Pacific) railroad officials regarding train travel through the city at peak travel hours. Froschheiser noted that one morning a train passing through the community successfully blocked off all three main thoroughfares in the city for 45 minutes. It was at about 8 a.m. and traffic was backed up for miles. The city council directed the Public Safety committee to arrange a meeting.

■ A 5.6 per cent increase in the tax levy was certified by the city council.

The city council has certified the local tax levy for 1994. The Finance committee recommendation approved Tuesday night was a net local tax levy of $910,324 for 1994. This represents a 5.8 per cent increase over the City's 1993 net local levy. About 70 per cent of the increase over 1993 represents additional debt service requirements for city-wide infrastructure improvements, such as streets, sidewalks and storm sewers.

The current General Fund budget deficit is $91,577. The Finance committee recommended that this deficit can and should be resolved by addressing the 1994 proposed General Fund revenue and expenditure areas.

Now that the city's tax levy has been certified, it cannot be increased, only decreased prior to December 20. The city has until late November to resolve the city's 1994 budget problems. The Truth and Taxation hearing has been scheduled for Tuesday, December 7, at 5 p.m.

The city has approved a memorandum of agreement with Land O'Lakes regarding the sale of $1.5 million in industrial development revenue bonds for a refrigeration project. Paul Ihle, city attorney, indicated that the city will not incur any risk as a result of issuing the bonds.

Following a recommendation from the Public Safety committee, the city council approved a motion to sign and paint 20 to 30 feet of curb from the old Olendenning office driveway north to Sixth street. The recommendation was made because of a reported traffic safety problem at Sixth and Davis.

Thief River Falls city council approved a five year capital improvement project plan for the Regional Airport in Thief River Falls. The plan is updated annually and is used as a tool in planning and allocating funds. Items on the five year capital improvement plan include the following, which might or might not be completed in the next five years: a tractor for mowing and loading, site clearing, hangar site preparation, a fire rescue vehicle, replacement of fuel farm tanks, reconstruction of an airport apron, and construction of a crosswind runway.

Thief River Falls has received notice from Moody's Investors Service that its bond rating has changed from Baa1 to Baa. A city's bond rating will have an impact on bond sales.

In other business, the council: established a committee to work with the Chamber of Commerce on reinstallation of a welcome sign; approved a change order to the Wagner Construction contract which would include 300 feet of sanitary sewer at Lincoln high school; will award and negotiate a contract with Hammerlund Construction to build a storm sewer lift station near the new elementary school; established voting hours for the municipal election on November 2 from noon to 8 p.m. at the usual polling places; reluctantly accepted the city clerk-treasurer's retirement notice; transferred $34,000 in the 1993 street budget to the revolving capital fund for a loader in 1994; approved a progression raise for Geraldine Hugg; put Bonnie Paesler on the single health insurance policy; hired Keith Iverson as a category II employee; wrote off non-sufficient checks to bad debt expense at the liquor store; approved a motion to pay off the remaining lease of roughly $256,000 at the liquor store with reserves; changed the title of the electric department draftsman to electric project manager; reluctantly accepted the retirement of Don Laidley, line superintendent in the utilities department; approved a parade permit for Homecoming at 2 p.m. October 1; approved a motion to apply for state funding for the purchase of a new pickup at the airport; approved a change order for the Northern Paving contract at the airport to include an amendment for taxiway paving; approved a progression raise for Mike McLean; authorized advertising for two additional part-time positions at the airport; approved a resolution requesting the city attorney to draft an agreement whereby FBO operator Brian Barth could respond to questions pertaining to the airport in the absence of Mark Josephson; changed a grade level for Kim Bergland; approved a grade level change for LeeAnn Lund; approved a grade level and pay change for Ron Lindberg; approved a grade level change for Norma Spong; and tabled a motion recommending that the city advertise for a full-time safety/environmental director.

Vern Bardson in concert at Newfolden

Rev. Vern Bardson of Fargo, ND, who travels full-time in the music and evangelism ministry with his wife and son, will present a concert Tuesday, September 21, at 7:30 p.m. at New Hope church in Newfolden.

Rev. Bardson has been involved in performing, recording and broadcasting Christian music since the early 1970s.

School board accepts bids

(Continued from Page 1)

Fellman, special education assistant at Lincoln; Mara Lunde, part-time dance instructor for the Northern Expressions School for the Arts; Angela Dahlen and Andrew Dahlen, cleaners; Michael Larsen, transportation assistant bus washer; and Laura Machen, route 1 transportation assistant.

Caara Holmstrom was named middle school girls head tennis coach and Scott Brekke was named high school assistant football coach.

Transfers approved were Lois Hoaas from head cook at Washington to kitchen helper at Franklin; Barb Anderson, from kitchen helper to food preparation worker at Lincoln; and Sharon Bonaime from kitchen helper at Franklin to head cook at Northrop.

Salary lane changes due to earning additional educational credits [illegible] Comstock, Julie Desrocher, Susan Froiland, Joyce Kopari, Barry Lliimatainen, Deniee Nelson, Donna Nelson, David C. Peterson, Sharon Philion, Peter Solem and Sharon Stauss.

Educational assistants placed on layoff for the 1993-94 school year were Kathy Davis, Fadda Haj and Nancy Hannon.

Three used buses were sold by the district at the meeting. Jerry Erickson purchased a 1977 35-passenger IHC for $1,301.75 and Taylor Bus Sales purchased two 1985 19-passenger mini-buses, one for $1,500 and one for $1,600.

Requests were granted for use of the Lincoln auditorium October 3 by area ministers for presentation of the "Mighty Parson Art Players" variety show to raise funds for Pathways Bible camp; for use of the Lincoln gym by area churches September 19 for a volleyball tournament; and for use of the auditorium October 24 by the Northland Community College foundation for a harpsichord concert.

Recognition was given to the Spikedown Club for donating a Block-It device to the volleyball program and the VFW for its donation of $500 to sponsor four driver's education students.

Approval was given to an agreement with Bemidji State University for student teachers, to a new contract for fleet coverage with State Farm Insurance at $14,790 and to a contract with Elert and Associates to complete a technology needs assessment at a cost of $9,880 plus expenses.

Groundbreaking ceremony for the Franklin middle school construction project was scheduled for Wednesday, September 29, at 2:15 p.m. Next regular meeting of the board will be Monday, September 27, at 7 p.m. in the school district service center.

Former Warren man's case at U.S. Court of Appeals

Warren - Joel Steffan, former Warren resident, presented his case for Fifth Amendment rights before the U.S. Court of Appeals last week. Steffan claims his dismissal from the naval academy in 1987 was a violation of his right to equal protection under the law and was based solely on admission of homosexuality and not on any misconduct on his part.

You pays your penny, you picks your person to give a pig a peck

Middle River - Someone will kiss a pig at the Middle River Goose festival on Sunday. Votes are being taken in the form of a penny per vote. Candidates for the honor are Jerome Henning (president of the community club), Isabelle Hanson (Middle River mayor), Willard Sorter (maintenance man), and Becky Rintanen (editor of New-River Record). May the most deserving person win.

More pig pecking in Stephen

Stephen - More pig kissing is going on in Stephen. The volunteer ambulance service is having a "Kiss the Pig" contest to collect money for a new ambulance. Potential pig kissers are Earl Anderson, Lloyd Wang, Roger Kazmierczak, Greg Winskowski and Wayne Bauste. What, no women candidates?

91-year-old is chosen Nursing Home Queen

McIntosh - Agnes Meinert, 91, McIntosh Manor nursing home resident, was crowned Nursing Home Queen recently at the 18th annual pageant in Fertile.

Thirty-nine candidates from northwest Minnesota nursing homes competed in the event. Agnes was chosen on the basis of her outgoing personality, spryness for her age, activities, attitude toward life, interests and talents. As a result of Agnes' title, McIntosh Manor will display the royal crown all year and host next year's pageant.

Agnes grew up and attended school in Oslo and she and her husband, Herb, farmed in rural Erskine before their retirement.

Kidnap suspect described

Bagley - A composite picture and description of the man who attempted to abduct a 5-year-old in Bagley in August has been released. He is a white male, about 50 years old, 6 feet tall, 170-180 pounds, with shoulder-length hair, salt and pepper beard and silver rimmed glasses. He was last seen driving a red Camaro. If you have information on the man, contact the Bagley police chief at 218-694-6150.

Fall Festival in Badger

Badger - The community of Badger is having its annual fall festival this weekend. Saturday's events include a freewill offering breakfast from 7-9 a.m. and flea market from 9 a.m to 5 p.m., both at the community hall, a parade at 11 a.m., tug-of-war, punt, pass and kick, air show at 2, and concludes with music and dance from 9 p.m. to 1 a.m. at the community hall and VFW.

Prisoner at TRF jail attempts suicide Thurs.

A prisoner at the Pennington County law enforcement center is in critical condition at Northwest Medical Center, following an attempt to take his own life Thursday.

According to Sheriff Gerald Moe, a jailer/dispatcher discovered the prisoner hanging in a jail cell by a bed sheet. Medical assistance was given and the individual was transported to Northwest Medical Center in Thief River Falls.

An investigation, involving the sheriff's department, Thief River Falls police department, State Crime Bureau and indirectly, the Minnesota department of Corrections is underway. Sheriff Moe said, however, that he is very satisfied that proper procedure was followed by the two dispatcher/jailers on duty and by the officers who assisted in the procedure at the jail. Sheriff Moe estimated that the incident happened within a five-minute period of time.

Moe said that 20-year-old Jason Haberman of Milaca had just been placed in jail after being arrested for possession of a large amount of marijuana and conspiracy to sell marijuana.

Haberman is in critical condition in the intensive care unit at Northwest Medical Center in Thief River Falls.

DNR now solely responsible for burning permits

As a result of changes in the law, the Minnesota Department of Natural Resources (DNR) now has sole responsibility for issuing permits for open burning.

The responsibility was previously shared by the DNR and Minnesota Pollution Control Agency, according to Robert Wennerstrand, area forest supervisor for the DNR in Warroad.

A permit to burn is required whenever the ground is not covered with snow, Wennerstrand said, and permits can only be issued to burn vegetative debris. Permits cannot be issued to burn non-vegetative materials that produce excessive or noxious smoke. Individuals burning without a permit subject themselves to a citation and fine.

Wennerstrand said that DNR forestry offices are common in the heavily forested portion of the state. In these areas foresters respond to wildfire calls and use a system of township fire wardens to issue burning permits as a public service. In many agricultural areas a township fire warden system has not been established. In addition, rural fire departments in agricultural areas respond to wildfire calls.

Rural fire departments have been commissioned to issue burning permits in northwest Minnesota as a service to their neighbors and because they are depended upon so heavily for wildfire control. This will help rural fire departments to be aware of the burning that is taking place and restrict burning when conditions warrant.

Rural fire departments are authorized to issue special burning permits in the area west and south of a line beginning at the Canadian border and following highway 89 to Fox, highway 308 to Badger, highway 11 to Greenbush, highway 32 to Middle River, county road 6 through Gatzke to highway 89, highway 89 to highway 219 west of Grygla, highway 219 to highway 1 south of Goodridge, highway 1 to the west boundary of the Red Lake Indian Reservation and south along that line to the south Pennington county line.

Most open burning is generally restricted to the evening hours when there is generally lower wind velocity and higher humidity which minimize risk. Special permits to burn outside of the general restrictions can be granted when conditions warrant.

A special 30-day agricultural permit is available for crop residue that can be consumed within four hours. This is especially designed for farmers as part of a farm management practice. The 30-day permit minimizes unnecessary travel to obtain a permit since farmers would need to make only one trip for a burning permit a month. They would then call in to activate the permit when they wish to burn.

"The 30-day permit works very well this year for any farmers having to dispose of unmerchantable grain," Wennerstrand said.

Gem of a deal not a deal at all

Law enforcement officials in Thief River Falls and Pennington county have been notified of a phone scam involving valuable gems. Several residents in the county have lost money in the scam — one lost thousands of dollars.

Law enforcement officials explained that a company out of Canada has been soliciting business over the phone. To receive the "valuable" gems, money must be sent up front. A container with the gem in it is then sent by courier. For the company's guarantee of authenticity and value to remain in effect, the container with the gem in it cannot be opened. The gems have been examined by local jewelers who have stated that the "gems" are not as valuable as the purchasers have been led to believe.

The matter has been and continues to be under investigation by the FBI.

(Continued on Back Page)

Grygla high school homecoming coronation was held Wednesday evening in the school gymnasium, followed by a snake dance and bonfire. Seniors Charise Aune and Jason Grandstrand were crowned homecoming queen and king. Pictured (left to right) are, front row, first grade attendants Jeremy Hernandez, Jessica Kalbakdalen, Nicola Haugen and Adam Sparby; seated, Kristi Benson, senior candidate; Tiffany Dobmeier, senior candidate; Charisa Aune, queen; Jason Grendstrand, king; Michael Jalia, senior candidate; and Ryan Cwikla, senior candidate; back row, Denny Warne, junior attendant; Brandi Stratton, junior attendant; Heather Ruud Hagen, 1992 queen; Aaron Oatby, 1992 king; Melissa Bernstein, 10th grade attendant; and Anthony Holthusen, 10th grade attendant.

Population declines expected to continue in Northwest counties

Population projections forecasting changes in population into the next 30 years, anticipate significant declines in population for several counties in the region. Population projects show declines for Kittson, Marshall, Pennington and Red Lake. Only Roseau county is projecting a population increase.

New county population projections show population losses experienced in rural Minnesota are projected to continue into the next century. The county population projections were published recently in Minnesota's Changing Counties: The Next 30 Years", a report by the State Demographer's Office at Minnesota Planning.

The study shows that Pennington county had a 1990 census count of 13,306. By 1995, the population is expected to slide to 13,100, and then to 13,050 by 2000, 12,840 by 2005, 12,610 by 2010, 12,340 by 2015, and 12,100 by 2020.

The study shows that Kittson counties population in 1990 was 5,767, and then will slide to 5,460 by 1995, 5,180 by 2000, 4,960 by 2010, 4,720 by 2015, and 4,640 by 2020.

The study shows that in Marshall county the 1990 census was 10,993. That will slide in 1995 to 10,430, and then to 9,910 by 2000, 9,560 by 2005, 9,300 by 2010, and 9,110 by 2020.

The study shows that the population count in Red Lake county in 1990 was 4,525. That is expected to slide to 4,280 by 1995, 4,040 by 2000, 3,850 by 2005, 3,720 by 2010, 3,640 by 2015 and 3,580 by 2020.

Roseau county on the other hand, is expected to show a population increase. In 1990 the population was estimated at 15,026. By 1995, that is expected to increase to 16,210, and then 16,950 by 2000, 17,440 by 2005, 18,020 by 2010, 18,660 by 2015, and 19,290 by 2020.

The study, conducted every 10 years, projects that the majority of Minnesota's counties, particularly those in agricultural areas, will have fewer people in the year 2020 than in 1990. The population will continue to become more concentrated in large metropolitan areas, particularly the Twin Cities.

"The projects reflect the trends we saw between 1980 and 1990," said Martha McMurry, a research analyst at Minnesota Planning. In many cases the trends go back far before 1980, McMurry added. Many rural counties reached their population peak in 1940 or even earlier. The major reason for the projected losses in rural areas is out-migration, especially among young people.

Suburbs in Twin Cities counties and areas just beyond those suburbs are projected to have the greatest increases in population. Sherburne County is projected to have the largest gain — 72 per cent over 30

(Continued on Back Page)

"The Odd Couple (Female Version)" by Neil Simon will be presented by the Middle River Community Theatre as part of the annual Goose Festival next weekend. Performances are scheduled for Wednesday, September 29, and Friday and Saturday, October 1 and 2 at 7:30 p.m. and Sunday, October 3, at 4 p.m. in the Olde Depot Theatre in Middle River. The play is under the direction of Troy Brewster of Warroad. Among the cast members are (left to right) Patty Hanson as Mickey the Cop, Judy Scramstad as Vera, Kaydell Super as Olive Madison, Connie Leach as Sylvia and Bonnie Wagner as Renee. In this scene the girls are playing a "Trivial Pursuit" game while awaiting the arrival of Florence Unger (Barb Geer).

Lincoln plans homecoming Sept. 27-Oct. 1

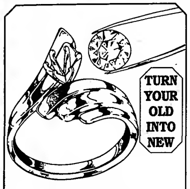
Lincoln high school in Thief River Falls will hold homecoming events the week of September 27 through October 1.

Coronation will be held 7:30 p.m. Monday in the school auditorium. Queen candidates include Toni Chiodo, daughter of Glenn and Patty Chiodo, Maren Dyrud, daughter of Lowell and Mary Dyrud, and Lydia Morken, daughter of David and Mary Morken.

Attendants include the following by grade: 9th graders Heidi Johnson and Pauline Cullen; 10th graders Kendra Dimich and Tracy Koivisto; 11th graders Jennifer Drury and Kelly Liden. The young junior attendants are Tevin Reese, daughter of Darcy and Phillip Reese, and Corey LaSalle, son of Mike and Kristie LaSalle.

Homecoming Pep Fest and parade will be held on Friday. The pep fest gets underway at 1 p.m. One of the featured events is the rent-a-senior sale. Minimum bids on individuals is $5. The minimum bid on a group is $10. Community members can rent students. The only stipulation is that they use them one time during the following week. If an underclassman rents a senior, the senior can only work for them on October 4.

The homecoming parade begins at 2 p.m. Line-up for floats in the parade begins at 1:30 p.m. at Huck Olson Memorial Civic Center. The parade route will following Highway 59 to LaBree Avenue where it will turn right and follow LaBree to First Street. At First Street it will turn right and go to Lincoln high school.



The homecoming dance theme this year is "Tears in Heaven". Music will be provided by "Dude Walker's Music on Wheels", a DJ. The dance begins at 9 p.m. after the football game. The colors are blue, white and silver.

The Lincoln high school Prowlers will face the Park Rapids Panthers in the homecoming football game, which begins at 6 p.m. Half time entertainment includes a performance by the Lincoln high school marching band and the presentation of the Homecoming Queen and her court.

Several activities are planned for the entire week. A regular feature is dress up days. Monday is dress up day. Tuesday is pajama day or come as you are day. Wednesday is dress up as your favorite teacher or occupation day. Thursday is clone day. Friday is spirit day or school colors day. On Tuesday, Wednesday and Thursday, the Student Senate will give away a $5 gift certificate to an eating place in Thief River Falls or a free ticket to the dance for the best dressed student on those theme days. The awards will be announced at the Pep Fest on Friday.

Homecoming buttons will be sold for $1.25 during the week.

No profit from RLF Klingon camp

Red Lake Falls - The recent highly publicized Klingon language camp held in Red Lake Falls ran into the red to the tune of $3,400 and asked the city council to help foot the bill. The request for a grant was denied by the council, but turned over to the finance committee to see about a loan to pay the bills. Council members reported they had heard nothing but negative comments about financing the camp. However, supporters of the camp cite the positive publicity as good enough reason for trying again next year.

Bagley girl recovers

Bagley - Megan Danielson, 14, daughter of Bob and Dianne Danielson of Bagley, is recovering from injuries received in a pickup rollover near Leonard on Sept. 11. Danielson sustained a broken rib, hip and leg injuries in the accident. She is the granddaughter of Mr. and Mrs. Lester Evje of Gully and Mr. and Mrs. James Danielson of Gonvick.

Greenbush area has vomitoxin damage

Greenbush - Insurance adjusters assessing crops in the Greenbush area have stated that vomitoxin is worse than anticipated. They say the wheat looks better than it really is and vomitoxin is definitely present when the wheat is tested.

Strandquist man in body builders meet

Strandquist - Ted Wawrzyniak of Strandquist placed third in the North Dakota state fair body builders meet.

B+G fish story

Middle River - Arne Rantanen, Jr., of Middle River, caught a 23-pound, 44-inch long Northern in the jelly northeast of Warroad.

Drug bust by EGF

East Grand Forks - Ten kilograms, about 22 pounds, of marijuana was seized when it was delivered to a farm north of East Grand Forks. Postal inspectors, Bureau of Criminal Apprehension and Polk County drug task force officials worked together to make the bust.

Discrimination suit filed against Norman county

Ada - Several female county employees have filed a discrimination suit against Norman county and the Norman county commissioners. The suit alleges that the county violated the comparable worth law.

Snow coming first week of Oct. - to stay

Warren - When weather personality Tom Szymanski visited Warren last week, he predicted that snow will fall and stay on the ground the first week of October this year. Dare we hope he is wrong?

Youth wins out

Middle River - Derrick Gust, 14-year-old trap shooter, won the annual Wimbeldon trap shoot at the Teck Kezar farm north of Middle River, beating the "older" fellas.

Well fed folks

Lancaster - Helen Potrament grew a 16-pound cabbage and won first prize at the big veggie contest at Lancaster's fall festival recently. She said her family eats a lot of sauerkraut and cabbage rolls. Helen also took first place with her large onion and large potato. Yum, yum!

Rewarding experience

Warroad - Dr. Tony Defelice and his wife and children will leave for Haiti next month, donning their time and talents to aid the poor in that country.

SOUPCON
Sherry LaCoursiere

Let's have some more of those deliciously different apple recipes this week.

Here is an apple breakfast treat:

APPLE PANCAKES
1 cup flour
1/4 cup vegetable oil
3 tablespoons sugar
1/4 cup milk
1/4 cup water
dash vanilla
6 eggs
1 to 2 apples, thinly sliced
mixture of 1 tablespoon cinnamon and 1/2 cup sugar
butter

Blend together the flour, oil, sugar, milk, water and vanilla.

Add 3 eggs and beat until smooth. Add the other 3 eggs and blend until well combined.

Preheat oven to 400 degrees.

Peel, core and cut apples into slices. Saute half of apples in pat of butter in non-stick pan. When apples are slightly browned, stir well and pour half of batter over apples.

Flip when batter just begins to set on top. Sprinkle small amount of cinnamon-sugar mixture over pancake and bake in preheated oven for five minutes, or until sides are golden brown.

Slide onto plate, sprinkle with cinnamon and drizzle with butter. Serve with syrup of your choice.

Bet you'll love this tasty dish tonight - it sounds like a perfect fall meal:

BRATWURST AND APPLE CIDER
1 package uncooked bratwurst
12 ounces apple cider
4 whole cloves
1 apple, cored and thinly sliced
1 tablespoon yellow mustard
1/4 cup half and half
salt and pepper to taste

In fry pan, bring apple cider to a boil. Pierce brats and add to cider, along with cloves. Simmer for 10 minutes and then add apple slices.

Cover and simmer another 10 minutes. Remove apple slices and brats and simmer cider until reduced by half.

Add mustard, half and half, salt and pepper. Return brats and apples to fry pan and heat for five minutes.

Use apples to make this yummy chicken dish:

M-M-M CHICKEN
3/4 cup flour
3/4 teaspoon salt
1/2 teaspoon pepper
8 pieces of chicken, skinned and boned (2 1/2 pounds)
1/3 cup corn oil
1/2 cup apple juice
1 tablespoon honey
2 tablespoons lemon juice
1 1/2 cups sliced apples

Combine flour, salt and pepper in plastic bag and mix well. Add 2 or 3 pieces of chicken and shake to cover completely with flour mixture. Repeat to use all chicken.

Heat oil over medium heat in large fry pan. Add chicken pieces and cook 5-8 minutes on each side, until golden brown. Drain oil.

Combine apple juice, honey and lemon juice. Pour over chicken, turning chicken to coat well. Add apples.

Cover pan tightly, reduce heat and simmer 20 minutes. Place chicken on serving platter and drizzle drippings over each piece.

Try this bread—with a hint of orange and raisins, it's just a little different from the other recipes I've seen:

CRUNCHY APPLE BREAD
1 large apple, peeled and chopped
2/3 cup shortening
1/2 cup sugar
1/2 cup packed light brown sugar
2 eggs
2 cups flour
1/2 teaspoon soda
1/4 teaspoon salt
1/4 cup orange juice
3/4 cup raisins
3/4 cup pecans, chopped

Combine shortening, sugar and eggs in large bowl. Cream well.

Add all dry ingredients and orange juice. Mix until moistened.

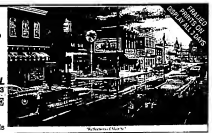
Fold in apples, raisins and pecans. Pour into greased loaf pan and bake for 55-60 minutes at 375 degrees. Let cool in pan for 10 minutes.

One more apple recipe, this one a quick and easy dessert idea:

GRANDMA'S BEST APPLE PUDDING
2 eggs
1 teaspoon vanilla
1 tablespoon baking powder
2 cups chopped apples (peeled)
1 cup sugar
1/3 cup flour
1/8 teaspoon salt
1/2 cup chopped walnuts

Beat eggs, sugar and vanilla until fluffy.

Mix flour, baking powder and salt and stir into egg mixture.



Fold in apples and nuts. Bake in greased and floured 9x9 pan at 325 degrees for 30-35 minutes.

VIOLENCE INTERVENTION PROJECTS
"SURVIVOR GROUP"
For The Survivors Of Family Or Relationship Abuse Is Starting Soon

Please call 681-5557 or 1-800-660-6667 to register.

This 8 Week Class Series Will Cover:

- Power & Control/Survival & Coping Skills
- Explaining Abuse - Why Does It Happen, Abusive Relationships vs Healthy Relationships
- Cycle of Violence, Early Warning Signs, The Decision Making Process
- Development of a Coping Plan, Victimization, Self-Blame
- Anger/Handling conflict
- Addictive Love-vs-Health Love
- Assertiveness Training/What's Important to You
- Healthy Relationships/Questions to Ask Yourself About A New Man, Can Your Partner Change?

The Umbrella Tree Safety Center will offer children/teen groups at the same time the Thief River Falls Survivor Group meets. Subjects covered: What is abuse? Safety issues. What is appropriate anger? What is the difference between assertive and aggressive? The effects of divorce on children. We take a lot of class time to talk about feelings...we use art projects to help get discussions started.

DEATHS

Anton Kobetsky, 90

Warren - Anton Kobetsky, 90, formerly of 6 Wylie Court, East Grand Forks, died Wednesday, September 22 at Good Samaritan nursing center in Warren.

Funeral services will be held at 10:30 a.m. Saturday at Sacred Heart Catholic church in East Grand Forks.

Visitation was Friday from 4 to 7 p.m. with a 7 p.m. prayer service at the Norman funeral home in Grand Forks, ND.

A complete obituary will be in Wednesday's edition of The Times.

AAUW will hear report on school harassment

Thief River Falls branch of American Association of University Women will meet Mon., Sept. 27, at 7:30 p.m. at the Franklin middle school library.

Program will feature the national report, "Hostile Hallways," the AAUW survey on sexual harassment in America's schools. Marie Hvidsten will coordinate the program, which will include comments from Frank Hamerlinck and Tom Hunt on local school pictures.

All AAUW members and guests are invited to attend.

LETTERS

To The Editor:

I have worked for two retail businesses for nine years. I see people, ages 16-25, applying for jobs almost daily. I have come to believe that most applicants have no idea how to apply for a job. This letter is written to help these people.

First, appearance. Appearance is key. Most of you have been taught not to judge people on a first impression. Good advice, but it doesn't apply when looking for a job. All employers judge you the minute you walk in the door. Therefore, your appearance must be at its best. You should wear a nice pair of pants (or new jeans, if jeans are all you have), a clean shirt (not just a T-shirt) and your best shoes.

And please fix your hair and do not wear a hat or baseball cap.

My boss and I wear sport coats and ties every day to present a positive appearance. We don't expect an applicant to wear a sport coat, but does the person wearing a baseball cap, "Pearl Jam" T-shirt and old jeans really expect to get a job? This person has no chance. I repeat, no chance!

After we have mastered appearance, we move on to presenting yourself. When you walk up to the counter, smile! No one hires a crab. Then kindly ask for a job application. When the person behind the counter gives it to you, ask who the hiring manager is and when you can speak to that person. You might get to see the manager right away or set up an appointment for later.

When you do meet the manager, the appearance rule comes back into play. Introduce yourself and don't forget to smile. The manager wants you to smile.

The employment hints listed above are things you must do to prepare to look for a job. If you don't follow these guidelines it will not matter if your application is the best in town. You won't get the job.

Employers want to hire you. They want to see you walk in the door and be able to say you are the person they are looking for. Dont give them reasons not to.

Sincerely,
Rob Burkel

Story of Dave Dravecky presented

Evangelical Free Church is sponsoring a film presentation called "Oravecky: A Story of Courage and Grace". Two film presentations will be shown, one 7 p.m. Saturday, September 25, at the Lincoln high school auditorium, and a second at 6:30 p.m. Sunday, September 26, at the Evangelical Free Church.

The story is about Oave Oravecky, a professional baseball pitcher for the San Francisco Giants who lost his pitching arm to cancer. Although the story involves baseball, it is about much more than baseball. It's the story of a family's struggle to overcome incredible obstacles through faith.

Admission to the film presentation is free.

The presentation at the high school auditorium on Saturday, September 25, is for Youth Emphasis Night and is for both junior and senior high school students throughout the area. The featured guest Saturday is Mike Montgomery, a former University of North Oakota baseball and basketball star who had tryouts with the Cincinnati Reds. There will be free pizza and Pepsi following the show. Also during the Saturday show, free baseball cards will be given to the first 200 people attending the show.

Opinions

Marvin Lundin
Editor

Editorial opinion published on this page, whether locally written or re-printed from other sources is intended to stimulate thinking and discussion among our readers. Opinions expressed by the editor are his own and not necessarily those of other staff members. Opinions expressed in items from other publications may be contradictory to the editor's own views but are offered for their general interest.

Who Are The Nation's Filthy Rich?

Talk show host Rush Limbaugh is not one of our favorite people—primarily because he has the self-aggrandizing showmanship of a professional wrestler—but he makes an occasional point that leads to creative thought. Someone recently sent us a copy of *"The Limbaugh Letter"* which contained several things that we appreciated reading. One brief article was as follows:

The President has returned often to his favorite theme: class envy. "Asking all Americans to do what is right and fair," he urged you to support higher taxes on the greedy people who dared succeed in the '80s.

So let me tell you just who the rich are. For over 20 years Thomas J. Stanley, former professor of marketing at Georgia State University, has been studying how people become millionaires.

"Who tends to become rich?" Stanley asks in a recent article in *"Medical Economics."* He explains: "[The rich are] not the exotic backstabbers and dabblers in high finance you see depicted on TV. The average person with a net worth of $1 million or more is usually a business man who has lived all his adult life in the same town. He owns a small factory, a chain of stores, or a service company.

"Married once, and still married, he lives in a middle-class neighborhood, next to people with a fraction of his wealth. He's a compulsive saver and investor. And he's made his money on his own: 80 per cent of America's millionaires are first generation rich."

These are the people President Clinton attacks so bitterly, whose work and achievement he wants to punish. They are not jet-setters, they are not uncaring folks who made it on someone else's back....they are your neighbors. Some day you could be among them—unless this administration gets its way.

Limbaugh's publication also quotes Vice President Al Gore as stating on the Larry King Live show that "If you make a quarter million dollars a year for four years, you're a millionaire." The multiplication may be right but the reality is missing. What about the person who makes $25,000 a year for 40 years? Is he or she a millionaire, too? Gore's math would say yes.

Two Women Make Difficult Choices

The following column by Geraldine Spencer in the Sedona (Arizona) *"Red Rock News"* won a first place award for Best Column, Serious Subjects, in the 5,000-9,000 circulation category of the National Newspaper Association's Better Newspaper Contest. It provides an insightful viewpoint on a highly controversial issue:

The story is about two women faced with difficult life choices.

The year is 1971. The first woman is 20 years old when she finds out she is pregnant by her boyfriend, who refuses to marry her. Faced with financial desperation because she is from a poor family, she decides she cannot add the extra burden of a child.

Times are different in 1971. There is a stigma to being pregnant without being married. But despite the shame of the pregnancy, she decides to carry the baby to full term and give it up for adoption.

The year is 1974. The second woman is married and has two young sons, ages 3 and 1. It has been a hard winter and she has been consistently ill. The cold turns into a cough that will not go away. After several weeks, she finally goes to her doctor who tells her he wants a chest x-ray.

Once the results are in, the doctor tells her she has a bad case of "walking" pneumonia. He prescribes a strong cough medicine after asking her if she is pregnant. She says she does not think so.

Two weeks later the cough is not better. She again has a chest x-ray and continues taking the prescribed cough medicine.

One month later, she discovers she is two months pregnant. She is told by her doctor that the combination of the cough medicine and the two chest x-rays have caused the baby to be formed without arms or legs. He recommends an abortion.

The decision to abort the child is the most difficult she has ever had to make in her life, particularly because she waited seven years to adopt her older son and had major surgery to bear her second son. Her husband tells her he wants nothing to do with her decision. Whatever she does, she's on her own.

Stunned by her husband's lack of support, the woman focuses on her two sons. She realizes from her husband's reaction that somewhere down the road, she will probably raise the two boys by herself. She knows that she will not be able to raise the boys and a child that is so terribly handicapped.

She makes the decision to go through with the abortion.

The story of these two women I know intimately. The first woman is the natural mother of my adopted son. The second woman is myself.

In looking back through all these years, the choice my son's mother made not to have an abortion has given me one of the joys of my life.

The choice that I made to have an abortion was based on the fact that I had promised before a court of law during the adoption proceeding to take care of this other woman's child the best way I could. I also had my own natural-born son to think of.

There are many arguments for and against abortion. I am one of those few people whose life has been personally touched by both. I understand only too well the consequences—the joy of a child after waiting so many years, and the anguish of abortion.

Yet, the bottom line was that my son's mother was able to make her choice and I was able to make mine based upon my life's circumstances. I think of those choices and as a result, I have a fear about Proposition 110, the Preborn Child Protection Amendment to the Arizona Constitution that will make abortion illegal except to save the life of a pregnant woman. The Legislature might, or might not, make exceptions in the cases of reported rape or incest.

What would I have done in 1974 if Proposition 110 had been in effect? I would have gone to Mexico.

Proposition 110 is an example of government involvement in a decision that is intensely personal. It is as alien to many American people as a law that would force an unwed mother to abort her child, like the Chinese government does to prevent population growth.

What would my son's mother have done if there were such a law?

I think she, too, would have gone to Mexico.

Northern Watch Policies

Letters To The Editor: The staff of the Northern Watch encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in Northern Watch exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Seamless Aluminum Guttering
Heating, Air Conditioning
378-4641 378-4585
Our Seamless gutters are manufactured from 032 gauge pre-painted aluminum, the heaviest gauge used in the industry. If your home is 20 feet or 200 feet in length our seamless gutter is made in one continuous length, eliminating any joints or seams in the middle. Inquire before you purchase "Seamless Gutter" about the thickness of the material used and be certain that it is made in one continuous length.
Seamless gutter is formed, cut and installed on site by a two-man crew, saving on labor cost. Freight charges are eliminated. Waste is almost unheard of due to gutter being measured and cut on site to exact lengths. No need to store left over odds and ends that get damaged before they can be used. Most jobs can be completed the same day. Call us for complete information and free estimates of your job at no obligation to you.

TRF city council agenda includes church request

Thief River Falls city council will meet during a regular session of the council 5 p.m. Tuesday, September 28. Several items are on the agenda including a recommendation to approve a conditional use permit for Church on the Move to open a church in the former Red Owl building on Highway 59.

During a meeting Monday night, the Planning Commission approved a variance request 6 to 2 which would allow Church on the Move operate a church in the former Red Owl building on Highway 59. Church on the Move is a non-denominational church which began a couple of years ago as a Bible study group at the city auditorium. At the time, the pastor was Phillip Larson. The current pastor is Cameron Stratton. The name of the group changed to Church on the Move July 15, 1992. The church has been meeting at the city auditorium on Wednesdays, and at the C'mon Inn on Sundays.

One of the issues discussed in relationship to the conditional use permit was whether to grant a conditional use permit in a commercial zone for a non-commercial interest? This issue, however, did not appear to fit under the criteria for granting of a conditional use permit and a recommendation to approve the conditional use permit was granted.

It's considered important because the area has been developed for commercial use — larger sewer and water and better access roads, for example. Although it is officially considered a non-issue, the loss of taxable property is also worrisome.

On the other hand, this is not the only church located in a commercial district, and the church will make significant improvements to the property which has remained unoccupied for a number of years. There is also the constitutional argument allowing free exercise of religion.

The issues regarding the recommendation will be discussed at the city council meeting.

Other items on the agenda include flood plain ordinance revisions, a hearing on a zoning amendment for Strata, approval of registered land survey, a zoning amendment for Vince Miramontes, action on the Dutch Elm Disease hearing held last week, and other items as they are added to the agenda during the next few days.

Decoys shown

Waterfowl and fish decoys from the collections of Charles "Bud" Jacobi of Grand Forks, ND and Jim and Mary Richards of Maplelag resort at Callaway will be on display through October 3 at the North Dakota Museum of Art on the University of North Dakota campus in Grand Forks, ND.

Museum hours are from 9 a.m. to 5 p.m. weekdays, until 9 p.m. Thursdays and 1 to 5 p.m. Saturday and Sunday. Admission is free and the public is invited.

Pioneers at Mesabi for first MCCC road game

A 34-20 winner over Hibbing at home in the Minnesota Community College Conference opener last week, the Northland Community College football team will try to come up with an MCCC road win today (Saturday) against Mesabi.

The 1:30 p.m. Northern Division game will be played in Virginia.

Northland is 1-1 overall, having lost a 21-0 non-conference season-opener to Fergus Falls. Mesabi is 0-2, but the record is deceiving, warned Northland coach Gene Klinke. The Norsemen had to forfeit a 12-0 season-opening win over North Hennepin, and last week dominated the statistical columns, but lost a 34-32 decision to the University of Minnesota-Crookston after missing a 28-yard field goal attempt in the final minute.

"Don't let the record fool you," said Klinke. "Mesabi has a very good football team. They're big, they're fast and they're physical. We're going to have to play well if we expect to beat them."

Injuries continue to haunt the Pioneers, who have now lost nose guard Jeremie Swanson (East Grand Forks) for the season because of shoulder problems. Flanker Lee Alfson (Hillsboro, ND) missed the Hibbing game and 6-4, 356-pound offensive tackle Dante Steele (Opa Locka, FL) has been slowed by an ankle sprain.

"Last year we were able to avoid the injuries," noted Klinke. "This year they're dogging us."

Elsewhere in the MCCC Northern Division last week, Brainerd shut out Itasca 13-0 and Vermilion beat North Hennepin 48-7.

In addition to the Northland-Mesabi match-up, this week's schedule includes Vermilion at Brainerd, Itasca at UMC, and Hibbing at Fergus Falls.

Prowlers split pair of tennis matches

A Tuesday double-dual at Fergus Falls produced a high school tennis split for the Thief River Falls girls, who beat the host Otters 4-3, but lost to Detroit Lakes 5-2.

The results left the Prowlers at 3-4 in dual meet competition.

Thief River Falls swept all four singles encounters in the win over Fergus Falls – straight-set victories for Kamie Twomey, Tiffany Brouse, Shari Evenson, and Bobbi Dahlstrom at 1-through-4, respectively.

"All of our singles played well," pointed out Thief River Falls coach Jay Forney, "and our doubles were very competitive."

Twomey and Dahlstrom were Thief River Falls winners against Detroit Lakes.

"Kamie has raised her level of play," noted Forney, who put the sophomore at No. 1 when Brouse missed playing time earlier with an injury. "Our doubles are improving, but still not where we want them yet," he added.

TRF 4, Fergus Falls 3

Singles - 1. Kamie Twomey (TRF) def. Suzie Schierer 6-1, 6-0, 2. Tiffany Brouse (TRF) def. Elizabeth Vaughn 6-0, 6-1, 3. Shari Evenson (TRF) def. Rachel Zotaks 6-0, 6-2, 4. Bobbi Dahlstrom (TRF) def. Tina Nokes 6-0, 6-1

Pioneers are 0-4 in appearance at UMC Invitational

Northland Community College volleyball team had its moments, but still came up empty-handed in the win column Saturday (Sept. 18) at the University of Minnesota-Crookston invitational.

Posting wins over Northland in pool play were Hibbing 15-8, 15-5; Brainerd 9-15, 15-4, 15-13; and North Dakota State College of Science 15-3, 15-7.

That matched the fourth place Pioneers against Fergus Falls, the No. 1 team in the other pool, in the tournament-format quarterfinals. The Spartans won 15-5, 15-5.

Northland was scheduled to play Gogebic at 1 p.m. and Rainy River at 3 p.m. today (Saturday) in a triangular format at Rainy River.

Sports Schedule

Saturday, Sept. 25

Thief River Falls' Janny Drury couldn't block this hit by East Grand Forks' Kim Dimond during Tuesday's high school volleyball match in the Lincoln High School gym. The Prowlers' Maren Thorson (left) and Kandra Dimich looked on. The Green Wave won 3-1.

Swanson, Hendrickson pacing Lincoln runners

Team and individual honors have not been part of Thief River Falls' early-season high school cross country results, but head coach Lynn Oyer isn't finding fault with the Prowlers' efforts.

Tuesday they ran in the Bagley Invitational, where the girls placed sixth in a field of eight teams and the boys wound up eighth. Individually, Lisa Swanson led the Thief River Falls girls with a tenth place finish and Jon Hendrickson paced the boys by running 18th.

"Jon and Lisa have both run well the past two meets," noted Oyer. "Place-wise, it may not look great, but the competition has been really tough this year. Many of the other kids get better with each race, and feel good about their improvement. Unfortunately, it doesn't always show in the meet results."

"As a team, we have a ways to go," acknowledged Oyer. "We are not strong enough to compete for any championships, but we intend to continue to improve. If our girls continue to work hard, they have an opportunity to make the greatest move in the team standings."

Varsity Boys

Team totals - East Grand Forks 48, Park Rapids Area 63, Crookston 69, Walker-Hackensack-Akeley 112, Deer River 147, Warroad 154, Pelican Rapids 176, Thief River Falls 195. Incomplete - Bagley-Fosston, Stephen.

Ninth grade falls to Grand Forks Valley

Grand Forks Valley edged visiting Thief River Falls 22-20 Thursday in freshman football action.

Valley turned a 6-6 first quarter tie into a 22-12 halftime lead in handing Thief River Falls its first loss in four starts this fall.

The three Thief River Falls touchdowns came on passes from Jon Blomker to Kyle Nelson covering 25, 35 and 10 yards. Bryan Cleven added a two-point conversion run after the final touchdown.

Green Wave rally produces 3-1 win

■ TRF volleyball team now 5-3

A quick start faded down the stretch Tuesday as Thief River Falls lost a 3-1 high school volleyball match to East Grand Forks.

The visiting Green Wave came back from a first-game blow-out to outlast the Prowlers 5-15, 15-11, 16-14, 15-13.

Thief River Falls fell to 5-3 with the loss.

"I'm disappointed with our performance," said Thief River Falls coach Helen Anderson. "After the first game, we didn't play as a team. We didn't show up for the second, third and fourth games. We only had a couple of players who gave us a 100 percent effort."

But Game 1 must have produced some smiles on the Prowlers' bench as they quickly jumped out to a 12-2 lead. It took a little longer to reach 15, but the Green Wave never challenged the early Thief River Falls lead.

Thief River Falls was within 13-11 in Game 2 on a block by Carrie Lawrence, but Jessie Hadden of the Green Wave came up with a side-out block and then had an ace serve. A block by Nicci Cariveau of the Green Wave finished it.

The Prowlers bounced back to build an 11-5 lead in Game 3, only to give up eight straight points. They stayed within 13-12 on a kill by Toni Chiodo and tied it at 14-14 on consecutive East Grand Forks errors. However, a key side-out kill by Cariveau ended a long rally, and Kim Dimond followed with an ace to make it 15-14. It ended on a Thief River Falls error at the net.

Another finishing kick by East Grand Forks completed the win after Thief River Falls took a 13-12 lead in Game 4. A kill by Cariveau tied it, a corner shot by Dimond made it 14-13 and a Thief River Falls out-of-bound hit ended it.

The Prowlers lost the services of junior Kelly Skeim to an ankle sprain midway through Game 2. That elevated sophomore Maren Thorson to full-time status, while juniors Sarah Huschle and Jenny Drury shared the sixth spot.

In preliminary matches, East Grand Forks junior varsity won 15-8, 15-12, the East Grand Forks C squad won 15-12, 15-9 and the Thief River Falls freshmen won 8-15, 15-4, 15-6.

TRF Scoring

Assists - Kandra Dimich 16, Carrie Lawrence 1.

Service aces - Toni Chiodo 1, Kandra Dimich 1, Sarah Huschle 1, Carrie Lawrence 1, Jamie Martell 1, Maren Thorson 2.

Kills - Toni Chiodo 6, Carrie Lawrence 6, Jamie Martell 4.

Tri-County 3-0 winner vs. Grygla/Goodridge

Tri-County left quite an impression on Grygla/Goodridge coach Tim Mostrom Tuesday as the host Wildcats smoked the Wolverines 15-0, 15-1, 15-5 in high school volleyball.

"They're good," said Mostrom. "They serve receive so well – everything is bumped right to the setter. They had us on our heels all night."

It was the seventh loss in eight matches for the Wolverines.

"Actually, we didn't play so terrible in the first game – we went through the service rotation twice," pointed out Mostrom. "But they just keep coming at you, and after a while we got a little gun shy."

Warroad	3
B/G-Middle River	0

Early-season struggles continued for Badger/Greenbush-Middle River Tuesday in a 3-0 loss at Warroad.

"Serving let us down," said Badger/Greenbush-Middle River coach Gwen Borgen after watching the Gators' drop a 15-6, 15-7, 16-14 decision. "We were trying a new defense, and there was a little confusion out there. When we did set it up, Jessica Borgen found some holes with some nice hits."

The loss dropped the Gators to 3-6.

Red Lake Co. Central	3
Valley North	0

Farrah Brantl had 8 ace serves and Angel Mickelson came up with 8 kills Tuesday as Red Lake County Central swept host Valley North 15-9, 15-7, 15-6.

It was the third win in seven starts for the Mustangs.

"We played fine at times, but we still need to polish our offense," reported Red Lake County Central coach Nancy Bray. "Our setting needs work."

Marshall Co. Central	3
Roseau	0

Sara Lokstad had 13 kills and Shanon Magner came up with 11 Tuesday as Marshall County Central rolled to a 15-9, 15-9, 15-4 home court sweep over Roseau.

"Sara and Shanon played well at the net for us," said Marshall County Central coach Mark Jorgenson. "Putting the Nordics' hitters in position to accumulate those kills was Jill Fosholm, credited with 31 ace assists.

"We had some trouble with our serves in the first game, but as we went along our serving improved," explained Jorgenson. "We still have room for improvement."

It was the eighth straight win for the Nordics.

Babe Ruth meeting slated for Thursday

General membership meeting of the Thief River Falls Babe Ruth baseball program will be held Wednesday, Sept. 29, at 7 p.m. in the Lincoln High School cafeteria.

Election of officers for the 1994 season will be held.

All parents of next year's 13-14-15-year-olds are urged to attend.

Thursday volleyball...

Gators end streak with 3-0 victory

Badger/Greenbush-Middle River ended a four-match losing streak Thursday by beating Valley North 15-9, 15-7, 15-4 in high school volleyball played at Greenbush.

"We switched our defense, and our offense picked it up a notch," explained Badger/Greenbush-Middle River coach Gwen Borgen. "It was a good effort collectively as a team."

The 4-6 Gators visit Tri-County Monday, head to Marshall County Central Tuesday and then enter the Thief River Falls Invitational Saturday.

Roseau	3
Grygla/Goodridge	1

Wins might still be hard to come by, but an improved product has turned Grygla/Goodridge into a competitive volleyball team this fall. Thursday the Wolverines played Roseau tough, but still dropped to 1-8 as the Rams won 7-15, 15-5, 15-11, 15-2 at Goodridge.

"We're getting better," said Grygla/Goodridge coach Tim Mostrom. "We're still a ways away from the elite, but we're competitive."

Amber Wilkens had six ace spikes for the Wolverines and teammate Melissa Bernstein was 17-for-17 at the service line.

"The first three games were a lot of fun," noted Mostrom. "We kind of ran out of steam in the fourth game. We were in the third game, but when we lost, it was like the bubble burst for us."

Grygla/Goodridge will be at Kittson County North Monday, face Lake of the Woods Tuesday in Grygla, then head to Warroad Thursday.

Marshall Co. Central	3
Warroad	0

Unbeaten Marshall County Central racked up win No. 9 Thursday with a 15-5, 15-13, 15-12 sweep over Warroad in Newfolden.

"We put together a few good games," noted Marshall County Central coach Mark Jorgenson. "It was fun to watch. The score might not show it, but there was some really good volleyball played in that first game. Both teams played well. There were some good volleys, attacks and digs on both sides."

But Warroad, after enjoying an early 4-2 edge, went through 12 scoreless service rotations to fall behind.

Tracy Olson and Shanon Magner both had 10 kills for the winners, and Jill Fosholm finished with 27 ace assists.

A showdown with a strong Lake of the Woods team today (Saturday) in Baudette will be followed by a Tuesday match at home against Badger/Greenbush-Middle River and a Saturday appearance at the Thief River Falls Invitational.

East Grand Forks	3
Red Lake Co. Central	1

A bid to get back to .500 for the year fell short for Red Lake County Central Thursday in a 3-1 loss at East Grand Forks.

The Green Wave beat the 3-5 Mustangs 15-9, 9-15, 15-8, 15-9.

"I thought we played pretty well," said Red Lake County Central coach Nancy Bray. "I was satisfied, and I think the girls were satisfied with their performance. We did a pretty good job on defense, and our offense was starting to click."

Angel Mickelson had a strong match, said Bray, finishing with 7 kills.

Red Lake County Central plays East Grand Forks Sacred Heart Tuesday in Plummer, heads to Red Lake Falls Thursday and will compete in the Thief River Falls Invitational Saturday.

Larry Myhrer of Our Savior's Christian Academy headed up the field with the ball during Tuesday's soccer match against Roseau in Thief River Falls. Myhrer scored three goals in the Crusaders' 7-1 win.

Our Saviour's wins 7-1 soccer match

Larry Myhrer scored three goals and Mark Trochmann had two Tuesday as Our Saviour's Christian Academy beat Roseau 7-1 in a soccer match played in Thief River Falls.

Travis Torblsa and Renae Forsberg also scored for the Crusaders, who improved their record to 2-0.

TRF wins triangular

Another record-setting effort by Theresa Giauque and a Thief River Falls triangular meet victory over the Grand Forks schools highlighted Tuesday's high school swimming action at the Franklin Middle School pool.

Giauque set a pool mark in the 200-yard freestyle with a 2:03.14. She earlier erased marks in the 100 and 500.

"The 100, 200 and 500 are pretty much hers," said Thief River Falls coach Ryan Lokken in describing Giauque's efforts this fall.

Thief River Falls finished the day with 150 points, while Red River had 92 and Central wound up with 69.

"I was really happy with our younger kids," offered Lokken. "I was extremely pleased with our divers, and our breaststrokers are coming along."

Giauque, a junior, was also a winner in the 100 butterfly. Other Thief River Falls individual winners included seventh grader Nicole Kopari, 50 freestyle; sophomore Jennifer Olin, diving; and junior Mandy Johnson, 500 freestyle.

Thief River Falls also won all three relay races – Johnson, junior Sarah Harger, Kopari, and Giauque in the 200 freestyle; Kopari, freshman Becky Harger, Johnson, and Giauque in the 400 freestyle; sophomores Cami Sorenson and Robin Bollesen, Sarah Harger, and eighth grader Sunny Carlson in the 200 medley.

In the junior varsity portion of the meet, Thief River Falls was an easy winner with 165 points, followed by Central with 11 and Red River 10.

Meet Results

200 medley relay - 1. TRF (Sorenson, S Harger, Bollesen, Carlson), 2:21.23; 2. TRF (B Harger, Johnson, Bentson, Newton), 2:23.47; 3. Central (T Johnson, Crawford, Blackmore, Ensrud), 2:37.48

400 freestyle relay - 1. TRF (Bataiden, Delmore, Holtan, Knapp), 5:48.15; 2. TRF (Chrzanowski, Olson, Johnanowski, Sorvig), 5:46.27.

Middle School

Franklin Middle School eighth graders beat Warren-Alvarado 15-5, 15-12 in the A match, but Warren-Alvarado won the B match 15-10, 15-4 in Thursday volleyball action.

Warren-Alvarado won both seventh grade matches – a 12-15, 15-12, 15-9 A contest and a 15-8, 15-8, 15-6 B sweep.

TRF volleyball JV squad third place finisher at Roseau

Thief River Falls finished third in the eight-team Roseau Invitational junior varsity high school volleyball tournament Saturday (Sept. 18).

Jenny Drury was credited with 26 last-touch points for the day to lead the Thief River Falls attack, while Heather Holthusen and Carrie Rud both had 18.

Thief River Falls went 1-1-1 in the pool play portion of the tournament. The win came against Grygla/Goodridge 15-13, 15-13. The tie occurred when a time-limit stopped play with a 9-9 score in Game 3 against Lake of the Woods after the Prowlers took the first game 15-8 and the Bears won the second game 16-14. The loss came against Warroad, 15-7, 16-14.

Roseau won the tournament, followed by Warroad, Thief River Falls, Badger/Greenbush-Middle River, Tri-County, Kittson County North, Lake of the Woods, and Grygla/Goodridge.

Red Lake Falls posts 32-0 win against Gators

Badger/Greenbush-Middle River gave up three long-range scoring plays Friday (Sept. 17) in a 32-0 Valley Plains Conference high school football loss at Red Lake Falls.

The four Red Lake Falls touchdowns included a 42-yard run and passes that covered 52 and 63 yards.

It was the third straight loss for the Gators and first-year head coach Steven Willman.

Brian Walsh led the Badger/Greenbush-Middle River offense by rushing for 119 yards on 24 carries.

Scoring

	1	2	3	4	T
B/G-Middle River	0	0	0	0	0
Red Lake Falls	8	16	0	8	32

RLF - Blaze Larson, 42-yard run; Shane Myhre run

RLF - Myhrer, 10-yard run; Nate Patnode pass from Brian Remick

RLF - Aaron Thibert, 52-yard pass from Remick; Patnode pass from Remick

RLP - Patnode, 63-yard pass from Remick; Larson run.

Presenting...
RONNIE MILSAP
Saturday, October 9
Cabaret Showroom
ONE NIGHT ONLY 8 PM & 10 PM SHOWS

Perhaps more than any performer before or since, Ronnie Milsap has broadened country's base to include fans of myriad of musical genres. He moved from R&B and by the end of the decade won nearly every award the industry had to offer. Two decades later, in 1993, Ronnie Milsap stands as one of country music's biggest superstars, still pushing away boundaries, still bringing in new fans.

— NOTICE —

Beginning October 1st the Park Department and the Sanitation Department, will provide brush pick-up at no charge to city residents. Pile your hedge, tree and shrub trimmings by your garbage so the cut end faces the roadway. Pick-up will be on Fridays—the west half of the city will be done October 1, east half October 8, then continuing with the same rotation. The service is intended for minor trimming that the homeowner will do. Brush from tree removal, ie: Dutch Elm Disease, etc. will not be included in this service. If a resident hires a contractor to trim or remove trees, hedges or shrubs, the contractor will be responsible for the disposal of the brush. **If you have any questions, please call the Park Department at 681-2519 or the Sanitation Department at 681-4603.**

NOTICE OF PERMANENT PART-TIME POSITIONS AT AIRPORT

The City of Thief River Falls has a Category II and III position open at the Regional Airport. One of the positions could involve up to 20 hours of work per week and the other up to 34 hours per week. Hours are irregular and could involve starting as early as 4 a.m. Weekend work would be required.

Applications will be received by the Jobs and Training Office, 318 North Knight Ave. in Thief River Falls through Tuesday, October 5, 1993, at 4 p.m. Any job applications received after that time will not be considered.

This is work that includes the operation of light and heavy equipment on an as-needed basis, maintenance of equipment, manual labor, as well as some custodial and security work.

The pay will range from $6.14 to $8.77 per hour.

THE CITY OF THIEF RIVER FALLS IS AN EQUAL OPPORTUNITY EMPLOYER

Higher Education Board chancellor to visit here

Dr. Jay Noren, chancellor of the Minnesota Higher Education Board, will visit the campuses of Northwest Technical College—Thief River Falls and Northland Community College on Tuesday, September 28, as part of his objective to visit all of the campuses involved in the three-way higher education merger.

Dr. Noren said it is his intent to seek the guidance and hear the concerns of people who belong to, or rely on, Northwest Technical College and Northland Community College and the entire higher education system. The visit will also give him a chance to become more acquainted with the campuses and the community.

In his position as chancellor, Dr. Noren has the responsibility for planning and carrying out the biggest reorganization of higher education in Minnesota history—the merger of the state universities, community colleges and technical colleges into a single system, operating under the Higher Education Board. The merger is scheduled to take effect July 1, 1995.

A native Minnesotan, Dr. Noren is a graduate of the University of Minnesota and the University of Minnesota Medical School. Before being named chancellor last January, he headed the medical complex at the University of Wisconsin at Madison.

Dr. Noren's schedule will begin with a breakfast with community representatives from 7 to 8 a.m. in Northland Community College Room D61, at which he will give a brief address.

From 8 to 9 a.m. he will visit with technical college faculty and staff in Room 101/103 at the technical college. Vern Treat and Rollie Boldt of the technical college administrative staff will take the chancellor on a tour of the technical college from 9 to 9:20 a.m. A press conference and radio interview at the technical college's radio station is scheduled for 9:30 to 10 a.m.

From 10:10 to 10:45 Dr. Noren will visit with technical college and Northland students and student representatives in room D60/61 at Northland, then tour Northland with NCC President Dr. Jim Haviland until 11 a.m.

Between 11 a.m. and noon the chancellor will be available to visit with Northland faculty and staff in Room D61.

At 12:15 p.m. Dr. Noren—along with selected staff from Arctco, Inc. and Northland and technical college administrators—will be a guest for lunch at the home of William Ness, chairman of the board of Arctco and a member of the Higher Education Board. A tour of Arctco, Inc. will follow the luncheon.

From 1:30 to 2:30 p.m. Dr. Noren will tour the technical college aviation facility at the Thief River Falls regional airport with Dr. Drley Gunderson, campus president, and aviation staff members prior to departure from the airport at about 2:30 p.m.

Four arrested on drug charges in TRF Thursday

Four people were arrested Thursday in Thief River Falls and now face drug charges.

Through investigation, police learned on September 23, at 1:06 p.m. that a 17-year-old juvenile male at Lincoln high school had sold some marijuana to another individual. With the cooperation of high school authorities, the juvenile was contacted and he allegedly admitted to selling marijuana during noon break.

A search warrant was obtained for a local residence and when police entered the apartment three individuals were in the apartment with a large amount of marijuana on a table. Nine small bags of marijuana and various paraphernalia were confiscated.

The 17-year-old juvenile male was charged with sale of marijuana, possession of a small amount of marijuana, and conspiracy to sell marijuana. Also charged were the following: Darin Jon Anderson, 19, route 5, Bock, MN, for conspiracy to sell marijuana and transport marijuana, and possession of a large amount of marijuana; Floyd A. Donarski Jr., 39, Princeton, for possession of a large amount of marijuana; and Jason Haberman, 20, Milaca, for possession of a large amount of marijuana, and conspiracy to sell marijuana.

A 1984 Ford Ranger owned by Darin Anderson and used in the transport of the illegal drug was confiscated.

Homecoming queen and king at Grygla high school are seniors Charisa Aune and Jason Grandstrand. They were crowned Wednesday evening in ceremonies at the school gymnasium.

Expect population losses to continue

(Continued from Page 1)

years. Dakota County is projected to have the second highest rate of growth. The report says that by 2020, more than two-thirds of Minnesotans will live in three growing metropolitan areas: Minneapolis-St. Paul, Rochester or St. Cloud.

Not all rural areas are expected to lose population. Many counties in north central Minnesota are projected to continue growing for the next 30 years, reflecting the growth in recreation, retirement and forest products industries.

The aging trends projected for the state as a whole will be most noticeable in suburban areas, the report says. For example, the number of people age 85 or older is projected to increase 388 per cent in Anoka County between 1990 and 2020. "The aging of the suburbs reflects the large number of middle-aged people who are living there now," said State Demographer Tom Gillaspy. Although rural areas have high concentrations of elderly people, their older populations will not grow as rapidly.

County population projects are widely used by government and others. "You might not need a new waste facility if population in your area is declining, for example," Gillaspy said. "On the other hand, if the elderly population in your county will be growing substantially, you might need to plan new housing and transportation options."

"Minnesota's Changing Counties" is the second in a four-art series "The Next 30 Years." The first report, a "Changing Population," contains population projects by age, sex and race through the year 2020. Future publications will include household and labor force projections.

Gem of a deal not a deal at all,

(Continued from Page 1)

Police Chief Ken Proschheiser and Pennington County Sheriff Gerald Moe urge residents to use caution when dealing with companies located outside of the country. It would be better to go through local merchants to obtain the same items.

First place winner in regional competition for building a senior meal site collection box was Owen Wackwarth of Thief River Falls. His "Apple Castle" was judged first among 18 entries at the Region I competition held in Crookston during the Lutheran Social Services senior meal site annual meeting. Criteria for judging included construction, confidentiality in making a donation and use of the LSS apple logo. In the above photo Owen shows how the top can be raised to allow the donor to deposit money with his or her hand shielded from the view of others. The money drops into the drawer from which it can be easily removed after the meal has been served. The castle is used regularly in the LSS senior meals program at the Heritage Community Center in Thief River Falls.

Plan auction at GFAFB on September 29

Surplus government items will be sold at public auction Wednesday, September 29, at the Grand Forks Air Force Base west of Grand Forks, ND, beginning at 9 a.m. in Building 309, the base NCO club.

Items for sale will include utility poles, miscellaneous hardware, household items, computer equipment, clothing, tires; electronic equipment and office furniture. They may be inspected weekdays from 7 a.m. through 3 p.m. at Building 432.

Bidders may register during any of the inspection hours and after 7 a.m. on the morning of the sale. Sealed bids may be submitted until 3 p.m. September 28. A free catalog is available by calling 701-747-3781.

Keeping WATCH AROUND THE REGION

Sherry LaCoursiere

New dining spot in Erskine, The Diner

Erskine - Potato klub, hot beef sandwiches and homemade chili are favorites at The Diner restaurant in Erskine, which has recently opened under the management of John and Denise Wilkinson. John is the cook and has been in the restaurant business for 12 years. The Wilkinsons are helping to protect the environment at their new restaurant, too, by using recycled napkins and place mats.

Recruiting Asian students in area

Red Lake Falls - The superintendent of schools in Red Lake Falls plans to make a trip to Asia to try and get students from there to come to this country. Costs for the trip will be paid by a fund targeted for international recruitment.

Stephen man is Outstanding

Stephen - Richard Hebert, Stephen resident, has been named to receive the 1993 Outstanding Alumni award from the University of Minnesota-Crookston. Hebert graduated with a degree in Agriculture in 1968, a member of the first class to graduate from the university. He is the president and co-owner of D&D Commodities, Ltd. in Stephen.

Roseau river dam needs some fixing

Roseau - The city of Roseau is looking for FEMA funds to help fix the dam on the Roseau river. The mayor says the new dam would allow the river to contain another foot of flood water. Potential improvements include concrete barrier walls on both river banks and raising of the walkway.

They say beware of those things

Hallock - At a recent board meeting, Kittson county commissioner Bev Hewitt questioned a maintenance agreement charge for $28,000 per year for checkups to furnace, air conditioning and elevator at the courthouse. Since the board is trying to cut the budget by $50,000 this year, it has asked for a report on the maintenance agreement from custodian John Poirament.

Working on the second 25 now

Warren - Marlene Sommers was recently honored by fellow workers for 25 years of employment with the Marshall County Social Services.

Time flies when you are having fun and keeping busy

Argyle - Ethel and Dale Larson of Argyle celebrated 56 years of married life with friends and relatives at the Warren Senior Citizen center on September 10. The Larsons are active volunteers at the meal site and Mr. Larson serves on the meal site council.

New administrator at Karlstad Care

Karlstad - Kevin Quinn is the new administrator of the Karlstad Health facility. He is from Woodbridge, VA, and says he was "intrigued" by the ad for a rural health administrator in Karlstad.

NWRDC plans to study area transportation suggestions

Five meetings planned in area communities by advisory committee

Transportation advisory committee of the Northwest Regional Development Commission will conduct five meetings in the seven-county region in mid-October to secure input on transportation needs.

Meetings are scheduled by the NWRDC at Thief River Falls, Argyle, Badger, Crookston and Ada.

"As the need for transportation dollars continues to outpace revenues available, it becomes increasingly important to target the limited funding to transportation projects which will best serve the region's needs," states Sandy Warner-Coltom of the NWRDC staff.

The scheduled meetings are being held "to better identify the region's transportation needs," Warner-Coltom said. Input will be invited regarding state trunk highway, transit, air, rail, bridge and other needs throughout the region.

Meeting schedule is as follows:

- Wednesday, Oct. 13—Northwest Regional Development Commission office in Thief River Falls, 6 p.m.
- Thursday, October 14—Community Center in Argyle, 6 p.m.;
- Tuesday, Oct. 19—Community hall in Badger, 6 p.m.;
- Wednesday, Oct. 20—Commissioner's room in the Polk county courthouse in Crookston, 6 p.m; and
- Thursday, Oct. 21—Courthouse annex meeting room in Ada, 6 p.m.

District 2 officials from the Minnesota Department of Transportation (Mn/DOT) will be present at all meetings to discuss an area wide transportation partnership (ATP) concept which has been created statewide in order to make transportation funding decisions at the local level. This is part of the implementation of the Intermodal Surface Transportation Efficiency Act (ISTEA) which emphasizes cooperation among all modes and all state and local transportation interests.

The NWRDC transportation advisory committee will review the input provided at all the meetings and make recommendations to Mn/DOT regarding improvement priorities in the region. "Considering the time required to actually get a project worked on, it is important that local concerns on particular transportation projects are presented at one or more of these meetings," Warner-Coltom added.

Persons with questions concerning the public meetings are invited to contact the NWRDC offices at 525 Brooks Avenue South in Thief River Falls or call 681-2637.

Groundbreaking ceremonies for the new additions and remodeling at Franklin middle school were held Wednesday afternoon with Franklin students comprising most of the crowd in attendance. Dennis Kiesow, vice chairman of the School District 564 board of education, was one of several speakers prior to the ceremonial groundbreaking. Others were Sen. LeRoy Stumpf of Thief River Falls, Rep. Tim Finseth of Warren, Mayor Bob Reave of Thief River Falls and Pennington county board chairman Oliver "Skip" Swanson. Four groups of school, government and construction representatives officially broke ground.

Noren says system to exist for students

Minnesota's system of higher education consisting of merged state universities, community colleges and technical colleges will "exist almost exclusively for the student," according to Dr. Jay Noren, chancellor of the Minnesota Higher Education Board.

Dr. Noren was in Thief River Falls for visits to Northland Community College and Northwest Technical College campuses Tuesday and met with community representatives at a breakfast session at 7 a.m. The Higher Education Board is charged with carrying out the largest reorganization of higher education in Minnesota history by July 1, 1995.

Stressing the need for cooperation to provide optimal use of resources, Dr. Noren told the community representatives that the critical issue was "affection and not protection" for previously existing systems.

He said there will be a 35 per cent increase in high school graduates in the next 15 years and that higher education needs to adapt in order to permit students to adapt to the realities of employment. Those entering the job market in the next few years may expect to make five to seven job changes during their careers, each of which will likely require additional education or

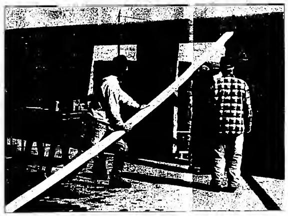
(Continued on Back Page)

Dr. Jay Noren (right), chancellor of the Minnesota Higher Education Board, talks with board member William Ness of Thief River Falls during his visit to Northland Community College and the Northwest Technical College Thief River Falls campus Tuesday. The Higher Education Board is responsible for the merging of the state universities, community colleges and technical colleges into a single system by July 1, 1995.

Economic development meetings set

Residents of northwestern Minnesota are invited to participate in one of three scheduled public meetings in Thief River Falls, Fertile and Greenbush to express concerns and provide ideas to impact economic development.

Sponsored by the Northwest Regional Development Commission, the meetings are an effort to obtain public and private sector input on goals and strategies to create economic development and the expansion of jobs in northwestern Minnesota.



First meeting will be Tuesday, October 5, at 7 p.m. at the regional development commission office at 525 Brooks Avenue South in Thief River Falls. On Thursday, October 7, the session will be at 7 p.m. at the Fertile Community Center. At Greenbush on Tuesday, October 12, also at 7 p.m., the meeting will be in the community center.

"The strategies for economic development resulting from information obtained at these meetings will be compiled into a 'Regional Economic Blueprint,' which is an outcome of the state economic blueprint developed by the Minnesota Department of Trade and Economic Development," according to Linda Nelson of the NWRDC staff.

Nelson said the regional blueprint will include potential strategies and changes which could be implemented to improve the economy of the region.

Friends help raise walls at Fourtown store

New log building is being constructed to replace wilderness landmark recently destroyed by fire

Volunteers and carpenters struggle to make a minor adjustment to a wall at the new Fourtown store. The concrete was poured last week. On Monday, carpenters and volunteers began putting up the log walls. By noon on Wednesday the walls were up and they were preparing to put up the rafters. By the weekend, they expect to be putting shingles on the roof. Owner Polly Dehnert said she expects to have the store up and running by the end of October.

By David Hill
Associate Editor

With a little help from her friends, Polly Dehnert will have the new Fourtown store up and running by the end of October.

With just the four walls of her new building around her, Dehnert was able to smile and point out spots on the recently poured concrete where she plans to have the new bar, the kitchen, walk-in refrigerator and even showers for the hunters and visitors to use. It was as if she was describing things that were already in front of her.

It was a much different story on August 28 when all she had to look at was a few charred pieces of jagged beams sticking up from a pile of smoldering rubble. It was devastating. The two most important seasons of the year were fast approaching and it looked like the Fourtown store wouldn't be there for the hunters and snowmobile enthusiasts.

But with the help of a friend, a small store was opened in a trailer home. With encouragement from other friends and her own determination, she decided to continue operating what many call a historic landmark.

Last Thursday, the concrete for the foundation was poured. She said she thought she had some carpenters lined up, but on the weekend that fell through. So, she called on some more friends on Sunday and five minutes later she had the help she needed to get construction under way. On Monday, September 27, friends like Arnie Englund, Dale Folger, Lyle Newton, Billie Blankenfeld, Morris Flattum, Jerry Battleson, Dave Jones, Jeff Torgerson, Marlin Pearson, Tim Bryan and 80-year-old Leonard Newhouse pitched in and the walls began to come up.

With the enthusiasm and energy of young kids, the small army of volunteers stopped work long enough on Wednesday to describe how they put each log on top of each other and how the logs fit together like Lincoln Logs. A couple complained of old injuries during the rest break, but they had been working through rain and a little snow from 8 a.m. to 6 p.m. for two and one-half days already. They were also looking for a little "grub". In exchange for their hard work, Polly has been providing meals.

In 1915, Fourtown was incorporated. In the early 1920's it had two stores. At one time, the town had a creamery, the Farmer's Club Hall, an ice house, a barn, a garage, and a house for the buttermaker and two stores. In 1930, the population of the town was estimated at 433. In 1990, it was estimated at 161, but that estimate must have included a much larger rural area because Fourtown before the fire consisted of a few mobile homes and the 80-year-old building which housed the Fourtown bar/gas station/convenience store. In recent years, Fourtown has become popular among hunters and snowmobile enthusiasts

TRF Gun Show set for October 16-17

Annual Thief River Falls Gun Show will be held Saturday and Sunday, October 16 and 17, at the curling club building on the Pennington county fairgrounds in Thief River Falls.

Show hours will be from 9 a.m. to 6 p.m. Saturday and 9 a.m. to 4 p.m. Sunday. Admission will be $1.50 with children under 12 not admitted unless accompanied by an adult.

Exhibitors may set up their displays from 6 to 9 p.m. Friday, October 15, or from 7 a.m. to 9 p.m. Saturday, October 16.

Eight-foot tables will be available to exhibitors in any quantity at a rental rate of $17.50 for the first table and $15 for each additional table for the two-day show. Tables are available on a first-come, first-served basis and there will be no one-day table rental rates.

All federal and local firearms laws and regulations must be observed. Security will be provided on a 24-hours-per-day basis, although the show sponsors note they are not responsible for fire, theft or accidents.

In prior years the show has attracted dealers from throughout Minnesota and from several neighboring states with a large number and variety of firearms on exhibit and for sale or trade. The public is invited to bring items for sale or trade to the show.

Persons interested in exhibit space or other information about the show may contact Robert Campbell at Box 159, Thief River Falls (phone 681-3114 or 874-6781) or Gail Steinhauer at Route 2, Box 153, Thief River Falls (phone 449-4751).

Confirmation of table reservations may be assumed if remittance is not returned. For written confirmation of reservation or table type, enclose a self-addressed, stamped envelope with request for tables.

Screening at Goodridge

Early childhood screening will be held in the kindergarten room of the Goodridge school Monday, October 11.

Families in the Goodridge School District who have a child born between Oct. 1, 1989 and March 31, 1990, should be receiving a pre-scheduled appointment in the mail.

Those who have a child born prior to Oct. 1, 1989 who has not been screened are asked to contact Karen Walseth at 874-8215 to schedule an appointment for the screening.

The 1991 legislature required that all children be screened prior to entering kindergarten. The screening includes a family interview and screening tests for development, vision and hearing as well as review of dental and health status and a simple physical examination.

Early detection of children's health and developmental problems can reduce the later need for costly care and such difficulties can be addressed prior to kindergarten entrance, Walseth said.

4-H project meets set

Marshall county is conducting an evening of project meetings on Tuesday, October 26, at the Newfolden community center from 6:30 to 9 p.m.

There will be three 45-minute sessions and the cost will be $1 for all three. Some of the topics to choose from are record keeping, needle arts, officer training, foods, wildlife, creative arts, demonstration and vegi-prints.

Pennington county has been invited to participate in the sessions and they are considered an excellent time and opportunity to gain knowledge and information on these topics.

Chuck Girard

Girard in concert at TRF church

Contemporary Christian musician Chuck Girard will be presented in concert Sunday, October 3, at 7:30 p.m. at Jesus is King Ministries two miles east of Thief River Falls on highway 1. Free-will offering will be received.

Girard is considered one of the pioneers in contemporary Christian music. He and four friends formed a group called "Love Song" in 1970 that was the first group to play rock oriented music in a Christian setting and gain international acceptance and popularity.

Since "Love Song" disbanded in 1974, he has made a number of solo albums and been involved in evangelism and missions emphasis.

4-H banquet

Pennington county 4-H awards banquet is scheduled for Wednesday, October 20, at Lincoln high school in Thief River Falls. The meal will be served beginning at 6 p.m. and the program will begin at 7:30 p.m.

Tickets will be given to club leaders at the October 4 meeting of the Pennington county leaders council. Money for tickets sold is to be turned in at the county extension office along with unsold tickets by October 15. Ticket prices are $1 before October 15 or $1.50 at the door.

Marshall Co. Central plans homecoming

Homecoming events for Marshall County Central students will begin on Monday, October 4. Coronation of a king and queen will follow a program of skits and performances which begin at 7:30 p.m. in the high school gym.

Candidates for homecoming king include: Aaron Skedsem, son of Archie and Anita Skedsem; Shawn Leach, son of Connie and Walt Leach, and Scott Zak, son of Allan and Naomi Zak.

Queen candidates include: Tami Berggren, daughter of Newell and Loretta Berggren; Jennifer Larson, daughter of James and Carrol Larson; and Sara Lokstad, daughter of David and Judy Lokstad.

Attendants include the following: Andy Heier and Kandy Moose for the 11th grade, Melanie Biswat and Arland Nelson for the 10th grade, Melissa Fick and Dustin Swan for the 9th grade, Michelle Waterworth and Mike Leas for the 8th grade, and Taya Skiver and Justin Underdahl for the 7th grade.

Events, such as school spirit day and other dress-up days were in the process of being planned last week. The Homecoming football game will pit Marshall County Central against Kittson County Central at the field in Newfolden. The game begins at 7 p.m. Following the football game, MCC students and their guests are invited to the Homecoming dance. Jason Rominski will be the disc jockey.

Opinions

Marvin Lundin
Editor

Editorial opinion published on this page, whether locally written or re-printed from other sources is intended to stimulate thinking and discussion among our readers. Opinions expressed by the editor are his own and not necessarily those of other staff members. Opinions expressed in items from other publications may be contradictory to the editor's own views but are offered for their general interest.

Terms limits limit democracy?

by David Hill
Associate Editor

When I first began writing this editorial piece I was against setting term limits for state legislators. I couldn't get beyond my firm belief that in a democracy, I should be able to vote for whoever I want to. Nobody should be able to take away my right and responsibility to look into the character and ability of the candidate I choose to represent me.

The fact is, however, we need to get more people involved in government and there are many problems that could be solved by setting term limits for state legislators.

Term limits aren't exactly a new concept. There are term limits for presidents and there are all kinds of limitations on who can run for government office. Realizing that our government had already set limits to who can run for office helped turn the argument for me.

Term limits and qualifications for who can run for office are set out in amendments to the constitution. Term limits were created for the executive branch so that no one person could accumulate enough power and influence to hold the office for life. Although there are limitations as to who can run for office, I think the legislative branch somehow couldn't foresee the day that a single legislator could accumulate that kind of power and influence.

I also realized that corrupting influences, like power and money, are not the problem. Everyone is faced with temptation. The problem is a lack of ethics. Our system of government has worked fine for over 200 years, instead of changing several elements of how it operates, why not change term limits and hope for a better class of person to occupy seats in the legislature.

Baiting Hunters Instead Of Waterfowl

Add to the list of ill-conceived governmental decisions the raising of the waterfowl "baiting" question by the enforcement arm of the U.S. Fish and Wildlife Service (USFWS). The USFWS issued a news release a few days ago advising hunters to "use extra caution about potential illegal baiting situations in deciding where to hunt."

Do not confuse the federal agency with the Minnesota Department of Natural Resources. The USFWS is not the DNR, although the state agency certainly is involved with law enforcement involving violation of federal law and regulations. It wasn't the DNR that raised the "baiting" question and issued the warning.

In the case of waterfowl "baiting," it is a regulation that is involved. The USFWS is authorized to issue regulations—which have the effect of law—to protect the nation's waterfowl resource.

We recognize that the USFWS has been placed (or perhaps placed itself) in an awkward position here. Its enforcement officers labor under a regulation that remains in effect although they must certainly recognize that circumstances have dictated farmers' actions in regard to their handling of their crops.

When the crops were planted last spring it was with the intent to harvest them, sell the grain and feed the family. The intent wasn't to raise the crop, burn the field, collect the insurance and lure waterfowl to the slaughter. Even had it been the intent, it would have been ill-advised, because such fields are too numerous and dispersed to concentrate feeding waterfowl and—from what we have been able to ascertain from farmers and wildlife officers, both state and federal—the waterfowl in the area haven't been using the burned fields anyway.

But the regulations involving baiting don't say anything about intent. Here is what the regulation does say:

"No persons shall take migratory game birds: (1) By the aid of baiting, or on or over any baited area. As used in this paragraph, 'baiting' shall mean the placing, exposing, depositing, distributing, or scattering of shelled, shucked, or unshucked corn, wheat or other grain, salt, or other feed so as to constitute for such birds a lure, attraction or enticement to, on, or over any areas where hunters are attempting to take them;

"And 'baited area' means any area where shelled, shucked, or unshucked corn, wheat or other grain, salt, or other feed whatsoever capable of luring, attracting, or enticing such birds is directly or indirectly placed, exposed, deposited, distributed, or scattered; and such area shall remain a baited area for 10 days following complete removal of all such corn, wheat or other grain, salt, or other feed. However, nothing in this paragraph shall prohibit:

"(1) The taking of all migratory game birds, including waterfowl, on or over standing crops, flooded standing crops (including aquatics), flooded harvested croplands, grain crops properly shocked on the field where grown, or grains found scattered solely as the result of normal agricultural planting or harvesting; and

"(2) The taking of all migratory game birds, except waterfowl, on or over any lands where shelled, shucked, or unshucked corn, wheat or other grain, salt, or other feed has been distributed or scattered as the result of *bona fide* agricultural operations or procedures, or as a result of manipulation of a crop or other feed on the land where grown for wildlife management purposes....."

That's what the regulations state, and the USFWS apparently decided it was best to warn hunters about them. It could certainly be argued that the warning is preferable to wholesale arrests for baiting violations without first issuing a warning.

Another option, of course, would be to simply use reason and discretion and not push the issue. This is an unusual, perhaps even a unique year for land use in northwestern Minnesota as it relates to weather and federal farm program compliance. Already staggering under the blows of land preparation and planting costs, adverse weather, chemical application costs, plant disease, price discounts, unharvestable fields and poor prospects of preparing land for a crop in 1994, farmers really don't need another cheap shot in the form of a baiting violation threat.

Nor do sportsmen—whose dollars through license fees, sporting goods excise taxes and voluntary donations to wildlife causes pay for preservation, propagation and conservation of waterfowl—need to be cast in the role of lawbreakers simply because their normal hunting areas may be too wet for normal harvesting practices this year.

From a realistic standpoint, if crop remnants in burned fields are not attracting feeding birds, the presence of those remnants doesn't constitute much of a lure. And if waterfowl are not concentrated in restricted feeding patterns because the feed is so widespread and abundant, they are not vulnerable as they would be in an artificially arranged situation which the baiting regulation was obviously meant to prevent.

In pro basketball there is a term relative to the rules that is called "no harm, no foul." In other words, if something technically against the rules occurs but does not interrupt the normal course of the game, the officials don't call it. That's good judgment. So would it be good judgment to ignore technicalities of the baiting regulation if it is unintentional, incidental to the situation and causes virtually no undue harm to the resource. It would be nice to see the Fish and Wildlife Service exercise discretion in this matter. Baiting farmers and hunters isn't good for wildlife either.

Northern Watch Policies

Letters To The Editor: The staff of the Northern Watch encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in Northern Watch exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Veterans Service office closed

Office of John Ellison, Pennington county veterans service officer, will be closed Monday and Tuesday, October 4 and 5, while he is attending the Northwest Minnesota County Veterans Service Officers District area fall meeting and training in Fargo, ND with North Dakota CVSOs and Veterans Administration representatives.

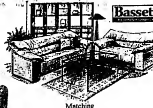
Weight Loss Puzzles Researcher!



WASHINGTON -- A researcher at National Dietary Research was puzzled at how successful a natural food tablet had become in helping overweight people lose weight. Dr. William Morris was puzzled because the original chewable tablet formula was developed to help feed the world's undernourished people.

Some may say the weight loss is due to the natural plant colloids that Finnish scientists say interferes with the intestinal absorption of calories and Swedish scientists found to cause weight loss in spite of patients being instructed not to alter normal eating patterns. Others may say its the patented ingredient developed by the U.S. Department of Agriculture that burns the fat. But not all scientists agree with these theories so they must be considered speculation pending further study.

According to Dr. Morris, the improved formula's weight loss potential is no longer a mystery. The formula called Food Source II (FS-II) contains a powerful appetite blocker that decreases calorie absorption.

FS-II comes with a revolutionary diet plan that allows you to lose weight without giving up your favorite foods. With the FS-II Plan there are no forbidden foods and the special appetite control ingredient is one of the most effective available without a prescription.

Berkeley-Brown Labs has obtained exclusive distribution rights to FS-II. FS-II is available through pharmacies and other health care professionals.

SOUPCON

Sherry LaCoursiere

Today we'll have some recipes I have stolen from area newspapers. I haven't had time to try them, but guess who will be baking and cooking this weekend.

This just sounded good to me. It sounds like a really quick way to make a different chicken dinner. I would probably use the whole chicken to make it for and everyday meal:

LEMON-TARRAGON CHICKEN

2 tablespoons butter or margarine
8 medium skinless, boneless chicken breast halves (1 1/2 pounds)
2 cups fresh mushrooms, halved
2 cloves garlic, minced
3 tablespoons dry sherry
1/2 teaspoon dried tarragon, crushed
1/2 teaspoon lemon-pepper seasoning
1 can (14 1/2 Ounces) chicken broth
1/3 cup flour
1/4 cup dairy sour cream
Hot cooked spinach noodles or egg noodles

Melt margarine in 12-inch skillet over meduim high heat. Add chicken, muchrooms, garlic, sherry, tarrogon and lemon-pepper. Cook, uncovered, (turning once) for 10-12 minutes, until chicken is no longer pink.

Remove chicken ond mushrooms. Combine chicken broth and flour and blend weil. Add to the skillet; cook and stir over medum high heat until thickened and bubbly.

Remove about 1/2 cup of skillet mixture and stir into the sour cream. Return to skillet, along with chicken and mushrooms. Heat through, but do not boil. Serve over hot, cooked noodles.

Recipe serves 8 with each serving containing 282 calories, 8 g fat, 57 mg chol, 25 g pro, 24 g carbo, 2 g fiber, 311 mg sodium.

This recipe is stolen from the Warren Sheaf. The Sheaf says it is from Mrs. Arthur Kohlhase. Sound yummy --and easy:

PICNIC CARAMEL CAKE

2 cups sifted cake flour
2 1/4 teaspoons baking powder
3/4 teaspoon salt
1 cup plus 2 tablespoons sugar
1/2 cup shortening
2/3 cup milk
1 teaspoon vanilla
2 unbeaten eggs
1/2 cup finely chopped nuts

Sift cake flour, baking powder, salt and sugar into shortening. Add milk and mix until flour is dampened. Beat 2 minutes at low speed of mixer.

Add eggs and nuts and beat 1 minute. Bake in 9x9 inch (or a little larger) pan for 35-40 minutes in a 350 degree oven. Top with caramel frosting.

I Don't know where I got the next two recipes, but they were together and I cut them both out. I love sour cream raisin pie (naturally - how many calories and "bad" cholesterol in it?), but think I should call it by another name, because my family turns their noses up at it (too bad, I have to eat it all by myself):

SOUR CREAM RAISIN PIE

1 baked pie shell
2 egg yolks
1/2 cup sugar
1 tablespoon cornstarch
1 cup sour cream
3/4 cup raisins
1/2 teaspoon cloves
1/2 teaspoon nutmeg
1/2 teaspoon cinnamon

Boil raisins in water until almost dry. Drain, if necessary.

Add sour cream and beaten egg yolks. Bring to a boil and add sugar, cornstarch and spices which have been blended together.

When thickened, pour into baked pie shell, top with meringue and bake at 425 degrees until meringue is lightly browned.

How about this for a tasty way to pep up your hamburger tonight:

PIZZA MEAT LOAF

2 pounds ground beef
1 cup cracker crumbs
1/2 cup chopped onion
2 beaten eggs
1/2 cup grated parmesan cheese
1 1/2 teaspoons salt (or less)
1 teaspoon oregano
1 cup milk
1 can pizza sauce (about 10 ounces)
1 cup mozzarella cheese, grated

Mix all ingredients together and place in greased loaf pan. Bake one hour at 350 degrees.

Remove from oven, drain and pour pizza sauce over meat loaf. Sprinkle with mozzarella cheese and place in oven for 15 minutes more.

One more stolen recipe today, this one for something pumpkin. Last night I was so hungry for something pumpkin that I made two pumpkin pies at 8 p.m. Lucky I had some frozen crusts and canned pumpkin from last year or I couldn't have done it.

PUMPKIN SQUARES

Crust

1 cup flour
1/2 cup oatmeal
1/2 cup butter

Mix and press in 9x13 pan. Bake at 350 degrees for 15 minutes.

Filling

2 cups pumpkin
13 ounce can evaporated milk
3 eggs
scant cup of sugar
1/2 teaspoon salt
1 teaspoon cinnamon
1/2 teaspoon ginger
1/4 teaspoon cloves

Pour filling over crust and bake 20-25 minutes.

Glaze

1/2 cup brown sugar
2 tablespoons butter or margarine
1/4 cup chopped pecans or walnuts

Spread over top of dessert and bake 20 minutes more.

Serve with something rich, like whipped cream.

Boiler operator license exams are scheduled

State of Minnesota boiler inspectors will be holding the state boiler operator license examinations October 20 at the Northwest Technical College in Moorhead, October 21 at the NTC in East Grand Forks and October 22 at the NTC in Bemidji. All of the exams will be from 9 a.m. to noon.

For more information contact the Moorhead campus at 800-426-5603, the East Grand Forks campus at 800-451-3441 or the Bemidji campus at 800-942-8324.

Prowlers finish regular season with 6-7 record

Innovative scoring and match-ups have been part of the girls high school tennis scene this fall as coaches try to conform to new Minnesota State High School League interpretations dealing with the allowable number of matches.

Thursday's Thief River Falls Quadrangular, for example, turned into a series of dual meet match-ups instead of having the emphasis placed on individual finishes in each singles and doubles category.

The Prowlers beat Park Rapids Area 3-2 and shut out Roseau 5-0, but lost to East Grand Forks 3-2 in their final regular season outing – putting them at 6-7 in dual meet play.

"We played pretty well," said Thief River Falls coach Jay Forney. "We finished on a positive note."

The Prowlers will now wait for the start of North Sub-Section 8AA team and individual matches Oct. 14-15 at the Grand Forks Tennis Center.

TRF 3, Park Rapids Area 2

Singles - 1. Megan Reich (PR) def. Jami Dehnert 6-1, 6-1; 2. Rachel Pederson (PR) def. Jami Fremstad 6-4, 6-0; 3. Bobbi Dahlstrom (TRF) def. Lisa Beelner 6-1, 6-4.

Doubles - 1. Kamie Twomey-Tiffany Brouse (TRF) def. Shelly Thorne-Lynsey Zitzer 6-3, 6-1; 2. Anne Padilla-Shari Evenson (TRF) def. Shelly White-Missy Thorne 6-4, 6-2.

TRF 5, Roseau 0

Singles - 1. Jami Dehnert (TRF) def. Anne Mattson 6-6, 2. Jami Fremstad (TRF) def. Carla Mattson 6-0; 3. Bobbi Dahlstrom (TRF) def. Anne Johnson 6-3.

Doubles - 1. Kamie Twomey-Tiffany Brouse (TRF) def. Abbey Hamilton-Alexis Anderson 6-0; 3. Shari Evenson-Anna Padilla (TRF) def. Nicole Anderson-Kim Erickson 6-0.

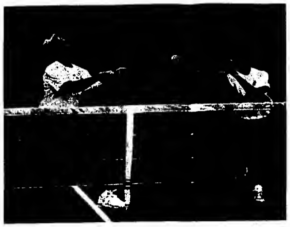
EGF 3, TRF 2

Singles - 1. Angie Schantzen (TRF) def. Jami Dehnert 6-1, 6-4; 2. Gina Staus (TRF) def. Jami Fremstad 6-1, 6-0; 3. Tammy Void (EGF) def. Bobbi Dahlstrom 6-0, 6-3.

Doubles - 1. Kamie Twomey-Tiffany Brouse (TRF) def. Shelly Burton-Stacie Hulberg 7-6 (7-4), 6-3; 2. Shari Evenson-Anne Padilla (TRF) def. Lori Rud-Kim Morken 4-6, 6-2, 1-0 (8-6).

Brainerd is a 3-1 MCCC volleyball winner over NCC

Brainerd beat visiting Northland 3-1 Wednesday in Minnesota Community College Conference volleyball.



It was the Northwest Division debut for the Pioneers, who took a 4-13 overall record into a Friday home match against Fergus Falls.

Usually a slow-starting team, Northland surprised Brainerd 15-8 in Game 1, but the Raiders regrouped and put together 15-4, 15-5, 15-9 match-clinching wins.

"We started out fantastic," said Northland coach Deb Jacobson. "We came off the bus ready to play and had them (Raiders) back on their heels. But they woke up and we quit being aggressive. We quit hitting. If we could just put an entire match together we'll be tough."

Northland Scoring

■ Kills - Kathy Kvick 10, Ranada Erickson 7.
■ Assists - LuAnne Maslowski 12.
■ Ace serves - Ronda Olson 3, LuAnne Maslowski 2.
■ Digs - Ronda Olson 12.
■ Blocks - Ronda Olson 8.

Racquets smacked together as Thief River Falls No. 1 doubles partners Tiffany Brouse (left) and Kamie Twomey both went for the ball during Thursday's Thief River Falls quadrangular high school girls tennis match. East Grand Forks, Roseau and Park Rapids Area joined the Prowlers in their final home appearance of the 1993 season.

Prowlers lose volleyball marathon

Two hours worth of high school volleyball tested the stamina of Thief River Falls and Roseau Tuesday. And it might have been an even bigger endurance challenge if the Rams hadn't overcame a 13-9 fourth game deficit to close out the 15-9, 8-15, 15-11, 15-13 marathon.

"I don't know how either team would have survived another game," said Thief River Falls coach Helen Anderson. "We were both getting awfully tired."

And the Prowlers would have been forced to go with a straight six-player rotation since setter Kendra Dimich was sidelined in Game 4 by chronic knee problems, while junior varsity regulars/varsity reserves Jenny Drury and Heather Holthusen had both met their five-game participation limit for the night.

Neither team conceded many points. Back row digs and front row blocks stretched rallies and produced point-denying side-outs throughout the match.

"I thought we played pretty well," said Anderson. "We did a nice job digging, and at the net. But we still had a hard time putting the ball away when we had the chance."

Game 1 was tied at 6-6 before Roseau took charge down the stretch and won it on an ace serve by Jenny Hayes.

An ace by Toni Chiodo closed out a run at the service line as the Prowlers scored seven unanswered points to break an 8-8 tie in Game 2.

Neither team was able to retain its serve long enough to pick up points in a clock-eating third game that was tied at 11-11 before the Rams finally won out.

It looked like the Prowlers were going to even things at 2-2 when a point-producing save by Kelly Skeim put the Rams down 10-4.

Roseau, however, slowly inched back into it, tying the game at 13-13 on a tap by Erin Habstritt. A double block by Hayes and Habstritt made it 14-13 and an ace by Jennifer Lund ended the match.

Dimich had 23 assists in what Anderson called her best performance of the year, before she was forced to leave the contest. "When Kendra put it up, we had a chance to put it away," noted Anderson. "It really hurt when she wasn't in there."

Anderson also cited the strong all-around play by Jamie Martell, along with the front row offense supplied by Carrie Lawrence and Chiodo.

It was a clean sweep for the visiting Rams, who also won the junior varsity match 15-1, 12-15, 15-11 and took the C squad contest 15-5, 15-7.

TRF Scoring

■ Last-touch points - Kelly Skeim 12, Toni Chiodo 8, Carrie Lawrence 8, Jamie Martell 8, Kendra Dimich 4, Maren Thorson 3, Sarah Huschle 2.
■ Kills - Jamie Martell 12, Toni Chiodo 8, Carrie Lawrence 8, Kelly Skeim 8, Maren Thorson 7, Sarah Huschle 2, Kendra Dimich 1.
■ Service aces - Jamie Martell 3, Toni Chiodo 2, Carrie Lawrence 1.

Swanson runs second at EGF cross country meet

Lisa Swanson of Thief River Falls was a second place finisher Thursday in the girls portion of the East Grand Forks Invitational high school cross country meet.

A sophomore, Swanson ran a 13:09 and finished behind only Erica Espe of Roseau.

The Prowlers will host their annual Sports Boosters Invitational Monday beginning at 4:15 p.m. at the Thief River Golf Club.

Varsity Girls

■ Team totals - East Grand Forks 48, Thief River Falls 63, Northland 142, Grand Forks Red River 151, Crookston 153.
■ Individuals - 1. Erica Espe, Roseau, 12:48; 2. Lisa Swanson, TRF, 13:09; 3. Janine Deitrich, Warren-Alvarado, 13:17; 4. Krista Gregoire, EGF, 13:22; 5. Kelly Morken, EGF, 13:29; 6. Lori Duerre, Grafton, 13:31; 7. Annie Ness, Northwood, 13:35; 8. Kaylen Gregoire, EGF, 13:37; 9. Sarah Knutson, Crookston 13:39; 10. Amy Anconetani, Red River, 13:45. Other TRF places - 13. Leah Helgeneset, 14:03; 18. Jocelyn Helgeland, 14:12; 21. Angie Klinker, 14:28; 31. Stal Swanson, 15:01; 33. Heather Thomton, 15:14; 40. April Klinker, 15:34; 43. Jessica Bugge, 15:41; 45. Nichole Torbias, 15:52; 48. Lisa Riedel, 16:05; 57. Holly Miller, 17:40; 59. Lori DeLap, 17:47; 60. Jenny Nicholson, 18:23.

Varsity Boys

■ Team totals - East Grand Forks 85, Grand Forks Central 88, Grand Forks Red River 78, Crookston 84, Grafton 105, Warroad 164, Thief River Falls 183, Northwood 248.
■ Individuals - 1. George Kirby, GFC, 17:42; 2. Josh Jorde, GFC, 17:47; 3. Jason Chaput, EGF, 17:49; 4. Chris Zimmer, Red River, 18:11; 5. Bart Bjornson, Grafton, 18:30; 6. Marcus Stromberg, Crookston, 18:22; 7. Brian Kazmierczak, Stephen, 18:23; 8. Chris Ford, GFC, 18:24; 9. Shawn Briggs, Red River, 18:25; 10. David Hapka, Warren-Alvarado, 18:26. TRF places - 20. Jon Hendrickson, 18:20; 26. Dan Bjerknes, 19:44; 43. Dave Johnson, 20:58; 50. Stephan Ronchetti, 21:45; 54. Nick Dee, 22:18; 57. Nathan Anderson, 22:40.

Junior Varsity Boys

■ Individuals - 1. Bryan Welch, Roseau, 19:18. TRF places - 36. Kyle Sanden, 23:45; 39. Brett Peterson, 33:33; 48. Derek Dahlstrom, 25:28.

Junior High Boys

■ Team totals - Grand Forks 28, East Grand Forks 64, Tri-County 133, Crookston 138, Roseau 207, Thief River Falls 218, Northwood 230.
■ Individuals - 1. Nate Swenby, EGF, 12:17. TRF places - 6. Brian Unbehaun, 13:03; 16. Brady Anderson, 13:34; 29. Seth Hanson, 14:05; 44. Matt Tronivet, 14:55; 48. Brandon Gererdy, 15:03; 52. Jorden Goldesberry, 15:17; 55. Josh Engevik, 15:45; 59. Nathan Kenner, 16:55.

Junior High Girls

■ Individuals - 1. Hanna Dieter, Roseau, 13:26. TRF places - 14. Emile Mugaas, 15:27.

Itasca runners test Northland

Northland is on the road again today (Saturday), playing a 1:30 p.m. Minnesota Community College Conference Northern Division football game against Itasca in Grand Rapids.

The Pioneers are 2-1 for the year and 2-0 in the MCCC after beating Mesabi 25-6 last week in Virginia. The Vikings are 1-2. They were shut out by Rochester 18-0 and fell to Brainerd 13-12 in their first two starts, but bounced back to beat the University of Minnesota-Crookston 33-17 Saturday.

Itasca came up with six pass interceptions against the Trojans, with three of them leading to touchdowns, and got a 29-carry, 201-yard rushing performance out of tailback Todd Christianson. Considered one of the best backs in the MCCC, Christianson scored on runs of 19, 2 and 61 yards.

"Itasca has a very, very good football team," noted Northland coach Gene Klinke. "They probably have the best running game in the league. If we want to be in the game, we'll have to stop their running game and force them to put the ball in the air."

Winning back-to-back games on the road would be a big boost to the post-season playoff hopes for the Pioneers, who return home to face defending state champion Vermilion in an Oct. 9 match-up at Prowler Field. Top two finishers in the final Northern and Southern Division regular season standings earn spots in the MCCC state playoff semifinals.

Northland's task won't be easy, warned Klinke, especially with injuries and illness reducing his offensive unit to just 13 players for practice earlier this week. Latest additions to a never-ending list of injured players include flanker/punter Mike Swanson (back), wide receiver Ronnie Olson (quad) and linebacker Butch Olson (hand).

Other Northern Division games today will find Brainerd at Hibbing and UMC at Vermilion, with Mesabi visiting Willmar for a nonconference contest. Elsewhere last week, Vermilion beat Brainerd 21-3 Hibbing lost a 42-22 nonconference decision to Fergus Falls.

Sports Schedule

Saturday, Oct. 2
■ LHS volleyball - TRF Northern Lights Invitational, 8 a.m.
■ Soccer - Our Saviour's Christian Academy Invitational, 9 a.m.
■ LHS girls swimming at Fergus Falls Invitational, 11 a.m.
■ NCC football at Itasca, 1:30 p.m.

Monday, Oct. 4
■ LHS boys/girls cross country - TRF Sports Boosters Invitational, 4:15 p.m.

Tuesday, Oct. 5
■ OSA soccer at Karlstad, 1:30 p.m.
■ LHS volleyball vs. Moorhead, 8 p.m.

Wednesday, Oct. 6
■ NCC volleyball at UMC, 8:30 p.m.

Thursday, Oct. 7
■ LHS boys/girls cross country at Warroad, 4:15 p.m.
■ LHS girls swimming vs. Moorhead, 6 p.m.
■ LHS volleyball vs. Warren-Alvarado, 6 p.m.

Friday, Oct. 8
■ NCC volleyball at Fergus Falls, 6:30 p.m.
■ LHS football at Crookston, 7:30 p.m.

Thursday high school volleyball...

RLCC falls to RLF 3-1

Red Lake County Central started strong, but faded down the stretch Thursday in a 3-1 high school volleyball loss at Red Lake Falls.

The Eagles won 13-15, 15-6, 15-12, 15-2, overcoming a 10-3 deficit to win the key third game.

"We ran out of gas at the end," said Red Lake County Central coach Nancy Bray. "When we lost that third game, it really took a lot out of us."

Angel Mickelson played her best match of the year, said Bray, in recording nine kills, including four ace blocks.

Red Lake County Central is 4-6. The Mustangs, after today's Saturday) appearance at the Thief River Falls Invitational, will meet Waubun Thursday in Oklee.

Warroad 3
Grygla/Goodridge 0

Grygla/Goodrige was on the short end of a 15-6, 15-8, 15-9 match at Warroad Thursday.

"We were flat-footed," reported Grygla/Goodridge coach Tim Mostrom, whose team fell to 1-11 with the loss.

Amber Wilkens and Rachel Rychlack played well," said Mostrom.

Grygla/Goodridge will meet Kittson County North Monday in Grygla, Marshall County Central Tuesday in Goodridge and Badger/Greenbush-Middle River Thursday in Greenbush.

Tri-County, Warroad win TRF races

Tri-County boys and Warroad girls were the winners Tuesday at the Thief River Falls Invitational junior high cross country meet.

Boys

■ Team totals - Tri-County 67, Crookston 58, Thief River Falls 89, Roseau 88. Incomplete - Warren-Alvarado, Warroad.
■ Individuals - 1. Donny DeMers, Warroad, 11:55; 2. Ben Coumla, Crookston; 3. Nick Bronson, Crookston; 4. Brian Unbehaun, TRF, 12:39; 5. Jeff Fjosne, Tri-County. Other TRF places - 8. Brady Anderson, 13:15; 11. Seth Harlow, 13:28; 22. Matt Tronivet, 14:04; 24. Josh Engevik, 14:30; 25. Nelhen Kennar, 14:40; 27. Brandon Gererdy, 14:47.

Girls

■ Team totals - Warroad 36, Crookston 59. Incomplete - Roseau, Thief River Falls, Warren-Alvarado, Tri-County.
■ Individuals - 1. Hannah Dieter, Roseau, 13:05; 3. April Fuller, Warroad; 3. Jenn Hansen, Warroad; 4. Amy Dietzler, Warroad; 5. Sarah Roley, Warren-Alvarado. TRF places - 7. Emile Mugaas, 15:09

Fourtown/Grygla Sportsmen meet

Fourtown/Grygla Sportsmen's Club will meet Tuesday, Oct. 19, at 7:30 p.m. at the Thief River Falls American Legion.

"CRUISE THE RAINY"
Sportsman's Lodge Presents...

Fosston collects 3-0 win over TRF

Fosston remained unbeaten and Thief River Falls gained a shot of confidence Thursday, despite losing a 3-0 high school volleyball match to the visiting Greyhounds.

Ranked No. 5 in this week's Class A state poll, Fosston went to 9-0 for the year with a 16-14, 15-3, 15-10 sweep against 6-8 Class AA Thief River Falls. The Prowlers, however, might have surprised even themselves with their competitive showing – especially in Games 1 and 3.

"Fosston is by far the best team we've played," said Thief River Falls coach Helen Anderson, "but I thought the girls did very well. "The first game we showed what kind of talent we have, and we did a nice job in the third game, too. The second game, well..."

Thief River Falls had a chance to pull off a Game 1 upset with a 14-12 lead, but Erica Foster sparked a Fosston comeback with four straight service points, including two aces.

The Greyhounds were all over the Prowlers in Game 2, but found themselves in another close affair in Game 3. Thief River Falls pulled within 12-10 in the final before Leah Sonstelie followed a side-out spike with a point-producing kill; Foster served an ace; and Sonstelie closed it out with a another booming hit.

Jill Carlin led the hard-hitting Greyhounds with 12 kills and Foster was sharp with 44 assists. Toni Chiodo came up with 9 kills for the Prowlers and Carrie Lawrence had 7.

"I thought Toni and Carrie did a nice job," offered Anderson.

Fosston also won the preliminary contests – 15-6, 15-13 in junior varsity play and 15-4, 15-3 in the C squad match.

Thief River Falls is hosting its Northern Lights Invitational today (Saturday), an eight-team affair featuring two-pool, round-robin play leading to the championship match at 4:30 p.m. Moorhead and Warren-Alvarado will be in Thief River Falls for matches Tuesday and Thursday, respectively.

TRF Scoring

■ Kills - Toni Chiodo 9, Carrie Lawrence 7, Jamie Martell 4
■ Ace serves - Toni Chiodo 1, Carrie Lawrence 1, Jamie Martell 1
■ Assists - Kendra Dimich 23
■ Last-touch points - Toni Chiodo 8, Carrie Lawrence 8, Jamie Martell 4, Kelly Skeim 3, Kendra Dimich 2, Sarah Huschle 2, Maren Thorson 1.

Tuesday area volleyball results...

Wolverines play well, but lose to Bears 3-1

Grygla/Goodridge bounced back from a sub-par performance in a Monday loss to Kittson County North with a solid effort against heavily-favored Lake of the Woods in Tuesday high school volleyball. But the Wolverines still lost.

Host Kittson County North beat Grygla/Goodridge 15-7, 15-9, 15-10.

"That was the worst we played all year," said Wolverines coach Tim Mostrom. "We weren't ready to play."

Lake of the Woods turned back Grygla/Goodridge 15-10, 15-6, 9-15, 15-0 in Grygla.

"We played pretty well....until the fourth game," noted Mostrom. "We had trouble serving and serve receiving in that one."

Sophomore setter Jamie Berndt played well in the loss to the Bears, pointed out Mostrom, but she missed Game 4 because of an injury, and the Walverines were not able to pick up the slack.

"Both teams played some good volleyball. We ran into some hot servers in the last two games – we became a little shell-shocked."

The Gators were led by middle hitter Jessica Borgen, who played well at the net and at the service line.

Marshall County Central went to 11-0 with the win. Badger/Greenbush-Middle River fell to 4-8. Both were scheduled to be at the Thief River Falls Invitational today (Saturday). The Nordics will face Grygla/Goodridge Tuesday in Goodridge and will host Lake of the Woods Thursday. The Gators play Kittson Central Tuesday and Grygla/Goodridge Thursday in matches at Greenbush.

Marshall Co. Central 3
B/G-Middle River 2

Marshall County Central took control at the service line down the stretch Tuesday to break open a close match in a 3-2 win over Badger/Greenbush-Middle River.

The Nordics beat the visiting Gators 9-15, 15-7, 9-15, 15-1, 15-0.

"The first three games were fun to watch," said Badger/Greenbush-Middle River coach Gwen Borgen.

Red Lake Co. Central 3
EGF Sacred Heart 0

Red Lake County Central overcame a 10-3 second game deficit Tuesday en route to a 16-14, 15-10, 15-10 sweep over East Grand Forks Sacred Heart in Plummer.

"The second game was the key," said Red Lake County Central coach Nancy Bray. "That gave us the momentum."

Abby Chervestad led the Mustangs' offense with seven hits, and Angel Mickelson came up with four ace serves. But it was the defense that produced the win, explained Bray. "Our defense did a nice job reading their tips," she said. "We didn't let many balls fall."

Bemidji winner in Northwest tennis

Bemidji beat the cold and the other three teams on hand Tuesday for the Northwest Quadrangular high school girls tennis meet. The annual event, played at various sites on a rotating basis, was held in East Grand Forks this year.

The Lumberjacks finished with 22 points, followed by Crookston and East Grand Forks with 11 points each, and Thief River Falls with 5.

"There was some really good tennis played – a lot of three-set matches," reported Thief River Falls coach Jay Forney. "Bemidji really played well."

No. 1 Singles

Semifinals - Jane Brune (Bemidji) def. Jami Dehnert (TRF) 6-1, 6-3; Angie Schantzen (EGF) def. Leah Olson (Crookston) 5-7, 6-1, 6-0.
Championship - Brune def. Schantzen 6-2, 6-1.
Third place - Olson def. Dehnert 6-1, 6-1

Semifinals - Joy Halstad-Carrie Diffley (Bemidji) def. Andrea Onstad-Halle Claque (Crookston) 7-5, 5-7, 6-1; Anne Padilla-Shari Evenson (TRF) def. Lori Rud-Kim Morken 3-6, 6-2, 7-6.
Championship - Halstad-Diffley def. Padilla-Evenson 6-3, 6-4.
Third place - Onstad-Claque def. Rud-Morken 7-5, 7-5

No. 3 Doubles

Semifinals - Sasha Mosser-Melissa Edman (Bemidji) def. Jamie Fremstad-Kiki Goddard (TRF) 6-3, 6-1; Heidi Strack-Prentice Sele (Crookston) def. Lisa Hearn-Mindy Mack (EGF) 4-6, 6-4, 6-4.
Championship - Mosser-Edman def. Strack-Sele 6-2, 6-1.
Third place - Fremstad-Goddard def. Hearn-Mack 6-7, 6-0, 6-3

Sophomores shut down Roseau 36-0

Thief River Falls handled Roseau 36-0 Tuesday in sophomore high school football action at Prowler Field.

All the scoring took place in the first half, including runs of 5, 17, 53 and 8 yards by Kaine Martell.

Ryan Bendickson caught a 23-yard touchdown pass from Keith Anderson, while Martell and Aaron Ehrenstrom (2) had two-point conversion runs.

Thief River Falls sophomores, 4-0, will host Warroad Tuesday at 6 p.m.

LHS freshmen split volleyball matches

Latest outings for the Lincoln High School freshman volleyball include a pair of losses to Warren-Alvarado Tuesday and a win over Grand Forks Valley Thursday.

Warren-Alvarado beat Thief River Falls 15-9, 15-9 in an A match and won a B match 16-14, 15-4.

Thief River Falls came back to sweep Grand Forks Valley 15-13, 15-8 in a single A match.

Blue Devils have an Oct. 8 Parents Night

Parents Night will be observed by the Grygla/Goodridge football team during the Blue Devils' Oct. 8 game against Kittson County North in Grygla.

Kickoff is scheduled for 4 p.m. Parents will be introduced prior to the start of the game – about 3:30. Parents are invited to the Grygla School commons area after the game for cake and coffee, to be served by the Blue Devils' cheerleaders.

Nordics, Gators both shut out in Week Number 4

Winless Marshall County Central and Badger/Greenbush-Middle River were both shut out in late-reported Friday (Sept. 24) high school football results.

The Nordics lost a 45-0 Top of the State Conference decision to defending Nine-Man state champion Stephen, while the Gators dropped a 19-0 Valley Plains Conference game to Waubun in Class C play.

Both the Nordics and Gators fell to 0-4 with the losses. No scoring details were made available.

Middle School

Franklin Middle School eighth grade football teams posted a pair of wins over Grand Forks Schroeder Tuesday – a 14-6 A game decision and a 46-0 B game victory.

Friday (Sept. 24) the eighth graders lost a 28-0 contest to Grand Forks South.

Volleyball

In Tuesday volleyball, the Franklin eighth graders beat Roseau 15-5, 14-16, 15-13 and the Franklin seventh graders won 15-12, 15-9, 15-8.

Tennis

A Thursday girls tennis match at Crookston was won by Franklin 12-1.

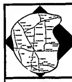
Set watershed scoping meet here October 5

U.S. Army Corps of Engineers and the Minnesota Department of Natural Resources will hold public scoping meetings October 4 and 5 on the environmental assessment being prepared for the Red River Basin.

The first meeting will be Monday, October 4, at 7:30 p.m. at the Northwest Technical College in Moorhead. The second will be Tuesday, October 5, at 7:30 p.m. at Lincoln high school in Thief River Falls.

The study is being prepared to address the cumulative impacts of flood control projects in the basin that would require Clean Water Act permits. Purpose of the scoping meetings is to help identify issues, resources and alternatives of concern to the public. These concerns will be considered for inclusion and evaluation in the study.

Don Ogaard of Ada, president of the Minnesota Red River Watershed Management Board, says it is very important for basin citizens to attend one of the public meetings and have their voices heard concerning flood control activities. He said the Army Corps of Engineers "needs to hear not only from us, the Red River Watershed Management Board, but from the people most affected by flooding—the citizens."



Old Mill Park invites viewing of fall colors

Fall colors are reaching their peak at Old Mill State park 11 miles west of Newfelden, according to park management.

Prairie grasses, benefiting from the moist summer, are 100 per cent in the intense fire colors of red, orange, pink and magenta with fringed and bottle gentians, many types of asters, goldenrod and other prairie flowers in bloom.

Woodlands of the park are over 50 per cent in color, the manager said. "The brilliant red of various shrubs reach up into the yellows and rusts of the ash, poplars and oaks. High bush cranberries are heavy with fruit and chokecherries can still be found in good numbers. A variety of fall mushrooms is up."

The park is open to the public year-around from 8 a.m. to 10 p.m. Camping with electrical hookups is available. For more information call the park at 437-8174.

KEEPING WATCH AROUND THE REGION

Sherry LaCoursiere

Oslo rest stop for English canoeists

Oslo - Two English adventurers, Chris Maguire and Neil Armstrong, landed in Oslo to have a rest and hot meal on their trip down (or up) the Red River to Mexico. The two electronics engineers wanted to see America "through the back door" and are making a trip from Medicine Hat, Alberta, to Mexico. They graduated from the University of London together in 1989. They were welcomed in Oslo by Gordon and Lynette Holter, who provided a respite for the pair. They hope to reach Mexico by January, traveling the United States via the Minnesota and Mississippi rivers.

Explosion injures two at Warren construction site

Warren - Two people were slightly injured in an explosion recently at a construction site in Warren where the new Federal Crop Insurance office is to be located. Richard Abrahamson was drilling a hole near the furnace when fumes from a glue ignited, causing a blast that blew the caps off duct vents, blew the doors open and threw Mary Laymon out of the door. Abrahamson was treated at the hospital for third degree burns and released; Laymon suffered bruises but was otherwise unhurt.

300 enrolled in 0/92 from Kittson

Hallock - Kittson county has 300 farms totaling 96,110 acres enrolled in the ASCS 0/92 program this year. The figure represents 37 percent of the total wheat acres in the county and 24 percent of the barley acres.

Accident takes life of Bagley woman

Clearbrook - Hannah Hershey, 64, Bagley, was killed in a head-on collision with a semi, September 21 at the intersection of highways 223 and 92 near Clearbrook. The driver of the semi, James Payne, 38, of Verndale, was treated and released from the hospital. Damage to the semi was estimated at $20,000 and the Hershey vehicle was totaled.

Sugar beet crop is good this year

Ada - American Crystal Sugar representatives report that the sugar beet harvest in East Grand Forks and Hillsboro, ND, are the best in the area, with Crookston being a bit dry. Moorhead and Drayton, ND, districts were damaged by flooding. The company is hoping for 17-18 tons per acre this year to be in good shape.

She's really a dear

Hallock - Karen Deere has been selected September employee of the month at Kittson Memorial hospital and nursing home. She and her husband, Jeff, and their two sons live on a farm outside of Hallock. Karen is a Sunday school teacher at Grace Lutheran church.

Pretty new trash bags for RL county

Red Lake Falls - As of October 1, Red Lake county residents must have their garbage in pretty pink and/or purple garbage bags or their garbage won't be picked up. The bags say, "Sanitary Service, Red Lake County." Bags are available at several Red Lake county stores, and cost $1.15 for the 15-gallon pink and $1.95 for the 30-gallon purple. The reason for the fancy bags and a $5 increase on commercial dumpsters is that county garbage must now be hauled to Kittson county.

Wanted: Info on Bagley city park

Bagley - The Minnesota State Historical society is seeking information on the stone wall, steps and pillars of Bagley city park. Anyone who worked on the project or had a relative working on it is encouraged to call the Bagley Economic Development director at 694-3270.

Seamless Aluminum Guttering
Heating, Air Conditioning
378-4641 378-4585
Our Seamless gutters are manufactured from .032 gauge pre-painted aluminum, the heaviest gauge used in the industry. If your home is 20 feet or 200 feet in length our seamless gutter is made in one continuous length, eliminating any joints or seams in the middle. Inquire before you purchase "Seamless Gutter" about the thickness of the material used and be certain that it is made in one continuous length.
Seamless gutter is formed, cut and installed on site by a two-man crew - saving on labor cost. Freight charges are eliminated. Waste is almost unheard of due to gutter being measured and cut on site to exact lengths. No need to store left over odds and ends that get damaged before they can be used. Most jobs can be completed the same day. Call us for complete information and free estimates of your job at no obligation to you.

FmHA
FARMERS HOME ADMINSTRATION

Farm for Sale

252 ACRE FARM includes a 40' x 80' machine shed and 40,000 bushel grain storage and drying system. Approximately 202 tillable acres which includes about 140 acres in the Conservation Reserve Program.

PRICED TO SELL AT: $74,000.00

APPLICATIONS: will be accepted on the farm property with priority given to applicants in the following order: 1) Socially disadvantaged beginning farmers or ranchers, 2) Beginning farmers or ranchers, 3) Socially disadvantaged operators of not larger than a family-size farm, 4) Operators of not larger than a family-size farm, 5) Operators of not larger than a family-size farms who are not in need of FmHA credit assistance on eligible rates and terms.

Socially Disadvantage applicants are members of a group of which has been subject to racial or ethic prejudice without regard to their individual qualities. Information on how to qualify as a beginning farm and other loan eligibility criteria is available at the local FmHA office.

This sale is subject to rights offered the former owner under Minnesota Rights of First Refusal.

SALE is subject to conservation deed restrictions which will restrict the purchaser's use of the wetlands, floodplains, highly erodible land and other special areas of the property.

The purchaser will be required to comply with the conditions of a Soil Conservation Service conservation plan.

FINANCING AVAILABLE - Interest Rate - 7.25%, 40 year repayment term for qualified FmHA applicants. Rates and terms are subject to change without notice. Eligible applicants may be eligible for Limited Resource interest rates.

OFFERS MUST BE IN WRITING - on Form FmHA 1955-45 "Standard Sales Contract-Sale of Real Property by the United States," and be received by MONDAY, NOVEMBER 1, 1993, and must be accompanied by a complete application specific to the category for which the applicant is qualified. Offers received after MONDAY, NOVEMBER 1, 1993, will be given consideration only if offers received before MONDAY, NOVEMBER 1, 1993, are not accepted. The Government reserves the right to cancel the sale at any time, and the right to reject any or all bids. Any application for less than $74,000.00 will not be accepted.

FOR ADDITIONAL INFORMATION contact Farmers Home Administration, USDA at 1305 North Dale Street, Post Office Box 468, Thief River Falls, Minnesota 56701, Telephone No. 218-681-2843.

HELP WANTED

Extension Educator position available, part-time to provide family development educational programs in Pennington County and Northern Lites Cluster. A bachelor's degree is required. Coursework in home economics or human and family development preferred. Contact the Pennington County Extension Office, TRF. Phone 681-2118. Application deadline is October 15. Equal Opportunity Employer.

POLITICAL SCIENCE/SOCIOLOGY INSTRUCTOR

POSITION: Full-time unlimited Political Science/Sociology Instructor. **QUALIFICATIONS:** Master's degree with a major in Political Science or Sociology or with 23 graduate quarter credits in Political Science or Sociology which would apply to the major. **SALARY RANGE:** $26,800-$34,940 plus benefit package. **APPLICATION PROCEDURE:** Letter of application, resume, transcripts and names of three professional references forwarded to: Northland Community College, Becky Holthusen, Human Resource Manager, 1101 Highway One East, Thief River Falls, MN 56701. **DATE OF EMPLOYMENT:** November 29, 1993. Screening of applications to begin October 18, 1993. **AFFIRMATIVE ACTION/EQUAL OPPORTUNITY EMPLOYER.**

NOTICE OF PERMANENT PART-TIME POSITIONS AT AIRPORT

The City of Thief River Falls has a Category II and III position open at the Regional Airport. One of the positions could involve up to 20 hours of work per week and the other up to 34 hours per week. Hours are irregular and could involve starting as early as 4 a.m. Weekend work would be required.

Applications will be received by the Jobs and Training Office, 318 North Knight Ave. in Thief River Falls through Tuesday, October 5, 1993, at 4 p.m. Any job applications received after that time will not be considered.

This is work that includes the operation of light and heavy equipment on an as-needed basis, maintenance of equipment, manual labor, as well as some custodial and security work.

The pay will range from $6.14 to $6.77 per hour.

THE CITY OF THIEF RIVER FALLS IS AN EQUAL OPPORTUNITY EMPLOYER

Walls on the new Fourtown store were up by noon on Wednesday, September 29. That evening, rafters for the roof were supposed to be in place. Owner, Polly Dehnert, said she expects to be up and running in the new store by the end of October. Fire destroyed the 80-year-old building on that site on August 28 of this year. Fourtown has been known more recently as a stopping place at the intersection of four townships about 15 miles east of Grygla for hunters and snowmobile enthusiasts. As a community, it was established around 1915. Most of the work being done on the new building is being done by volunteers. As one volunteer put it, the old landmark burned down and now they're helping to build a new landmark. Volunteers will still be needed after this issue of the *Northern Watch* reaches the news stands.

Julia Baron beginning her road to recovery

by Marvin Lundin
Northern Watch Editor

If the demeanor of attending physicians can be used as a success indicator, little Julia Baron of Thief River Falls is on the road to recovery from her bone marrow transplant to combat leukemia.

"When the doctors were coming in to check on her at 3 o'clock in the morning you knew that her condition wasn't very good," Julia's mother Sharon said in a phone interview from her daughter's room earlier this week. "Now they stop in once a day and ask if there are any questions. They seem a lot more relaxed and optimistic."

Julia, who won't be three years old until December, was diagnosed March 27 with chronic myelogenous leukemia, an adult version of the cancer that is rare in children. Her best chance for survival was determined to be a bone marrow transplant.

A national search was made for a matching bone marrow donor, including a clinic in Thief River Falls on June 21 at Franklin middle school. At that clinic, 259 people voluntarily had their blood tested—most at their own payment of a $40 test fee—to see if they could provide the best match to be a marrow donor for Julia.

As it turned out, none provided a better match than the 43-year-old male located through the national donor registry. Most of those tested, however, volunteered to be placed on the donor registry and in the future may be life-savers for other persons in need.

Jim and Sharon Baron brought their daughter to the University of Minnesota's Variety Club Children's Hospital in early August for about a week of pre-treatment testing. She was admitted August 12 and a catheter was installed in her chest for the administration of drugs, IV feeding and other uses. A small amount of her own bone marrow was drawn to be held in reserve.

Then began massive dosage of chemotherapy and radiation to destroy her bone marrow in preparation for the transplant.

"She had three tough days of chemo and four tough days of radiation," Sharon said. "The transplant itself involved only about an hour of administering the small dose of donated marrow and about an hour for flushing. She slept right through the transplant."

For about two weeks following the transplant Julia was in critical condition. She developed an allergy to one of the drugs that required some changes in what she was being given.

"The biggest thing she had going for her," Sharon said, "and this may sound a little strange because of the leukemia, was that she was in great health. She was in good physical condition and didn't have any other medical problems."

A biopsy taken three weeks after the transplant shows that 100 per cent of her DNA is from the donor, Sharon said, and that is especially encouraging. The next biopsy will be done at 100 days following transplant—near the end of November—but blood tests show that her body is starting to produce red cells and platelets at this time.

Her recovery is not without complications. She lost her hair from the preparatory treatments, she developed a skin rash that is treated with an ointment, her liver was affected, a little blood in the stool indicates some intestinal problem and she is retaining fluid from steroid treatments. Each problem is addressed and treated as it develops.

While confined to the isolation area of the bone marrow floor, Julia has been able to walk in the halls, wearing a face mask since her immune system was destroyed and has not yet been reestablished. She will probably be able to leave the hospital prior to the 100-day biopsy but not to leave the Twin Cities area. The Barons have been staying at the Ronald McDonald house about three blocks from the hospital since Julia began preparation for the transplant in early August.

This photo of Julia Baron was taken in October of 1992. She will be three years old this December.

To this point there has been someone staying in Julia's room 24 hours a day—either Jim or Sharon or one of Jim's three sisters who live in the Twin Cities area. There are also care volunteers who are available to stay in the room for short periods of time.

"For about a month Julia went into a sort of shell where she wouldn't talk to or acknowledge anyone," Sharon said. "She seems to be coming out of that now. The biggest problem is the graft versus host situation where the transplanted cells are fighting her own body."

If Julia is able to leave the hospital in the near future, either Jim or Sharon may come home for awhile. Jim has taken the fall quarter off from his teaching job at Plummer and Sharon is on an extended leave from her teaching in Thief River Falls.

Persons who would like to contact the family or send cards or gifts to Julia may write to Jim and Sharon Baron, U of M Hospital, c/o Ronald McDonald House, 608 Ontario Street SE, Minneapolis, MN 5414.

Noren discusses role of colleges after merger

(Continued from Page 1)

training.

"We don't see resources increasing at the same rate as the demand for services during that period," Dr. Noren said, indicating that economies would have to be effected through the merger of systems. He said that staff reductions can be expected, although "duplication is not a bad word unless it doesn't serve student needs."

A system which will involve some 20,000 employees at 62 college campuses can't be run from the top down, Dr. Noren said. He said the Higher Education Board has put together nine task forces representing students, faculty, staff, administration and others to gather information and draft recommendations. Those recommendations will be sent out for approval every two to three months to provide the opportunity for maximum input, he said.

While statistics show that 70 per cent of the employment in the 21st century will require education that is not of a baccalaureate type, he said, people shaping education must be careful not to throw out valuable areas of liberal arts education in the restructuring process.

It is true that liberal arts education has been producing a lot of unemployment, Dr. Noren said, and that creates a good deal of negativism. It is also true that some of what is needed in technical education is of the liberal arts type, including communication skills, he added.

He also said that the role of post high school education must also include remedial or developmental training. "We can't expect the K-12 system to fix the problem by itself," he said, referring to high illiteracy rates and low mathematics skills among K-12 graduates. He suggested the need to channel children at young ages, as low as the third or fourth grade.

"Higher education is at the center of the future of the State of Minnesota," he said. "I hope the dialogue will be an ongoing one."

Dr. Noren met throughout the day with faculty, students and administrators from the two local campuses and was provided with tours of the various facilities.

Wool sewing event in TRF October 23

District 1 Make It Yourself With Wool contest will be held Saturday, October 23, at the Best Western Inn of Thief River Falls, according to Wendy Mattson of Thief River Falls, district director.

Registration will begin at 8:30 a.m. and contestants from a number of area counties will participate. Entry deadline is October 9. For entry forms or other information write to Make It Yourself With Wool, 512 South Markley, Thief River Falls, MN 56701 or call Wendy Mattsan at 681-4219 (home) or 681-6164 (work).

"Purpose of the contest is to focus attention on the beauty and versatility of wool fabric and yarn and encourage its use in construction of fashionable garments," Mattson said. "Winners in all five categories of the district competition will advance to the state competition November 27 at Har Mar Mall in Roseville."

Categories include Pre-teen (12 and younger), Junior (13-16), Senior (17-24), Adult (over age 24) and a professional category. All garments must be constructed of at least 60 per cent wool and contestants must construct and model their own garments.

The contest is sponsored by the American Sheep Industry Women, Minnesota Lamb & Wool Producers and six locations of Creative Sewing Center in the Twin Cities. State director is Sandy Schultz Ducharme of Little Canada.

Fourtown rebuilds store

(Continued from Page 1)

as it is located in a very rural part of northwestern Minnesota. Actually, as travelers drive east of Grygla on Highway 89, Fourtown breaks up the monotony of forest and field with such force it often attracts visitors curious just to see who would operate a store in such a wilderness.

By Polly's estimation, on noon Wednesday they were a week ahead of schedule. The walls were up and the rafters were being readied. With the help of many friends, Polly is convinced she will be operating the new store by the end of October.

When asked whether more friends could help, the response was an enthusiastic and appreciative — Yes!

Marshall flood victims to divide up $176,400

Residents of Marshall county who sustained damage to their homes or commercial properties as a result of floods or seepage this summer can apply for a share of the $176,400 Small Cities Development and Home grant recently awarded to the county.

Announced by the office of Gov. Arne Carlson, the grant is being administered in the county by Wynne Consulting, Inc. of the Malung-Wannaska area. The consulting firm made the grant application on behalf of Marshall county and its board of commissioners.

Gov. Carlson's announcement of the grant stated that it would be used to bring 42 houses up to housing quality standards. "We want to make sure each home is safe and livable again for its residents," he said.

"Helping Minnesotans most affected by 1993 summer flooding is absolutely crucial to insure their safety and well-being before the harsh winter weather sets in," the governor added. "It's gratifying that we were able to set aside all the usual bureaucratic procedures to address the immediate needs of the citizens of Marshall county."

Irene Wynne of the consulting firm her husband operates said that the county's application for funds was made around September 14. She termed the granting of the full amount requested in less than two weeks' time (the grant was announced September 23) "a miracle."

According to Wynne, the 42 houses listed in the governor's announcement was an estimated number. And despite the urgency indicated by Gov. Carlson to get work done "before the harsh winter weather sets in," Wynne said that the administrator of the account has up to a year to "spend the money."

Wynne also said there are a couple of things that make this particu-

(Continued on Back Page)

KEEPING WATCH AROUND THE REGION

Sherry LaCoursiere

A whopper of a fine for fishing

Bagley - Two Illinois men were charged with possession of game fish over the limit in Clearwater county recently. The two were ordered to pay fines of $5 per fish and restitution costs that came to a total of $1,481 each.

It has to be seen to be appreciated

Detroit Lakes - The value of a $38,000 sculpture produced by artist Paul Benson on the Northwest Technical college campus is being questioned. Many students say they do not know what the sculpture represents and many others have not even seen it. The sculpture is titled "Constellation" and features several different granite pieces with inlaid star drawings.

New Physician's Assistant at Warren clinic

Warren - The LeBlanc clinic in Warren has a new physician's assistant. Jim Berglund began work at the clinic on September 1. He was most recently employed at the Developmental Center in Grafton, ND.

Hunting accident

McIntosh - An injured Moorhead hunter crawled half a mile through the woods to find his hunting partner after he fell from a tree stand at the game refuge south of McIntosh the weekend of September 26. Kent Tweeten of Moorhead was bow and arrow hunting with friends at the time of the accident. He was taken to the Fosston hospital and treated for a broken heel and possible concussion.

Sounds spooky and scary to me

Red Lake Falls - There will be a "haunted mall" in Red Lake Falls for Halloween. Two Rivers Area Theater members will put on makeup and costumes and scare folks silly in simulated spooky settings of a haunted sewer, abandoned train station and dark alley. The event will be at the Park Place Mall Oct. 30 and 31 from 5-9 p.m. The production is so scary that no children under the age of 7 will be admitted without an adult.

Man gored to death by pet deer

Dayton - A taxidermist was gored to death by a deer he raised from a fawn. Thomas Witbeck, 38, was found dead in a deer pen on his property in Hennepin county. He died from antler puncture wounds to his chest, abdomen and thigh.

Nordic treats for the tummy

Red Lake Falls - Yummy "Scandihoovian" delicacies are being prepared at Bethany Lutheran church in Red Lake Falls this week in anticipation of the annual smorgasbord that will be held Saturday, Oct. 9, from 4:30-8 p.m. at the church. Ladies (and men, too) of the church are making Swedish meatballs, sot suppe, flat brod, rommo grot, sandbakelse, rosettes, krum kaka, yulekaka, fattigmand, lefse and the ever-fragrant fish, lutefisk.

MORE KEEPING WATCH ON PAGE 2

Peder Larson of Warren, a member of the city council and one of the discussion groups during the Red River of the North EIS scoping meeting in Thief River Falls Tuesday, read some of the answers given to questions during the discussion sessions.

Kathy Olson and Joe LaFriniere, actors in the musical "Oh, My Goodness", which is being performed at Northland Community college, rehearse a tango dance scene. The light-hearted musical will be performed Saturday, October 16 at 7:30 p.m., and Sunday, October 17, at 2 p.m.

EIS scoping meeting solicits information

Approximately 100 people, many of whom mistakenly expected to talk about wetlands questions, attended the public scoping meeting for the Red River of the North Environmental Impact Study (EIS) Tuesday evening in the Lincoln high school auditorium in Thief River Falls.

A meeting for the same purpose had been held the previous evening at the Northwest Technical College campus in Moorhead.

The scoping meeting was intended to provide public input regarding the general environmental impact of impoundment creation on the Minnesota side of the Red River of the North which forms Minnesota's western border with North Dakota.

It was pointed out at the opening of the meeting by Dan Buckhardt, who presided at the meeting, that the Red River of the North EIS is a "Tier I" document which is not "project specific." He said the scoping sessions were intended to identify elements to be either included or excluded in the EIS which will take about two years to prepare.

A number of people attending the meeting had the understanding that it was being held to discuss wetlands, an issue which has had an impact on private land use and is a sore spot with many agricultural land owners. While wetlands will be a consideration in the environmental impact study, attention at the scoping session was directed almost entirely to the creation of impoundments for flood control.

Information presented at the meeting indicated that the EIS scoping process began following an application for creation of the Winger dam—a project which would create a substantial lake extending east from highway 59 south of Winger. At that time the decision was made to look at the general environmental impacts on a wider area.

To date the Red River Watershed Management Board (RRWMB) has contributed funding for 31 floodwater retention projects in the Minnesota portion of the Red River

(Continued on Back Page)

Wood-cutting permits are offered at Agassiz

Agassiz National Wildlife Refuge will begin issuing wood-cutting permits Oct. 11, with cutting permitted through the winter until snow depth is too deep for vehicle travel.

Wood selections consists of standing and fallen aspen and balsam popular from the 1990 wildfire – logged off areas consisting of aspen, balsam poplar, elm, ash, and oak – and other areas with a mixture of woods and elm that have died from dutch elm disease.

Wet conditions in some areas will prevent access until freeze-up. Refuge maps showing the locations of the wood and a list of special use permit conditions are available at the refuge office.

Wood cutting and hauling is permitted during daylight hours. Wood cutting and hauling on the east boundary will be restricted to an 11 a.m. start Oct. 14-31 because of waterfowl hunting on the adjacent state wildlife management area. Wood cutting and hauling will not be permitted Nov. 5-14 during the firearms deer hunting season and again Dec. 3-12 during the moose hunting season.

(Continued on Page 4)

Emergency drill held in TRF

by David Hill
Times Associate Editor

Emergency preparedness is key to saving lives. Each year personnel responsible for providing emergency services in Pennington county participate in a "disaster drill", which helps prepare them for the real thing.

Wednesday evening the response of emergency personnel was evaluated during a drill held off Highway 59 south in front of Sheldon's Used Auto Parts. Evaluators for the police department, sheriff's department, Northwest Medical Center, EMS ambulance service, and Thief River Falls fire department met earlier in the week to develop the scenario for the exercise.

The scenario involved a collision between a pickup truck with seven teenagers and a car with four teenagers. The teenagers were out "driving around" before a homecoming football game scheduled later at Lincoln high school field. Between 6 and 6:30 p.m. the pickup was headed south on Highway 59 and the car was headed north on Highway 59 when the two vehicles collided. Both vehicles ended up on the west side of Highway 59 in front of Sheldon's Auto Parts.

The pickup truck had one driver, one passenger and five teenagers riding in the bed of the pickup. To emergency personnel responding to the accident, the car with the four teenagers is heavily damaged. The pickup appears to have rolled several times and the teenagers in the back of the pickup have been thrown from the vehicle. Two teenagers in the car may require extrication. Smoke is seen coming from the truck and it is also leaking gas.

As the alert was given, emergency response teams were notified that it was a drill and they should not use sirens and lights, but should get to the site as quickly as possible. Evaluators were timing their response and watching every step they made once they arrived at the scene.

Lincoln high school medical careers students participating in the exercise as the students involved in the accident wore heavy makeup that looked remarkably like real injuries.

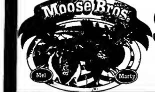
The purpose of the exercise was to provide emergency personnel with valuable training for real emergencies. The personnel involved in the emergency drill would participate in discussions held at the completion of the drill and evaluation.

Police Chief Ken Froschheiser, Sheriff Gerald Moe and evaluators for the hospital and ambulance all agreed that the exercise went well. There were only a few things that needed to be corrected, but all believe it is much better to discover those problems during a drill than in a real emergency.

An evaluator watches procedure used by emergency personnel responding to an emergency drill held Wednesday evening outside Sheldon's Used Auto Parts on Highway 59 south in Thief River Falls. Emergency drills are held annually and without warning to emergency personnel. The drill tests the skill, ability and patience of those emergency personnel responding to the drill. Evaluators watch the procedures used and then conduct meetings with personnel to cover any problems and need for further training that may have been observed.

Super Asthma Saturday featured Dr. Paul Kubic

Northwest Medical Center held its Second Annual Super Asthma Saturday October 2. Thirty-five adults and 23 children from as far away as Warroad, Stephen and Fosston participated in the event.



Dr. Paul Kubic, pediatric pulmonologist at Childrens Hospital in St. Paul, presented "Healthy Living With Asthma" to parents and teens. The program was designed with emphasis on how parents, children and caregivers can take an active role in the management of children's asthma.

Dr. Kubic also participated in a panel discussion, along with Margie Smith, E.R. nurse, and Deb Breuer, CRTT, after which members of the audience were encouraged to ask specific questions about asthma.

Children who attended Super Asthma Saturday were involved in a separate program designed to help them learn how to control their own asthma. They learned techniques for the use of inhalers and peak flow meters, breathing exercises, participated in activities and games, watched an asthma video and received free t-shirts.

Respiratory care practitioners Tami Geddes, Tammy Stapleton, Pam Konickson, Dee Dee Useldinger and Dennis Maurstad from Northwest Medical Center presented the children's portion of the program.

Northern Watch AROUND THE REGION
Sherry LaCoursiere

"Sr. Biology" has 100th birthday
Oklee - Sr. Emilie du Sacre Coeuer, formerly Bernadette DeRy, who was born and raised near Oklee, celebrated her 100th birthday in March of this year. She entered the novitiate of the Sisters of the Holy Names Jesus and Mary in Montreal and then taught school in Minnesota for 37 years before returning to teach in Canada. She is nick-named Sr. Biology because her students call her "The perfect biology teacher." She is presently living at St. Joseph's Academy infirmary in Winnipeg.

A family tradition
Stephen - The Eugene Kuznia family in Stephen has had five daughters reign as Stephen homecoming queens. Not only that, but mother, Theresa (Stich) Kuznia, was Stephen's homecoming queen in 1955. This year's queen, daughter Jamie, was crowned September 20. Other daughters and their years of reign are: Darcy 1991-92, Jennifer 1983-84, Mary 1981-82, and Lynette 1978-79.

Does this mean a really mild winter?
Birchdale - Even the robins are confused by our lack of summer this year. Two people in the Birchdale area have seen robins nesting this fall.

Cabin destroyed
Juneberry Township, Roseau County - A hunting cabin belong to Nathan McFarlane was trashed and burned to the ground some time during the week of September 6. Several shotguns, a rifle and duck and goose decoys were stolen before the vandals set fire to the cabin.

Coach Carlson is recipient of award
McIntosh - Former McIntosh-Winger coach, Lloyd Carlson, has been named to the Minnesota State High School Coaches Hall of Fame. Carlson was also named to the Minnesota Basketball Coaches Hall of Fame in 1991. While in McIntosh-Winger he served as football, basketball, baseball and track and field coach.

50 blissful years
Winger - Clarence and Andrea Eraker will celebrate their 50th wedding anniversary with an open house from 2-5 p.m. on October 16 at Calvary Lutheran church in Winger.

New Bejou postmaster from Oklee
Bejou - Carol Chervestad is the new postmistress at the Bejou post office. She was a lab technician at NW Medical Center in TRF for 23 years before her second career in the postal service. She lives in Oklee and her husband is Korydon Chervestad.

Fall Boutique in Fertile on Oct. 16
Fertile - The fifth annual Fall Boutique will be held in Fertile on October 16, from 9 a.m. to 2 p.m. at the old gymnasium in the Fertile-Beltrami school. Crafts, baked goods, flowers and wood items will be available, with special emphasis in Christmas items.

Willie the Walleye punched in the nose
Baudette - Willie the Walleye, the big, 9,800 pound concrete fish that is the official landmark of Baudette, got his nose broken. A crane on a concrete truck struck Willie's nose last week, just before a big Walleye fishing contest is to be held in the city. Emergency repairs to Willie' nose were immediately initiated.

The question is--who lost them?
Pitt - Lake of the Woods county sheriff deputies found 57 marijuana plants growing along the Bankton Trail just south of Pitt. The plants are the first found in the county this year.

Suspect held in shooting of Beaulieu youth
Mahnomen - A 15-year-old has been arrested in connection with the shooting of 12-year-old David Donnell in his home on September 28. The suspect was apprehended by the Mahnomen sheriff and an agent from the Minnesota Bureau of Apprehension on October 1. Charges against the youth should be filed Monday at the Polk county courthouse in Crookston.

Open house at child care office in Grand Forks

Child Care Resource and Referral Services will hold an open house Tuesday, October 19, from 2 to 7 p.m. at its offices in the North Dakota School for the Blind in Grand Forks, ND.

Child Care Resource and Referral Services moved from the Tri-Valley Opportunity Council building in Crookston to Grand Forks August 1. It provides services to families and child care providers in northwestern Minnesota and northeastern North Dakota. It links parents with licensed providers who have openings and gives families tips on what to look for in terms of quality care.

The program will continue to be sponsored by Tri-Valley. The new location will permit staff to offer additional services such as resource materials (books, videotapes, cassettes and children's books) available to be checked out on a monthly basis.

The open house October 19 will also include the Division of Vision Services, North Dakota Early Childhood Tracking System and Educational Technical Assistance offices.

Homecoming at Plummer scheduled for next week

Beginning with coronation of homecoming royalty Monday at 8:30 a.m. in the Pershing high school gymnasium, a week of homecoming activity will be observed by the Plummer school.

A bonfire will be held Monday night, volleyball played against Crookston at 6:15 p.m. Tuesday and decorating done by some classes on Wednesday.

Grades 7-12 will have their class competitions Thursday afternoon and volleyball will be played against Thief River Falls at 5:15 p.m. Thursday.

Friday will be "Red and Black" day with students encouraged to wear their school colors. Homecoming parade will be held in the afternoon with a pep fest following at the football field. Homecoming game will pit the Mustang football team against Red Lake Falls at 7:30 p.m. Homecoming dance and grand march for homecoming royalty will follow the game.

No injuries in accident Wed. in Red Lake Co.

Two cars collided at the intersection of two rural county roads Wednesday morning in Red Lake county. There were no injuries but there was substantial damage to the vehicles.

Red Lake county sheriff's department received a report of an accident at the intersection of County roads 12 and 49 at 8:43 a.m. Wednesday, October 6. According to the accident report, David Plante, 55, Erskine, was driving a 1988 Chevrolet S-10 Blazer east on County road 49, and Cindy Lee Benson, 39, Mentor, was driving a 1988 Chevrolet Celebrity north on County road 12 when the vehicles collided in the intersection. There was severe damage to both vehicles.

Chad Gunderson earns BS degree

Chad Gunderson, son of Dr. and Mrs. Orley Gunderson of Thief River Falls, graduated cum laude with a bachelor of science degree from St. Cloud State University at summer commencement services.

Wood-cutting permits offered at Agassiz

(Continued from Page 1)

The permittee must be present during any wood cutting or hauling activity and have in possession the wood cutting permit. Helpers are allowed and encouraged for safety purposes. Firearms, bow and arrows, alcoholic beverages and drugs are not permitted. Each permittee is limited to 10 cords of wood, which is for personal use only.

There is a $10 administrative charge.

Those interested in the wood cutting permits should contact the Agassiz National Wildlife Refuge by calling 449-4115, or by stopping at the refuge headquarters located 11 miles east of Holt on Marshall County Road 7. Inspection hours are Monday-Friday, 7:30 a.m. to 2:30 p.m., excluding holidays.

FOOD LOVERS DIET
To introduce a new approach to dieting, free samples were given to 50 people. With The Omicron Diet, one man lost 14 pounds in 5 days and one woman lost 18 pounds in 10 days. The average weight loss was over a pound a day for women and over 2 pounds a day for men. The Omicron Diet is a revolutionary new concept for unbelievably fast weight loss developed and clinically proven by National Dietary Research of Washington, D.C. This significant breakthrough in metabolic weight control was made possible by the utilization of biological information over-looked by other diet programs. With a formulation of natural enzymes along with real food, you shed unwanted pounds extremely rapidly and safely. Now available:
CORNER DRUG 202 N. LABREE 681-2932 T.R. FALLS

REMINDER: BURNING OF LEAVES IS PERMITTED BEGINNING OCTOBER 1ST.

SOUPCON

Sherry LaCoursiere

Here are some more delicious recipes that sound just right for the fall weather we are having.

These sweet and spicy muffins start with a quick bread mix and are topped with a crunchy topping—they'll be great for breakfast:

PRALINE PUMPKIN MUFFINS

1 package Pillsbury pumpkin quick bread mix
1/2 cup water
1/4 cup oil
2 eggs
1 cup grated carrots
1/2 cup chopped pecans
1 teaspoon cinnamon
1/4 teaspoon nutmeg

Topping

1/3 cup firmly packed brown sugar
1/3 cup chopped pecans
1 tablespoon butter or margarine, softened

Heat oven to 350 degrees. Grease 12 muffin cups (or line with paper muffin cups).

In large bowl, combine all muffin ingredients and stir by hand 50-75 strokes, or until all dry particles are moistened. Divide batter into muffin cups.

For topping, combine ingredients well and sprinkle over muffins.

Bake in preheated oven for 20-30 minutes, until toothpick inserted in center comes out clean.

This yummy pie-like dessert is also made easier by using a packaged roll mix:

APPLE CRISP CRESCENT BARS

Apple Filling

4 cups peeled and sliced apples
2/3 cup sugar
1 tablespoon flour
1 teaspoon cinnamon
8 ounce tube of crescent rolls
1 tablespoon margarine or butter

Topping

1 cup firmly packed brown sugar
3/4 cup oatmeal
2/3 cup flour
1/4 cup softened butter or margarine
2 teaspoons vanilla

In a large bowl, combine apples, sugar, flour and cinnamon.

Separate rolls into two large rectangles. Place both in ungreased jelly roll pan and gently press to cover the bottom of the pan, sealing the perforations and edges.

Spoon apple mixture over dough. Dot with 1 tablespoon margarine.

In another bowl, combine brown sugar, oatmeal, flour, 1/4 cup butter and vanilla. Mix until crumbly and sprinkle over apple mixture.

Bake at 375 degrees for 25-30 minutes. Cool and cut into bars.

Refrigerated biscuits are also used in these little goodies—make with mushrooms and pepperoni or get inventive and put out a variety of pizza toppings that you like and let everyone make their own favorite:

MINI PIZZAS

Cooking oil
1 package flaky refrigerator biscuits
1/2 cup tomato sauce
1 teaspoon oregano
1/3 cup chopped mushroom
Sliced pepperoni or salami
Grated mozzarella or cheddar

Place oven racks in center of oven and preheat to 400 degrees.

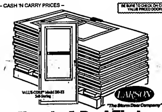
Oil baking sheet. Pat each biscuit into a 4-inch circle on sheet.

Mix tomato sauce and oregano. Place on each biscuit. Spoon mushrooms over sauce and top with meats and cheese. Bake as stated on package or until brown and bubbly.

These bars will quickly become a favorite at your house like they are at mine:

MARSHMALLOW GRAHAM BARS

2 beaten eggs
1 cup sugar
1/2 cup butter



Cook on stove or in microwave until boiling. Cool a bit and add:

1 teaspoon vanilla
15 graham crackers, crushed fine
1/2 cup walnuts or pecans
1/2 cup coconut
2 1/2 cups miniature marshmallows

Stir together well and place in buttered 9x13 inch pan. Store in refrigerator.

Diamonds Direct From Antwerp

Steve Hess
YOU CAN BENEFIT IF YOU ACT NOW. On October 20 I'm off to Antwerp, Belgium, the diamond capital of the world. I'm going directly to the source to get the finest quality diamonds at the lowest possible price. Our hard cash and volume buying with the Independent Jewelers Organization (world's largest) makes for very important savings. If you are in the market for an important diamond in the $500, $5,000, or $100,000 range or any diamonds, call before I leave. This is an opportunity to get for you, who act now, the greatest diamond values possible. A simple phone call to me in Grand Forks or LeeAnn in Thief River Falls and I'm your broker in Antwerp.
Decide now. If not for yourself, FOR SOMEONE SPECIAL.

LETTERS

To The Editor:

Since President Clinton and Hillary moved into the White House, the gun grabbers have been scampering around Washington like a bunch of happy little puppies, introducing bills to confiscate guns from law abiding citizens.

But they really don't need new legislation to do that. All they have to do is get the President to sign an executive order (EO) and that will do the job.....

Clinton and others are saying, "get guns out of the hands of criminals and children." Well, that's right, but they know it's not going to work that way. They know (criminals) most likely got their guns illegally in the first place, and even if they get them away now, what's to stop them from getting another one illegally?

I know crimes being committed with guns is terrible, but taking guns from law abiding citizens is not going to solve the problems as they're not the ones doing the killing. Murderers, rapists and thieves know they are not going to be punished. We see that all over the country.

Sen. Byron Dorgan of North Dakota said we could keep criminals locked up where they belong by turning abandoned army bases into prisons. To that I say, "Amen."

The next step would be to bring our troops home from foreign countries, where they shouldn't be in the first place, and let them guard our prisons and borders. Prisons don't need such things as television and telephones.

We are also paying $40,000, $50,000 or $60,000 per case for prisoners to sue us for such things as being served creamy peanut butter instead of crunchy, because a piece of cake wasn't the right size or because one was told he would have to stop using his phone to run his illegal drug business.

How ridiculous do things have to get before we tell Washington enough is enough?

Let us arm the law abiding citizens and allow them to carry concealed weapons, start punishing the criminals and stop coddling them. You know, one of the most wicked ways to punish some criminals would be to make them work. Just think how clean our road ditches and other places could be—and that way they wouldn't have so much time to read law books and learn how to sue us.

Sincerely,

Helen Poppler
Fosston, Minnesota

Go To College, Get A Job No Longer Assured

For years the accepted theory of employment has been to earn a college degree and then make yourself available to the waiting world, selecting what suits you from among the employers eager to compete for your services.

Times, they are a changin',...

In more recent times it has been a scramble for college grads as well as other young people to find a suitable first "real" job. For many, if not most, entry into a planned field of work must take a circuitous route through other areas until a suitable opportunity presents itself. For some, even that less direct route remains closed. A college diploma is no longer an employment guarantee.

"Joblessness among college-educated men aged 16 to 24 who were not in school rose sharply from nearly five per cent in 1988 to almost eight per cent in 1991, and the jobless rate for women rose from almost five per cent to slightly over six per cent," writes Paul Ryscavage, a senior labor economist in the Housing and Household Economic Statistics Division of the U.S. Bureau of the Census.

Depending on how you play with percentages, that increase in joblessness from five to eight per cent is either a three per cent increase or about a 40 per cent increase or a 60 per cent increase. However you look at it, the hike in unemployment among college graduates translates into a lot of people who have made a large investment with no return.

Part of the problem is that the types of jobs available are changing and academia simply hasn't adjusted to meet that change. Colleges and universities are still granting degrees in fields which leave graduates with little in the way of employable skills, or training in such specified areas that there are few jobs available.

The proportion of young persons with college educations entering high-paying occupations—executive, administrative and managerial and professional specialty—fell from 53.6 per cent in 1989 to 48.4 per cent in 1991. At the same time, the proportion entering technical, sales and administrative support (including clerical) occupations rose from 33.4 to 38.2 per cent.

The study, which compared monthly data from the Current Population Survey, annual data from the survey's income supplement, and several years of longitudinal data from the Survey of Income and Program Participation, also shows that mean earnings for 18 to 24-year-old men also dropped, while mean earnings for their female counterparts did not change significantly (probably because average earnings for women are still playing catch-up with average earnings for men).

Ryscavage concludes that it will not be known if the data indicates the beginning of a trend or a short-term dip resulting from the 1990-91 recession until the economy resumes sustained growth rates like those of the mid 1980s—again assuming such growth rates return.

One can not devalue the importance of post high school education because it is still key to earning a successful livelihood on many cases. But we sympathize with the college grads of today who are eager to get into the mainstream flow of the workforce, then find themselves trying to swim upstream.

Two things are paramount regarding today's education. All post high school institutions must adjust their programs to meet the needs of the job market and all students entering post high school education must do so with a focused view toward learning marketable skills which will be in demand when they graduate. Otherwise there will continue to be too many graduates with a B.A., M.A. and Ph.D. but no J.O.B.

Drinking Water Safer Than Report Indicated

Minnesota Rural Water Association (MRWA) has taken issue with a recently released report by the Natural Resources Defense Council (NRDC), calling it "irresponsible and based on smoke and mirror statistical methods" and "sensationalized to grab the public's attention."

Using the Fiscal Year 1992 compliance report of the federal Environmental Protection Agency, the MRWA refutes much of the NRDC report. For instance:

(1) The NRDC report said that in 1991-92, 42 per cent of all water supplies violated federal health standards and there were 250,000 violations affecting more than 120 million people.

The EPA compliance report shows that 72 per cent of community water systems, 82 per cent of the non-transient community water systems and 88 per cent of transient non-community water systems were in full compliance with the Safe Drinking Water Act.

(2) The NRDC report said state and federal regulators acted on just 3,900 of the 250,000 violations.

"The number 3,900 refers to FORMAL enforcement actions," MRWA responds. "There is a complete array of state actions that are not tracked by the EPA because they are of no interest to the lawyers. These other compliance activities are the ones that are the most effective in bringing systems into compliance.

(3) The NRDC report said overburdened and outdated water supply infrastructure is no longer capable of providing safe water consistently.

Looking at community water systems, EPA states that 4,975 of 58,666 systems (8%) had an actual contamination violation. This means that 92 per cent of those systems were in full compliance with all contamination levels. As for the contaminant levels being violated, 80 per cent of those were for turbidity or coliform bacteria, which are only indicators that there might be a bacteria problem.

"Safe drinking water and the protection of public health that everyone seeks is the result of voluntary compliance," states Jim Plahn, MRWA spokesman. "We need more ways and more resources directed to enhancing voluntary compliance. This would include more training, technical assistance and operator certification requirements at the state level that would require all systems to be operated by a certified operator."

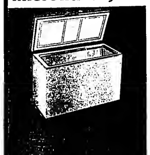
Safe drinking water is important to everyone, and compliance with sanitary safeguards by water systems of all types should be expected. Scare tactics to draw attention to perceived problems serve no one well. We commend the MRWA for calling the inaccuracies of this latest "report" to the public's attention.

Northern Watch Policies

Letters To The Editor: The staff of the Northern Watch encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in Northern Watch exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.



Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

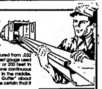
Woman sentenced on drug charge



Vikki Ann Marie Hutchinson of Thief River Falls was recently sentenced on a drug charge. Hutchinson was involved with several people arrested on various charges involving the possession and distribution of methamphetamine. Hutchinson was sentenced on a charge of controlled substance crime in the fourth degree.

Ninth District Judge Larry G. Jorgenson sentenced Hutchinson, age 19, to pay a $600 fine and placed her on 15 years supervised probation. She is being allowed to participate in the sentence to serve program.

Seamless Aluminum Guttering
Heating, Air Conditioning
378-4641 378-4585

Our Seamless gutters are manufactured from .032 gauge pre-painted aluminum: the heaviest gauge used in the industry. If your home is 20 feet or 200 feet in length our seamless gutter is made in one continuous length, eliminating any joints or seams in the middle. Inquire before you purchase "Seamless Gutter" about the thickness of the material used and be certain that it is made in one continuous length.

Seamless gutter is formed, cut and installed on site by a two-man crew...saving on labor cost. Freight charges are eliminated. Waste is almost unheard of due to gutter being measured and cut on site to exact lengths. No need to store left over odds and ends that get damaged before they can be used. Most jobs can be completed the same day. Call us for complete information and free estimates of your job at no obligation to you.

SEAMLESS GUTTERS

Newfolden church to host mission

At its Offerfest Sunday, October 17, at 2:30 p.m. the Evangelical Free Church of Newfolden will host Sharon and Olles Mack of Grand Forks, ND, who will share their missionary experiences in Mexico, New York City and China. The EFC Women sponsor the Offerfest.

The Macks have traveled to Monterey, Mexico twice to minister to the physical and spiritual needs of the poor there; have spent time with Dave Wilkerson's ministry to the homeless in New York City; and most recently brought Bibles to China.

Special music will also be provided by the Macks. Lunch will be served following the service and everyone is welcome to attend.

Environmental problems and laws in Minnesota were discussed by Sen. LeRoy Stumpf of Thief River Falls recently during a guest lecture in Terry Wiseth's Environmental Problems class at Northland Community College.

MW Minn. CDC annual meeting at Shooting Star

Annual meeting of the Midwest Minnesota Community Development Corporation will be held Thursday, October 21, at 6 p.m. at the Shooting Star Casino in Mahnomen.

In announcing the 22nd annual meeting, President Arlen Kangas said that the meeting will include a presentation by Steven Mercil of Minnesota Technology Incorporated.

MMCDC is one of the largest community development corporations in the Upper Midwest.

Two killed in accident Mon.

Two people were killed in a one vehicle rollover Monday in River Falls township in Pennington county.

Joann B. Hennen, 53, Halstad, and Casey Hennen, 3, Newfolden, were killed when the car they were passengers in rolled into a ditch filled with water, Pennington county sheriff's department, they received a report of the accident on County road 2, two miles east of County road 17 at 11:25 a.m.

According to the accident report, Dona J. Hennen, route 1, Newfolden, age 25, was driving east on County road 2 when she lost control on the gravel road and the vehicle went into the south ditch and rolled. It landed upside down in the water-filled ditch. Dona and 5-year-old son Rey Hennen, were able to get out of the car and summon help from a nearby farmstead. When emergency personnel arrived, however, Joann Hennen and 3-year-old Casey Hennen were dead at the scene.

Dona and Rey Hennen were taken by ambulance to Northwest Medical Center in Thief River Falls. The 1976 Chevrolet Citation they were driving was considered a total loss.

If You're Considering Refractive Eye Surgery, Here Are Five Reasons Why You'll Want to Talk to Northwest Eye Centers:
1. EXPERIENCE
2. EXPERIENCE
3. EXPERIENCE
4. EXPERIENCE
5. EXPERIENCE

Setting the Standard for Refractive Surgery Excellence, Quality Eye Care, and Patient Safety. No other eye clinics in Northwestern Minnesota have more extensive clinical experience than Northwest Eye Centers. So it comes as no surprise that we're the preferred choice among families for: comprehensive eye care, quality optical services, and refractive eye surgery.

Richard L. Lindstrom, M.D.
Consultative Ophthalmology
Refractive & Laser Surgery
A World-Renowned Refractive Eye Surgeon in the North Country. Dr. Richard L. Lindstrom is widely regarded as a leader in corneal, cataract, refractive, and laser eye surgery. And now, we are able to offer Dr. Lindstrom's world class corneal and refractive surgery services to our patients.
Over 3,000 Refractive Surgeries Performed. Since 1980, Dr. Lindstrom has performed more refractive procedures to correct nearsightedness, farsightedness, and astigmatism in patients than anyone else in Minnesota. The 20 minute outpatient procedure can correct vision to 20/40 or better in 90% of the cases. It's virtually painless, and most patients return to work in a couple of days.
Committed to Achieving the Best Clinical Outcome for Our Patients. Dr. Lindstrom and our eye care specialists provide the full spectrum of diagnostic and refractive surgical procedures - not just the radial keratotomy procedure. So we're able to offer patients the best refractive surgical procedure based upon their needs and lifestyle and job limitations.
A Unique Association of Optometry and Ophthalmology, Serving Northwestern Minnesota. With offices throughout Northwestern Minnesota, we're able to provide for your total eye care needs. And, our offices accept Medicare assignment for most procedures. So, whether you're interested in a new pair of glasses or contact lenses, or learning more about refractive eye surgery, stop in one of our seven convenient eye care centers today.
"Dear Dr. Lindstrom, following my refractive surgery, I just wanted to thank you for all the benefits I'm now enjoying. Simply, it has made my life more fun! My golf game has improved. I can wear hats and weird sunglasses. I can see squirrels in trees – and my alarm clock as soon as I open my eyes. Prior to my refractive surgery, I missed the details. Thank you." Mr. LJ*, Minneapolis

Northland has major challenge

You want a challenge? Take on Vermilion in Minnesota Community College Conference football. The task falls to Northland today (Saturday) in a 2 p.m. Northern Division game at Prowler Field.

Vermilion is 21-1 over the past 2 1/2 years – a 7-1 state runner-up finish in 1991, a 10-0 state championship performance in 1992 and a 4-0 start in 1993. The Ironmen have scored more points (155) and given up fewer points (24) than any other MCCC team this fall.

But Northland coach Gene Klinke isn't going to wave a white surrender flag – not without a fight, at least.

"We know Vermilion has a good ball club," acknowledged Klinke. "But we think they're beatable. We'll have to play our very best to beat them, but if we play up to our capabilities, we'll be in the game. We feel very confident that we can play with them."

Vermilion's list of conquests this year include Normandale 28-14, North Hennepin 28-7, Brainerd 21-3, and the University of Minnesota-Crookston 58-0 last week when the Ironmen piled up a huge 570-44 advantage in offensive yards. They netted 311 yards on 52 running plays and went 23-for-37 in the air for 259 yards.

"They have quite an offense," noted Klinke. "They like to throw the ball, but they can obviously run it, too. The key for us is to to put some points on the board, control the ball, take some time off the clock, try to keep the ball out of their hands as much as possible, and play some good, sound defense."

Northland is 2-2 with wins over Hibbing 34-20 and Mesabi 25-6, along with losses to Fergus Falls 21-0 and Itasca 16-0 last week.

"Every time we score, we win," quipped Klinke.

It'll be the final Saturday game of the year for the Pioneers, who finish regular season play with three Thursday contests – Oct. 14 at home vs. UMC, Oct. 21 at Brainerd, and Oct. 28 at home against the Mayville State junior varsity.

Elsewhere in the Northern Division last week, Brainerd shut out Hibbing 10-0 and Mesabi got by Willmar 20-19. In addition to the Northland-Vermilion match-up, today's schedule includes Mesabi at Brainerd, Hibbing at UMC and Itasca at Worthington.

Sports Schedule

Saturday, Oct. 9
- LHS girls swimming at Grand Forks Invitational, 1 p.m.
- NCC football vs. Vermilion, 2 p.m.

Monday, Oct. 11
- LHS volleyball vs. Win-E-Mac, 8 p.m.

Wednesday, Oct. 13
- NCC volleyball vs. Brainerd, 6:30 p.m.

Thursday, Oct. 14
- North Sub-Section 8AA girls team tennis tournament at Grand Forks Tennis Center, 9 a.m.
- LHS boys/girls cross country at Hawley Invitational, 4:30 p.m.
- LHS girls swimming vs. Bemidji, 5 p.m.
- LHS volleyball vs. Red Lake County Central (at Plummer), 6:15 p.m.
- LHS football at Fergus Falls, 7 p.m.
- NCC football vs. UMC, 7 p.m.

Teammate Jamie Martell (right) looked on as Thief River Falls' Toni Chiodo bumped the ball into play during Tuesday's high school volleyball match against Moorhead. The Prowlers beat the Spuds 3-2 to remain unbeaten against North Sub-Section 8AA competition.

Thief River Falls knocks off volleyball rival Moorhead...

Prowlers beat Spuds 3-2

Fueled by a first-game comeback and a final-game turnaround, Thief River Falls knocked off visiting Moorhead 3-2 Tuesday in North Sub-Section 8AA high school volleyball.

The 16-14, 15-9, 11-15, 5-15, 15-7 win was the first for a Helen Anderson-coached Thief River Falls team over Moorhead in Anderson's 11 years as the Prowlers' coach.

"This is the one I wanted more than anything," said Anderson. "The girls played out of their minds. That's the best they have ever played. They played with a lot of heart. They never gave up."

The key might have been Game 1 when the Spuds jumped ahead 8-1 and had four service opportunities to finish it after taking a 14-7 lead before the Prowlers rallied. After a Kelly Skelm ace serve and a Toni Chiodo drive through a blocker pulled Thief River Falls within 14-12, Moorhead surrendered three straight points on errors. A long final-point volley ended on a kill by Thief River Falls hitter Carrie Lawrence.

Outstanding defense helped keep the offense going in Game 2 as the Prowlers out-scored the Spuds 7-2 down the stretch.

Moorhead bounced back with a 15-11 Game 3 win and tied things by breezing to a 15-5 Game 4 decision.

But just when it appeared the Spuds' momentum would carry them to a come-from-behind win, the Prowlers took over, dominating play in grabbing an 8-0 Game 5 lead.

Moorhead did close it to 12-7, but a corner kill by Lawrence and a tap by Sarah Huschle closed it out for the Prowlers.

Results put the Prowlers at 9-10 and left the Spuds 9-6.

"They (Prowlers) deserved to win – they played so hard out there," said Anderson. "I'm really proud of them."

A three-pronged Thief River Falls attack featured Chiodo with 12 kills, Lawrence 10 and Skelm 8. Moorhead relied mostly on 5-10 senior Angela Michels, who finished with a match-high 17 kills.

Thief River Falls went with a 6-2 offense, allowing Skelm (15 assists) and Kendra Dimich (12) to share setting duties.

It was the third regular season win without a loss against North Sub-Section 8AA foes for the Prowlers, who will try to finish 4-0 in an Oct. 19 trip to Fergus Falls.

In Tuesday's preliminary matches, Moorhead won the junior varsity decision 15-8, 15-13 and took the C squad contest 15-1, 15-13.

TRF Scoring
- Kills - Toni Chiodo 12, Carrie Lawrence 10, Kelly Skelm 8, Sarah Huschle 6, Jamie Martell 8, Kendra Dimich 2.
- Last-touch points - Toni Chiodo 16, Kelly Skelm 11, Kendra Dimich 10, Carrie Lawrence 10, Jamie Martell 6, Maren Thorson 5, Sarah Huschle 3, Jenny Drury 3.
- Ace serves - Maren Thorson 2, Kendra Dimich 1, Jamie Martell 1, Kelly Skelm 1, Jenny Drury 1.
- Assists - Kelly Skelm 16, Kendra Dimich 12.

North Sub-Section 8AA tennis draw announced

Pairings have been announced for the 1993 North Sub-Section 8AA girls high school tennis tournament, scheduled to be played Oct. 14-15 at the Grand Forks Tennis Center.

In Thursday team play, first round matches include No. 4-seeded Moorhead vs. No. 5 Thief River Falls at 9 a.m. and No. 3-seeded Detroit Lakes vs. No. 6 Fergus Falls at 10:30 a.m.

Semifinals will have the Moorhead-Thief River Falls winner playing No. 1-seeded Bemidji at 12-noon, while the Detroit Lakes-Fergus Falls winner takes on No. 2-seeded Alexandria at 1:30 p.m.

Championship match will be played at 3 that afternoon.

Singles and doubles matches in the individual portion of the tournament will be played Friday. First round play starts at 9 a.m. Finals are scheduled for 4:30 p.m.

North Sub-Section 8AA Singles
- Upper Bracket - 1. Jane Brune (Bemidji) vs. bye; No. 8 Tenye Wright (Alexandria) vs. 9. Jami Dehnert (TRF); 12. Elizabeth Vaughn (Fergus Falls) vs. 5. Julie Vano (Alexandria); 4. Amy Groth (Moorhead) vs. bye.
- Lower Bracket - 3. Andrea Vegle (Bemidji) vs. bye; 11. Sonia Hegg (DL) vs. 6. Elise DuBord (Moorhead); 10. Jamie Fremsted (TRF) vs. 7. Suzie Schlerer (Fergus Falls); 2. Ruth Rhodes (DL) vs. bye.

North Sub-Section 8AA Doubles
- Upper Bracket - 1. Jill Smidt-Molly Shogren (Alexandria) vs. bye; 5. Erin Kraft-Stacie Sundquist (Bemidji) vs. 2. Jaclyn Husky-Kris Welde (Fergus Falls); 12. Jenny Hoven-Jennifer Dickey (Alexandria) vs. 5 Stacy Stock-Michelle Mortenson (Fergus Falls); 4. Patty Pemble-Jeneen Larson (Moorhead) vs. bye.
- Lower Bracket - 3. Kamie Twomey-Tiffany Brouse (TRF) vs. bye; 11. Amber Rundle-Lise Geckerman (DL) vs. 6. Joy Halstead-Carrie Diffley (Bemidji); 10. Suzie Poehls-Sara Mandsager (Moorhead) vs. 7. Shari Evenson-Anne Pedille (TRF); 2. Caroline Dale-Erin Hesby (DL) vs. bye.

Speakers set for first NCC basketball coaching clinic

Final plans have been announced for the first Northland Community College basketball coaching clinic, scheduled to be held Saturday, Oct. 23.

Northland athletic director Rick Nelson, women's basketball coach Rick Nikunen and men's basketball coach Mark Dannhoff are serving as the clinic directors.

Heading the list of guest speakers will be Amy Ruley, head women's basketball coach at North Dakota State University, the defending NCAA Division II national champion.

Other speakers will include Steve Philion, head boys coach at Clearbrook/Gonvick, the reigning Section 8A champion; Gary Schuler, head boys coach at Warren-Alvarado, a perennial Section 8A power; Ed Beyer, head boys coach at Hillsboro, who has more wins than any coach in North Dakota; and Chuck Gremmels, head women's basketball coach at Mayville State University.

Cost of the clinic is $10 for those who pre-register before Oct. 20. Registration fee on the day of the clinic will be $20. Cost of the clinic includes all sessions, lunch and a social at the Eagles Club in Thief River Falls.

For additional information and registration material, contact Nelson at Northland by calling 681-2181.

Booster Night is planned for NCC volleyball match

It will be Sports Boosters Night Wednesday when Northland hosts Brainerd in a 6:30 p.m. Minnesota Community College Conference volleyball match. All club members will be admitted free of charge.

Northland fell to 4-15 for the year and 0-3 in the Northwest Division Wednesday when the University of Minnesota-Crookston beat the visiting Pioneers 15-5, 15-17, 15-12, 15-3.

"It was a very good volleyball match," reported Northland coach Deb Jacobson. "There were a lot of long rallies. The girls were happy; they played well."

Kathy Kvick had 15 kills for the Pioneers on 61 attempts – double her previous high for the year.

Northland also played solid defense, finishing with 71 digs – 15 apiece for Kyoko Kino and Ronda Olson, 11 for Denise Johnson. Holly Gram had a big night at the net with 16 blocks.

Sophomores post win over Warroad

Lincoln High School sophomores improved their record to 5-0 Tuesday with a 49-14 football win over Warroad at Prowler Field.

Aaron Ehrenstrom scored on runs of 6, 1 and 15 yards for the winners, while Kaine Martell had touchdown runs of 20 and 17 yards, Josh Harris scored on a 5-yard run, and Nick Chiodo reached the end zone on a 40-yard fumble recovery return.

Thief River Falls conversion points included a Keith Anderson-to-Ehrenstrom pass, a run by Martell, a kick by Chane Keefe, and a Keefe-to-Ehrenstrom pass.

East Grand Forks will be at Prowler Field Monday for a 6 p.m. sophomore game.

MSHSL meeting will be held here Oct. 20

Thief River Falls will be one of the sites for eight regional meetings this fall by the Minnesota State High School League Board of Directors.

From Oct. 11-Nov. 10, the board and MSHSL staff will conduct the statewide meetings for school officials, the general public, and the media. Primary purpose of the meetings is to determine winter and spring workshop topics for coaches/advisors, students, and administrators.

The Thief River Falls meeting will be held Wednesday, Oct. 20, from 10 a.m. to 12-noon in the Lincoln High School auditorium.

"The board felt it was important to get out and talk about the league in our members' backyards – and listen," explained MSHSL Executive Director Dave Stead. "Board members and staff want to be able to share background information about current issues – and to listen to the needs of our member schools. We're also hoping that we'll hear from some of the positive stories that are out there about participation in high school activities."

Board members and staff will open each meeting with brief, general comments about a number of subjects, including the new League Mission Statement, the 1993-94 Action Plan, the financial picture for the past school year and the current budget, sportsmanship, gender equity, legislative issues, the Focus on the Future student, and planning for the future.

Tuesday high school volleyball results...

Nordics beat Wolverines

Sometimes the scoreboard doesn't tell the whole story. Tuesday the losing coach was pleased and the winning coach disappointed in their respective performances as unbeaten Marshall County Central got by game Grygla/Goodridge, a team that has just one win to its credit over the past two years, in a 3-1 high school volleyball match played at Goodridge.

The Nordics won 15-8, 5-15, 15-6, 15-4.

"We didn't show up mentally ready to play volleyball," said Marshall County Central coach Mark Jorgenson. "We played some pretty sloppy volleyball. We won, but I wish we could have played a little better."

That's not to take anything away from the underdog Wolverines.

"First two games we played pretty well," pointed out Grygla/Goodridge coach Tim Mostrom. "They got on a roll after that, but we made them work up a sweat. We covered the floor better as a team than we probably have all year."

Rachel Rychlock had a strong night at the net, according to Mostrom, with Shauna Thomas serving the Wolverines from three points to 14 in their Game 2 win.

B/G-Middle River....................3
Kittson Central.........................2

Krissi Super had 20 kills Tuesday as Badger/Greenbush-Middle River outlasted Kittson Central 14-16, 15-5, 15-10, 7-15, 16-14.

Jessica Borgen added 15 kills and finished with nine ace serves for the winners.

TRF takes 3-2 match vs. Ponies

Coming off an emotional win over Moorhead Tuesday and battling the flu bug, Thief River Falls wound up struggling to a 3-2 high school volleyball win over Warren-Alvarado Thursday in front of a Parent's Night crowd at the Lincoln gym.

The Prowlers evened their season record at 10-10 with an 8-15, 15-11, 5-15, 15-11, 15-8 decision.

"It wasn't pretty," admitted Thief River Falls coach Helen Anderson. "Passes were not going to the setter, and that can really be costly. But a win is a win, and we'll take it."

Hitter Carrie Lawrence missed the match because of illness, and several other team members were at less than full strength.

Sarah Huschle kept the Prowlers' attack going with a strong game at the net, said Anderson.

Warren-Alvarado won the junior varsity match 15-8, 13-15, 15-11 and took the C squad match 15-3, 15-0.

The Prowlers will return to action Monday by hosting Win-E-Mac, an Associated Press Top 10 Class A team. Junior varsity and C squad matches start at 6 p.m.

TRF Scoring
- Kills - Toni Chiodo 12, Kelly Skelm 10, Maren Thorson 8, Jamie Martell 8, Kendra Dimich 8, Sarah Huschle 8
- Assists - Kendra Dimich 18, Kelly Skelm 11, Sarah Huschle 2.
- Service aces - Kendra Dimich 3, Maren Thorson 2, Jamie Martell 2, Toni Chiodo 1.
- Last-touch points - Toni Chiodo 18, Maren Thorson 9, Kendra Dimich 8, Jamie Martell 7, Sarah Huschle 8, Sarah Koland 2, Jenny Drury 1.

Lincoln freshmen defeat Schroeder

Paul Kopari scored on runs of 35 and 10 yards as Thief River Falls beat host Grand Forks Schroeder 26-22 Monday in freshman football.

Tonner Martell added a 10-yard touchdown run and Kyle Nelson caught a 37-yard touchdown pass from Chad Nordhagen. Bryan Cleven completed the scoring with a two-point conversion run.

NOW'S THE TIME! START YOUR FALL EXERCISE ROUTINE TODAY! STOP IN TODAY!
TRF RACQUETBALL & EXERCISE CLUB
Hwy 59 S. 681-6709 Thief River Falls

Lisa Ulrich, a Thief River Falls senior, was a second place finisher in the 200-yard freestyle during Thursday's dual meet high school swimming encounter against Moorhead at the Franklin Middle School pool. The Spuds beat the Prowlers 104-90.

B/G-Middle River tops Grygla/Goodridge 3-0

Second win of the week for Badger/Greenbush-Middle River put the Gators at 7-11 for the year as they swept Grygla/Goodridge 15-9, 15-0, 15-3 in Thursday high school volleyball at Greenbush.

The 1-14 Wolverines stayed close in the first game before running into problems.

Grygla/Goodridge was operating without its two setters – Jamie Berndt, who suffered a shoulder injury in practice during the week, and Shauna Thomas, who became ill during warm-ups.

"We were kind of like a ship without a rudder," said Wolverines coach Tim Mostrom.

Jodi Mandrud was converted into a setter for the match, and did a "pretty nice job," according to Mostrom.

Both return to action Tuesday – Badger/Greenbush-Middle River vs. Lake of the Woods in Baudette; Grygla/Goodridge vs. Argyle in Grygla.

Marshall Co. Central...............3
Lake of the Woods..................0

A North Border Conference showdown turned into a Marshall County Central sweep as the Nordics beat Lake of the Woods 15-10, 15-7, 15-6 in Newfolden.

"They (Bears) have a good team, but we were up to the task," said Marshall County Central coach Mark Jorgenson. "Everybody we put in gave us a good effort. We kept the ball in play and didn't make the mental errors."

The 17-0 Nordics will be at Roseau Tuesday.

Red Lake Co. Central 3
Waubun 0

Red Lake County Central beat Waubun 15-12, 15-9, 16-14 Thursday in Oklee, putting the Mustangs at 6-9 for the year.

Setter Rachel Demarais sparked the Mustangs. "She had one of their better matches of the year," pointed out Red Lake County Central coach Nancy Bray.

The eight-team, two-pool Red Lake County Central Invitational was scheduled to get underway at 9 a.m. today (Saturday) in both Oklee and Plummer. Finals will be played at 4:30 p.m. in Plummer. The field includes Red Lake County Central, Red Lake Falls, East Grand Forks, East Grand Forks Sacred Heart, Lake Park-Audubon, Clearbrook-Gonvick-Trail, Fisher/Climax, and Norman County West.

Ninth graders split volleyball matches

Crookston won the A match 15-8, 5-15, 15-9 and Thief River Falls took the B match 18-16, 12-15, 15-3 Tuesday in freshman high school volleyball at Crookston.

Thursday, the Thief River Falls freshmen swept visiting Grand Forks South with a 15-4, 15-12 A win and a 15-9, 15-17, 15-9 B victory.

FmHA
FARMERS HOME ADMINISTRATION

Farm for Sale

252 ACRE FARM includes a 40' x 80' machine shed and 40,000 bushel grain storage and drying system. Approximately 202 tillable acres which includes about 140 acres in the Conservation Reserve Program.

PRICED TO SELL AT: $74,000.00

LEGAL DESCRIPTION: Lots 1, 2, and 3, SE1/4NW1/4, NE1/4SW1/4 and S1/2SE1/4 of Section 30, Township 155 North, of Range 39 West of the Fifth Principal Meridian.

APPLICATIONS: will be accepted on the farm property with priority given to applicants in the following order: 1) Socially disadvantaged beginning farmers or ranchers, 2) Beginning farmers or ranchers, 3) Socially disadvantaged operators of not larger than a family-size farm, 4) Operators of not larger than a family-size farm, 5) Operators of not larger than a family-size farms who are not in need of FmHA credit assistance on eligible rates and terms.

Socially Disadvantage applicants are members of a group of which has been subject to racial or ethic prejudice without regard to their individual qualities. Information on how to qualify as a beginning farm and other loan eligibility criteria is available at the local FmHA office.

This sale is subject to rights offered the former owner under Minnesota Rights of First Refusal.

SALE is subject to conservation deed restrictions which will restrict the purchaser's use of the wetlands, floodplains, highly erodible land and other special areas of the property.

The purchaser will be required to comply with the conditions of a Soil Conservation Service conservation plan.

FINANCING AVAILABLE - Interest Rate - 7.25%, 40 year repayment term for qualified FmHA applicants. Rates and terms are subject to change without notice. Eligible applicants may be eligible for Limited Resource interest rates.

OFFERS MUST BE IN WRITING - on Form FmHA 1955-45 "Standard Sales Contract-Sale of Real Property by the United States," and be received by MONDAY, NOVEMBER 1, 1993, and must be accompanied by a complete application specific to the category for which the applicant is qualified. Offers received after MONDAY, NOVEMBER 1, 1993, will be given consideration only if offers received before MONDAY, NOVEMBER 1, 1993, are not accepted. The Government reserves the right to cancel the sale at any time, and the right to reject any or all bids. Any application for less than $74,000.00 will not be accepted.

FOR ADDITIONAL INFORMATION contact Farmers Home Administration, USDA at 1305 North Dale Street, Post Office Box 488, Thief River Falls, Minnesota 56701, Telephone No. 218-681-2843.

EIS scoping meeting solcits information

(Continued from Page 1)

Valley. In addition the Minnesota Department of Natural Resources (DNR) has established 41 project for wildlife, fisheries and state parks; the U.S. Fish and Wildlife service operates 29 large impoundments (primarily on the Agassiz National Wildlife Refuge east of Holt) and the U.S. Corps of Engineers operates three major impoundment projects.

Currently over 50 new flood control or water retention projects are proposed for Minnesota's portion of the Red River of the North Basin by the RRWMB, the U.S. Fish and Wildlife Service and the Minnesota DNR.

"*In the past, such projects were evaluated on an individual basis with little or no analysis of their cumulative, basin-wide impacts,*" states a public information bulletin prepared by the Red River Watershed Management Board. "Resource managers are increasingly concerned that many projects affecting the same watershed or sub-watershed can have significant cumulative impacts on land use, biological diversity, cultural heritage resources and recreational use—hence the need for a comprehensive, basin-wide analysis."

People attending the scoping session Tuesday evening were divided into discussion groups to provide answers to three questions posed by the meeting sponsors. the questions were:

1. The benefits of impoundments that are most important to me are:________

2. The adverse impacts of impoundments that concern me the most are:________

3. Instead of building impoundments to control flood flows, I think you should________

Following 30 to 40 minutes of discussion, summaries of answers to the questions were posted at the front of the auditorium and read to the reconvened group by spokesmen selected from each group.

In general the benefits were listed most extensively as flood control and wildlife habitat, the adverse impacts were land loss and creation of habitat for waterfowl and blackbirds that cause crop depredation, and the alternative to building impoundments was to "do nothing" or "let nature take its course."

Following reading of the results of the group discussions, individuals attending were asked to place yellow stickers they had been given at the opening of the meeting on the posted answers which they agreed with most. They could place all seven stickers on one answer or distribute them in any quantity among the many answers given.

With this form of input from area citizens, which will be supplemented by comments *mailed in* on forms provided at the meeting and due by November 1, the U.S. Army Corps of Engineers and Minnesota DNR hope to be assisted in their analysis of the positive and negative effects of existing and proposed water impoundments on flood control, natural resources, cultural heritage elements and the regional economy.

Following this analysis, the Corps and DNR hope to:

(1) Determine the potential *cumulative* impacts of proposed impoundment projects in the basin;

(2) Provide a framework for future impoundment project development that ensures good coordination among proposers and regulating agencies; and

(3) Ensure that new impoundment projects meet the dual goals of flood damage reduction and environmental protection.

All agencies, groups and governments that are proposing to construct impoundments are involved, including the Red River Watershed Management Board and Watershed Districts, U.S. Fish and Wildlife Service, Minnesota DNR, Soil Conservation Service, U.S. Army Corps of Engineers, White Earth Tribal Council and the Red Lake Band of Chippewa Indians.

The public will have an opportunity to review and comment on the draft EIS document in the spring of 1995.

Marshall flood victims to divide up $176,400

(Continued from Page 1)

lar grant program unusual. For one, all applications for flood damage assistance funds are channeled to a meeting held in St. Paul each Tuesday at which representatives from 14 state and federal agencies that have authority to dole out disaster funds review the applications. They can then determine which agency can help with specific projects. The $176,400 grant to Marshall county came through the Minnesota Department of Trade and Economic Development and the Minnesota Housing Finance Agency.

Another unusual aspect is that people can made application to be reimbursed for expenditures already made to correct flooding or seepage problems to homes or commercial buildings.

"If someone's sump pump burned out and they had to buy another one, for instance," Wynne said, "we can reimburse them for the purchase if they can show us the receipt."

The same applies to other emergency repairs which had to be made as a result of flooding or seepage. People who have been putting off repairs of replacement for lack of funds may also apply for money through the program.

Applications are being accepted now and may be sent to Wynne Consulting, Inc., HCR 4, Box 81, Roseau, MN 56751 or called in to the consulting firm at 425-7466.

While most of the flooding and water damage happened in the Strandquist, Stephen and Oslo areas, the grant was issued on a county-wide basis and any Marshall county resident whose residence or commercial building was adversely affected by this summer's excessive rainfall may apply for financial assistance.

Wynne said that in addition to the $176,400 grant for residential and commercial buildings, Marshall county also received more than $50,000 from the Federal Emergency Management Administration (FEMA) for repair of roads and bridges. The county had requested $287,300 but FEMA officials conducting an on-site visit disallowed replacement of two bridges included in the original request.

Wynne also said that applications for flood relief assistance could be made by other entities in addition to the county and that the city of Alvarado had been one to make such a request.

Minnesota has been allocated $6.1 million in federal flood aid to be distributed in 53 counties or communities covered by a U.S. Presidential Disaster Declaration. Marshall county was one of those 53 Presidentially declared disaster areas in Minnesota.

KEEPING WATCH AROUND THE REGION

Sherry LaCoursiere

They know how to show appreciation

Lake Bronson - The Lake Bronson Legion club will have "Customer Appreciation Day" on October 23. Events open at 10 a.m. with a craft sale until 4 p.m. Other events will be a pool tournament at 11 a.m., drawings for hourly prizes, free popcorn, a lunch counter, happy hour from 12 noon to 2 p.m. with hors d'oeuvres and roast turkey and dressing or baked ham dinner served from 5 to 8 p.m.

Unusual events in Greenbush area

Greenbush - The Greenbush Tribune reported the following events in the Law Enforcement news this week.

Oct. 6: "Someone hit a bear near the Greenbush Supper Club, causing about $1,500 damage."

Oct. 6: "Gust Salmonson, Salol, was held hostage in his house by bees."

Oct. 5: "Badger school reported minors consuming during lunch hour."

Oct. 4: "A king-size mattress was taken from the Leona Hendrickson residence."

Oct. 2: "An ambulance was [illegible] Greenbush Golf Course."

Greenbush police reported that someone ran a school bus stop arm; someone hit Langlie's Super Valu with their vehicle; Joell Ullyott, Warroad, hit a railroad tie near Roosevelt."

Careful with those spot lights

Middle River - Area wildlife lovers are reminded that shining deer or other wildlife on private or state lands prior to 10 p.m. is not illegal, as long as there is no firearm in the vehicle and the purpose of the shining is for observation. However, it is illegal to harass or chase wildlife with a spot light and it is also illegal to cast an artificial beam of light into a federal wildlife refuge.

20-year turn about

Argyle - It must have brought back memories when Joan (Kuznia) Dufault watched her son, Michel, escort 1993 homecoming queen, Angie Safranski in this year's homecoming festivities. She was Argyle's homecoming queen in 1973. Angie's father, Ed Safranski, must have also been reminded of 20 years ago, because he was Joan's escort in 1973.

Woolworth's store to close in January

by David Hill
Associate Editor

Woolworth Corp. announced plans Wednesday to reposition certain operations. Nationally, that means slashing 13,000 jobs and closing or revamping 1,000 stores. Locally, it means Thief River Falls will probably have another empty downtown building.

Gary Dahle, manager of the store in Thief River Falls, said he notified the 10 store employees Thursday morning that Woolworths plans to close the Thief River Falls store by the end of January.

Woolworths has been a staple of downtown business in Thief River Falls for 65 years. Dahle said the store opened in Thief River Falls on June 21, 1928. Currently, the store is located at Third and Main in Thief River Falls, and of its 10 employees, one has been working at the store for over 30 years and another has been working at the store for over 40 years. The news was broken to store employees Thursday morning.

It appears the Thief River Falls store will be another sacrificial lamb for corporate America.

Many of the stores being closed incurred a $36 million operating loss. Dahle said the store in Thief River Falls has been profitable for the last five to seven years.

The building is owned by Norwest Bank.

According to a Star Tribune story from Friday, October 15, of the 18 Woolworth's stores now operating in Minnesota only the Apache Mall store in Rochester will survive nationwide cutbacks. The stores being closed include three St. Paul stores, and stores in Blaine, Maplewood, West St. Paul, Roseville, Duluth, Faribault, Bemidji, Fairmont, Thief River Falls, Detroit Laker, Fergus Falls, St. Cloud and Rochester.

With its announcement Wednesday, Woolworth corporate headquarters released the following statement:

Wednesday, Woolworth Corporation announced a program to reposition certain of its operations in order to best allocate its resources to its most profitable retail formats. This further enhances the company's Woolworth stores' prominence in major urban centers. It also features the remerchandising and remodeling of some of its Kinney Shoe stores, and the conversion of its Woolworth stores in Canada to The Bargain! shop concept.

The repositioning requires the

(Continued on Page 2)

Woolworth's in downtown Thief River Falls is expected to close by the end of January. The store, which is located at Third and Main and has been in Thief River Falls for 65 years, is among the nearly 1,000 stores being closed by Woolworth's Corporation in a program to reposition certain of its operations.

Fifteen miles out of Thief River Falls and at an altitude of 10,000 feet, a propeller blade on this plane piloted by Jeffrey Joe Peltier of Arthur, ND, snapped in half. Peltier was unable to land at the Thief River Falls regional airport but safely made an emergency landing in a sunflower field just off of County road 7 and one-third of a mile west of Highway 59 south.

Pilot lands in sunflower field

Harrowing experience begins when propeller blade breaks off

Jeffroy Joe Peltier of Arthur, ND, was lucky to walk away from an emergency landing of his Piper Comanche Wednesday evening near Thief River Falls.

The 39-year-old pilot landed the single prop, low wing aircraft in a sunflower field just on the north side of County road 7, one-third of a mile west of Highway 59 south. Pennington county sheriff's department received a report that the plane had landed in a sunflower field in Rocksbury township at about 8:20 p.m. Wednesday, October 13. A sheriff's department report of the accident stated that Peltier was flying at about 10,000 feet and was about 15 miles out of Thief River Falls when a section of a propeller blade snapped off. The aircraft began to shake violently so he turned the engine off to prevent the aircraft from breaking up. At first, Peltier apparently thought he could make it to the regional airport in Thief River Falls. Two attempts at emergency calls were also unsuccessful. He then thought he could land on County road 7 because he could see the lights of cars on the road. As he began his approach, however, he spotted an on-coming car and decided to land on the edge of a sunflower field next to County road 7. He reported to the sheriff's deputy that he was gliding at about 70 miles per hour when he landed and came to an abrupt stop in the sunflower field. Peltier, who was not injured in the incident, was flying the plane from Warroad. There were no passengers in the plane.

The plane landed on its landing gear and there appeared to be little damage to the structure, according to the deputy's report. There was damage to the engine and the propeller, however. The Federal Aviation Administration was notified.

The flu bug could bite you this year, harder and sooner than you think

by Sherry LaCoursiere
Northern Watch Reporter

What about the dreaded FLU? I am not talking about the common cold here. I am talking about the ache-all-over, high fever, coughing, headache, sore throat, congestion, sick-in-the-tummy FLU BUG.

The flu bug doesn't usually rear its ugly head until the latter part of December, after Christmas, but this year it is starting its trek around the country unusually early. The way it sounds, our holidays may be interrupted and spoiled by one type of flu or another if we aren't careful, and maybe even if we are.

There are three types of flu this year. One is the Beijing strain, which has already shown up in Louisiana and caused deaths on the East Coast last year. Another is the Panama flu strain that has been around since 1990, and, if that isn't enough, we are also going to have to fight a strain from Texas that showed up in 1991.

Flu shots are available at the Falls clinic during regular clinic hours in the months of October and November. Patients are encouraged to come to the clinic for flu shots between 8 and 10 a.m. Monday through Friday when additional staff is available to provide the shots. The shots cost $15.50 and are covered through Medicare.

Pennington County Nursing Service will also be providing flu shots on October 22 at the Heritage Center in Thief River Falls. There will be a $5 charge for these shots and they will be given by appointment only. Call 681-5950 for an appointment.

How can you tell whether you have the flu rather than a common cold? According to Dr. Ashok Patel of the Falls clinic, flu begins more abruptly than a cold, usually with a high fever (up to 103 degrees in adults and even higher in children), a dry cough and a headache. Other, less common, symptoms include congestion, sore throat, muscle aches and pains and nausea.

You have an ordinary cold if you have the sneezy sniffles, runny nose, a slight cough, slight fever and/or sore throat, but not a high fever or severe body aches.

(Continued on Page 15)

0/92 participation varies in NW Minnesota

Kittson, Roseau and Marshall counties have extensive signup; Pennington, Red Lake, East Polk, West Polk are less active

by Marvin Lundin
Northern Watch Editor

Participation in the U.S. Department of Agriculture's 0/92 program in northwestern Minnesota varied widely from county to county, but sign-ups in most of the counties took a boost during a two-week extension to September 17.

In effect for more than half a dozen years, the 0/92 program provides a payment to farmers of from zero to 92 per cent of their payment acres for not planting or harvesting a crop. Deadline for the initial sign-up period was August 31.

"The deadline for 0/92 was extended to September 17 because of recent implementation of the 1993 crop disaster assistance program and its relationship to other USDA programs," explains Wally Sparby, state director of the Minnesota office of the Agricultural Stabilization and Conservation Service (ASCS).

"The 0/92 program provided producers the opportunity to dispose of affected crop acreage and receive a deficiency payment on the 35 per cent of the crop not eligible for disaster benefits," Sparby added.

"Producers participating in 0/92 are assured a deficiency payment based on the projected difference between the target price and the average price received by all farmers during the first five months of the marketing year. The 0/92 deficiency payments are 72 cents for corn, $1.05 for wheat, 52 cents for barley and 15 cents for oats."

Sparby said that statewide there were 687,000 acres of corn, 213,000 acres of wheat, 21,000 acres of barley and 2,000 acres of oats enrolled in the 0/92 program by the September 17 extended deadline. Much of this acreage was disaster affected due to excess rain, below normal temperatures and early frost. The total 0/92 acreage was 11 per cent of the planted corn, eight per cent of the planted wheat and three per cent of the planted barley acreage statewide.

County ASCS officials in East and West Polk, Pennington, Red Lake, Marshall, Kittson and Roseau counties said that there was a good deal of activity in the program during the two-week deadline extension—both in the addition of crop acres and the withdrawal of acres which had originally been signed up in the program.

Influencing the decisions of farmers were the crop and field conditions which reduced the value of the crop as well as the likelihood of being able to harvest it.

Marshall and Kittson counties had large participation in the 0/92 program, as did Roseau county. East and West Polk, Pennington and Red Lake counties had lesser participation.

In Marshall county, 253 farms enrolled 68,039 acres of wheat in the program out of 379,031 acres planted. Sixty-one farmers enrolled 5,994 of 66,966 barley acres planted; 10 farmers enrolled 388 of 9,092 oats acres planted and eight farmers enrolled 259 of 9,092 corn acres planted.

Approximately 30,000 wheat acres had been enrolled in the program prior to the first deadline, and that sign-up more than doubled during the extension to September 17.

In Kittson county only about 5,000 acres had been signed up in the 0/92 program by the first deadline, but the county ASCS office was inundated with sign-ups during the extension period as farmers opted for participation.

Kittson had 254 farms with 88,703 acres of wheat enrolled in the program out of 246,563 acres planted—nearly 36 per cent of the planted acres. There were 63 farms which enrolled 7,240 barley acres out of 30,141 acres planted. Only one farm was enrolled in each of the corn and oats crops with 18.5 acres of corn out of 2,701 planted and 47.5 acres of oats out of 5,824 planted enrolled in the program.

Roseau county was among the highest in the state with 0/92 enrollment prior to the original deadline as the county ASCS office gave a good deal of attention to emphasizing the program. Despite that effort, about 13,000 additional acres of wheat were enrolled during the extended sign-up.

By September 17, Roseau county had 167 farms enroll 35,231 acres of wheat out of 142,106 acres planted. There were 61 farms that enrolled 4,619 acres of barley out of 37,172 acres planted; 29 farms that enrolled 1,147 acres of oats out of 12,114 acres planted; and seven farms that enrolled 306 acres out of 4,579 acres of corn planted.

In East Polk county, 103 farms enrolled 3,263 acres of corn out of 15,504 acres planted; 56 farms enrolled 1,572 acres of wheat out of 74,370 acres planted; 61 farms enrolled 2,202 acres of barley out of 46,094 acres planted and 35

F.W. Woolworth store to close in January

(Continued from Page 1)

closing, over the next several months, of approximately 970 general merchandise and specialty stores in the United States and Canada that have not met the company's financial objectives. These stores represent about 10 per cent of the company's worldwide total.

The stores to be closed incurred $36 million of operating losses during the first half of 1993, an amount equivalent to the operating losses these stores generated for all of 1992. For the 26 weeks ended July 31, 1993, these stores accounted for approximately $380 million, or about nine per cent, of the company's total revenues of $4,423 million.

The company expects to redeploy as many as 250 of the 970 stores into other, more profitable formats, principally those in its various athletic footwear and apparel chains.

The program is expected to result in an after-tax charge of approximately $480 million, or $3.66 per share, against the company's third quarter earnings. The company stated that it expects the cumulative effect of this program on the company's cash flows, on an after-tax basis, will be insignificant.

William K. Lavin, chairman and chief executive officer, said "The program, approved today by the board of directors, is consistent with a key strategic priority of the company; the restructuring, reformating and revitalizing of businesses which can meet the company's financial objectives within a reasonable time span — and the redeploying of assets away from those businesses which cannot.

"The continuation of unfavorable economic conditions in the United States and Canada, along with increased competitive pressures affecting customers' shopping habits and the generally depressed consumer-spending environment, have led us to accelerate our store closings," Lavin said. "In addition," he noted, "lackluster back-to-school sales, coupled with the mounting losses of the stores included in the program, are expected to couse the third quarter earnings to fall well below those of last year.

"The program, together with other previously announced expense-control initiatives, such as the combination of various operations, logistics improvements, and the centralization of support functions, will move the company close to its goal of being a low-cost, customer-driven organization better able to enhance shareholder value," Lavin continued.

The Woolworth store-closings in the United States represent an acceleration of the implementation of that chain's strategy of concentrating its general merchandise stores in larger urban areas. The Kinney Shoe chain has been refining its merchandising strategy over the past 18 months, and will be better able to serve its predominantly female customers with a more fashion-oriented, brand name merchandise mix.

In the United States, approximately 730 stores, including 400, or about half, of the Woolworth general merchandise stores, and 330, or about one third, of the Kinney and Footquarters shoe stores, are slated to close. About 100 of the stores to be closed are expected to be converted to more profitable formats, such as World Foot Locker Athletic Footwear and apparel stores, the Rx Place deep-discount drug stores, Northern Reflections women's casual apparel stores, or various other athletic footwear and apparel formats.

About 100 Woolworth stores in Canada will be converted to the popular The Bargain! shop concept, introduced in 1991. This chain, which offers a broad assortment of low-priced apparel and household merchandise, will total nearly 200 stores as a result of these latest conversions. In addition, about 50 specialty stores slated to close in Canada will be converted, primarily to stores in the company's Northern group: Northern Reflections, Northern Traditions and Northern Getaway, providing casual women's and children's apparel. Specialty store closings in Canada include all of the Fredelle, Willow Ridge and the Best of Times stores as well as selected stores in other chains. In Canada, about 240 stores are affected by the program.

Only five per cent of the total number of stores operated in Canada will be closed permanently.

The program will eliminate approximately 10,000 jobs in the United States and 3,000 jobs in Canada, evenly divided between full and part-time positions. This number represents nine per cent of the company's total work force.

During 1993 the company will have opened or acquired in excess of 800 stores worldwide, and will have closed about 1,200 stores, including the 970 stores involved in this program. Preliminary plans for 1994 call for the opening of about 600 stores, including redeployed stores.

In another action at the board meeting, the board of directors declared a quarterly cash dividend on the company's common stock of $.29 per share, and on the company's $2.20 series a convertible preferred stock of $.55 per share, both payable December 1, 1993, to shareholders of record on November 1, 1993. These dividends are the same as for the prior quarter.

0/92 participation varies

(Continued from Page 1)

farms enrolled 464 acres of oats out of 2,660 acres planted. Only eight of the farms were signed up during the deadline extension as failed acres.

In West Polk county there were 120 farms which enrolled 8,942 acres of barley out of 70,163 acres planted; 88 farms which enrolled 2,648 acres of corn (just over 50 per cent) out of 5,273 acres planted; 38 farms which enrolled 808 acres (almost 82 per cent) out of 989 acres planted; and only 44 farms that enrolled 9,248 out of 336,550 acres planted. Of the total acres of wheat in the 0/92 program in West Polk county, nearly 8,000 acres came into the program as failed acres.

Pennington county participation was rather small, and all but one of the farms enrolled came in during the deadline extension period. There were 22 farms enrolling 2,683 acres of wheat out of 99,024 acres planted; nine farms enrolling 523 acres of barley out of 35,752 acres planted; one farm enrolling 77 acres of corn out of 2,625 acres planted; and one farm enrolling 102 acres of oats out of 6,812 acres planted.

Red Lake county had three farms enroll 247 wheat acres out of 62,629 acres planted, one farm enroll 141 acres of corn out of 7,106 acres planted and one farm enroll nine acres of barley out of 22,303 acres planted. None of the 1,951 acres of oats planted was enrolled in the 0/92 program.

Deficiency payments for producers participating in 0/92 statewide are estimated at $20,336,000—less than half of the payment projected if crops had not been disaster affected and had gone to harvest. The portion of the crop receiving disaster benefits is not eligible for deficiency payment.

Disaster benefits for crop losses in excess of 35 per cent are provided at 65 per cent of the target price by legislation recently passed by Congress. Target prices are $2.75 for corn, $4 for wheat, $2.36 for barley and $1.45 for oats. Because many producers enrolled only a portion of their acreage in the 0/92 program, losses cannot be determined until after harvest, Sparby noted. No current estimates of total benefits was available.

Minnesota Agricultural Statistics Service reported that Minnesota's spring wheat production at 75.9 million bushels was down 45 per cent from last year. Barley production of 37.7 million bushels is 26 per cent below a year ago and oats production at 23.8 million bushels is 32 per cent below last year.

WATCH AROUND THE REGION
Sherry LaCoursiere

What did he say? Isn't it full of beans?

Warren - When Senator Paul Wellstone visited Warren last weekend, he happened to recognize Sheaf Editor Neil Mattson and asked where they had met before. Mattson, a self-professed Republican, replied, "Before the Oslo bean day at the cafe in Warren, and I thought you were full of BS then too."

Homemade bombs are dangerous

Warren - Two Warren youths were arrested in connection with the construction and detonation of five chemical explosive devices within the city limits. According to Warren police, the devices were made out of a mixture of [illegible] household chemicals. Authorities are stressing that the homemade bombs are dangerous. A Grand Forks youth was burned and temporarily [illegible] when a similar device exploded in a wastebasket he was carrying it in.

A helping hand for a friend in need

Warren - Farmers from the Alvarado and Warren areas [illegible] up to harvest sugar beets belonging to LaVerne Rogalla after Rogalla was incapacitated by a heart attack.

Boys lost while partridge hunting

Mahnomen - Sixty officers from several agencies, civilian volunteers, an airplane and a blood hound were utilized in a search for three boys lost in a heavily wooded area near a large swamp northeast of Naytahwaush Sunday. Jeff Tibbetts, 9, of Naytahwaush, and his cousins, Doug and Curt [illegible], ages 9 and 13, of Bemidji, were found about 3 a.m. Monday. The boys were cold, hungry and frightened, but otherwise unhurt. They went partridge hunting about 2 p.m. Sunday and were expected to return home at 5:30 or 6 p.m. When they did not return at the expected time, Jeff's mother called the Mahnomen County Sheriff's Department. Also participating in the search were the Naytahwaush Fire and Rescue volunteers, Bemidji and Fosston game wardens with a blood hound and state patrol officers with an airplane [illegible]

Angus man injured

Angus - Ronald [illegible], 43, of rural Angus, was injured when he was struck by a 1991 Ford Explorer driven by Sheila M. Knoche, 37, of Warren. He was transported to United hospital in Grand Forks where he was treated for fractures of his ankle, collarbone and [illegible].

Now, where's the frying pan?

Warroad - Steve Fellagy, Zimmerman native, is the winner in the Warroad Professional Walleye Tournament. Fellagy caught the limit of five fish totalling [illegible] pounds to win top prize of [illegible] [illegible] the winning fish [illegible]

Hunters, get ready

Roseau - Stan Wood of the Roseau River Wildlife Management Area says goose numbers are up this year. Ten thousand snow geese, one of the highest numbers in recent years, were counted in an aerial survey prior to opening day of waterfowl season. A total of 20,000 birds were counted in the survey.

Free - or not too free

Hallock - Kittson county Sheriff Ray Hunt acquired a four-wheel drive pickup for the sheriff's department free through a program which allows law enforcement departments to receive surplus defense equipment at no cost. Now Kittson county commissioners are irate because they were not informed prior to the receipt of the vehicle. They say any expenditure by a county department of over $500 should come before the commission. Although the vehicle was obtained free of charge, it has needed $600 in repairs and new tires.

RLF editor leaving

Red Lake Falls - [illegible] Sevig, editor of the Red Lake Falls Gazette for the past [illegible] months, is leaving to [illegible] news editor at the Granite Falls newspaper.

Population loss predicted in area

Fosston - The Thirteen Towns, Fosston newspaper, published a report [illegible] state demographer's [illegible] showing area population [illegible] expected in the next [illegible]. Two counties, Mahnomen and Beltrami, will grow in population through 2020, but losses are expected in other northwestern Minnesota [illegible] as follows: Clearwater, [illegible] from 8,309 to 7,790; [illegible] 11,993 to 8,960; Pennington [illegible] to 12,100; Polk [illegible] to [illegible] Red Lake, 4,525 to 3,480.

RLF Manufacturers hold tours

Most of the manufacturers in Red Lake Falls will offer tours of their facilities to the public during Manufacturers Week proclaimed by the mayor for October 18-22.

Planning for tours are Barry's Welding, Homark Company, Inc., Northwest Manufacturing, Rafdor's and Tailoredwear. The public is being encouraged to shop support for the manufacturers by taking the offered tours.

Due to the anticipated response, the public is being asked to make reservations for the tours by calling the individual businesses. In some cases, groups will be limited to five or six people at a time.

Concluding event on Friday, October 22, will be a special noon luncheon in the city hall for manufacturers and city, state and other government officials, followed by remarks by invited guests.

Among the invited guests are Sen. LeRoy Stumpf, Rep. Tim Finseth, Congressman Collin Peterson, Senate Majority Leader Roger Moe, Rep. Bernie Lieder and Gov. Arne Carlson. Speaking program will begin at 12:30 p.m., at which time the hall will be open to the public.

St. Olaf counselor visits TRF

Kelly Anfinson, admissions counselor at St. Olaf College in Northfield, will visit high school seniors at Roseau, Greenbush, Crookston and Lincoln high school in Thief River Falls Tuesday, October 19.

Anfinson will be at Roseau high school at 8:30 a.m., Greenbush high school at 10 a.m. and Lincoln at 12 noon, then move on to Crookston to meet seniors at 2 p.m.

Those wishing information about St. Olaf College are invited to contact her during the visits.

AIDS memorial quilt at UND

The NAMES project AIDS memorial quilt will be on display at the University of North Dakota Memorial Union in Grand Forks, ND, from 10 a.m. to 10 p.m. October 17 through October 20.

The display, which is free and open to the public, will include 324 panels of the 23,416-panel quilt, each panel measuring three by six feet and commemorating someone who has died from AIDS. The full quilt would weigh 27 tons and cover 9.7 acres without a walkway.

DEATHS

Paul Belto, 29

Middle River - Paul Belto died October 12 at Northwest Medical Center in Thief River Falls at the age of 29. Funeral services for Paul Belto will be Saturday at 10 a.m. at Trinity Lutheran church in Thief River Falls. Visitation is until 9 p.m. Friday with a prayer service at 7 p.m. that day. There will also be visitation for one hour at the church prior to the services on Saturday. There will be a complete obituary in Wednesday's edition of The Times.

Adelle A. Kostrzewski, 62

Stephen - Adelle A. Kostrzewski, 62, died unexpectedly on October 7 at the United Hospital in Grand Forks, ND. Funeral services were held on Monday at St. Stephen's church in Stephen. There will be a complete obituary in Wednesday's edition of The Times.

Howard D. Anderson, 69

Seattle, WA - Howard D. Anderson died Sept. 25 in Tacoma, WA, at the age of 69. Funeral Services were held Oct. 2 in Kent, WA. A complete obituary will follow in Wednesday's edition of The Times.

Morning after the pilot of this Piper Comanche made an emergency landing in a sunflower field near Thief River Falls Wednesday evening, the plane was still resting in the field and covered by a light frost. The pilot, Jeffrey Peltier of Arthur, ND, was uninjured in the incident.

Ekeren and Stordahl on MPR council

Bob Ekeren and Ronald Stordahl of Thief River Falls remain on the regional development and advisory council for Minnesota Public Radio stations in Moorhead and Thief River Falls following a meeting of the council recently.

Willy Jacobson of Moorhead and Rick Killion of Fargo were elected to the council.

Minnesota Public Radio stations in this region include KQMN 91.5 FM (classical music) and KNTN 102.7 FM (news and information), both 24-hour stations serving Thief River Falls, Crookston and Grand Forks.

Be an organ donor. . . it's the chance of a lifetime!

You probably already know somebody who has benefited from having a transplant. In fact, you, or someone close to you may need a transplant someday, because it can happen to anyone at any age.

It happened, right here in Thief River Falls. Gary Rux and his family know first hand, the importance of organ donation. Gary received his new heart in November of 1992 and today is back at work and feeling great!

Organ transplantion is one of this century's medical triumphs. It has become a routine practice that can dramatically improve - and even save - the lives of those suffering from vital organ failure. Thanks to people like you, who make the committment to give others a second chance, people like Gary can return to living normal, productive lives.

Do you know what to do?

How do you become a donor? It's easy. Tell your family your decision...that's all there is to it. Public education is underway to correct common misconceptions about donor cards and driver licenses and to inform the public that the key step is family communications

Learn more about organ donation at a free public presentation on **Tuesday, October 19, 1993 at 7:00 p.m.** at the Eagles Club in Thief River Falls. Representatives from Northwest Medical Center and LifeSource (the federally assigned organization to manage all organ donation activities in this area) will present information about organ donation.

Also, you will have the privilege of listening to a local family's story of how organ donation has changed their lives. **Thief River Falls resident, Gary Rux, will tell the story of his illness and eventual heart transplant in the fall of 1992.** Gary is a sincere and enthusiastic speaker that "has been there."

It's Time To Make The Courthouse Accessible To All

by David Hill
Associate Editor

Tuesday I helped a person in a wheelchair up to the *third floor* of the courthouse so he could report for jury duty. Next time this happens at our non-handicapped accessible courthouse I hope to have a camera. It's time the city and county make public buildings handicapped accessible.

The present city and county governments have been making great strides in cooperating and part of the reason involves plans for an addition between the city auditorium and the county courthouse. The new addition would make both buildings handicapped accessible. But frankly, years of talk and discussions with architects haven't made the buildings any more handicapped accessible than they are, which is not at all.

The written policies directing service providers at the courthouse to provide services at locations that are handicapped accessible just don't provide the answers that are needed. It's time to bite the bullet and get the job done.

Some people might think I'm just trying to stir up trouble. Rather, I hope this editorial pushes people into action. If the person in the wheelchair on Tuesday hadn't been able to help us, we wouldn't have been able to get him to the third floor. If you think I'm exaggerating, ask the others who were helping — Sheriff Gerald Moe, Deputy Mike Hruby, Deputy Steve Janousek, and a relative of the person in the wheelchair. I can't imagine what it's going to be like each time this person has to report for jury duty. It was a terrible strain on him and a strain on those trying to help him. Perhaps city councilmen, county commissioners and a judge or two ought to meet him at the bottom of the steps each day to help him climb three flights of stairs.

Birders Need To Put Their Money Where Their Interest Is

If you are one of some 1,953,000 Minnesotans who feeds, attracts, observes, photographs, records or studies birds as a form of outdoor recreation, you are classified as a "birder." You are also a "non-consumptive user" of wildlife as contrasted with hunters and those who fish.

And you aren't paying your way very well.

It's not that you don't spend money in pursuit of your recreation because you certainly do. In 1991 it is estimated you spent $130,706,000 for such items as bird seed, film and developing, cameras and lenses, binoculars, spotting scopes, day packs and cases, nest boxes and feeders, backpacking and other equipment, magazines and membership dues and contributions.

In total, birders spent an estimated $363,509,000 for their recreation in 1991. Hunters spent only $289,689,000 while anglers spent $846,246,000.

Those figures represent a lot of money. But when it comes to support of state wildlife conservation work the birders fall behind. The state's 452,000 hunters provided $23,426,122 in 1991 or an average of $51.15 in support of state wildlife work through federal excise taxes and state licenses and stamps. The state's 1,450,000 anglers provided $24,677,250 through the same sources—an average of $17.02 per angler.

But the nearly two million birders were obligated to pay no license fees, no excise taxes, and buy no stamps. They paid a total of $949,240 through the state's "chickadee checkoff," the donation to the non-game wildlife fund on the state income tax form. The average is less than 50 cents per birder for conservation efforts. That's pretty cheap recreation.

There are a lot of different ways to look at these statistics. Hunters, anglers and birders are not mutually exclusive categories. Many, perhaps most, hunters and anglers are also birders. And much of the money acquired by the Minnesota Department of Natural Resources through hunting and fishing licenses and stamps and excise taxes is expended in ways which benefit non-game as well as game species.

But of all the programs which provide revenue for state wildlife conservation work, only the non-game fund is truly voluntary. The other revenue is produced by mandatory licenses and stamps for participation or required excise taxes at the manufacturer level on fishing and hunting equipment.

A report prepared by the non-game wildlife program of the Minnesota DNR points out that many people may feel that if they are feeding birds they are already helping wildlife and that they do not need to help state wildlife conservation projects. In fact, however, only about 21.7 per cent of the state's resident birds are backyard species that benefit from bird feeding and nest box conservation and backyard landscaping—and many of those species are common. The real funding need is for the multitude of other bird species that are decreasing and do not frequent backyard habitats.

What to do?

An idea being tossed around as a possibility in the future is a minimal tax per pound of birdseed sold in the state—probably about a cent a pound. The Minnesota Department of Agriculture says that there were about 75 million pounds of birdseed sold in Minnesota in 1991 and the amount is growing every year. A cent a pound tax could provide three quarters of a million dollars or more for the non-game fund annually and allow birders to participate to at least a little greater degree in the support of their hobby.

We think that most of those who buy birdseed would support the idea and not miss the dime added to the price of a 10-pound bag of seed or half a dollar to a 50-pound bag. The average Minnesota birder bought about 35 pounds of seed in 1991 and likely did not shop around for the best price.

It's an idea certainly worthy of consideration. Hunters and anglers have supported their sports for many years. Perhaps it's time for others who enjoy wildlife to put their money where their interest is as well.

Northern Watch Policies

Letters To The Editor: The staff of the Northern Watch encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in Northern Watch exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Energize America — Employ Ability

NATIONAL DISABILITY EMPLOYMENT AWARENESS MONTH — OCTOBER 1993

What do the nation's 43 million people with disabilities want anyway?

NO PITY...
NO PREFERENCE...
NO SPECIAL TREATMENT...

Just a fair chance to compete on equal terms; to take pride in their own craftsmanship and abilities; to work and contribute to their own support and dignity.

These employees of the Occupational Development Center are employed by several businesses in Thief River Falls.

Your O.D.C. Is Energizing This Area Through Employing Ability.

The Occupational Development Center helps people with disabilities find and keep jobs in the community.

O.D.C. Placement Services
- Provides professional training
- Works with both employee and employer
- Matches employees to the job
- Handles the paperwork
- Guarantees assessment and follow-up.

In addition to its own facilities, the O.D.C. currently has individuals working at Hardee's, McDonald's, Dairy Queen, Taco John's, Bridgeman's, Hair Care Center, Galaxy Twin Theatre, Northern Motors, Riverside Terrace, Wennberg's, Lee Plumbing & Heating, Head Start, Forsberg's, Arctco, Digi-Key, Northern Pride, Best Western.

We have also helped a number of others to find employment in the community.

Peterson calls for troops to be withdrawn

Congressman Collin Peterson is calling for troops in Somalia to be withdrawn.

"As increasing violence against American soldiers by brutal warlords leads to more casualties, Congress and the administration cannot in good conscience continue to support the presence of U.S. troops in Somalia.

"Our original objective of providing humanitarian assistance to thousands of starving Somalis has been realized, and it is now critical that we withdraw any remaining U.S. troops from Somalia.

"Last week, I voted to require the administration to submit an October 15 report on U.S. policy objectives in Somalia, as well as to require a Congressional vote by November 15 on whether to continue the operation.

"In light of the recent escalation of fighting, I hope that we will expedite these deadlines so we can bring our troops home before more Americans die."

NW Tech offers pre-licensure course series

Northwest Technical College is offering an insurance pre-licensure instruction program at East Grand Forks, Detroit Lakes, Bemidji and Moorhead campuses and a real estate pre-licensure course at Bemidji and Moorhead campuses, according to the technical college regional office in Bemidji.

Boys, girls grade school basketball signup opens

Registration for fourth, fifth and sixth grade boys and girls in the 1993-94 youth basketball program conducted by the Thief River Falls Backcourt Club will be conducted in the next two weeks.

Three general information meetings have been set for parents when a $20 registration fee will be collected. A $5 late fee will be added for anyone registering after November 1. Players will also be responsible for purchasing a team t-shirt for approximately $8.

Parents unable to attend the meeting designated for the grade or sex of their child may feel free to attend either of the other two meetings. Those unable to attend any of the registrations may contact Sylvia Sjoberg at 681-3533.

Meeting for parents of sixth grade boys and girls will be held Tuesday, October 19; for parents of fourth and fifth grade boys will be Tuesday, October 26; and for parents of fourth and fifth grade girls will be Thursday, October 28. All of the meetings will start at 7 p.m. in the Lincoln high school cafeteria.

CUSTOMER NOTICE!

The 2-drawer oak file cabinet featured on page 22 of this week's sale circular is incorrectly sale priced. Due to printer error, the sale price is shown at $19.99. The correct sale price is $29.99.

Please accept our sincere apology for any inconvenience caused our valued customer by this error.

Thursday sports results printed in Oct. 20 Times

Thief River Falls Times/Northern Watch Sports Editor Mike Lundgren was out of town Friday.

Results of a busy Thursday area high school and college sports schedule will appear in the Wednesday, Oct. 20 issue of The Times.

Brainerd defenders Tara Anderson (8) and April Haiby (12) tried to block this spike by Northland hitter Ranada Erickson during Wednesday's community college volleyball match played in Thief River Falls. The Raiders swept the Pioneers 3-0.

Losses mount for Pioneers

Flashes of strong play wasn't enough to overcome longer stretches of inconsistent volleyball Wednesday as Northland lost a 3-1 Minnesota Community College Conference match to visiting Brainerd.

The 15-10, 4-15, 15-11, 15-4 contest wasn't anything out of the norm for the Pioneers. Four of their five Northwest Division losses have been 3-1 matches. Typically Northland plays well, sometimes very well, but only briefly.

"What you saw tonight is how the entire season has gone," said Northland coach Deb Jacobson. "The way we played in the second game is how we should be playing all the time. But we don't. You beat somebody 15-4, you should be able to reach that level again. But we seem to get mentally tired as the match goes on. The teamwork starts to go down hill."

Brainerd turned a close 12-10 first-game scoreboard edge into a 15-10 win with a finishing kick that included a kill by 5-11 April Haiby of Breckenridge, an ace serve by Jennifer Line of Verndale and a well-placed spike by Haiby.

Northland came back to dominate Game 2, using the hitting of Thief River Falls graduates Kathy Kvick and Ranada Erickson to jump ahead 8-0. Kills by Kvick produced the 12th, 13th and 14th points and an ace serve by Denise Johnson of Middle River closed it out.

A spike by Ronda Olson of Valley North ended a long volley and pulled Northland within 13-11 in Game 3, but Brainerd regained service and won on an ace by Haiby and a kill by Kristi Zastrow of Long Prairie.

Northland began Game 4 with a 4-1 lead, but then surrendered 14 unanswered match-clinching points to the Raiders.

"When things start going bad, they start pressing," explained Jacobson. "They all try to do too much. They have to learn to do their own job, and not try to do somebody else's job. They need to have confidence in each other."

Northland, 0-5 in the MCCC, is 4-17 overall. The Pioneers are in Willmar today (Saturday). They have a 7 p.m. match at UND-Lake Region Monday.

Inconsistency is hurting MCC

■ MCC football team trying to end losing ways

Inconsistency has been a major problem, said Marshall County Central head high school football coach Kent Warne, as losses mount for a team that has won just once in two years.

"We just can't put the quarters together," explained Warne. "Last week (a 50-6 Oct. 8 homecoming loss to Kittson Central) we started with two pretty good quarters, but then didn't do anything in the second half. Most of the time we have trouble in the first half, then come back and play halfway decent football in the second half. We just don't have the consistency you need to be successful. We're not hitting on all cylinders."

The Nordics went 1-7 last year, beating only Valley North in Week No. 7. The loss to Kittson Central put them in the same 0-6 boat heading into a Thursday game at Oslo. Marshall County Central ends the year Tuesday against Grygla/Goodridge in Newfolden.

Despite the string of losses, Warne is still enjoying the game. "Even 0-6, I don't personally feel it's getting to be a long, drawn-out season," he said. "I'm sure the players were down some after getting beat like we did by Stephen (45-0), Tri-County (39-12) and Kittson Central. But they bounced back. They figured they had a chance to win the final two."

Individually, Warne said several Nordics are having strong seasons, including senior quarterback/linebacker Jake Rantanen, sophomore linebacker Trever Magner, and senior Scott Zak, who netted 60 yards in his debut at runningback against the Wolfpack after being

(Continued on Page 13)

Perfect MCC night at service line...

Nordics serve up win over Roseau

Even while winning 17 straight matches, Marshall County Central coach Mark Jorgenson often found fault with the Nordics' serving when he would critique his team's play. But he had no such complaints Tuesday when a 100 percent night at the service line led to a 15-0, 15-8, 15-8 high school volleyball win at Roseau.

"It's not very often a team will serve 100 percent," noted Jorgenson. "It's something new for us, that's for sure."

Junior Tracy Olson started the ball rolling with seven straight service points to spark an early run leading to the first-game shutout.

The Nordics' service line success included 14 aces – seven by senior *Jill Fosholm.*

"They (Rams) had trouble with our serves," noted Jorgenson. "They had a tough time just getting the ball over the net. We had time to set up our offense."

The 18-0 Nordics were headed to the Warroad Invitational today (Saturday). They will visit Crookston Monday.

Argyle	3
Grygla/Goodridge	0

Grygla/Goodridge lost a 3-0 match to Argyle Tuesday in Grygla, but the Wolverines didn't go down without a fight. The Eagles won it 19-17, 15-9, 15-10.

"We played well at times, but we're still too inconsistent," explained Grygla/Goodridge coach Tim Mostrom.

The Game 1 setback was tough to take, said Mostrom, with the Wolverines the first to score 14, 15, 16, and 17 points, but unable to pick up the winner.

Junior Carlyo Schuler led the Grygla/Goodridge attack with eight kills.

The Wolverines took a 1-15 record into a Friday match against Red Lake Falls in Goodridge. They close out the regular season schedule Monday at Roseau.

Lake of the Woods	3
B/G-Middle River	0

Close, but no cigar – the motto for the 1993 Badger/Greenbush-Middle River high school volleyball team.

It happened again Tuesday as the Gators played Lake of the Woods tough, only to come out on the short end of a 15-11, 15-8, 18-16 decision at Baudette.

The loss sent Badger/Greenbush-Middle River into a Thursday match at Roseau with a 7-12 record. The Gators were scheduled to make an appearance at the Warroad Invitational today (Saturday) before closing the regular season Tuesday at Warroad.

Red Lake Co. Central	3
Crookston	0

A balanced attack led Red Lake County Central past Crookston 15-4, 15-9, 15-3 Tuesday in Plummer.

"Overall, we played pretty well," said Red Lake County Central coach Nancy Bray. "We played together as a team better than we have in the past."

Angel Mickelson and Abby Chervestad had four kills each to lead the Mustangs.

Red Lake County Central took an 8-12 record into a Thursday match against Thief River Falls. The Mustangs play at Fisher-Climax Monday.

Weight Lifting Clubs add recent qualifiers

First of this year's three testing dates for the Lincoln High School Weight Lifting Clubs was completed recently, with several new names added to the membership rolls, according to weight room supervisor Jeff Mumm.

Those additions include:

Bench Press

■ 205-215 pounds - Steve Bursile, jr.; John Davis, jr.
■ 220-245 pounds - Matt Lawrence, soph.; Kyle Miller, soph.; Tony Halsa, jr.; Cayler Olson, jr.

Power Press

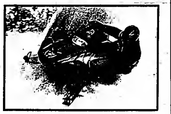
■ 150-185 pounds - Matt Lawrence, soph.; Eric Bjorgaard, jr.; Steve Bursile, jr.; John Davis, jr.; Adam Henney, jr.; Jason Homme, jr. Cayler Olson, jr.; Ben Halbert, jr.
■ 170-190 pounds - Kyle Miller, soph.; Tony Halsa, jr.

Squat

■ 250-270 pounds - Ryan Bendickson, soph.; Aaron Ehrenstrom, soph.; John Elizondo, soph.; Paul Gonsorowski, soph.; Josh Harris, soph.; Robbie Stock, soph.; Steve Bursile, jr.; Jason Homme, jr.; Paul Kopari, fr.
■ 275-315 pounds - Keith Anderson, soph.; Jason Breiland, soph.; Adam Fulton, soph.; Chad Hanson, soph.; Peter Johnson, soph.; Chano Keele, soph.; Kaine Martell, soph.; Kyle Miller, soph.; Steve Rambeck, soph.; Justin Sisvenson, soph.; Eric Bjorgaard, jr.; John Davis, jr.; Max Radniecki, jr.; Ben Halbert, jr.; Tanner Martell, fr.
■ 320-360 pounds - Robby Farbo, soph.; Matt Lawrence, soph.; Tony Halsa, soph.; Adam Henney, jr.
■ 365-400 pounds - Cayler Olson, jr.
■ 405-450 pounds - Bobby Rodahl, jr.

Big Cat Club

A new club this year, adding the total amount lifted in the squat, bench press and seated power press.



■ 700 pounds - Matt Lawrence, soph.; Tony Halsa, jr.
■ 750 pounds - Cayler Olson, jr.
■ 800 pounds - Bobby Rodahl, jr.

Lincoln freshmen handle EGF 32-14

Tanner Martell scored on runs of 10 and 15 yards, Paul Kopari had 20 and 60-yard touchdown runs, and Chad Nordhagen reached the end zone on a 20-yard pass interception return Tuesday as Thief River Falls beat East Grand Forks 32-14 in freshman high school football.

The winners had an 8-0 first quarter lead, a 26-8 halftime edge and a 32-8 third quarter cushion.

Thief River Falls, 5-3, will close out its season Tuesday with a 4:15 p.m. game against Warroad at Prowler Field.

Northland hitter Kathy Kvick drove the ball past Brainerd blocker April Haiby during Wednesday's Minnesota Community College Conference volleyball match in the Northland gym. The Raiders won 3-0.

B/G-Middle River football...

Gators trying to catch up to foes

First-year Badger/Greenbush-Middle River coach Steven Willman watched his team win just once in the first six weeks of the 1993 high school football season. But that hasn't soured Willman on coaching, or the Gators.

"We've been playing about one week behind our opponents," said Willman. "We've been getting better each week, but we haven't been improving fast enough."

Inconsistency has held the Gators back, explained Willman, whose team played unbeaten Red Lake Falls and Hawley on near-even terms for two or three quarters before running into trouble. In a Friday (Oct. 8) match-up against Hawley in Middle River, the Gators trailed just 14-8 through three quarters before three fourth quarter turnovers added up to a 29-8 win for the powerful Nuggets.

The Gators, who had a Friday (Oct. 8) game at Fosston, will close out the schedule Wednesday with a 7:30 p.m. contest against Lake Park/Audubon in Middle River. Willman was looking for a pair of wins to close out the season on a positive note.

"We're not discouraged yet," said Willman. "We've been improving week to week, and if we can pick up a couple of wins in the last two games we can feel pretty good about ourselves."

A big area of improvement, according to Willman has been the offensive line, where 5-9, 220-pound junior center Ross Waage and 6-2, 205-pound junior tackle Simon Kern have been consistently opening holes for the Badger/Greenbush-Middle River backs.

Erik Heggedal, a 5-10, 166-pound senior has been a valuable jack-of-all-trades for the Gators, pointed out Willman, who uses him as a runningback/linebacker/kick-returner.

Scoring

	1	2	3	4	T
Hawley	14	0	0	15	29
B/G-Middle River	0	8	0	0	8

Hawley - T.J. Tibbets, 7-yard run; Mike Olson kick.
Hawley - Tibbets, 10-yard run; Olson kick.
B/G-MR - Brian Welsh, 4-yard run; Walsh pass from Erik Heggedal.
Hawley - Tibbets, 8-yard run; Tibbets run.
Hawley - Cert Pederson, 3-yard run; Olson kick.

Hunters should watch for swans

After three years of planning and another seven years of swan releases, Minnesota's trumpeter swan project, operated by the Department of Natural Resources (DNR), Nongame Wildlife Program, is showing all the signs of success.

A total of 176 swans have been released in the state since the spring of 1987. Eleven pairs that returned to northwest Minnesota this year successfully nested and produced a total of 49 cygnets.

"The swans hatched this year are almost fully grown," said Katie Haws, DNR Nongame Wildlife Specialist at Bemidji. "They will be gaining flight about the second week of October."

One of the greatest concerns is the safety of the swans during the waterfowl hunting season. "The young swans will still have their gray plumage," said Haws, "And might be mistaken, by the inexperienced hunter, for a young snow goose. Even one-year-olds from last year's hatch could still have some gray on their heads and necks.

"Sometimes, even adult swans are mistaken for snow geese," added Haws, "even though snow geese are much smaller and have black feathers on their wing tips."

At a distance, trumpeter swans may also be mistaken for the slightly smaller tundra or whistling swan. Although tundra swans are not legal game birds in Minnesota, they are in parts of North and South Dakota where limited hunts by special permit have been offered in recent years.

"Since the first release of DNR project swans seven years ago," said Haws, "Swans have been mistakenly injured or killed by waterfowl hunters. With care in identification, these mistakes can be avoided."

Since 1990, those convicted of illegally injuring or killing a trumpeter swan have paid an extra $3,000 in restitution value, under provisions of the Minnesota Wildlife Restitution Act of 1989. This is in addition to the usual fines, court costs and possible jail time involved.

"We're asking hunters all across Minnesota and the Dakotas to be very sure of their targets this fall, and to not shoot at any swans," said Haws. "Being sure of your target is all part of being a safe, responsible hunter."

DNR trumpeter swans have a numbered, orange plastic wing tag affixed to the leading edge of one wing (right wing on males, left wing on females). Trumpeters from the Hennepin County swan project are marked with yellow neck collars.

Adult trumpeters are all-white with black bills and feet, weigh from 20 to 38 pounds, and have six- to eight-foot wing spans. Tundra swans are smaller in size, weighing from 11 to 20 pounds, with four- to five-foot wing spans. Snow geese, a legal game bird in Minnesota, are much smaller—four- to six-and-one-half pounds—with three-and-one-half-foot wing spans, proportionately shorter necks, and black wing tips.

Waterfowl hunters and other private citizens can be a big help to the project by reporting trumpeter swan sightings, including any injured or dead swans. Anyone seeing a tagged trumpeter this fall may call Katie Haws in Bemidji at 755-2976; or contact Carrol Henderson, DNR Nongame Supervisor in St. Paul, toll-free at 1-800-766-6000.

Trumpeter swan sightings may also be reported to the nearest DNR Wildlife Office (listed in the white pages under Minnesota State Offices) or to the local DNR Conservation Officer, reachable through your county sheriff's office or local law enforcement center.

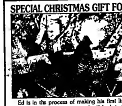
Anyone who witnesses the illegal taking of any migratory bird, or an over-limit of legal game birds, should report the incident to the local conservation officer or call the Turn In Poachers, TIP Inc. hot line at 1-800-652-9093.

Note the date and location of the sighting and, if possible, verify the tag number. "We depend on the public to report swan sightings," said Haws. "Every piece of information is helpful. The trumpeter swans are one of the most popular nongame projects in the state and their future success will depend a great deal on that continued interest and support from the public."

The successful cygnet hatch this year is another significant milestone for the project, the goal of which has been to re-establish a free-flying, migrating population of swans in parts of Minnesota that were once native habitat to the species. At one time the trumpeter flourished in prime wetland areas in western and southern Minnesota, until market hunting and habitat loss drove them from the state by the late 1800's.

In the past seven years, DNR project swans have been released on selected lakes and marshes in Becker, Polk, Otter Tail, Nicollet and Itasca counties, plus a few in Itasca State Park and Maplewood State Park.

Since the first return migration, in the spring of 1988, some trumpeters relocated themselves to summer retreats as far away as Camp Ripley, and lakes in Kittson, Polk, Beltrami, Cass, and Hennepin counties in Minnesota; and in Polk County, WI. and Ontario Province in Canada. However, the majority of released swans has returned each year to spend the summer in the Becker County area.



"Swans migrating again in late October head to wintering areas in Iowa, Nebraska, Kansas, Missouri, and Oklahoma," said Haws.

"Then again," continued Haws, "Some of them may only go as far south as the next county. We've seen project swans spend the winter on the Ottertail River near Fergus Falls and on the Mississippi River near Monticello."

According to Haws, the spring of 1994 will bring the last release of trumpeter swans scheduled for the northwest Minnesota project. But it promises to be a big one, with as many as 55 birds, including some received in cooperative agreements with the zoos in Topeka, KS, and Tulsa, OK, and 18 swans who were rescued as preflight cygnets from an early fall snowstorm in Alaska, one year ago.

SPECIAL CHRISTMAS GIFT FOR THE HUNTER

"Mister Grouse"
By: Edward R. Bjorgaard
Ed is in the process of making his first limited edition print. "Mr. Grouse" will be a color print and will look just like the original 16x20" woodburning (500 prints).
Ed is a self-taught artist from Northern Minnesota. Ed presents a new and unique style of woodburning. His love of nature and its animals is apparent in each of his woodburnings.
RETAIL PRICE FOR THE PRINT (No Frame) $75.00
To raise money for the print, Ed is offering this special price for the first 100 prints ordered.
FRAMED PRINT, PERSONALLY *REMARQUED, FREE SHIPPING FOR ONLY $75.00!
A $25.00 deposit is due on ordering. The $25.00 is refundable if you are not completely satisfied with the print. Prints will be delivered after Thanksgiving.

Flu shots advised for many in area

(Continued from Page 1)

If you have a common cold, drink liquids, take a non-aspirin or aspirin pain or congestion reliever, rest in bed if you can, and eat light foods and you should feel better in a day or two. If you don't feel better in a day or two or if you develop any of the flu symptoms above, you'd better see your doctor.

The flu viruses are spread in the air, through coughs, sneezes, laughter and conversation. They travel best indoors where large numbers of people congregate. The flu is spread easily because a person may have the flu and be contagious for a few days before symptoms set in.

If you can eliminate being around people who are coughing and sneezing and avoid things like speaking to others, especially those who are laughing, you might be able to avoid the flu. If you can stay home all winter and away from groups of people, you may be able to keep from getting the flu.

However, if you cannot stay home all winter like a hermit and not go near anyone, especially happy people who laugh out loud, you just may be exposed to the flu bug this year.

If you get the flu, there are some things you can do to fight back, according to Dr. Patel:

•The best thing to do is rest in bed. Call in sick and crawl under the covers.

•Drink liquids to keep from dehydrating. Hot liquids feel nice in a sore, scratchy throat, but even cold juice and water are better than not drinking at all.

•Take aspirin or non-aspirin pain relievers. Children should have only non-aspirin products because aspirin has been linked to Reye's syndrome in children.

Call the doctor if your flu gets worse and you have a sudden change in symptoms, such as a cough, have a very sore throat, bad headache or nausea and/or vomiting. Your flu should not last longer than a week without getting better.

Another way to fight that flu bug is to get a flu shot.

The flu vaccine has been shown to prevent illness in 70 per cent of healthy children and young adults. In nursing home populations, the Centers for Disease Control says the vaccine prevents illness 30 to 40 per cent of the time and prevents death 80 per cent of the time.

Who should get a flu shot? Anyone over the age of 65 is considered to be at high risk for contracting the flu. People with chronic diseases, such as those of the heart and lungs, are also susceptible, as are children on long-term aspirin therapy. According to Dr. Paul Kubic, who spoke at Northwest Medical Center's Super Asthma Saturday, it is also encouraged that children with asthma have a flu shot.

People in high risk categoriex get the flu more easily than others, become sick from the flu, remain sick longer, and sometimes may die as a result of the illness.

While the flu shot will not be refused to anyone who wishes to have it, only those in risk categories are encouraged to be vaccinated.

The vaccine available this year is a blend of all three flu viruses previously mentioned. People who require flu shots are encouraged to have a shot every year because the vaccine is mixed differently to combat the specific viruses expected to attack that year.

There are few side effects from the flu vaccine. Some people experience soreness or redness on the arm, some have a slight fever for a day or two.

There is no risk of contracting AIDS from the flu shots becouse needles are scrupulously sterilized and used only once and then discarded.

People who are allergic to eggs should not receive the traditional flu shot. The vaccine is made up of large quantities of flu viruses that have been grown in eggs, killed and purified. The dead viruses stimulate the body to produce antibodies against the live viruses.

It is important to be vaccinated soon, in the next month or month and a half, because the body needs time, four to six weeks, to build up antibodies to the flu virus. It is also better to have the flu vaccine before getting a cold or other ailment that might weaken the body before having the flu shot.

Blue Devils narrowly lose to Stephen

Grygla-Goodridge Blue Devils football team played a strong game Thursday at Stephen in losing to the undefeated Tigers 14-6.

Stephen scored a touchdown and extra point in the first quarter for a 7-0 lead but Grygla-Goodridge came back with a second quarter score to cut the margin to 7-6.

The Tigers tallied another seven points in the second quarter for a 14-6 lead and the second half was a scoreless defensive struggle. The loss dropped the Blue Devils to a record of one win and five losses for the year.

Thank You

Heving sold the Violette's Locker business to John and Susan Dudycha, I would like to say ***THANK YOU*** to all the customers and friends my husband Louie and I have hed over the past 30 years. The friendships and visits will always be remembered. I wish John and Susen good luck and hope you will continue to patronize them.

Mercella Violette

We have purchased Violette's Locker in Oklee from Mrs. Violette and will continue the business as the Oklee Locker. We will be doing butchering and processing on a daily basis. Cattle hauling is available.

Call in for your fall butchering. The phone number is 796-5599. We will also be doing deer.

FmHA
FARMERS HOME ADMINISTRATION

Farm for Sale

252 ACRE FARM Includes a 40' x 80' machine shed and 40,000 bushel grain storage and drying system. Approximately 202 tillable acres which includes about 140 acres in the Conservation Reserve Program.

PRICED TO SELL AT: $74,000.00

LEGAL DESCRIPTION: Lots 1, 2, and 3, SE1/4NW1/4, NE1/4SW1/4 and S1/2SE1/4 of Section 30, Township 155 North, of Range 39 West of the Fifth Principal Meridian.

APPLICATIONS: will be accepted on the farm property with priority given to applicants in the following order: 1) Socially disadvantaged beginning farmers or ranchers, 2) Beginning farmers or ranchers, 3) Socially disadvantaged operators of not larger than a family-size farm, 4) Operators of not larger than a family-size farm, 5) Operators of not larger than a family-size farms who are not in need of FmHA credit assistance on eligible rates and terms.

Socially Disadvantage applicants are members of a group of which has been subject to racial or ethic prejudice without regard to their individual qualities. Information on how to qualify as a Beginning farm and other loan eligibility criteria is available at the local FmHA office.

This sale is subject to rights offered the former owner under Minnesota Rights of First Refusal.

SALE is subject to conservation deed restrictions which will restrict the purchaser's use of the wetlands, floodplains, highly erodible land and other special areas of the property.

The purchaser will be required to comply with the conditions of a Soil Conservation Service conservation plan.

FINANCING AVAILABLE - Interest Rate - 7.25%, 40 year repayment term for qualified FmHA applicants. Rates and terms are subject to change without notice. Eligible applicants may be eligible for Limited Resource interest rates.

OFFERS MUST BE IN WRITING - on Form FmHA 1955-45 "Standard Sales Contract-Sale of Real Property by the United States," and be received by MONDAY, NOVEMBER 1, 1993, and must be accompanied by a complete application specific to the category for which the applicant is qualified. Offers received after MONDAY, NOVEMBER 1, 1993, will be given consideration only if offers received before MONDAY, NOVEMBER 1, 1993, are not accepted. The Government reserves the right to cancel the sale at any time, and the right to reject any or all bids. Any application for less than $74,000.00 will not be accepted.

FOR ADDITIONAL INFORMATION contact Farmers Home Administration, USDA at 1305 North Dale Street, Post Office Box 486, Thief River Falls, Minnesota 56701, Telephone No. 218-681-2843.

Make the switch before cold weather hits

This winter, opt for the comfort of an Armstrong gas or oil furnace.
Not only will it heat your home comfortably, the money you save each month will make you feel more at ease.
And you won't need to worry about reliability. The Armstrong is built to deliver top performance winter after harsh winter. Talk to your Armstrong dealer for details.

WATCH AROUND THE REGION

Sherry LaCoursiere

Good guys - Helping their own

Red Lake Falls - Joyce Burns, the widow of Jon Burns, former Plummer fire chief, was recently presented with a check for $2,065. Funds were raised from a shotgun raffle and donations from the Red Lake Falls, Thief River Falls, Oklee, Oslo, Argyle, Bagley and Stephen fire departments.

Shoplifting spree in Hallock

Hallock - A shoplifter hit the city of Hallock last week, taking $650 worth of clothing from the Shoe Selection, Suzanne's and the Kittson County Enterprise. A woman from Ardoch, ND, was arrested in connection with theft of property and the case is still under investigation.

What-no more "F"s?

Roseau - The old pass and fail system of grading students in elective classes in the Roseau school district has been replaced by an auditing option system.

Too much of someone else's stuff

Red Lake Falls - The Red Lake County Sheriff's home is being overrun with items he is storing for the county. "I don't have room to put my own car in my own garage," Sheriff Morken told the county board at their last meeting. The sheriff was looking into the cost of renting a facility to store the county's stuff in, but Commissioner Seibel moved for building a permanent building rather than renting. The new building will be put up near the RLF landfill area.

Northland hosts second honors choir festival

Selected high school vocalists and their instructors from throughout the area will participate in the second annual Northwest Honors Choir Vocal Festival at Northland Community College in Thief River Falls Tuesday, October 26. There are 99 students from 13 high schools registered to participate.

Workshops will be held throughout the day and activities will conclude with a concert open to the public at 2:30 p.m. in the NCC auditorium. Two outstanding vocal soloists of the day and ensembles or choirs from participating schools which have been selected to perform will join the festival chorus in the concert. There is no admission fee.

Guest clinician will be Sigrid Johnson, a member of the voice faculty and conductor of the Manitou Singers at St. Olaf College in Northfield. Karen Gladen, vocal instructor at Northland, will also serve as a clinician throughout the day.

Sigrid Johnson
Guest Clinician

Sigrid Johnson holds a bachelor of music degree in voice performance from St. Cloud State University and a master of music degree in voice performance from the University of Michigan. Prior to her teaching at St. Olaf College she was on the music faculty of Gustavus Adolphus College and the University of Minnesota.

Johnson has served as associate conductor of the Dale Warland Symphonic Chorus and has prepared symphonic choruses for Neeme Jarvi, Sir Neville Mariner, David Zinman, Stanislaw Skrowaczewsky, Gerard Swattz, Edo de Waart, Leonard Slatkin and others.

She is also the associate conductor and director of special events for Philip Brunelle's Plymouth Music Series in Minnesota.

From 8:30 to 9:30 a.m. a Master Class will be held for four students selected to work with Johnson as a demonstration for other students and instructors.

The vocal workshop will begin at 9:45 a.m. and continue throughout the day. Karen Gladen will work with students who are prepared to present a vocal solo. Two will be selected to perform for the festival concert.

Festival choir rehearsal will be held from 9:45 to 11 a.m., from 11:45 to 1 p.m. and from 1:15 to 2:30 p.m. The choir will present "Blow, Blow Thou Winter Wind" by John Rutter, "The Promise of Living" by Aaron Copland, "Keep Your Lamps" by Andre Thomas and "Musick's Empire" by Lloyd Pfautsch.

A pizza party and campus tours at 3:30 p.m. will follow the concert.

Students who are registered to participate in the honors choir include the following:

Sopranos—Jamie Erickson and Kristen Hasler, Fertile/Beltrami; Kelly Anderson and Jennifer Oerszewski, Stephen; Laura Toren and Lori Golightly, Lincoln high school; Jocanne Aasew, Julie Chesley, Emily Eck, Roxann Flateland, Debbie Syverson and Tina Kerssen, Clearbrook;

Also Vanessa Folz and Lisa Ouhl, Warren/Alvarado; Andrea Novacek and Carrie Erickson, Greenbush/Middle River; Shanon Magner and Natasha Hirst, Marshall County Central at Newfolden; Stacy Lambert, Joey Johnson and Tera Marquis, Oklee;

Also Michelle Johnson and Leanne Pederson, Tri-County at Karlstad; Sara Ellenson and Fauni Peake, Badger; Kristi Evenson and Sarah Weiby, Win-E-Mac; Karlene Jolly and Farah Brantl, Plummer; Tammy Fugelberg and Katie Dieter, Roseau;

(Continued on Page 15)

Ghosts and Goblins seem to come out of the woodwork on Halloween. In Red Lake Falls they'll be coming out of the Park Place mall. Two Rivers Area Theatre (TRAT) will be holding a Haunted Mall, which is similar to a Haunted House fund-raising theme. The "haunting" of the mall is also designed to draw customer attention to the mall and the businesses in it. The "haunting" of the Mall will start in the old Center Drug location at the mall's east side and run from 5 to 9 p.m. on October 30 and 31. Admission is $2 per person.

Haunted Mall scares up business

Theater group in Red Lake Falls holds Haunted Mall project

A haunted mall sounds like a businessman's nightmare, but organizers of the haunted mall in Red Lake Falls are hoping to attract people so they can give them a good scare instead of scare them away because of bad business.

The haunted mall project being staged by the Two Rivers Area Theatre (TRAT) in Red Lake Falls is a unique twist to the haunted house fundraising theme. The small theater group has put in a lot of time and hard work to prepare the Park Place Mall in Red Lake Falls for its spooky opener October 30 and 31.

There are 30 to 40 people involved in the project, which calls for building some elaborate sets, and putting the talents of the actors and actresses in the club to good use.

TRAT President Andrea Liston said that while traveling through the haunted mall, visitors will be led through scenes that give them the impression that they are traveling through a sewer, stopping at an abandoned train station and walking down a dark and dangerous alley. The gauntlet of scenes may also include a chainsaw execution squad and feature an act of one of the Seven Dwarfs gone bad.

"It's going to be something very different," Liston said. "You won't see any cliches."

"We have three objectives with our haunted mall project," says Tracy Sayler, a member of TRAT. "We want to raise funds for future theater productions. We want to provide a fun activity for people young and old in the area. Also, we want to draw customer attention to the mall and the businesses in it. And who knows? Perhaps with this project, we can attract the attention of someone who wants to start a

Polaris announces third quarter profits

Polaris Industries Partners L.P. announced last Thursday increased third quarter and record year-to-date results, attributing dramatic increases in sales and earnings to continued strong demand for its snowmobile, all-terrain vehicle (ATV) and personal watercraft (PWC) products.

The partnership also is anticipating a strong fourth quarter and record 1993 full-year results based on current sales and production figures. Full-year sales for the partnership are expected to exceed $500 million, up over 30 per cent from last year's record results. Earnings also are expected to be up significantly over 1992.

For the first nine months of 1993 the partnership reported record sales of $385,153,000, up 39 per cent over the same period last year. Year-to-date earnings were $31,442,000 or $1.54 per BAC unit, an increase of 30 per cent and 27 per cent compared with earnings of $24,164,000 or $1.21 per BAC unit in 1992.

Sales for the third quarter ended September 30, 1993, were $166,803,000, an increase of 37 per cent over the same period last year. Earnings for the third quarter were $18,762,000 or $0.92 per BAC

4-H members recognized for areas of achievement

Smiley 4-H club won the Honor Club plaque and Silverton, Happy Acres and New Solum clubs earned Honor Club certificates when Pennington county 4-H club members were recognized for achievement Wednesday evening at a banquet and awards program at Lincoln high school.

The awards program in the school auditorium followed the dinner served in the school cafeteria. Sharing mistress of ceremonies duties at the awards event were junior leaders Myndy Olson of Kratka, Kelly Natvik of New Solum, Kim Rupprecht and Heather Shafland of Silverton.

Key Awards for junior leadership—recognizing junior leaders who have given significant leadership to their clubs—were awarded to Kim Rupprecht and Heather Shafland of Silverton and to Lesley Helgeland of the Smiley 4-H club.

"I Dare You" awards in recognition of excellence in character, personal development and constructive leadership were presented to Lesley Helgeland of Smiley and Beth Natvik of New Solum. Beth also received the Good Citizen award. Steiner 4-H won the herdsmanship award from the Pennington county fair and Sanders 4-H received the fairgrounds beautification award.

Paula Mulnansky received the Friend of 4-H award and Dale Hanson the alumni award, both presented by the 4-H leader's council.

Cited for achievement in overall contributions and accomplishments in 4-H based on records maintained were Ben Hanson of Highlanding and Kelsey Carlson of Satellite in the 13 and younger category, Myndy Olson of Kratka and Kim Rupprecht of Silverton in the 14 and older age category.

Other recipients of special awards included the following:

Russell Sorteberg Sportsman Award—Ryan Swanson, Happy Acres;

Record Keeping Award—13 and under, Laura Steiger, Smiley and Heather Torstveit, Happy Acres;

Agronomy Award—Heather Torstveit, Happy Acres;

Clifford Jorde Agronomy Award—Darron Nelson, Silverton;

Conservation Award—Trevor Larson, Smiley;

Judge Kjos Clothing Award—Heather Shafland, Silverton;

Leighton Hamre Shop Award—Eric Rouland, Happy Acres;

Clara Mae Swanson Clothing Achievement Award—Laura Steiger, Smiley;

Electric Award—Brandon Page, Sanders;

Demonstrations—11 and older, Kim Rupprecht, Silverton;

Fashion Revue—Beginner, Sunny Carlson, Happy Acres; Intermediate, Jocelyn Helgeland, Smiley; Advanced, Heather Shafland, Silverton, and Purchased, Cami Sorenson, Happy Acres;

Public Speaking—Junior, Amber Morkrid, Sanders; Intermediate, Kelsey Carlson, Satellite; Senior, Beth Natvik, New Solum;

Creative Writing—Senior, Ryan Browning, Happy Acres;

General Livestock Judging—Jarad Asp, Sanders;

Horse Judging—Lauren Lavalier, Silverton;

Consumer Education Judging—Shawn Johnson, Kratka;

Top Dairy Achievement ... Pennington County Fair—Kristi Kompelien, Steiner;

Project awards based on project records were also awarded at the program Wednesday evening. Projects and recipients included: Beef and Beef Cow/Calf, Sunny Carlson, Happy Acres; Swine, Wayne Johnson, New Solum; Dairy, Heather Torstveit, Happy Acres; Dog Care and Training, Jocelyn Helgeland, Smiley and Sunny Carlson, Happy Acres; Horse, Lauren Lavalier, Silverton; and Pets, Heather Torstveit, Happy Acres and Lisa Sorteberg, Smiley;

Also Cat, Bryanna Helgeland, Smiley and Kelli Muzzy, Steiner; Poultry, Wayne Johnson, New Solum ...; Rabbit, Lesley Helgeland, Smiley and Guy Drevlow, Happy Acres; Sheep, Kelly Natvik, New Solum; and Veterinary Science, Lesley Helgeland, Smiley;

Also Agriculture (for excellence in two or more agricultural project areas), Wayne Johnson, New Solum; Child Development, Myndy Olson, Kratka and Cami Sorenson, Happy Acres; Clothing, 13 and younger, Jocelyn Helgeland and Laura Steiger, Smiley; Clothing, 14 and older Heather Shafland, Silverton;

Also Foods and Nutrition, Beginner, Katy Olson, Kratka and Kim Kirkeide, Silverton; Foods and Nutrition, Intermediate, Stephanie Wold, Happy Acres; Bread, Stephanie Wold, Happy Acres; Microwave Cooking, Laura Steiger,

(Continued on Page 15)

Jocelyn Helgeland of the Smiley 4-H club holds the Honor Club plaque awarded to the club during the Annual 4-H Awards banquet Wednesday evening at Lincoln high school in Thief River Falls. Many awards were presented to outstanding 4-H club members Wednesday evening. More pictures from this event will be in the next edition of The Times.

Some kids ruin it for all of them

Oklee - The Oklee school is having discipline problems in grades seven through nine. At a recent school board meeting, the superintendent reported that some students are disrespectful of other students, teachers, and school and student property and there have been cases of urinating in lockers and in shoes left in locker rooms, sexual harassment, fighting and bullying.

No safer place in town

Roseau - It was decided that the city of Roseau needed mail drop-off boxes, the kind where people can drop the mail in from their vehicles. Concrete slabs for the boxes were poured in an alley between the post office and a super market this summer, but the postmaster, at the urging of several residents, has stated that the slabs are in the wrong place. Trucks park in the area and will interfere with those dropping off of mail. Now the city council has decided that the drop boxes should be put in a city parking lot by the police station, so they have approved another $500 expenditure for another concrete slab. At least the drop boxes will be in a safe place.

Something spooky?

Gully - The Polk and Clearwater County Sheriffs' offices are investigating the death of a bull north of Gully. Cause of death is unknown. Both counties are involved in the investigation because there have been a number of unusual incidents involving farm animals in both Polk and Clearwater counties recently. Anyone who has had any type of livestock killed or disappear, or if they have noticed any unusual activity in their area in the past year, is asked to contact the sheriff's office in their county. All information received will be kept confidential.

KEEPING WATCH AROUND THE REGION

Sherry LaCoursiere

Good at photography? Good at art work? Give it a try.

Fertile - There is a photography and art contest going on in the Erskine, Fertile, McIntosh, Mentor and Winger area until November 24. The Polk County Central Cities brochure and directory wants color photographs of events and scenery in those areas, as well as a logo that would be representative of the areas.

Business might be coming to Oklee

Oklee - Native Grains Company from Fosston is considering a relocation in Oklee. A representative of the company met with the Red Lake County Economic Development group and representatives of the Oklee City Council on Thursday to discuss the move.

Driving in the dark

Strathcona - Two law enforcement officers' vehicles collided head-on in Lind township west of Strathcona while they were searching the area for a deer shiner recently. Roseau County Deputy Donald Newhouse and Minnesota Conservation Officer John Velsvang of Lake Bronson were both driving with their lights off when they collided. Newhouse's 1992 Crown Victoria squad car was totalled and Velsvang's state pickup received damage to the front end. Neither driver was injured in the accident.

Chorale members from the area

Stephen - Area people will perform a fall concert with the Grand Forks Master Chorale on October 23 at 3 p.m. at The Audi in Cando, ND. Among the performers will be Tiffany Kostrzewski from Stephen, Marilyn Juedtke and Joyce Robinson from Warren and Ron Fossell and Lyndon Johnson from Hallock.

SOUPCON

Sherry LaCoursiere

A sharp reader called my attention to the fact that last week's recipe for Pizza Meat Loaf was a little bit wrong. The ingredients were correct, but I'll give you the mixing instructions again:

Mix ground beef, cracker crumbs, onion, eggs, parmesan, salt, oregano and milk and place in greased loaf pan. Bake one hour at 350 degrees.

Remove from oven and drain off juice. Pour pizza sauce over the meat loaf and sprinkle with mozzarella cheese. Place back in oven for 15 minutes.

This tasty pizza dish will make a great main dish meal or it would also be a tasty hot hors d'oeuvre for company:

STUFFED PICADILLO PIZZA
1 pound lean ground beef
1/2 cup chopped green pepper
1/2 cup chopped onion
1 clove garlic, finely chopped
1 (14 1/2 ounce) can whole tomatoes, undrained and broken up
1 1/2 teaspoons instant beef bouillon
1/4 teaspoon cayenne pepper
1/4 teaspoon curry powder
1/8 teaspoon ground allspice
1/8 teaspoon cloves
1/2 cup chopped pimento-stuffed olives
2 (10 ounces each) packages refrigerated pizza crust

Preheat oven to 400 degrees.

In large skillet, brown meat, pepper, onion and garlic. Pour off fat. Add remaining ingredients except pizza crust. Simmer, uncovered, 15-20 minutes, stirring occasionally.

Grease a 12-inch pizza pan and spread one pizza crust to form bottom crust. Spoon filling evenly over crust and seal edges.

Bake 15 minutes or until crust is golden. Garnish with tomatoes and sliced olives, if desired.

These tasty tacos will make a quick lunch or easy supper:

SOFT TACO SANDWICHES
4 flour tortillas (6 inch)
1/2 cup canned refried beans
1 can (5 ounces) chunk white chicken in water, drained
1/2 cup (2 ounces) Cheddar or Monterrey Jack cheese
1/4 cup chopped tomato
1/4 cup canned, chopped mild or hot chiles
2 tablespoons sliced green onion and tops
1/2 cup thinly sliced lettuce or 4 large lettuce leaves

Spread each tortilla with 2 tablespoons refried beans.

In small bowl, combine chicken, cheese, tomato, chiles and onions. Arrange 1/4 cup of this mixture over beans. Top with lettuce and roll up.

Serve cold or, for hot sandwich, heat for one minute in microwave until cheese melts.

(Variations: 1 can (4 1/4 ounces) small shrimp, drained or 1 can (6 1/2 ounces) light tuna in water, (drained.)

Serve these hearty rolls with your homemade soup or stew. You can use your home-grown herbs in these, should you be so lucky to have some:

GOLDEN HERB PUMPKIN ROLLS
2/3 cup milk
1/2 cup butter
1/4 cup water
4 cups flour, divided
1/3 cup sugar
1 package quick rising yeast
2 teaspoons dried savory leaves, crushed
1 teaspoon salt
3/4 teaspoon dried thyme leaves, crushed
1/2 teaspoon dried dill weed, crushed
1 cup solid pack pumpkin
4 eggs
2 tablespoons sesame seeds, toasted

Combine milk, butter and water. Heat to melt butter. Cool to 120-130 degrees, if necessary.

Combine 3 cups flour, sugar, yeast, savory, salt, thyme and dill in large mixer bowl. Add milk mixture and pumpkin and beat for 2 minutes. Add 3 of the eggs and the remaining flour.

Cover and let rise in warm place for 10 minutes, or until doubles.

Spoon into 20-24 well-greased muffin cups, filling 1/2 to 3/4 full.

Cover and let rise in warm place for 30-40 minutes, until doubled.

Beat remaining egg and brush over top of rolls. Sprinkle with sesame seeds.

Bake in preheated 350 degree oven for 30-40 minutes, or until golden and rolls sound hollow when tapped. Remove from pans. Serve warm or cool on racks.

Another "should you be so lucky to have" is a bread machine. This delicious breakfast or anytime bread recipe is specially made for those of you who have one:

APPLE-SPICE BREAD
(for machines that use 2 cups flour)
2/3 cup water
2 cups flour
1/4 cup cut-up dried apples
1 tablespoon sugar
1 tablespoon dry milk
1 teaspoon salt
1 1/2 teaspoons apple pie spice
1 tablespoon margarine or butter, softened
1 1/2 teaspoons quick-acting active dry yeast (or 2 teaspoons regular active dry yeast)

Measure all ingredients into bread machine pan in the order that the machine manufacturer suggest.

Select regular, rapid or delayed bake cycle. Use the light crust setting if your machine has that feature. Remove baked bread from pan and cool on wire rack. Drizzle with glaze, if desired.

Glaze

Mix 1 cup powdered sugar, 1/2 teaspoon vanilla and 1-2 tablespoons milk until thin enough to drizzle.

Fingerprint cards distributed at local schools

Educators in cooperation with local law enforcement officials have been distributing fingerprint cards to children and parents in the local school system.

Operation Child Print is a public service of the Minnesota Chiefs of Police Association. The cards being handed out are not collected by law enforcement officials after they have been completed. The disposition of the card is the responsibility of the parent and no copies can be made without the parent's permission.

Unfortunately, child abductions do occur. Operation child print provides parents with a check list of things to do when a child is missing. It lists emergency numbers like the sheriff's and police department, and it leaves space for fingerprints of the child.

Information on the child print card can provide law enforcement officials with valuable information if a child is missing.

These cards are being distributed in local schools during the month of October.

School board candidates at meeting Mon.

Thief River Falls branch of the American Association of University Women will sponsor a "Meet the Candidates" night on Monday, October 25, at 7:30 p.m. at the Heritage Community Center in Thief River Falls.

The public is invited to join AAUW members for an evening with school board candidates Curt Huot, Jean Larson, Cheryl Lee and Donna Myhrer.

Seamless Aluminum Guttering
Heating, Air Conditioning
378-4641 378-4585
Our Seamless gutters are manufactured from .032 gauge pre-painted aluminum, the heaviest gauge used in the industry. If your home is 20 feet or 200 feet in length our seamless gutter is made in one continuous length, eliminating any joints or seams in the middle. Inquire before you purchase "Seamless Gutter" about the thickness of the material used and be certain that it is made in one continuous length.
Seamless gutter is formed, cut and installed on site by a two-man crew - saving on labor cost. Freight charges are eliminated. Waste is almost unheard of due to gutter being measured and cut on site to exact lengths. No need to store left over odds and ends that get damaged before they can be used. Most jobs can be completed the same day. Call us for complete information and free estimates of your job at no obligation to you.

LETTERS

To The Editor:

This is in response to a letter written by Helen Poppler of Fosston and the readers of the *"Northern Watch."*

As we head straight into the next century I wonder what will significantly mark one century differently from the other. Whether we choose life or whether we choose death.

Everything boils down to the individual.

Do we respect first and foremost ourselves and treasure our own life? If so, then we should have no problem respecting and treasuring all life.

Then everything we do will lead toward the betterment of human life and all that we touch. Let's hope that the next century will be the Century of Life!

Sincerely,
Calvin Wong
Warroad, Minnesota

To The Editor:

I'm writing in regard to your recent editorial about sunfish and the 73-year-old woman who was pinched for taking 400 sunfish over her limit. You said we should give her a medal.

Well, I agree that self-sufficiency at an advanced age is something we should applaud. But I don't see how poaching deserves congratulations any more than dope dealing should be applauded as free enterprise.

Second, the editorial contributes to the old-fashioned and misguided notion that sunfish in our lakes are "stunted" and should be weeded out as though the lake were a big garden.

Sunfish are like any other fish: If anglers hammer away at them day and night, only fish too small to keep will be left behind. It doesn't make any difference who's handling the fishing pole—a barefoot kid, a professional bass angler or a 73-year-old woman who cleans the fish herself. The fact is, that person is poaching. She's taking more than her share. By doing so, she makes fishing worse for the rest of the people who use the lake.

If you want bigger sunfish, look into the possibility of special regulations that would protect some of the larger fish. That approach might truly contribute to better sunfish fishing.

Sincerely,
Greg Greining
Columbia Heights, MN

To The Editor:

Once in a while an event occurs which restores our faith in humanity and reminds us that the whole world is not "going to the dogs" and there are still good people making good things happen on this earth.

A case in point is an incident which happened recently. Two other individuals and I were traveling from Twin Valley to Thief River Falls one evening for a Scout meeting. As we neared Thief River Falls, the light rain began falling faster, and as the evening became darker we found that the lights on our car were also becoming dimmer.

Finally, when we could no longer see the road and it seemed the motor would soon die on us, we turn into a driveway and drove up to a farmstead. The couple living there told us they doubted whether any service stations were open that could give us a tow into Thief River Falls, much less repair the car that night. However, the gentleman at the place offered to take us to our meeting and come to get us after the meeting was over.

In his car on the way into town, he stated that he had a used alternator which might fit our car, and if it did, he would install it while we were at our meeting. After he dropped us off, he drove to several stations in town trying to find one that carried the needed part, but couldn't locate one. As it turned out, when he returned home, he found his spare alternator was not in working order either.

In the meantime I tried several times by telephone to reach my husband at home, and finally succeeded about 9 p.m. After telling him about our plight, he responded that he would, of course, come to get us, but that it would take another hour or more before he could get there.

After our meeting, Scouter Jim Fisher (before he knew we had a ride home) offered us the use of his vehicle and Scouter Gary Schoon gave us a lift to Hardee's where we waited for my husband to arrive. Our thanks to these gentlemen for their concern and help.

On our way home, we stopped at the farmstead where we had left our disabled car and found that the gentleman had our car in his garage and had hooked up his charger to our battery. He advised us that we could limp home by stopping periodically to charge up the battery with cables to our other vehicle, but we decided it was too late at night and we'd come back for our car the next evening. After all this effort on his part, this gentleman steadfastly refused our attempts to pay him for his kindness. (We have since found a way to show our appreciation.)

The next morning the phone rang at our home and a man's voice stated that he was the gentleman at whose place we had left our car. Immediately thoughts ran through my mind of something worse having happened to our vehicle.

Imagine my surprise when he said, "I'm at the Standard station here in Twin Valley. My wife and I are on the way to the Twin Cities, so I drove your car here so you wouldn't have to go all the way to Thief River Falls to pick it up." Talk about going the second mile!

As someone said later, this man could have stolen our car and it would have made headlines, but he did a good turn and no one will ever know about it. Well, I'm determined that others will know about it. Who is this Good Samaritan? He is Richard Johnson, Route 5, Thief River Falls. Those of you who know Mr. Johnson, give him a pat on the back the next time you see him, and thank him for making this world a better place in which to live. And we thank you, Mr. Johnson, for being so kind to three strangers on a bleak, rainy night. I never found out if you had ever been a Boy Scout, but your attitude and actions certainly illustrate the Scout slogan, "Do a good turn daily."

Sincerely,
Bernadene Bentley
Twin Valley, MN

NORTHERN WATCH Opinions

Marvin Lundin

Violence As Entertainment Is Created By Sick Adults

What kind of a warped mind does it take for an adult or adults to create a cartoon that depicts characters turning on a gas oven and rapturizing over the smell of the raw poisonous gas?

How mentally deranged does a cartoonist have to be to animate his characters to blow up cats, play baseball with frogs, dispose of body waste and become involved with violence and vulgarity that no one with an IQ higher than his or her shoe size should find the least bit humorous?

What depravity leads adults to dream up such cartoons, commercially produce them, allow them cable television time or pay to sponsor them?

How did so-called entertainment television and motion pictures become the cesspools that they are?

It isn't today's children who are to blame for their glorification of violence and their disregard for other people and other people's property. They have been taught well by an "entertainment" industry that is controlled and populated by perverted, egotistical, evil people. And we have allowed it to happen by being passive, relaxing our morals, purchasing the products that provide the profits for sponsorship and rationalizing that there isn't much we can do about it as individuals.

Well, maybe so, maybe no. If enough individuals become united in their opposition to being force fed garbage through their television sets and theaters, the financial well will run dry and the industry will have to purge itself of those who confuse vulgarity with originality, depravity with creativity and violence with entertainment.

It may be argued that people should be allowed to produce and present whatever they want to in a free society, that television follows society rather than leads it and that viewers are sophisticated enough to separate what is real from what is not. There may even be a question as to just how much of an impression television makes on people's lives and contributes to their actions, although we believe that question has been answered when in comes to children—or those as impressionable as children.

Dr. Carole Lieberman, who chairs the National Coalition on Television Violence, makes a very pertinent point when she says: *"Since everybody agrees that Sesame Street can teach the alphabet, why don't TV people admit that children can learn the ABCs of murder and mayhem from gratuitously violent entertainment?"*

That's a fair question. A 1992 study by the American Psychological Association points out: *"By the time the average child graduates from elementary school, she or he will have witnessed at least 8,000 murders and more than 100,000 other assorted acts of violence. Depending on the amount of television viewed, our youngsters could see more than 200,000 violent acts before they hit the schools and streets of our nation as teenagers."*

Is it just our imagination that makes it seem there is more violence on television today? Not by a long shot. The National Coalition on Television Violence notes that high levels of violence in prime time television (10 violent acts or more per hour) increased from eight per cent of TV programming in 1956 to 53 per cent in 1991. A 1991 study of 100 nationally distributed cartoons found that 50 per cent glorified violence or used violence to entertain.

Why the increase? Orville Pung, commissioner of the Minnesota Department of Corrections, explains: *"Adults make money out of kids' entertainment—movies and television—and the message sent out is that violence is good and entertaining. We as adults must take responsibility for this. There is a need to be very aware of what our youth see and how we adults convey certain messages."*

Dr. Louis W. Sullivan, U.S. Secretary of Health and Human Services, believes that *"When our children grow to be brutal in their indifference to others, it is often because they have been taught a dehumanizing disregard for those around them.....Many of our parents have abandoned their children to the media. So these children turn to the media for value formation, role modeling and guidance."*

Yes, you can control to some degree what comes into your home through the magic of television. You can make rules about the amount of time children can watch and what they can watch, and the sets do indeed still come with "Off" switches. But sooner or later your children are going to come in contact with some of the stuff you try to screen from them and millions of other youngsters around the country who have no such rules in place are soaking up the slop.

"I sometimes tell parents: Suppose a complete stranger came into your home carrying two bags—one containing a lot of products for sale and the other a lot of stories," states Peggy Charren, president of Action for Children's Television. *"And he said to you, 'You look tired. Why don't you just leave and I'll talk to your kids here on the couch.' How many of us would say, 'Go right ahead?' You have to help parents understand that the box in the living room is not always a friend of the family."*

And be aware of this: It is grown-ups...adults ....supposedly mature people who are willing to poison your child's mind, steal his values, corrupt his morals, destroy his compassion, attack his intellect and plant the seeds of violence, deceit and insecurity.

"Our children are failing to learn respect for the rights of others," writes Ron Harris of The Way To Happiness Foundation in California. *"They are failing to learn respect for decent and honest behavior. They are failing to learn respect and compassion for other human beings. And this, in the end, only leads to a lack of respect for themselves.*

"...As religion has been removed from school and become less meaningful in the lives of more and more children, so has most moral training inadvertently been demolished. Today, many children are not effectively taught what is right and wrong, or that there is even a clear distinction between the two. They do not learn that, while sometimes hard and even uncomfortable, choosing right over wrong is the only way to end up with a life they will be proud of.

"Putting metal detectors in schools isn't going to solve this. We need to get moral training back into schools, taught in a way that will make sense to children."

And it will have to be adults to lead the way—caring, sensible adults who can counteract the sick mentality of those who create what is loosely called entertainment.

Northern Watch Policies

Letters To The Editor: The staff of the Northern Watch encourages written [illegible] editorial [illegible] or letters with original thoughts or ideas of general interest. Letters should be intended for publication in Northern Watch exclusively. Letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Experiment station cows lead D.H.I.A. during September

With 65 cows in the Red lake County Dairy Herd Improvement Association meeting established production standards, the herd at the Northwest Agricultural Experiment Station at Crookston provided seven of the top 10 producers based on value of product in September.

The 65 cows listed by the association completed 305-day lactations during September with minimum production of 22,000 pounds of milk, 750 pounds of butterfat or 700 pounds of protein.

Top cow at the experiment station and in the Red Lake DHIA had production of 30,210 pounds of milk, 1,218 pounds of butterfat and 974 pounds of protein.

The station also had the second and third place animals with respective production of 28,227 pounds of milk, 854 pounds of butterfat and 912 pounds of protein and 28,654 pounds of milk, 907 pounds of butterfat and 838 pounds of protein.

Don and Karen Konickson had the fourth place cow with 27,122 pounds of milk, 863 pounds of butterfat and 901 pounds of protein.

Fifth and sixth place cows were from the experiment station and had production of 26,495, 877 and 869 and 30,029, 673 and 820.

Roger Odegaard had the seventh place cow with a record of 26,482, 877 and 829 while Wayne Vettleson had the eighth place cow which produced 27,418, 859 and 789.

Ninth and tenth place cows were from the experiment station herd and had records of 24,695, 860 and 820 and 26,326, 755 and 810.

Other herds with cows completing 305-day lactations during September with the minimum production mentioned above included the following:

Johnston Farms (3), Wayne Vettleson (7), Conrad Zak and Sons (3), Randy and Jo Gast (2), Geyer Farms (2), Northwest Agricultural Experiment Station (5), Goodvue Ayr Farms, Gary and Grant Gullekson (3) and Tom and Diane Kolstoe (2);

Also Roger Odegaard (2), Greg Kilen (2), Don and Karen Konickson (3), John and Warren Malwitz (3), Wayne Nelson (5), Stanley Tvedt, Harold Derosier and Sons, Gerald Visser (4), Donald F. Taus, Kevin and Beth Roppe, Leiser Brothers (2) and Wayne L. Larson.

Polk county man arrested on TRF charge

Mark Brian Erickson, 23, Karlstad, was arrested in Polk county Monday on a warrant from Thief River Falls. Erickson was wanted on charges of third degree burglary and aiding in theft, both felony charges.

Charges against Erickson stem from a burglary reported at The Queen, which is a Nintendo game retail and rental store in Thief River Falls. In the burglary which occurred December 4, 1992, four game cassette decks were taken along with all of the equipment and over 20 games. The total theft loss was estimated at almost $2,000. Erickson was arrested by Polk county authorities.

Woodcrafters tour Northern Woodwork

For their October meeting on Monday, October 25, members of Northland Woodcrafters will meet at and tour Northern Woodwork on highway 59 southeast in Thief River Falls.

Following a brief business meeting at 7 p.m., members will be given a tour of the shop and equipment by Neil Peterson of the Northern Woodwork staff. Since safety glasses must be worn in the shop, members are requested to bring their own shop safety glasses or goggles if possible.

Those attending the meeting are asked to use the main office door at the south end of the parking lot off highway 59.

Community ed at Clearbrook plans carnival

Fall carnival will be sponsored by the Clearbrook community education department Saturday, October 30, from 11 a.m. to 3 p.m. at the Clearbrook school.

There will be at least 20 games for youngsters to play, raffles held for a number of prizes and an auction scheduled to begin at 3:15 p.m. Auction items include baseball and basketball cards and a number of autographed items from professional baseball and basketball players including Terry Steinbach, Paul Molitor, Wes Westrum, Nolan Ryan, Christian Laetner, Bill Kruegor, Greg Gagne, Karl Malone, Kevin Johnson, Cecil Fielder, Isiah Thomas and Andy Van Slyke.

Brooks woman not injured in rollover Wed.

Julie Paquin of Brooks was not injured when she lost control of her vehicle on a gravel road southeast of Oklee Wednesday.

According to the Red Lake county sheriff's department, Paquin was driving a 1987 Oldsmobile Cutlass west on County road 14 when she lost control on loose gravel and the vehicle rolled. Paquin was wearing her seat belt and was not injured. Damage to her car was estimated at over $1,000.

The accident was reported to the sheriff's department at 10:35 p.m. October 20.

NW Area Agency on Aging awards grants to agencies

Northwest Area Agency on Aging has awarded two recent grants, according to Faith Rud, director.

Beltrami County Council on Aging was awarded $5,000 in Title III-B funds to recruit and train volunteers for medical and insurance forms assistance to seniors in Region 1. The council operates the Headwaters Insurance Advocacy Program in Region II and the interim grant will continue through the end of December.

Northland Community College in Thief River Falls was awarded $12,307 in 1993 Title III-F health promotion/disease prevention funds. The college will conduct a four-session workshop series on healthful aging at four locations within the region on topics of nutrition, fitness, service availability and depression. The sessions will be held between November of 1993 and June of 1994.

Pioneers beat Brainerd, reach playoffs

Jay Cooper scored on a 73-yard punt return and on a 100-yard pass interception return Thursday as Northland knocked off host Brainerd 27-18 to secure a berth in the 1993 Minnesota Community College Conference state football playoffs.

The win wrapped up a 5-1 MCCC season for the Pioneers, who have clinched at least a tie for the Northern Division title. Northland, 5-2 overall, will close out the regular season Thursday with a 7 p.m. game against the Mayville State junior varsity at Prowler Field.

MCCC state playoff semifinals, featuring the top two regular season finishers in the Northern and Southern Division standings, will be played Saturday, Nov. 6. Those match-ups will feature home games for the two divisional champions. The title game will be played Nov. 13 or 14 at St. Cloud State University.

Itasca surprised defending state champion Vermilion 27-7 and Mesabi beat Hibbing 23-13 in Thursday's other Northern Division games. The results put Northland at 5-1, Itasca 4-1, Vermilion and Brainerd 3-2, tho University of Minnesota-Crookston 2-3, Mesabi 1-4 and Hibbing 0-5.

While Northland ends the regular season against Mayville, Thursday MCCC finales will include Mesabi at Itasca, Brainerd at UMC, and Vermilion at Hibbing.

If Itasca beats Mesabi, the Vikings and Pioneers share the Northern Division title, with the first round home ployoff game going to Itasca because of a 16-0 mid-season win over Northland. But if Mesabi upsets Itasca, Northland would win the Northern Division title outright and get the home plsyoff game.

Brainerd and Vermilion would have a chance to move into a second place tio with tho Vikings if they combine final-week wins with an Itasca loss. A tie-breaker system would then be used to name the No. 2 Northern Division post-season qualifier behind Northland.

Rochester and Fergus Falls are currently 1-2 in the Southern Division.

Northland's defense set up the first touchdown in Thursday's win at Brainerd when Brandon Bloine blocked a punt that was recovesed by Jayme Aure – setting up a 13-yard Jason Svir touchdown pass to Trent Wahl midway through the opening quarter. Kenny Barker's kick made it 7-0.

Brainerd came right back on tho ensuing possession to score on a 26-yard Jason Fehring run, but tho extra-point kick was blocked, leaving tho Raiders with a one-point deficit.

Cooper supplied the second quarter fireworks. The 6-1, 183-pound defensivo back from Jacksonvillo, FL, dodged tacklers and managed to pop out of a couple of crowds on his long punt return with 11:29 remaining, then picked off a Brainerd pass in the end zone and had nothing but daylight ahead of him on his length-of-the-field interception return with just 50 seconds left in the first half.

The 20-6 cushion quickly disappeared at the start of the second half, however, when consecutive Northland fumbies produced two Brsinerd touchdowns in the first 3:11 of the third quarter.

A Northland fumblo on tho second ploy of the second half was returned for a 24-yard touchdown by Desmick Lewis with just 54 seconds gone. Moments later the second Northland fumble put the back ball in the Raiders' hends and Fehring scored from tho 25. Two more conversion failures kept Brainerd from taking the lead, but it was now a suddenly-tight 20-18 game.

It remained a two-point contest until tho final stages of the fourth quarter when a Brainerd gamble was converted into an insursnco score for Northland.

After punting the ball away with 6:17 to play, Brsinerd accepted a five-yard running-into-the-kicker penalty and elected to try to pick up the first down on fourth-and-five. The Raiders didn't make it, turning the ball over the the Pioneers at the Brainerd 40.

Northland reached the 15 and on third-and-long was simply ready to position the ball in the middle of the field for o field goal attempt. Instead, 6-2, 250-pound Sheldon Hinton broke through and scored a gome-clinching touchdown with 2:08 to play.

It wasn't a big day for the Northland offense. Svir was the Pioneers' top ground gainer with 44 yards on 22 carries, whilo Hinton netted 36 yards on 11 tries. Svir was 6-for-8 in the air, but that produced only 60 yards.

Fehring had a 25-carry, 121-yard day for the Raiders, but he put the only dent in the Northland defense thot was led by Cooper and Rick Anteau, o 6-2, 225-pound linebacker from Toledo, GH, who was credited with 17 tackles.

BCC - Fehring, 25-yard run; run failed.
BCC - Sheldon Hinton, 15-yard run; Barker kick.

Green Wave stops TRF 13-6

■ East Grand Forks wins battle for No. 2 seed

Thief River Falls got beat at its own game Wednesday in a regular season-ending 13-6 high school football loss at East Grand Forks.

The Prowlers relied on size and strength in stringing together five straight wins after back-to-back season-opening losses to Detroit Lakes and Alexandria, but they were outmuscled by the Green Wave. The outcome gave 6-2 East Grand Forks the No. 2 seed in the 1993 Section 8A playoffs behind the defending champion Lakers and dropped 5-3 Thief River Falls to No. 3.

"They were better than we were up front – and that's something we've been real strong with this year," said Thief River Falls coach Jeff Mumm. "They're as good as anybody we've seen up front. We haven't seen anybody that strong up front since Detroit Lakes."

The Green Wave completely shut down the Prowlers' offense until a brief fourth quarter passing game produced a short-lived Thief River Falls comeback. The Prowlers netted only 105 yards on 25 running plsys, with 44 of those yards coming on a single first quarter breakaway by Leo Lund. The ground game, which produced a bundle of points and ate chunks of time off the clock during the winning streak, had just a 7-carry, 23-yard second half.

Coupled with an unproductive second half in a 23-20 double-overtime win at Fergus Falls the previous Thursday, the Thief River Falls offense – minus injured quarterback Jeff Twomey and fullback Brian Howe – has Mumm worried.

"That's six quarters where we've been absolutely non-existent on offense," acknowledged Mumm. "They (Green Wave) made the big play when they had to. We didn't. There was nothing that worked for us."

It was scoreless until an cachange of second quarter fumbles helped send East Grand Forks into halftime with a 7-0 edge. The Green Wave lost the ball at the Thief River Falls 43 with 8:13 left, but two plays later the Prowlers turned it over at the Thief River Falls 47.

The touchdown came quickly as quarterback Jon Bushy found receiver Gabe Valtierra behind the Thief River Falls secondary with a 34-yard scoring pass. Mark Perkins added the conversion kick with 5:50 showing.

East Grand Forks took firm control with a 12-play, 70-yard touchdown drive that consumed the first six minutes of tho second half. Biggest gainer on the march was a 22-yard Bushy toss to Valtierra that carried to the Thief River Falls 37. Bushy slipped in behind right guard on a 1-yard keeper for the touchdown. The kick was off the mark this time, but there was a 13-0 spread showing on the scoreboard.

Thief River Palla dusted off the passing game to get back in it with a three-play, 60-yard fourth quarter quickie. On consecutive plays quarterback Eric Bjorgaard completed a 31-yard pass to Nathan Anderson, 18 yards to Lund and 11 yards to Steve Burslie for the touchdown. The conversion pass was dropped in the end zone, leaving it 13-6 with 8:43 to plsy.

The Prowlers' defense promptly forced an East Grand Forks punt, setting up the Thief River Falls offense at the Green Wove 45 with 6:08 still remaining.

It looked like the late-game rally was in full swing when Bjorgaard turned o fourth-and-five into a first down at the 17 on a 23-yard pass to Anderson.

But the comeback camo to a screeching halt moments later when East Grand Forks defendes Jerrod Riske intercepted Bjorgaard at the 10 and returned it to the 45 with 4:26 remaining.

"We throw the ball all right when we have to," said Mumm, "but you don't wont to have to use it thot mach. When you throw the ball that many times, something bad la bound to happen."

The Prowlers never got their hands on the ball again. The final nine plays included six quarterback keepers by Bushy, along with a key 25-yard Bushy-to-Riske pass that turned a third-ond-10 at the East Grand Forks 45 into o first down at the Thief River Falls 30 with 3:10 to play.

Thanks to the 44-yard run, Lund finished with 72 yards on six carries – oll in the first half – to lead the Thief River Falls ground game. Bushy had a 20-carry, 80-yard night running the ball, and also went 8-for-19 in the air for 144 yards. Bjorgaard wound up 7-for-14 for 130 yards.

A year ago East Grand Forks beat Thief River Falls 14-13 in the regular season finale, but lost the post-season rematch the following week 13-6.

"Maybe history will repeat itself," said Mumm. "They're a good football team, a legitimate No. 2 seed. But we hope to get another shot at them."

Section 8A football playoffs...

Prowlers, Pirates play second time

First round Section 8A high school football playoff match-ups Tuesday will find Crookston at Thief River Palls and Park Rapids Area at Wadena-Deer Creek. Both games have 7 p.m. kickoffs.

Semifinals will be played Saturday, Oct. 30, when Thief River Falls or Crookston will be at East Grand Forks and Park Rapids Area or Wadena-Deer Creek heods to Detroit Lakes.

Championship game will be played Thursday, Nov. 4, at the Fargodome.

Playoff match-ups were determined by point standings, with Wednesday's final regular season results securing the post-season positions.

Three-time defending champion Detroit Lakes had the No. 1 seed lacked up even before the Lakers completed an 8-0 season with a 45-8 win over Staples Area.

A 13-6 East Grand Forks win over Thief River Palls gave tho Green Wave the No. 2 seed and put the Prowlers at No. 3.

Wadena-Deer Creek lost to Aitkin 26-12, but still wound up No. 4; Pork Rapids Area out-scored Crosby-Ironton 35-28 to finish No. 5; and Crookston grabbed the final berth with a 32-29 victory at Luverne.

That left Perham, Pergus Foils, Staples, and Long Prairie-Grey Eagle out of the plsyoff picture. A 34-12 loss to Mahnomen cost Perham a post-season spot. Fergus Palls fell to Northfield 13-7 and Long Prairie-Grey Eagie was beaten by Belgrade-Brooten-Elrosa 27-6.

Regulor season results for Tuesday's opening round match-ups found Thief River Palls beating Crookston 16-6 in Week 6 and Wadena-Deer Creek over Park Rapids Area 22-20 in Week 4.

Section 8A Playoffs
■ First round Tuesday, Oct. 26 - Park Rapids Area (4-4) at Wadena-Deer Creek (4-4), Crookston (3-5) at Thief River Falls (5-3).
■ Semifinals Saturday, Oct. 30 - Wadena-Deer Creek or Park Rapids Area at Detroit Lakes (8-0); Crookston or Thief River Falls at East Grand Forks (6-2)
■ Championship - Thursday, Nov. 4, at Fargodome, 6 p.m.

Evenson, Padilla drop first 8AA tennis match

Shari Evenson and Anne Padilla of Thief River Palls lost a 6-3, 6-0 first round decision to Heather Domck and Sarah Schmidt of St. Cloud Apollo Wednesday in tho doubles portion of the 1993 Section 8AA girls high school tennis tournament at St. Cloud.

It was the second straight year Evenson and Padilla, both sophomores, advanced from North Sub-Section 8AA play to the state tournament-qualifying 8AA event.

"As freshmen, Shari and Anne went in and were overwhelmed," explained Thief Rives Falls coach Jay Forney. "As sophomores, they still got beat, but they felt they could plsy with those kids. You can always do better, but they were there, and a lot of others were back home."

Evenson and Padilla hod a 3-2 first-set lead before Domck and Schmidt pulled away. The Apollo duo went on to reach the finals.

Blue Devils 52-12 winners vs. MCC

A 33-0 holftime lead propelled Grygla/Goodridge past Marshall County Centrol 52-12 Tuesday in Top of the State Conference high school football ot Newfolden.

It wos just the second win in seven starts for tho Blue Devils, who close out tho 1993 season Tuesday with a 3 p.m. game against Kittson Central at Grygla. It was the season finalo for tho Nordies, who wound up 0-8.

Grygla/Goodridge collected 469 yards worth of offense, including 422 yards on 52 running ploys. Blue Dovils quorterback Brady Wiseth was just 1-for-4 passing, but the completion was good for a 47-yard touchdown.

"Things seem to work – like they were suppose to work all year," said Grygla/Goodridge coach Darwin Hagen. "Tho offenso moved the ball, and the defense played well, too."

Trevor Klesow led tho winners' ground game by rushing for 141 yards. His 12 carrios included touchdown runs of 5, 16 and 9 yards. Jason Grandstrand netted 76 yards on just five attempts.

Defensively, Eldon Quam, Jim Verbout and Kevin Warne were the Blue Devils leaders, according to Hagen.

Scoring

	1	2	3	4	T
Grygla/Goodridge	20	13	13	6	52
Marshall Co. Central	0	0	6	6	12

G/G - Trevor Klesow, 5-yard run; Jason Kotrba kick.
G/G - Jamie Lunsetter, 47-yard pass from Brady Wiseth; Kotrba kick.
G/G - Klesow, 16-yard run; kick failed.
G/G - Klesow, 9-yard run; kick failed.
G/G - Jason Grandstrand, 28-yard run; Kotrba kick.
G/G - Ryan Kriel, 10-yard run; kick failed.
MCC - Aaron Skadsem, 12-yard pass from Jake Rantanen; run failed.
G/G - Jim Verbout, 5-yard run; Kotrba kick.
MCC - Skadsem, 6-yard run; run failed.
G/G - Aaron Hyland, 1-yard run; kick failed.

Strong start is the key in 26-6 win for Gators

Three first quarter touchdowns carried Badger/Greenbush-Middle River to a 26-6 regular season-ending high school football win over Lake Park-Audubon Wednesday at Middle River.

The No. 8-seeded Gators will take a up 2-6 record into Tuesday's Section 8B plsyof quarterfinals – o 6 p.m. visit to No. 1-seeded Breckenridge.

Othes Tuesday 8B quarterfinols have No. 5 Agassiz Valley at No. 4 Warrood, No. 7 Frazee at No. 2 Dilworth-Glyndon-Felton (at Glyndon), end No. 6 Ottertail Central at No. 3 Bagley.

Scoring

	1	2	3	4	T
Lake Park-Audubon	0	6	0	0	6
B/G-Middle River	12	0	0	8	26

B/G-MR - Billy Holum, 40-yard pass from Sheldon Ruud; kick failed.
B/G-MR - Brian Walsh, 45-yard run; Aaron Kukowski kick.
B/G-MR - Russ Larson, 14-yard pass from Ruud; kick failed.
LP-A - B.J. Larson, 5-yard run, kick failed.
B/G-MR - Walsh, 1-yard run, kick failed

Gators lose final volleyball match

Regular season play ended with a 3-2 Tuesday loss at Warrood, but Badger/Greenbush-Middle River volleyball coach Gwen Borgen was happy with what she saw.

"It was a good volleyball match," said Borgen. "It was well worth the 2 1/2 hours. I was pleased with the way we played. It would have been a great one to win, but we still did a lot of nice things. They worked together as a team and we worked hard on the mental part of it – concentrating on every point."

The competitive motch went beyond the 15th point of the fifth game as Warroad laid claim to o 6-15, 15-9, 8-15, 15-13, 17-15 win.

Arena Schedule

Old Arena

Otters win 3-1 match with TRF

The match turned on the third game results Tuesday as Fergus Falls beat visiting Thief River Falls 3-1 in North Sub-Section 8AA high school volleyball.

Thief River Palls hod trouble receiving serves as Fergus Falls opened with a 15-7 win. But the Prowlers came back with a strong effort at the net and at the service line to even things with a 17-15 second-game victory. The Otters then emerged a 19-17 winner in the extended third game, and used that momentum to close it out with a 15-7 decision in Game 4.

The long third game festured 35 service rotations after Thief Rives Falls went ahead 13-11.

"Serves cost us that game," pointed out Thief River Folls coach Helen Anderson. "After playing so hard and so long, and then losing, it took the wind out of our sails and we could not get it together in the final game. Our serve reception was awful."

The loss dropped the Prowlers to 11-12.

"What was really frustrating was the fact thot when we put up an attack it was not returnable. But you can't put it oway if you can't receive serves consistently."

Toni Chiodo led the Prowlera with 15 kills and 12 last-touch points. Kelly Skeim, playing setter in place of injured Kendra Dimich, had 33 assists and five service aces.

"Toni played well, and Kelly put up some real nice sets," mentioned Anderson.

Fergus Falls won the junior varsity match 15-4, 15-10 and took the C squad match 15-8, 15-8.

Thief River Falls coaches presented Player of the Week honors to Chiodo, varsity; Heather Holthusen, junior varsity; and Michelle Mathson, freshmen.

The Prowlers close out regular season play with a Thursday match at East Grand Forks and a Friday contest at home against Crookston.

TRF Scoring
■ Kills - Toni Chiodo 15, Carrie Lawrence 11, Jamie Martell 7, Kelly Skeim 5, Maren Thorson 4, Sarah Huschle 5.
■ Service aces - Kelly Skeim 5, Sarah Huschle 2, Toni Chiodo 1, Jamie Martell 1.
■ Assists - Kelly Skeim 33, Jamie Martell 4, Sarah Huschle 2, Toni Chiodo 1, Carrie Lawrence 1, Maren Thorson 1.
■ Last touch points - Toni Chiodo 12, Kelly Skeim 11, Carrie Lawrence 7, Jamie Martell 5, Sarah Huschle 6, Maren Thorson 3, Jenny Drury 1.

NCC on late-season volleyball roll

It's a little late, but the Northland Community College volleyball team is finally playing up to the potential that Pioneers coach Deb Jacobson saw when preseason practice began in August.

After winning just four times in their first 21 matches, the Pioneers hove won three straight, four of their last five and five of their last eight starts.

The latest chaptes in the season-ending Northland success story was o 16-14, 15-3, 15-13 Wednesdoy home court win over Itasca.

"We played well," said Jacobson. "It's fun. They're finally ploying with some confidence."

A first-game come-back sparked the victory oves the Vikings. The Pioneers dominated play in Game 2, then substituted freely in the third game.

Northland will try to accomplish one more goal Wednesday when the Pioneers try to pick up their first Northwest Division win of the year with o 6:30 p.m. motch against the University of Minnesota-Crookston. Northlond, 9-19 overall, is 0-5 in Minnesoto Community College Conference-counting matches.

The Northland/UMC contest will be the final home appearance of the 1993 season for the Pioneers, who will close out the year at the Oct. 30 University of Minnesota-Morris Halloween Classic.

Northland Leaders
■ Kills - Kathy Kvick 12, Ranada Erickson 8
■ Assists - LuAnne Maslowski 20, Brenda Kiecker 13
■ Service aces - Kyoko Kino 5, Kathy Kvick 3
■ Digs - Ranada Erickson 14, Kyoko Kino 10, Kathy Kvick 10
■ Blocks - Kathy Kvick 6, Holly Gram 5, Heidi Klegstad 5

Mustangs end losing streak

A 28-yard touchdown run by Darrin Hofstad with four minutes remaining lifted Red Lake County Centrol to on 18-13 high school football win over Fertile-Beltrami Wednesday ot Oklee.

The regular season-ending victory snapped o five-game losing streak for the Mustangs. Elevated from Nine-Man to Class C football this fall because of enrollment figures, Red Loke County Centrol found the going tough in tho Valley Ploins Conference since a 22-13 decision over Badger/Greenbush-Middle Rives in Week 2. They were routed the week before by Red Lake Falls 42-6.

"It feels great to get back in the win column," noted Red Lake County Central coach Gary Brantl. "It's been frustroting. It's o good win for the kids. We started questioning ourselves ofter the homecoming blow-out last Friday. It was time for a character test. We fell behind, but the kids didn't quit. They came out and did o nice job."

Red Lake County Central earned a spot in the Section 8C ployoffs, but the No. 7-seeded Mustangs draw o tough first round assignment – o 6 p.m. game at No. 2 Red Lake Falls Tuesday. The Eagles went 8-0 during the regular season.

In other Tuesday 8C quorterfinals, No. 8 Fertile-Beltrami will be ot No. 1 Mahnomen; No. 5 Ado-Borup at No. 4 Warren-Alvarado, and No. 6 Fosston ot No. 3 Clearbrook-Gonvick.

Scoring

	1	2	3	4	T
Fertile-Beltrami	0	7	6	0	13
Red Lake Co. Central	12	0	0	6	18

RLCC - Adam Lundeen, 5-yard run; kick failed
RLCC - Lundeen, 53-yard run; kick failed
F-B - Swenson, 2-yard run; Webster kick.
F-B - Pat Olson, 13-yard pass failed.
RLCC - Darrin Holstad, 28-yard run, pass failed.

Crusaders finish with a 7-1 record

Angela Kading, Sean McIntosh and Mark Trochmann scored goals Tuesday as Our Saviour's Christian Academy completed its 1993 soccer season with a 3-1 win over International Falls.

The Crusaders finished the year 7-1, including a championship performance in the mid-season OSA Invitational.

Lone Our Saviour's Christian Academy loss was a final-minute 1-0 setback at Karlstad Oct. 5.

High schoolers urged to learn about state legislature

State Representative Jim Tunheim of Kennedy urges high school students to take advantage of one of two educational programs aimed at introducing students to the state legislature—the high school page program and Project 120.

The high school page program is operated by the House of Representatives and students who are juniors this year in public or non-public high schools are eligible. Those who are chosen will spend a week at the Capitol in St. Paul doing page work—staffing committee hearings, running errands for legislators, meeting with legislators and attending seminars about issues facing legislators.

During the 1994 legislative session, which starts in February, about 138 students from across the state can participate in the 10 one-week sessions available from February through April. Because more than 500 students apply each year, students are chosen in a draw.

Students can get more information and a nomination card (with instructions) from counselors at local high schools, but they must be turned in by November 5.

For more information about the page program, call LeClair Lamben, page program coordinator, at (612) 296-7452 or 296-5074.

The Project 120 program is a similar education program designed to give high school students hands-on experience in state government. It is a non-partisan, non-profit program operated by the Institute for Learning and Teaching in St. Paul.

Project 120 also schedules four-day weeks during the legislative session. It is open to all Minnesota high school students in public or private schools in grades nine through 12. In its 19th year, Project 120 is named for the 120 days the legislature can be in session each year.

Project 120 has space for 30 high school students per session. Their duties and activities in the four days include observing legislative floor sessions, committee meetings and Supreme Court hearings; meeting with state officials and the news media; and learning about current state issues. The program also includes tours and time for discussion of events and issues.

High school counselors often have information about Project 120, Rep. Tunheim said. For a brochure or for more information, call (612) 224-2100 or write to Project 120, Hamm Building Suite 449, 408 St. Peter St., St. Paul, MN 55102-1119.

Rep. Tunheim said both programs offer stipends or scholarships to students to reimburse or defray costs. And he said he hoped interested students would apply soon for either of the programs.

"The students I've talked to who have come to the Capitol to participate in the program are very enthusiastic about it," he said. "There is no better way to learn about something as complex as government than by living it for a week."

Meeting held in TRF on access for handicapped

Members of the Thief River Falls city council and Pennington county board met last week to discuss handicapped accessibility options at the courthouse and city auditorium. The architectural firm of Michael J. Burns Architects presented several options that might answer a multitude of needs.

The issue of handicapped accessibility at government buildings in Thief River Falls has been discussed for many years. In the past year or two, the city and county have been discussing the issue together with an eye towards finding a joint solution.

The architectural firm offered several solutions. Two solutions were individual estimates of what it would take to make each building handicapped accessible. For the city auditorium, work that would include an elevator, lift, remodeling, a vestibule addition and other items, had a total estimated cost of $251,100. For the Pennington county courthouse only, work that would include site work, demolition, elevator, remodeling, stairs and restroom, and other items had a total estimated cost of $222,900.

Another option was a link between the buildings that would include restrooms, elevator and ramps for a total estimated cost of $414,300. A link with some additional space would add $276,300.

The last option presented involved a combined auditorium and courthouse, which would involve additional meeting space, lift, elevator and other items, for a total estimated cost of $1,032,600.

Before moving ahead with any plans, the group agreed to attempt to locate additional sources of funding. A joint application for an intergovernmental cooperation planning grant is one of the additional sources of funding being investigated.

According to information released by the grant, the 1993 Minnesota State Legislature authorized Cooperation Planning Grants for local governments interested in developing plans for intergovernmental cooperation in the delivery of one or more specific public services. Two or more local units of government may submit a joint application for a grant to help them fund the development of an intergovernmental cooperation plan. To be eligible for a grant, the applicants must agree to implement the plan for intergovernmental cooperation once it is developed.

Coin club show November 6-7 in E. G. Forks

North Star coin club will sponsor its annual coin, stamp and sports card show November 6 and 7 at the American Legion club rooms in East Grand Forks.

Hours for the 22nd annual show will be from 10 a.m. to 6 p.m. Saturday and 10 a.m. to 5 p.m. Sunday. There is no admission charge.

Further information is available from Roy Comnick at 701-746-9891.

Ev. churches host service on missions

George Verwer

George Verwer, founder and international director of Operation Mobilization, will be speaker for a service on missions sponsored by the Evangelical churches of Thief River Falls Tuesday, November 2, at 7 p.m. in the Evangelical Covenant church at 1425 East Third Street.

Everyone interested in missions is invited to attend the service. Additional information is available from Everett Langelett at 681-8491 or Rev. Neil Bonkoski at 681-4449.

Verwer and his wife Drena live in Bromley, Kent, a suburb of London, England. George's ministry takes him to various countries in Asia, the Middle East, Europe and North America.

Operation Mobilization has over 2,200 workers from more than 60 nations and has distributed more than 400 million pieces of literature over the past 30 years.

Verwer is a graduate of Moody Bible Institute in Chicago and has written four books.

Thief River Falls Fair Board recently elected and installed new officers. Terry Nelson was elected president. Pictured from left are: (front row) Floyd Erickson, vice president, Donna Herder, secretary, Ray Sefranski, treasurer; (back row) Terry Nelson, president, Mike Sorteberg, vice president, and Norris Thune, past president.

4-H members recognized

(Continued from Page 1)

Smiley; Food Preservation, Stephanie Wold, Happy Acres; Home Environment, Laura Steiger, Smiley; and Needle Arts, Heather Shafland, Silverton;

Also Creative Arts, Sunny Carlson and Jana Johnson, Happy Acres and Lesley Helgeland, Smiley; Performing Arts, Bridgette Stock, Silverton; Photography, Robert Molskness, Happy Acres and Randine Hall, New Solum; Video, Desirae Alberg, Happy Acres; and Tractor, Daren Asp, Sanders;

Also Bicycle, Clifton Hanson, Highlanding; Computers, Stephanie Wold, Happy Acres; Shop, Eric Rouland, Happy Acres and Kelly Natvik, New Solum; Electric, Chad Torstveit, Smiley; Aerospace, Eric Rouland, Happy Acres and Small Engines, Robert Molskness, Happy Acres;

Also Forestry, Chad Torstveit, Smiley; Fishing Sports, Myndy Olson, Kratka; Shooting Sports, Kelly Natvik, New Solum and Daren Asp, Sanders; Wildlife, Brian Hall, New Solum; and Geology, Yvonne Asp, Sanders;

Also Citizenship, Randine Hall, New Solum; Health, Cami Sorenson, Happy Acres; Safety, Ben Hanson, Highlanding; Self Determined, Wayne Johnson, New Solum; Junior Leadership, Heather Shafland and Kim Rupprecht, Silverton; Ben Hanson, Highlanding; and Myndy Olson, Kratka;

Also Lawn & Landscape, Sunny Carlson, Happy Acres; Flower Gardening, Randine Hall, New Solum and Sunny Carlson, Happy Acres; Indoor Gardening, Eric Rouland, Happy Acres; Vegetable Gardening, Heather Torstveit, Happy Acres; Crop Science, Daren Asp, Sanders; and Horticulture (to a member who has excelled in two or more horticulture project areas), Sunny Carlson, Happy Acres.

Recognized as camp counselors for school age child care and/or day camp were Beth Natvik and Kelly Natvik, New Solum; Marie Lubitz, Steiner; Lauren Lavalier, Heather Shafland and Kim Rupprecht, Silverton; Myndy Olson, Kratka; Stephanie Wold, Ryan Swanson, Ryan Browning and Cami Sorenson, Happy Acres; Lesley Helgeland and Bryanna Helgeland, Smiley.

Recognition as 4-H Ambassadors was given to Heather Shafland and Kim Rupprecht, Silverton; Angie Hasnedl, Matthew Carlson, Jana Johnson, Ryan Browning, Cami Sorenson, Lesley Helgeland and Brandi Larson, Smiley; Beth Natvik and Lisa Reierson, New Solum; and Myndy Olson, Kratka.

First year junior leaders recognized were Nicole Bulger and Kelly Natvik, New Solum; Andrea Vigen, Silverton; Laura Steiger and Jocelyn Helgeland, Smiley; Kelly Clark, Happy Acres; and Ben Hanson, Highlanding.

Graduation certificates were awarded to eight members who totaled 77 years of 4-H club membership. Graduates and years in 4-H included Kelly Swanson, Happy Acres, 11; Lesley Helgeland, Smiley, 10; Marie Lubitz, Steiner, 9; Darin Welcski, New Solum, 10; Valarie Horachek, Highlanding, 11; Lance Moe, Kratka, 10; Kris Johnson, Kratka, 7 and Aticia Haugen, Kratka, 9.

Leader's council officers for the past year included Joan Lubitz, president; Ryan Browning, vice president; Lesley Helgeland, secretary; Tawnya Morkrid, treasurer; and Beth Natvik, reporter.

Joining the Pennington county 4-H club Cloverbud program last year as pre-membership participants were Lance Klaven, New Solum; Amanda Weber, Highlanding; Ashley Morkrid, Sanders; Jeremy Anderson and Hannah Filer, Steiner; Benjamin Clark, Kylie Donlin, Kari Hesse, Joshua Hinden and Dustin Sorteberg, Smiley.

Registered as Cloverbuds for the year but not affiliated with a specific 4-H club were Amanda Burton, Catherine Erickson, Paul Gladen, Kassia Koukari and Derek Sorenson.

Joining the 4-H club program as first year members were the following:

Kratka—Shane Johnson;

Highlanding—Marshall Tanner and Steven Weber;

New Solum—Brian Hall and Jennifer Klaven;

Smiley—Ayla Donlin, Amanda Clark, Josh Clark, Melissa Clark, Carissa Holecek and KayLynn Steiger;

Steiner—Marsha Lubitz, Kristin Muzzy, Nathaniel Muzzy, Rebekah Solem, Carolyn Walrath, Andy Filer, Kristi Kompelien and Sara Kompelien;

Happy Acres—Lindsey Cedergren, Kate Liden and Chris Swanson;

Silverton—Derek Oustafson, Andrea Olin, Meghan Reed and Dierdre Dally;

Sanders—Christine Wegner, Raymond Koukari III, Kara Mosbeck and Yvonne Asp.

First year adult leaders were Shaun Muzzy, Jill Altendorf and Jerri Bottem, all from the Steiner club. Marlene Johnson of Happy Acres was recognized as a five-year adult leader.

Recognition was also given in the awards program to members who had earned awards during the county fair and at other times during the year.

Objectives, budget amendments to aging plan are now available

Objective and budget amendments to the Northwest Area Agency on Aging regional plan for aging services in 1994 are available for review and comment, according to Faith Rud, director of the agency for the Northwest Regional Development Commission.

A public hearing on the amendments is scheduled for 10 a.m. Saturday, November 6, at the NWRDC offices, 525 Brooks Avenue South, Thief River Falls.

"In addition to the prescribed planning and grand administration and monitoring responsibilities, NWAAA is proposing to use $35,899 of the Title III-B funding for program development and coordination activities throughout the seven counties of Region 1," Rud said. "That is a $2,351 reduction from the 1993 budget."

Funds are allowed for program development and coordination only if the activities have a direct and positive impact on services, Rud added. Activities are limited to three categories of service which include Education and Training, Inter-Agency Linkages and Information and Referral.

Rud said that the Education and training activities include sponsorship of the fall conference on aging, co-sponsoring workshops in cooperation with other agencies and providing training for grantees, advisory committees and staff.

Inter-Agency Linkages include facilitating senior coordinating committee meetings, participating in coordination meeting with human service agencies in the region, meeting with and providing support to the county committees on aging and other senior organizations and sharing information relation to aging issues and the delivery of services.

Proposed under the Information and Referral category are response to Senior LinkAOE Line calls to help link seniors to services, updating, publishing and distributing the Senior Service Directory and organizing a resource display at the fall conference and distributing information about services where requested.

Rud said interested individuals are encouraged to contact her to obtain a copy of the draft objective and budget for 1994 and to submit written comments on the proposed plan. Comments will be accepted until the close of the public hearing on November 3.

Young artists solo contest in Moorhead

Young artists solo competition for instrumentalists, including pianists, in high school grades 10-12 living within 150 miles of Fargo-Moorhead will be held Saturday, January 8, at Concordia College in Moorhead.

Cash awards of $200, $150 and $100 are offered and the top performer will have an opportunity to win the Grand Award—a solo performance with the Fargo-Moorhead Symphony at its Young People's Concert April 7, 1994.

Application information is available from Young Artists Solo Competition, KCCM 91.1 FM, 901 South Eighth Street, Moorhead, MN 56562. Applications must be received by 5 p.m. Monday, December 6.

Polaris announces third quarter profits

(Continued from Page 1)

unit, up 18 per cent from $15,850,000 or $0.78 per BAC unit in 1992. All net income-per-unit calculations are adjusted to reflect the recent two-for-one split of Polaris units.

Polaris Chief Executive Officer Hall W. Wendel Jr., said, "the record results are attributed to continued strong demand for all snowmobile, ATV and PWC products coupled with a significant increase in manufacturing capacity through the addition of a fourth assembly line that produced ATVs year-round at the manufacturing facility in Roseau.

"Retail demand for both Polaris snowmobiles and ATVs is at a record level," Wendel added, "and we expect this strong demand to continue through the late fall and early winter selling season. Season-end dealer inventories of ATVs and PWCs are again at their lowest levels."

The financial condition of the partnership remains strong. On September 30, 1993, Polaris reported no long-term debt, with cash and cash equivalents of $14,514,000, up 97 per cent from the same period one year ago. Cash flow for the first nine months of 1993 was $43,116,000, up 45 per cent over the same period last year.

Polaris Industries Partners L.P. is a master limited partnership which owns and operates Polaris Industries L.P. Polaris designs, engineers, manufactures and markets snowmobiles, all-terrain vehicles and personal watercraft for recreational and utility use.

Haunted Mall planned in RLF

(Continued from Page 1)

business."

Currently, the mall is home to two insurance businesses, a restaurant, senior citizens' craft shop, barber shop, liquor store, and the town's only bakery shop, only drug store and only grocery store. There are, however, many vacant spots in the mall.

"Promoting the mall is important for all businesses in our town, whether they are mall tenants or businesses downtown," says Barb Seeger, who along with husband Dick own Center Drug in the mall. "A shopping mall might compete with downtown businesses in other cities. In a small community like Red Lake Falls (pop. 1481), we realize that we must work together, since our town's overall prosperity depends on the prosperity of the mall and downtown."

The "haunting" of the Park Place Mall will start in the old Center Drug location at the mall's east side and run from 5 to 9 p.m. on October 30 and 31. Admission is $2 per person. Tickets may be purchased at the door.

FmHA
FARMERS HOME ADMINISTRATION
Farm for Sale

The Farmers Home Administration (FmHA) will be accepting sealed bids on approximately one hundred fifty-eight (158) acres located in the Northeast Quarter (NE1/4) of Section 19, Township 153 North-Range 40 West, Pennington County.

Property has 104 acres enrolled in the Conservation Reserve Program with an annual payment of $14,530.00. Contract continues through 1996 with three annual payments remaining.

TERMS OF THE SALE ARE CASH ONLY. No financing is provided.

All bids must be submitted on Form FmHA 1955-48 (available at any FmHA office). All bids must be accompanied by a deposit of 10% in the form of a cashier's check, certified check or money order. All bids must be submitted in a sealed envelope and marked as follows:

"SEALED BID OFFER" (27-067-00019).

This sale is subject to rights offered the former owner under Minnesota Rights of First Refusal.

SALE is subject to conservation deed restrictions which will restrict the purchaser's use of the wetlands, floodplains, highly erodible land and other special areas of the property.

The purchaser will be required to comply with the conditions of a Soil Conservation Service Conservation plan.

Bids will be accepted until 2:00 p.m., Wednesday, November 17, 1993 at the Pennington County FmHA Office, P.O. Box 486, 1305 North Dale Street, Thief River Falls, Minnesota 56701. Phone 218-681-2843. Bidding information is available at the above office. Bid opening will be held Wednesday, November 17, 1993 at 3:00 p.m. at the Thief River Falls FmHA Office.

ADMINISTRATIVE ASSISTANT

The Agricultural Utilization Research Institute is seeking a full-time Administrative Assistant for its Northern Field Office at Crookston, MN. The position responsibilities include: office administration; informing prospective clients, interested groups and individuals about the AURI and its programs; advising and assisting clients in preparing proposals; tracking and monitoring project progress; reviewing project invoices and accounts; maintaining project files; gathering information and participating in public relations/educational activities. Candidate should possess excellent oral and written communication skills; computer proficiency (Macintosh) is desirable. Five years experience in a similar position preferred. Occasional overnight travel is required. The Administrative Assistant reports to the Northern Field Technical Services Manager.

Candidates interested in joining the AURI should send a letter of interest, a résumé and three references to the Director of Operations, AURI, P.O. Box 599, Crookston, MN 56716. Information should be postmarked by November 3, 1993. AURI, An Equal Opportunity Employer, offers a competitive salary and benefits package.

PROPERTY FOR SALE
CYLIA CHRISTOPHERSON GUARDIANSHIP

DESCRIPTION: The East Half (E1/2) of Section Nineteen (19), Township One Hundred Fifty-four (154) North of Range Forty-two (42) West of the Fifth Principal Meridian, LESS THE FOLLOWING DESCRIBED TRACT:

A tract containing two (2) acres, more or less, located in the Southeast Quarter (SE1/4) of Section Nineteen (19), Township One Hundred Fifty-four (154) North, Range Forty-two (42) West, more fully described as. Beginning at the Southeast corner of said quarter section; thence North along the section line a distance of 20 rods to a point; thence West and parallel to the South section line a distance of 16 rods to a point; thence South and parallel to the East section line a distance of 20 rods to a point on the South section line; thence East along the South section line a distance of 16 rods to a point of beginning, subject to road right-of-ways.

Written bids will be received at the law offices of CHARLSON, MARBEN & JORGENSON, P.A., 119 West Second Street, Thief River Falls, Minnesota, for the sale of the above described property, to be sold in two parcels:

Parcel 1: Building site consisting of 14.5 acres, four bedroom house, hip roof barn, double garage, and other storage buildings.

Parcel 2: Tillable acres consisting of all remaining real estate described above.

All interested parties should send written bids to the law offices of CHARLSON, MARBEN & JORGENSON, P.A., to be received before November 5, 1993, at 4:30 p.m. Please indicate which parcel on which the bid is being made. Bids will be opened on November 8, 1993, at 2:00 p.m., at the above mentioned law offices. Additional oral bidding will be permitted at that time by all persons who submitted written bids.

Buyer shall be prepared to make a down payment of 30 percent of the accepted bid and enter into an Earnest Money Contract for the balance of the payment within 30 days of the sale. The seller reserves the right to reject any and all bids.

Contact Larry Myhrer at 681-6882 or Rick Peterson at 681-2895 for appointments to view the property.

Plummer school board suspends superintendent

At its regular meeting Monday evening, October 25, the board of School District 628 at Plummer adopted a resolution to suspend Supt. Richard Lorenson for an indefinite period with pay. The suspension began immediately and continues in effect.

Upon inquiry by the *"Northern Watch,"* the Plummer school office referred questions to Marie Skinner of St. Paul, an attorney for the law firm representing the Minnesota School Boards Association. She told the *"Northern Watch"* that Lorenson had been suspended with pay for an indefinite period of time pending the conclusion of an investigation. She confirmed that the suspension took place Monday evening and said that an investigation was implemented when the school district received "complaints or a complaint."

Skinner would not be more specific about the complaint or complaints, but did say the investigation is "not a criminal investigation" but merely an investigation into the complaint and Lorenson's job performance.

Lorenson has been serving in the combined role of superintendent and principal at the school. Roger Aronson, an attorney for the Minnesota Association of Secondary School Principals (MASSP), said that Lorenson had been falsely accused of striking a student and that he (Aronson) considered the board's action for suspension to be ill-advised and improper.

"There is no evidence to support a claim of assault," Aronson said. "The student who claimed to have been struck showed no marks to support that contention and it is my understanding that there is no intent by Red Lake county officials, following their own preliminary investigation, to file any charges."

Red Lake County Sheriff Al Morken told the *"Northern Watch"* Friday morning that his office is *continuing to investigate* a complaint of an alleged assault at the Plummer school. He said the complaint was received on October 13, the same day that the assault was claimed to have happened. Purpose of the investigation, he said, is to gather information to be turned over to William Muldoon, attorney for the City of Plummer, who must then determine whether or not any criminal charges will be filed.

Muldoon confirmed that it will be up to him to make a determination on charges. He said he talked with Sheriff Morken on Wednesday of this week and at that point in the investigation it didn't appear there was sufficient basis for charges to be filed. But he added that a final determination will not be made until the sheriff's investigation is completed and he is provided with a report of the findings.

Attorney Aronson added that the MASSP represents some 900 secondary school principals in Minnesota who frequently have to deal with disciplinary action for problem students. "School officials are authorized by Minnesota law to use reasonable force to restrain or correct a student," he said. "This is the same authorization given to parents."

The MASSP attorney said he had talked by phone with MSBA attorney Skinner and was led to believe that nothing had been done with regard to an investigation and that it would not start until she arrived in Plummer next week. He said it was his understanding that she had blocked out the next week on her schedule to conduct the investigation herself.

Sheriff Morken said that any investigation by the school board or MSBA would be completely independent and not connected with the investigation currently underway by the sheriff's department.

Lorenson told the *"Northern Watch"* that two school board members had come to the school to talk to him about the student's complaint last week, and that the board had met in closed session to discuss personnel matters last Thursday night. He was not invited to attend that session. He said that the motion for suspension at the conclusion of Monday night's school board meeting was totally unexpected.

How wet was it in northwestern Minnesota this summer? Wet enough for muskrats to build a house out of wheat straw in a grain field farmed by David Sjulested about five miles southeast of the intersection of highways 1 and 219 south of Goodridge. The land is owned by LeRoy Krbechek. The muskrats built the house in a field ditch about 100 yards into the field from a township drainage ditch. There is no other marsh area commonly used by muskrats in the immediate area, so how far the transient rats had to travel to set up housekeeping is unknown. In "normal" years the field drainage ditch is dry and part of the crop-producing field. This year a combine fitted with tracks was necessary to harvest the field. The top photo shows the muskrat house next to the combine. The bottom photo of the house built of straw was taken from the combine's cab.

Keeping Watch Around the Region

Sherry LaCoursiere

Beware the bewitched box on Halloween

East Grand Forks - Michelle Kosel, columnist in the East Grand Forks Exponent, warns against dressing up as a Rubix cube for Halloween. She heard of a youngster who dressed himself up in a large box painted like a Rubix cube with his legs sticking out of two holes. Obviously this is a dangerous costume, because the boy and the box tipped over and didn't get up again until Halloween was nearly over. Besides that, he lost all of his candy in the process.

Nipped in the bud

Hallock - The Kittson County Sheriff's department nipped a nasty confrontation in the bud on October 17 after being notified that there was to be a fight in Kittson county between boys from Grafton and Drayton, ND. After apprehending the boys, the officers found weapons that included a .22 semi-automatic hand gun, an aluminum baseball bat, butterfly knife, steel pipe and pocket knife.

Get your Scandinavian taste buds ready

Warren - Our Savior's Lutheran church in Warren is having a Lutefisk Supper with all the trimmings on Wednesday, November 3. Meatballs will also be served for those who are not too interested in the Scandinavian delicacy.

A year of birthday partying

Roseau - The city of Roseau will celebrate its centennial in 1995. The committee in charge of the event recently decided to celebrate the centennial for the entire year and sponsor a major event each month. The birthday parties will end with a formal dance on December 31, 1995.

Bagging that big buck the hard way

Warroad - John Mitchell of Baudette brought home a 14-point buck this year, the first real trophy animal that he's bagged in 20 years of hunting. Mitchell happens to be one of very few crossbow permit hunters in the state, but that isn't the most unusual thing about this year's trophy. The fact is, Mitchel has been a quadriplegic since a car accident in 1976. He got his deer in the Rapid River area southeast of Baudette about 6:20 p.m. The deer dressed out at about 240 pounds.

Newfolden farm fire

Newfolden - The farm home of Grace Anderson in Newfolden was destroyed by fire last Tuesday. Anderson was living in Stephen at the time of the fire, but had planned to move back to the farm home in the near future.

New school seal

Warroad - The Warroad high school will have a new seal from now on. The old seal displayed a Native American in full dress. The new seal has just the head of a Native American beside a torch and the added words; "Excellence in Academics, Arts and Athletics." School principal Dave Kragness said the new seal was approved by the school's Indian Education Committee.

NCC student senate president advances

Brent Glass of Warren, who has been serving this year as president of the Northland Community College student senate, was elected Sunday as Vice President, External and Administrative Affairs, of the Minnesota Community College Student Association.

Election was held during the MCCSA general assembly at Breezy Point Lodge near Brainerd. Approximately 160 delegates from all 21 of Minnesota's community colleges participated in the assembly and election and Glass was elected on the second ballot.

An opening had been created for state vice president by the previous resignation of the state president and advancement of the vice president to the association presidency. State officers are routinely elected at the spring general assembly, and as a result Glass will be serving with officers who have been in office for several months.

"I know I have some catching up to do," Glass said, "but I have been spending a lot of time on the phone in the last few weeks and I think I have a pretty good idea of what is going on. I'll work hard to get informed and to keep the other student senate officers on the campuses informed."

In fact, that is one of his goals. The first is to visit all 21 community college campuses in the state; the second is to have 21 strong student senate organizations on the campuses. Communicating information is at the heart of student strength.

To fulfill the duties of his office, Brent will be moving to St. Paul in the next day or two to be near the state MCCSA office. He will complete the fall quarter at Northland in about three weeks and will be commuting from the Twin Cities to juggle his class time and student association time.

"I'll probably put in a 4,000 mile month this first month," he said. "For the winter quarter I'll transfer to Minneapolis Community College and carry 12 credits there. I only need 10 credits more to graduate and I can transfer the Minneapolis credits back to Northland so I can graduate here."

In his two years at NCC Brent has carried a 4.0 scholastic average, but he isn't sure he can maintain that academic high in the hectic pace that he will be leading for the next few months.

Brent said he had no interest in student government in high school. He graduated in 1989, went to Moorhead State University for a couple of quarters but couldn't get the financial aid he needed to continue. So he quit college, headed for Warroad and spent the next two and a half years working at Marvin Windows. He also was a member of the rescue squad for a year at Warroad.

He was introduced to student government when a freshman at Northland and said he became

"Primarily Positive Ideas" was the title of the workshop presented by these two elementary teachers during the North Star Reading Council's Fall Workshop session at Franklin middle school in Thief River Falls Thursday afternoon and evening. Presenters Jackie Chwielkowski (left) of Argyle and Lenore Pietruszewski of Argyle combined talents to present the workshop geared to present positive ideas that work in their classrooms. Discussed were creative writing, self-esteem, language arts and parent involvement. This was one of 16 workshop presentations available to the approximately 200 who attended. Each of the workshops was presented twice during the evening.

TRF council adopts assessment rolls

Thief River Falls city council met Tuesday night at the city auditorium during a regularly scheduled meeting of the council. Items on the agenda included adoption of assessment rolls for the Highway 32 project and the 1993 sidewalk and utilities improvement project; and, steps to take in progressing toward making the city auditorium handicapped accessible.

Highway 32 reconstruction was completed in the fall of 1992. One year later, public comment on the proposed assessment roll for the Highway 32 project was accepted during a public hearing October 5. The completed project, which went from the south end of Thief River Falls to the north end of the community, cost $3,400,000. The city's share of the cost was $525,000. The city plans to recover $375,000 from assessments. Tuesday night, the council adopted the assessment roll as proposed.

The council also accepted the proposed assessment roll for the 1993 sidewalk and utilities improvement project. The council accepted the assessment roll with two exceptions. The council deferred assessments on the William Robson and George Van Roy property assessments because the property is undeveloped. The assessments can be deferred for a maximum of 10 years or until the property is platted or developed.

The total project cost of the installed improvements is $896,000 and the proposed assessment roll is expected to recover over $450,000 of those costs.

The council approved a resolution encouraging preparation of an application for a Minnesota Cooperation Planning Grant. The grant funds can be used by local governments interested in developing plans for intergovernmental cooperation in the delivery of one or more specific public services. If the grant is approved by the state, the funds would be used for the preliminary architectural drawings and legal fees involved in making the

(Continued on Back Page)

Area school districts to hold elections November 2

Residents will be asked to vote in a number of school district elections on November 2. Residents in Plummer School District 628, Greenbush School District 678, Warroad School District 690 and Roseau School District 682 will be voting on referendums. School board elections will be held in Thief River Falls and Red Lake Falls.

Residents of School District 564 in Thief River Falls will vote for two of four candidates on the ballot. Candidates vying for the two three-year terms include: Curt Huot, Jean Larson, Cheryl Lee and Donna Myhrer.

Residents of Red Lake Falls School District 630 will vote for two of three candidates on the ballot. Candidates vying for the two three-year terms include: Brenda B. Alcorn, Charlene Myhre and Daniel Pladson.

Residents of Plummer School District 630 will vote on a levy increase. Regardless of the outcome, residents will pay less taxes in 1994. If the levy referendum is approved, the 1994 levy will collect $5,000 less. If the levy referendum is not approved, the 1994 levy will collect roughly $67,700 less. Fewer dollars will be collected in 1994 because a referendum passed three years ago will end this year.

The issue is more complicated however. If the referendum passes, the local cost to taxpayers will be $67,700 but the district will collect an additional $57,300 from the state in state aid. If the referendum passes then, the district will have $125,000 additional dollars to work with in 1994. The question on the ballot will explain that the amount asked of the voters in the referendum is $125,000 for four years or a half million dollars. It will require an estimated tax rate increase of .227 of the market value of all taxable property in the district.

If the levy referendum is not approved by voters on November 2, the board will have to look at cuts in staff and programs.

Residents will be able to cast their vote at the Plummer School Library from 4 to 8 p.m. November 2.

Residents of Roseau School District 682 will vote on a levy referendum. Voters will be asked to approve an increase in school district money amounting to $374.43 per pupil unit for a four year period. This will raise about $419,759 per school year. Of this total amount, $343,459 is money from the state and $76,300 is to be raised from a local property tax. This referendum replaces an expiring levy referendum approved in 1988.

If the levy referendum fails, the school district will make progrm cuts at all four school sites — Roseau high school, Roseau elementary school, Malung elementary school and Wannaska elementary school.

Residents of Greenbush School District 678 will be asked to vote on a levy referendum. The levy will increase its general education revenue by $640 per actual pupil unit. The additional revenue will be used to finance school operations and the property tax portion will require an estimated referendum tax rate of .1854 per cent of the market value of all taxable property in the district for taxes payable in 1994. The referendum revenue authorization would be for four years. The referendum replaces a previous referendum that will expire. The levy increase is expected to raise about 425,000, of which local taxpayers would pay about $134,000 and the state the rest.

Without a referendum, the school district would be faced with a deficit of $61,604 in 1993-94 and the 1994-95 budget would have a $270,272 deficit.

Residents of Warroad School District 690 are also faced with a levy referendum. If approved, the

WATCH AROUND THE REGION

Sherry LaCoursiere

Former TRF funeral director in Mahnomen

Mahnomen - Alec Burnside, formerly with the Green Funeral Home in Thief River Falls, has started duties as licensed funeral director at the Mattson Funeral Home in Mahnomen. He and his family moved to Mahnomen the first part of September. Burnside is originally from Detroit Lakes.

Benefit for Bethany

Warren - There will be a "Benefit for Bethany" from 5 to 8 p.m. on November 9 at the Warren high school to raise funds for Bethany Mattson, daughter of Bob and Cheri Mattson of Warren. Bethany was injured in a motorcycle accident in July. She is paralyzed from the waist down and had her left arm amputated as a result of the accident. Bethany is the granddaughter of Mrs. Louise Deere, Sr., of Kennedy and Mr. and Mrs. Casper Mattson of Hallock. Anyone wishing to donate to the fund may mail their checks to Benefit for Bethany, First American Bank, P.O. Box 84, Warren, MN 56762.

Nice way to learn to be good stewards

Greenbush - Marvin Windows of Warroad celebrated National Forest Products Week [illegible] seedling trees [illegible] children in the Greenbush schools.

Music with a message

Warren - Music with a message is what a band from Warren is bringing to the region. The band, "Aflame," has performed its contemporary Christian songs of praise at the Midsummer Fest in Vega township, Our Savior's Lutheran church in Warren, two camps at Maple Lake and the Pennington County Fair. Band members and singers are David, Steve and Mike Roux, Ryan and Erin Aakre, Ben Ranstrom and Scott Flaten, all from Warren; Ryan Sickels from East Grand Forks and Jim Templeton of Georgia.

Things are moving along in Mahnomen

Mahnomen - According to the Mahnomen Pioneer, work is progressing on two new buildings in the city. It is expected that the new Manitok Mall will open the first part of 1994, and the new Area Learning Center is under construction next to the high school.

She came up with the Land O'Lakes name in 1924

St. Louis Park - Ida Foss, the woman who coined the name, "Land O'Lakes," has died at the age of 101. Foss was a 31-year-old homemaker when she won first place in a 1924 Minnesota Cooperative Creameries-sponsored contest to name its new butter. Two years later, Cooperative Creameries changed its name to Land O'Lakes.

Roseau officials investigate fatal accident

Roseau County Sheriff's department is investigating a fatal accident that happened early Friday morning.

A 37-year-old man was pronounced dead upon arrival at Roseau Area Hospital. The man was the driver of a vehicle, which collided with another vehicle at the junction of County road 5 and 2 in Roseau county, seven miles south of Warroad. The driver of the other vehicle, a 19-year-old male, was also taken to Roseau Area Hospital. The accident, which was reported to the sheriff's department at 12:50 a.m. Friday, is still under investigation.

Strandlie is coordinator for flood recovery

Jim Strandlie has been hired for an 18-month position with the Northwest Regional Development Commission to serve as flood recovery coordinator.

In the position funded by the Economic Development Administration through the NWRDC, he will work with the Presidentially declared disaster counties of the region to help them gain access to the flood programs available.

Specific duties are to explain grant assistance programs, assist local government in developing project proposals for state or federal grant assistance and coordinate paperwork or actually assist local units of government in the grand application process.

Strandlie is a native of Roseau and holds a BA degree from Concordia College in Moorhead and an MA degree from the University of Minnesota—Duluth. He taught school and was a principal in both Minnesota and Alaska for 30 years, taking early retirement from the State of Alaska. He has been substitute teaching for School District 564 and teaching a class in Minnesota history at Northland Community College while living in Thief River Falls with his wife Jan.

He may be contacted through the NWRDC office in Thief River Falls by calling 681-2637 or 1-800-450-2637.

4-lane traffic to resume on Highway 2

Four-lane traffic will resume on highway 2 east of Fosston on or about November 4, according to Lynn Eaton, project engineer for the Minnesota Department of Transportation.

Motorists have been restricted to two-way traffic on the west-bound lanes since late May while the east-bound lanes were under construction.

Construction crews are now finishing up the paving. During the next week turn lanes will bo added, edge drains installed and center-line and edge-line striping completed, if dry weather permits. Final paving and shoulder work will be done next spring without diverting traffic to other lanes.

"Expanding With A Commitment To Serve."

SOUPCON
Sherry LaCoursiere

Anyone who lives in a house with deer hunters knows that The Time is Coming when there will be venison to cook. Today's recipes are from "Mountain Man Cookbook" by Thomas L. Canino and I think you will find he has some pretty interesting ways to cook that venison so the whole family will really enjoy it.

Here is the old stand-by—bake some fresh rolls and serve a salad with it and you have a complete, very nourishing meal:

DELICIOUS VENISON STEW

1 pound venison steak or stew meat (trim and cube, removing all fat, bone and sinew)
4 medium potatoes, peeled and cubed
4 carrots, cubed
3 tablespoons parsley flakes
1 small onion, diced
8 tablespoons flour
2 tablespoons butter
2 tablespoons margarine
1 teaspoon salt
1 1/2 teaspoons white pepper
7 cups hot water

Dredge meat in flour; heat butter and margarine in Dutch oven or 8-quart saucepan.

Saute meat and onion until browned; add remaining ingredients.

Simmer two to eight hours. Add water to maintain stew.

I think this recipe sounds really delicious and I plan to try it if my hunters are lucky this year:

STUFFED FLANK STEAK

2 pounds flank steak or round steak (fat and sinew removed)
2 tablespoons margarine
1/2 cup sherry wine

Stuffing

1 cup dried bread crumbs
1 tablespoon dried parsley
1/4 teaspoon sweet basil
1/4 teaspoon salt
1/4 cup raisins
1/4 cup chopped apple
3 tablespoons grated parmesan cheese
1/2 cup warm water

Mix all stuffing ingredients.

Pound steak with mallet or the back side of a knife to flatten and spread.

Spread stuffing on meat in a thin layer. Roll meat and stuffing and secure with string.

Saute all sides of roll in margarine until brown. Remove roll to oven pan. Add wine to drippings and stir for one minute. Pour juice over roll and bake in 350 degree oven for 45 minutes. Serve with noodles or potatoes.

Maybe you never thought of using venison for soup, but here is a recipe:

VENISON SOUP

16 ounces venison, trimmed of fat and sinew, cut into 1 inch squares
1 potato, skinned and diced
1 cup canned tomatoes, chopped
1/2 cup broken macaroni (bows, shells or rings)
1 carrot, diced
1 onion, chopped
2 tablespoons dried parsley
1 teaspoon sweet basil
1 teaspoon salt
1/8 teaspoon crushed red pepper
1/4 teaspoon white pepper
2 cloves garlic (or 1/8 teaspoon garlic powder)
6 tablespoons salad oil
3 quarts water

Heat oil in large skillet.

Slice garlic and cook in oil. Remove garlic so it does not burn.

Place squares of meat in hot oil and sear 4-6 minutes on each side.

Remove meat from skillet and place in 4 quart saucepan. Add 4 quarts water.

Add all other ingredients except garlic. Simmer 2 hours.

Cool over night and then remove any fat from surface.

Simmer 2 more hours, replacing water if necessary. Add garlic before serving.

And, just for good measure, here is one for you lucky pheasant hunters - doesn't it sound good - I bet you could use a duck, too:

ROAST PHEASANT

1 (2-3 pound) pheasant
salt
pepper
bay leaf
1 garlic clove, crushed
1/2 lemon
4 slices bacon
6 tablespoons melted butter
2 (4 ounces each) cans mushrooms
1 cup chicken broth
1 foot square cheese cloth
1/2 stick melted butter

Sprinkle salt and pepper over pheasant.

Put bay leaf, lemon and garlic in cavity.

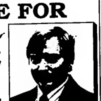
On rack in roasting plan, place pheasant, breast up.

Cover breast with bacon and cover bacon with butter-soaked cheese cloth.

Pour chicken broth in pan and arrange onion and mushrooms around the bird.

Preheat oven to 350 degrees.

Bake pheasant 35 minutes per pound, or until tender.



Baste frequently.

To The Editor:
The following comments about the Waco, TX, massacre are some the public has not been informed about:
Over 100 men, women and children were killed in what was their home and church. They bothered no one and only wanted to be left alone.
Local law officials were not notified of the raid on the compound. Former McLennon district attorney and sheriff said (David) Koresh cooperated with them in a 1987 investigation and turned in their weapons. David Koresh could have been picked up any time as he was frequently seen jogging and was a customer of Waco businesses and restaurants.
It was not tear gas which was pumped into the compound but highly flammable and deadly CS gas which has been banned as a battlefield warfare agent. It blinds, causes shortness of breath, vomiting, burning skin and affects children worse by causing choking.
Reporters were not allowed within two miles of the compound. Hospital burn units in Dallas and Waco hospitals were warned two hours before the final attack to expect large number of burn patients.
In a cover-up whitewash the government justified the massacre. President Clinton defended the actions of Attorney General Reno, the FBI and the BATF with 13 lies and distortions (see Don MacAlvany's *Intelligence Advisor*, July, 1993).
The Texas child welfare department visited the compound several times and found no evidence of child abuse.
The FBI controlled the crime scene for three weeks following the fire and did not allow the Texas Rangers, local police or arson investigators in and then bulldozed the entire site, covering up any evidence of what really happened.
Yours Truly,
Arnold Honl
Roseau, MN

To The Editor:
This is in response to the article in the October 16 issue of the *"Northern Watch"* regarding a proposed tax on birdseed to support non-game wildlife programs.
I disagree with what was written. I live on a farm and we feed the birds in the winter so they can get enough to eat. There are many in our area who do the same. They do it out of the goodness of their hearts.
Now we should be punished by paying taxes on the birdseed we buy? Why? So the DNR can spend our money on what? Drinking more coffee? Or wasting it some other way?
I believe they get plenty of money from other taxes they've imposed on people. It's time they learned to curb their spending and leave us "birders" alone.
Sincerely,
Verna Gunnarson

Opinions

Marvin Lundin
Editor

Editorial opinion published on this page, whether locally written or re-printed from other sources is intended to stimulate thinking and discussion among our readers. Opinions expressed by the editor are his own and not necessarily those of other staff members. Opinions expressed in items from other publications may be contradictory to the editor's own views but are offered for their general interest.

School Election Keys Interest For Tuesday, November 2

With two positions open and four candidates on the ballot, the School District 564 election on Tuesday, November 2, should overshadow in interest the *Thief River Falls* city election where only one candidate has filed for each of the four positions open this year in city government.

Veteran school board members Harry Sjulson and Maryel Anderson declined to seek reelection after distinguished service on the board. Sjulson served on the state board and as chairman of the Minnesota School Boards Association during his tenure on the local school board. Anderson consistently received the highest number of votes in school elections when she was a candidate and had experience in chairing the board.

The four candidates seeking school board office this year include three women, an indication of willingness for greater administrative involvement by women in the local district. Coincidentally, two of them have some ties to *"The Times"* and *"Northern Watch."* Donna Myhrer has been community editor here for several years and, also coincidentally, is the daughter of retiring board member Harry Sjulson. Jean Larson is a sister of *"The Times"* and *"Northern Watch"* publisher John P. Mattson.

The other two candidates, Cheryl Lee and Curtis Huot, have virtual life-long ties to the community and are graduates of Lincoln high school, as is Myhrer.

Trying to predict which candidates will be elected in a local election where there is no party affiliation and the size composition of voter turnout is speculative at best is little more than drawing names out of a hat. But it is always fun to predict election outcomes, even if it frequently means hearing a lot of "I could have told you so" when the predictions go awry—which they have done for this editor in the last couple of elections. Most recently, we predicted Joel Swanson would defeat Tim Finseth (now Representative Tim Finseth) in the special legislative election this past summer.

So let's take a guess or two. We look for a little under 2,000 school district voters to go to the polls—let's guess 1,848 just for fun—and that will be a pretty fair turnout with no major controversial issues to be decided. And we'll predict that the top vote-getters will be Cheryl Lee and Curtis Huot.

What is the basis for this prediction? Nothing in particular, really. People vote for or don't vote for candidates for many reasons, not many of which have anything at all to do with the abilities or qualifications of the candidates. Huot could benefit from being the only male candidate in the field by attracting the chauvinistic vote. Myhrer could be helped (or hurt) at the polls by her Dad's long-term association with the board and the perpetuation of the family's involvement. Larson could be perceived as a newcomer to the community despite her 13 years here and her work on the last bond referendum committee. And Lee's vote total could be affected by the way voters perceive her potential for a "conflict of interest" situation.

Go ahead and second-guess our guesses; that's what makes predicting fun. But do it before the election on Tuesday. "I told you so" after Tuesday night doesn't count.

TV Schedule Dropped; Reader Interest Sought

Beginning with this issue of the *"Northern Watch,"* the television guide which has been a regular feature of *"The Times"* publications for many years is being discontinued.

Frequently in the relatively brief history of the *"Northern Watch"* we have had to either severely reduce the size of the TV schedule or eliminate it altogether to make room for what we considered to be necessary news and/or advertising. Our feeling has been that the TV schedule rates low in reader interest and therefore is the most expendable item when it comes to "crunch time" in determining what gets in the paper and what doesn't.

But we admit we don't really know for sure if our collective feelings are accurate. So we are going to eliminate the TV schedule and—on the basis of the theory that people "don't miss something until it's gone"—wait to see what happens. If enough of our readers miss having the schedule so badly they let us know that they miss it, we will consider providing it again.

If you would rather see more news and such things as additional "Watch Around The Region" items, just go ahead and enjoy them. If you really miss the TV schedule and find that its absence leaves a void in your life, be sure to let us know. Because if you don't tell us you miss it and want it printed again, we will assume our assessment was accurate and the space given to publish the schedule was not wisely used.

Northern Watch Policies

Letters To The Editor: The staff of the Northern Watch encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in Northern Watch exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Hallock's Bev Hewitt has art show in Roseau

Artist of the Month at the Roseau Public Library is Bev Hewitt, a Hallock artist who took up painting after her retirement in 1989. The show of 17 oil paintings will be displayed free of charge at the Roseau Public Library until October 30. Regular library hours begin at 9:30 a.m. Tuesdays through Saturdays.

Hewitt has received awards from the Kittson County Fair, Artist Unlimited showings and other regional art events. She has exhibited in Roseau at the library and Art in the Park several times, but the present show includes many new pieces. Hewitt favors realistic landscapes with wild animals in harmonious twilight colors, as well as a few bright florals.

November artist will be watercolorist, Frances Karlsson of Roseau.

Agri-Women offer scholarships

Penn-Mar-Red chapter of the Minnesota Agri-Women will award two scholarships to area farm women interested in attending the Agri-Women's fall conference on Friday, November 5, at the Westward Ho motel in Grand Forks, ND. Theme of the conference is "Harvest of Knowledge."

The 11th annual conference is sponsored by the Agri-Women organizations of Minnesota and North Dakota. Its mission is to keep members and other interested people informed on issues affecting agriculture, according to Rhonda Amundson, extension educator in Red Lake county.

An awards banquet at 6 p.m. will honor Farm Women of the Year from each county and serve as a forum for announcing the Red River Valley Farm Woman of the Year. Entered in the competition are Michelle Naplin, Pennington county; Genevieve Knott, Red Lake county; and Dobbie Ornquist, Marshall county.

Topics to be presented and discussed at this year's conference include "Global Economy: What Does It Mean to Me?" presented by Susan Tigner, president of Country Hedging, Inc.; "Labor of Love: A Bed and Breakfast," presented by Sheryl Winters, Crookston; and NAFTA information, from Sarah Vogel, North Dakota Commissioner of Agriculture.

An afternoon panel will discuss farm chemical safety from the perspective of what every woman should know. Registration for the day's events will begin at 9 a.m. with introductory remarks at 9:30 a.m.

Scholarships to "Harvest of Knowledge" are available on a first come, first served basis. Interested persons should contact Deb Zak at the Pennington county extension office (phone 681-2116) located in the county courthouse in Thief River Falls.

BIRTHDAY PARTY SPECIAL

Benefit planned for Warren girl

To show Bethany Mattson that her home community cares, a benefit spaghetti supper and craft/bake sale will be held Tuesday, November 9, from 5 to 8 p.m. in the Warren high school lunch room.

The daughter of Bob and Cheri Mattson, Bethany had recently finished college when she was severely injured in a motorcycle accident in July. She lost her right arm and is experiencing paralysis of her lower body from her chest down. She is receiving therapy at the Rehabilitation Center in Grand Forks, ND.

Persons donating craft or baked items are asked to pre-price them and bring them to the Warren high school during school hours—craft items on Monday, November 8, and baked goods prior to 4:15 p.m. on November 9.

A free-will offering will be received for the spaghetti supper and two-for-one matching funds will be provided by Lutheran Brotherhood for the first $848 raised at the benefit. Young people are encouraged to volunteer to provide services with the payment to go into the benefit fund. Donations can also be sent to Benefit Bethany, P.O. Box 85, Warren, MN 56762. Checks should be made payable to Benefit for Bethany.

Committee members organizing the benefit are Deb Maruska (phone 745-5120), Jody Pulkrabek (phone 745-5072), Marilyn Luedtke, Carol Anderson, Mark Maruska, Rich Schmiedeberg, Jim Myrfield, Rita Dalzell and Jerry and Suzie Jevning.

Funds raised during the benefit are intended to assist her in purchase of equipment which will help her return to the activities of daily life.

Bethany Mattson of Warren, who was severely injured in a motorcycle accident and is involved in therapy in Grand Forks, will be the subject of a benefit fund-raiser at the high school in Warren.

Art Heinze to be presenter

Art Heinze, director of occupational therapy at Northwest Medical center in Thief River Falls, will be one of the presenters at the Minnesota Occupational Therapy conference November 5 and 6 in Minneapolis.

Heinze will speak on "Adjustment to a Disability," sharing some of his personal experiences with his audience. He become an upper extremity bilateral amputee at age 19 when he lost both arms while sawing wood on his uncle's farm near Belgrade.

Following his accident, Heinze earned his degree in occupational therapy at the University of North Dakota in Grand Forks. After working in Minneapolis for a year, he came to Thief River Falls in 1964 and established the occupational therapy department at the hospital here, serving as director since then.

Active in his profession throughout his career, he is currently serving as chairman of the Northwest O.T. District and a member of the state O.T. Association board of directors. He chairs the North Dakota State College of Science O.T. advisory committee and is involved in the training of occupational therapy students from several area schools.

Heinze is a frequently sought after speaker on adjustment to a disability as well as on upper extremity prosthetics. He has produced a teaching video entitled "The Use of Upper Extremity Prostheses" which is used by nearly 80 per cent of the occupational therapy schools in the United States, Canada and Australia.

Art Heinze

Counselor from St. Benedict's

Jason Kelly, admissions counselor from the College of St. Benedict/St. John's University will visit Lincoln high school in Thief River Falls at 1 p.m. Tuesday, November 2, to talk with students interested in attending either of the colleges. Parents are also invited to meet with Kelly and may learn the location of the meeting by contacting the school counseling office at Lincoln, phone 681-8672.

Prowlers overwhelm Pirates

■ Thief River Falls 38-6 Section 8A playoff winner

Talk about good timing. Thief River Falls picked the start of the 1993 Section 8A high school football playoffs Tuesday to play its best game of the year – a one-sided 38-6 drubbing of rival Crookston.

The No. 3-seeded Prowlers overwhelmed the sixth-seeded Pirates on both offense and defense, finishing with a whopping 428-12 advantage in total yardage. While the offense came out of a late-season slump, the defense continued to shine, stopping Crookston without a first down and zero net yards through three quarters.

"That's the best game, overall, we've played all year," said Thief River Falls coach Jeff Mumm. "As I've said before, defensively, we're playing well – I don't know what else I can say about our defense. Coach Chiodo (assistant coach Glenn Chiodo) has done a great job with the defense. And tonight we finally got it going offensively. We controlled the line of scrimmage. Our hogs (linemen) came ready to play."

The win advances the 6-3 Prowlers into the second round of the playoffs – a 7 p.m. game tonight (Saturday) at East Grand Forks. It's a rematch from an Oct. 20 regular season finale when the 6-2 Green Wave secured a first round bye and home field semifinal game by beating Thief River Falls 13-6.

"We wanted another shot at the Green and White," smiled Mumm, whose team was in a similar situation a year ago when they reversed a final regular season game loss to the Green Wave with a post-season win.

Senior Halfback Lee Lund and junior fullback Tony Halsa provided Thief River Falls with a strong 1-2 Tuesday night running tandem. Lund netted 171 yards on 13 carries and Halsa had 120 yards on 24 tries.

Lund had 170 of his yards in the first half, a figure that he kick-started with a 79-yard touchdown run on the game's second snap from scrimmage – an off-tackle play to the right with just 45 seconds elapsed. His second carry was a 41-yard run to the same side.

Thief River Falls doubled its lead to 12-0 after defensive tackle Jason Homme put a hit on Crookston quarterback Bobby Shimpa that produced a fumble recovered by Eric Bjorgaard at the Pirates' 3-yard line on the final play of the third quarter. Halsa then went through the middle on the first play of the second quarter.

Only Crookston highlight of the night came on the ensuing kickoff when Nate Hanson came out of a crowd on the right side and finished off on 89-yard return for a touchdown.

However, it took the Prowlers just six plays to regain a two-touchdown edge as Steve Burslie ran under a long pass from Bjorgaard to complete a 53-yard scoring play with 9:06 left in the first half.

A 19-yard Crookston punt into a stiff wind put Thief River Falls' offense to work at the Pirates' 34, and after a 17-yard burst through the middle by Halsa, sophomore runningback Kaine Martell put his shoulder down and scored from the 3 with 4:17 left for a 24-6 spread.

First Thief River Falls possession of the second half carried the Prowlers to the Crookston 3-yard line before Halsa fumbled. But Shimpa lost the next snap, Brent Kleinvachter recovered at the 1, and Halsa gained redemption with a touchdown dive.

Final touchdown was a 51-yard punt return by Lund with 2:25 to play in the game.

"It was a nice win," acknowledged Mumm. "We're a good football team. Our kids know it, and now maybe some other people are starting to recognize it, too."

No. 5-seeded Park Rapids Area knocked off No. 4 Wadena-Deer Creek 28-22 in double-overtime in Tuesday's other Section 8A quarterfinal game. The Panthers head to No. 1-seeded Detroit Lakes tonight for a semifinal challenge.

Section 8A championship game will be played Thursday, Nov. 4, at 8 p.m. at the Fargodome.

Scoring

	1	2	3	4	T
Crookston	0	6	0	0	6
Thief River Falls	6	18	6	8	38

TRF - Lee Lund, 79-yard run; run failed.
TRF - Tony Halsa, 3-yard run, run failed.
Crookston - Nate Hanson, 89-yard kickoff return, kick failed.
TRF - Steve Burslie, 53-yard pass from Eric Bjorgaard, pass failed.
TRF - Kaine Martell, 3-yard run; run failed.
TRF - Halsa, 1-yard run; run failed.
TRF - Lund, 51-yard punt return; Aaron Ehrenstrom run.

Nathan Anderson of Thief River Falls hauled in a 9-yard pass from quarterback Eric Bjorgaard to turn a fourth-and-sixth play into a first-and-goal at the Crookston 9 in the third quarter of Tuesday's Section 8A high school football playoff game at Prowler Field. The Pirates' Matt Wallace came up to make the tackle. Thief River Falls won 38-6.

Alexandria, TRF volleyball teams voted top seeds

Alexandria and Thief River Falls were seeded 1-2 Thursday for the upcoming 1993 North Sub-Section 8AA high school volleyball tournament.

Play starts Monday with No. 6-seeded Detroit Lakes playing at No. 3 Moorhead and No. 5-seeded Bemidji at No. 4 Fergus Falls.

Semifinals are scheduled to be played Thursday, with Detroit Lakes or Moorhead visiting Alexandria, while Bemidji or Fergus Falls heads to Thief River Falls.

However, the semifinal match in Thief River Falls might be moved to Friday. If the Thief River Falls football team beats East Grand Forks tonight (Saturday), that would advance the Prowlers into the Section 8A finals Thursday at the Fargodome. To avoid a schedule conflict, the volleyball match would be set back one day, according to School District 564 Activities Director Lee Alger. The volleyball match would be played Thursday if the football team is eliminated by East Grand Forks.

The North Sub-Section 8AA volleyball title match will be played Saturday, Nov. 6, at the site of the highest seeded semifinal winner.

All North Sub-Section 8AA matches have 7 p.m. starting times.

Alexandria is unbeaten and ranked No. 1 in the Class AA state polls.

Thief River Falls fell to 11-13 Thursday with a 3-1 loss at East Grand Forks.

TRF runners have tough 8AA outing

Thief River Falls runners fared poorly Thursday at the 1993 Section 8AA high school cross country meet in St. Cloud, finishing last in both the boys and girls portion of the event.

Little Falls boys and Alexandria girls won team titles. The Flyers and Cardinals advance to the Class AA state meet, along with the top five individual runners in each race.

Although the Prowlers weren't expected to be among the leaders, Thief River Falls coach Lynn Dyer was nevertheless displeased with the post-season showing. "It was absolutely our worst race of the season," he said. "We were awful. It's really frustrating. We gear for this race all year, and we don't do a thing. Nobody looked like they were ready to run. We have never been dead last in the region (section) before. It was an embarrassment."

Top Thief River Falls hope for a state meet berth was sophomore Lisa Swanson, who had turned in a string of strong performances as the regular season came to a close. And it looked like Swanson was going to contend as she ran in fourth place at the halfway mask of the two-mile race.

Swanson, however, fell back to seventh and then with about a quarter-mile to go, "ran out of gas," explained Dyer, and dropped out of the race.

The races were held in cold, windy conditions, but without the snow that hit northwestern Minnesota.

Section 8AA Boys

■ Team totals - Little Falls 94, Alexandria 97, Elk River 105, Brainerd 114, St. Cloud Tech 114, Moorhead 122, Bemidji 149, Rocori 180, St. Cloud Apollo 227, Fergus Falls 240, Detroit Lakes 280, Sauk Rapids 361, Princeton 345, Thief River Falls 437.

■ State meet qualifiers - 1. Jeremy Estenson, Alexandria, 16:49; 2. Shawn Gilbertson, Moorhead, 16:50; 3. Tim Kidder, Brainerd, 16:52; 4. Eric Loeffler, Fergus Falls, 16:53; 5. John Auel, Elk River, 16:53.

■ TRF places - 72. Jon Hendrickson, 19:20, 82. Dan Bjerknes, 19:36; 91. Dave Johnson, 20:25; 93. Brian Unbehaun, 20:40; 94. Stephan Ronchetti, 20:51; 95. Nick Oss, 21:24; 96. Nathan Anderson, 21:34.

Section 8AA Girls

■ Team totals - Alexandria 39, Rocori 69, St. Cloud Apollo 85, Brainerd 107, Bemidji 126, Moorhead 173, Little Falls 196, Detroit Lakes 280, Sauk Rapids 250, Elk River 256, St. Cloud Tech 279, Thief River Falls 298.

■ State meet qualifiers - 1. Jessica Faith, St. Cloud Apollo, 12:00, 2. Kelle Reif, Alexandria, 12:10; 3. Jayne Mathieu, Brainerd, 12:21; 4. Jenny Frost, Brainerd, 12:21; 5. Amanda Rausch, Rocori, 12:21.

■ TRF places - 42. Leah Helgeneset, 13:43; 29. Angie Klinker, 13:55; 50. Jocelyn Helgeland, 13:57; 74. Heather Thomton, 14:55; 77. Stefanie Swenson, 15:18; 80. April Klinker, 15:40.

Northland will be driving south for MCCC semifinals

Northland Community College will start the 1993 Minnesota Community College Conference state football playoffs on the road – at either Rochester, Fergus Falls or Normandale (Bloomington).

Itasca decided the issue Thursday with a 34-7 win over Mesabi.

Northland finished its MCCC schedule the previous week with a 5-1 record, good for at least a Northern Division title tie. Itasca became co-champion Thursday.

Top two teams in both the Northern and Southern Divisions earn MCCC state playoff berths, with the champions receiving the home field edge for the Saturday, Nov. 6, first round semifinals. An Itasca win over Northland earlier this year was used as a tie-breaker for the top seed in the Northern Division.

Rochester (4-0), Fergus Falls (3-1) and Normandale (3-1) are still in contention for Southern Division playoff spots. They all finish regular season play today (Saturday) when Fergus Falls heads to 1-3 Worthington and Normandale visits Rochester.

If Rochester wins, it'll mean a Northland trip to Rochester for the playoffs, while Itasca hosts the second place Southern Division finisher. If Normandale and Fergus Falls come up with regular season-ending wins, a three-way Southern Division tie would be broken by a coaches' vote Monday.

Pioneers edge Comets 6-0

Antonio Parker and Butch Olson came up with the big plays Thursday as Northland Community College finished its 1993 regular season football schedule with a 6-0 win over the Mayville State University junior varsity at windswept, snow-covered Prowler Field.

The victory put Northland a 6-2 for the year – the first six-win season in the history of the Pioneers football program. Northland ended a 5-1 Minnesota Community College campaign the week before to clinch at least a Northern Division title tie. They will take part in the MCCC state playoff semifinals Saturday, Nov. 6.

A 39-yard return of a fumble recovery by Parker with just 37 seconds left produced the only points of the game.

But Parker, 6-2, 183-pound sophomore safety from Chicago, has to share some of the spotlight with Olson, a 6-2, 243-pound offensive lineman from Middle River, who kept Mayville from scoring in the third quarter with a determined length-of-the-field chase that finally ended a 91-yard interception return by the Comets' Kent Anderson.

Those were the highlights in a game otherwise taken over by the blizzard-like weather. Gale-force winds and blinding snow did more to stop either team's offense than did the defense. The Pioneers finished with five first downs and 110 yards; the Comets had six first downs – including three on Northland penalties – and a whopping 26 yards.

"This weather wasn't conducive to playing football," acknowledged Northland coach Gene Klinke. "But we felt we had to play a game before the playoffs. We didn't want to have an two-week lay-off between the end of the regular season and the start of the playoffs, and this was the only day (night) we could play."

So the game went on despite the bone-chilling cold and snow. "We left it up to the referees," pointed out Klinke. "Any time they felt the safety of the kids was in question, they were going to call it."

Some modification of the rules did take place. Both sides agreed to shorten the quarters from 15 to 12 minutes, and running time automatically restarted the clock whenever the ball was ready for play.

Neither side presented a scoring threat until Anderson, a defensive end, intercepted Northland quarterback Greg Lion at the Mayville 5-yard line midway through the third quarter and headed down the left sideline. Olson was in pursuit the entire way, and his dogged effort finally paid off when he reached out and pulled him down at the Northland 4.

The Northland defense then came up with a goal line stand that nailed runningback Robert Johnson with a 1-yard loss on a fourth down snap from the 2 with 4:40 left in the third quarter.

Part of the speed-up rules the coaches had agreed upon earlier was that there would be no overtime. And it looked like the weatherman was going to be only winner in a 0-0 tie going into the final minute.

But after the Northland offense turned the ball over on downs at the Mayville 49 with 55 seconds to play, the Pioneers' defense won it in dramatic fashion with an all-out rush as quarterback Christopher Smith dropped back to pass.

As Smith was being buried under a pile of blue jerseys the ball popped out and right into the arms of Parker, who was escorted into the end zone by teammate John Hardy.

"We lucked out," admitted Klinke. "There were only two plays of any significance in the whole game – by Butch Olson and Antonio Parker."

NCC - Antonio Parker, 39-yard fumble recovery return; run failed.

EGF volleyball team 3-1 winner over TRF

East Grand Forks lost the first game 15-6, but came back to beat Thief River Falls 15-7, 15-1, 15-10 Thursday in high school volleyball.

It was the 16th straight home match win for the Green Wave, who are 19-5 for the year. The Prowlers took an 11-13 record into a regular season finale Friday at home against Crookston.

"We played well the first game," said Thief River Falls coach Helen Anderson. "We had some good spikes, and our serve reception was good."

It didn't go quite as well the rest of the night. "East Grand Forks has a good team; they hit the ball hard," noted Anderson, who also made it be known she wasn't very happy with the officiating.

Thief River Falls came back from an 8-4 fourth-game deficit to gain an 8-8 tie, but couldn't complete the rally.

Holly Gram of Northland Community College tried to drive the ball past University of Minnesota-Crookston defender Brendy Toft during Wednesday's Northwest Division volleyball match in Thief River Falls. The Trojans swept the Pioneers 3-0.

UMC 3-0 volleyball winner over NCC

The University of Minnesota-Crookston came into the match unbeaten in Minnesota Community College Conference play; Northland Community College was winless. Those situations remained intact Wednesday as the Trojans rolled to an easy 15-4, 15-9, 15-9 volleyball sweep over the host Pioneers.

The win completed a perfect 6-0 Northwest Division campaign for the Trojans, who are 31-8 overall. They are ticketed for state tournament play Nov. 5-6 at North Hennepin. The loss left the Pioneers at 0-6 in the MCCC and 9-20 overall heading into a season-ending appearance at the University of Minnesota-Morris Halloween Classic today (Saturday).

Northland was an obvious underdog heading into the match. However, a late-season run that had included three straight wins and five wins in their last seven decisions figured to give the Pioneers a shot at an upset.

But the outcome was never in doubt. UMC dominated. The Trojans out-played the Pioneers on offense and defense. And they did a better job at the service line.

"It wasn't pretty at all," admitted Northland coach Deb Jacobson. "They're good. I don't want to take anything away from them. It would have taken an aggressive, error-free game to beat them. And we didn't come close in either category. It wasn't anywhere near what we've been playing the last couple of weeks."

Northland did have brief, early leads in each game. But UMC scored 10 straight points to turn a 3-1 first-game deficit into a 13-3 lead; ran off six points in a row to overcome a 3-2 second-game Northland advantage; and fell behind 2-1 in Game 3 before going up 9-2.

Jacobson played all 13 members of her team in the Parent's Night match – Kyoko Kino, Osaka, Japan; Heidi Klegstad and Charitie Dalzell, Hallock; Denise Johnson and Holly Gram, Middle River; Lisa Verbout, Grygla; LuAnne Maslowski, Kathy Kvick and Ranada Erickson, Thief River Falls; Ronda Olson, Oslo/Alvarado; Brenda Kiecker, McIntosh; Tia Heitala, Badger; and Val Horachek, Goodridge.

One of the leaders on the UMC team is 5-7 sophomore Jenny Walter of Plummer.

- Sports Briefs -

Runners earn honors

Thief River Falls boys high school cross country team was named the 1993 Section 8AA academic champion, it was announced Thursday at the Section 8AA meet in St. Cloud.

The Prowlers carried a 3.95 grade-point average on a 4.0 scale.

Bergland back in NHL

Forward Tim Bergland of Thief River Falls is back in the National Hockey League today after the Tampa Bay Lightning recalled him from their Atlanta farm club in the International League.

Tampa Bay sent Bergland to Atlanta in a training camp transaction. He spent the 1992-93 season going back and forth from Tampa Bay to Atlanta.

Volleyball teams start sub-section

Section 8A Sub-Section 4 high school volleyball tournament is underway.

First round matches were scheduled to be played Friday at Northland Community College in Thief River Falls. Northland and Marshall County Central High School in Newfolden will be used for the Monday quarterfinals, with the Friday, Nov. 5, semifinals and the Saturday, Nov. 6, finals scheduled to be played at Northland.

Section 8A Sub Section 4

■ First round Friday, Oct. 29 - (at Northland Community College) Warroad vs. Kittson County North, 8 p.m.; Stephen vs. Badger/Greenbush-Middle River, 4:30 p.m.; Roseau vs. Grygla/Goodridge, 8 p.m.

■ Quarterfinals Monday, Nov. 1 - (at Marshall County Central) Warroad or Kittson County North vs. Tri-County, 6:30 p.m.; Lake of the Woods vs. Argyle, 8 p.m.; (at Northland Community College) Stephen or Badger/Greenbush-Middle River vs. Marshall County Central, 6:30 p.m.; Roseau or Grygla/Goodridge vs. Kittson Central, 8 p.m.

■ Semifinals Friday, Nov. 5 - (at Northland Community College) Monday winners at Marshall County Central meet at 6:30 p.m.; Monday winners at Northland Community College meet at 8 p.m.

■ Finals Saturday, Nov. 6 - third place match, 5:30 p.m.; championship match, 8 p.m.

Blue Devils end year with a loss

Grygla/Goodridge carried a 7-6 lead into the fourth quarter Tuesday, but wound up losing a season-ending 28-7 Top of the State Conference Nine-Man high school football game to Kittson Central at Grygla.

The Blue Devils finished 2-6, including three losses by a touchdown margin or less. They played three of the four Section 8 Nine-Man playoff teams on near-even terms but came up short against Tri-County 26-24, Stephen 14-6 and Kittson Central.

"We played those teams tough, but not quite tough enough," offered Grygla/Goodridge coach Darwin Hagen. "But even if we didn't win that last game, we wanted to play well, and I think we did."

A 15-yard Brady Wiseth-to-Jamie Lunsetter first quarter touchdown pass, followed by a Jason Kotrba conversion kick, kept the Blue Devils on top of the favored Wolfpack until the final period.

A 4-yard Matt Gustafson run put Kittson Central ahead, and Mark Olsonawski sealed it with touchdown runs of 37 and 20 yards.

"They just wore us down," said Hagen. "They have a big line and some real quick backs. Once we got behind it started to snowball on us."

Grygla/Goodridge rushed 42 times for 164 yards, with Trevor Kiesow carrying the ball 19 times for 77 yards and Jason Grandstrand picking up 56 yards on 8 carries.

Wiseth was 6-for-18 passing for 51 yards. He was intercepted twice late in the game as the Blue Devils tried to get back in it.

Lunsetter led the Blue Devils defense with 15 tackles. Eldon Quam had 14.

Scoring

	1	2	3	4	T
Kittson Central	0	6	0	22	28
Grygla/Goodridge	7	0	0	0	7

G/G - Jamie Lunsetter, 15-yard pass from Brady Wiseth; Jason Kotrba kick.
KC - Ryan Johnson, 13-yard run; run failed.
KC - Matt Gustafson, 4-yard run; Mark Olsonawski pass from Gustafson.
KC - Olsonawski, 37-yard run; run failed.
KC - Olsonawski, 20-yard run; George Hanson run.

Mustangs lose 34-6 8C match-up at RLF

Red Lake Falls came close to duplicating a 42-6 regular season win over Red Lake County Central Tuesday when the host Eagles beat the Mustangs 34-6 in the Section 8C high school football playoff quarterfinals. The two teams met in Plummer 11 days earlier.

The No. 2-seeded Eagles headed into the semifinals with a 9-0 record. Moving up from Nine-man to Class C status this year because of enrollment figures, the seventh-seeded Mustangs finished 2-7.

Shane Myhre scored three times for the winners, quarterback Brian Remick ran for a pair of touchdowns, and Blaise Larson set up a touchdown with a 70-yard run on the first play of the second half.

"We played a lot better than we did against them in the first game," said Red Lake County Central coach Gary Brantl, "but, they're a very good ball club. They have two good backs in Larson and Myhre; Remick does a nice job; and their offensive line is tough."

Red Lake County Central mustered just 78 yards on 21 running plays, with Darrin Hofstad netting 42 yards on 9 attempts to lead the way. Mustangs quarterback Bryce Huotari was 5-for-13 passing for 65 yards.

Adam Lundeen led the Mustangs' defense with 11 tackles. Scott Lorenson had 10.

Scoring

	1	2	3	4	T
Red Lake Co. Central	0	0	6	0	6
Red Lake Falls	6	14	6	8	34

RLF - Shane Myhre, 1-yard run, pass failed.
RLF - Myhre, 7-yard run; pass failed.
RLF - Brian Remick, 1-yard run; Blaise Larson pass from Remick.
RLF - Myhre, 5-yard run, pass failed.
RLCC - Adam Lundeen, 3-yard run, run failed.
RLF - Remick, 1-yard run; Larson run.

Football squads reach sectional semifinal round

High school football playoffs have moved into the semifinal stage across Minnesota.

Quarterfinals were played Tuesday.

Championship games in Section 8A, 8B, 8C, Nine-Man Section 6, and Nine-Man Section 8 will be played Nov. 4-5 at the Fargodome.

Section 8A

■ Quarterfinals Tuesday, Oct. 26 - Thief River Falls 38, Crookston 8. Park Rapids Area 28, Wadena-Deer Creek 22 (2 ot)

■ Semifinals Saturday, Oct. 30 - 5. Park Rapids Area (5-4) at 1. Detroit Lakes (8-0), 3. Thief River Falls (6-3) at 2. East Grand Forks (6-2).

■ Championship Thursday, Nov 4, 8 p.m. Fargodome.

Section 8B

■ Quarterfinals Tuesday, Oct. 26 - Breckenridge 35, Badger/Greenbush-Middle River 0; Agassiz Valley 26, Warroad 7; Ollworth-Glyndon-Felton 26, Frazee 13; Ottertail Central 28, Bagley 16.

■ Semifinals Saturday, Oct. 30 - 5. Agassiz Valley (6-3) at 1. Breckenridge (8-1). 3. Ottertail Central (4-5) at 2. Ollworth-Glyndon-Felton (7-2)

■ Championship Friday, Nov 5 - 6 p.m. Fargodome.

Section 8C

■ Quarterfinals Tuesday, Oct. 26 - Mahnomen 28, Fertile-Beltrami 0; Warren-Alvarado 16, Ada-Borup 14; Red Lake Falls 34, Red Lake County Central 6, Clearbrook-Gonvick 14, Fosston 12.

■ Semifinals Saturday, Oct. 30 - 4. Warren-Alvarado (6-3) at 1. Mahnomen (8-1). 3. Clearbrook-Gonvick (9-0) at 2. Red Lake Falls (9-0).

■ Championship - Friday, Nov 5, 5:30 p.m. Fargodome

Section 6 Nine-Man

■ Semifinal Friday, Oct. 29 - 4. Win-E-Mac (3-5) at 1. Fisher-Climax (4-4).

■ Semifinal Saturday, Oct. 30 - 3. Norman County East (5-3) at 2. Norman County West (4-4) at Halstad.

■ Championship - Thursday, Nov. 4 - 3 p.m. Fargodome

Section 8 Nine-Man

■ Semifinals Saturday, Oct. 30 - 4. Tri-County (6-2) at 2. Kittson Central (6-1), 1:30 p.m.; 3. Argyle (6-3) at 1. Stephen (7-1), 7 p.m.

■ Championship game will be Thursday, Nov. 4, at 5:30 p.m. at the Fargodome.

Win-E-Mac is a 3-0 winner over RLCC

Regular season play ended Thursday for the Red Lake County Central volleyball team when the Mustangs lost a 15-3, 15-3, 15-3 match to state-ranked power Win-E-Mac in the Patriots' gym.

Red Lake County Central finished 8-16.

"Actually we played pretty well," said Red Lake County Central coach Nancy Bray. "We did end up playing defense all night, but the scores were a little deceiving. There were some pretty long volleys."

Post-season play starts Tuesday. A coaches seeding meeting was scheduled today (Saturday).

Middle School

Franklin Middle School posted a pair of 3-0 volleyball wins over Marshall County Central Tuesday, including a 15-5, 15-2, 15-13 eighth grade match and a 15-7, 15-1, 15-9 seventh grade contest.

The two Franklin teams close out their season today (Saturday), with the eighth graders playing in the East Grand Forks Invitational while the seventh graders take part in the Crookston invitational.

Lincoln volleyball

(Continued from Page 12)

East Grand Forks won the junior varsity match 15-6, 13-15, 15-4.

TRF Scoring

■ Last-touch points - Toni Chiodo 11, Maren Thorson 7, Kelly Skaim 6, Carrie Lawrence 4, Jamie Martell 2, Jenny Drury 1, Sarah Huschle 1, Carrie Rud 1.

■ Assists - Kelly Skaim 20, Toni Chiodo 2, Carrie Lawrence 2, Jenny Drury 1, Kendra Dimich 1.

■ Kills - Carrie Lawrence 7, Toni Chiodo 6, Kelly Skaim 5, Sarah Huschle 4, Jamie Martell 3, Maren Thorson 1.

■ Ace serves - Toni Chiodo 5, Kelly Skaim 3, Jamie Martell 1; Maren Thorson 1.

Swedish artists were guests at the home of Dr. Charles and Idella Samuelson following their recent concert at Trinity Lutheran church in Thief River Falls. The concert tour was sponsored in part by the Agassiz Swedish Heritage Society, Lyndon Johnson, Hallock, president. Lennart Rabes, a classical pianist, made his debut as conductor and pianist at the age of 12 in Stockholm, and Lennart Ogren, a baritone, has worked for many Swedish opera companies including the Royal Opera in Stockholm. Pictured are (left to right): Dr. Samuelson, Lennart Rabes, Lennart Ogren and Idella Samuelson.

Swedish duo performed at Trinity church Tues.

Swedish performers were guests at the home of Idella and Charles Samuelson following a concert at Trinity Lutheran church in Thief River Falls last Tuesday. Baritone Lennart Ogren and pianist Lennart Rabes performed works by Schumann, Brahms, Dvorak, Schubert, Liszt, and various Scandinavian composers, in English, German and Scandinavian.

After the performance, the artists were guests at a reception and were treated to home-baked Scandinavian delicacies. Approximately 100 people attended the performance, which was sponsored by the Agassiz Swedish Heritage Society and the Swedish government. Aid Association for Lutherans contributed matching funds. Dr. Samuelson is a member of the society and Evangeline Myhre, society member from Warren, was the program director for the concert tour.

Ogren and Rabes' U.S. concert tour began October 5 in Washington, DC. They performed at Elim Lutheran church in Moorhead Thursday and will conclude their tour this week in Syracuse, NY.

Lennart Ogren was educated at universities in Lulea and Uppsala, Sweden. He has studied organ, piano, violin and viola, but has concentrated on a career in singing, studying at the Operastudio 67 in Stockholm, as well as the Opera School in Gothenburg.

He has worked for many Swedish opera companies, including the Royal Opera in Stockholm, Norrlandsoperan in Umea and Stockholms Kammaropera and Sodra Teatern, both in Stockholm.

His opera repertoire includes standard roles in the lyrical-dramatical field and general repertoire includes oratios and "Lieder." As well as his native country, Sweden, he has presented concerts in the United States, Germany and Finland.

Ogren has been an instructor at the Swedish Language Camp in Bemidji and, after his Moorhead performance, plans to visit friends from there who live in Minneapolis. He said he enjoys coming to Minnesota because he finds the people friendly and welcoming. He admitted that he will, however, be glad to return to Sweden to join his family which includes his wife, six-year-old son and three-year-old daughter.

Lennart Rabes was born in Eskilstuna, Sweden, and made his debut as a conductor and pianist in Stockholm at the age of 12. In 1967, he was awarded the ARCM diploma in London, and in 1992 he received a Bachelor of Arts degree from Pacific Western University in Los Angeles.

His repertoire includes performances as pianist, accompanist, researcher, harpsichordist, organist, conductor, lecturer, editor, examiner and composer.

He has given concerts in Sweden, Germany, Austria, Switzerland, France, Italy and England and has made recordings in those countries. He was the first pianist to perform Liszt's "Todtentanz" before the fresco, "Trionfo della Morte," in Pisa, Italy.

Rabes is currently working at the Operastudio 67 in Stockholm, and is involved in research concerning Franz Liszt's connections to Scandinavia.

In 1972, he founded the International Liszt Centre in London and is musical director and editor of the magazine, "Liszt Saeculum." The goal of the International Liszt Centre is to spread knowledge about the life and works of Franz Liszt, as well as Liszt's circle of contemporaries and the century in which he lived and worked. The Centre also arranges lectures and concerts.

"Liszt Saeculum" is a scholarly magazine published in English and German twice yearly. It contains rare material, unpublished letters, facsimiles, news, articles and reviews of books, music and records, along with news from other Liszt societies around the world.

If you are interested in becoming a member of the International Liszt Centre, write Synalsvagen 5, S-161 49 Bromma, Sweden.

Dr. Samuelson stated that the Agassiz Swedish Heritage Society will sponsor another concert, "Santa Lucia," in Oslo before the holidays. If you would like more information on the production or on the Agassiz Swedish Heritage Society, contact Evangeline Myhre, Warren, MN 56762.

Appointment needed to file unemployment

Effective November 1, appointments will be necessary to file unemployment insurance claims through the Thief River Falls and Roseau Jobs and Training office.

A touch-tone phone is necessary to access the following by calling 681-8785 between 7 a.m. and 5 p.m., Monday through Friday:

(1) Make an appointment to file an unemployment claim;
(2) Obtain claim status and payment information;
(3) Obtain information about office hours and locations;
(4) Obtain information about the unemployment insurance program;
(5) obtain information about Job Service programs; or
(6) Keep your Job Service application active for 60 days.

The Minnesota Department of Jobs and Training office is located at 318 Knight Avenue North in Thief River Falls and at 300 Sixth Street SW in Roseau.

Crops update scheduled on November 3

Pennington county extension service will conduct a crops update meeting Wednesday, November 3, at 1:30 p.m. in the commissioners' room at the county courthouse in Thief River Falls.

Ray Thompson and Curt Nyegaard, Marshall and Kittson county ag educators, respectively, will discuss this fall's harvest problems with scab disease and tillage and how best to avoid or deal with some of these problems for the 1994 crop.

Dale Carter, Roseau county ag educator, will discuss feeding damaged grain and moldy or low quality hay to different types of livestock, tolerable levels of vomitoxin in rations for hogs and cattle, potential problems with molds in hay or feed and how best to work with these lower quality materials.

Howard Person, Pennington county ag educator, will provide a short outlook discussion on current grain and livestock prices with some projections for possible price movement in the next six months.

The meeting is open to the general public and all interested persons are invited to attend.

BEAT DIESEL FUEL SYSTEM WEAR AND CLOGGING WITH STANADYNE'S PERFORMANCE FORMULA
Since October 1, 1993, the government has required reduced levels of sulfur in highway diesel fuels. However, the process reduces lubricity which may accelerate wear in fuel system components and increase formation of varnishes and gums which can plug filters.
Performance Formula additive puts back lubricants lost in low sulfur processing and can help your diesel run clean, strong and long – in every kind of weather. STANADYNE Diesel Systems

Seamless Aluminum Guttering Heating, Air Conditioning
378-4641 378-4585
Our Seamless gutters are manufactured from .032 gauge pre-painted aluminum; the heaviest gauge used in the industry. If your home is 20 feet or 200 feet in length our seamless gutter is made in one continuous length, eliminating any joints or seams in the middle. Inquire before you purchase "Seamless Gutter" about the thickness of the material used and be certain that it is made in one continuous length.
- Seamless gutter is formed, cut and installed on site by a two-man crew...saving on labor cost. Freight charges are eliminated. Waste is almost unheard of due to gutter being measured and cut on site to exact lengths. No need to store left over odds and ends that get damaged before they can be used. Most jobs can be completed the same day. Call us for complete information and free estimates of your job at no obligation to you.

FmHA FARMERS HOME ADMINISTRATION — Farm for Sale

The Farmers Home Administration (FmHA) will be accepting sealed bids on approximately one hundred fifty-eight (158) acres located in the Northeast Quarter (NE1/4) of Section 18, Township 153 North-Range 40 West, Pennington County.

Property has 104 acres enrolled in the Conservation Reserve Program with an annual payment of $4,530.00. Contract continues through 1996 with three annual payments remaining.

TERMS OF THE SALE ARE CASH ONLY. No financing is provided.

All bids must be submitted on Form FmHA 1955-46 (available at any FmHA office). All bids must be accompanied by a deposit of 10% in the form of a cashier's check, certified check or money order. All bids must be submitted in a sealed envelope and marked as follows:

"SEALED BID OFFER" (27-057-00019).

This sale is subject to rights offered the former owner under Minnesota Rights of First Refusal.

SALE is subject to conservation deed restrictions which will restrict the purchaser's use of the wetlands, floodplains, highly erodible land and other special areas of the property.

The purchaser will be required to comply with the conditions of a Soil Conservation Service Conservation plan.

Bids will be accepted until 2:00 p.m., Wednesday, November 17, 1993 at the Pennington County FmHA Office, P.O. Box 486, 1305 North Dale Street, Thief River Falls, Minnesota 56701. Phone 218-681-2843. Bidding information is available at the above office. Bid opening will be held Wednesday, November 17, 1993 at 3:00 p.m. at the Thief River Falls FmHA Office.

PROPERTY IS SOLD "AS IS"

FmHA IS AN EQUAL OPPORTUNITY LENDER

FmHA FARMERS HOME ADMINISTRATION — Farm for Sale

320 ACRE FARM includes 48' x 90' Morton pole shed, four 3,800 bushel metal grain bins and a 30' x 40' barn. Approximately 273 tillable acres.

PRICED TO SELL AT: $95,000.00

LEGAL DESCRIPTION: NE1/4 of section 8 and SE1/4 of Section 5 in Township 154 North - Range 40 West of the Fifth Principal Meridian in Marshall County.

APPLICATIONS, will be accepted on the farm property with priority given to applicants in the following order: 1) Socially disadvantaged beginning farmers or ranchers, 2) Beginning farmers or ranchers, 3) Socially disadvantaged operators of not larger than a family-size farm, 4) Operators of not larger than a family-size farm, 5) Operators of not larger than a family-size farms who are not in need of FmHA credit assistance on eligible rates and terms.

Socially Disadvantage applicants are members of a group of which has been subject to racial or ethic prejudice without regard to their individual qualities. Information on how to qualify as a beginning farmer and other loan eligibility criteria is available at the local FmHA office.

This sale is subject to rights offered the former owner under Minnesota Rights of First Refusal.

SALE is subject to conservation deed restrictions which will restrict the purchaser's use of the wetlands, floodplains, highly erodible land and other special areas of the property.

The purchaser will be required to comply with the conditions of a Soil Conservation Service conservation plan.

FINANCING AVAILABLE - Interest Rate - 7.25%, 40 year repayment term for qualified FmHA applicants. Rates and terms are subject to change without notice. Eligible applicants may be eligible for Limited Resource interest rates.

OFFERS MUST BE IN WRITING - on Form FmHA 1955-45 "Standard Sales Contract-Sale of Real Property by the United States," and be received by the close of business on WEDNESDAY, NOVEMBER 24, 1993, and must be accompanied by a complete application specific to the category for which the applicant is qualified. Offers received after WEDNESDAY, NOVEMBER 24, 1993, will be given consideration only if offers received before WEDNESDAY, NOVEMBER 24, 1993, are not accepted. The Government reserves the right to cancel the sale at any time, and the right to reject any or all bids. Any application for less than $95,000.00 will not be accepted.

FOR ADDITIONAL INFORMATION contact Farmers Home Administration, USDA at 1305 North Dale Street, Post Office Box 468, Thief River Falls, Minnesota 56701, Telephone No. 218-681-2843.

Congressman Peterson attacks Trade Adjustment Assistance Act

Congressman Collin Peterson attacked the failure of the Trade Adjustment Assistance Act program during a meeting of the Government Operations Subcommittee on Employment, Housing and Aviation recently. Following is the text of his address:

"On October 4, 1992, then-candidate Bill Clinton announced his support of a modified North American Free Trade Agreement (NAFTA) that would incorporate protections for American working people and their environment.

"The 'most glaring omission' in President Bush's North American Free Trade Agreement, Governor Clinton said, was 'its lack of meaningful assistance to vulnerable workers and communities.' Mr. Clinton promised he would fund 'real programs to deal with real problems. Trade adjustment assistance that includes training, health care benefits and income supports, and assistance to communities to create jobs.' He criticized the '11th hour' proposal of President Bush for retraining as 'too little, too late.'

"Now, just a year later, President Bush's annual $330 million NAFTA worker retraining program has been replaced by an anemic $90 million amendment to the Trade Adjustment Assistance Act (TAA) program. The 19-year-old TAA program was set up to retrain workers displaced by foreign imports. Its main advantage is that it provides the long-term income support needed for serious retraining. But as reports by both the Labor Department's inspector general and the General Accounting office have pointed out, and witnesses will repeat this morning, the program is a failure. It doesn't put workers into jobs with the potential to pay even 80 per cent of their old salaries. People who don't participate do just as well.

"This is not surprising, based on the I-G's report. TAA is a program without objectives, participant follow-up and performance measures. There is no data routinely kept to evaluate it. Because it was viewed primarily as an income support program, many participants never even entered job training programs. But those who did received few benefits. In its audit of 1,198 participants in nine states, the I-G found that only three out of every 10 participants found work that had the potential to pay 80 per cent of their former wages. Those who entered training programs did even worse. Only 24 per cent found training-related jobs with a suitable wage.

"In program year 1990, the Labor Department spent $150 million to retrain and support 38,500 displaced workers under TAA. That works out to $3,896 per participant for a program that everyone admits doesn't work. What does the Labor Department now propose? To throw $90 million more down the same rate hole — now called a 'bridge' program — to meet the January 1, 1994 NAFTA deadline.

"Labor does not mention in its NAFTA proposal how many workers it will assist. However, according to a study from the Institute of International Economics — which is often cited favorably by the U.S. Trade Representative and the International Trade Commission — 145,000 U.S. workers will be displaced by 1995 if NAFTA goes into effect in January. Many, including myself, believe this to be a highly conservative number. Under this scenario, this new, allegedly more 'meaningful' program for every worker who needs it allocates a puny $620.69 for each displaced worker! And only $310, or half, of that is for training. The other half is for income support, job search allowances, and relocation assistance.

"You have to be pretty cynical to try to sell this $620 program as 'full support and assistance' for displaced workers. What kind of job search assistance does an out-of-work, middle-aged American get for $310? And how long can he or she live on $310? These workers cannot expect any retraining to the health care and computer fields and other highly skilled areas where there might be worker demand. If human lives were not involved, I would call this a terrible joke.

"One of the few advantages to the TAA program is that it provides income support for those workers that require more than 26 weeks of training and therefore need extra help when their unemployment runs out. Trade-displaced workers are less likely than other displaced workers to get new jobs easily. In the GAO study, 21 per cent of the participants enrolled in training programs lasting 92 to 104 weeks. But the new program cannot support any more than a few weeks of training.

"Perhaps our witness from the Labor Department will say that all of the displaced workers will not need help. Perhaps he will say the workers will get earlier and more effective and cost-efficient help. I hope that is true. I don't read anything in his testimony to indicate that. But if each participating worker receives $3,896 as occurred under the old TAA, only 23,100 workers, or 16 per cent of the total, will receive assistance.

"The administration has proposed some changes in the modified TAA program. The certification process will be streamlined so that workers will receive eligibility decisions more quickly and can begin a job search or retraining. After 16 weeks, worker retraining is mandated so that the program does more than provide income support to its participants. But what will be done to make it meaningful training that leads to well-paying jobs? Two studies say the current job training has no positive effect. And where will the money come from?

"Labor has not proposed real changes to the TAA or provided the resources that would correct the programmatic errors listed in the I-G and GAO reports. As the GAO found in its study last year, workers displaced by trade effects are disproportionately female, older, less educated and harder to place than other displaced workers. Ninety-five per cent of them are in manufacturing. They are going to need help. Sadly, neither the exiting TAA program nor its hastily concocted amendment will provide that help."

Brent Glass elected vice president of state ass'n.

(Continued from Page 1)

excited and involved when he discovered what it was all about.

"It's about protecting student rights," he said. "It's about making college user-friendly for the students and being sure that they have a voice that will be heard in the decision-making process."

Some of the issues he will work on are: (1) The super merger of all the state community colleges, technical colleges and state universities. "We're against it until it can be proven to be better for the students than the present system." (2) The general area of student rights. "We think students should have the right to see what is in all of their files and we object to use of student activity fees for the general fund, as has happened at some schools." (3) Tuition. "That is always one of the top student concerns. The student's best financial aid is low tuition."

Brent will be second in command in the association to President Christine Williams of Lakewood Community College in Minneapolis and has some well-defined duties as vice president.

He is in charge of purchasing all of the supplies for the office, meeting with the student advisory council comprised of campus representatives, meeting with the state's Higher Education Board and Higher Education Coordinating Board, chairing the transfer curriculum committee and chairing the regional committees in all five regions.

It is also his responsibility to fill in for the president when she is unable to be present for certain functions and to replace the president if she should resign, be removed or otherwise unable or unavailable to serve.

"I've learned to get along without sleep," he said with no attempt at humor. "I know this is going to be the hardest I have ever worked in my life, but I am looking forward to it. I think it's a major challenge."

Brent plans to go on to Hamline University in St. Paul if at all possible and major in political science.

John Hardy of Chicago, IL, has moved up from vice president of the Northland Community College student senate to succeed Glass as president. The student senate will vote November 10 to elect a new vice president to serve for the remainder of this year.

Area school districts to hold elections November 2

(Continued from Page 1)

levy would actually reduce the tax bill to residents.

If approved, the levy would be reduced from $1,945,469 to $1,854,405.96. In this instance again, the levy would raise more funds, but generate even more funds from the state. The levy would raise $538,127, of which $102,604 would come from the local tax base. A total of $435,522 would be picked up by the state.

The following school districts that have approved or are voting to approve a referendum levy include Hallock-Humboldt, Kennedy, Lancaster, Badger, Greenbush, Grygla, Karlstad, Goodridge, Middle River, Stephen, Warren, Alvarado, Plummer, Newfolden, Oklee, Thief River Falls, Argyle and Warroad.

TRF city council adopts assessment rolls at meeting

(Continued from Page 1)

city auditorium handicapped accessible.

As part of the grant, cooperation between two local government agencies is necessary. Tuesday night, the council adopted a resolution of intent to enter into a joint powers agreement with Pennington county.

Thief River Falls city council and Pennington county board of commissioners have been working together on finding solutions to the problem of public buildings not being handicapped accessible. Recently, commissioners and councilmen looked at solutions offered by Michael J. Burns Architects, a Minneapolis firm. The company presented options that included a link between the two buildings, as well as solutions for each building separately.

The council also approved recommendations from the Planning commission. The planning commission recommended that the city adopt an ordinance to amend zoning regulations of the city code. The amendments include the adoption of shoreland management provisions and other amendments. A new zoning district map was also adopted as a part of this process.

During a hearing held on the subject the day before, the planning commission discussed a proposed amendment which would delete churches as conditional uses in the agricultural and general business districts. Churches would still be allowed as conditional uses in the residential and central business districts.

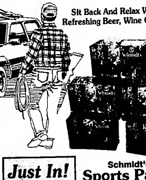
There were no persons in attendance at the hearing prior to the council meeting who were in opposition to the proposed amendments.

Don Stewart, community development director, informed the council that the selection committee will be in the process of interviewing consulting firms who have submitted statements of qualifications for the comprehensive plan and park plan.

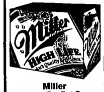
The council also approved a Board of Zoning Appeals recommendation to grant a variance that will allow Country Acres Apartments to construct two 24-foot by 96-foot, eight stall, garage buildings.

Actors invited to Roseau audition

Actor Paul Willcox and Roseau Library Friends invite men, women and children to come to the Roseau Public Library meeting room to audition for a Christmas play between 1 and 4 p.m. Saturday, Oct. 30 or Sunday, Oct. 31.



"The Best Christmas Ever," by Barbara Robinson, has been selected as the traditional "Christmas Treasures" program given annually in celebration of the December 7 anniversary of the Roseau Public Library.



A large cast is needed for the production, at least 17 children ages 7 to 13 (eight boys, nine girls and some extras), two men and six women.

Auditions will take five to 15 minutes each and those wishing to participate should be available for nightly (except Wednesdays and Sundays) November rehearsals and the Sunday, Dec. 5, production.

Sneaky trash dumpers

Warroad - It seems that people are sneaking into the city of Warroad at night and dumping their trash in the dumpsters of local businesses. Warroad Police Chief Lawrence Wright says the people who are doing the illegal dumping are not too bright and easily traceable because they are leaving paper materials containing their names in the trash. The city will be issuing citations for the illegal dumping and the fines will be as high as $700 for the misdemeanor.

Marshall county farm woman of the year

Middle River - Deb Olnquist(?) was chosen Marshall County Farm Woman of the Year. She and her husband, Morlyn(?), own a dairy farm north of Middle River and have 100 head of cattle. She will compete for Red River Valley Farm Woman of the Year Friday.

[illegible] from Marshall [illegible]

[illegible]

Middle River Accident

Middle River - Donn Haugen, 24, of Roseau was injured when the 1988 Ford Aerostar van he was driving left the road, struck an approach and rolled. The accident happened about [illegible] November 1 on Highway 32 one mile south of Middle River. Haugen had to be removed from the vehicle with the Jaws of Life and was transported to Northwest Medical Center in Thief River Falls and then to United Hospital in Grand Forks in serious condition.

Roseau school will have two cornerstones

Roseau - A time capsule from 1912 was found during the demolition of the old Roseau school building. Items contained in the capsule included several coins, a program from the dedication celebration of the school in July of 1912 and copies of two Roseau papers and a Grand Forks Herald. The original 1912 cornerstone with copies of its contents will be placed on one side of the new school entrance, and a new corner-stone and time capsule will be placed on the other side once the school building is finished.

Update

Mahnomen - The youth accused of shooting 12-year-old David Donnell to death in his home may be tried as an adult. Mahnomen County Attorney Gerald Paulson has filed a motion to refer the case from juvenile to adult court.

Special levies approved in area districts

Additional levies for area school districts were approved in referendums last Tuesday. Voters in Plummer School District 630, Greenbush School district 678, Roseau School District 682 and Warroad School District 690 approved additional levies.

Plummer School District 630 voters approved an additional levy that would raise $125,000. Cost to local taxpayers will be $67,700 with the remaining $57,300 coming from the state. Even though the referendum was approved, the amount taxpayers pay next year should be less than what they paid this year because a prior referendum expired. The levy approved Tuesday will remain in effect for four years.

Voters authorized a levy increase for four years in Greenbush School District 678. The levy is expected to raise $425,000 each year, of which taxpayers in the school district will pay about $134,000. The remainder will come to the district in state aid. The additional revenue will be used to finance school operations.

Voters authorized a levy increase in Roseau School District 682. The levy is expected to raise about $419,759 for each year it is in existence. Local taxpayers will pick up about $76,300 of the total increase. This levy replaces a levy that expired.

Warroad School district 682 residents authorized a levy increase that is expected to raise $538,127. Of the total, local taxpayers will pick up $102,604 and the rest will come from the state. With the approval of the levy, the local tax bill is expected to be reduced.

Voters in the school board election in Red Lake Falls School district 630 elected Brenda B. Alcorn and Charlene Myhre to two three-year terms on the school board.

In Thief River Falls, where four people were vying for two three-year terms on the school board, voters elected Jean Larson and Cheryl Lee. Please refer to the accompanying news story about this election.

Social studies classes elect Lee, Larson

Following viewing of videotape interviews with the candidates for School District 564 board of education, 178 members of the ninth grade social studies classes at Lincoln high school conducted a mock election Tuesday.

Results of the student vote were as follows: Cheryl Lee, 128; Jean Larson, 109; Curt Huot, 68; and Donna Myhrer, 25.

In the actual election, Larson and Lee were elected with 724 and 623 votes, respectively, while Huot received 596 and Myhrer 243.

RLF man gets injured in one vehicle accident

Sixty-one-year-old John Robert Arneson of Red Lake Falls was taken to Northwest Medical center following an accident Thursday evening south of St. Hilaire on Highway 32.

Minnesota State Patrol received a report of the accident at 5:03 p.m. November 4. According to the accident report, Arneson was driving a 1982 Oldsmobile south on Highway 32 when his vehicle went off the road and hit an approach. Arneson was taken to Northwest Medical Center with cuts to his face and possible neck and back injuries. There was minor damage to the car.

Robert Reeve Mayor

Don Barron Fourth Ward Alderman

Dave Carlson Second Ward Alderman

Ken Schmalz Alderman at Large

Four elected to city council

Voters in Thief River Falls elected a mayor and three councilmen to serve on the city council. The four candidates on the ballot ran unopposed. Three of the candidates were incumbents. John T. Anderson, alderman at large, did not file for re-election and was replaced by Ken Schmalz on the ballot.

Robert Reeve ran unopposed for a two-year term as Mayor. Reeve was elected to the position two years ago.

There were a total of 19 write-in votes cast for Mayor Tuesday. There didn't appear to be any organized write-in campaign as none of the write-in candidates received more than two or three votes. That also applied for other write-in candidates.

There were nine write-in candidate votes cast for Alderman at large, two for Fourth ward and one for Second ward.

Don Barron, David Carlson and Ken Schmalz, who were elected as unopposed candidates on the ballot were elected to four-year terms. Barron, who received 136 votes, will serve Fourth ward residents. Carlson, who received 139 votes, will serve Second ward residents. Schmalz, who was elected to serve as Alderman-at-Large, received 750 votes.

Results of the election were expected to be certified on Thursday.

Jean Larson

Cheryl Lee

Larson and Lee win local school board election

With 2,196 people going to the polls in the School District 564 election Tuesday, Jean Larson and Cheryl Lee were elected to the open three-year terms on the board. Incumbent board members Harry Sjulson and Maryel Anderson did not seek reelection.

When the newly elected board members take office in January, the board will have four male and three female members. Carry-over members of the board are Larry Belmont, Dennis Klesow, Carl Clark, Hank Hallstrom and Darla Twomey.

Jean Larson was the top vote-getter in the election with 724 votes as she carried seven of the 10 city precincts, tied with Lee in another, and led rural voters at Northrop school with 130 votes.

Lee carried two of the city precincts and finished second at Northrop, tallying a vote total of 623. Curt Huot carried St. Hilaire and was second in six of the city precincts to finish a close third with 596 votes, only 27 votes behind Lee. Donna Myhrer, the fourth candidate in the race for two open positions, received 243 votes.

Largest number of voters at any one polling place was 379 at Northrop elementary school, but that was the polling place for many rural townships including Cloverleaf, Kratka, Norden, North, Numedal, Rocksbury, Silverton and Smiley in Pennington county, New Solum, Excel, Agder, Grand Plain and East Valley in Marshall county.

There were 302 votes cast in precinct 5A, 260 in 5B, 214 in 4A and 204 in 1A. No other polling place had over 200 votes with the lowest total being 70 votes in precinct 1B, followed by 99 at St. Hilaire where the residents of the City of St. Hilaire and townships of Black River, Bray, Mayfield, Polk Centre, River Falls, Sanders and Wyandotte in Pennington county and Browns Creek, Gervais and River townships in Red Lake county voted.

Most schools slow in negotiations

by Marvin Lundin
Northern Watch Editor

With the exceptions of Goodridge and Warroad schools which have settled their teacher contracts for the next two years—and Grygla, which appears to be near settlement—most area school districts have made little progress in salary negotiations with their teachers for the two-year period covering the 1993-94 and 1994-95 school years.

Minnesota Education Association reported last week that only 23 settlements had been reported out of 382 contracts to be bargained for teachers in 398 school districts in the state. By MEA computation, salary settlements have averaged increases of 1.7 per cent for 1993-94 and 2.25 per cent for 1994-95.

The MEA computations usually do not include lane and step changes in existing schedules nor non-salary benefits such as extra-curricular pay or insurance benefits.

A "Northern Watch" survey of area school districts last week showed moderate, little or no movement toward negotiated settlement. Delay of state audit reports by nearly three months was a principal factor in the situation as districts have been unable to determine their fund balances or shortfalls. Several districts were also awaiting the results of special levy referendums which were held during the November 2 election.

In brief summary, the following is what information the "Northern Watch" obtained from school superintendents or other officials in area districts.

Thief River Falls—No negotiating sessions have been held during the summer or since school started this fall.

Goodridge—Contract for the 1993-1995 school years was approved in August for the nearly 20 FTE teachers in the Goodridge schools. The settlement calls for a 3.76 per cent increase in 1993-94 and 4.2 per cent in 1994-95, but Supt. Sal Hoffert points out that the increase will primarily go to "buying a longer work day." About 20 minutes will be added to the teacher work day each of the two years of the contract.

No change in health insurance compensation of $300 per month was made in 1993-94 but a $15 per month increase was granted in 1994-95. John Gallagher and Marlin Kotrba represented the board in the negotiations with Patti Johnson chairing the Goodridge Education Association committee which also included Curtis Kruger and David Dahlen.

Warroad—The school district settled its contract officially on October 11, according to Supt. John Reishus. A one per cent increase is given the first year of the two-year contract with the second year amount to be determined based on fund balance. The percentage listed does not include experience steps and lane changes in the existing contract.

Grygla—Negotiators have reached a general agreement with the school board to vote at its meeting November 18 and the faculty expected to meet and vote prior to that time, Supt. Sal Hoffert said.

Negotiators for the board are Richard Engelstad and Lee Sundberg and the for Grygla Education Association are Don Rindahl, Deb Haugen and Vern Johnson.

Attempted murder

Pine Bend - A Pine Bend man has been charged with attempted murder and second degree assault after he tried to shoot his girlfriend with a 12-gauge shotgun last week. Charles Hamlin of rural Mahnomen county has been charged in the incident. He also tried to shoot at an elderly neighbor who responded to the woman's call for help.

Gonvick couple host to Australian farmer

Gonvick - A Gonvick couple is playing host to a young farm trainee from Australia. Peter Carsaldina from Llaville, Queensville, Australia, has been staying with Owen and Corleoe Bartels at their farm home since March and will return to Australia later this month.

No tricks at the Hoscheid house – just treats

Baudette - The Baudette Rotary club named Wes Hoscheid "Official Halloween Ambassador" in 1991, because of Hoscheid's generosity toward the children who came to his door for trick and treating each year. For decades, Baudette children have grown up knowing that the Hoscheid house was the best place to go for Halloween treats, where they would be treated to cans of soda pop, large bars of candy and other plentiful, tasty treats.

KEEPING WATCH AROUND THE REGION
Sherry LaCoursiere

Label it a really good reason for sipping your bowl of soup

Hallock - Jonathan Headley needs a computer and he knows how to get it. Jonathan has cerebral palsy, has no control over his arms and legs and is in a wheelchair. Day-to-day functions are impos-sible for him to perform, but a computer would help him be more independent and to express himself easier. Jonathan can get his computer with 538,000 Campbell's soup labels. Mail your labels to Jonathan's mom, Rose Headley, Box 39, Humboldt, MN 56731. While you are at it, send Jonathan your greetings at the same time.

Didn't they get prizes?

Red Lake Falls - Emp-loyees at the Red Lake County courthouse dressed in their finest costumes to celebrate Halloween on Friday.

Something to be remembered

Ada - Fifteen-year-old Bobbi Lerud from Ada said she "flipped out" when Garth Brooks appeared in her hospital room at St. Luke's Meritcare in Fargo. Lerud has been a patient at the hospital since she was injured in a car accident in September. Brooks visited with the teenager for about 15 minutes and left her with gifts of t-shirts and a sweatshirt, a large poster, a calendar and a baseball cap. He also autographed several of the posters of him she had displayed in her room.

She went to meet the president

Roseau - Wanda Hedlund, a worker at the Polaris plant in Roseau, accompanied two of her bosses, Bob Wells, prod-uction manager and CEO Ken Larson, to the NAFTA Jobs and Products Day at the White House two weeks ago. Polaris Industries was one of many companies presenting exhibits at the rally in support of NAFTA.

MN Chemical Health Week Nov. 12 to 19

To heighten awareness of and reduce problems associated with alcohol, tobacco and other drug abuse costs, Minnesota Chemical Health Week will be observed state-wide November 12-19.

Focus of the week is to promote a commitment of ongoing prevention efforts in all segments of our communities. Among the promoters of the week in this area is the TAO (Tobacco, Alcohol, Drugs) project headquartered in Newfolden.

Kickoff to the week is MADD (Mothers Against Drunk Driving) Friday on November 12. The TAD project in Kittson, Marshall, Pennington, Red Lake and Roseau counties is encouraging all organizations and individuals in the area to observe Minnesota Chemical Health Week in some way.

Carol Borchert, administrator of the Quin County Community Health Services, said the special week represents the largest coordinated prevention effort in the state since the polio epidemic. Thousands of state and local agencies, schools and businesses will be involved. She added that the theme for the week is "Alcohol, Tobacco and Other Drug Abuse Costs..... Prevention Saves!"

Borchert said that goals for Minnesota Chemical Health Week include the following:

• To bring together community members who are interested in preventing alcohol, tobacco and other drug abuse;

• To create awareness of the widespread costs of alcohol, tobacco and other drug abuse and the benefits of prevention; and

• To encourage collaboration among diverse sectors of the community for this effort.

Observances include wearing red clothing or attaching red ribbons to vehicle antennas or other places to show support. November 18 is Minnesota O-Day (Don't Smoke Day) which is set aside for smokers to quit smoking for the day and perhaps kick the habit for good.

Negotiations slow in area school districts

(Continued from Page 1)

Warren—The school board and Warren/Alvarado Education Association have held one meeting, according to Supt. Gerald Dalzell. Board negotiators are Ed Rosendahl, Gary Rivard, Bob Ellerbusch and Phil Awes. Negotiating team for the WAEA includes John McDonald, Doug Sorenson, Dave Schroeder and Gladwin Lynne.

Tri-County (Karlstad)—Three meetings have been held with the first request having been presented by the Tri-County Education Association at the last meeting. Next meeting will be November 17 when the board is expected to make its counter offer, according to Dr. Dorothy Suomala, superintendent.

School board representatives doing the negotiating are Marlin Nelson as spokesman, Jim Sollund and Sandra Peterson with Judy Bogestad as alternate. TCEA negotiators are Gary Cook, Eric Heath and Jeff Westberg with Kenneth Loveness as alternate.

Marshall County Central (Newfolden)—Supt. Ron Paggen said that several meetings have been held between board and teacher negotiating teams but talks do not appear to be close to settlement. Mark Carlson heads the board's negotiating team with Mark Jorgenson chairing negotiations for the MCCEA.

Plummer—No talks are taking place in the Plummer school district where the superintendent is under suspension with pay while the board investigates allegations that he struck a student.

Red Lake Falls—Little has been done in the way of negotiating in the Red Lake Falls district as well, according to Supt. Russ Sethre. Board negotiators are Peter Stich, Brenda Alcorn and Dan Pladson and Judy Jurgens chairs the Red Lake Falls Education Association.

Greenbush/Middle River—Middle River and Greenbush school districts are operated by separate boards although they are "paired" so that all high school students attend classes at Greenbush. This places teachers on separate salary schedules in the same school building.

At a recent public meeting in the Middle River district, residents seemed positive about the pairing situation, according to Clayton Troskey of the Middle River school board. No meetings have been held with faculty at this point in Middle River. Tom Oullickson and Richard Filpula join Troskey on the board's negotiating team with Danny Jacobson chairing the MREA negotiating team.

Oklee—Three meetings had been held in the negotiating process at the Oklee schools with the fourth scheduled for November 3 when a salary exchange was to take place, according to Supt. Dale Solberg. Board negotiators are chaired by John Lerohl and the teachers' association by Todd Fore.

Roseau—Negotiations are underway with four meetings having been held, according to Supt. Herb Benz. Faculty is represented by Terry Taylor, Steve Adkins and Judd Fred Strom while the board team includes Joe Schneider, Theresa McDonnell and Duane Erickson.

CASH DONATIONS ARE ACCEPTED
The JCPenney store is sponsoring a food drive on Monday, November 8th, through Sat., November 13th.
We hope to make the season a little better for those less fortunate.
Our stores will become collection points for donations of canned goods and other non-perishable foods, which will be distributed by the local area food shelf.
These are non-profit organizations that dedicate their efforts toward the collection and equitable distribution of food to the needy. Bring a food donation to your nearest JCPenney store.
Donations must be commercially prepared, packaged and labeled, please.

SOUPCON

Sherry LeCouriere

Just in case you have a crew of jerky lovers, you might want to try this treat:

VENISON JERKY

2 pounds steak, cut to finger size (fat and sinew removed)
1/2 cup TenderQuick (or other complete cure salt)
1 1/2 cups water
2 teaspoons liquid smoke

Marinate meat in salt, water and smoke for six hours.

Remove and drain.

Place on cookie sheet and dry in oven for two to three hours at 250 degrees.

Spice with red or black pepper.

Now is the time to snuggle in front of the fire, if you have one, and watch movies with the family. Today we have some snacking treats for you.

The family will love to nibble on these treats:

RIB-TICKLER CARAMEL POPCORN BALLS

2 1/2 quarts warm popped corn
1 package (14 ounce) caramels, unwrapped
2 tablespoons water
1/4 cup light corn syrup
Candy corn or other candy pieces (optional)

Place popped corn in large bowl and keep warm. Melt caramels and water in top of double boiler. Add corn syrup and mix until smooth.

Slowly pour over popcorn, mixing well. Shape into balls after cooling mixture for five minutes. Moisten hands with water, if necessary. Insert candy corn or other candies into each popcorn ball, if desired. (Makes 8 medium balls.)

Microwave: Keep popcorn warm in large bowl. In large micro-safe bowl, combine caramels and water. Microwave on high for 2 1/2 to 3 1/2 minutes, stirring after each minute. Remove from microwave and stir in corn syrup until smooth. Slowly pour over popcorn, mixing until well coated, and continue as above.

These nutritions bars will make great snacks:

BANANA NUT BARS

1 1/2 cups flour
1 cup sugar
1/2 teaspoon soda
1/2 teaspoon salt
1 cup shortening
2 eggs
1 ripe banana, sliced
1/3 cup milk
1 tablespoon lemon juice
1/2 cup walnuts

Mix together and beat at medium speed for two minutes. Place in greased and floured 9x13 inch pan and bake at 350 degrees for 25-30 minutes. Cool and frost.

Frosting

2 tablespoons soft butter
1/4 teaspoon salt
2 cups powdered sugar
1 teaspoon vanilla
1/2 banana

Combine and beat until smooth. Thin with milk if necessary.

Cut these treats into small squares because they are very filling:

PEANUT CHEWS

Crust

1 1/2 cups flour
2/3 cup brown sugar
1/2 teaspoon baking powder
1/2 teaspoon salt
1/4 teaspoon soda
1/2 cup softened margarine
1 teaspoon vanilla
2 egg yolks
3 cups miniature marshmallows

Combine all ingredients except marshmallows. Mix until crumbly.

Press into ungreased 9x13 pan and bake at 350 degrees for 12-15 minutes, until golden. Sprinkle with marshmallows and return to oven to bake until marshmallows are puffy (1-2 minutes). Cool well.

Topping

2/3 cup corn syrup
1/4 cup margarine
2 teaspoons vanilla
12 ounce package peanut butter chips
2 cups crisp rice cereal
2 cups salted peanuts

In large saucepan, beat corn syrup, margarine, vanilla and chips until melted. Remove from heat and stir in cereal and nuts. Spoon over marshmallows and spread to cover. Chill and cut.

DEATHS

Alice Miller, 93

Red Lake Falls - Alice Miller died Tuesday at Hillcrest Nursing Home in Red Lake Falls at the age of 93. Mass of Christian Burial will be Tuesday, Nov. 8, at St. Joseph Catholic church in Red Lake Falls with Rev. Gary LaMoine officiating.

Visitation will be Sunday from 3 to 7:30 p.m. with a wake prayer service that evening at 7:30 p.m. at the Petterson Funeral Home in Red Lake Falls. Interment will be in St. Joseph Catholic cemetery in Red Lake Falls.

Joseph C. Asselin, 88

Oklee - Joseph C. Asselin, 88, died Monday at Northwest Medical Center in Thief River Falls. Mass of Christian Burial was held Friday, Nov. 5, at 10 a.m. at St. Francis Xavier Catholic church in Oklee. Interment was at St. Francis Xavier Catholic cemetery, rural Oklee, with the Petterson Funeral Home in charge of arrangements. A complete obituary will be published in Wednesday's edition of The Times.

Stephen agency wins award

Nelson Insurance Agency of Stephen has been honored by Farmers Mutual Hail Insurance Company of Iowa's Million Dollar Club for 1993 for "outstanding achievement in writing crop hail insurance."

Mike Douglas of the agency was presented the company's "Statesman" award as the number four producer of record-setting production in Minnesota.

LETTERS

To The Editor:

Although I've been wary in the past to pen another letter to you, I'm compelled to do so now in light of something that's been brought to my attention. Recently, while attending a meeting, I was told that the public schools will not be having a Christmas program any more. Instead, they will have one program at the end of the year.

I thought, at first, that this must be some ridiculous misunderstanding. After all, we're talking about the proverbial Grinch stealing part of our children's Christmas! Certainly the music teachers, school board or officials would never make such an important decision so lightly or so quietly. Yet upon further investigation it seems as through this is true. When teachers were asked whether or not there would be a program, most carefully replied, *"No. I don't think so."*

Still, it seemed incredible to me. What could be the reasons behind cancelling a memorable tradition that the children so look forward to?

Is it because of the many different faiths? This is hard to believe, since generally secular songs are used and program themes could easily be adapted from Christmas books.

Is it because it's "too much hassle" for music teachers to coordinate three separate programs? This is where the confusion begins. Isn't that their job? I realize that their job description also includes teaching music skills, but couldn't that be incorporated while teaching songs for the program?

Quite frankly, if the music teachers find it overwhelming to put on this year's Christmas program, perhaps they should look at it as a warm-up for the challenge that awaits them when the Challenger school opens.

Oh, but wait! Could cancelling the program this year be setting a convenient precedent so that the new school doesn't take the blame?

After all, during the bond referendum school officials swore up and down that the new school would not mean sacrificing the "human factor"—by this, meaning individuality and the traditional milestones that mean so much to children. The Christmas program was specifically discussed. Could this be their easy out?

The Christmas program is customarily one of the first times that children are provided an opportunity to perform with their friends for their parents and a large audience. It gives them a tremendous feeling of pride and spirit knowing that they are contributing their personal touch to the celebration of the wondrous season of Christmas. No one will contest that Christmas and children go hand in hand. The question is, will the school let it this year?

It was no mistake that the school calendar listed the Christmas programs as TBA.

My guess is that the cancellation will be announced sometime around the beginning of December, at which time any opposition would be futile, since there wouldn't be any time left to plan a program.

Parents, it's time to rally! If you don't want your child to miss out on their time in the spotlight and if you don't want to give up those precious photo moments this year or any other, please make your feelings known! Call, write, stomp your feet, but do it now! Because if this Grinch can steal Christmas, what will be next?

Sincerely,
Shelby Sorvig
St. Hilaire, Minnesota

Newfolden Education Fair will feature humorist

Marshall County Central schools will have an Education Fair in honor of American Education Week, November 18, from 4 to 8 p.m. at the Marshall County Central elementary and high schools in Newfolden.

The Education Fair will feature displays, demonstrations and booths by local artisans, community service groups and elementary and high school organizations.

A pancake and sausage supper will be held in the elementary school cafeteria from 4 to 6:30 p.m., sponsored by the high school Spanish club to raise funds for a trip to Mexico in June. Free will offering will be accepted.

Merrilyn Belgum, "Queen Mother of Comedy" and motivational humorist, will be featured speaker at a free presentation to the public at the high school gymnasium from 7 to 8 p.m.

Belgum has been a part of education for 41 years. Since her retirement from the University of Minnesota, she has pursued a successful career in entertainment and performed in "The Emerald City Comedy Hour" and "Friday Night Live at the Expo." She has also presented motivational workshops.

Following the free presentation for the public, Ms. Belgum will present a one hour workshop intended for professionals which will highlight the importance of humor in the work environment.

Teachers may receive a Continuing Education Certificate. Cost for the professional workshop is $5 and it is endorsed by the Marshall County Social Services and Northwest Medical Center. Professionals are encouraged to attend.

Relating Floodwaters To Problems For Schools

Writing in *"MFT Excellence"* magazine, teacher Dennis Finden points out how people have turned lowlands into shopping centers, housing developments and freeways, accumulating rainwater by gutters and storm sewers and sending it cascading downstream. Despite the warnings and efforts of conservationists and environmentalists, he said, the changes took place and devastating flooding resulted.

Similarly, he says, warnings about the dangers to our education system are being ignored and "our classrooms can hardly handle the social issues we send flooding into our schools....

"Statistics show that teachers do a better job today than ever, but the waters are rising faster than we can sandbag. The factors reshaping the classroom are complicated and many. And the questions they ask our society are big. But they are questions for all society to address. While teachers have a vested interest in these issues, we cannot address the issues of society alone."

The poverty rate for single parent families at 39.97 per cent is many times higher than for married couple families at 4.77 per cent. The rate for mothers under age 18 was 17.4 per cent in 1990 (when 4,372 Minnesota teens gave birth) and teen mothers are more likely to live in poverty and are more often less able to provide for the emotional and physical needs of their children.

Law enforcement agencies report that 8.6 per cent of the teen population ran away from home in 1990 and that 9,995 children in Minnesota were reported as runaways.

Married couple families dropped from 33.9 per cent in 1980 to 28.6 per cent in 1990. Three per cent of sixth grade students, 20 per cent of ninth grade students and 42 per cent of 12th grade students abuse alcohol or illegal drugs.

The percentage of abused children rose to 7.9 per cent in 1990 and 13 per cent of 12th grade students in 1990 attempted suicides. Kids watched television more than 40 hours a week in 1990. And while Minnesota continues to lead the nation in graduation rates, its dropout rate increased from 8.5 per cent in 1985 to 10.6 per cent in 1990.

All of which means that children with problems at home carry them with them to school and restrict their interest, enthusiasm and ability to learn. Teachers are faced with first getting through to children before they can begin to impart knowledge to them.

Finden points out that midwesterners are discovering that it is much more expensive to repair the damage once the dikes have been breached.

"In education, we have gone about as far as we can go 'on the cheap.' It is time for the critics to stop repeating platitudes and start passing the sandbags. (Gov. Arne) Carlson is right when he says it takes everyone in the village to educate a child. Today that means sharing the financial burden."

Congratulations To Jean Larson And Cheryl Lee

Percentage of women serving on the board of education for School District 564 will increase early in 1994 when newly-elected candidates Jean Larson and Cheryl Lee become members of the board. They will be succeeding one man and one woman board member on the present board.

Our congratulations to both ladies for their victory in the November 2 election and our best wishes for productive and fulfilling experiences on the school board. We are sure both will give conscientious service to the best of their abilities in behalf of the children of the district.

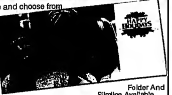
Once again the editorial prediction we made of election winners went substantially awry, proving that our unscientific analysis (a complicated procedure technically called "taking a guess") is seriously flawed. We had predicted wins for Cheryl Lee and Curt Huot. Lee was elected, but placed second in the balloting to Larson who had a comfortable lead with 724 votes. Lee polled 623, Huot 596 and Donna Myhrer 243.

There were 2,196 voters who went to the polls in the election—and we didn't even get that right. We had predicted 1,848 for a voter turnout—348 less than the actual number. It's good to see a respectable percentage of voters go to the polls. It would indicate that campaign efforts by the candidates were successful in getting citizens to go and cast their ballots.

Just one more note on our making election predictions as we have done for many years. They are merely an effort to guess what the electorate will do and a way to try and increase election interest. They are not endorsements. We don't presume to tell people how to vote. If, in some rare instance, we are sufficiently impressed by a candidate or candidates to endorse his, her or their election, we will plainly say so and tell why we believe as we do. Otherwise, the guesses are just in fun. We don't know how to make it any clearer than that.

Northern Watch Policies

Letters To The Editor: The staff of the Northern Watch encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in Northern Watch exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.



Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Eight accidents during short period of time

With the first heavy snowfall of the year came a number of car accidents. Between 2:41 a.m. and 10 a.m. November 4, eight traffic accidents were reported to the Law Enforcement Center in Thief River Falls.

Police Chief Ken Froschheiser reminds drivers to slow down on the slippery roads and wear seat belts.

Drivers should also take time to prepare and plan ahead for winter driving.

Lioness club at Goodridge hosts party

Children's Halloween party was hosted by the Goodridge Lioness club Sunday, October 31, from 2:30 to 4:30 p.m. at the Goodridge community center. Goodridge Jaycees co-sponsored the event and assisted with expenses.

There were 147 children from pre-school to sixth grade registered in attendance at the event. Door prize winners were as follows:

Pre-School—Brittney Forsberg, Jordan Anderson, Danielle Stenvik and Otto Rubischko;

Grades K-3—Jessica Linden, Andy Rindahl, Sarah Rubischko, Ross Rindahl and Jackie Stenvik;

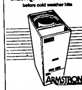
Grades 4-6—Adam Sjulstad, Ashley Tharaldson, Cody Halvorson and Katy Brandt.

Winners of the costume contest were as follows:

Pre-School—Emily Bakken (cow), funniest; Brady Bakken (Barney), cutest; Tami Cullen (Teddy Bear), most original; and Kasey Dahlen, (witch) scariest;

Grades K-3—Nolan Schuler (mummy), scariest; Aaron Swanson (clown), funniest; Ashley Stavnes (grape cluster), most original; and Beth Aandal (Princess), cutest;

Grades 4-6—Ayla Oonlin (old lady), cutest; Ashley Hammer (old man), funniest; Katy Brandt (waitress), most original; and Adam Sjulstad (two-faced monster), scariest.



Games were played by the youngsters and the lunch committee served hotdogs, pop and coffee.

Eighth grade choir students in honor choir

Eight eighth grade Franklin Middle school choral students auditioned, were selected, and performed in the 1993 University of Minnesota Duluth Middle School/Junior High Honor Choir on October 26 at a 4:45 p.m. concert at the Marshall Performing Arts Center auditorium. The eighth grade octet from Marcia M. Knuttila's eighth grade chorus participated in full rehearsals and sections during the day. The students included: Sopranos Kelly Almquist, and Beth Goddard, Altos Erica McGeary, and Jessica Krankkala, Tenors D. Paul Dehnert and Josh Hagen, and Basses Joe LaFriniere and Adam Nordin.

Mr. David Jorlett was the choral director for the Junior High Honor Choir. Jorlett is currently director of choral activities at Normandale College. Prior to coming to the Minneapolis area, Jorlett was on the faculty of the University of Michigan and has taught grades 6-12 in public school. As a specialist in the developing voice, Jorlett is in demand as a clinician and guest conductor throughout the United States, Australia, and New Zealand. He has conducted the Michigan All-State Honors Choir and the Minnesota ACDA Junior High Honors Choir.

The Middle School/Junior High Honor Choir performed the following five choral pieces: "Ahrirang," a Korean folk song arranged by DeCormier, "O Music, thou Most Lovely Art," by Jeep and Robinson, "O Clap Your Hands," by Rohlig, from Psalm 47:1, "Song for the Mira," by Allister MacGillivray and arranged by Sutart Calvert, and "I'm Gonna Walk on Home," by Robert DeWell, which featured Joe LaFriniere singing a bass solo.

Eight eighth grade students from Franklin Middle School in Thief River Falls were selected, and performed for the 1993 University of Minnesota Duluth Middle School/Junior High Honor Choir on October 26. The students selected to perform include: (front row, from left) Josh Hagen, Joe LaFriniere, Adam Nordin, and D. Paul Dehnert; (back row) Kelly Atmquist, Beth Goddard, Jessica Krankkala, and Erica McGeary.

Swanson on DFL task force

Joel Swanson of Thief River Falls has been named to the state DFL business task force by co-chairman Bill Lahr.

The task force was formed a year ago to provide a forum for the discussion of business concerns and problems in Minnesota and input to the DFL party on business issues. John James, former Minnesota Commissioner of Revenue, is co-chairman with Lahr.

Swanson is general manager of KTRF and KSNR radio, a past president of the Thief River Falls Chamber of Commerce and a member of Jobs Incorporated.

"Whether it is agriculture, education or business," he said, "it is vital that northwestern Minnesota be represented at every level. The opportunity to say my piece and to make sure that the business men and women of greater Minnesota have input into the process is something that I look forward to."

He said he welcomes calls from business men and women in the area who have questions, concerns or comments on the plight of business in the state.

Families-at-risk group to meet

Families-at-risk network monthly discussion group will meet Friday, November 12, at 8 a.m. in the meeting room of the Best Western Inn of Thief River Falls.

The network uses a round-table format of discussion to learn about area programs and agencies which affect families in need.

Discussion on reporting of child abuse will be led by Ken Yutrzenka, social work supervisor for Pennington county, and Ken Froschheiser, Thief River Falls police chief. All professionals who work with families at risk are invited to attend.

For more information contact Sue Dupree at the Northwest Area Learning Center, phone 681-8676.

Operation Round Up donates $6,800 to area organizations

Seven organizations and the people they serve are recipients of $6,800 in donations from Operation Round Up, a program funded by customers of Red Lake Electric Cooperative.

Under the program, customers of the rural electric cooperative voluntarily have their monthly electric bill "rounded up" to the next highest even dollar with the difference in amount channeled to a separate non-profit corporation which makes donations to charitable and community organizations.

"Participation in Operation Round Up has been fantastic with 84 per cent of our customers now participating," says Ron Kennedy, general manger of the cooperative and an ex-officio director of the trust fund.

"It is a pleasure having a part in the donations made to these worthwhile community projects and organizations. A little change can make a big difference."

At its meeting October 28, the board of directors of the Red Lake Electric Trust made the following donations totaling $6,800.

- Crookston Community Hospice—$1,500 to continue its service to the terminally ill and their families;
- Hillcrest Nursing Home Auxiliary in Red Lake Falls—$1,500 to assist in its fund-raising efforts to purchase a portable patient lift for use by Hillcrest residents;
- Oklee Ambulance Service—$1,000 toward the purchase of a new ambulance;
- Inter-County Nursing Service of Pennington and Red Lake counties—$1,000 to provide in-home care for a few people not covered by Medicare or insurance and unable to pay the cost themselves;
- Northwood Home of Red Lake Falls—$800 toward the purchase of a patient lift for the home which provides housing and care for six handicapped residents;
- Little Brother/Little Sister program in Thief River Falls—$500 to help fund the program for disadvantaged children;
- Keep Age Club of Red Lake Falls—$500 to help fund the senior meals and meals on wheels programs.

Red Lake Electric Trust board members are Mark Napiin and Bev Perreault of rural Red Lake Falls and Gene Nelson of rural Viking. Kennedy and Veral Mosbeck, chairman of the Red Lake Electric Cooperative board, are ex-officio members.

Next meeting of the trust will take place in March of 1994 when further donations will be determined. Community groups in the area are encouraged to make application for Operation Round Up funds for their various needs. Applications can be obtained at the Red Lake Electric Cooperative office in Red Lake Falls or by calling 253-2168 or 1-800-245-6068.

Offer crocheting course at Viking elementary school

School District 441 at Newfolden will offer a beginning crocheting class through its community education department at the Viking elementary school from 7 to 9:30 p.m. Tuesdays and Thursdays, beginning November 30 and ending December 14.

Ethel Olson will conduct the class for those who would like to learn to crochet and those who would like to learn more about this activity. Class size will be restricted to the first eight registrants.

Participants will need a Size H crochet hook, some four-ply knitting yarn, scissors, straight pins, a glue gun (if possible) and a plastic bag to carry the work home. The instructor will have a few needles for those who don't have them at the first class period.

To register, call 874-8805 and ask for Jean. Cost of registration is $10.

Weight Loss Puzzles Researcher!
WASHINGTON – A researcher at National Dietary Research was puzzled at how successful a natural food tablet had become in helping overweight people lose weight. Dr. William Morris was puzzled because the original chewable tablet formula was developed to help feed the world's undernourished people.
Some may say the weight loss is due to the natural plant colloids that Finnish scientists say interferes with the intestinal absorption of calories and Swedish scientists found to cause weight loss in spite of patients being instructed not to alter normal eating patterns. Others may say its the patented ingredient developed by the U.S. Department of Agriculture that burns the fat. But not all scientists agree with these theories so they must be considered speculation pending further study.
According to Dr. Morris, the improved formula's weight loss potential is no longer a mystery. The formula called Food Source II (FS-II) contains a powerful appetite blocker that decreases calorie absorption.
FS-II comes with a revolutionary diet plan that allows you to lose weight without giving up your favorite foods. With the FS-II Plan there are no forbidden foods and the special appetite control ingredient is one of the most effective available without a prescription.
Berkeley-Brown Labs has obtained exclusive distribution rights to FS-II. FS-II is available through pharmacies and other health care professionals.

If You're Considering Refractive Eye Surgery, Here Are Five Reasons Why You'll Want to Talk to Northwest Eye Centers:
1. EXPERIENCE
2. EXPERIENCE
3. EXPERIENCE
4. EXPERIENCE
5. EXPERIENCE
Setting the Standard for Refractive Surgery Excellence, Quality Eye Care, and Patient Safety. No other eye clinics in Northwestern Minnesota have more extensive clinical experience than Northwest Eye Centers. So it comes as no surprise that we're the preferred choice among families for: comprehensive eye care, quality optical services, and refractive eye surgery.

Richard L. Lindstrom, M.D.
Consultative Ophthalmology
Refractive & Laser Surgery
A World-Renowned Refractive Eye Surgeon in the North Country. Dr. Richard L. Lindstrom is widely regarded as a leader in corneal, cataract, refractive, and laser eye surgery. And now, we are able to offer Dr. Lindstrom's world class corneal and refractive surgery services to our patients.
Over 3,000 Refractive Surgeries Performed. Since 1980, Dr. Lindstrom has performed more refractive procedures to correct nearsightedness, farsightedness, and astigmatism in patients than anyone else in Minnesota. The 20 minute outpatient procedure can correct vision to 20/40 or better in 90% of the cases. It's virtually painless, and most patients return to work in a couple of days.
Committed to Achieving the Best Clinical Outcome for Our Patients. Dr. Lindstrom and our eye care specialists provide the full spectrum of diagnostic and refractive surgical procedures - not just the radial keratotomy procedure. So we're able to offer patients the best refractive surgical procedure based upon their needs and lifestyle and job limitations.
A Unique Association of Optometry and Ophthalmology, Serving Northwestern Minnesota. With offices throughout Northwestern Minnesota, we're able to provide for your total eye care needs. And, our offices accept Medicare assignment for most procedures. So, whether you're interested in a new pair of glasses or contact lenses, or learning more about refractive eye surgery, stop in one of our seven convenient eye care centers today.

"Richard Lindstrom, M.D., I used to take allergy medication for itchy, watery eyes — which made my contact lenses very uncomfortable and blurred my vision significantly. Now it's great not to have to hassle with contact lenses. When I awake in the morning, I am still amazed at being able to see clearly the moment I open my eyes. Thanks!"

TRF boys win cross country acadamic title

Class AA state academic championship honors were presented to the Thief River Falls boys high school cross country team Friday during a banquet on the eve of the 1993 state meet at St. Olaf College in Northfield.

The Prowlers, who were named Section 8AA academic champions earlier, were informed of their state honor Wednesday. Head coach Lynn Dyer took his team to the banquet, where they received individual medals and a banner that will be displayed at Lincoln High School.

The award is based on the accumulative spring grade point average of the seven runners who compete in the sectional meet. Just like scoring in a cross country meet, the top five GPA figures are used to determine the state academic champion, with the grade point average of the sixth and seventh runners used as tie-breakers.

Thief River Falls had a 3.95 GPA on a 4.0 scale.

Team members include seniors Jon Hendrickson and David Johnson; junior Dan Bjerknes and Nathan Anderson; sophomore Nick Dee; freshman Stefan Ronchetti; and eighth grader Brian Unbehaun.

Dyer serves as head coach for both the Thief River Falls boys and girls cross country teams. Clark Hendrickson is the assistant coach.

"It's a neat award," noted Dyer. "It's a real positive recognition for the student/athlete. It's a nice compliment to the kids, and their parents."

Thief River Falls girls were in contention for the Section 8AA academic honors with a 3.85 grade point average. The award went to St. Cloud Apollo with a 3.92.

Academic team awards are sponsored by the state coaches associations, through the cooperation of the Minnesota State High School League.

TRFAHA meeting is on Monday, Nov. 15

Thief River Falls Amateur Hockey Association general membership meeting will be held Monday, Nov. 15, at 7 p.m. in the Lincoln High School auditorium.

A pre-tournament get together for the 1993 Lincoln High School volleyball team Tuesday featured an old-fashion theme, prompting the Prowlers to search through grandma's belongings for proper attire. The group included, left to right, Sarah Koland, Kelly Skeim, Kendra Dimich, Maren Thorson, student manager Rachael Stueynski, Sarah Huschle, student manager Holly Stueynski, Toni Chiodo, and Keri Schommer; back row left to right, assistant coach Jodi Bendickson, Lise Odegaard, Carrie Rud, Jenny Drury, Carrie Lawrence, head coach Helen Anderson, Erika Jensen, Heather Holthusen, and Jamie Martell.

NCC takes on Rochester

■ MCCC state football playoff semifinals

Northland tackles top-ranked Rochester today (Saturday) in the opening round semifinals of the 1993 Minnesota Community College Conference state football playoffs.

The Pioneers and Yellowjackets will squad off at 1 p.m. at Mayo Field in Rochester. The winner will move on to the MCCC state championship game Saturday, Nov. 13, at St. Cloud State University.

Fergus Falls takes on Itasca at 1 p.m. in Grand Rapids in today's other semifinal game.

Rochester (8-0) and Fergus Falls (7-1) finished one-two in the MCCC Southern Division this fall. Itasca (5-3) and Northland (6-2) shared the Northern Division title, but the Vikings get the top seed from the north based on a 16-0 mid-season win over the Pioneers.

Northland's only other loss was a season-opening 21-0 nonconference setback at Fergus Falls.

The Pioneers own wins over Hibbing 34-20, Mesabi 25-6, Vermilion 23-7, University of Minnesota-Crookston 21-19, Brainerd 27-18, and the Mayville State junior varsity 6-0.

It's the most wins in school history, and the second post-season appearance ever for the Pioneers, who lost a first-round playoff game to Vermilion in 1986.

Northland will be underdog on the road, but the Pioneers are ready for the challenge, according to second-year head coach Gene Klinke.

"We're not satisfied with just being in the playoffs," said Klinke. "Rochester has a very good football team, but we have some good people, too. I think we match up pretty well."

Offense is the Yellowjackets' strong suit, explained Klinke, who watched as Rochester clobbered Normandale 60-36 in last week's regular season finale. "They've scored more points than Northland and Itasca, combined," said Klinke. "They like to put the ball in the air. They throw and throw, then throw some more."

The Rochester quarterback is 6-5, 210-pound Ryan Kelly, who passed for over 1,400 yards in the Yellowjackets' first six games. Joe Harlaw and Dan Drazen are the top receivers; Sherman Anderson is their No. 1 runner.

"They just try to out-score people," said Klinke. "They play some pretty good defense, too, but they really shine on offense. We don't want to get into a track meet with them. We want to play well defensively, and then try to get (quarterback) Jason Svir outside their defensive containment. I don't think they've seen anybody with Jason's quickness and speed this year. If we can get him outside, we can make things happen."

Svir, a Thief River Falls freshman, heads an offense that also includes center Dan Koehmstedt (Middle River); guards Kerry Larson (Alvarado) and Butch Olson (Middle River); tackles Darren Brein (Leonard) and Galen Brantley (Soldatna, Alaska); tight end Dan Nelson (Redwood Falls); slotback Lee Allson (Hillsboro, ND); wide receiver Maceo Butler (Valley, Nevada); fullback Sheldon Hinton (Edmonton, Alberta); and tailback Paul Mason (Jacksonville, Florida).

If the Pioneers elect to put the ball in the air, a passing offense would include receivers Trent Wahl (Badger) and Mike Swanson (Thief River Falls).

"We like to run the ball," acknowledged Klinke, "but I think Jason is as good a passer as any anybody else – we just don't throw that much, that's all."

Defensively the Pioneers go with Ray Reinhart (Warroad) at nose guard; Jeremy Rychlock (Grygla) and John Hardy (Chicago, Illinois) at tackles; Jayme Aure (Crookston) and Antonio Parker (Chicago) or Rick Ostby (Thief River Falls) at the ends; Rick Anteau (Toledo, Ohio) and Brendon Blaine (Goodridge) at linebacker; with Fredie Jenkins (Emerado, ND), Justin Lunsetter (Gatzke), Ryan Rislov (Badger), and Jay Cooper (Jacksonville, Florida) in the secondary.

Klinke is confident the Pioneers' defense will keep the high-powered Rochester offense in check. "I think we've got the best defensive talent in the league," he said.

High school volleyball tournaments...

Sub-sectional matches are winding down in 8A

Sub-sectional play will be completed today (Saturday) in Section 8A high school volleyball – at the University of Minnesota-Crookston and Northland Community College.

UMC is hosting the Section 8A Sub-Section 2 and 3 finals, while Northland handles Section 8A Sub-Section 4.

Section 8A high school volleyball tournament will be played Nov. 12-13 at the University of Minnesota-Crookston. First-round matches Friday will feature the Sub-Section 1 winner vs. Sub-Section 3 at 6:30 p.m. and the Sub-Section 2 champion vs. Sub-Section 4 at 8. Third place and championship matches will be played the following day at 6:30 and 8 p.m., respectively.

Section 8A Sub Section 4

■ Semifinals Friday, Nov. 5 - (at Northland Community College) Tri-County vs. Lake of the Woods, 6:30 p.m.; Marshall County Central vs. Roseau, 8 p.m.

■ Finals Saturday, Nov. 6 - third place match, 6:30 p.m.; championship match, 8 p.m.

Section 8A Sub-Section 3

■ Quarterfinals Tuesday, Nov. 2 - East Grand Forks def. Valley North 15-0, 15-7, 15-2; Warren-Alvarado def. Red Lake County Central 15-6, 15-4, 15-6, Red Lake Falls def. Crookston 15-3, 15-10, 15-3; Fisher-Climax def. East Grand Forks Sacred Heart 15-2, 15-3, 15-7.

■ Semifinals Thursday, Nov. 4 - East Grand Forks def. Warren-Alvarado 16-6, 15-2, 15-6; Fisher-Climax def. Red Lake Falls 13-15, 15-4, 15-11, 15-11.

■ Finals Saturday, Nov. 6 - (at University of Minnesota-Crookston) Warren-Alvarado vs. Red Lake Falls, third place, 6:30 p.m.; East Grand Forks vs. Fisher-Climax, championship, 7:45 p.m.

Section 8A Sub-Section 2

■ First round Tuesday, Nov. 2 - Mahnomen def. Circle of Life 15-4, 15-1, 15-6.

■ Quarterfinals Tuesday, Nov. 2 - Ada-Borup def. Fertile-Beltrami 15-6, 9-15, 15-6, 15-7; Fosston def. Mahnomen 15-0, 15-6, 15-0; Win-E-Mac def. Waubun 15-2, 15-2, 15-1; Norman County West def. Norman County East 15-2, 15-3, 15-12.

■ Semifinals Friday, Nov. 5 - (at Fertile – postponed from Thursday at Mahnomen), Fosston vs. Ada-Borup, 6:30 p.m.; Win-E-Mac vs. Norman County West, 8 p.m.

■ Finals Saturday, Nov. 6 - (at University of Minnesota-Crookston) third place, 1 p.m.; championship, 2:30 p.m.

Section 8A Sub-Section 1

■ Semifinals Thursday, Nov. 4 - Bagley def. Clearbrook-Gonvick-Trail 16-14, 15-14, 15-11; Cass Lake-Bena def. Laporte 15-2, 15-5, 15-6

■ Finals Friday, Nov. 5 - (at Bemidji State University) Clearbrook-Gonvick-Trail vs. Laporte, third place, 6:30 p.m.; Bagley vs. Cass Lake-Bena, championship, 8 p.m.

LHS swimming, volleyball teams affected by weather

Weather conditions Thursday prompted officials to call off a pair of high school athletic events scheduled to be held in Thief River Falls – a girls swimming meet vs. Crookston and a North Sub-Section 8AA volleyball tournament semifinal match against Moorhead.

The swim meet was cancelled and will not be rescheduled. The Prowlers will compete in the Section 8 swimming and diving championships Friday and Saturday, Nov. 12 and 13, at the University of North Dakota.

It was a one-day delay for the volleyball team, with the Prowlers and Spuds meeting Friday at 7 p.m. in the Lincoln High School gym.

North Sub-Section 8AA Volleyball

■ Semifinals Thursday, Nov. 4 Alexandria def. Fergus Falls 15-4, 15-0, 15-4.

■ Semifinals Friday, Nov. 5 - Moorhead at Thief River Falls, 7 p.m.

■ Championship Saturday, Nov. 6 - Thief River Falls or Moorhead at Alexandria, 7 p.m.

Agassiz open for deer hunting

Officials at Agassiz National Wildlife Refuge remind the public that the refuge is open to hunters during the 1993 firearms deer season Nov. 6-14.

Except for two closed areas around the headquarters and maintenance center, the entire refuge will be open to deer hunting. The closed areas are posted with signs and are clearly marked on refuge hunting leaflets.

Hunters are reminded that construction of, or hunting from, permanently constructed tree stands is illegal on the refuge. Portable stands are legal and can be placed at any height, but cannot be left overnight to pre-empt a hunting area.

Throughout the deer season, the refuge is open to hunters at 6 a.m. daily. Hunters must leave the refuge as soon as possible after sunset.

Deer hunting signs have been installed at six locations on the refuge showing open roads and listing refuge regulations. All other refuge roads, trails and dikes will be restricted to foot traffic, bicycles and non-motorized carrying devices for transporting deer.

The fall population is estimated at 3,300 deer within the 130 square miles of Zone 2 Area 203 consisting of Agassiz and the Elm Lake, Eckvoll and Mudloc Wildlife management areas.

Special recognition was given to these five girls Tuesday during the annual Lincoln High School tennis awards program. The group includes, left to right, Kamie Twomey, most valuable; Anne Padilla, hardest worker; Jami Dehnert, who served as the 1993 captain; Jami Fremstad, selected 1994 captain; and Kiki Goddard, most improved.

Tennis awards are presented

Kamie Twomey was named most valuable player as the Thief River Falls girls put the finishing touches on their 1993 high school tennis season with an awards get together Tuesday.

Anne Padilla was selected as the Prowlers' hardest worker and Kiki Goddard was voted most improved.

All three special award winners are sophomores.

Junior Jami Fremstad was named captain of the 1994 Prowlers, succeeding Jami Dehnert, the only senior on this year's squad.

Athletic letters went to Dehnert; Fremstad; sophomores Bobbi Dahlstrom, Shari Evenson, Lisa Ostby, Goddard, Padilla, and Twomey; along with freshmen Tiffany Brouse and Kelly Natvik.

Participation certificates were presented to sophomores Vicki Bitzegaio, Angie Gunstad, Miranda Johnson, Kate Nordin, Carisa Pederson, Becky Phillips, and Andrea Vigen; freshmen Pauline Cullen, Trisha Harbott, Kate Ihle, Heidi Johnson, Becky Kenner, Jackie Loppegaard, Erin Liden, Odette, Kyla Skiple, Laura Steiger, and Teresa Swanson; eighth graders Beth Goddard, Jessica Krankkala, Stephanie Leach, Dana Martell, Allison Rantanen, Jenna Tsukichi, and Eeva Young; seventh graders Ann Gustafson, Katie Harbott, Lesley Ihle, Toni LeMoine, Beth Nelson, and Bridgette Stock; plus sixth graders Deirdre Dally, Jenni Gonsorowski, Rachel Hahne, Jennifer Kimball, Kimberly Kirkeide, and Kara Skiple.

The Prowlers went 6-8 in dual meet competition this fall, while also participating in the Thief River Falls Sports Boosters Invitational, the Camp Lincoln Invitational near Brainerd, and the Northwest Tournament in East Grand Forks.

"With most of the kids returning, our program should be in pretty good shape next year," acknowledged Thief River Falls coach Jay Forney. "We won't be a young team next year. We'll have a lot of experience coming back. We'll have a lot of competition for spots on the varsity team."

The key, as usual, according to Forney, is how much tennis the girls play during the summer, leading to the start of the fall high school season. "The only way to get better, is to play a lot of tennis during the summer," he said. "If we do that, then we'll have a real competitive team next year."

- Sports Briefs -

Notes...

■ Dorrin Haagenson, a junior from Thief River Falls, was the No. 2 runner on the Concordia College men's cross country team at the 1993 MIAC meet in St. Paul. Haagenson ran a season-best 29:09 to finish 92nd overall.

■ Thief River Falls' Tim Bergland picked up an assist Tuesday for the Tampa Bay Lightning in an 8-2 National Hockey League loss to the Quebec Nordiques – his second point since being recalled recently from Atlanta in the International League.

Lakers beat EGF 39-12 in Section 8A football final

Detroit Lakes won its fourth straight Section 8A high school football title Thursday with a 39-12 title game win over East Grand Forks at the Fargodome.

Earlier in the day, a one-year state championship reign ended for Stephen in a 32-13 Section 8 Nine-Man championship game loss to Kittson Central.

Section 8A

■ Championship Thursday, Nov. 4 - Detroit Lakes 39, East Grand Forks 12.

Section 8B

■ Championship Friday, Nov. 5, 8 p.m. Fargodome – Agassiz Valley (7-3) vs. Dilworth-Glyndon-Felton (8-2).

Section 8C

■ Championship Friday, Nov. 5, 5:30 p.m. Fargodome – Mahnomen (9-1) vs. Red Lake Falls (10-0).

Section 6 Nine-Man

■ Championship Thursday, Nov. 4 – Norman County East 34, Fisher-Climax 20.

Section 8 Nine-Man

■ Championship Thursday, Nov. 4 – Kittson Central 32, Stephen 13.

BEAT DIESEL FUEL SYSTEM WEAR AND CLOGGING WITH STANADYNE'S PERFORMANCE FORMULA
Since October 1, 1993, the government has required reduced levels of sulfur in highway diesel fuels. However, the process reduces lubricity which may accelerate wear in fuel system components and increase formation of varnishes and gums which can plug filters.
Performance Formula additive puts back the lubricants lost in low sulfur processing and can help your diesel run clean, strong and long – in every kind of weather.

Scientist checks local wheat for extrusion uses

Creating and maintaining uniformity challenges the makers of cereals and snack foods and increasingly causes them to rely on extrusion technology—a one-step process that cooks and shapes food pieces simultaneously.

Aiding food companies in their search for consistency is Mrinal Bhattacharya, an agricultural engineering researcher with the University of Minnesota's agricultural experiment station.

One of Bhattacharya's projects involves testing Minnesota and North Dakota grown wheat to see if it is suitable for extrusion. Regional wheat producers would benefit if cereal and snack food makers can be convinced to use local wheat instead of buying it from other sources.

Bhattacharya is also testing the production of "plastics" made from various ratios of polymers and plant starches such as corn, wheat and rice. Blends using up to 80 per cent grain starch could be used for lightweight products such as cups and shampoo bottles. The starch/plastic product has a smooth satiny feel and is theoretically biodegradable.

Extruders, some large enough to process several thousand pounds of food per hour, were first used by the plastics industry. Ingredients are placed in the extruder, where they cook while being mixed by a single or twin-screw apparatus. The screw mechanisms also move the mixture along to the end of the extruder, where it is forced through holes and emerges in the shape of the little cereal or snack bits. The process can take as little as 20 seconds, Bhattacharya said, or much longer.

Bhattacharya's research tests the texture and viscosity characteristics of the mixture at different points in the extruding process. To do this, the extruder is vented in several spots, samples are analyzed, and the characteristics are plotted on a computer. Graphing these characteristics tells technologists when more moisture or other changes are needed.

"The computerized sampling technique may well replace the hit-and-miss method of a technician trying to correct the end product by the process of elimination," the researcher says.

Bhattacharya's research is funded by the university's agricultural experiment station, the Minnesota Corn Promotion and Research Council, U.S. Department of Agriculture, Northern Regional Agricultural Utilization Consortium and the Agriculture Utilization Research Institute.

May Corporation pays off loan

May Corporation of Grygla, manufacturer of wheeled recliners for the elderly and disabled, is the second company to pay off its NW Initiative Fund business loan.

The corporation was incorporated in 1986 and in 1990 the need to expand the manufacturing facility and increase the number of employees led the corporation to seek a business loan. The Initiative Fund, along with the American State Bank of Grygla, provided the funds to expand and increase the number of employees from seven to 18.

FmHA
FARMERS HOME ADMINISTRATION

Farm for Sale

The Farmers Home Administration (FmHA) will be accepting sealed bids on approximately one hundred fifty-eight (158) acres located in the Northeast Quarter (NE1/4) of Section 18, Township 153 North-Range 40 West, Pennington County.

Property has 104 acres enrolled in the Conservation Reserve Program with an annual payment of $4,530.00. Contract continues through 1996 with three annual payments remaining.

TERMS OF THE SALE ARE CASH ONLY. No financing is provided.

All bids must be submitted on Form FmHA 1955-46 (available at any FmHA office). All bids must be accompanied by a deposit of 10% in the form of a cashier's check, certified check or money order. All bids must be submitted in a sealed envelope and marked as follows:

"SEALED BID OFFER" (27-057-00018).

This sale is subject to rights offered the former owner under Minnesota Rights of First Refusal.

SALE is subject to conservation deed restrictions which will restrict the purchaser's use of the wetlands, floodplains, highly erodible land and other special areas of the property.

The purchaser will be required to comply with the conditions of a Soil Conservation Service Conservation plan.

Bids will be accepted until 2:00 p.m., Wednesday, November 17, 1993 at the Pennington County FmHA Office, P.O. Box 486, 1305 North Dale Street, Thief River Falls, Minnesota 56701. Phone 218-681-2843. Bidding information is available at the above office. Bid opening will be held Wednesday, November 17, 1993 at 3:00 p.m. at the Thief River Falls FmHA Office.

PROPERTY IS SOLD "AS IS"

TRF Snowmobile Beltline Trail System

Beltline trail for snowmobiles being proposed around TRF

Thief River Falls Public Safety committee will recommend approval to the city council of a Sno-Drifters' proposal to develop a snowmobile trail around and into the city of Thief River Falls.

Members of the Sno-Drifters, a local snowmobile club, have been working on the proposal for at least a year and a half. They have obtained easements across private property and raised funds and pledges from private citizens and merchants for signs and advertisements. With those steps taken, the club presented the proposal to the public safety committee. With the approval of the public safety committee, the club will present the proposal to the Thief River Falls city council. The club has already received the support for the proposal of the Pennington County board of commissioners.

Chief benefit of the trail system, which for lack of a better name, is being called the Beltline Snowmobile trail, is its intent to direct snowmobiles away from the public as much as possible.

Police Chief Ken Froschheiser said he is pleased with the proposal and feels it might help keep snowmobilers off private property and sidewalks.

Kevin Johnson, a member of the Sno-Drifters, explained that the trail system which has been mapped out, will be maintained by a trail groomer the club recently purchased. In addition, the club will mark the trails with signs and put up boxes with maps of the system.

Snowmobile enthusiasts will have to forget the trail system they have had to learn. Although there are some signed routes to and from the business district, most of the trail system is routed around the city and much of it is different from the old trail.

Most of the trail skirts the outline of the community, far from residential homes. Sections of the trail do come into the community. Other than on the river, snowmobile enthusiasts can reach businesses by following Highway 59 south but ends around K-Mart. They can also take an alley between Knight and Duluth to about Seventh street or following an alley between Main and LaBree to about Seventh street. As noted earlier, the trails will be groomed and signed. Snowmobile riders following alleys into the community are expected to stop at each intersection with a street.

The city snowmobile ordinance, which allows snowmobile traffic to and from the country only, will remain in effect, but there will be some changes. The speed limit under the ordinance is 15 miles per hour. Police Chief Froschheiser said it was very difficult to enforce and had someone challenged it in court, there was a high probability of it being defeated because the roads and trails were not signed. Under the new ordinance, the speed limit will be increased to 30 miles per hour, which has the backing of state law. Everyone knows, Froschheiser said that the speed limit inside the city is 30 miles per hour.

If the proposal is approved, the Sno-Drifters and snowmobile enthusiasts will probably be at their best behavior. Just in case there are a handful of people not following the ordinance or trails, Chief Froschheiser said he plans to assign an officer to monitor snowmobile traffic in the community. If need be, the officers won't be in squad cars but on snowmobiles. The Thief River Falls police department and Pennington county sheriff's department have snowmobiles.

High School choir to participate in Festival

Lincoln High School Concert Choir will be traveling to Grand Forks, ND, on November 8 to participate in the Annual Choral Festival. This festival includes choral groups from Grand Forks, East Grand Forks, Crookston and Thief River Falls.

Each choir participating in the festival prepares three selections of their choice to perform the evening of November 8 beginning at 7:30 p.m. at Central High School's auditorium in Grand Forks. The students will also be performing three mass choir selections that will be guest conducted by Lou Ann Dierkhising.

Students will prepare the three mass choir selections during rehearsals all day on November 8 at the school.

The Thief River Falls concert Choir will perform three selections they have been working on since September. The three pieces include: "Wade in the Water", a spiritual that has driving rhythms and an energetic piano accompaniment, which will be done by Missy Lampe; "Venite, Exultemus Domino", a Latin capella selection that shows off each section of the choir by incorporating difficult meter changes as well as very challenging ranges for all sections; and "Keep Your Lamps", a spiritual that focuses on tempo and dynamics as it paints a picture of the suffering within the spiritual text.

The choir and its director, Mrs. Darcy Reese, would like to see as many residents of Thief River Falls as possible to support the choir by being at the 7:30 p.m. concert. Reese said past participation by residents of Thief River Falls has been greatly appreciated.

Admission to the concert is $2 for adults and $1 for students.

Concert Choir members include the following: Laura Toren, Lori Golightly, Jennifer Duncan, Pat Biendara and Dana McGeary the in the soprano section; Keri Schommer, Sarah Harger, Sarah Williams, Kym McKercher, Dawn Gilbertson, and Betsy Bonkoski in the second soprano section; Jessica Hoffman, Kari Walseth, Mandy Johnson, Brenda Pals, Missy Lampe, Angie Olson, April Klinker, Danae Dekkers and Amy Christianson in the alto 1 section; Angelique Goulet, Kelly Skeim, Holly Stusynski, Sarah Huschle, Renee Schill, Becky Hanson, and Lena Adamopolous in the alto 2 section;

Also, Joby Looker, Dustin Eddleman, Bobby Feralts, Chris Tsukichi, Matt Kraemer and Andy Furuseth in the tenor 1 section; Chris Tveitbakk, Josh Melby, Ryan Belmont, Chad Hanson, Ryan Swanson, and Cole Furuseth in the tenor 2 section; Froston Treat, Jason Hoffard, Nathan Anderson, Sam Adams, Ben Schmitz, Jeff Issendorf, Keith Anderson, Nick Chiodo, Dan Spielman, Adam Fulton, Jason Cota, Chris Sorenson, Kaine Marteli, Steve Rambeck, Brian Minks and Josh Rose in the Baritone section; Les Oyster, Brian Howe, David Lee, Chad Kaushagen, Carlos Diaz, Ryan Dupree, James Jorgenson, Jason Olson, Carson Quesnell, and Robby Farbo in the Bass section.

No injuries reported in car and semi trailer accident

No injuries were reported in a car and semi accident near Fourtown early Friday morning.

Minnesota State Patrol received a report of an accident on Highway 89 near County road 44 at 2:21 a.m. November 5. According to the accident report, the accident happened when James Edward Lindsay, St.Paul, driving a 1993 Chevrolet Lumina and pulling a camper east on Highway 89, attempted a left turn onto County road 44. A white 1987 tractor trailer driven by Gary Allan Seydel of Badger, was attempting to pass Lindsay's vehicle when the vehicles scraped sides. The semi jackknifed in the ditch. There was extensive damage to the car but only minor damage to the semi. There were no injuries.

American Red Cross chapters to dissolve

by David Hill
Associate Editor

American Red Cross chapter in Thief River Falls, which was established in 1917, is expected to dissolve. The chapter in Warren has already elected to dissolve, as well.

Dr. Charles Samuelson, who has been the chairman of the local chapter for the last 15 to 20 years, said Wednesday that he was "kind of sorry to see it go." Samuelson said the organization has been more active in the past, but it has always "just been kept alive."

As the years passed, other organizations, churches and social services began picking up services they used to provide and the few members of the organization didn't want to compete or cause any problems, he said.

Winston Bateman, field service manager for the American Red Cross, was in Thief River Falls Wednesday. Bateman explained that as part of a reorganization process that began around 1988, more autonomy was granted by the national organization to state and local organizations. Chapters were then organized by state and re-charter kits sent to the chapters. Bateman said the re-charter kits contained instructions on how to handle the additional responsibility with increased autonomy and a list of requirements that must be met. Charters were then asked to decide, and act, on one of five options: state that they want to re-charter because they meet the re-charter requirements; state that they want to re-charter and will be able to eventually meet the requirements; state that they think they can meet the requirements to become a charter but need on-going support; state that they can meet the requirements by merging with another organization; state that they wish to dissolve.

The major functions of the American Red Cross is to provide disaster relief work and to provide emergency communications for the armed services. Those functions will be continued at a state level. American Red Cross also provides certification, educational materials, and training for swimming and first aid.

The swimming program in Thief River Falls is handled by Ryan Lokken and the first aid by Deb Jacobson. Records for the programs are kept at American Red Cross offices in St. Cloud.

Lokken said he didn't think he could offer Red Cross swimming alone without taking over all of the responsibilities of the local Red Cross chapter, which is too much for one person. He is aware of other swimming instructor training courses available through other organizations. Upon cursory review, he thinks participation in those organizations might even be cheaper.

Samuelson said that at one time they estimated that one out of five people in the county were touched

Keeping Watch Around the Region

Sherry LaCoursiere

The Christmas spirit will come right to the house, singing

Williams - For a $10 donation to the Lake of the Woods' band, Williams residents can have band members deliver songs and Christmas greetings to the doorstep of a special friend or relative during the pre-Christmas season.

Accident involving Erskine man

Erskine - A seven-year-old Wadena girl died in a three-vehicle accident Friday near Wadena. Rebekah Drake died when the vehicle in which she was riding was rear ended and forced into the path of a semi-tractor driven by Jim Shaver of Erskine. Shaver said he was unable to avoid hitting the Drake vehicle when it was pushed into the path of his semi. Rebekah's sister, Renee, 15, was held overnight for observation at the Wadena hospital, her mother, Linda, 45, was not injured, nor was the driver of the other vehicle involved in the accident, [illegible]uel Pugh, 18, of Staples.

Sinking teeth into their performances

[illegible] - The [illegible] high school drama department will present Bram Stoker's "Dracula" as its fall production this year. Performances will be at 8 p.m. November 18, 19 and 20. Admission is $3 for students and $4 for adults.

Learning local leadership

Warren, Fosston & Greenbush - Marion Halvorson of Warren, Pat Swenson of rural Fosston and Susan Anderson of Greenbush recently completed the Leadership Development program sponsored by the Northwest Minnesota Initiative Fund at the Vacationaire Resort in Park Rapids.

Donations purchase Jaws of Life

Mahnomen - The Mahnomen Fire Department should receive their new Jaws of Life any day. Funds to purchase the equipment were boosted by several area organizations and individuals.

Accident

Trail - Orville Peterson of Trail was involved in an accident in Crookston Tuesday when his 1986 Oldsmobile left the road and went into an adjacent field. Peterson was transported to Riverview hospital and was reported to have suffered and insulin reaction. The vehicle was totalled.

Cents into dollars for donations

Red Lake Falls - Operation Round Up donated $6,800 to charitable and community organizations at an October meeting. Operation round up is a program in which customers of Red Lake Electric Cooperative voluntarily round their electric bill up to the next dollar and pay a few extra cents. The cents raised are kept as a separate nonprofit account and donated in the area.

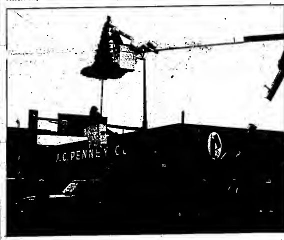
Crowds of people were standing outside Woolworth's store in Thief River Falls Thursday after it opened its doors at 9 a.m. for its going-out-of-business sale. This picture was taken at about 9:30 a.m. All but one of the stores in Minnesota are being closed.

Snowmobile trail plan assailed

Objections were raised at a city council meeting Tuesday to a proposed snowmobile trail through the city. Most of the objections were to the noise and the speed allowed for snowmobiles on the trail system in town. Because of the objections and a new proposal from the Sno-Drifters that would change the route slightly, the issue was referred back to the public safety committee.



At least a half dozen residents filed into the city council chambers to present their concerns before the council. Paul Tangquist presented a petition that listed signatures of more than 50 people opposing that part of the trail system that travels on alleys on either side of Main street through the north section of the community.

Some expressed concerns about the noise, but more seemed concerned about a proposed ordinance change that would allow snowmobiles to travel 30 miles per hour through the alleys.

As a separate adjunct to the proposed trail system, the proposal would change the speed limit from 15-miles per hour to 30-miles per hour. It was thought that since it is difficult to enforce the 15-mile per hour speed limit and since state law allows 30-mile per hour travel on streets (an alley is technically considered a street), it would be better to have a 30-mile per hour limit.

Most residents at the meeting objected to the speed limit. Many like Alecia Haviland were concerned for the safety of their family members and the snowmobile riders. "It's difficult at best to see anything coming down the alley if a tree is there or fence or any of those things at all. A snowmobile is built very low to the ground so it would be almost impossible to see a snowmobile coming down the alley and especially at 30-miles per hour," she said.

(Continued on Back Page)

City Utility department employees were busy last week putting up Christmas decorations around Thief River Falls. This large Christmas tree was in the process of being put up at the intersection of Third and Main in Thief River Falls.

Craft festival in TRF November 20

Exhibit and sales of craft items in at least five locations—plus a special promotion involving antiques—will make Thief River Falls an area craft capital Saturday, November 20. Most of the events will be open to the public from 9 a.m. to 4 p.m.

At the heart of the activity will be the 17th annual Holiday Fair craft festival in the city auditorium. This is the most long-standing of the craft fairs for the day, with other events being planned around the Holiday Fair date but at other locations.

Because of the limited space in the city auditorium and the number of craftspeople interested in showing and selling their creations, separate shows have been established at the Eagles hall, National Guard armory, VFW club rooms and the American Family Insurance building at First Street and Highway 59.

This year Diane Krepp of Depot Junction Antiques has arranged for about a dozen area dealers to sell antique furniture, records, crocks, tins, glassware, Christmas decorations and even jewelry made from antique items. The dealers will be located in the rear of the Depot Junction store on Third Street and Davis Avenue from 10 a.m. to 5:30 p.m. Saturday.

The 17th annual Holiday Fair in the auditorium will have nine Thief River Falls booths and 26 others from Minnesota and North Dakota. Hours will be from 9 a.m. to 4 p.m. with refreshments served downstairs all day. Profits from booth rentals will be donated to the Thief River Falls area food shelf and the Umbrella Tree, according to information provided by Deb Zak.

Sixth Annual Mid-November craft show at the Eagles hall will have 22 booths with exhibitors from Angle Inlet to Grafton, ND and Bloomington, IL. Lunch will be available throughout the day (9 a.m. to 4 p.m.) and items donated by craftsmen and business places will be available on a silent auction until 2 p.m.

Eagles Aerie 2368 is donating use of the building and all proceeds from booth rental, silent auction and lunch profits will be donated to the Violence Intervention Project, according to organizer Pauline Purath of rural Red Lake Falls.

Third Annual Country Style Bazaar at the National Guard Armory will have hours from 9 a.m. to 4 p.m. with more than 30 exhibitors from Minnesota and North Dakota.

UFOs, Cults and cattle mutilations — some true

Law enforcement officials investigating series of cattle mutilations in area

by Sherry LaCoursiere
Northern Watch Reporter

Strange lights in the night sky, unidentified flying objects, mysterious black-robed figures, plans to abduct a child, cattle mutilations, cults — all are rumors rampant in the area. The advent of Halloween seemed to bring about more spooky tales than ever this year, and they continue to abound.

A mid-October news release may have also helped to fuel the rumors. The release stated that the counties of Clearwater and Polk were investigating the unusual death of an adult bull north of Gully, that there had been similar incidents, and "anyone who has had livestock killed or disappear or had unusual or unexplained activity in their area" should contact the Clearwater or Polk County Sheriff's departments. They added that "All information received will be kept strictly confidential."

Shortly after the unusual news release about livestock, what should appear but strange lights in the sky. Strange lights were seen in the skies north of Thief River Falls, in Kittson county, and then reported in Red Lake County. Red Lake County Sheriff Al Morken confirmed that his office received a report that there was an airplane crash northwest of Red Lake Falls the night of October 30.

Red Lake and Pennington county patrols responded to the call, even going so far as to dispatch an ambulance from Northwest Medical center. When officers arrived at the scene, "They couldn't find anything," said Sheriff Morken.

The November 1 issue of the Grand Forks Herald reported pulsating green and white lights in the northern skies about 10:30 p.m. the night of October 30, that "may have been a Russian rocket crashing back to earth." They reported lights being seen in north central North Dakota and southern Manitoba.

The lights were described as a "continuous white trail with regular pulses of green sparkles," by a Surrey, ND, resident.

The Herald article went on to say that Major Bob Morris, public affairs officer at the U.S. Space Command in Colorado Springs, CO, said the sightings correlate to a rocket that was launched by the Commonwealth of Russian States on October 28. "What we know is that a piece of debris we were tracking is no longer in orbit."

Asked if he thought whatever was seen in Red Lake county was the same as that seen in other northern areas that evening, Sheriff Morken stated, "I don't have any information that it wasn't the same object. The people who saw it were south of Red Lake Falls and it may have appeared closer than it was."

"Something is not right here. Some of this is just not normal."

– Dr. Lylo Pennor
Northorn Veterinary Service, Thief River Falls

Sheriff Gerald Moe, Pennington County Sheriff, said he had heard some rumors about lights in the sky that night, but knew nothing about patrol cars and/or an ambulance being dispatched from Pennington county.

The Marshall County Sheriff's department heard about lights in the northern sky the night of October 30 from a school bus driver returning from a game in Mahnomen.

Two Kittson county sheriff's deputies also saw lights that night. Sheriff Ray Hunt said it was never established just what the lights were, whether they were a Russian space craft or not, but they were definitely seen in Kittson county.

Neither Polk county nor Clearwater county had any reports of unusual lights in the sky on October 30.

Rumors of the pending abduction of a blond, blue-eyed boy between the ages of two and six were never substantiated, according to Clearwater County Sheriff Denny Trandem. "We always get reports like this around Halloween, but they can't be ignored and we have an obligation to investigate all of them."

He urged parents to be aware of child kidnapping all of the time and not just when a rumor makes its way around. "Parents should always take precautions and warn their children about things like that."

Reports of livestock mutilations are not mere rumors, however. There is no doubt that actual cattle mutilations have been taking place in Clearwater and Polk counties.

Sheriff Tandem of Clearwater county has confirmed that there are two different farmers who reported cases of mutilation in Clearwater county and Sheriff Doug Qualley confirmed one case in Polk County.

Two animals were mutilated on one farmstead near Gonvick; one was killed and the other is still alive. Of the other two mutilations, one animal on a farm near Gully was killed and the other, from another farm in the Gonvick area, is

WATCH AROUND THE REGION
Sherry LaCoursiere

November 3 accident

Middle River - A Cavalier, ND, woman was killed in a car-semi collision on highway 81 south of Grand Forks November 3. A car driven by Jennifer Briese, 21, was attempting to pass another vehicle when the car struck an empty anhydrous tanker head-on. The tanker was driven by Kenneth Blazek of Middle River. He was not injured. The fuel tank on the semi was torn open in the accident and spilled about 100 gallons of diesel fuel on the highway.

Substantial amount of arresting officers

Warroad - Charges are pending against a 13-years-old juvenile in connection with a burglary at the Warroad Pioneer last Thursday. The youth fled the scene and hid in a building at Marvin Lumber company where he was apprehended by officers from the U.S. Border Patrol, Warroad Police department and the Roseau County Sheriff's department.

Surplus auction at GF Air Force Base

Grand Forks AFB - There will be a government surplus auction at the Grand Forks Air Force Base November 18, beginning at 9 a.m. in Building 309, base NCO club. A free catalog can be obtained by calling 701-747-3781.

Bagging that buck

Middle River - Thirteen-year-old Travis Pearson got his deer this year. He shot a 10-point, 195 pound (field dressed) buck with 22 1/2 inch antler spread while hunting near his home east of Middle River.

Served his country well in WW I

Roseau - Frank Novacek is being honored with a commemorative medal for his service in World War I. When the was was over, he marched with General Pershing in parades in Paris and in Washington, DC. Novacek is 98 years old and the only known WW I veteran in Roseau county.

Seeking information on great-grandparents

Badger - T. J. Madsen of Canada wants information on the Erik Anton and/or Katharina Mathilda Lofgren family. Her grandmother, Charlotte Lofgren, married William Reily of Badger in 1900 and Charlotte was one of 12 children born to Erik and Katharina. Madsen's address is Box 58, Procter B.C. V0G 1V0, Canada.

Contest Winners will go to Florida

Karlstad - The five members of the Everett Englund family of Karlstad will be taking a vacation in Florida worth around $5,000 this winter. They won a contest sponsored by the road bazard insurance company, AAA, and won a trip to a Busch Garden Theme Park of their choice in California, Texas, Florida, Virginia or Ohio.

RLF men injured in accidental fall

Red Lake Falls - Mike and Donovan Majeres, both of Red Lake Falls, are in serious condition at the North Memorial Medical Center in Robbinsdale after being injured in a construction fall at their brother's cabin near Hackensack on October 31.

Riegert named postmaster

Germaine Riegert has been appointed postmaster at Greenbush effective October 30 by Dakota District Customer Services manager Joleen Baxa.

Installation ceremony will be held Friday, November 19, at 1:30 p.m. when Patty Bedore, manager of post office operations for the district, will administer the oath of office in the post office lobby. The event is open to the public.

As postmaster, Riegert will be responsible for all customer service functions such as retail operations and delivery of mail in the city of Greenbush.

Class of 1964 plans reunion

Planning meeting for the 30-year reunion of the Lincoln high school graduating class of 1964 will be held Thursday, November 18, at 7 p.m. at the Evergreen Eating Emporium in Thief River Falls.

All members of that graduating class are welcome to attend the meeting and participate in the reunion planning.

Landfill near Hallock sets open house

Board of the Mar-Kit Landfill, which serves Marshall and Kittson counties, will hold an open house at its new landfill site on Monday, November 22, beginning at 1 p.m.

The landfill site is located five miles east of Hallock. Visitors are invited to have a bowl of chili and tour the new facility.

DEATHS

Elnora Williamson, 84

Newfolden - Elnora Williamson died Wednesday in Van Horn, TX, at the age of 84.

Funeral services for Elnora Williamson will be Monday, Nov. 15, at 2 p.m. at First Congregational church in Baudette.

Visitation will be at the Green Funeral Home in Thief River Falls Sunday from 1 to 9 p.m. and at the church in Baudette for one hour prior to the service.

Graveside services will be held Tuesday at 10 a.m. at Oak Grave cemetery in Newfolden. There will be a complete obituary in Wednesday's edition of The Times.

Hazel Hinrichs, 77

Duluth - Hazel G. Hinrichs, 77, of Duluth, died Saturday, Nov. 6. Funeral services were held in Duluth on November 8 and graveside services were held in Red Lake Falls on November 11. Hazel Hinrichs was born and raised in Red Lake county. There will be a complete obituary in Wednesday's edition of The Times.

Kenneth A. Olson, 76

Two Harbors - Funeral services were held at Bethlchem Lutheran church in Two Harbors for Kenneth A. Olson, 76, who died October 15 in the Minnesota Veteran's Home in Silver Bay. He was born and grew up in Grygla and survivors include a brother, Lyle, and sister, Eileen Thompson, both of Grygla. There will be a complete obituary in Wednesday's edition of The Times.

Maurice Malone, 69

Wadena - Funeral services were held Tuesday at St. Ann's Catholic church in Wadena for Maurice Richard Malone, age 69, who died Saturday, Nov. 6, at Tri County Hospital in Wadena. Maurice Malone is the father of Catherine Belmont of Thief River Falls. A complete obituary will be in Wednesday's edition of The Times.

Tommy O. Johnson, 42

Hallock - Tommy O. Johnson, 42, died at his home in Hallock on Tuesday of cancer. Funeral services for Tommy Johnson were held Friday at 11 a.m. at Grace Lutheran church in Hallock. A complete obituary will be published in Wednesday's edition of The times.

Embassy Center in Fosston hosts Reunion Day

Annual reunion of the Singles Christian Fellowship and the Ambassadors of Praise Gospel Singers and Orchestra will be held Sunday, November 21, at 3 p.m. at the Embassy Community Center in Fosston.

Current members of both groups are urged to contact past members and advise them of the reunion date and time. Program will include the viewing of a video, singalong, games (persons attending are encouraged to bring an assortment of small prizes), a short program with a ceremony memorializing members who have died, and a potluck supper at p.m.

The two groups assisted in fund raising for purchase of the Embassy building many years ago and the center's events are now attended by some 30,000 people each year.

LETTERS

To The Editor:

This letter concerns your September editorial about sunfish and the 73-year-old woman. I think it wan an excellent editorial and the first and last paragraphs were superb, succinct, and evidently from the responses, successful.

The responses by two remotely connected DNR people raised more questions and comments. Just a few are:

Lt. Schwartz does not want to risk an argument "with someone who buys their ink by the barrel." But, the next letter is from Greg Breining. Was he identified as a DNR journalist (managing editor of the *"Minnesota Volunteer"* published by the DNR and author of *"North Word Press, Inc.,"* of Minocqua, Wisconsin)? Thus, DNR is throwing against you several times the barrels of ink that the *"Northern Watch"* has.

The 73-year-old was not represented by an attorney. Therefore, was there a valid search warrant? Was there a valid arrest warrant? After the guilty plea, was there a one-sided presentation of hearsay and other inadmissible evidence to the judge for his consideration before sentencing? Was the defendant informed, before her guilty plea, and the judge after the plea, that the DNR would turn this into the 20th Century equivalent of the old Puritan public stock system by giving its version of the story wide circulation to the newspaper in an area far beyond that concerned with the local news for Ethel Lake/Girard Township?

Is it necessary to hold a senior citizen landowner up to widespread ridicule in a manner no more efficient than the Salem witch hunts? The DNR journalist has several times expressed admiration for the traveling medicine shows of professional anglers who are here today for the fishing contests and then gone tomorrow. They exploit the resource in a manner that depends upon public access and lacks the stewardship that is inherent in lakeshore ownership.

We used to have different daily limits and possession limits. We have "put and take" exploitation on some trout waters. We have "catch and release" for the benefit of the trophy hunters. Why do we not have a "catch and consume" exploitation which would permit the spreading of consumption over a reasonable period of time?

Respectfully,

Herman F. Wegner
Fargo, ND

To The Editor:

As president of Pine to Prairie Girl Scout Council, responsible for bringing the Girl Scout program to more than 5,700 girl members in eastern North Dakota and northwestern Minnesota, I am pleased to be able to clarify the Girl Scout position on religious matters.

At the Girl Scouts' national council session held recently in Minneapolis, an overwhelming vote by approximately 2,000 delegates kept the word "God" in the Girl Scout Promise and allowed individual members to substitute wording appropriate to their own spiritual beliefs for the word "God" if they chose to do so.

The Girl Scout Promise will remain exactly as it has been: *"On my honor, I will try: To serve God and my country, to help people at all times and to live by the Girl Scout Law."*

This action does not displace nor remove god from the Girl Scout Promise. It does recognize the increasingly diverse religious, cultural, racial and ethnic populations within Girl Scouting.

The motivating force in Girl Scouting is, and always has been, a spiritual one; however, Girl Scouts of the U.S.A. makes no attempt to interpret nor define the word "God" in the Girl Scout Promise. The belief in a spiritual principle is fundamental to Girl Scouting, but religious instruction is the responsibility of parents and religious leaders.

We in Pine to Prairie Girl Scout Council are proud to have passed this inclusionary measure. We want all girls, from all backgrounds, to feel welcome and comfortable in Girl Scouting. Our mission is to provide a program that will inspire all girls with the highest ideals of character, conduct, patriotism and service. We believe that allowing girls the flexibility to use their own terms for their spiritual force when making the Girl Scout Promise will enable us to continue reaching out to all girls, so that they all may benefit from Girl Scouting.

Sincerely,
Lorna Olson-Cooper, President
Pine to Prairie Girl Scout Council

Burglary at Oklee Cenex

Red Lake county sheriff's department is investigating a burglary at the Oklee Cenex C-Store in Oklee. Cigarettes and videos were taken. An estimate on the loss was not available Thursday morning. The forced entry, which was reported to the sheriff's department at 7 a.m. on November 11, is still under investigation.

NORTHERN WATCH

Opinions

Christmas Programs: A Public Concern... A Proper Response

Proper response by public school personnel and administration to a public concern over a traditional event was given Monday when School District 564 decided to continue its performance of the annual elementary school Christmas programs.

Concern that the programs would not be held this year was expressed in a public opinion letter in the *"Northern Watch"* Saturday and phones of school board members and administrators began ringing almost immediately. Callers were almost entirely in support of the programs and many offered their assistance as volunteers if that would help get the programs back on the calendar.

In view of the public interest and support, local school administrators conferred with the district's elementary music teachers and made what we consider to be a proper decision: Go ahead with the Christmas programs that the public seems to want and forget about the year-ending concerts which had been considered instead. It is to the credit of all that the decision was made quickly and announced publicly.

From our viewpoint, this situation represents the positives that can result from citizen interest in public education and response by the public schools to that interest. But it also illustrates, at least to some extent, that action can sometimes best be precipitated by turning directly to the public instead of attempting to realize results by "going through normal channels."

Had letter writer Shelby Sorvig chosen to go to school board members or administrators and attempt to convey her concerns alone, it is unlikely the results she hoped for would have been obtained with such immediacy. This is not to fault the board members, administrators, music teachers or any others involved; it is just that it takes the "system" time to operate when it is not under any particular duress.

Another thing the public reaction to the possible lack of Christmas programs has done is call attention to one phase of the outcome-based education that is being promoted throughout the state. As principal Glen Espe pointed out, the local district's commitment to outcomes education requires more instruction in the "academics" of music, thereby leaving less time for preparing for performances. While it doesn't seem the two should be mutually exclusive, we suppose it is easier to determine uniform standards and "test" for knowledge of academics than to subjectively grade performance.

The idea of a year-ending concert—actually an era-ending concert, as the separate elementary schools will close this spring—was a good one. But the choice of holding such concerts *instead* of the Christmas concerts was apparently the unpopular one. It's too bad there had to be an either/or situation, but we can understand the need to make curriculum decisions in advance of the school year.

We hope that school personnel will now feel guided in their decision-making rather than coerced and will put their best efforts into giving the district's parents and children enjoyable and memorable Christmas performances. And we hope parents and other relatives and friends of students will do their best to show support by assisting and attending.

We wondered if evening performances would be better attended, given the high percentage of single parent families or families with both parents working. But after-school elementary concerts risk having a number of students unable to participate because their parents can't or won't bring them back to school in the evening. That would probably deprive more students of an opportunity to participate than would be disappointed by inability of parents to attend afternoon programs.

What's Next For Gamblers? Waiting Room Bingo?

Did you read or hear the other day that Northwest Airlines has asked Congress to allow gambling on international flights so it can compete with two foreign carriers? Apparently Virgin Atlantic Airways, a British carrier, and Singapore Airlines are going to provide video poker, blackjack and other games on their flights.

"It's going to be a new arena of competition between airlines," general counsel Richard Hirst of Northwest told the Senate aviation subcommittee. "Games of chance, whether you like them or not, have become a very important part of our culture."

According to the proposal, the games would be added to an interactive video system already being installed on some Northwest planes. Passengers could activate the games with cards purchased at the gate or from flight attendants and, if they were winners, redeem their winnings on arrival at their destination. The video screens are controlled by an on-board computer.

Committee members showed little initial acceptance of the idea, although Congress recently approved the use of gambling devices on U.S. cruise ships. Kentucky Democrat Wendell Ford, who chairs the subcommittee, said there is a difference between cruise ships and aircraft. "It's not like a cruise ship....where you can jump over the rail if you lose too much," he quipped.

But the obsession with and proliferation of gambling of all sorts and in all areas is at least disturbing if not alarming. Bingo parlors, pulltab operations and casinos abound and video gaming in bars and other establishments is permissible in some states and gaining more support in Minnesota. There seems to be no end of the demand for gambling in sight.

Airlines now want a piece of the gambling pie and we wonder what is coming next. How about Bingo games in medical clinic waiting rooms or video poker in dentists' offices? Undoubtedly someone somewhere has a plan for that as well.

Northern Watch Policies

Letters To The Editor: The staff of the Northern Watch encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in Northern Watch exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

LETTERS

To The Editor:

Your citation of Pastor Dalzell's letter, published in your November 3 issue, parenthetically attributes language to Romans 1: 21-27 which is not an accurate translation of the Greek. The language is from the Living New Testament, a paraphrase of the New Testament copyrighted by the Tyndale House Foundation in 1967.

I am sure you can confirm this, as I did, by reference to the Living New Testament, which is readily available in several local congregations. This paraphrase, I have always assumed, is meant to convey the meaning and intent of the Testament in terms better understood by contemporary Americans.

I have no objection to such paraphrasing, which may or may not achieve the objective desired. If successful, it should have value.

I do believe it should be identified as from the Living New Testament (or "The Living Bible," if that is preferred.

Yours very truly,
John Longfellow
Thief River Falls

(Editor's Note: Rev. Dalzell's full letter did indeed list The Living Bible as reference. The letter was edited to reduce its length and that source reference was eliminated in the editing.)

Three charged with burglaries

Three area men have been charged with three counts of burglary in the third degree in connection with two burglaries in Pennington county a year ago.

Lenny Joe Reitmeier of Crookston, Chad Steven Miller of Crookston and Mark Brian Erickson of Karlstad have each been charged with three counts of burglary in the third degree. The three men are alleged to have been involved in burglaries reported at Vidcom Telephones, Town and Country, and Holtan Iron on November 18, 1992, and December 4, 1992. During those burglaries, tools, answering machines, batteries, cordless telephone, drills and cash valued at nearly $2,000 were taken. Miller and Erickson are alleged to have been involved in both burglaries. Reitmeier is alleged to have been involved in only one burglary.

The burglaries were solved when Polk county and Crookston authorities executed a search warrant in Polk county and recovered some of the items taken in the burglaries in Pennington county. On September 22, Pennington County Sheriff Gerald Moe went to Crookston to interview the men and take statements. Charges of burglary in the third degree were then filed against each of the men.

Jurisdictions involved in the investigation include Pennington county, Thief River Falls police department, Polk county, Crookston police, and Red Lake county.

24-hour road condition information

Minnesota Department of Transportation (MN/DOT) offers a 24-hour road condition information service for the winter season, according to Dave Dalager, maintenance superintendent for the Northwest District.

Motorists can call 1-800-542-0220 or 612-296-3076. TDD numbers are 1-800-657-3994 or 612-296-9930. These lines provide up-to-date road information for the entire state of Minnesota.

Local driving conditions in the Bemidji area are available by calling 755-3816 for a recorded message. In Crookston, motorists can call 281-5641.

Dalager reminds motorists to be on the lookout for snow plows with their flashing blue, yellow or white strobe lights. Accident studies by MN/DOT reveal that most accidents with snow plows occur when drivers are attempting to pass a plow or are following too closely.

The DOT's snow plow trucks are equipped with a 12-foot plow plus a nine-foot wing. Motorists are advised to pass snow plows cautiously and only when the entire snow plow and the full width of the plow wing are visible. Dalager asks motorists to drive according to road and weather conditions and "don't crowd the plow."

Police visits to local schools are increasing

Law enforcement officials in Thief River Falls have been called in to intervene in several incidents at local schools recently.

Thief River Falls Polico Chief Ken Froschheiser said he too has noticed that police are intervening more in matters traditionally handled by the schools internally. He said he needs to have a meeting with representatives of the school district.

As far as he is concerned, the courts should be the office of last resort for juveniles. He believes all the agencies are in place to handle the problems but they may lack coordination, which is why he is considering putting the juvenile officer (Sgt. Jim Haugen) back in the schools.

Superintendent of Schools Bob Duncan said he plans to meet with Chief Froschheiser next week to discuss the matter.

Police officers have been called to intervene in a number of incidents at local schools since the beginning of the school year. In the last week, officers have intervened in at least three incidents.

On November 5 police received reports of fights at Knox and Franklin Middle School. A 12-year-old and 14-year-old boy were charged for assaults in connection with the separate incidents. The 14-year-old was also cited for disorderly conduct.

On November 5 police received a report of an assault at Franklin Middle School. A 12-year-old boy was cited for assault in that incident.

Again on November 5, police received a report of an incident between two teenage girls that had happened on November 4. There doesn't appear to be any charges coming out of this incident.

Police Sgt. Jim Haugen, said the schools do have policies in place to handle discipline problems. A new computer system at the schools has been introduced that tracks discipline problema and when enough discipline problems occur certain actions are taken.

Sentence to Serve program

Pennington county commissioners approved participation of local law enforcement in a three-county sentence to serve program.

Pennington County Sentence to Serve Coordinator Scott Peters will supervise the Sentence to Serve (STS) programs in Pennington, Marshall and Kittson counties. STS is a program that involves prisoners working off their sentence. Although a good program because it benefits the community and offender, its ase in Marshall and Kittson counties has been limited due to a lack of available supervision.

Expenses for the program will be covered by the threo counties, the Minnesota Department of Corrections, and clients. Those expenses will cover salaries for Peters and a part-time crew leader, repairs, professional training, communication, travel and vehicle, supplies and equipment.

Social Security Rep in TRF Tues.

A representative of the Grand Forks Social Security office will be in Thief River Falls Tuesday, Nov. 16, from 9:30 a.m. to 2 p.m. at the Heritage center, 301 Fourth Street East.

Applications for benefits are not completed during the visit. All Social Security business exn be completed by telephone, call 1-800-772-1213, toll free. Thia is a national toll free number and does not ring in Grand Forks.

Quick breads or coffee cakes — make for great breakfasta, tasty coffee breaks and delicious snacks. All of today's recipea begin with frozen bread dough.

Substitute your favorite pie filling for the cherry in this simple coffee cake:

EASY CHERRY-FILLED COFFEE CAKE

1 (1 pound) loaf frozen bread dough
3/4 cup melted butter or margarine
1/2 cup sugar
1 (21 ounce) can cherry pie filling

Let frozen dough thaw. Grease an 8 or 9 inch round cake pan or tart pan.

Evenly divide loaf into 8 pieces. Roll each piece into a ball. Dip each in melted butter and then roll in sugar. Place balls, evenly spaced, in prepared pan.

Let rolis rise until doubled in size or until they fill up the pan. (May place in refrigerator to rise overnight, covered loosely with plastic wrap.)

With a spoon gently press down the center of each roll and fill with approximately 2 tablespoons pie filling.

Bake at 375 degrees for 12-15 minutes, until golden. Remove from oven and fill with more pie filling if it has cooked down. Cool and then drizzle with glaze.

Glaze
2 cups powdered sugar
1 teaspoon vanilla
2 tablespoons milk or water

This coffee cake will make the entire house smell delicious while it bakes:

ORANGE BUBBLE LOAF

1 1/2 loaves of frozen bread dough
6 tablespoons melted butter or margarine
1 1/2 cups sugar
2 teaspoons grated orange rind

Let frozen dough thaw. Divide whole loaf into 16 pieces and half loaf into 8 for a total of 24 pieces.

Shape each piece into a ball. Mix sugar and orange rind and dip each ball into the butter and then into the sugar/orange mixture.

Arrange balls in a greased bundt cake or tube pan. Let rise in warm place until dough rises to top of pan. (May place in refrigerator overnight, covering loosely with plastic wrap.)

Bake in preheated 350 degree oven for 40 minutes. If bread is browning too quickly, cover with foil. To test for doneness, gently tap loaf on top with tip of a knife. If it sounds hollow, it is done.

Remove bread from oven and invert on a large plate. Remove pan and allow to cool on plate.

SOUPCON

Sherry LaCoursiere

BLUEBERRY BREAKFAST BREAD

1 (1 pound) loaf frozen bread dough
8 ounces cream cheese
1/2 cup sugar
1 beaten egg
1 teaspoon vanilla
2 cups fresh or frozen blueberries
1 cup flour
1/2 cup sugar
1/2 cup butter or margarino

On lightly floured surface, roll thawed dough out to fit a 10x15 jelly roll pan.

Beat cream cheese and 1/2 cup sugar until light and fluffy. Beat in egg and vanilla and spread over bread dough. Sprinkle with blueberries.

Combine flour and 1/2 cup sugar in small bowl. Cut in margarine until crumbly. Sprinkle over blueberries.

Let rise in warm place for 30 minutes or until puffy. (May assemble the night before baking and let rise, covered with plastic wrop, in refrigerator.)

**The risen coffee cake is very fragile and will fall if bumped.

Bake in preheated 375 degree oven for 30 to 40 minutes or until golden. Remove from oven and drizzle with glaze, if desired.

Glaze
2 cups powdered sugar
1 tablespoon milk or cream
1 teaspoon vanilla

Agassiz Audubon plans events in Roseau area

Agassiz Audubon Society has scheduled three public events in the Roseau area on November 20.

At 2 p.m. on November 20, the first event, called "Hike the Trails of Hayes Lake State Pork", gets underway with Park Manager Dan Fisher at the contact station. At 5 p.m., a potluck supper will be held at the farm home of Bud and Betty Johnson, located two miles north of the Roseau County Fairgrounds. Call 463-2181 for directions and more information.

"The California Condor — Saving it from Extinction" is the topic of the 7:30 p.m. progrom. The program will be held at the Roseau Library meeting room. The presenter, Allison Leete, an ecology teacher at the University of Minnesota at Crookson, will use slides to help share information about the condor. She was recently the coordinator of wildlife behavior studies at the San Diego Zoo.

There are no charges for these Audubon programs. Donations will help defroy the costs of these programs. For more information, contact Gladwin Lynne at 745-4457, or Martha Michak at 681-2733, or Oretchen Mehmel at 783-6861, or Ceci Loch at 463-1895, or Betty or Bud Johnson at 463-2181.

Tri-County High School theater to perform Dracula

Tri-County high school's drama department in Karlstad has chosen as its fall production "Dracula", as dramatized from Bram Stoker's novel by Tim Kelly. Three performances are slated for the evenings of November 18, 19 and 20 with an 8 p.m. curtain. Admission for each performance has been set at $3 and $4 for students and adults, respectively.

Dracula is set in a dreary English seaport with the action taking place in the family sitting room of noted psychiatrist Dr. Quincy, whose private estate/sanatorium is devoted to the study of mental aberrations. The arrival of a sinister stranger from Transylvania has prompted curious glancea from the balcony of Quincy's study to the neighboring estate of Carfax castle, the property recently sold to the foreigner. In addition, a mysterious malady symptomatic of anemia has begun to plague various members and guests of the Quincy household. Utterly frustrated as to its cause, Dr. Quincy calls upon the expertise of a Professor Van Helsing, a specialist in rare maladies. His talents lead him to discover that the illness coincides with the arrival of Count Dracula, the new tenant of Corfax castle. Van Helsing concludes that all the facts reinforce his suspicions that Quincy's patients are indeed the victims of a vampire. All the forces of good must combine to work their destruction upon Dracula before he enslaves them all.

Cast in the title role is Cory Schouten, a junior who brings to the role a wide range of stage experience and the necessary depth and commitment to make the villain of the story come to life. Cast as Van Helsing is Corey Stusynski, a senior with limited experience, but the ability to play opposite the lead. A big surprise is the youth and inexperience of Steven Levenhagen, who has been cast in the largest role. Only an eighth grader and novice actor, Steven was very impressive during auditions, but has found the sheer length of the role challenging as is the work of ecting. Rounding out the cast are those with experience, but over-all there is a surprising amount of new-comers to the TCH drama department: Chris Britten as Grimm, Jenny Davis as Mrs. Fern, Dana Kasprowicz as Mrs. Westenra, Dustin Swanson as Arthur Holmwood, Sara Cummins as Mina, Erica Lefrooth as Flora, Tishara Oistad as Lucy Westenra, Kelly Blomquist as nurse Cassidy, Anthony Schouten as Renfield, Darlene Hallberg as Miss Anya, Shane Aanenson as Jonathan Harker, Christine Oistad as vampire wife number 1, Tara Sollund as vampire wife number 2, Heather Swanson as vampire wife number three.

Members of the crew include: Amber Stormo as the student director, Shane Aanenson as the stage manager, Melissa Wollin on lights, Christina Zarote on sound, Missy Waale on followspot 1, Andrex Johnson as followspot 2, Darlene Hallberg in charge of poster art. Elisabeth Spilde, Farrah Anderson and Kelly Gustafson as the special effects crew, and Shane Aanenson, Chris Britten, Amber Stormo, Shawn Aanenson, and Kelly Gustafson on set construction.

The production is directed and designed by Robert Gust with Kay Bostrom assisting.

Christmas Cash program offered

Interest-free loans until April 1, 1994, in amounts from $300 to $2,500 (based on eligibility) are being offered to the public in the second annual Thief River Falls Christmas Cash pmmotion.

Northem State Bank, Norwest Bank and First National Bank of Thief River Falls are participating in the progrom, arranging for the loans in the form of Christmas Cash —a type of script money in $5, $10, $20 and $50 denominations— which can be spent as cash in any of the Thief River Falls stores displaying the red "Christmas Cash Accepted Here" signs.

Availability of the Christmas Cash began November 1 and will continue to be available through December 17. It must be used to make purchases at the participating stores before December 24, 1993. There will be zero interest charged on the Christmas Cash until April 1, 1994.

In the first year of the program last year about $60,000 in the form of Christmas Cash was issued to participating shoppers, according to Bob Bergan, executive director of the Thief River Falls Chamber of Commerce.

FOOD LOVERS DIET
To introduce a new approach to dieting, free samples were given to 50 people. With The Omicron Diet, one man lost 14 pounds in 5 days and one woman lost 18 pounds in 10 days. The average weight loss was over a pound a day for women and over 2 pounds a day for men. The Omicron Diet is a revolutionary new concept for unbelievably fast weight loss developed and clinically proven by National Dietary Research of Washington, D.C. This significant breakthrough in metabolic weight control was made possible by the utilization of biological information over-looked by other diet programs. With a formulation of natural enzymes along with real food, you shed unwanted pounds extremely rapidly and safely. Now available:

W. Kronberger killed in train crash in Wash.

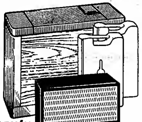
Wayne Kronberger, 40, a former resident of Thief River Falls where he attended high school and worked for the Soo Line Railroad, was killed early Thursday morning, November 11, in a train crash near Kelso, WA.

Kronberger was reportedly the engineer on one of two trains which collided head-on, resulting in at least five deaths. He lived at Bothell, WA, after moving from Thief River Falls about 13 years ago.

His sister, Deedee (Mrs. Lyle) Johnson, was informed of the accident about 7:30 a.m., about two hours after the accident happened. Wayne has a son Ryan, 23, and daughter Kelly, 21, who lived with him and two brothers also living in that area.

Wayne was the son of Matt and Lorraine Kronberger who now live in Bismarck, ND.

Mrs. Johnson said she expected funeral services will be held in Washington on Monday and left Thief River Falls for Washington on Thursday. A complete obituary will be published in a later issue of "The Times."



Charges pend against two juvenile boys

Two juvenile boys will be charged with theft following an investigation into the theft of a snowmobile.

On Tuesday night around 11:30 p.m. a police officer on routine patrol observed a shadow in the alley of the 500 block of North Knight. A snowmobile was found near the middle of the alley. The officer learned that it belonged to Lester Vigness who lives a half-block away. The officer was able to follow foot-prints which led from the snowmobile to a residence. The next day a juvenile boy was contacted and he allegedly admitted to taking the snowmobile. Charges of theft are pending against a 12-year-old and 14-year-old boy.

First concert in series impresses concert reviewer

by Diane Johnson

Look out Billy Ray Cyrus! Look out Wynonna! Here come the Bullas! As one of the many who attended Thief River Falls' first musical performance in its concert series in mid-October, I was taken into a musical extravaganza of foot stomping, hand clapping, "Doesn't it make you want to get up and do a jig?" fiddlin', guitar, mandolin strumming and picking and country singing. The minute they picked up their instruments and began to play one couldn't help but feel a part of the music. It put a smile on faces young and old, not to mention the "taps in their toes"!

We heard from 12-year-old Jenny Anne (hard to imagine as poised and professional as she was), who charmed and enchanted us with her smile and overall joy of fiddlin', pickin' and singing. We heard from 13-year-old Luke who quietly and humbly "wowed" the audience with his fiddlin' and singing abilities. Enjoyed by the audience as well was young Jed, who wrapped us around his little finger playing a selection very slowly and carefully, only to surprise us all by playing it again in double time with a wonderful flair of artistry for such young hands and heart. Backing up these talented young artists were their parents, Brad and Carol. Brad served in many capacities during the performance — singer, spokesperson, guitar/mandolin player and sound technician. Carol provided solid bass playing and often times serving as lead vocalist, as well. The vocal harmonies were beautifully clear and had a definite country and blue-grass flavor to them.

This performance touched the hearts of those who were in attendance, whether they were one-year old or 70. What a wonderful inspiration for our young children to see others their own age performing in such a grand flourish of music. What a wonderful inspiration it was for myself to see a family working and playing together to create an incredible talent-gift to share with others. Thank-you, Bullas!

Winter Storm Awareness week means taking precautions

November 14-20 will be observed as Winter Storm Awareness Week in Minnesota, according to a proclamation by Governor Arne Carlson.

"This is a time we set aside to ask Minnesotans to prepare themselves and their families for winter emergency conditions," states director Jim Franklin of the Division of Emergency Management. "A little preparation now will improve your chances of surviving under extreme winter conditions."

In support of the proclamation, the Division of Emergency Management and the National Weather Service offer the following reminder of basic safety rules to follow when severe weather threatens:

• Keep ahead of the winter storm by listening to the latest weather warnings.

• Check battery-powered equipment before the storm arrives. This includes flashlights, radios and alternative cooking sources.

• Check your supply of heating fuel. Fuel carriers may not be able to deliver during a major storm.

• Prevent fire hazards due to overheated coal, oil or wood burning stoves, fireplaces, heaters or furnaces.

• Stay indoors during storms and extremely cold weather. If you must go out, dress warmly and avoid overexertion.

• Don't "kill" yourself shoveling snow. Shoveling snow, particularly wet snow, places a heavy strain on your heart and is the cause of many heart attacks.

• Dress to fit the season. Loose-fitting, lightweight, warm clothing in several layers is recommended.

• Make sure to have your car "winterized" prior to the start of winter. Always check important fluid levels before any lengthy trips.

• Be prepared for the worst. Make and carry a winter survival kit in your car. Keep the kit in the car at all times. If you become stranded, stay with your car until help arrives.

People interested in obtaining more information on preparing for winter storms, winter home fire safety and how to prepare an emergency kit for their car can call the Division of Emergency Management at (612) 296-2233 or write to the Division of Emergency Management, Room B-5, State Capitol, St. Paul, MN 55155.

The Division of Emergency Management is a division of the Minnesota Department of Public Safety.

Seamless Aluminum Guttering
Heating Air Conditioning
378-4641 378-4585
Our Seamless gutters are manufactured from .032 gauge pre-painted aluminum, the heaviest gauge used in the industry. If your home is 20 feet or 200 feet in length our seamless gutter is made in one continuous length, eliminating any joints or seams in the middle. Inquire before you purchase "Seamless Gutter" about the thickness of the material used and be certain that it is made in one continuous length.
Seamless gutter is formed, cut and installed on site by a two-man crew... saving on labor cost. Freight charges are eliminated. Waste is almost unheard of due to gutter being measured and cut on site to exact lengths. No need to store left over odds and ends that get damaged before they can be used. Most jobs can be completed the same day. Call us for complete information and free estimates of your job at no obligation to you.

Winning squad in the season-long conditioning Super Teams competition were presented with trophies during the Thief River Falls cross country awards banquet. The squad, led by captain April Klinker, included, front row left to right, Jenny Nicholson, Lisa Swanson, Klinker, Jocelyn Helgeland, and Nicky Armstrong; back row left to right, Ryan Hendrickson, David Johnson, Brett Peterson, and Jordan Goldesberry.

Lisa Swanson, Jon Hendrickson named top runners...

Cross country awards presented

Jon Hendrickson and Lisa Swanson were named the most valuable runners Tuesday as Thief River Falls put the finishing touches on its 1993 high school cross country season with the Prowlers' annual awards banquet.

Hendrickson, a senior, led the list of awards going to the boys. Swanson, a sophomore, was the top award winner among the girls.

Rest of the boys awards went to junior Dan Bjerknes, most improved; senior David Johnson, Coaches Award; and eighth grader Brian Unbehaun, top junior high runner.

Other girls receiving awards included freshman Jocelyn Helgeland, most improved; senior Heather Thomton, Coaches Award; and sixth grader Emile Mugaas, top junior high runner.

Recognition also went to the winners of the Prowlers' season-long conditioning Super Teams competition – a squad captained by April Klinker. Her teammates included Jenny Nicholson, Nicky Armstrong, Ryan Henrickson, Brett Peterson, Jordan Goldesberry, Swanson, Helgeland, and Johnson.

And a special banquet salute was given to the Thief River Falls boys who made up the 1993 Minnesota Class AA state academic cross country championship squad.

Athletic letters went to seniors Derek Dahlstrom, Carly Dee, Lori DeLap, Ami Harbott, Holly Miller, Stef Swanson, Jon Hendrickson, Peterson, Armstrong, Klinker, Nicholson, and Thomton; juniors Nathan Anderson and Bjerknes; sophomores Nick Dee, Kyle Sanden, Leah Helgensel, Angela Klinker, and Swanson; freshmen Stefan Ronchetti, Angie Edlund, and Helgeland; along with Unbehaun, the eighth grader.

Participation certificates were presented to juniors Jessica Bugge and Nicole Torbiaa; sophomores Cory Grochowski and Lisa Risdal; freshmen Jason Curfman, Josh Engevik, Ryan Hendrickson, and Goldesberry; along with sixth graders Brady Anderson, Seth Harlow, Nathan Kenner, and Matthew Trontvet.

Jon Hendrickson, Bjerknes, Thomson, and April Klinker served as the Prowlers' captains this fall.

Head coach Lynn Dyer and assistant coach Clark Hendrickson made the award presentations.

Monday drills will start LHS winter sports

Monday, Nov. 15, will signal the start of the 1993-94 high school winter sports season state-wide as hockey and girls basketball teams open practice.

Wrestling and boys basketball practice will begin Monday, Nov. 22, while boys swimming begins preseason work Monday, Nov. 29.

Thief River Falls' winter sports coaching staff includes:

■ Hockey - head coach Olenn Chiodo; assistant coaches Bill Stock, Galen Nagle.

■ Girls basketball - head coach Sally Wiltse; assistant coach Howard Thorson; freshman coach Amy Roche; eighth grade coaches Robert Wayne, Kim Carlson; seventh grade coach Michelle Erickson.

■ Boys basketball - head coach Scott Brekke; assistant coaches Myron Peterson, Jeff Mumm; freshman coach Jeff Loe; eighth grade coach Tom Schafer; seventh grade coach Rob Almquist.

■ Wrestling - head coach John Anderson; assistant coach to be named later.

■ Boys swimming - head coach Ryan Lokken; assistant coach Dann Holm.

Bow hunting just prior to the Nov. 6 start of the 1993 firearms deer hunting season, Luke Noreen downed this prize 12-point buck Nov. 4 two miles south of Thief River Falls. (Submitted photo).

Deer decoy proves effective

Deer hunting season is one of the busiest times of the year for Minnesota's 180 conservation officers – when more than 400,000 hunters take to the woods and fields with firearms in hand. While the vast majority of rifle-season deer hunters are safe, responsible and law-abiding; there are others who, in pursuit of a whitetail, exceed the bounds of safety, common sense and the law.

"The problems center around hunting-related activities which occur at an inappropriate place or time," said Capt. Byron Dyrland, Northwest Regional Enforcement Supervisor for the Minnesota Department of Natural Resources. "This includes illegal trespass, shooting after legal hunting hours, shooting from within or across the right-of-way of a public road, and hunting in posted game-refuge areas."

One of the most effective tools the DNR has to combat these problems is the deer decoy – made from a life-size mount of an actual deer.

"Decoys are usually deployed in areas where we've had frequent complaints of trespass and poaching on private land," says Dyrland, "or incidents of road hunting adjacent to public land or game refuge areas."

With reflective material applied to their glass eyes, decoy deer are also used to apprehend deer shiners – poachers who hunt open fields in the dead of night with a spotlight and a gun.

"If what you're shooting at turns out to be a decoy," said Dyrland, "you have already proven your intent to violate other laws – such as trespassing on private property or shooting within the right of way of a public road. It's a matter of protecting public safety and private property rights, while providing fair opportunity to the licensed hunter."

Shooting at a game decoy, lawfully set out by a licensed peace officer, is a misdemeanor in Minnesota, punishable by a maximum fine of $700 and/or up to 90 days in jail. In most instances violators are caught in the act on video tape, and the tape is used as evidence in court. Conviction rates are better than 99 percent.

Shining deer while in possession of a firearm – with or without a decoy – is usually a gross misdemeanor, punishable by a maximum fine of $3,000 and up to one-year in jail. Equipment used in the commission of a gross misdemeanor – including the shiner's spotlight, weapon and motor vehicle – may also be seized at the time of arrest

BLACKJACK (21)
is not a guessing game!!
Most occasional gamblers are unaware of the tremendous amount of research that has been done to provide Blackjack players with a winning strategy. This research has been performed, with the aid of high-speed computers, by some of the best mathematical minds in the country. The end result is an identical set of rules which tell to the best way to play Blackjack hands.
Take this research, make it easy to understand and simple to use, and you have Blackjack's little black book and Instruction Manual. These two books show you everything you need to know to beat a Blackjack dealer without counting cards.
Find out what questions to ask a casino, how to bet and manage your money, when to hit, stand, double down, and split pairs and much, much more.
The little black book is pocket size, both covers are plain black, pages are coated for long life and contains multi-colored charts with all the information you need to be a winner!
Order yours today! Skip the expensive lose & learn process.
Send only $15.00 (plus $.97 sales tax for MN residents) for each set to: Investment Leasing Corp. – Strategy Research Dept. 25 West Cedar Street – P.O. Box 709 – Annandale MN 55302

Mrs. Delores Thompson of Thief River Falls recently joined in the presentation of a $7,500 check from the AT&T Family Care Development Fund to McIntosh Manor nursing home in McIntosh. Her husband Robert is a resident of the home and their daughter, Geraldine Bell of Denver, CO, an employee of AT&T, initiated the grant application. Accepting the check are Curt Jenson, administrator, and Carrie Welin (right), social services designee.

Hellerud named Karlstad postmaster

Dan Hellerud has been appointed postmaster for the city of Karlstad effective October 30, according to Joleen Baxa, Dakota District Customer Services Manager.

Installation ceremony will be Friday, November 19, at 3 p.m. in the lobby of the Karlstad post office. Patty Bedore, manager of post office operations for the Dakota district, will administer the oath of office. The ceremony will be open to the public.

Customer Services in Karlstad will report to the Dakota District which has replaced the former management sectional centers in Sioux Falls, SD and Bismarck and Fargo, ND.

Deer decoy used

(continued from Page 15)

and, upon conviction, may be legally confiscated and sold at public auction.

Decoy game animals have been used for many years in Minnesota and a majority of other states. Their legality has been tested and upheld in numerous court cases. Their use has found increasing favor among judges, legislators, sportsmens' groups, and the general public.

"It's similar to the actual poaching of wildlife resources," said Dyrland. "A decoy shooter's intent is to steal an opportunity away from the ethical hunter who plays by the rules.

"In attempting to take unfair advantage of their fellow sportsmen and women in the field," explained Dyrland, "they also perpetuate the 'trigger-happy slob hunter' stereotype in the minds of the non-hunting public.

"In doing so," concluded Dyrland, "they hurt both the image of the sport and reputation of the majority of hunters and gun owners in Minnesota who are responsible, law-abiding citizens."

Incidents of trespass or illegal use of firearms should be reported as soon as possible to your county sheriff's department or municipal law enforcement center. Cases involving the illegal taking of fish, game or nongame wildlife should be reported to your local DNR Conservation Officer or the Turn In Poachers (TIP Inc.) hot line at 1-800-652-9093.

Global Fair in Goodridge

American Education Week observance at the Goodridge public schools next week will include a Global Fair on Thursday, November 18.

Theme for the week is "Better Schools Shape Better Tomorrows."

In addition to student participation in the Global Fair, parents have been encouraged to sign up at the parent-teacher conferences held Thursday and Friday of this week. Arrangements have been made for about 40 area individuals and organizations to make presentations at the Global Fair. A full listing will be published in the Wednesday, November 17 issue of *"The Times."*

Education Week at Goodridge schools will begin Monday morning when the student council will host a "Continental Coffee" for staff members in the home economics room. This will also be the official start of the food drive to be conducted during the week to collect items for the Thief River Falls area food shelf.

Cooks in the school lunch program have planned menus for the week to emphasize the global theme. Monday will be Italiano Day, Tuesday is Oriental Day, Wednesday is Scandinavian Day, Thursday is American Day and Friday will be Mexican Day.

Tuesday and Friday will also be Dress Up Days with students, faculty and staff encouraged to wear ethnic and cultural costumes.

Wednesday has been designated as Extra Special Persons (ESP) Day when the Goodridge Education Association will host an 8 a.m. coffee time for bus drivers, cooks, custodians, aides, secretaries, administrators and school board members.

Coin, Antique show in TRF

27th annual Free International Coin/Antique, Sports Card show will be held Saturday and Sunday, November 20 and 21, at the Best Western Inn of Thief River Falls.

Show hours are 9 a.m. to 5 p.m. November 20 and 10 a.m. to 5 p.m. November 21. Twenty dealers will be on hand to buy, sell and trade items. The show is sponsored by the Thief River Falls Coin Club with Pat Klemisch (phone 681-1656) as chairman.

TRF Chamber plans Christmas decorating contest

Registrations for the Thief River Falls Christmas Decorating contest for businesses must be in by December 10. Judging of store windows and/or interiors will take place between December 13 and 14. Traveling awards will be presented for Best Christmas store window and Best Interior Christmas display.

For more information contact the Thief River Falls Chamber of Commerce at 681-3720.

FOR SALE RECREATION LAND

The Farmers Home administration (FmHA) will be accepting sealed bids on one hundred sixty (160) acres located in the Southeast Quarter (SE1/4) of Section 9 of Township 155 North-Range 40 West in Marshall County.

This property adjoins land owned by the State of Minnesota and is five miles from the Agassiz National Wildlife Refuge.

TERMS OF THE SALE ARE CASH ONLY.
No Financing Is Provided.

All bids must be submitted on Form FmHA 1955-46 (available at any FmHA office). All bids must be accompanied by a deposit of 10% in the form of a cashier's check, certified check or money order. All bids must be submitted in a sealed envelope and marked as follows:

"SEALED BID OFFER (27-057-00021)".

This sale is subject to rights offered the former owner under Minnesota Rights of First Refusal.

SALE is subject to conservation deed restrictions which will restrict the purchaser's use of the wetlands, floodplains, highly erodible land and other special areas of the property.

The purchaser will be required to comply with the conditions of a Soil Conservation Service conservation plan.

Bids will be accepted until 1:00 p.m., Friday, December 3, 1993 at the Pennington County FmHA Office, P.O. Box 486, 1305 North Dale Street, Thief River Falls, Minnesota 56701, Phone 218-681-2843. Bidding information is available at the above office. Bid opening will be held Friday, December 3, 1993 at 3:00 p.m. at the Thief River Falls FmHA Office.

Rumors of UFOs, Cults and cattle mutilations plague area

(Continued From Page 1)

still living.

The Times has obtained photographs of the bull killed in Cadyville.

The animal involved was killed around the end of September and reportedly was mutilated a day or two after death. There was no indication of what caused the animal's death, but it was found on a farm near Cadyville.

The owner assumed it had been struck by lightning and let it lie in swamp examination by his insurance adjustor.

When the adjustor returned to the animal, he found that the carcass had been mutilated.

Mutilations were as follows: one ear had been cut off; one eye cut out; tongue removed; nose and mouth skin and tissue removed from the upper jaw; and the left hind quarter and rectum had been cut away, and torn and cut removed with clean-edged circular cuts.

The animal was examined by a doctor from the Cooperative Veterinary Clinic of Keswick, but when contacted by The Times, a spokesman for the clinic refused to comment for the story.

Dr. Lyle Kennel of Northern Veterinary Service in Three Rivers also examined the photographs of the animal and said, "Surgery has not been done on this animal."

As for its cutthroat nature of the damage to predators, and said that predators usually first remove the soft tissue areas, such as eyes, nose and anus.

When he feared to be unusual, however, was the lack of blood loss and even signs of the cuts, the fact that tissue and skin had been completely removed from the face, and the removal of the tail.

The hair from Cheryl's dead calf is still living had an ear nearly cut off, and a large section of skin and tissue at each across his neck. The owner of the animal remembered seeing strange lights at night of the night before, but dismissed them as people hunting deer on deer in the area.

The animal on the Goodrich farm that is still living is a full-grown bull that was mutilated by cauterization. The other animal on that same farm that was killed was a bull calf. Both the penis and testicular reproductive organs were removed from the calf.

The woman at the farm said on the board "a commotion" in the yard at 2 or 3 a.m. that night, with the cattle bellowing and dogs barking, but she did not investigate because her husband was away.

The specific animal mutilations in Clearwater and Polk County appear to be of the type that could be call ritual, or, to be more precise, occult-related. Dr. Dory Graham of Bethel College in sociology defines the difference between ritual and occult. "Ritual revolves around a specific belief, where the occult involves application of some sort, such as satanism or witches."

Kevin Stacker, who teaches law enforcement at the Northland Community College in Thief River Falls, said could not believe that although he has not heard of any particular cults in the area, calls are very hidden and secretive. He said that occult-related activity has been common throughout the years and that it is not unique to this area.

He said the body parts are taken to be used in rituals where participants hope to receive some of the animal's power and strength. "Essentially, it is a form of magic. The cults want to have the energy from the body part they have taken."

Dr. John Hedgeland, NDSU professor, said that he has heard of so-called "cult" activity in the Clearwater county area, but "whether it is true or not, I don't know. There is talk around with words." The fact is that the cattle mutilation is done by people who seemingly regard body parts in a symbolic way.

The mutilations are symptomatic of things that are away areas in the U.S. and Canada. "It is a real mystery and the crime is that such a rare artifact that is being mutilated," Dr. Hedgeland said.

Officer Craig Mattson of the Thief River Falls police department has also taken a keen interest in the occult. He stated that the dismembered mutilated animals were used like the work of a cult.

He said the reason that it is difficult to determine how an animal died is because predators usually consume it in what they want. Proof is placed in the animal's mouth and hills the animal by going directly into the lungs, leaving no scars on the outside of the body. He said the only way to determine if there has been a kill is by an autopsy performed on the animal. If the animal's lungs do contain from, he said, it would possibly be a kill by killing. Another of the two dead animals was necropsied.

Mattson also stated that animal mutilations are not limited to what is occult "hobbies," and it is a good idea to keep track of the exact date of the mutilations because it can help determine whether it is cult-related or not.

As far as the mysterious blacksuited figures and a planned child sacrifice, Mattson said he has not confirmed rumors. He has no unidentified flying objects and strange lights in the night, but people in a Russian space craft receiving the passengers may explain those sightings.

However, as can be seen, unconfirmed rumors can sometimes be

Citizens raise objections to snowmobile trails

(Continued from Page 1)

Markland said she is really concerned about the safety of children and her second concern was for the safety of livestock.

Patricia Sonstead said she tried it in a car and couldn't get her car up to 30 miles per hour on Alley's alley. Alderman John T. Anderson echoed her concerns, stating that he had tried it as well.

In response to the questions and concerns of residents, Police Chief Fraushtetiner and Snow-Drifter President Kenton Johnson explained that due to the number of concerns expressed since the article appeared in the Northern Watch, the trail will be relocated. The new trail will be much more direct and regulated that the 30-mile per hour speed limit proposal had been dropped and the trail re-routed through the community on the west side of town.

Mary Collins remarked that no one had approached her regarding the trail. Fraushtetiner explained that just had some concerns, which will be changed, seem pretty much moot. His only concern then was that people be kept aware of the new trail system and that the snowmobile club be responsible.

Fraushtetiner explained that to discuss the issue at a meeting for sights are for the trail system November 16. The meeting is open to the public.

Johnson explained that the club is in a tap and couldn't get her car up to 30 miles per hour on Alley's alley. Alderman John T. Anderson echoed her concerns, stating that he had tried it as well.

In response to the questions and concerns of residents, Police Chief Fraushtetiner and Snow-Drifter President Kenton Johnson explained that due to the number of concerns expressed since the article appeared in the Northern Watch, the trail will be relocated. The new trail will be much more direct and regulated that the 30-mile per hour speed limit proposal had been dropped and the trail re-routed through the community on the west side of town.

Mary Collins remarked that no one had approached her regarding the trail. Fraushtetiner explained that just had some concerns, which will be changed, seem pretty much moot. His only concern then was that people be kept aware of the new trail system and that the snowmobile club be responsible.

Fraushtetiner explained that to discuss the issue at a meeting for sights are for the trail system November 16. The meeting is open to the public.

Johnson explained that the club is in the process of applying for a motion allowing the engineering department to survey the trail and preliminary study of the Greenwood

TRF and Warren Red Cross to dissolve

(Continued from Page 1)

to assist in the American Red Cross. Privately, that was because the Red Cross was not very responsive to the fire and disaster needs.

Bateman seemed to indicate that it could still be possible to operate on those services for a tie through another chapter, however, he said that the offices in St. Cloud, is across as the Red Cross is dissolved.

The $500 in Red Cross funds voted to maintain the local Chapter of the American Red Cross will come from the local chapter of the United Way. Agencies that receive funds from the United Way and the Red Cross doesn't do any fund-raising.

The local Red Cross does assist in other ways too. He said money that is used to go out to fires and offer assistance but that has become a thing of the past because of the lack of personnel. Also, the local youth group that contains of five people. Many other organizations,

churches and social services have also been providing similar assistance.

Councilmen and local chapter has not yet really held any meetings because there didn't seem to be anything to meet on. He stated that the chapter will dissolve by December 31, but a few people in the community will always be available and know who to contact in case of disaster.

Merger with another chapter is an option. It has been discussed said Bateman, but the closest chapters are Bemidji and Grand Forks. Bateman said he didn't think there are too small and have too many problems of their own to handle another chapter.

Bateman has many memories of providing assistance through the organization. He said, "It is the most rewarding thing I do, but tragedy is said, sometimes it is hard to be the thank you's.

Crafts, crafts at 17th annual Holiday Fair

(Continued from Page 1)

furniture for children. Southwest items, stitchery, redwood items and signs and jewelry will be among the items available. Organizer Bobbi Ann Linnaes notes that the show has built slots for many browsing and still lunch featuring homemade soups and sandwiches.

Third Annual Christmas Craft Festival will be held from 8 a.m. to 4 p.m. at the Veterans of Foreign Wars club rooms. About 20 crafters will be there. Crafts will have items available such as wood, soft sculpture, quilting, and wreaths and many others will be for sale.

Organizer Becky Pranck said that coffee and cookies will be served throughout the day and that money from booth rental and food sales will be donated to the VFW Auxiliary Cancer Fund in memory of Mildred Rue who died recently.

Bonnie Loeffler and five or six other craftspeople will have items for sale at the Thief River Falls Insurance building, also from 8 a.m. to 4 p.m. This is the second annual craft.

All of the organizers of the various craft shows stressed that they are not trying to compete with each other. There are many exhibitors who are making repeat appearances at their respective shows but also a number of new craftspeople at each of the locations.

A listing of participants at each of the events and a brief description of what they will have for sale will be published in the Wednesday, December 17 edition of "The Times."

Thefts at Arctco reported to police

Thief River Falls police are investigating the theft of over $1,000 worth of equipment from Arctco.

Items missing from a storage area at the Arctco facility in Thief River Falls valued at $187 each; a black pair of leather Elan Touring boots valued at $275; a men's Salomon ski jacket valued at $200; a ski suit valued at $360; five leather caps from Team Arctic suits valued at $125 each and one leather pair of pants for a Team Arctic suit valued at $150. The items in the insurance building, also from 8 a.m. to 4 p.m. This is the second annual craft.

All of the organizers of the various craft shows stressed that they are not trying to compete with each other. There are many exhibitors who are making repeat appearances at their respective shows but also a number of new craftspeople at each of the locations.

A listing of participants at each of the events and a brief description of what they will have for sale will be published in the Wednesday, December 17 edition of "The Times."

Sherry LaCoursiere

Hardy lady hunts deer

Skime - Florine Skime Foss is as hardy as the town named after her family. Florioda will be 80 years old in February. She was born and raised in Skime and now lives in Buffalo, but she came back to Skime to hunt deer again this year, like she has every year since 1953. Florinda bagged her deer this year with her 32 Winchester Special.

Twelve Crookston businesses defaced

Crookston - Graffiti was found on the walls of 12 Crookston businesses Tuesday. After a concerned citizen reported suspicious activity, a juvenile was apprehended by police. The size of a perm-anent pen in the juvenile's pos-session matched the size of the graffiti marks.

He isn't a he, he's a she, can't you see

Williams - Two deer shot by hunters in the Williams area were does with antlers. One animal weighed over 200 pounds and had a 15-point rack. A hunter near Bagley also reported *shooting a doe with one four inch* antler. The Northern Light newspaper reports that local DNR officials said that incidents of does with antlers like those in Williams are seldom seen and they are the first such reportings in the area in 13 years.

Merry Christmas lilies

McIntosh - Hubert and Gyda Stardig of McIntosh are enjoying a blooming Easter lily plant in November. Hubert gave the plant to Gyda for Easter last year and the plant now has three blossoms.

Makes one wonder, doesn't it?

Roseau - In the Greenbush Tribune's "For the Record" report of law enforcement activities, it was stated that "Nov. 7 - The Roseau Police Department reported that a seven foot tall man with a white face was trying to get in a bathroom window."

White painted faces?

Roseau - The Warroad Pioneer police report stated that on November 8 a Roseau man reported that two men in hooded cloaks with white painted faces made threatening statements to him

Appeal made to assist TRF fire victims

Friends and neighbors of the Jack and Sue Hageman family have begun an appeal for clothing and homemaking items to assist the family which lost all its belongings in a fire which destroyed the interi-er of the Hageman home in Silver-ton township early Monday evening.

The family includes Jack and Sue Hageman and three sons—Jack Jr., Shannon and Chris. Needed are:

Men's pants or jeans in sizes 40x30, 36x32, 30x32 and 14 Regular Boy's, and women's slacks or jeans in size 16;

Men's shirts in sizes extra large, large and small or boy's large, and women's blouses or shirts in large or extra large;

Men's shoes in sizes 11, 12, 10 and 6 and women's shoes in size 8.

Also needed are all types of homemaking items including kitchen items, bedding, dishes, fur-niture, appliances and other house-hold items. The family is presently living with Mrs. Hageman's mother at 939 Arnold Avenue North and items can be delivered to that address.

People who have items to donate but are unable to deliver them may call Evonne Cleven at 681-1594 after 5 p.m. or Alicia Haviland at 681-8450 to arrange to have the items picked up.

Loan applications being taken

Applications are being accepted now by the Inter-County Commun-ity Council at Oklee for Minnesota Housing Finance Agency deferred and revolving loan programs.

A deferred loan is a loan without interest or monthly payments and which must be repaid only if the applicant sells, transfers title or moves from the property within 10 years. A revolving loan is a simple interest three per cent loan which must be repaid.

The loans can be used for basic and necessary improvements such as electrical wiring, plumbing, roof-ing, heating, insulation, doors and windows.

To be eligible, applicants must live in Pennington, Red Lake or East Polk counties, own the proper-ty to be improved, and have lived there for at least the last six months. Applicants must also meet the mini-mum income and asset guidelines for each loan program.

Interested persons should con-tact Inter-County Community Council, Box 189, Oklee, MN 56742 for an application or call 796-5144 for more information.

Area support group for family caregivers to hold first meeting

There will be a support group meeting for family members or friends who provide care and/or support to elderly persons in the area on November 29 from 1:30 to 3 p.m. at the Good Samaritan nurs-ing home in Warren.

The meeting is for all individuals in the area who are interested in participating in a support group for those who are dealing with loved ones and friends who are victims of Alzheimer's Disease, Dementia or other mental problems, as well as physical problems. Those who are coping with the trauma of having loved ones in nursing homes are also welcome.

Discussions will be on dealing with day-to-day challenges of car-ing for others, and goals of the meetings are to share ideas and pro-vide support for one another.

If you would like information about the meeting or if you cannot attend the meeting but are interest-ed in joining a support group, con-tact Julie Osmondson at Northwest Medical Center in Thief River Falls at 681-4240, extension 339.

NW council seeks members

Northwest Private Industry Council is soliciting membership representing community based organizations. The council pro-vides planning and oversight to the Job Training Partnership Act pro-grams for seven counties of north-west Minnesota.

For nomination forms, contact the Northwest Private Industry Council, 424 North Broadway, Suite A, Crookston, MN 56716 or call 1-800-584-9497.

Completed applications are due at the NWPIC office by Friday, December 10. All applications are then submitted to their respective county board of commissioners for comments and recommendations. Final selection will be by the Northwest Local Elected Officials board.

SOUPCON

Sherry LaCoursiere

Happy Turkey Day is next week. Here are a few tips from the Minnesota Turkey Research and Promotion Council on how to handle that big bird that I'm sure you already know.

HANDLING: Use clean equipment and materials wash hands thoroughly with soap before and after handling, wash dishcloth or sponge after cleaning up poultry juices, clean all equipment after preparing mw turkey, use hard plastic or acrylic cutting boards instead of wooden.

THAWING: Leave turkey in original wrap. Thaw in refrigerator and allow 24 hours for each five pounds of turkey or thaw in cold water in sanitized sink, covering bird with cold water and changing water frequently. Allow one half hour per pound of turkey. Do not refreeze thawed turkey. Commercially stuffed turkeys should not be thawed before roasting.

PREPARATION: Remove plastic wrap. Remove giblets and neck from body and neck cavities, rinse turkey inside and out and pat dry with paper towels. Stuff and return legs to band of skin or tie loosely. Tuck wing tips under back and skewer neck skin with poultry pin. Place breast side up on rack in shallow open roasting pan.–Brush skin with oil or melted butter or margarine. Basting during roasting is not necessary and salting the skin is not recommended. A light weight aluminum foil tent may be placed over the turkey during the last hour to prevent over-browning. Brown paper bags are not recommended because they are not sanitary, may cause an oven fire, are not made of approved cooking materials and may give off unhealthy fumes.

STUFFING: A stuffed turkey requires approximately three additional minutes of roasting time per pound. If stuffing is desired, cook raw vegetables and/or meats and then cool and mix with crumbs and other ingredients. Stuff the turkey right before roasting, spooning stuffing loosely into body and neck cavities...

ROASTING TIME: Roast the turkey in a 325 degree oven for 12 to 15 minutes per pound. If the turkey is stuffed or basting sauce is added during the roasting process, calculate 20 minutes per pound. Other factors which affect roasting time are variation in oven temperature, shape of turkey and degree of thawing. Do not partially roast a turkey: finish the process once it is started. Check for doneness one hour before end of recommended roasting time. Turkey is done when thermometer registers 180 to 185 degrees in thigh, 170 in deepest part of breast, or when juices run clear. Let turkey stand 10 to 20 minutes for easy carving.

STORAGE: Remove all stuffing from turkey immediately after roasting. Refrigerate and use 1 to 2 days after cooking of freeze for 1 month. All meat should be sliced from bones and placed in shallow refrigerator containers. Refrigerate meat 2 to 3 days or freeze 1 to 2 months. Store gravy in refrigerator 1 to 2 days. Reheat stuffing and meat leftovers thoroughly at 165 degrees. Bring leftover gravy to a rolling boil before serving

Now, here are a couple of ways you can use those delicious leftovers.

Serve this tasty tart salad for Friday lunch:

CRANBERRY SAUCE TURKEY SALAD

- 2 cups cooked and cubed turkey
- 2 small heads bib lettuce, torn into pieces
- 1 large red apple, cored and cut into 1/2 inch pieces
- 1/4 cup raisins
- 2 tablespoons walnuts, coarsely chopped
- 1 cup jellied cranberry sauce
- 1/4 cup orange juice concentrate
- 2 kiwi fruit, peeled and sliced

In medium bowl, combine turkey, apple, raisins and walnuts.

In small bowl, mix cranberry sauce and orange juice concentrate. Set aside.

Arrange lettuce leaves among four plates. Top with one cup salad mixture and garnish with 4-5 kiwi fruit slices. Serve dressing on the side.

Recipe serves four and each serving contains 366 calories, 23 gm protein, 6 gm fat, 83 mg sodium, 57 gm carbohydrate, 54 mg cholesterol.

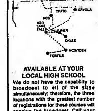
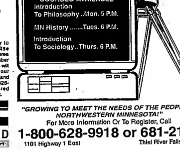
Conversational Swedish class to be via interactive TV



An evening course in beginning conversational Swedish will be offered this winter at Moorhead State University and at Thief River Falls Technical College and Lake Park high school via interactive television.

Classes meet from 7 to 8:40 p.m. Thursdays beginning December 2.



Taught by James Kaplan, the course is an introduction to conversational Swedish as it is spoken in Sweden today. Each session also includes a cultural program about Sweden or Swedish-America.

For details, contact the MSU continuing education office at 236-2183.

INTERACTIVE TELEVISION WINTER QUARTER CLASSES

STARTING MONDAY, NOVEMBER 29

COURSES AVAILABLE
Introduction To Philosophy..Mon. 5 P.M.
MN History.......Tues. 6 P.M.
Introduction To Sociology..Thurs. 6 P.M.

AVAILABLE AT YOUR LOCAL HIGH SCHOOL.
We do not have the capability to broadcast to all of the sites simultaneously; therefore, the three locations with the greatest number of registrations for these courses will receive the broadcast. Call your registration in directly to Northland Community College at 1-800-628-9918 and indicate your desired location for receiving the telecast.

Did Joseph Steffan Tell The Truth But Live A Lie?

Tuesday's decision by a three-judge federal appeals court in the District of Columbia that the U.S. Navy reinstate Joseph Steffan and give him a diploma from the Naval Academy is being hailed by many as a *triumph of truth over discrimination*.

Joseph Steffan is an honor graduate of Warren high school and an honor student with an exemplary record at the U.S. Naval Academy. He is commended as being highly intelligent, talented musically and athletically and totally honorable in his commitment to the expectation that the academy's cadets are "honor bound" not to lie, cheat or steal.

He first gained a degree of national prominence when he was twice selected to sing "The Star Spangled Banner" at the start of the traditional Army and Navy football game. But that attention was miniscule in comparison to the national attention focused on him and his situation since he was compelled to resign from the academy six weeks short of commissioning after admitting to the commandant that he was a homosexual.

"I knew my graduation would mean absolutely nothing if I had to lie to achieve it," Steffan was quoted as having written later. The fact that he gave an honest answer to a direct question is being extolled as an heroic act by many in the media and elsewhere.

"The nation knows Joseph Steffan for his choice between a lie and the deep blue sea—and for a landmark court ruling that vindicated his right to tell the truth," wrote Sue Ellyn Scaletta of the Grand Forks Herald staff in a front page story in the November 17 edition.

"A federal appeals court ordered the U.S. Navy to reinstate Steffan and give him the Naval Academy diploma it denied him in 1987 because he refused to lie about being gay," she wrote.

That puts an interesting twist on the question. Cadet Steffan was not forced to resign for simply telling the truth. He was forced to resign because he admitted violation of a condition of his cadet status. Surely a student in the top 10 per cent of his class would be aware that the military services of the United States prohibit homosexuals in their ranks. If, as he said, he became aware of his sexual orientation as a sophomore at the academy, then he lived and attended the academy in violation of the military's ban for more than two years.

Steffan chose to challenge that prohibition, as is his right, and his national prominence grew because of that challenge. It seems just that he is being awarded the diploma that he was only six weeks short of receiving. It could be argued that he earned it.

But it seems the court is overstepping its bounds by ordering reinstatement when the military has rationally and successfully persisted in its ban on acknowledged homosexuals. Telling the truth upon discovery after two years of living a lie is not grounds for legal exoneration in our view. And the ability of three judges to usurp the power of the U.S. military and the Congress is also open to question.

Dealing For NAFTA Votes Is Despicable

Bartering for votes in favor of the North American Free Trade Agreement (NAFTA) by President Clinton, Vice President Al Gore and administrative staff members is a despicable act that only adds to adverse public perceptions of the way our federal government operates. The only act more distasteful than trading promises and porkbarrel projects for votes is extorting those deals in the first place.

Like any other proposed legislation, NAFTA should be able to stand on its own as being either right or wrong for the country. Members of Congress should vote their consciences or at least their constituencies on that basis alone. It is unconscionable that a $10 million trade center or a $10 million bridge in Texas should be the determining factor in whether or not a Congressman votes for or against an international agreement with multi-billion dollar implications.

It also seems improper if not impossible that a President can promise concessions and restrictions on specific products or areas of commerce when the objective of the agreement is purported to be unrestricted free trade. In our opinion, restricted trade is not free trade and would make NAFTA a sham compact.

We also fail to understand how a U.S. President can make commitments for a foreign government, such as a speed-up of the reduction on Mexican tariffs imposed on home appliances imported into Mexico or the extradition of an accused rapist from Mexico to Florida. Could it be possible that NAFTA offers so much to Mexico that its government is willing to make almost any concession to have it approved by the United States?

And one has to wonder how gullible politicians think the voters are. Sen. Bill Sarpalius of Texas denied his vote was influenced by an announcement by Energy Secretary Hazel O'Leary that a new federal research center on alternative uses for plutonium would be built in the heart of his district. That announcement at this time is purely coincidental, of course, and not meant as an attempt to influence anyone.

Our inclination is to believe that a true free trade agreement among the United States, Canada and Mexico would be good for all three nations. We aren't sure that an agreement fettered by all sorts of special restrictions and exceptions and subject to the manipulation of Presidents and Prime Ministers is really a free trade agreement. And if it is a good thing for the United States, it should be able to carry support on its own merit without being subject to vote bartering by Presidents and Congressmen.

Northern Watch Policies

Letters To The Editor: The staff of the Northern Watch encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in Northern Watch exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Odette attends commanders meet for CAP

First Lt. David Odette, a resident of Thief River Falls and commander of the Northwest Minnesota Composite Squadron of the Civil Air Patrol (CAP), attended the inaugural commanders workshop sponsored by the Minnesota Wing of the Civil Air Patrol.

The two-day intensive program in the Twin Cities was designed for flight and squadron commanders from throughout Minnesota and intended to provide practical administrative information and enhance managerial competence along with interpersonal relations skills.

Civil Air Patrol is the official auxiliary of the U.S. Air Force and is a non-profit corporation chartered by Congress. All members of CAP are volunteers and are compensated only through the intangible rewards they receive through the CAP's three main missions of emergency services, cadet programs and aerospace education.

Northwest Minnesota Composite Squadron meets on the first and third Thursdays of each month at 7 p.m. at the Northwest Technical College aviation facilities at the Thief River Falls regional airport. Visitors and prospective members are always welcome.

VA reduces loan rate on life insurance

Department of Veterans Affairs has reduced from seven to five per cent the interest rate on loans veterans have taken against their government life insurance policies.

"This rate drop means a saving of $6.4 million in interest charges for more than 100,000 veterans who currently have loans against their policies at the higher rate," states VA Secretary Jesse Brown.

All policyholders with seven per cent loans automatically had their loans reduced to the five per cent rate on Oct. 1, 1993. The rate reduction is in effect at least until Oct. 1, 1994.

Nearly 2.3 million veterans who have policies prefixed with V, W, RH, J or JR in the National Service Life Insurance program since Nov. 2, 1987, have a variable interest rate that can range between five and 12 per cent, depending on investment conditions. If warranted, rate changes occur on October 1 of each year and remain effective for at least one year.

The reduction is the second in two years. VA reduced the loan interest rate from eight to seven per cent on Oct. 1, 1992.

The interest charged on policy loans is returned to the life insurance reserve funds. Any excess reserves are automatically returned each year in the form of dividends to policyholders with participating policies. For further information, veterans can call VA's Insurance Center toll-free at 1-800-669-8477.

TWO WAYS TO MAKE YOUR HOLIDAY TREATS EXTRA SPECIAL

First, use delicious Gold-n-Soft Light Spread for all your holiday baking needs. It not only tastes great, it's good for you. It's low in sodium and saturated fats, has no cholesterol, and has a third fewer calories than margarine. There's no better way to say "Happy Holidays" to your loved ones.

Second, use this decorated Gold-n-Soft tub as a container for your favorite treats. The handsome snowflake design is sure to please. And the tub is the perfect size for gift giving.

OATMEAL CRISPIES
(makes 30 cookies—2-1/2 dozen)
1 cup Gold-n-Soft Light Spread
1 cup brown sugar
1 cup granulated sugar
2 eggs, beaten
1 tsp vanilla extract
1-1/2 cups flour
1 tsp. salt
1/4 cup [illegible]
1/2 cup chopped nuts
2/3 cup raisins
3 cups quick oats
3/4 cup chocolate chips

• Thoroughly cream Gold-n-Soft Light Spread and sugars together.
• Add eggs and vanilla extract; beat well.
• Sift flour and salt together, and beat into mixture.
• Mix soda with milk and add to the batter, mixing well.
• Stir in oatmeal, nuts, raisins, and chocolate chips and mix well together.
• Drop teaspoons of dough onto cookie sheets.
• Bake in 350° oven 10 - 15 minutes, until cookies are golden brown.

Compromise reached regarding TRF snowmobile trail dispute

by David Hill
Associate Editor

Deciding to facilitate action on a proposed snowmobile trail around and through the City of Thief River Falls, the city council met as a whole Tuesday instead of reviewing the plans in a week after the public safety committee had another shot at reviewing the plan. After receiving numerous comments from residents living in the area about the proposed plan, a compromise agreeable to residents and snowmobile enthusiasts was reached and approved by the council.

At the outset of the meeting, Sno-Drifter's president Kevin Johnson said his club was willing to drop the proposed 30 mile per hour speed limit and leave it at 15 miles per hour. In addition he proposed dropping one of two sections of the trail that went north and south from 13th Street to Fourth Street. He then proposed a section of the trail coming from the west side of the community near Highway 59 and then traveling on Fourth Street.

The purpose of bringing parts of the Snowmobile Beltline trail into the city is to bring snowmobilers safely to businesses. Johnson noted that it has always been and will continue to be legal for snowmobile enthusiasts to travel anywhere on snowmobiles through the city as long as they are going to and from the country. The purpose of establishing a trail system is to eliminate such abuses as traveling over private property and on sidewalks. It will also promote tourism.

Residents in attendance were mostly property owners from the north section of the community living near Main street between 11th Street and Seventh Street. They objected immediately to the new plan, mostly because they didn't believe travel in alleys was safe for children or snowmobilers.

One person in attendance angrily asked what was their justification for going down alleys and risking the lives of children and pets.

Mayor Robert Reeve asked if it was acceptable to eliminate alleys from the trail system except for one alley between LaBree and Main from the area of 13th Street to the Hartwood Motel. Although none of the people in attendance seemed to live in that particular area, they agreed that it was acceptable.

Alderman Don Barron picked up on that and suggested that the council consider the interests of people living in that section of the community who were not in attendance.

Kevin Johnson said he had traveled in the area and said that the Sno-Drifters were willing to install yields and stop signs in areas where garages are close to the alley.

Part of the trail system will still include east and west travel on Seventh Street. Alecia Haviland, whose family lives on Seventh Street, said she was not real excited about travel on Seventh Street. She said she would prefer they go any place other then Seventh Street, "purely for selfish reasons."

One resident seemed to disagree with the part of the plan which allows travel within the city. She said snowmobiles are not designated street vehicles and they shouldn't be used in town. She said she thought the reason for having a snowmobile was to get out of the community and into the country.

Ron Nelson, who helped organize the effort to establish the Beltline trail, said he was concerned about not allowing travel on alleys. If someone on an expensive snowmobile comes across a section of the road that doesn't have any snowpack on it, it is very likely that they will ride on the sidewalk or berm instead of causing damage to the snowmobile. If that happened, it would thwart the entire purpose of the snowmobile trail system.

In the end, the council adopted the new proposed trail which eliminated travel on the alleys between 11th and Seventh Streets, requires installation of signs on the alleys as approved by the Chief of Police, and for a one year trial basis. At the end of the year, the success or failure of the trail system will be reviewed by the council. There was no opposition to the motion.

WHERE DID THE REINDEER GO?

Lorelei Labon finishes basic

Army Pvt. 1 Lorelei R. Labon, daughter of James R. Larson of rural Badger and Elizabeth Larson of Sacramento, CA, has completed basic training at Fort Jackson, SC.

During the training, students received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid and army history and traditions.

Pvt. Labon is a 1993 graduate of Rio Linda high school in California.

Theresa Glauque and Jennifer Olin of Lincoln high school in Thief River Falls will be among competitors participating in the Minnesota State swimming and diving championship scheduled Tuesday and Wednesday, November 23 and 24, at the University of Minnesota Aquatic Center in Minneapolis. Both qualified for the event during the Section 8 swimming and diving championship held at the University of North Dakota's Hyslop pool last weekend.

U.S. Coast Guard reports three boats being recalled

U.S. Coast Guard has announced three boating recall campaigns currently being conducted by Bombardier, Inc. and Yamaha Motor Corporation.

The Coast Guard said these particular campaigns involve steering cables that may break, jet venturi fasteners which can come loose and affect steering, and fuel tanks which may leak gasoline fumes into the hull and cause an explosion.

Consumers who own boats involved in these recalls are urged to have the problem fixed promptly. The law requires the manufacturer to correct safety defects at no cost to the consumer.

A boat is subject to a safety defect recall if it fails to comply with Coast Guard safety standards, or contains a defect that creates a substantial risk of personal injury to the public.

Dick Bergen, chief of the Coast Guard's Consumer Affairs and Analysis Branch, said, "While manufactrers are required, when a defect is found, to mail a recall notice to all purchasers or owners who addresses are known, sometimes they are unable to maintain complete and up-to-date mailing lists of all owners."

Persons who own any of the models identified in the recall campaign, and who have not received a recall notification, or those who want to know if there vessel is involved in a recall, should telephone the toll-free coast Guard Hotline — 800-368-5647 (in the Washington, D.C. area, call 202-267-0780).

The three boats being recalled include: (owners should contact their nearest dealership)

— 1992 and 1993 Sea-Doo Watercraft, XP models, model numbers 5851 and 5852, manufactured by Bombardier Inc. Wausau, WI.

— 1993 Explorer (5820) Sea-Do Water, serial numbers ZZN05007J293 to ZZN05333A393, manufactured by Bombardier, Inc., Wausau, WI.

— Wave Runner III, WRA650R/RA, water vehicle, manufactured by Yamaha Motor Corporation, Cypress, CA. Hull/Model numbers include WRA 650R - FJ0-811401-812300, WRA650RA FJ0-812301-813600, FJO-813701-814-700, FJ0-814803-819-210.

Boat, ATV license renewal changes announced

Approximately 228,000 watercraft registration renewal notices and 20,000 all-terrain vehicle (ATV) registration renewal notices will be mailed to customers in mid-December by the Minnesota Department of Natural Resources.

They are being mailed one month later than usual for good reason, according to Suellen Rau, license bureau recreational vehicle registration supervisor.

"Boat and ATV renewals have always been mailed in mid-November, but that jump on the season won't be necessary now that the deputy registrars are going to be issuing decals," Rau explained.

Beginning Jan. 1, 1994, the statewide recreational vehicle decal distribution network gets into action. Deputy registrars will be issuing recreational vehicle decals directly to their customers when they register or renew a registration on a boat, ATV, off-highway motorcycle or off-road vehicle

Registration cards will be mailed to renewal customers by the DNR up front, affixed to renewal notices. Deputy registrars will validate their customers' registration cards when they renew their registrations. The same system will be applied to the 1994 crop of snowmobile renewals beginning July 1, 1994.

Rau said that this team effort between the DNR license bureau and the state's 168 deputy registrars of motor vehicles will alleviate a long-standing battle against the wait customers have experienced between the time they filed an application at a deputy registrar's office and the arrival of their registration card and decals by mail. What had previously been a two to eight-week turnaround time will be reduced to no time at all through this system, Rau noted.

As in the past, all renewals may be accomplished through the mail, but the idea of the decal distribution network is to make registration materials as readily accessible as possible to customers in every part of the state.

"There's been an awful lot of work put into this effort, and a real sense of partnership has developed between the DNR license bureau and the deputy registrars," Rau said. "We're excited about how quick and easy our pulling together is going to make things for all of our customers."

How to obtain wild bird feed

For more information on the Nature's Own gift packages for feeding wild birds that appeared in a previous issue of The Times, contact Tri-Valley Opportunity Council, Inc., Child Care Resource and Referral, 500 Sandford Road, Grand Forks, ND 58201 (telephone 1-800-543-7382) or Cheryl Phelps, Tri-Valley Opportunity Council, Inc., Child Care Resource and Referral, Box 607, Crookston, MN 56716 (telephone 1-800-543-7382).

DNR News

Emergency Situations

Hunters who slip into deep forests or drive to distance fields can help themselves by informing someone of the whereabouts.

Each year law enforcement agencies get many requests to locate hunters and pass along information about a family emergency. Emergencies can range from a sick child, to a traffic accident or a death in the family.

"Often it's hard to locate a hunter quickly," said Jeff Thielen, a Department of Natural Resources conservation officer at St. Cloud. "That's because the information we receive is usually so vague."

To remedy this, Thielen encourages hunters to leave with friends or family the following:

- Year, make, model, color and license number of the vehicle being driven.
- As precise as possible description of the hunting area—which you could include the section, township and range from the county plat map, or at least a road number or the emergency number posted near a mailbox.
- Distance and direction from the nearest town.
- If near a lake, the name of the lake and which side of the lake you're likely to be on.
- If on private property, the name of the property owner.
- Map showing the location of a deer camp, tree stand, or hunting shack.
- Name and phone number of a local person who is likely to know the hunter's location.

"When there's an emergency at home, it only adds to the grief when the person you seek can't be contacted for hours or even days," said Thielen. "Hunters who leave a little information with someone at home can do a lot to help themselves in an emergency situation.

Hunting Tribal Lands

For several years, tribal officials on the Red Lake Indian Reservation in north-central Minnesota have allowed limited numbers of non-band members to hunt small and big game animals on what are known as restored ceded lands – tribal properties located outside the main Red Lake Reservation boundaries. This includes most of the interior of the Northwest Angle on Lake of the Woods.

The Red Lake tribal government offers tribal licenses for sale to non-band members, including members of other reservations, which allow the license holder to hunt on the ceded lands. Most tribal licenses are issued for the deer hunting season.

Officials of the Minnesota Department of Natural Resources (DNR) have determined that these tribal licenses are not a legal substitute for a state hunting license. Sportsmen and women, other than Red Lake band members, must also carry a valid state hunting license to hunt on the ceded lands.

Non-band hunters must also comply with all applicable state laws regarding seasons, possession limits, shooting hours, transportation of wild game, and the tagging and registration of big game animals.

Most tribal lands are posted with signs along public roads to advise people of the non-public status of reservation property. For more information about hunting or fishing on reservation property, contact the Red Lake Tribal Council offices at 679-3341.

Hunting Private Land

Hunters trespassing on private property is the number one source of aggravation for landowners, especially during the deer and pheasant seasons, according to Wayne Edgerton, agricultural policy director for the Minnesota Department of Natural Resources. Year after year, it is one of the most commonly reported hunting violations.

"Landowners have the absolute right to control who goes on their land and when," said Edgerton. "Unfortunately, some hunters seem to think they have the right to hunt wherever they please. That makes for bad hunter-landowner relations and makes it tougher for hunters who always make it a practice to ask first."

Again this year, a brochure entitled "Hunting Private Land: It's a Privilege" is available to provide simple step-by-step guidelines for those seeking to hunt on private land. It suggests ways to approach landowners and what to do before, during and after the hunt. This brochure is a cooperative effort stemming from the frustration many hunters and landowners feel when

Moose hunters are successful

Minnesota's moose hunters had another very successful season in 1993, according to the Minnesota Department of Natural Resources. With 740 licensed moose hunting parties in 40 zones, a total of 668 moose were taken.

In zones in northwestern Minnesota, 425 parties took 404 moose for a 95 per cent success rate. In the northeast, 315 parties took 260 moose for an 84 per cent success rate. (The Zone 2 hunt in Agassiz National Wildlife Refuge will be held December 4-12.)

Dave Schad, DNR forest wildlife program leader, noted that success rates were comparable to past years and most parties reported seeing good number of moose. "We were also able to obtain good harvests of moose in some agricultural areas in the northwest where damage to crops had become a problem," Schad said.

Approximately 75 per cent of the moose taken were antlered bulls, a higher number than normal, according to Schad. "The higher take of bulls may have been due to the closed season in the northeast two years ago," he said. "And more rutting activity than normal during the moose hunting season may have caused bulls to be more active."

Moose hunts have been held in odd-numbered years since 1971. Licenses are issued to parties of four hunters and are available only to Minnesota residents. Beginning with the 1991 season, the Minnesota Legislature made moose hunting a "once-in-a-lifetime" opportunity. In 1993 there were more than 10,000 applications for the 760 available licenses.

Annual moose hunts will start next year when a hunt is planned for at least the northwest zones. Applications for the 1994 hunt will be available about May 1.

Trails on private land not for public use until Dec. 1

Officials with the Minnesota Department of Natural Resources (DNR), Trails and Waterways Unit, recently issued a public reminder to all winter trail users that pre-season use of snowmobile and cross-country ski trails in rural areas may be a violation of state and local trespass laws.

According to Ardon Belcher, DNR Northwest Regional Supervisor of Trails and Waterways, "Much of Minnesota's winter recreational trail system is actually built on private land, except those trails within state parks and public forests.

"Most snowmobile and ski trails are grant-in-aid trails," explained Belcher, "Developed and Maintained as cooperative, cost-sharing projects between the DNR and private snowmobile clubs or local trail associations."

Minnesota's grant-in-aid trail legislation allows trails to be designated for public use by licensed snowmobiles or cross-country skiers between December 1 and March 31 each season.

The rest of the year — from April 1 through November 30 — any trial segment on private land is not considered a public trail; and use of the trail by unauthorized persons is a violation of state and local trespass laws.

"Unauthorized use occurs primarily on agriculture land in the western and west-central counties of our region during years we receive early season snowfalls," said Belcher. "Anyone use a snowmobile or ski trail in the off-season should make sure they are on public land and not trespassing on private property."

DNR News

(Continued from Page 12)

hunting season approaches.

"Hunters need to better understand the landowner's perspective and put themselves in the landowner's shoes, or more private lands will be closed to hunting in the future," Edgerton said. "Landowners who permit hunting on their land are not only doing hunters a favor, they are putting their trust in them. Hunters need to demonstrate appreciation for the favor and prove that the landowner's trust has not been misplaced."

The brochure is sponsored by several hunting organizations, including the National Wild Turkey Federation, Minnesota Waterfowl Association, Minnesota Deer Hunters Association, Ruffed Grouse Society, Pheasants Forever Inc., and the Minnesota Department of Natural Resources. It will be distributed by the sponsoring organizations and through hunter education classes. To receive a copy, call the DNR Information Center toll free in Minnesota at 1-800-766-6000.

Cattle on feed down 2 per cent

Minnesota feedlots contained 225,000 cattle on October 1, down two per cent from a year ago, according to the Minnesota Agricultural Statistics Service.

Placements during the third quarter of 1993 at 90,000 were down five per cent from a year earlier. Marketings at 145,000 during the July-September quarter of 1993 were unchanged from a year earlier.

Farmers expect to market 110,000 cattle during the October-December period, down four per cent from the actual marketings for the comparable period last year.

Local and area Scouts will occasionally visit with city officials about their duties and responsibilities. First year Webelos, Pack 59, recently visited with Mayor Robert Reeve as a part of the citizen activity badge requirement. In visiting with Mayor Reeve the Webelos received a friendly reception from all city office staff members. Pictured from left are: (front row) Matthew Dimich, Jason Blakely, Brian Ness, Mayor Robert Reeve, Krist Olson, Josh Frezor; (back row) Tyler Anderson, Kristoffer Adamson, Nicholas Weber, Jared LeMoine, Nicholas Mattila, Caleb Bergner, and Beau Bergner. Den leader for the Webelos is Glenda Mattila.

I Would Like To Give My Sincere Thanks To Everyone Who Voted For Me And Gave Me Their Support During The School Board Election. I Would Also Like To Wish Jean And Cheryl The Best Of Luck In Their New Positions. Sincerely, Curtis Huot.

The following position is available in School District #564, Thief River Falls, Minnesota

MATH/SCIENCE INSTRUCTOR (LONG-TERM SUB)

EFFECTIVE: As soon as possible through Feb 4, 1994

LOCATION: ALC

DUTIES: Teach/tutor students in Math & Science and use of CCP material. Travel required to Roseau site three times per month and evenings three times per month. Participation in Leadership Team.

REQUIREMENTS: Preferably a secondary teaching license in Math and/or Science.

SALARY AND BENEFITS: Per negotiated contract.

Applications may be obtained in person or by writing to the Personnel Department, School District Service Center, 230 South LaBree Ave., Thief River Falls, Minnesota 56701. Applications will be accepted until 4:00 p.m., Tuesday, November 23, 1993.

"Thief River Falls Public Schools does not discriminate on the basis of race, color, national origin, sex, religion, age or disability in the employment or the provision of services."

POSITION AVAILABLE AT NORTHWEST EXPERIMENT STATION, UNIVERSITY OF MINNESOTA.

Maintenance & Operations Mechanic. The individual in this position must perform all the general tasks of a maintenance and operations mechanic and take major responsibility for the Station's electrical equipment and systems. Routine tasks include, but are not limited to, the repairs and maintenance of silo unloaders, barn cleaners, manure tanks, food handling equipment, buildings, ventilation fans, etc. associated with the operation of a research station. Physical activity will occur in hot and cold conditions, involve livestock odors and requires the ability to climb silos. Physical and manual dexterity are essential.

QUALIFICATIONS REQUIRED: Completion of a two year vo-tech school program, equivalent military or other documented training. Individual's background must include three years of recent experience with the type of electrical and mechanical equipment found on an agricultural research Station. Certification is required from the Minnesota State Board of Electricity. An application may be obtained in Room 202, Ag Research Center, Northwest Experiment Station, Crookston, MN 56716. Deadline for applications is November 29, 1993.

The University of Minnesota is an equal opportunity educator and employer.

COUNTRY USED FURNITURE
1221 North Main, Thief River Falls
Next to Peterson Lumber
Large Selection Of Used Furniture And Household Items.
We Have Many New Christmas Decorations And Collectable Glassware.

POSITION OPEN

A Position is open as 10 or 12 month transportation supervisor/mechanic/bus driver.

Qualifications: high school diploma or equivalent, with training and/or experience in gas and diesel mechanics. Good communication skills necessary.

Apply by Dec. 3, 1993 to: Supt. Ron Paggen, Indep. School Dist. #441, P.O. Box 277, Newfolden, MN 56738.

CONTRACT FOR BID:

Pennington County seeks to contract with a company or individual to provide management and labor for operation of the county's solid-waste processing facility. Bids for the contract will include the cost of management of the county's 10,000 ton per year solid waste facility, all labor required to operate the plant, collection and marketing of recyclables as well as operation of the composting and Drdf processes. The successful applicant will be selected not only on bid price but on demonstrated abilities and experience to operate a solid waste facility. The county reserves the right to reject any or all bids.

Persons or companies wishing to submit bids may obtain a request for proposal (RFP) from Howard Person, Pennington County Solid Waste Div., Box 616, Courthouse, Thief River Falls, MN 56701 or by calling 218-681-2116 during regular business hours and requesting the Management and Services, RFP. Bids must be received no later than 2:00 p.m., December 15, 1993 to be considered. Pennington County is an equal opportunity employer.

CONTRACT/LEASE FOR BID:

Pennington County seeks to contract or lease to a reputable company, its 10,000 ton per year solid waste facility. The county's goal, being to privatize the processing and disposal of solid waste in Pennington County. The current facility consists primarily of a processing building with equipment to handle, separate and process municipal solid waste into densified refuse derived fuel pellets, compost feed stock and separated recyclables. A second building used primarily to store the Drdf fuel pellets and recyclables and a third composting building to take the compost feed stock and process it into a finished compost product.

The county will entertain bids to lease and operate its facility in its current state or consider improvements and/or expansion of the facility if these improvements can be shown to reduce costs of waste disposal to the county. Leasers must operate and abide by all federal and state rules and regulations governing the handling of solid waste in the state of Minnesota. Pennington County reserves the right to reject any or all bids.

Persons or companies wishing to submit bids may obtain a request for proposal (RFP) from Howard Person, Pennington County Solid Waste Div., Box 616, Courthouse, Thief River Falls, MN 56701 or by calling 218-681-2116 during regular business hours. Please request the Contract/Lease option RFP. Bids must be received no later than 2:00 p.m., December 15, 1993 to be considered.

Skin care and make-up were discussed by Rhonda Nelson of Hairlines unlimited during the American Education Week Global Fair Thursday at the Goodridge school. In addition to discussing her topics, Nelson used student models to demonstrate techniques.

Newfolden man deployed to Somalia

Navy Petty Officer 3rd Class Jerod C. Olson, son of Charles V. and Sherry J. Olson of route 1, Newfolden, is being deployed to Somalia aboard the amphibious assault ship USS New Orleans of SanDiego.

Olson's ship is joining other US. forces ordered to Somalia in response to recent hostile actions against American and other military personnel there. Naval forces being sent to Somalia include the aircraft carrier USS Abraham Lincoln and the guided missile destroyer USS Chandler; the USS Guadalcanal's three-ship Amphibious Ready Group (ARG) with the 22nd Marine Expeditionary Unit (MEU) embarked; and the four-ship USS New Orleans ARG with the 13th MEU embarked. Each MEU has more than 1800 Marines.

When the redeployment was ordered, the USS Guadalcanal ARG was operating in the Mediterranean; USS Abraham Lincoln was in the Persian Gulf; and the USS New Orleans ARG was in the South China Sea.

The Navy and Marine Corps are full partners in joint operations and can operate overseas to respond swiftly to crises in distant lands, from the sea.

Olson, a graduate of Marshall County Central high school, joined the Navy in July, 1992.

OH MY, A REINDEER!

Deer Hunters plan annual meet Tuesday

Joe Kotok, manager of the Agassiz National Wildlife Refuge, will be guest speaker at the annual meeting of the Thief River Falls chapter of the Minnesota Deer Hunters Association Tuesday, November 23, at 7 p.m. in the Eagles Hall in Thief River Falls.

Kotok will discuss the big game season at Agassiz this year and the big game management program carried out on the refuge on a long term basis.

Election of directors and officers for the 1994 chapter year will also be held. Present officers include Alden Hugg, Thief River Falls, president; Bruce Bjorgaard, Viking, vice president; Marland Kloety, Thief River Falls, secretary; and Wayne Klemmetson, Thief River Falls, treasurer.

The chapter has 23 other directors on its board to represent a number of area communities.

Reports will be given by committee chairmen Conrad Gonsorowski on Hides for Habitat, Tim Miller on Education and Dana Klos on the annual banquet.

The chapter will also reestablish its "Bragging Board" and encourages members to bring photos from the 1993 hunting seasons to be posted on the board. A similar board in prior years proved to be popular with the members.

The annual meeting is open to all members and prospective members of the chapter. A door prize will be awarded and lunch served.

FmHA
FARMERS HOME ADMINISTRATION

Farm for Sale

LOCATION: Lot 4 in Section 3 and Part of Lot 1 containing 8 acres more or less in Section 4 of New Solem Township 155N-44W and Part of S1/2SW1/4 containing 3 acres more or less in Section 34 of Township 156N-44W.

PRICED TO SELL: $17,500

62 ACRE FARM INCLUDES -
– 27.6 acres tillable (Class IVs soils) with balance pasture and woodland
– 1-story farm home (24 ft. x 32 ft.)
– 30 ft. x 40 ft. Metal Pole Shed

CONSERVATION EASEMENT - SALE is subject to conservation deed restrictions which will restrict the purchaser's use of the wetlands, floodplains, highly erodible land and other special areas of the property.

SALE CONDITIONS - OFFERS/APPLICATIONS will be accepted on the farm property with priority given to applicants in the following order: 1) Socially disadvantaged beginning farmers or ranchers, 2) Beginning farmers or ranchers, 3) Socially disadvantaged operators of not larger than a family-size farm, 4) Operators of not larger than a family-size farm, 5) Operators of not larger than a family-size farms who are not in need of FmHA credit assistance on eligible rates and terms.

This sale is subject to rights offered the former owner under Minnesota Rights of First Refusal.

Sale is subject to conservation deed restrictions.

The purchaser will be required to comply with the condition of a Soil Conservation Service conservation plan.

Socially Disadvantage applicants are members of a group of which has been subject to racial or ethic prejudice without regard to their individual qualities. Information on how to qualify as a beginning farmer and other local eligibility criteria is available at the local FmHA office in Warren, MN.

FINANCING AVAILABLE - Current Farm Ownership rates and terms (maximum of 40 years) are available to qualified FmHA applicants. Rates and terms are subject to change without notice. Eligible applicants may be eligible for Limited Resource interest rates.

OFFERS MUST BE IN WRITING - on Form FmHA 1955-45 "Standard Sales Contract-Sale of Real Property by the United States," and be received by DECEMBER 10, 1993, and must be accompanied by a complete application specific to the category for which the applicant is qualified. Offers received after DECEMBER 10, 1993 will be given consideration only if offers received before DECEMBER 10, 1993 are not accepted. The Government reserves the right to cancel the sale at any time, and the right to reject any or all bids. Any application for less than $17,500 will not be accepted.

FOR ADDITIONAL INFORMATION contact Farmers Home Administration, at 105 South Division Street, P.O. Box 47, Warren, MN 56762, Telephone Number (218) 745-4481.

FOR SALE RECREATION LAND

The Farmers Home administration (FmHA) will be accepting sealed bids on one hundred sixty (160) acres located in the Southeast Quarter (SE1/4) of Section 9 of Township 155 North-Range 40 West in Marshall County.

This property adjoins land owned by the State of Minnesota and is five miles from the Agassiz National Wildlife Refuge.

TERMS OF THE SALE ARE CASH ONLY.
No Financing Is Provided.

All bids must be submitted on Form FmHA 1955-46 (available at any FmHA office). All bids must be accompanied by a deposit of 10% in the form of a cashier's check, certified check or money order. All bids must be submitted in a sealed envelope and marked as follows:

"SEALED BID OFFER (27-057-00021)".

This sale is subject to rights offered the former owner under Minnesota Rights of First Refusal.

SALE is subject to conservation deed restrictions which will restrict the purchaser's use of the wetlands, floodplains, highly erodible land and other special areas of the property.

The purchaser will be required to comply with the conditions of a Soil Conservation Service conservation plan.

Bids will be accepted until 1:00 p.m., Friday, December 3, 1993 at the Pennington County FmHA Office, P.O. Box 486, 1305 North Oak Street, Thief River Falls, Minnesota 56701, Phone 218-681-2843. Bidding information is available at the above office. Bid opening will be held Friday, December 3, 1993 at 3:00 p.m. at the Thief River Falls FmHA Office. Government reserves the right to reject any or all bids.

Co. Solid waste issues

(Continued from Page 1)

garbage volume comes from the city, said Howard Person, county solid waste officer, therefore it is critical, that the city council be informed of decisions being made about garbage collection by the county.

During the meeting, City Councilman Dale Wennberg criticized the county for its lack of compliance with state volume-based garbage collection requirements, and lack of a mandatory county-wide garbage collection requirement. At one point, Wennberg said, possibly in frustration that, "You guys are so far behind I can't believe it." At another point, he asked "When is the county going to have the balls to do what they're supposed to do?"

Besides protecting the environment from contamination caused by buried solid waste, a county-wide collection system would reduce the overall cost of garbage collection. According to the county's perspective, however, 80 per cent of the available waste in the county is being collected. According to the city's perspective, there are 1,600 households outside of the city limits and only 600 subscribe to garbage collection.

Commissioners explained that numerous solutions to the problem of county-wide collection have been tried, but without much success. Even if county-wide collection was approved, it is questionable whether the county solid waste facility would be able to handle the increased load. The equipment at the collection facility is seven years old and prone to frequent break downs.

County Commissioners made it clear through their discussions of the issue that much of their time had been spent on discussing the solid waste facility.

In answer to Wennberg's questions and statements, County Commissioner "Skip" Swanson explained that he too had been frustrated by the issue. He said, in his opinion, the county has never pushed hard or as hard as they could for mandatory county-wide pickup. One of the reasons, right at this point, he said, is that the machinery (at the waste facility) breaks down a lot. When the machinery breaks down, they haul garbage straight to the landfill, which means the county pays the tipping fee on the full amount.

If the county gets a good proposal, he said, and they privatize it, one of the ideas discussed is that the county will have to guarantee a certain per cent or amount of garbage to the operator.

He noted that the county is currently working on an ordinance that will require mandatory county-wide garbage collection.

His feeling was that he could see an unfairness if the rate is going to go up to $55 per ton (it is currently charged out at $45 per ton and subsidized up to $55 per ton) and the county doesn't go to a county-wide pick up. He added that he isn't convinced that the tipping fee will go to $55 per ton. Every county around Pennington county, he said, is picking up a part of the tipping fee with an assessment. It was his opinion that if the county does not authorize mandatory collection of garbage county-wide, the city has a legitimate concern.

It became clear through the discussions that it is quite possible that tipping fees will increase to $55 per ton. If there is an increase, the cost could be passed on to city residents. If it is passed on, it could add $1 to $2 to utility bills.

A proposed county-wide solid waste collection ordinance would need some teeth to be effective. County and City representatives noted the difficulty in convincing rural residents to comply. In addition, court precedents suggest that the county can mandate collection, but not where it goes. It can also mandate that it goes to a solid waste facility, but that doesn't necessarily mean that it will go to the county's solid waste facility.

City Council John T. Anderson heaped criticism on state mandated volume-based pricing and source separation requirements. Anderson pointed out that the volume-based pricing system mandated by the state and source separation requirements are incompatible with the way the solid waste facility in Thief River Falls operates. In the beginning of the discussion Anderson was asking why not ask for concessions from the state and by the end of the meeting he was almost demanding that the state grant concessions.

Management of the facility by the county vs. privatization was also discussed. Everyone there seemed to realize that there would be some loss of control along with privatization. Some councilmen expressed concern that a private business might significantly expand the current operation, which would arguably create some benefits, but also some problems.

Rick Nordhagen of Future Fuel noted that most of the garbage in the area is already spoken for, so to speak. It would be difficult, without a population growth in the area or collapse of other disposal systems or businesses, to expand the market.

Length of operation or the amount of time granted in the lease was also discussed. Commissioners noted that it would probably depend upon the initial investment of the firm and negotiations, which are currently, unknown factors.

Though no solutions were reached Wednesday it was clear that the meeting Wednesday was another example of the county and city working together to attempt to find solutions to common problems.

Historian seeks info. on St. Hilaire aviator

(Continued from Page 1)

zigzagging dance over the field."

The "Chicago Birdman" sought the fabulous William Randolph Hirst Prize—$50,000 for a the first transcontinental flight across the nation, to be made in 30 days or less. Jimmy set out from New York City as the youngest of three entrants. On the ninth day of flying his engine quit at 1,000 feet. Ward landed safely outside Addison, New York, but his craft was wrecked "beyond repair." Jimmy's luck had ended.

Cal Rodgers won the race and became famous. Jimmy quickly faded from prominence. Ward offered to fly in Crookston in May 1912, but found no willing sponsors. History is mute concerning the remainder of Jimmy's life. He became one of St. Hilaire's forgotten heroes. The Minnesotan who valiantly sat in the "seat of dizzy danger" in a "contraption of wood, piano wire and canvas" can finally come home.

Ag Experiment Station has top cow in D.H.I.A.

Northwest Agricultural Experiment Station at Crookston had the top cow in terms of value of product in the Red Lake County Dairy Herd Improvement Association for the month of October. Johnston Farms has the second place cow and four of the top 10 while Tom and Diane Kolstoe had the third and fourth place animals.

The Experiment Station's cow completed a 305-day lactation in October with 26,944 pounds of milk, 1,175 pounds of butterfat and 978 pounds of protein.

Johnston Farms' second place cow produced 1,021 pounds of milk, 893 pounds of butterfat and 893 pounds of protein.

Third and fourth place cows of Tom and Diane Kolstoe had respective records of 27,586 pounds of milk, 1,001 pounds of butterfat and 854 pounds of protein and 28,189 pounds of milk, 847 pounds of butterfat and 828 pounds of protein.

Other cows in the top 10 came from the following herds with pounds of milk, butterfat and protein listed respectively:

Beyer Farms, 26,483, 940 and 806; Johnston Farms, 25,776, 1,016 and 770 and 22,996, 970 and 836; Goodvue Ayr Farms, 23,616, 909 and 757; Johnston Farms, 23,805, 851 and 762; and Northwest Agricultural Experiment Station, 25,506, 757 and 738.

A total of 39 cows in the association completed 305-day lactations during October with production exceeding 22,000 pounds of milk, 750 pounds of butterfat or 700 pounds of protein.

Herds with animals attaining at least those minimum standards but not among the top 10 included the following:

Northwest Agricultural Experiment Station (5), Wayne Nelson, Don and Karen Konickson (3), Beyer Farms (2), Oary and Orant Gullekson (2), William Peterson, Johnston Farms (2), Leiser Brothers (2), Jon Benesh (2) Randy and Jo Gast (2), Stanley Tvedt, Tom and Diane Kolstoe (3), Wayne Veitleson (2) and Roger Odegaard.

DNR will seal its abandoned wells

A program to seal unused wells on state-owned land is being implemented by the Minnesota Department of Natural Resources. The 1989 Minnesota Groundwater Act requires the DNR to inventory wells on state land (of which the DNR manages almost 95 per cent) and to prepare a plan to seal all unused wells on state land.

The terms "abandoned well" or "unused well" refer to wells that are no longer in use or are in such disrepair that continued use is impractical or may be a health hazard. The DNR seals any unused wells on state land in accordance with the Minnesota well code. Unsealed abandoned wells are a potential vehicle for groundwater degradation because surface water and pollutants can flow down the well and directly enter an aquifer. In addition, large diameter "dug" wells are a physical hazard. Animals, and even children, have been known to fall into improperly covered wells.

To address this potential public hazard, wells must first be located. The DNR manages about five million acres, or approximately one-tenth of the state's total land area. Former homesites and farmsteads that have been purchased by the DNR for integration into its system of parks, state forest and wildlife management areas may contain one or more abandoned wells. The actual number of abandoned wells on these lands is undetermined.

Initial efforts to define the magnitude of the abandoned well problem were completed in 1992. The inventory identified 450 active wells that needed to be sealed. The inventory also documented 941 former dwelling sites that must be searched for wells which may not have been properly sealed when the buildings were razed. The DNR estimates that search of these acquired lands and further work on all sites statewide may result in identification of another 1,000 wells that need to be sealed, bringing the total number of wells that will need to be sealed to approximately 1,500.

The DNR is addressing the abandoned well problem by seeking additional funding from the Legislature to locate and seal about 250 wells in each of the next six years. Currently, the DNR is contracting for the sealing of about 150 wells.

Anyone who knows of abandoned wells on DNR land is asked to call the DNR at (612) 296-6157 in the Twin Cities area or toll free at 1-800-766-6000 in other areas of the state.

Kari Walton is student teacher in Roseau

Kari Walton, Strandquist, is participating in the Bemidji State university student teaching program as a sixth grade teacher at Roseau elementary school.

The student teaching program provides opportunities for future educators to observe the growth and development of students with differing backgrounds and learning styles. Participants become acquainted with the various types of curriculum offered in modern schools while learning to apply teaching methods, communication abilities and human relations in the classroom.

MINNESOTA HISTORICAL SOCIETY

KEEPING WATCH AROUND THE REGION

Sherry LaCoursiere

Supporting the law

Roseau - Several concerned citizens wrote in to the Roseau Times-Region in support of Sheriff Novacek's crime fighting techniques in Roseau county. Most of the letters reprimanded the county commissioners for their statements that the sheriff was not doing his job properly, and perhaps, too diligently. All of the letters commended the sheriff for a job well done and told him to keep up the good work.

Another antlered doe

Red Lake Falls - Another horned doe was shot two miles north of Red Lake Falls by Kurt, Todd and Doug Knott and Derek Lambert. The doe had a nursing fawn by her side and sported one velvet-covered, two-pronged antler.

Dog pound wanted

Warroad - The Warroad police chief is looking for a pound for the city's errant dogs. At the present time, any dogs picked up must be transported to the pound in Roseau and the chief says he wants a pound in the city because he is losing about an hour of manpower transporting dogs to a pound out of town.

St. Hilaire man injured in Crookston accident

St. Hilaire - At 3:26 last Saturday a 1977 Dodge van driven by Dale Juneau, 33, of St. Hilaire on Polk County Road 52, near Crookston, was forced off the road and into a steep ditch by a vehicle which turned left in front of him. Juneau and one of his passengers, Mark Drury of St. Hilaire, 40, were admitted to Riverview hospital in Crookston. Another passenger, Thomas Ratliff, 40, St. Hilaire, was taken to Riverview and then transferred to United Hospital in Grand Forks. The van was totaled in the incident.

New bank building in Red Lake Falls

Red Lake Falls - Construction will start this spring on a new building for the Red Lake County State Bank. Local contractors will be encouraged to bid on the project.

Santa Claus is coming

Greenbush - Santa Claus is coming to the Greenbush Community Center on December 4 at 2 p.m. He will also visit children in Badger at the community hall there on December 11 after a 10:30 a.m. movie.

Schools consolidate in July, 1994.

Hallock - Kittson Central high school, Hallock high school and Kennedy high school will be consolidating by July 1, 1994, unless voters say differently. After publication of the notice to consolidate, voters have 30 days to petition for an election. The election would be held in January, if it is requested.

Good Samaritan tops goal with over $30,000

Warren - The Good Samaritan center in Warren has reached their goal in annual center improvement fund drive with over $30,000 raised. Funds will be used for a rock garden, sidewalk, electric door, fence and gazebo.

Continued On Page 14

Liquor license at Miz Ellies in jeopardy

Pennington County Board unanimously approved a motion Tuesday to hold an informational meeting to review problems that have been occurring at Miz Ellies, a lounge in Goodridge.

Expressing concerns over the "accelerating rate of incidents" at Miz Ellies the county board agreed to hold a hearing on December 14 at 8 a.m. This hearing could result in the the county board lifting the liquor license for the establishment.

In the past nine months, some of the incidents deputies from the Pennington county sheriff's department have had to investigate include a knifing, alleged shooting, numerous fights and illegal sale of intoxicating liquor.

Pennington County Sheriff Gerald Moe said the county board has a legitimate concern.

The liquor license for the establishment is held by Lonnie Watne of Goodridge. Wednesday, county officials said Watne will be served with notice and reason for the meeting. The meeting could result in possible action to revoke the liquor license or a way to resolve the on-going problems.

Other options to the board are also being explored. The board is planning to meet with the owners of the building to discuss their concerns. And if, after meeting with the liquor license holder the board is not satisfied with the results, the liquor license at the establishment is up for renewal on January 1.

"Post Polio" group plan first meeting December 2 in TRF

Polio was a disease of great concern before the development of vaccines in the 1950's.

Years later, those who were infected and thought cured are developing unexplained symptoms that might be related to "post polio" deterioration.

A "post polio" support group will have their first meeting on December 2, at 2 p.m. in room 113 of Northwest Medical Center in Thief River Falls. We urge everyone who had polio to attend the meeting. For more information, call Ken Murphy at 681-3366, Marion Prichard at 681-2292, or Gail Holland at 681-4240.

Fire completely gutted this mobile home in Countryside trailer court in Thief River Falls. Christ Stevenson and Andy Anderson of Viking had only moved into the mobile home three days before the fire destroyed all of their belongings. They were at work at the time and nobody was hurt. Fire Chief Dave Bjorkman said the fire department received the report of the fire at 12:40 p.m. Tuesday. When the fire department arrived fire was coming out of both sides. The fire was reported by workers at Arctco who spotted the smoke. Fire Chief Bjorkman said they were still working on the cause of the fire which destroyed 1967 model trailer home.

The home of Greg and Barb Kalinoski at 333 Maple Avenue North will be one of four open for tours Saturday, December 4, from 1:30 to 4:30 p.m. during the Friends of the Orchestra annual Holiday Tour of Homes. The photo above was taken in the Kalinoski home. Other homes will be those of Curt and Terryl Naumann at 1010 Oakland Park Road, Dr. Orley and Elaine Gunderson at 816 Alice Drive and Ron and Lindsey Ray at 1832 Robin Hood Drive. Tickets for the tour at $5 each are available from Jubilee Foods, Kazer Music, Hugo's Supermarket and School District 564 orchestra members.

FMS Christmas concert Nov. 30

Choral students in grades six through eight at Franklin Middle School in Thief River Falls will hold their Christmas concert 7:30 p.m. Tuesday, November 30, at the Franklin Middle School gymnasium. The orchestra and eighth grade brass quartet will also perform. The orchestra will be under the direction of Bonnie Knapp and the choir under the direction of Marcia M. Knuttila.

Admission to the concert is $2 for adults and students in grades 9 through 12, $1 for students in grades kindergarten through grade eight. Preschool children are admitted free of charge.

Students will perform a number of traditional Christmas tunes, such as "Joy to the World". There will be a number of other tunes such as: the "Star-Spangled Banner" as performed by the Sunrise Singers; "Who Is This Child?" as performed by a mass chorus; a "Baby is Born In Bethlehem", "Mary's Lullaby", "Tender Shepherd", and "Decorate the Halls" as performed by the sixth grade chorus; "Rockin the Baby", "Gloria Festiva", "Behold, A Tiny Baby!", and "Glad Noel" as performed by the seventh grade; "Joy to the World", and "Halleluja to the Newborn King" as peformed by the Sunrise Singers; and "Sing We Now of Christmas", "Silent Night", "Sing a Joyful Song of Christmas", and "Advent Gift" as performed by the eighth grade chorus; and "A Seasonal Alleluia" as performed by a mass chorus.

Sixth grade chorus soloists include: Beth Knapp, Lindsay Ehrenstrom, Rachel Hahne, Kim Almquist, Amanda Bitzegaio, Anders Brown, Rachel Mathson and Andrea Olin.

Seventh grade chorus soloists include: Wade Haviland, Marisa Holmstrom, Katie Christensen, Leif

Middle River Company gets in the spirit of Christmas

Making Christmas wreaths is part-time occupation for Petersons

by David Hill
Associate Editor

With their first year almost under their belt, 31-year-old Robbie Peterson said he has almost gotten the swing or "hang" of things. He has set aside work on a new house, put aside worries about farming, and started making Christmas wreaths.

Peterson purchased the Peterson Wreath Company of Middle River from close relatives this year. Peterson said the crops weren't very good and he had some time on his hands so he purchased the company from his aunt and her husband. Bonnie and Gary Peterson were responsible for getting the company started nearly five years ago. Robbie said they were ready to sell the business and he was "kind of interested".

At the beginning they were making only 35 Christmas wreaths a day. Their first load of balsam, harvested by hand from an area near Wannaska, also didn't go so well. Much of it was too old or just not right for their Christmas wreaths, he said.

When Peterson purchased the company he also purchased some equipment, which included a trailer, and a client list. Thirty-five wreaths a day was not going to support his eight employees or fill orders numbering in the hundreds. Peterson is a farmer who knows the meaning of hard work and seems to enjoy it. He is also not the type to sit still and let things happen.

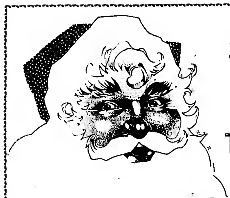
Peterson moved the business into their abandoned family farmhouse seven miles east of Middle River, assigned employees specific tasks and developed a method of mass producing Christmas wreaths.

For starters, he works long hours — sometimes 14 or more hours a day, seven days a week to be exact. He fashions himself as somewhat of a scrooge, a nickname he said his wife gave him; but, he has to be very careful how he treats his employees. His employees include his wife Kim, four-year-old son, mom and dad and close friends. Although they work in the cold of a two story farmhouse (probably to conserve on heat), his "employees" work only eight to 10-hour shifts.

Peterson said he hopefully won't have to push as hard next year. The harvest was late this year and normally he would expect to have the wreath business wrapped up. It was his first year too, and he has admittedly learned a lot — the hard way. But now, the training and hard work is paying off. Instead of 35 wreaths a day they are now making 120 wreaths a day.

Most of the wreaths made at Peterson Wreath Company are made for the Middle River sixth grade, which sells them as a fund-raising effort. Other clients include Rainbow Nursery and Nyflot Car Wash in Thief River Falls, Newfolden school, the Hallock Lion's club and a distributor in Fargo, ND. Peterson said meeting deadlines was difficult this year so he didn't do any advertising. Word of mouth, he said, gave him enough to do. Next year, he hopes to start earlier and double his orders, which might or might not be news to his employees.

This year, he expects to make 1,500 Christmas wreaths. By November 18, his company had produced over 900. His orders have to be filled, however, by December 5.



Producing Christmas wreaths is a labor-intensive industry — that is, there are many hands working to produce a wreath. Peterson purchased a permit from the DNR to cut balsam branches near Wannaska. As of November 18, he had made 13 trips to Wannaska.

Once the branches are delivered to the company, they are put into hand bundles. The number of bun-

(Continued on Page 13)

Sonny Peterson crimps a hand-made bundle of balsam branches to a form, which will eventually become a Christmas wreath. Sonny is working for his son Robbie Peterson, who owns and operates Peterson Wreaths in Middle River. Both Sonny and his father are farmers, but have found time this year to take over the wreath making business from relatives.

DEATHS

Bradley Nelson, 22

Thief River Falls - Bradley Nelson died Wednesday at United Hospital in Grand Forks, ND, at the age of 22. Funeral services for Bradley Nelson will be Monday at 2 p.m. at Faith Lutheran Brethren church in Thief River Falls. Visitation will be Sunday from 2 to p.m. at the Green Funeral Home and at the church for one hour prior to the service. Interment will be at Greenwood cemetery. There will be a complete obituary in Wednesday's edition of The Times.

Olaf Olson, 97

Thief River Falls - Funeral services for Olaf Olson, 97, have been scheduled for 2 p.m. on Saturday at the Green Funeral Home in Thief River Falls. Olaf Olson died November 22 at Valley Home in Thief River Falls. Visitation was scheduled from 1 to 9 p.m. Friday and one hour prior to the service on Saturday. Interment will be at Greenwood cemetery. There will be a complete obituary in Wednesday's edition of The Times.

Ann Proulx, 86

Red Lake Falls - Anne E. Proulx, 86, died Wednesday at Hillcrest Nursing Home in Red Lake Falls, where she had resided since February of 1990. Mass of Christian Burial for Anne Proulx will be Saturday at 9 a.m. at St. Joseph Catholic church in Red Lake Falls with Rev. Gary LaMoine officiating. Visitation was scheduled for Friday at the Petterson Funeral Home in Red Lake Falls from 5 to 7:30 p.m. with a wake service that evening at 7:30 at the funeral home. Wednesday's edition of The Times will have a complete obituary.

Vedo Plante, 92

Erskine - Vedo Plante, 92, died Tuesday evening at Hillcrest Nursing Home in Red Lake Falls. Funeral services are scheduled for Sunday at 2 p.m. at Saron Lutheran church, rural Erskine, with Rev. Lynn Kinneberg officiating.

Visitation for Vedo Plante will be Saturday at the Petterson Funeral Home in Red Lake Falls from 4 to 7:30 p.m., with a prayer service Saturday evening at 7:30 p.m. at the funeral home. There will also be visitation for one hour before the service on Saturday. The Times will have a complete obituary in Wednesday's edition of The Times.

Lorena Morris, 76

Brooks - Lorena (Mrs. Robert) Morris, 76, died Tuesday at First Care Medical Services in Fosston. Funeral services for Lorena Morris will be Saturday at 2 p.m. at Saron Lutheran church, rural Erskine, with Rev. Lynn Kinneberg officiating. Visitation will be Saturday only at the church for one hour prior to the service. The Petterson Funeral Home is in charge of arrangements. There will be a complete obituary in Wednesday's edition of The Times.

Theodore L. Underdahl, 97

Cando, ND - Theodore L. Underdahl died Sunday at Towner Memorial Hospital in Cando, ND, at the age of 97. Funeral services for Theodore Underdahl will be held Saturday at 10 a.m. at the Cando Lutheran church with Rev. Don Neumann officiating. Visitation has been scheduled for Friday from noon to 9 p.m. at the Dunnigan-Dix Funeral Home in Cando. A complete obituary will be in Wednesday's edition of The Times.

AHA wants confusion cleared up

Sound alike names constantly confuse efforts to raise money for charities. American Heart Association is one of those well-trusted organizations that often runs into problems with agencies that have similar-sounding names.

Trust and respect are hard to come by. Unfortunately, not all organizations are as trustworthy as the American Hearth Association.

One sound-alike organization currently seeking donations in Minnesota is Heart Support of America. According to the American Heart Association Magazine called "Vitality", this organization spends 70 per cent of the money it receives on fund-raising and administration, 20 per cent on public education and only 10 per cent on program activities. The AHA is not saying that Heart Support of America is not a worthwhile group. It is important, however, that people be able to distinguish the difference between the organizations. The AHA uses 33 per cent of funds on research, 28 per cent on professional and public education and 17 per cent on community service.

Many sound-alike organizations are well-respected not-for-profit agencies. Yet, it does cause confusion. The most recent list of sound-alike organizations include the following, which should not be confused with the American Heart Association:

- American Heart Disease Prevention Foundation;
- American Heart Research Foundation;
- National Heart Council;
- National Heart Savers Association;
- Heart Disease Research Foundation;
- Heartlife;
- Heart Support of America;
- Open Heart Foundation;
- National Stroke Foundation.

Individuals interested in making a donation to the American Heart Association, should look for their name and heart-and-torch logo.

LETTERS

To The Editor:

I am writing in response to the article written in the November 20 "Keeping Watch Around the Region" column written by Sherry LaCoursiere. I was disappointed to see that important details were left out. I had always throught that a fair newspaper would give a clear and accurate report on both sides of an issue.

The complaints from the county board were to the effect that the Roseau County Sheriff's department was too diligent in doing their job. They were arresting too many speeding or drinking drivers. The Sheriff and his deputies have been sworn to uphold the laws of the State of Minnesota. Can they really be expected to do anything less?

I can think of nothing worse to happen to a family than to have a beloved son or daughter killed by a speeding, drinking driver. Two families are affected—the family of the victim and the family of the person who broke the law.

I am hoping that the county board in its hindsight will reconsider their decision. I really don't think that this is the message they meant to send to the young people of Roseau county and the surrounding communities.

Thank you for letting me respond to this article. It was of special concern to me because I am the mother of Patrick Novacek. I am certain that you will deal with this matter in a fair way, and I am appreciative of this.

Sincerely,
Ida Novacek
Roseau, Minnesota

(Editor's Note: Patrick Novacek is Roseau County Sheriff.)

Opinions expressed in items from other publications may be contradictory to the editor's own views but are offered for their general interest.

Mike Freeman Off And Running....And Still Off Base

Mike Freeman came through Thief River Falls Tuesday to press the flesh of local DFL party officers and do a little drum beating for his candidacy for the governorship of Minnesota. The son of former two-term Governor Orville Freeman, Mike is one of four DFL hopefuls who have announced their candidacy for the party's endorsement to run for the state's top government executive office.

He is the second of the four, to our knowledge, to come to town in an effort to woo supporters to his cause. John Marty came through town a couple of weeks ago with the same thought in mind. There are likely to be others to follow, and return visits by most of them, especially if the endorsement appears to be within reach as caucus times come around.

Orville Freeman was governor of Minnesota for three terms from 1954 through 1959—the state's first Democrat governor since Elmer Benson in 1936. Benson was swamped by Harold Stassen in 1938, losing by 291,576 votes. Stassen served for three terms, then gave way to a succession of Republican governors including Edward Thye, Luther Youngdahl and C. Elmer Anderson.

Orville Freeman beat C. Elmer Anderson in the 1953 election and took office in 1954. He was reelected in 1955 and 1957 before losing to Elmer L. Andersen in 1959. Andersen lost in 1961 to Karl F. Rolvaag by 91 votes—619,842 to 619,751. DFLer Rolvaag was the first governor under the four-year term system, then lost in 1965 to Harold Levander.

This bit of history indicates how fragile is the political party hold on the Minnesota governorship. Republican Levander was followed by DFLer Wendell Anderson, who was followed by Republican Al Quie, who was followed by DFLer Rudy Perpich, etc.

Mike Freeman's arrival in Thief River Falls on the morning of our publication day left us virtually no time to visit with him, but we did hear him discuss a little of his philosophy and received a copy of the speech he gave in announcing his candidacy. We don't view him as a governor for northwestern Minnesota.

In his campaign announcement, he talked about his children, their security, and his involvement in the Hennepin County Attorney's office—the office that initiated the gun buying fiasco which has done so much to curb violent crime in the Twin Cities area. Please read the sarcasm in that last statement.

"We also need to come together as a community to do whatever it takes to disarm," he said in his announcement of candidacy. "Will we make a difference? Just ask the man who turned in the sawed-off shotgun his granddaughter was hiding for her gang-member boyfriend. The gun was destined for crime. Through the Drop Your Guns program I led, we collected that gun and more than 6,000 others. Those guns are no longer a threat, no longer tools for intimidation. They have been melted down into harmless metal."

That message won't sell out here in rural Minnesota. The Hennepin County Attorney's Office botched the gun buy-out by failing to record serial numbers to check for stolen weapons among other things. There is nothing to indicate the 6,000 guns purchased did anything to reduce the supply among Twin Cities criminals or gang members, and certainly the program did not curb violent crime. If it is an example of what his crime control program would be as governor, it shows an acute lack of reality and rational judgment. Those are not traits that Minnesota needs in its governor.

And While We're On The Topic Of Crime.....

"A change is coming in the way we treat juvenile offenders who repeatedly commit crimes," states Minnesota Senate Majority Leader Roger Moe of Erskine. "In recent years the Minnesota legislature has done a lot to reduce or lower grade class sizes for our youngest learners and provide job opportunities for older youths who want to succeed in life. It is now become obvious that providing a strong foundation isn't enough. A small percentage of our youth are responsible for escalating a culture of violence.

"The juvenile court system is no longer capable of helping every young person who enters it. In the majority of cases, the treatment and rehabilitation methods used in juvenile court help guide youths back onto the right course.

"However," he continued, "the number of juvenile delinquents who come through the system more than once or twice is increasing. To many of the violent and repeat offenders, the juvenile system is a joke. It is time to adopt a "Three Strikes and You're Out" attitude when it comes to habitual juvenile offenders. It is time for them to realize that there are consequences for their actions."

Sen. Moe is right about the older juveniles who have conned the court time and again and are expert at using the system. If young people are old enough to commit the types of crimes they are being charged with this day and age, they are old enough to stand trial as adults for their actions.

Letters To The Editor and Corrections

Letters To The Editor: The Times encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in The Times exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. **Signatures must appear on letters published.** The Times believes that there is greater credibility in letters signed in print and will no longer withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by The Times for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, The Times encourages readers to call it to our immediate attention at 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Early morning fire at hotel

Fire caused some damage to a room at the Thief River Hotel early Thanksgiving morning.

Fire department personnel in Thief River Falls responded to a report of a fire at 1:30 a.m. November 25 in an apartment at the Thief River Hotel. Firemen discovered a bed on fire. The bed was destroyed and there was some smoke damage. No one was injured. Fire department officials are not positive about the cause of the fire.

Viking Garden club met In Nov.

Viking Town and Country Garden club held their November meeting at the home of Hazel Olson. President Joyce Erickson presided at the meeting, leading in the reading of the creed. Roll call was answered to "What did you enjoy in your yard this summer?"

Marcella Gonsorowski read "Historic Trees of Presidents." Correspondence was read from the thirteenth district and the Dispatch from the State Horticultural society. Election of officers was held with all officers remaining in office for the coming year. Joyce Kron spoke on "Living with Deer" and ideas and remedies were suggested. Joyce Erickson presented "Attracting Birds With Sound."

Present were Joyce Erickson, Bernyce Grandstrand, Joyce Kron, Marcella Gonsorowski, Nina Halvarson, Hazel Olson and Clarice Rooker. Lunch was served by Hazel Olson.

Next meeting will be the Christmas party at the home of Joyce Erickson, day and time to be scheduled by the hostess.

REINDEER PROMOTION

For the 5 weeks before Christmas, one of Santa's Reindeer will be bringing a pre-Christmas present to our lucky contest winners. Each week the Reindeer will appear in one of the participating businesses' ads in the Northern Watch.

All you need to do is read through these ads and find which ad has the Reindeer in it. Then go into ANY PARTICIPATING business to register to win one of 3 – $25.00 Gift Certificates. These Gift Certificates can be used at any of the participating businesses. To Win, you must correctly identify which ad the Reindeer was in.

Trade Summit meetings scheduled for December 2-3 in Winnipeg

Fourth annual Red River Trade Summit will be held December 2 and 3 at the Delta Hotel in Winnipeg, Manitoba, and offers an extensive series of seminars for businesses and services interested in trade between the United States, Canada and Mexico and expanding world wide trading opportunities.

Keynote speakers will be Dr. Jack E. Peterson, president of InfoCorp of Winnipeg, part of the fast growing computer software sector in Manitoba, and Luis Miguel Romero Gonzalez of Veracruz, Mexico, operating manager of a diversified holding company based in Mexico.

Seminars will cover a variety of trade-related topics including issues in moving goods across the border, getting the best out of trade shows, issues in international technology transfer, finding and assessing international partners, working with international capital and marketing products internationally.

A Tabletop Trade Show Thursday evening, December 2, allows for direct, informational and personal conversation which is a proven method for initiating business to business networking.

For information about the Red River Trade Summit or to register contact the Red River Trade Corridor, University of Minnesota, Crookston, 208 Selvig Hall, Crookston, MN 56716, phone 281-8459 or FAX 281-8050.

What to do with those turkey leftovers - try some of these recipes for tasty main dish meals.

Use some of your leftover turkey - and leftover gravy - in this delicious dish:

TURKEY AND OYSTER PIE
2 cups diced cooked turkey
1 cup leftover turkey gravy
1 cup milk
1 cup small oysters
1 tablespoon butter
1 tablespoon flour
1 teaspoon salt
1/4 teaspoon pepper
1 tablespoon chopped parsley
1 tablespoon chopped celery
1 recipe plain pastry

Combine turkey, gravy, milk and oysters. Heat to boiling. Simmer 10 minutes or until edges of oysters curl.

Melt butter; add flour and blend. Add to turkey mixture and heat to boiling. Add seasonings, parsley and celery.

Fill 9 inch unbaked pie shell with filling. Adjust top crust.

Bake at 350 degrees until golden, about 40 minutes. Serve hot.

May top with thin cuts of jellied cranberry sauce, if desired.

Use the last of that turkey to make this dish for dinner:

TURKEY CHOWDER
1 medium onion, chopped
2 tablespoons butter
4 cups boiling water
1/4 cup rice
1 1/2 teaspoons salt
1/2 teaspoon pepper
Any amount of leftover turkey, cut into pieces
3 cups milk

Cook onion in butter until golden. Add boiling water, rice, seasonings and turkey pieces. Cover and heat to boiling.

Simmer 30 minutes, or until rice is tender. Add milk and heat. Serve hot.

This hearty casserole is made with two cups of leftover turkey:

TURKEY CORN SCALLOP
2 cups cubed, cooked turkey or chicken
1/2 cup finely chopped celery
1 (12 ounce) can whole kernel corn (1 1/2 cups)
1/4 cup chopped pimento
1 tablespoon chopped onion
1/4 cup butter or margarine
3 tablespoons flour
1 teaspoon salt
1 cup turkey stock
2 well-beaten eggs
2/3 cup buttered bread crumbs
1/4 cup grated American cheese

Arrange turkey, celery, corn and pimento in 1 1/2 quart greased baking dish.

Cook onion in hot butter until golden. Add flour and salt; blend.

Gradually add stock and cook smooth and thick, stirring constantly. Quickly stir sauce into eggs.

Pour over turkey mixture. Mix crumbs with cheese and sprinkle over top.

Bake at 350 degrees for 30 minutes.

Something fancy to look at, but good to eat, too!

DILLY TURKEY STUFFED TOMATOES
6 medium tomatoes
2 cups turkey, cooked and cubed
1 cup zucchini, grated
1/3 cup whole green onions, sliced
1/4 cup celery, chopped
1/3 cup green pepper, chopped
3 tablespoons fresh parsley, minced
2 tablespoons fresh dill, minced (1 teaspoon dried)
1/4 teaspoon garlic powder
1/4 teaspoon pepper
1/4 cup reduced calorie mayonnaise

Cut tops from tomatoes. Scoop out and discard pulp and seeds. Turn tomatoes upside down on paper towel to drain.

In medium bowl, combine remaining ingredients. Cover and refrigerate 1 to 2 hours, or overnight.

To serve, fill tomato shells with turkey mixture. If desired, garnish with sprig of fresh dill and serve on lettuce leaf.

Recipe serves 5 and each serving contains 138 calories, 15 gm protein, 5 gm fat, 127 mg sodium, 8 gm carbohydrate and 39 mg cholesterol.

Look for this reindeer and win a $25 prize

Fifteen gift certificates totaling $325 in value will be given away to *"Northern Watch"* readers through the Thief River Falls Reindeer promotion sponsored by 15 Thief River Falls business places and the *"Northern Watch."*

In each of the next five issues of the *"Watch"* the drawing of this reindeer caricature will appear in one of the advertisements of the 15 participating business places. Readers who find the drawing may go to any (or all) of those 15 businesses, complete an entry form identifying the business place in whose ad the drawing appeared, and be eligible for that week's drawing for one of three $25 gift certificates.

The reindeer will appear in a different ad in each week's *"Northern Watch"* and a new contest will be held each week. The gift certificates can be used at any of the participating businesses.

Business places participating in the promotion are Furniture Connection, Westside Motors, Purdy's Shoe Store, Corner Drug, Stylist I and Unlimited Creations, J.C. Penney, United Building Centers, Variety Sales, Pamida, Fountain of Jewels, The Jewel Box, Ace Hardware, Bjorkman's Clothing, Mr. Duane's and Annette's Fabrics.

Education of Young group plans meeting in TRF

The Northwest Chapter of Minnesota Association for the Education of Young Children will have a membership meeting Thursday, Dec. 2, at the Northwest Regional Library meeting room in Thief River Falls.

Dr. Stephen Olson will present a training on discipline in family child care programs and child care center programs. He will speak from 7 to 8 p.m. and the NWMnAEYC chapter will have a business meeting from 8 to 8:30 p.m.

NWMnAEYC serves people in Kittson, Roseau, Marshall, Pennington and Red Lake Counties who are interested in promoting the well-being of young children. People who belong to the organization are family child care providers, child care center staff, Early Childhood Family Education staff, parents, nursery school teachers, Head Start staff, kindergarten teachers, librarians and people interested in young children.

If you would like more information on the organization, contact Maureen Hams at 253-2267 or 1-800-543-7392.

Gonsorowski has scholarship

Jolene Gonsorowski, daughter of Conrad and Betty Gonsorowski of Thief River Falls and a sophomore art major at the College of Saint Benedict at St. Joseph, is a recipient of the Mary M. Roggeman scholarship for the 1993-94 academic year.

The scholarship is awarded to deserving students, according to Connie Cross, director of public information for the Catholic liberal arts college for women.

Grygla SWCD urges tree planting

Proper planning will insure that your tree planting meets your needs, reminds Kathy Zavoral, district technician with the Marshall-Beltrami Soil and Water Conservation District at Grygla.

"The site needs to be properly prepared, the correct species selected and the spacing design planned," Zavoral said. "Properly planned, tree plantings can provide many benefits."

She noted that trees beautify rural landscapes, increase property values, keep snowdrifts from forming in unwanted areas, reduce heating costs, provide food and cover for wildlife, protect livestock in winter, produce firewood, Christmas trees and other wood products, provide fruit or nuts and prevent soil erosion.

Cost-share programs are available for tree planting and site preparation through the Agricultural Stabilization and Conservation Service. For tree planning and planting assistance, and other related information, contact the Marshall-Beltrami SWCD at 294-6144.

Happy Holidays From The U.S. Postal Service!

Robbie Peterson of Middle River shows off one of his company's creations. Many of the wreaths are being made for the Middle River Sixth grade and Newfolden school for fund-raisers, but they can also be purchased at Rainbow Nursery and Nyflot Car Wash in Thief River Falls.

Lois Peterson prepares to attach a pine cone to one of the 1,500 Christmas wreaths that will be made at Peterson Wreaths of Middle River. It's a labor-intensive industry that has everyone in the Christmas spirit — even the boss and owner Robbie Peterson.

Earned Income Credit can be taken in pay

Low and moderate income workers who qualify for the federal Earned Income Credit can have part of it included in their paychecks throughout the year, rather than as a refund at the end of the year, according to the Internal Revenue Service.

Working families making less than $23,050 during 1993 will usually qualify for this tax break. A unique feature of the credit, the IRS said, is that people can get it even if they owe no tax and even if no tax was taken out of their paychecks. For that reason, most eligible families get refunds. Though the exact credit varies according to income and other factors, the average eligible family pockets more than 900 extra dollars each year.

Few workers choose to receive any part of the credit during the year. The IRS urges those eligible to consider the option of getting it in advance. To make this choice, fill out Form W-5, available from employers or the IRS, and give it to the employer.

In addition, the IRS is looking for community volunteers who can spread the word about the credit and help eligible workers claim it. Beginning in 1994, more workers, including some childless couples and individuals, will qualify. The IRS encourages employers and community groups to set up volunteer outreach and assistance programs.

For more information about setting up a volunteer program or the Earned Income Credit, call the IRS toll-free at 1-800-829-1040.

Peterson wreath-making business

(Continued from Page 1)

dles per wreath depends upon the diameter of the metal ring being used. (Metal rings, ribbon material and pine cones are purchased from a company in Minneapolis called IFAR.) There are 10 bundles in a 10-inch ring and 24 in a 24-inch ring. A crimper, an air-powered machine, then forces a strong wire around each hand-made bundle securing it to the ring. The wreath is then stored overnight in piles so branches lie flat. It gives the wreath a better appearance, Peterson said.

The next day, the wreath is trimmed and pine cones, which have been hand-painted, and ribbons, which have been hand-tied, are added. The finished product is then placed in storage awaiting pick up by customers.

Peterson said he has enjoyed his first year. He said they have had a lot of fun making the wreaths. In light of all the Christmas spirit being shared in the old family farmhouse, which smells of fresh cut pine, he said he might even shed his Christmas Scrooge image and smile. But then again, that smile might be because he's really looking forward to putting a lot of time into completing work around his home.

New school bond law saves taxpayers money

Taxpayers have already begun saving money under a change in state law that allows the state to back bonds for school districts, according to Sen. Roger Moe of Erskine. The change also offers investors increased security when they buy school bonds.

"The change this year is especially good news in small school districts that need bonding to cover the cost of facility improvement needs or short-term borrowing," Sen. Moe said.

"Many of the school districts in our part of the state are smaller than average and stand to benefit a great deal from the new state guarantee of school bonds."

Small school districts typically have a bond rating of BAA, which makes them a safe investment, Sen. Moe said. The State of Minnesota, however, has top notch bond ratings of AAA to AA, making it a blue-chip bond investment. Medium and large-sized school districts typically earn bond ratings between these two marks, somewhere near an A.

Investors in the bond market look for the lowest possible risk and are willing to take a lower yield in return. So school districts backed by the state's credit rating will pay the lowest possible interest rate over the life of the bond.

"Bonds usually are paid back over 20 or 30 years using property taxes, so the interest saving to taxpayers extend over a long time," the state senator said.

The new law is expected to get a lot of use over the next several months. There is considerable bond activity now because interest rates are so low, triggering refinancing at a very low rate. In addition, some school districts recently passed bond referenda to improve their facilities, and some others need to use short-term borrowing.

"The bond guarantee comes at virtually no risk to the State of Minnesota," Sen. Moe said. "First, no school district in this state has ever defaulted on its bonded debt obligations. Second, the law has been set up to assure the state that it will be paid back by the local school district, just in case there is a default."

Consultants from the top bond rating firms in the nation have indicated that the change in law is a good way for the state to guarantee local school bond issues without any negative impact on the state's blue-chip bond rating, Sen. Moe added.

"The bottom line is more efficient government," he said. "We will be getting the most bang for our buck, investing in the education of our children. When schools borrow money for improved educational facilities, or to make it through temporary financial difficulties, they'll pay the lowest interest cost available. And that's good news for taxpayers and students throughout Minnesota."

WATCH AROUND THE REGION

Sherry LaCoursiere

New owners take over Oklee Farmers Club

Oklee - Kai and Frances Havaas are the new owners of the Oklee Farmers Club restaurant. Kai is originally from north Norway, and sailed the world over many times as chief engineer and captain in the Merchant Marines. He has a masters degree in electrical and mechanical engineering. Frances is originally from Massachusetts where her family history dates back to Priscilla Mullen and John Alden. The Havaas and their sons, Lani, 15 and Kai, Jr., 16, plan to serve true Scandinavian meals, along with French food, due to the French heritage in the Oklee area. The Farmers Club is open from 6 a.m. to 6 p.m. Monday through Saturday, with dinner served from 11 a.m. to 6 p.m.

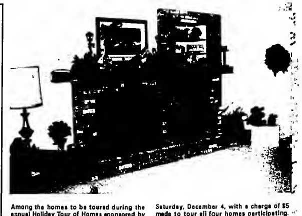
On to the county attorney

Roseau - The Roseau county commissioners are now deciding whether or not the county should have a full-time attorney rather than a part-time one. Martin Berg is presently serving as a part-time county attorney. He stated he is available to the county "24 hours a day, seven days a week." The commissioners said he is never there when they have a question. In response to Berg's statement that he is completely available to the board, they asked, "How can you be available when you're in the Cities?"

No April Fool's joke

Bagley - The Clearwater County Attorney announced that Leonard Keith Fairbanks of Ponemah has been sentenced for a term of 19 months at the Stillwater Correctional facility after having plead guilty to theft of a VCR, camera and camera equipment and a portable walkie-talkie from the the Bagley Police Station on April 1 of this year.

Thankful for turkey, thankful for everything



Lancaster - Lancaster second graders wrote on what they are thankful for this Thanksgiving. Essays are unedited.

Beth Seed said: "Be thankful on Thankgiving. I like Thankgiving very much. It is fun to have the turkey. Because I love turkey. It is real good. Do you like turkey? My Mom and Dad like turkey too."

Richie Laager said it all: "I'm thankful for my friends and family. I'm thakful for my food. I'm thankful for my homa. I'm thankful for myself. I'm thankful for my country."

December pageant

Warren - One of three girls will be crowned Miss Warren, 1993-94, in the Scholarship pageant which will be held December 5 at the Warren-Alvarado high school auditorium. Thos competing ata Melissa Jones, daughter of Rodney and Carolyn Jorgenson of Warren, Vanesse Folz, daughter of Jim and Vanessa Folz of rural Angus, and Belinda Lynne, daughter of Gladwin and Mary Lynne of Warren.

Among the homes to be toured during the annual Holiday Tour of Homes sponsored by the Friends of the Orchestra in Thief River Falls will be the home of Ron and Lindsey Ray at 1832 Robin Hood Drive. One of the features of the Ray home is this attractive fireplace wall. The tour will be held from 1:30 to 4:30 p.m. Saturday, December 4, with a charge of $5 made to tour all four homes participating. Those making the tour are asked to follow the order listed on the ticket. Refreshments will be served at the Heritage Community Center as people complete the tour and music will be presented there by student orchestra groups.

Donations for Christmas Eve dinner needed

Donations will be gladly accepted again this year for the 18th annual Christmas Eve Dinner to be served at 5 p.m. December 24 at the Evergreen Eating Emporium (formerly Lon's Restaurant) on Oakland Park Road, according to Patrick Gaffaney, organizer of the event.

The meal is provided for those who are alone on Christmas Eve, including shut-ins, transient, elderly, couples or others who have no place to go to celebrate Christmas Eve.

"It is a night of socializing and dining together, as well as having a visit from Santa Claus with special gifts for all. Transportation to and from the restaurant will be provided to those who need it for any reason.

Gaffaney said that donations will be used toward the purchase of food, paper products and small gifts. Some of the items will again be donated by business people and other community residents. Any funds remaining after expenses are paid will be donated to the Thief River Falls Area Food Shelf and the Violence Intervention Project.

Checks should be made payable to the Community Christmas Dinner and sent to the attention of Roger DeLap, City of Thief River Falls, P.O. Box 528, Thief River Falls, MN 56701.

"The entire Community Christmas Eve Dinner staff and those who attend the dinner are grateful to all donors for their generosity," Gaffaney said.

HAVE YOU SEEN THE REINDEER?

FMS Christmas concert Nov. 30

Advent Sunday Christmas Concert of sacred music in Erskine

Pioneer Memorial Care Center's fourth annual concert of sacred Christmas music is planned for Sundsy, Nov. 28, at 4 p.m. at Grace Lutheran church in Erskine.

Participants Include the Bell Choir from Clearbrook directed by Sharon Johnson, Grace Lutheran Church Choir from Erskine directed by Dale Branstner, Our Saviors Lutheran Church Choir from McIntosh directed by Garnet Aanenson and a Christmas narrative by Rev. Kwen Sanderson.

Individual selections will be provided by Hazel and Holly Jones, RaeAnn Osland and Cindy Ostenan, Lesly Tradewell and Sharon Tuenge and Kristy Evenson and Jason Breckel.

A free will offering will be taken with funds used to purchase furniture for the residents' outdoor patio area.

Woodcrafters make Christmas toys

Members of the Northland Woodcrafters will turn in toys they have made for Christmas distribution at the November meeting to be held Monday, November 29, at 7 p.m. at the Occupational Development Center on Highway 32 South.

This is the third year the group of local woodworking enthusiasts has made toys for distribution through the Violence Intervention Project. The toys will be on display at the Thief River Falls public library prior to distribution.

Anyone interested in making items from wood is invited to attend the meeting.

Hockey team hosting Section 8A Jamboree

Final preseason tune-up for area high school hockey teams will take place tonight (Saturday) when the Section 8A Jamboree will take place at the Huck Olson Memorial Civic Center in Thief River Falls.

Nine Class A varsity teams, along with the Thief River Falls junior varsity, will take part in the event. Each of the five scrimmage matchups will feature two 11-minute periods.

Joining the host Prowlers in the final dress rehearsal of the 1993-94 season will be Kittson Central, Lake of the Woods, Indus, Crookston, Red Lake Falls, Roseau, East Grand Forks, and Warroad.

A busy Thief River Falls preseason schedule featured earlier scrimmages against a variety of teams at Coleraine, Cloquet and Crookston.

The Prowlers open their regular season schedule Thursday, Dec. 2, at home against Bemidji.

Section 8A Jamboree

Saturday, Nov. 27 - (Huck Olson Memorial Civic Center) 4:50 p.m. - Kittson Central vs. Thief River Falls JV, 6 p.m. - Indus vs. Lake of the Woods, 7:10 p.m. - Crookston vs. Red Lake Falls; 8:20 p.m. - Roseau vs. East Grand Forks; 9:30 p.m. - Warroad vs. Thief River Falls

TRF girls will kick off winter sports season

Thief River Falls' 1993-94 winter sports schedule officially gets underway Tuesday when the Lincoln High School girls open their basketball season with an 8 p.m. game against Warren-Alvarado in Warren. Junior varsity game will begin at 6:15.

The Sally Wiltse-coached Prowlers will finish their preseason preparation today (Saturday) by playing host to scrimmage sessions involving Thief River Falls, Kittson Central, Cass Lake-Bena, Red Lake Falls, Badger/Greenbush-Middle River, and Warroad.

Scrimmages will be held in both Lincoln High School gyms.

Half-court scrimmages will be staged from 9:30-10:20 a.m. Full-court, running-time scrimmages will be run from 10:30 a.m. to 1:20 p.m.

There will be a $1 admission fee at the door for fans. The event is being sponsored by the Thief River Falls Backcourt Club.

It's the second preseason outing of the year for the Prowlers, who were part of a jamboree at Warren Tuesday.

Half-Court TRF Scrimmage Sessions

■ 9:30-9:50 a.m. - (main gym) Kittson Central vs. Thief River Falls, Cass Lake-Bena vs. Warroad, (auxiliary gym) Red Lake Falls vs. Badger/Greenbush-Middle River.

■ 10-10:20 a.m. - (main gym) Warroad vs. Red Lake Falls; Badger/Greenbush-Middle River vs. Kittson Central, (auxiliary gym) Thief River Falls vs. Cass Lake-Bena.

Full-Court TRF Scrimmage Sessions

■ 10:30-10:50 a.m. - (main gym) Red Lake Falls vs. Cass Lake-Bena; (auxiliary gym) Thief River Falls vs. Warroad.

■ 11-11:20 a.m. - (main gym) Badger/Greenbush-Middle River vs. Warroad, (auxiliary gym) Kittson Central vs. Cass Lake-Bena.

■ 11:30-11:50 a.m. (main gym) Thief River Falls vs. Badger/Greenbush-Middle River; (auxiliary gym) Red Lake Falls vs. Kittson Central.

■ 12-12:20 p.m. - (main gym) Red Lake Falls vs. Thief River Falls; (auxiliary gym) Warroad vs. Cass Lake-Bena.

■ 12:30-12:50 p.m. - (main gym) Badger/Greenbush-Middle River vs. Cass Lake-Bena, (auxiliary gym) Kittson Central vs. Warroad

■ 1-1:20 p.m. - (main gym) Thief River Falls vs. Kittson Central (auxiliary gym) Badger/Greenbush-Middle River vs. Red Lake Falls

TRF runners at NAIA

Heather Holmstrom and Terri Efteland of Thief River Falls were members of the Jamestown College women's cross country team that competed in the NAIA national meet in Kenosha, WI Nov. 20.

Holmstrom, a senior, turned in a career-best time in her final race – the No. 4 runner for the Jimmies and 127th overall in a field of 340.

Efteland, a junior, was the No. 5 Jamestown finisher and 205th overall.

Senior Andrea Ellanson (Apple Valley) recorded the highest national finish in Jamestown history with an All-America 20th place as three of the four seniors on the Jimmies roster had personal-best showings.

"They ran their best collegiate race in their last one," pointed out Jamestown coach Jim Clark. "They ran career times on a course that is a true cross country course. They've had outstanding careers, and especially good senior seasons."

Holmstrom earned all-conference honors this fall with a 10th place finish in the North Dakota College Athletic Conference meet. She was 18th in the NAIA District 12 race.

Efteland was 24th at the Nov. 6 District 12 meet in Rapids City, SD.

This year's NDCAC crown was the 11th for the Jimmies in 13 years of women's competition. They gained their seventh NAIA District 12 title by sharing the 1993 crown with the University of Mary.

"I'm so proud of our team," especially our seniors," said Clark. "It's hard to become a senior in collegiate cross country. It's a lot of time, effort and stress. They all ran their hearts out."

Clark called Holmstrom, who has battled injuries, the squad's most improved runner.

Thin ice warning is distributed by DNR

Minnesota Department of Natural Resources Enforcement Division warns all Minnesota residents of the dangers of early-season ice.

"Every year we have instances of people, snowmobiles and motor vehicles falling through the ice," said Capt. Byron Dyrland, DNR Regional Enforcement Supervisor at Bemidji. "People like to rush the season, or perhaps make the false assumption that new ice freezes to a uniform thickness.

"Children are especially vulnerable to thin-ice accidents," added Dyrland, "because they lack experience and their lighter weight often puts them in deeper trouble when they do break through.

"Even falling into shallow water is dangerous," explained Dyrland. "Most drowning victims in the winter actually die of hypothermia from sudden exposure to ice-cold water; and help not arriving in time."

The DNR's official position is that ice is never 100 percent safe. "You can never assume that you are safe," said Dyrland, "because ice conditions vary greatly from one place to the next and can change dramatically from one day to the next."

Natural springs and water channels, such as river inlets into lakes, can cause thin spots in the ice – the size, shape and location of which are also subject to frequent changes. Snow cover and freeze/thaw weather conditions also can adversely affect the thickness and load-bearing strength of ice.

Streams and rivers are especially hazardous. Fluctuating water levels after freeze-up can create a thin layer of surface ice that will "give way" underfoot like a trap door.

The DNR offers the following guidelines regarding the relative safety of new, clear ice:

■ Any ice two inches thick or less is not safe – stay off.

■ Four inches of new, clear, solid ice is safe for foot travel or ice fishing – but not for vehicles or heavier fishing shelters.

■ At least five inches is required to safely hold a snowmobile, all-terrain cycle, or fishing shelter.

■ Eight-to-12 inches of solid ice is necessary to support a compact car or small-sized pick-up.

■ At least 12-to-15 inches of ice is needed to support a full-sized car or pick-up truck.

Other safety tips offered by the DNR:

■ Keep a close eye on children - if your child is near the ice, you should be near your child.

■ Carry two large nails to use as ice picks to help pull yourself out if you fall through.

■ Drive with your windows down and the nearest door partially open to avoid being trapped if your car does go through the ice.

■ Don't drive on the ice at night – it's much more difficult to spot hazards and there's less chance of you being spotted and receiving help if you do have trouble.

■ Don't drink while traveling on the ice – alcohol actually hampers your body's ability to keep warm and slows your reaction time in the even of an ice emergency.

■ Stay well away from open water, and areas with "Thin Ice" warning signs.

Sports Schedule

Tuesday, Nov. 30

■ LHS girls basketball vs. Warren-Alvarado (at Warren) 6:15/8 p.m.

Wednesday, Dec. 1

■ NCC women's basketball at NDSCS-Wahpeton, 5:30 p.m.

Parent meetings are planned for TRFAHA

Thief River Falls Amateur Hockey Association (TRFAHA) parent meetings are scheduled to be held Nov. 29-Dec. 4.

Purpose of the meetings is to inform everyone how the 1993-94 TRFAHA program will be operated, and to select parents to chair the various committees which help to make each TRFAHA age group operate efficiently.

Parents are asked to make every effort to attend the meetings.

The meetings will all take place in Locker Room A at the Old Arena during regularly-scheduled practice times for the teams.

Monday, Nov. 29

■ 6 p.m. - 7-year-olds; 7 p.m. - 8-year-olds.

Tuesday, Nov. 30

■ 4:45 p.m. - Squirts Hardees; 5:15 p.m. - Squirts Pepsi; 6:30 p.m. - Squirts Bridgeman's; 7:30 p.m. - Squirts Pizza Hut.

Friday, Dec. 3

■ 4:45 p.m. - Squirts A; 5:30 p.m. - Squirts in-House; 6:30 p.m. - Squirt B.

Saturday, Dec. 4

■ 11 a.m. - 6-under Group 1; 11:45 a.m. - 6-under Group 2.

"THE AUCTION COMPANY WHO CARES!"

CONTRACT/LEASE FOR BID:
Pennington County seeks to contract or lease to a reputable company, its 10,000 ton per year solid waste facility. The county's goal, being to privatize the processing and disposal of solid waste in Pennington County. The current facility consists primarily of a processing building with equipment to handle, separate and process municipal solid waste into densified refuse derived fuel pellets, compost feed stock and separated recyclables. A second building used primarily to store the Ordf fuel pellets and recyclables and a third composting building to take the compost feed stock and process it into a finished compost product.

The county will entertain bids to lease and operate its facility in its current state or consider improvements and/or expansion of the facility if these improvements can be shown to reduce costs of waste disposal to the county. Leasors must operate and abide by all federal and state rules and regulations governing the handling of solid waste in the state of Minnesota. Pennington County reserves the right to reject any or all bids.

Persons or companies wishing to submit bids may obtain a request for proposal (RFP) from Howard Person, Pennington County Solid Waste Div., Box 616, Courthouse, Thief River Falls, MN 56701 or by calling 218-681-2118 during regular business hours. Please request the Contract/Lease option RFP. Bids must be received no later than 2:00 p.m., December 15, 1993 to be considered.

CONTRACT FOR BID:
Pennington County seeks to contract with a company or individual to provide management and labor for operation of the county's solid waste processing facility. Bids for the contract will include the cost of management of the county's 10,000 ton per year solid waste facility, all labor required to operate the plant, collection and marketing of recyclables as well as operation of the composting and Ordf processes. The successful applicant will be selected not only on bid price but on demonstrated abilities and experience to operate a solid waste facility. The county reserves the right to reject any or all bids.

Persons or companies wishing to submit bids may obtain a request for proposal (RFP) from Howard Person, Pennington County Solid Waste Div., Box 616, Courthouse, Thief River Falls, MN 56701 or by calling 218-681-2116 during regular business hours and requesting the Management and Services, RFP. Bids must be received no later than 2:00 p.m., December 16, 1993 to be considered. Pennington County is an equal opportunity employer.

FOR SALE
RECREATION LAND
The Farmers Home administration (FmHA) will be accepting sealed bids on one hundred sixty (160) acres located in the Southeast Quarter (SE1/4) of Section 9 of Township 155 North-Range 40 West in Marshall County.

This property adjoins land owned by the State of Minnesota and is five miles from the Agassiz National Wildlife Refuge.

TERMS OF THE SALE ARE CASH ONLY.
No Financing Is Provided.

All bids must be submitted on Form FmHA 1955-46 (available at any FmHA office). All bids must be accompanied by a deposit of 10% in the form of a cashier's check, certified check or money order. All bids must be submitted in a sealed envelope and marked as follows:

"SEALED BID OFFER (27-057-00021)".

This sale is subject to rights offered the former owner under Minnesota Rights of First Refusal.

SALE is subject to conservation deed restrictions which will restrict the purchaser's use of the wetlands, floodplains, highly erodible land and other special areas of the property.

The purchaser will be required to comply with the conditions of a Soil Conservation Service conservation plan.

Bids will be accepted until 1:00 p.m., Friday, December 3, 1993 at the Pennington County FmHA Office, P.O. Box 486, 1305 North Oale Street, Thief River Falls, Minnesota 56701, Phone 218-681-2843. Bidding information is available at the above office. Bid opening will be held Friday, December 3, 1993 at 3:00 p.m. at the Thief River Falls FmHA Office. Government reserves the right to reject any or all bids.
PROPERTY IS SOLD "AS IS"

FmHA IS AN EQUAL OPPORTUNITY LENDER

FmHA
FARMERS HOME ADMINISTRATION
Farm for Sale
LOCATION: Lot 4 in Section 3 and Part of Lot 1 containing 8 acres more or less in Section 4 of New Solem Township 155N-44W and Part of S1/2SW1/4 containing 3 acres more or less in Section 34 of Township 156N-44W.
PRICED TO SELL: $17,500

52 ACRE FARM INCLUDES:
- 27.6 acres tillable (Class IVe soils) with balance pasture and woodland
- 1-story farm home (24 ft. x 32 ft.)
- 30 ft. x 40 ft. Metal Pole Shed

CONSERVATION EASEMENT - SALE is subject to conservation deed restrictions which will restrict the purchaser's use of the wetlands, floodplains, highly erodible land and other special areas of the property.

SALE CONDITIONS - OFFERS/APPLICATIONS will be accepted on the farm property with priority given to applicants in the following order: 1) Socially disadvantaged beginning farmers or ranchers, 2) Beginning farmers or ranchers, 3) Socially disadvantaged operators of not larger than a family-size farm, 4) Operators of not larger than a family-size farm, 5) Operators of not larger than a family-size farms who are not in need of FmHA credit assistance on eligible rates and terms.
This sale is subject to rights offered the former owner under Minnesota Rights of First Refusal.
Sale is subject to conservation deed restrictions.
The purchaser will be required to comply with the condition of a Soil Conservation Service conservation plan.

Socially Disadvantage applicants are members of a group of which has been subject to racial or ethic prejudice without regard to their individual qualities. Information on how to qualify as a beginning farmer and other local eligibility criteria is available at the local FmHA office in Warren, MN.

FINANCING AVAILABLE - Current Farm Ownership rates and terms (maximum of 40 years) are available to qualified FmHA applicants. Rates and terms are subject to change without notice. Eligible applicants may be eligible for Limited Resource interest rates.

OFFERS MUST BE IN WRITING - on Form FmHA 1955-45 "Standard Sales Contract-Sale of Real Property by the United States," and be received by DECEMBER 10, 1993, and must be accompanied by a complete application specific to the category for which the applicant is qualified. Offers received after DECEMBER 10, 1993 will be given consideration only if offers received before DECEMBER 10, 1993 are not accepted. The Government reserves the right to cancel the sale at any time, and the right to reject any or all bids. Any application for less than $17,500 will not be accepted.

FOR ADDITIONAL INFORMATION contact Farmers Home Administration, at 105 South Division Street, P.O. Box 47, Warren, MN 56762, Telephone Number (218) 745-4401.

Olde Fashioned Christmasse Feaste at Plummer

Music department at the Plummer school involves 40 students in presenting the second annual Madrigal Dinner

Shawn Hince and Scott Lorenson, who portray the Duke and King in the upcoming Madrigal dinner at Plummer high school, were rehearsing recently.

by David Hill
Associate Editor

Plummer school students are getting ready for an old fashioned Christmas — a really Olde Fashioned Christmasse Feaste.

At 6:30 p.m. on December 12 and 13 students will present a Madrigal dinner in the school gym. Dressed as Lords and Ladies, beggars and jesters, the students will serve a complete turkey dinner, and entertain their guests. Sometime during the evening, perhaps the guests will entertain the students.

The event is a fund-raiser for the Music Boosters of Plummer. Money earned from the event will help pay for a new piano and drum set. Carol Kankel, band and choral director for grades 1 through 12 at the small school located south of Thief River Falls, will accept only some of the credit for organizing the event.

For a small school and limited budget, it's a big undertaking, said Kankel. "There's no way we could do this without parental and community support," she said.

Kankel explained that parents are donating a majority of the food. Women from the community also came in to help sew and a bunch of dads, she said, will help assemble the set. The dads will have to assemble the set the night before the event because of tournaments and various other events. And, they won't be able to transform the gym into the Great Hall until about 10:30 p.m.

The students are really excited about the Madrigal dinner. Kankel said it was difficult for them to understand what it was all about last year because it was the first time they had the Madrigal dinner.

Madrigals became very popular in the 16th and 17th centuries. In Plummer, it's two and one-half hours of eating and merriment. No time will be wasted as the entire evening is scripted (written in detail). It begins with the Royal Procession, then a wassail toast, dinner, a jesters challenge, concert, and bringing in the flaming pudding.

Music to be sure, is an important part of the Madrigal dinner. To prepare guests for the dinner and Christmas, traditional Christmas music (without being truly Madrigal) and spoken word will be used. Kankel said there will be duets, trios, a recorder concert and a brass trio. In the speaking parts, a little modern humor will be thrown in to help get the guests into the evening.

The students are a lot more comfortable about the event this year. Many of the students are from upper grades, but junior high students begged to participate this year. In all, 40 students will participate in the event. Kankel admits that she is even a little more comfortable with it this year—although during a recent practice she was observed charging about the room, red hair and all, making costume adjustments, giving directions and carrying on several conversations at the same time.

Costumes for the event came from the Make Believe Room in Grand Forks, and Two Rivers Area Theatre in Red Lake Falls. Several

(Continued on Page 2)

Amy Arlt portrays a beggar woman in Plummer high school's Madrigal dinner. The dinner performance is scheduled for December 12 and 13.

Nelson takes command of Hartz Foods ship

New president and CEO says success depends on all persons rowing in the same direction

by Marvin Lundin
Northern Watch Editor

"I get to design the ship and to choose the direction it is going to travel. Every person on the crew gets to choose his or her own color of oar. I don't care what color it is. All I want is to be sure that everyone is rowing in the same direction."

That is the message presented by Paul Nelson, newly-elected president and chief executive officer of Hartz Foods, in meeting with employees of the Thief River Falls based food wholesale company. He officially began his duties with the company November 15.

Having spent most of his lifetime in the food business from carry-out boy in a Hopkins Red Owl store to a multi-faceted administrative position in that company and major posts with other companies, Nelson is the first to admit that the food business gets in your blood and stays there forever.

"I think it's the pace," he said in an interview this week in an open corner of the second floor office space of the company which will soon be an enclosed office. "This is a fast-paced business compared to many others and there is constant decision-making. Once you have been involved in it, it's a hard habit to break."

Far from an executive suite, the office will be furnished with a number of items retrieved from around the warehouse. Nelson said he would like to find L. B. Hartz' original desk and use that. A large photo of the Hartz truck fleet has already been given a prominent place on the wall behind his present desk.

"The only reason the office is going to be enclosed and have a door on it," he said, "is so that any employees of the company can come in at any time, close the door if they want it closed, and say what they want to say. I have promised to listen and to talk about things, and I will do that. We won't always have agreement, but there will always be the opportunity to talk."

From a practical standpoint, Nelson isn't likely to be in the office much anyway. He views the telephone as a necessary convenience but he much prefers to talk to people face to face. That means that even when he is "in" he may be hard to find, because he could be visiting any area of the operation and talking with employees.

Nelson exudes optimism for the future of Hartz Foods and wastes no words in evaluating his role with the company.

"I'm not here to close it. There is no hidden or secret agenda. I'm here to help Hartz Foods grow and to make money. This company is by no means done; it isn't even close. There is a great number of small businesses who would love to have what Hartz already has. All the pieces are already here. We're not going to sit back and allow everyone to attack us. We're going to be taking the initiative."

Nelson was equally positive in his assessment of personnel.

"We have the people who know the answers," he said. "It is our intention to give people who know what they're doing the authority and the responsibility to do it."

Nelson has implemented a weekly meeting of eight key management staff members to review what is going on and what they believe

(Continued on Page 10)

New president and chief executive officer of Hartz Foods in Thief River Falls is Paul Nelson who took over his duties earlier this month.

KEEPING WATCH AROUND THE REGION

Santa Claus Day in Oklee December 11

Oklee - Santa Claus day will be celebrated in Oklee on December 11, beginning with free sleigh and pony rides for the children at 10 a.m. Mr. and Mrs. Santa Claus will appear at the community hall at 11 a.m., Ernie Storey will perform comedy and magic at the school gym at 1 p.m., and there will be contests, games, drawings and free candy later in the day.

Winter concert

Red Lake Falls - Lafayette high school bands will present their winter concert Monday, Dec. 13, at 7:30 in the high school gymnasium. As well as music by the junior and senior high school bands, there will be performances by small vocal and instrumental groups and a display by the art department.

Mr. and Mrs. Claus will be in Stephen

Stephen - Santa and Mrs. Claus will visit Stephen children on December 11 at the community center. Third grade children and older will be treated to sleigh rides at the Norman Hagen farm and should meet at the community center at 1 p.m. for bus rides to the farm. Younger children can meet with Mr. and Mrs. Claus at the community center at 1:30 p.m.

Tour of Homes

Karlstad - The homes of Terry Englund, George Koland, Jr., Willard Nordin, Ron Ruud and George Wikstrom, Jr., will be featured in the second annual Tour of Homes in Karlstad this year. The tour will be between 2 and 6 p.m. on Saturday, December 11.

County board meets with owners of Miz Ellies bar

by David Hill
Associate Editor

Pennington county board of commissioners met with owners of Miz Ellies in Goodridge Tuesday morning. The purpose of the meeting was to discuss with the owners concerns of the board over the increasing rate of incidents at the bar that require a response by law enforcement.

It was stated at the beginning that by meeting with the owners, a solution might be reached before the scheduled meeting in mid December with the liquor license holders—Lonnie Watne and Al Kiesow—who are the actual operators of Miz Ellies.

Kurt Marben, attorney for the owners, said the liquor license holders have been leasing the business on a month to month basis for the last several months. During the past year, the owners have been trying to reach a purchase agreement with Watne and Kiesow but a final agreement has not been reached. Marben said his clients would like to sell the business but had some concerns.

Marben asked, "If this scheduled hearing is held in mid-December and the decision is made by the county to revoke the liquor license of Miz Ellies, would my clients still be in a position after that hearing to obtain the liquor license from the county and reopen the bar, or would they be in a position of taking the risk that the bar would remain closed? If it would remain closed, of course, they would be in a difficult position to ever sell it and they would like to maintain it as a going concern," he said.

Commissioner Ken Murphy pointed out that there are certain responsibilities that go along with operating a liquor establishment but once activities go well beyond the acceptable standards of the community it places the license in jeopardy.

Commissioner Skip Swanson said they were trying to speed up the process by talking to owners of the building. He said he thought the board was of the opinion that the license is up at the first of the year, and one way or the other, it will not be renewed to Watne.

There appeared to be no objection, however, to the owners obtaining the liquor license and operating the facility.

There appears to be no challengers interested in obtaining the liquor license.

One of the problems, Marben said, is that if the property owners decided to give a 30-day notice to vacate the property, the owners would not be able to get into the building and begin operating the facility until the end of January.

Pennington County Sheriff Gerald Moe then distributed copies of a letter he received from the Minnesota Department of Public Safety, Liquor Control Division, which notifies Alan Kiesow and Lonnie Watne that as a result of several violations of liquor laws and "unusually high volumes of calls to Pennington county requiring police response," their liquor license was being revoked by the state. Notice was mailed November 23, which means, if they do not request a hearing and do not contest the agency action to revoke the license, they must cease doing business on December 23.

(The letter, which was defined as a notice of agency action, lists 26 incidents, beginning April 2, ranging from sales of alcoholic beverage to persons under the age of 21, as well as fights, assaults, threats, vandalism, intoxicated customers, and disorderly conduct, "which have established a pattern of an improperly managed business".)

Commissioner Murphy pointed out during the discussion that his concern was not for the license, "my concern is for the acceleration of activity that has been going on out there. . . . If somebody is hurt out there, I'm going to feel damn bad. . . ." He later stated that protection of the liquor license is not

Private conversations for tha highway dept.

Red Lake Falls - Tbe Red Lake County Highway Department has purchased a cellular telephone. Highway engineer Gary Bruggeman told the county board that the purchase would "allow us to talk in private." He said, "Now, if we have something to say that we don't want to go over the airwaves and be heard by all the private scanners, we must go to a telephone. This means some down time. I think a cellular phone will more than pay for itself." The county commissioners have asked for the bills connected with the telephone so they can make sure the telephone is paying for itself.

Oklee fire

Oklee - A storage shed behind Cyr's TV Hardware in Oklee burned down the morning of November 22. The shed contained inventory for the store and wood products and was a total loss. There will be an investigation of the incident by the state fire marshall.

"Perfectly Pregnant" program at Marvin's

Warroad - Marvin Windows has established an incentive for mothers-to-be who are affiliated with the company to have healthier pregnancies and babies. The "Perfectly Pregnant" program pays $400 to the hospital upon delivery of the baby if the participants abide by the rules of the program. Rules are that they sign a contract agreeing to avoid smoking, alcohol and drugs during their pregnancy, participate in the program's eight classes, follow a recommended diet and get adequate exercise. Classes are taught by Dawn Johnson, a registered nurse.

Fatal logging accident

Williams - Allen Lavasseur, 45, of Williams, died last Wednesday from injuries he received when a tree fell on his legs in an accident at a logging site about 12 miles north of Williams. The accident happened at 1:20 p.m. and Levasseur died later at a local hospital.

Weather-related accidents up north

Roseau - The Roseau area was inundated with minor accidents the day after Thanksgiving when the area was blanketed with five inches of snow, drizzle and wind. In one of the accidents reported, Jodi Lynn Castio, 27, driving a 1993 Mazda coupe, collided with the rear of a 1985 Dodge pickup driven by Severin Gebard Halveson, 76, also of Roseau. In another accident, Kristi Kay Stene of Warroad, driving a 1992 Chevrolet coupe, was struck by a 1993 Ford pickup driven by John Jerome Hoseheide, 48, of Baudette. Stene was treated for cuts and bruises at the Roseau Hospital. Hoscheid was not injured, but his wife, Clarice, 40, and nine-year-old daughter, Reina, were taken to the Baudette Hospital.

Erickson honored for 13 years of service

Alvarado - Former mayor Jerome Erickson was busy helping to prepare a lutefisk dinner for Alvarado's senior citizens when he was presented with a plaque for his 13 years of service to the city. Erickson retired recently because of ill health.

Prize-winning baby dill pickles produced

Kennedy - The recipe of a former Kennedy native, Kathy Earnest, has been chosen as the best baby dill pickle recipe at the Minnesota State Fair and will be the one used in Gedney's State Fair Pickles sold this year. Earnest now lives in Lindstrom. She is the daughter of Clem and Christine Dzlengel of rural Kennedy. The recipe for baby dills came from her mother and Earnest will get a little royalty for every case sold and for the use of her picture on each jar.

"Bells of Christmas" ring in Fertile Dec. 12

Fertile — The Sixth Annual Music of Christmas program by the Fertile Area Council for the Arts will be presented Sunday, December 12, at 4 p.m. at Concordia Lutheran church in Fertile. "The Bells of Christmas" will feature 40 local musicians in solos, duets, vocal and instrumental ensembles, piano-organ duets and audience participation numbers. Holiday treats, cider and coffee will be served by members of the arts council after the performance.

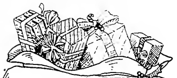
An old-fashioned time will be had by all

Oklee — Everyone in and around Oklee who likes to sing is being invited to join Zion and Xavier church choirs on Wednesday, December 8, at 7:15 p.m. at the Oklee Recreation Hall to join in an evening of old fashioned caroling. Carolers will be riding in a straw-filled hay rack pulled by horses provided by John Stoutenburgh and will serenade area homes with songs of the season. Hot chocolate will be served to carolers after the singing.

Plummer school Madrigal dinner December 12-13

(Continued from Page 1)

costumes were also hand made.



Kankel said she got the idea for the Madrigal dinner from the University of North Dakota where she went to college. She said she loves them dearly and wanted to try one at Plummer. There was so much positive feedback last year that they decided to do it again.

About half of the tickets for the two evening performances have been sold. Anyone wishing to attend the Madrigal dinner must purchase the $10 tickets from Plummer school in advance. Last year, tickets were completely sold out well in advance.

It's a wonderful way to start the season, Kankel said. It's not all rollicking fun and merriment. The event does explore the meaning of Christmas and ends leaving the audience feeling good and in a thoughtful mood.

The main characters include Shawn Hince and Karlene Jolly as the Duke and Dutchess; and Scott Lorenson and Beth Killian as the King and Queen.

Board meets with Miz Ellies owners

(Continued from Page 1)

the main concern. The issue is really the violence out there.

Without formally adopting a resolution, it was the consensus of the board to adopt a future policy or procedure to respond to problems arising from establishments or organizations required to obtain county licensing.

Following a recess for Marben to discuss with his clients what they had learned during the meeting, Marben stated that his clients intended to contact Wotne and Kiesow and try to get them out by the end of the year and get the liquor license application process under way. He said they were optimistic that the current license holders will leave voluntarily.

Board Chairman Skip Swanson said the board wanted to encourage them to do whatever they could and would give them as much leeway as possible.

One of the owners asked whether once they took over Lonnie (Watne) could act as manager of the place. After a few moments of silence, members of the board indicated that they didn't think that was a good idea.

The county board did not reach any decision about the issue. The hearing with liquor license holders, Watne and Kiesow, will still be held on December 14, and the board encouraged the owners to see what they could do to resolve the problems.

DEATHS

Wallace H. Hince, 76

Oklee — Wallace H. Hince died Tuesday at the Good Samaritan Center in Clearbrook.

Mass of Christian Burial for Wallace Hince was scheduled for 10:30 a.m. Saturday at St. Francis Xavier Catholic church in Oklee with Rev. Duane Pribula officiating.

Visitation was Friday from 3 to 7 p.m. at the Petterson Funeral Home in Oklee, with a prayer service held that evening at 7 p.m.

There will be a complete obituary in Wednesday's edition of The Times.

Obert Lindland, 95

Thief River Falls — Obert Lindland, 95, died November 29 at the CNC unit of Northwest Medical Center in Thief River Falls. Funeral services for Obert Lindland were held Friday at Zion Lutheran church with the Belmont Funeral Home in charge of arrangements. Wednesday's Times will have a complete obituary.

Arthur L. Carriere, 78

Red Lake Falls — Arthur L. Carriere, Red Lake Falls, died Wednesday at Riverview hospital in Crookston at the age of 78.

Mass of Christian Burial for Arthur Carriere will be Monday, December 6, at 2 p.m. at St. Joseph Catholic church in Red Lake Falls with Rev. Gary LaMoine officiating.

Visitation will be held Sunday from 3 to 7:30 p.m. at the Petterson Funeral Home in Red Lake Falls, with a wake service there that evening at 7:30 p.m. There will also be visitation at the church for one hour prior to the service.

There will be a complete obituary in Wednesday's edition of The Times.

51 win turkeys at TRF stores

Fifty-one holiday turkeys were given away by business places in the Thief River Falls community through the turkey promotion conducted by the *Northern Watch*. Free registration was held at the participating business places with drawings held Friday, November 26.

LETTERS

To The Editor:

Your recent editorial critical of the Brady Bill and DFL gubernatorial candidate Mike Freeman's efforts to remove guns from Minneapolis streets sounds as if you are one of those National Rifle Association (NRA) fanatics who get warm and fuzzy feelings from their guns. Fortunately the politicians of America are now beginning to listen to the people and not this radical fringe. Even Republican party politicians who in the past sold their votes to the NRA supported passage of the Brady Bdl faced with polls showing up to 90% of America behind it.

It is true that passage of the Brady Bill is only a first step in controlling firearm violence. The newly elected Republican mayors of New York and Los Angeles this past weekend called for even stronger gun control measures. *Unfortunately* the NRA *gun nuts* oppose such reasonable restrictions as bans on military assault weapons and armor piercing bullets (which can penetrate policemen's bullet proof vests). They even opposed a Virginia law limiting a person to buying one handgun a week (who needs more than that?).

The problem with crime in America isn't that Americans are inadequately armed. The NRA solution of longer prison terms rings hollow in the face of prison overcrowding and rampant early paroles. The solution to crime is certainly multifactional and includes strengthening families, curbing drug use, providing inner-city employment and controlling the availability of firearms. It appears as though radical pro-gun positions such as yours are rapidly becoming the minority view.

Sincerely,
Jim Langland, M.D.
Thief River Falls

To The Editor:

Talking Points: Beer taxes and health care reform.

Beer taxes should not be increased to help fund health care reform because:

• The federal beer tax was doubled in 1991 to a total of $3.4 billion a year....the largest beer tax increase in the nation's history.

• Beer is consumed primarily by people in their 20s and early 30s.....a group which accounts for a disproportionately low percentage of the nation's health care bill. They should not be asked to pay extra to fund national health care reform.

• Beer is not harmful if consumed as intended....responsibly. In fact, a growing body of scientific literature has found that moderate drinking can provide health benefits, including reduced risk of cardiovascular disease, for many adults.

• Beer is not responsible for rising health care costs. In fact, the U.S. leads the world's 15 industrialized nations in health care costs, but trails all but five in alcohol consumption. In recent years, America's health care costs have been increasing at an annual rate of 10%.....while every indicator of abusive drinking has steadily declined.

• Higher taxes will not be effective in reducing underage or abusive drinking. Underage persons who drink illegally are already risking arrest and loss of driving privileges. Surely any conceivable tax increase would be unlikely to dissuade them. Similarly, there is little reason to believe that chronic abusers would be made responsible by higher taxes. At most, they would shift to a lower quality, or more concentrated, form of alcoholic beverage.

Northwest Beverage, Inc., supports national health care reform. But funding for reform should not include an unfair and counterproductive beer tax increase.

Sincerely,
Shawn Newland, President
Northwest Beverage, Inc.

How To Take Credit After Placing The Blame

One of the marvels of the two-party system of government is the opportunity it provides when the parties split areas of control—such as the present situation in Minnesota where there is an IR Governor and a DFL majority in both the House and Senate. A similar circumstance existed at the federal level with the Reagan and Bush Presidencies and Democrats in control of the Congress.

The opportunity that the split in control provides is for each party to blame the other when things aren't going well and to claim credit when something good happens....or even when something good is only projected to happen. Witness the recent revelation that the state may have an unexpected surplus exceeding $400 million by July 1, 1995.

Please be advised that the surplus is only a projection and that, if it is indeed realized, it won't be until more than a year and a half from now. The forecast is for revenues to increase by $288 million above previous projections and state spending commitments to be $126 million less than previously forecast. Add $16 million in undedicated revenues from the end of the 1993 budget-setting session and the "surplus" could be $430 million.

As might be expected, there is a rising clamor among the state's administrative and legislative leaders to (a) take credit for creating the surplus—even if it doesn't yet exist—and (b) find ways to spend it, even though no one has it yet. There is no restraint nor reluctance to do both of those things.

"In just three years," assures Senate Minority Leader Dean Elton Johnson of Willmar in a recent news release, "Republican Governor Arne Carlson has brought the state budget back under control. He inherited a two billion dollar deficit; but through tough, prudent decisions, and vetoes of excessive DFL spending proposals, the state is moving back to financial stability and a AAA bond rating. This at a time when other ships of state are fighting to stay afloat."

Any question there about taking credit?

How about spending plans?

You bet!

Senator Johnson says the $430 million should be used to keep the state budget intact, help those hurt by the floods and provide a one-month tax holiday to all working Minnesotans. He says $140 million could be used to restore the state cash flow account, $40 million for tax relief to farmers and small businesses which were victims of the flood and a quarter of a billion dollars be left in the hands of Minnesota taxpayers.

Rep. Irv Anderson, House Speaker-designate as a member of the DFL majority, says he favors returning much of the surplus to the taxpayers but doesn't like the tax holiday idea. "I like to give the biggest tax relief to the poorest people in Minnesota," he said.

We tend to be more than a little skeptical of a legislative divvying up of any revenue windfall. Our tendency is to be more in line with the Minnesota Taxpayers Association, whose executive director said, "I'm not sure the taxpayers are better off getting a small amount back or better off with that money being used against future tax increases."

We're not sure, either, but it seems to make more sense to apply any accruing surplus to future needs than to parcel it out and then take it—and more—back in future tax increases.

Looking For A Safe Sport? Try Hunting

Hunting is a *safe* sport? Who are you trying to kid? Hunters use guns, don't they? Guns are death-dealing instruments of destruction, aren't they? People who own and use guns are nuts and fanatics and have no regard for the value of human life, right? Surely you *jest* when you label hunting a safe sport.

Not at all, if you can believe data compiled by the National Safety Council in its 1991 report. Based on the number of participants, injuries caused by firearms or other hunting equipment and deaths among participants rank far down the list.

Football was the most injurious of outdoor sports in 1991 with 2,171.1 injuries per 100,000 participants. There were 319,157 injuries among 14,700,000 football players.

Baseball was second most dangerous from an injury standpoint with 2,089.6 injuries per 100,000 participants. Soccer was third at 910.2.

Most popular outdoor sport is bicycle riding with 56,900,000 participants. It was the fourth most dangerous with 514,738 injuries or 904.6 per 100,000 participants. By comparison, there were 18,500,000 hunters in 1991 and 1,475 injuries caused by firearms or other equipment—only eight (8) injuries per 100,000 participants.

What was more dangerous than hunting on a likelihood of injury basis? In order of most dangerous after bicycle riding are skateboarding, horseback riding, ice skating, fishing, tennis, golf and swimming. The least dangerous of these—swimming—had an injury rate of 93.3 per 100,000 participants.....nearly 12 times the hunting injury rate.

There were 157 deaths among the 18,500,000 hunters in 1991, a rate of less than one (.85) per 100,000 participants. Everyone, including hunters themselves, would say that 157 is too many unnecessary deaths. The same can be said of any accidental deaths from any cause.

But the fact is, a hunter is 20 times more likely to be killed in a vehicle going to or coming from hunting than during the act of hunting itself. The mortality rate from automobiles is 18.6 per 100,000 people driving or riding in them—46,300 deaths from automobiles in the National Safety Council's report for 1991.

What caused more accidental deaths per 100,000 people than hunting in 1991? Home accidents (8.6), falls (5.0), poisoning (2.6), fires (1.7) and suffocation (1.3). Compared to 157 deaths from hunting, 21,500 were killed in home accidents, 12,500 in falls, 6,500 died from poisoning, 4,300 perished in fires and 3,200 died of suffocation. Lightning took 95 lives and 43 died from bee, wasp and hornet stings.

More can and should be done in education and training to make hunting an even safer sport—and more *is* being done every day, much of it supported by the nuts and fanatics who make up the rank and file membership of the National Rifle Association. The NRA does more in a day to prevent firearms deaths and injuries—through extensive research, safety education and training—than most of those who initiate or parrot its criticism do in a lifetime.

And you can take that to the bank!

Northern Watch Policies

Letters To The Editor: The staff of the Northern Watch encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in Northern Watch exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Carlson named CEO of Magnum Resources, Inc.

Robert Carlson of Bloomington has been appointed chief executive officer of Magnum Resources, Inc., of Thief River Falls and assumed his duties in mid-November.

Robert Carlson

Subsidiaries of Magnum Resources include Hydra-Mac, Inc., manufacturer and world wide distributor of Hydra-Mac skid steer loaders; Power Equipment Corporation, worldwide distributor of the Commander rubber-tracked crawler loaders; and D & E Machining, Inc. of Wahpeton, ND, a supplier of precision machining and tooling.

Carlson succeeds Jerry Salmen of Rapid City, SD, as CEO, while Salmen will continue in his position as chairman of the board. Hydra-Mac became a public company last year and is expected to release its financial results for the fiscal year ending July 31 in the next few days.

Carlson has experience as a management consultant and formerly held various sales and marketing positions with three Minneapolis-based companies: Tennant Company and Advance Machine Co., both manufacturers of industrial and commercial floor cleaning equipment; and Mammoth, a manufacturer of large custom heating and air conditioning equipment.

Plan parent involvement workshop in Newfolden

"School and Parents: Partnership for Success" is the topic for a School District 441 parent involvement workshop to be conducted Monday, December 13, at 7 p.m. at Marshall County Central high school in Newfolden.

Featured speaker will be George Liapis, science instructor at MCC, and the program is expected to be helpful for parents of all school-age children. Included will be tips for setting expectations for children, explanation of traits necessary for parents to enhance learning in their children and help in establishing an effective reward system.

Call 874-8805 to make a reservation to attend the workshop.

Literary class plans reading

Literary arts class at Lincoln high school plans a fall reading for the public on Tuesday, December 7, at 7 p.m. in the media center at Lincoln.

Students involved in the reading will be Jane Bentson, Maren Dyrud, Angie Hasnedl, Jeremy Huiteen, Jenny Schuler, Sara Tyler and Wendy Walton.

WE GLADLY ACCEPT

Students at Plummer high school were rehearsing in costumes for their Medrigal dinner when they posed for this picture. Tha dinner will be held December 12 and 13 in tha school's gym which will be transformed Into e Graet Hall. Event begins at 6:30 p.m.

County approves interim agreement with Red Lake band

by David Hill
Associate Editor

During a meeting last Tuesday, Pennington county commissioners approved an interim law enforcement agreement for cross deputization with the Red Lake band of Chippewa. The agreement would specifically affect incidents at the River Road Casino, which is operated by the band and located about seven miles south of Thief River Falls on Highway 59.

In asking for a cooperative agreement, Adrian Oman, tribal council representative, explained that similar agreements have been in existence between Warroad, Roseau and the band since 1991. He said the agreement has worked well for them in Roseau and Warroad. In those agreements, the tribe paid the county for law enforcement in lieu of taxes.

Oman and Gary Jordain, police department captain from Redlake, said there has been a general state of cooperation between Pennington county and the Red Lake band. However, without the cooperative agreement in place certain technical jurisdictional problems can arise.

Jordain used examples to explain what happens without cooperative agreements. In one incident, Jordain said, there was a fight at the casino between two non-Indians. While the incident happened on tribal property, they had no recourse in courts on the reservation or In Pennington county. He said they also had a couple of incidents where speeders were chased onto property and law enforcement from the county had no recourse.

Oman said the reservation does not want to provide a haven for criminals.

One commissioner asked about fire protection for the casino. Commissioner Charles Naplin noted that the St. Hilaire fire department had just reached an agreement with the tribe to provide fire protection. The cost for that fire protection was assessed in the same manner as rates assessed townships.

Commissioner Ken Murphy offered a motion calling for the county to enter into a cooperative agreement with the band and work out the details of a contract. While the details of the contract are being worked out, the county board approved an interim agreement between the county and band providing law enforcement protection at a rate of $20 per hour plus mileage, which is the same rate charged for events such as dances.

Gifts collected for area hospitals

"Tree of Hope" is the title of a program conducted by Ray Shefland of Bemidji in cooperation with pilots throughout the area. An anesthesiologist who is also a pilot, Shefland collects gifts for seriously ill children from birth to 18 years of age and flies them to hospitals around the area.

Gifts brought to the Thief River Aviation office at the Thief River Falls regional airport from December 6 to11 will be flown to Bemidji by Brian Barth for inclusion with Shefland's distribution.

Cash donations will be used for purchase of video games for pediatric wards. Checks can be made out to "Tree of Hope." Suggested gifts are videos, cassettes, CDs, tapes, radios, cameras, make-up, jewelry, books, T-shirts, caps and sports memorabilia.

Santa Lucia Festival Dec. 12

Linda Isaksson, a Swedish exchange student at Grand Forks Central high school, will portray Santa Lucia at the Agassiz Swedish heritage Society's seventh annual Santa Lucia Festival Sunday, December 12, at 2:30 p.m. at Zion Lutheran Church in Oslo.

Girls from Valley North high school at Oslo will be Linda's attendants. Hugo Magnuson of Grand Forks will read the Christmas story from the Bible in Swedish and Oscar Manz of Alvarado will read it in English. Swedish solos will be sung by Magnuson and Lyndon Johnson of Hallock, president of the society. An Oslo group will also present Christmas numbers.

Members of the society are asked to provide traditional Swedish goodies for the lunch. Coordinating the "Festival of Lights" will be Wayne Lindroth and Carol Quern of Oslo, Lloyd and Betty Nordling, Dolores Anderson and Oscar and Dorothy Manz of Alvarado and Matt and Lois Edman of East Grand Forks. People of all nationalities are invited and a free-will offering will be received.

According to legend, St. Lucia died a martyr to Christianity Dec. 13, 304 AD, and the Swedish Christmas season has opened with this Festival of Lights every year since 1655.

If You're Considering Refractive Eye Surgery, Here Are Five Reasons Why You'll Want to Talk to Northwest Eye Centers:
1. EXPERIENCE
2. EXPERIENCE
3. EXPERIENCE
4. EXPERIENCE
5. EXPERIENCE
Setting the Standard for Refractive Surgery Excellence, Quality Eye Care, and Patient Safety. No other eye clinics in Northwestern Minnesota have more extensive clinical experience than Northwest Eye Centers. So it comes as no surprise that we're the preferred choice among families for: comprehensive eye care, quality optical services, and refractive eye surgery.
A World-Renowned Refractive Eye Surgeon in the North Country. Dr. Richard L. Lindstrom is widely regarded as a leader in corneal, cataract, refractive, and laser eye surgery. And now, we are able to offer Dr. Lindstrom's world class corneal and refractive surgery services to our patients.
Over 3,000 Refractive Surgeries Performed. Since 1980, Dr. Lindstrom has performed more refractive procedures to correct nearsightedness, farsightedness, and [illegible] in Minnesota. The 20 minute outpatient procedure can correct vision to 20/40 or better in 90% of the cases. It's virtually painless, and most patients return to work in a couple of days.
Richard L. Lindstrom, M.D. Consultative Ophthalmology Refractive & Laser Surgery
Committed to Achieving the Best Clinical Outcome for Our Patients. Dr. Lindstrom and our eye care specialists provide the full spectrum of diagnostic and refractive surgical procedures - not just the radial keratotomy procedure. So we're able to offer patients the best refractive surgical procedure based upon their needs and lifestyle and job limitations.
A Unique Association of Optometry and Ophthalmology, Serving Northwestern Minnesota. With offices throughout Northwestern Minnesota, we're able to provide for your total eye care needs. And, our offices accept Medicare assignment for most procedures. So, whether you're interested in a new pair of glasses or contact lenses, or learning more about refractive eye surgery, stop in one of our seven convenient eye care centers today.
"Dear Dr. Lindstrom, Getting up anytime of night to answer fire calls without worrying about my eyesight is just one of the benefits I'm now enjoying following my refractive surgery. And now I am able to go to work in dusty conditions without having to worry about my contacts. Thank you, again."

Nelson takes command of Hartz ship

(Continued from Page 1)

needs to be done. Suggestions are discussed and decisions are made in the group setting. Emphasis is being placed on listening to the people who perform the work.

While attention is being directed inside the warehouse and distribution operation, importance of outside factors has not been neglected. Four meetings with Hartz Foods retailers have been planned in the next two weeks—December 8 at Fergus Falls, December 9 at Thief River Falls, December 13 at Jamestown, ND and December 14 at Bemidji.

In addition, a meeting is schedule for December 21 in Fargo, ND, to include all food brokers and direct sales people who service Hartz Foods. The meeting is "to talk about Hartz' future and success," Nelson said. "We need them and they need us. We believe it is important to discuss all aspects of those common needs."

Despite his extensive travels with Red Owl and other companies, Nelson said he had never been to Thief River Falls prior to interviewing for the position with Hartz Foods and he knew of the company by name only. He is presently living in a rental unit in Thief River Falls while working on a full-time basis.

Nelson has four children, three of whom are grown and on their own. The fourth is a 13-year-old daughter for whom he has joint custody and who is presently undecided where she will live.

A native of Hopkins, Nelson has a BA degree in English from St. John's University at Collegeville and participated in the Masters program at the University of Minnesota in 1966 and 1967. He taught in high school at Flint, MI, in 1967-68 before going into management training for retail with Red Owl Stores, Inc.

He worked in industrial engineering and frozen food merchandising before being named director of merchandising for grocery, dairy and frozen foods and later being placed in charge of pricing for Red Owl and Snyder Drug. Later he was given the added responsibility of buying for the grocery, dairy and frozen foods division.

He left Red Owl in 1982 after 14 years and took a position as director of national brands for Intersave, USA—a national house brand marketing company which was a forerunner to Rainbow Foods.

In 1984 he went back to Red Owl as director of grocery and was responsible for the buying, pricing, advertising and inventory of the $750 million wholesale/retail grocery firm.

In 1985 he became president of Hancock Nelson Foods, a $115 million food wholesaler owned by an investment group from Miami, FL. From 1987 until the present time he was CEO and president of Hancock Nelson Mercantile, Inc..

From 1989 to 1991 he was president of National Apparel, Inc. of Hopkins. He also joined in forming an accounting firm called A Counting Business in Eden Prairie.

Nelson said he had not previously been involved in operation of a cooperative such as Hartz Foods, and he had been familiarizing himself with that system even before his arrival here to take up his responsibilities. He said he views the cooperative operation only as a different form of organization and believes it presents nothing to inhibit the success of the business.

He said he expected a series of announcements involving the company to be made within several weeks as situations develop and assured that company management would be open in dealing with its employees, member stores and the community.

"Hartz has a number of fabulous stores with an extremely high degree of loyalty," he said. "We want to continue to build on that stable base.

"And the truth of the matter," he added, "is that if it isn't fun it isn't worth doing. We want to be sure that everyone involved with Hartz Foods can have fun doing it."

Earning special recognition during Tuesday's Thief River Falls high school football banquet were, front row left to right, Brian Howe, co-Most Valuable Offensive Back; Jason Hruby, Most Valuable Defensive Lineman, Tom Cat defensive point leader (lineman); John Davis, Most Valuable Player, Most Valuable Offensive Lineman, Most Valuable Linebacker, Tom Cat defensive point leader (linebackers/defensive backs); and Tony Halsa, co-Coaches Award; back row left to right, Chris Ortloff, 1993 tri-captain; Eric Dahl, Most Improved; Robby Bakken, Most Valuable Defensive Back; Lee Lund, co-Most Valuable Offensive Back; Mark Sullivan, co-Coaches Award, 1993 tri-captain; and Jeff Twomey, 1993 tri-captain.

Davis tops football awards

John Davis collected an arm full of awards Tuesday at the annual Thief River Falls post-season high school football banquet.

Davis, a 6-2, 180-pound junior, was named the Prowlers' Most Valuable Player, Most Valuable Offensive Lineman, Most Valuable Linebacker, and the Tom Cat defensive point leader among linebackers and defensive backs with single-season and career record numbers.

Jason Hruby, a 5-10, 160-pound junior, was selected as the Most Valuable Defensive Lineman and was the Tom Cat point leader in the line.

Other special awards went to senior Lee Lund and junior Brian Howe, co-Most Valuable Offensive Back; senior Robby Bakken, Most Valuable Defensive Back; senior Eric Dahl, Most Improved; senior Mark Sullivan and junior Tony Halsa, co-Coaches Award.

Plaques were given to Sullivan, Jeff Twomey and Chris Ortloff, who served as the Prowlers' 1993 captains.

Winners of the preseason conditioning Ironman Contest were introduced, including Nick Chiodo and Jason Breiland, who shared the top honor among sophomores; Hruby, the top-scoring junior; Dahl and Twomey, who tied atop the senior scoring chart. Hruby was the overall Ironman Contest winner.

Pay The Price pins, presented for 75 percent or better attendance in the summer weight room program, went to seniors Jeff Cota, Justin Kempert, Jeff Lundgren, Corey Olson, and Dahl; juniors Steve Burslie, Jason Cota, Max Radniecki, Mark Spyhalski, Davis, Halsa, and Hruby; along with sophomores Keith Anderson, Adam Fulton, Paul Gonsorowski, Eric Halvorson, Chad Hanson, Kyle Miller, Steve Rambeck, and Chiodo.

Recipients of the first-ever Prowler Football 33 Club Awards, presented to players carrying a 3.3 or better grade point average on a 4.0 scale, were Lundgren, Olson and Twomey among the seniors; juniors Adam Henney, Jason Homme, Philip Nelson, and Justin Phillips; sophomores Ryan Bendickson, Peter Johnson, Matt Lawrence, Billy Fogarty, Darren Nelson, Robbie Stack, Anderson, Chiodo, Fulton, and Rambeck.

Athletic letters went to seniors Brent Kleinvachter, Joby Looker, Alex Stoskopf, Nick Trudeau, Bakken, Cota, Dahl, Kempert, Lund, Lundgren, Olson, Ortloff, Sullivan, Twomey, and student manager Brian Minks; juniors Nathan Anderson, Ben Halbert, Eric Bjorgaard, Lee Haugen, Jon Lorenson, Luke Moe, Cayler Olson, Nathan Scott, Jacy Vettleson, Ryan Wold, Burslie, Cota, Davis, Halsa, Henney, Homme, Howe, Hruby, Nelson, Phillips, Radniecki, Spyhalski, and student manager Carlos Diaz; sophomores Aaron Ehrenstrom, Kaine Martell, John Elizondo, Breiland, Chiodo, Gonsorowski, and Miller.

Participation certificates went to sophomores Justin Brunkhorst, Chance Keefe, Brent Kragness, Josh Melby, Robby Fargo, Andy Furuseth, David Halsa, Josh Harris, Craig Huot, Chris Sorenson, Justin Stevenson, Anderson, Bendickson, Johnson, Lawrence, Fogarty, Fulton, Halvorson, Hanson, Nelson, Rambeck, and Stock.

Despite heavy graduation losses off a highly-regarded 1992 squad, the 1993 Prowlers regrouped in fine fashion, finishing 6-4 and reaching the Section 8A playoff semifinals.

Thief River Falls started 0-2 with losses to defending Class A state champion Detroit Lakes 41-6 and Class AA Alexandria 39-6, but then put together a five-game mid-season win streak by beating Wadena-Deer Creek 41-20, Staples Area 56-36, Park Rapids Area 31-6, Crookston 16-6, and Fergus Falls 23-20 in two overtimes. The win streak and regular season ended with a 13-6 loss to East Grand Forks. The Prowlers handled Crookston 38-6 in the Section 8A quarterfinals before losing another one-touchdown decision to East Grand Forks, 19-12, in the semifinals.

"We had a good year – a fun year," said Thief River Falls coach Jeff Mumm. "Our expectations maybe weren't quite as high as the year before because of the number of seniors we lost. But as the season went along and we saw just how good a football team we had become, our expectations were raised to where they had been last year. Our goal was to play Detroit Lakes in the (8A) finals at the Fargodome. We almost made it."

Ability to field a contending team despite high graduation losses is the mark of a solid football program, pointed out Mumm. "We lost a bunch of good seniors, but we came right back with another great group of seniors this year," he said. "Our seniors provided us with some outstanding leadership this year. We'll miss them. But, we'll have another group of upper classmen to lead us again next year. That's what makes a good football program."

Thief River Falls' offense was changed following the loss to Alexandria, and the straight-ahead attack that was used the rest of the season produced impressive results – the five-game win streak and school single-season records for first downs, rushing attempts and rushing yards. That despite the fact that Twomey, the starting quarterback, and Howe, the starting fullback, both were sidelined for much of the season because of injuries.

"The belly offense we used wasn't fancy, but was effective," noted Mumm. "The kids did a nice job with it."

And the Prowlers' defense, after taking its lumps early, came on strong down the stretch.

"The defense kept getting better and better as the year went along," said Mumm. "By the end of the year, our defense was the strongest part of our ball club."

Wolverines' shooting is problem in loss to MCC

A strong Goodridge/Grygla effort was sabotaged by poor shooting Thursday as the Wolverines dropped a 46-27 girls high school basketball game to Marshall County Central in Grygla.

Sixteen percent shooting from the field (9-for-57) put the Wolverines to 0-2 for the year.

"We did everything really well, except we just can't shoot," said Goodridge/Grygla coach Mike Gast. "The girls worked hard, our defense was good, we did a nice job on the boards, and we were getting good shots. We could be good if we could score."

Shooting problems carried over to the free throw line for the Wolverines, who were 9-for-19 at the line.

Marshall County Central, 1-1, was 20-for-59 from the field (34 percent) and 6-for-8 at the line.

Scoring

	1	2	3	4	T
MCC	15	13	10	8	46
Goodridge/Grygla	7	8	6	6	27

MCC - Tara Underdahl 2, Tricia Pederson 6, Shanon Magner 6, Sara Hodny 4, Sara Lakstad 15, Darlene Nelson 2, Wendy Inman 10.

G/G - Malissa Bernstein 8, Jessica Zavoral 2, Brandi Stellon 12, Andrea Pittman 1, Jamie Berndt 7.

Gators beat Warroad by 71-47 score

Badger/Greenbush-Middle River tightened up its defense after a shaky first quarter Thursday and went on to beat Warroad 71-47 in a girls high school basketball game played at Greenbush.

The two teams played to a 17-17 first quarter tie, but the Gators outscored the Warriors 54-30 the rest of the way to go 2-0 for the week and the season.

"We played some soft defense in the first quarter," admitted Gators coach Tom Neibauer. "Our man-to-man wasn't that good. We went to a zone after that. They (Warroad) didn't get that many good shots."

Sophomore Krissi Super had a 37-point game for the winners, including an 11-for-11 night at the free throw line. "Krissi is taking the ball to the basket and drawing the fouls," noted Neibauer.

Badger/Greenbush-Middle River was 27-for-56 from the field (48 percent), but missed a lot of easy shots, pointed out Neibauer. "We played pretty tired," he said.

The Gators were 17-for-23 at the free throw line, where Warroad was 6-for-11.

Scoring

	1	2	3	4	T
Warroad	17	8	12	10	47
B/G-Middle River	17	22	13	19	71

Warroad - Celene Olseth 2, Kathy Brandli 2, Tammy Knudson 8, Angie Ulwelling 5, Jamie Marvin 7, Heather Arntzen 8, Kendra Cornelissen 13, Carman Hontval 2.

B/G-MR - Sheree Nelson 2, Sara Melby 8, Jill Wilhelmi 2, Krissi Super 37, Robin Klein 4, Heather Anderson 7, Robyn Iverson 11.

■ LHS hockey at St. Paul Johnson, 7:30 p.m.

Bemidji forward Shawn Winkler scored his second goal of the game on this third period action around Thief River Falls goalie Eric Dowers during Thursday's high school hockey game at the Huck Olson Memorial Civic Center. The Lumberjacks beat the Prowlers 4-2.

1993-94 TRF hockey opener...

Lumberjacks win hockey game 4-2

Bemidji scored three goals in a 3:24 span late in the second period Thursday en route to a 4-2 high school hockey win over Thief River Falls at the Huck Olson Memorial Civic Center.

It was the 1993-94 season opener for the Prowlers. It was the second outing of the year for the Lumberjacks, who lost a 3-2 overtime decision to International Falls earlier in the week.

Thief River Falls carried a 1-0 lead – off a 20-foot Kaine Martell wrist shot at 2:44 of the second period – before the Prowlers became unglued in the final stages of the period.

A 2-on-1 Darren Olson goal tied it at 9:08; a close-in shot by Nate Dorr off a scramble in the Thief River Falls end gave Bemidji a 2-1 edge at 10:57; and a Shawn Winkler slap shot that caught the upper corner made it 3-1 at 12:32.

"We had a stretch at the end of the second period that made it really tough on us," acknowledged Thief River Falls coach Glenn Chiodo. "We made a couple of mistakes there, and then instead of playing smart hockey, we played scared."

Winkler scored again when he lifted the puck over Thief River Falls goalie Eric Dowers – who had company in the Prowlers' net at the time – at 6:38 of the third period for a three-goal Bemidji cushion.

Just 33 seconds later Tim Barry sent a Tony Halsa centering pass by Bemidji goalie John Imsande to keep the Prowlers in the game, but they couldn't close the gap down the stretch, despite having a six-on-four advantage over the final 1:42 when Dowers was pulled for an extra attacker and Bemidji was killing a penalty.

Imsande finished with 33 saves, Dowers had 27.

"We're going to get better," promised Chiodo. "We'll win some games."

Scoring

First period - none.

Second period - TRF, Kaine Martell (Nick Chiodo), 2:44; Bemidji, Darren Olson (Shawn Winkler-Bob Brink), 9:08; Bemidji, Nate Dorr (Brett Haberlin-Bohden Vedie), 10:57; Bemidji, Winkler (un.), 12:32.

Third period - Bemidji, Winkler (Ben Hopkins-Olson), 6:38; TRF, Tim Barry (Tony Halsa), 7:11.

Goalie Saves

TRF - Eric Dowers 8-12-7=27; Bemidji - John Imsande 8-11-14=33.

Pioneers lose ground at end

■ NDSCS men pull away for 98-83 basketball win

North Dakota State College of Science broke open a close game in the final minutes Wednesday to finish with a 98-83 win over Northland Community College in men's basketball at Wahpeton.

It was the 1993-94 season opener for the Pioneers, and despite the loss, head coach Mark Dannhoff was more than satisfied with the Pioneers' showing against the perennially strong Wildcats.

"We feel really good about ourselves," said Dannhoff. "Nobody expected us to win, but we almost pulled it off. If a couple of shots would have fallen, we would have been right in it down the stretch. I thought the kids did a great job."

Northland trailed only 49-48 at halftime, went ahead 74-72 with six minutes left and were still within four points with three minutes to go before missed shots, followed by NDSCS rebounds and free throws, resulted in a 15-point spread at the end.

A much-bigger NDSCS squad had a sizeable rebound advantage to offset a 42-for-70, 60 percent shooting performance from the floor by the Pioneers. Northland was 14-for-25 from three-point range.

The Wildcats' rebounding resulted in 22 more shots for the winners, who were 39-for-92 from the field (42 percent). NDSCS also had an edge at the free throw line with a 15-for-18 night, compared to the Pioneers' 5-for-11.

"I think we're going to be okay," offered Dannhoff.

Demond Watson, a 5-10 guard from Chicago, IL, led the Pioneers with a game-high 24 points. Ryan Rislov, a 6-2 forward from Badger, came off the bench to score 18. Bob Beck led NDSCS with 21 points.

Finals of the Northland men's and women's Pepsi Invitational are being played today (Saturday) involving the Pioneers, NDSU-Bottineau, Bismarck and Concordia.

Scoring

	1	2	T
Northland	48	35	83
NDSCS	49	49	98

Northland - Mitch Bernstein 9, Demond Watson 24, Chad Kujava 11, Tim Olson 3, Antonio Parker 2, Ryan Rislov 18, Ivan Hirst 8, Gary Carey 10.

NDSCS - Todd Anderson 7, Sam Willis 8, Deon Cetler 17, Kwen Heddix 8, Andy Tilman 6, John Schatz 13, Bob Beck 21, Matt Biel 6, Joel Kaczynski 14.

NDSCS wins 82-39 game against NCC

There are still a few pieces missing from the puzzle that will form the 1993-94 Northland Community College women's basketball team. When those players become healthy and/or eligible, the Pioneers will be competitive, promised head coach Rick Nikunen.

But they weren't there Wednesday when Northland opened the year in Wahpeton against the North Dakota State College of Science. The usually-strong Wildcats won 82-39.

"They're deeper and bigger than we are," pointed out Nikunen. "With their size, it was difficult to match up with them. But we'll be okay. I saw a lot of good things. At this point, we're much better than we were last year – that's a real positive."

Northland faced only a three-point deficit with five minutes left in the first half, but wound up trailing 35-19 at intermission. The Wildcats' height, and Northland's penchant for turnovers, added up to a second half rout.

"We turned the ball over way too much in the second half," said Nikunen. "We'll correct that."

Holly Orsm, a 5-8 sophomore forward from Middle River, led the Pioneers with 11 points. Shannon Smith scored 17 points to pace the winners.

Poor Northland shooting included a 14-for-61 showing from the field (23 percent) and a not-so-good 11-for-25 effort at the free throw line. The Pioneers were out-rebounded 43-35, and had 26 of the game's 36 turnovers.

Scoring

	1	2	T
Northland	19	20	39
NDSCS	35	47	82

Northland - Tia Hietala 2, Lisa Verbout 1, Denise Johnson 7, Ronda Olson 6, Holly Orsm 11, Renee Stezelewski 7, Fay Cassavant 6.

NDSCS - Kelly Deurtz 16, Shannan Smith 17, Heidi Kruse 4, Mary Knutson 8, Tenya Simonsen 7, Stacie Kentes 6, Shannon Kaspers 10, Rachel Hemmerding 6, Jody Shea 4, Erin Mathiason 6.

Bemidji 5-4 winner over TRF JV squad

Bemidji defeated Thief River Falls 5-4 Thursday in junior varsity high school hockey.

Jason Breiland scored twice for the Thief River Falls squad that overcame a 2-1 second period deficit to take a 3-2 third period lead before giving up three unanswered goals. Jared Leo and Steve Rambeck both had single goals in the Thief River Falls season opener.

Thief River Falls goalie Chance Keefe finished with 21 saves; Bemidji had 22 stops.

Lincoln freshmen girls lose openers

Grand Forks Schroeder won a pair of freshman basketball games against Thief River Falls Thursday – a 38-27 A victory and a 46-15 B decision.

Kim Stenseth led the Thief River Falls A team in its 1993-94 season opener with 8 points. Lisa Vettleson, Ann Halvorson and Kelly Clark had 4 points apiece for the Thief River Falls B team.

Award winners named at Thursday's Thief River Falls girls high school swimming banquet were, left to right, Therese Giauque, Most Valuable, Hardest Worker, 1994 captain; Marisa Holmstrom, Junior Varsity Most Improved; Myndy Olson Most Improved; Sarah Harger, Most Spirit; Andrea Olin, Junior Varsity Most Spirit; and Jennifer Olin, Coaches Award. Not pictured: Andrea Sorvig, Junior Varsity Coaches Award.

Giauque is MVP on swim team

Most valuable honors went to Theresa Giauque Thursday as the Thief River Falls girls closed out the 1993 high school swimming season with their annual awards banquet.

Giauque was also named Hardest Worker and was selected as captain of the 1994 Prowlers.

Other varsity honors went to Myndy Olson, Most Improved, Sarah Harger, Most Spirit; and Jennifer Olin, Coaches Award.

Junior varsity recognition went to Marisa Holmstrom, Most Improved; Andrea Olin, Most Spirit; and Andrea Sorvig, Coaches Award.

Athletic letters were presented to seniors Jane Benson and Lisa Ulrich; juniors Mandy Sjaaheim, Mandy Johnson, Lena Adamopoulous, Giauque, and Harger; sophomores Robin Bollesen, Rebecca Mattson, Kelly Newton, Cami Sorenson, Jennifer Olin, and Olson; freshmen Alicia Bakken, Gretchen Bataldén, Kristin Chrzanowski, Becky Harger, and Melanie Johnson; eighth graders Sunny Carlson, Wendy Lindquist, Amanda Clark, and Beth Mattson; seventh grader Nicole Kopari; and student manager Aaron Sjaaheim.

Participation certificates went to sophomores Jennifer Flynn and Tara Nesland; freshman Kelsey Stalboerger; eighth graders Rachel Dahlen, Rachelle Gilbertson, and Jenelle Gessler; seventh graders Erin Delmore, Marisa Holmstrom, Katrina Hollan, Krista Phillips, Misty Kotrba, and Kari Gebur; along with sixth graders Julie Chrzanowski, Lindsay Ehrenstrom, Beth Knapp, Rachel Mathson, Andrea Olin, Andrea Sorvig, Jennifer Sorvig, and Meghan Reed.

Wrestlers open at Larimore

A trip to Larimore, ND Tuesday for a 7 p.m. dual will begin Thief River Falls' 1993-94 high school wrestling season.

"I'm looking forward to the season," said Thief River Falls coach John Anderson. "I think we'll be improved. We've got a bunch of good athletes; we just have to teach them to wrestle."

Thief River Falls went 3-18-1 in dual meet competition last winter and fared little better in Section 8AA tournament action. But many of those duals were decided by a match or two. The Prowlers hope to win those key contests this time around.

"I think we'll be close to .500," predicted Anderson, and I would like to be in the top six at the regional (sectional) tournament. I think those are attainable goals. We're not quite ready to take on the real powers yet, but we should be able to hold our own against most of the teams we face."

Lee Nieland was the only senior on the 1992-93 squad. This year the lone-senior status goes to Jon Parish.

"We're still young, but we've got another year of experience under our belts," noted Anderson, whose program is still just a few years out of mothballs – resumed after the sport was dropped because of budget restraints. "You can only use inexperience as an excuse so long," he added. "After a while, you've got to start producing."

Parish, juniors John Davis, Steve Burslie, Dusty Eddleman, and Jason Homme; sophomores Billy Fogarty and Kyle Miller; along with freshman Luke Davis are all returning lettermen who are expected to be the Prowlers' leaders this year.

"We should be much better at the top end (heavier weights) this year," pointed out Anderson. "We're a little spotty in the middle."

For the first time, Anderson has two wrestlers challenging for the varsity heavyweight time – sophomore letterman Matt Lawrence and program newcomer Caylor Olson.

On-going team wrestle-offs will determine the Prowlers' opening night line-up. They will be at the Grand Forks Sertoma Club Dual Invitational Dec. 10-11 before making a home appearance with a Dec. 16 dual against Badger/Greenbush-Middle River, recognized as one of the top Class A teams in the state.

RLCC girls win 47-25

Red Lake County Central started strong, but struggled over the final three quarters before finishing with a 47-25 Thursday night girls high school basketball win over Mahnomen.

The Mustangs had a 17-2 lead at the end of the first quarter, but settled for a 21-11 halftime lead with a four-point second quarter slump.

"We had a nice first quarter," said Red Lake County Central coach Rick Koivisto. "It got pretty ragged after that."

Angel Mickelson scored 15 points to lead the Mustangs, who evened their first-week record at 1-1.

Red Lake County Central shot only 29 percent from the field (15-for-51) and missed 23 of 40 free throw attempts. Mahnomen had an even tougher time shooting, going 12-for-57 from the field (21 percent) and 1-for-8 at the line. The winners had a 41-38 rebound advantage.

Scoring

	1	2	3	4	T
RLCC	17	4	13	13	47
Mahnomen	2	9	8	6	25

RLCC - Amy Arll 2, Rachel Demarais 10, Farrah Brantl 13, Catherine Rosten 2, Angel Mickelson 15, Mckenzie Malwitz 5.

Mahnomen - Renita Revier 2, Sarah Olson 4, Gina Baumann 2, Darcy Pulish 1, Kim Heisinger 2, Kristie Baumann 2, Marti Hendrickson 12.

Wolverines fall to Eagles 63-38 to start season

Goodridge/Grygla paid the price for missing first quarter scoring opportunities Tuesday, losing a season-opening 63-38 girls high school basketball game at Argyle.

The Wolverines were up 11-10 after the first eight minutes, but it should have been a lot more, said Goodridge/Grygla coach Mike Gast, whose team employed an effective press, but wound up missing lay-ups after getting the turnovers.

Argyle settled down and outscored Goodridge/Grygla 53-27 the rest of the way.

"We wore down," said Gast, "and they started hitting their shots."

The Wolverines were 15-for-39 from the field (38 percent) and 8-for-17 at the free throw line. The Eagles went 26-for-65 from the field (40 percent) and 11-for-18 at the line to go along with a 34-26 rebound edge.

Scoring

	1	2	3	4	T
Goodridge/Grygla	11	10	8	9	38
Argyle	10	16	14	15	63

G/G - Jamie Berndt 5, Kristy Johnson 2, Deanna Kotrba 5, Jill Schuler 4, Melissa Bernstein 3, Jaclyn Haack 6, Andrea Pittman 7, Laura Vettleson 2.

Argyle - Angie Meiberg 11, Tricia Tulibaski 12, Tory Pietruszewski 18, Gayle Durand 12, Angela Gostanzik 6, Lindsey Bergeron 2.

Gators beat Nordics in opener

Home court held no advantage Tuesday as cold-shooting Marshall County Central lost a 56-45 season-opening girls high school basketball decision to Badger/Greenbush-Middle River.

It was an early showdown between two teams expected to battle for North Border Conference and Section 8A Sub-Section 4 titles this winter. But the Nordics shot only 27 per cent from the field (17-for-63) and just 35 per cent at the free throw line (8-for-23) – on their home court.

Remarkably, Marshall County Central was able to overcome the rim-banging to make a game of it until the fourth quarter, trailing only 35-34 heading into the final eight minutes.

"It was a pretty good game – back-and-forth – until the end," said Marshall County Central coach Tom Mjelde. "The final score didn't indicate what type of game it really was. I was pleased with the effort; we just couldn't make the ball go through the hoop. Usually we shoot pretty well in our own facility. Maybe we were just too tight facing them in the opener. The (poor) shooting was contagious. The biggest surprise was the fact we stayed that close the way we were shooting."

In a match-up of two 1,000-Point Club members, Badger/Greenbush-Middle River sophomore Krissi Super had a 30-point opener and Marshall County Central senior Sara Lokstad netted 16. Super had 23 in the second half, mostly on assists from Sara Melby.

The five Badger/Greenbush-Middle starters played the entire game, and all of them had four fouls at the end. The Gators will not have the services of starter Jessica Borgen until January because of a stress fracture.

"We had way too many fouls and some dumb turnovers," said Badger/Greenbush-Middle River coach Tom Neibauer, "but to open the season with a win at Newfolden playing just five kids – we'll take it."

The Gators were 21-for-46 from the floor (46 percent) and 11-for-18 at the line. The winners had a 31-30 rebound edge and topped the turnover figures 14-12.

Scoring

	1	2	3	4	T
B/G-Middle River	5	12	14	21	56
Marshall Co. Central	8	6	15	11	45

B/G-MR - Sheree Nelson 3, Sara Melby 13, Krissi Super 30, Heather Anderson 9, Robyn Iverson 1.

MCC - Tera Underdahl 2, Tricia Pedersen 9, Shanon Magner 5, Sara Lokstad 16, Darlene Nelson 5, Wendy Inman 1.

RLCC girls lose to Tri-County in season-opener

Turnovers and poor shooting caught up to Red Lake County Central in the second half Tuesday in a 56-34 girls high school basketball loss to Tri-County.

The Mustangs trailed only 26-20 at halftime, but lost ground in the second half in the game played at Karlstad.

"I was pleased with the first half," said Red Lake County Central coach Rick Koivisto, "but we couldn't buy a basket in the second half, and we started turning the ball over. The effort was there, but it's a little rough around the edges yet."

The Mustangs shot only 29 percent from the field for the night (12-for-41), and also had trouble at the free throw line, where they were 10-for-22.

Scoring

	1	2	3	4	T
RLCC	8	14	4	10	34
Tri-County	12	14	12	18	56

RLCC - Amy Arlt 2, Rachel Demarais 6, Farrah Brantl 4, Marci DuChamp 2, Angel Mickelson 13, Mackenzie Malwitz 7.

T-C - Melisa Collins 12, Erika Spilde 15, Beth Oldberg 2, Jeri Spilde 9, Sara Bogestad 12.

TRF girls lose basketball opener...

Offense struggles in 47-30 loss at Warren

Like a bad cold that just won't go away, poor shooting continued to plague the Thief River Falls girls Tuesday as the Prowlers opened their 1993-94 high school basketball season with a 47-30 road loss to Warren-Alvarado.

Thief River Falls shot only 31 percent from the field en route to a 10-14 finish last year. They began the new campaign with a 22 percent (11-for-50) shooting performance.

"It's just like last year," sighed Thief River Falls coach Sally Wiltse. "It's like we never took a break – it just carried over."

The Prowlers had an 18-17 edge at halftime, but were out-scored 30-12 in the second half.

The Prowlers' turnover total (29) nearly matched their point production.

"It was a little rough around the edges," acknowledged Wiltse. "There are some bugs to work out in our offense."

Warren-Alvarado was 17-for-55 from the field (31 percent) and 13-for-18 at the free throw line, where Thief River Falls had an 8-for-11 night. Carrie Lawrence grabbed 11 rebounds as the Prowlers finished with a 25-20 edge on the boards. The Ponies turned it over 26 times.

Scoring

	1	2	3	4	T
Thief River Falls	10	8	3	9	30
Warren-Alvarado	8	9	12	18	47

TRF - Toni Chiodo 7, Lisa Ulrich 4, Stef Swanson 2, Carrie Lawrence 5, Sarah Huschle 4, Kara Boughton 2, Lisa Rendulich 3

W-A - Stacy Balzum 4, Erin Aakre 7, Kellie Schmiedeberg 2, Anna Blackmun 6, Kelly Hapka 11, Ann Ellerbusch 15.

Holiday gift ideas could aid wildlife

A way to solve holiday gift-giving problems and to help wildlife at the same time is available from the Minnesota Department of Natural Resources (DNR). "*Woodworking for Wildlife*" and "*Landscaping for Wildlife*" are a pair of books designed to help people help wildlife.

The two books were written by DNR Nongame Wildlife Program Supervisor Carrol Henderson. A portion of the sales proceeds from the books is returned to the DNR Nongame Wildlife Fund.

The books are $9.95 plus 65 cents sales tax each, and $2 per order for postage and handling. The pair can be ordered for a package price of $17.95 plus sales tax and shipping. To order, call Minnesota's Bookstore in St. Paul toll free at 1-800-657-3757. Credit cards are accepted.

Weight Loss Puzzles Researcher!

WASHINGTON – A researcher at National Dietary Research was puzzled at how successful a natural food tablet had become in helping overweight people lose weight. Dr. William Morris was puzzled because the original chewable tablet formula was developed to help feed the world's undernourished people.

Some may say the weight loss is due to the natural plant colloids that Finnish scientists say interferes with the intestinal absorption of calories and Swedish scientists found to cause weight loss in spite of patients being instructed not to alter normal eating patterns. Others may say its the patented ingredient developed by the U.S. Department of Agriculture that burns the fat. But not all scientists agree with these theories so they must be considered speculation pending further study.

According to Dr. Morris, the improved formula's weight loss potential is no longer a mystery. The formula called Food Source II (FS-II) contains a powerful appetite blocker that decreases caloric absorption.

FS-II comes with a revolutionary diet plan that allows you to lose weight without giving up your favorite foods. With the FS-II Plan there are no forbidden foods and the special appetite control ingredient is one of the most effective available without a prescription.

Berkeley-Brown Labs has obtained exclusive distribution rights to FS-II. FS-II is available through pharmacies and other health care professionals.

Food Source II is available at CORNER DRUG STORE 202 La Bree Ave. N, Thief River 681-2932

Christmas vocal, piano recital Sun.

Vocal and piano students of Diane Johnson will present a Christmas recital Sunday, December 5, at 2 p.m. at Zion Lutheran church in Thief River Falls. Various arrangements of piano and vocal solos and duets will be included.

Participating will be the following students:

Kylie Donlin, daughter of Deejay and Cay Donlin; Lindsey Nordhagen, daughter of Rick and Mary Nordhagen; Jessica Wilson, daughter of Sandy and Gloria Wilson; Kelli Almquist, daughter of Rob and Mary Almquist; Christopher Lian, son of Ross and Annette Lian; Kim and Jeffery Schneider, children of Dave and Sue Schneider; and Laura Toren, daughter of Holly Steinhauer;

Also Jamie Kalsnes, daughter of Ken and Janeen Kalsnes; Anthony Wold, son of Rick and Trudi Wold; Paul Leister, son of Ted and Sharon Leister; Philip Hoks, son of Jim and Heidi Hoks; Eryn Clow, daughter of Galen and Cindy Clow; Marnie Schafer, daughter of Tom and Maryjo Schafer; and Brent Fulton, son of Jim and Deb Fulton;

Also Tiffany Lee, daughter of Dave and Diane Lee; Sarah Altepeter, daughter of Harlan and Jeannie Altepeter; Andrea Olin, daughter of Dave and Muriel Olin; Meghan Reed, daughter of Nancy Reed and Gary Reed; Dan Spielman, son of Paul and Dilene Spielman; Danae Dekkers, daughter of Will and Beverly Dekkers; Miriah Johnson, daughter of Gary and Diane Johnson; and Mya Gunderson.

All friends and relatives as well as the public are welcome to attend. A reception will follow in the church fellowship hall.

Danae Dekkers

Danae Dekkers in voice recital Tuesday, Dec. 7

A vocal music recital will be given by Danae Dekkers, daughter of Will and Beverly Dekkers of rural St. Hilaire, on Tuesday, December 7, at 7 p.m. at United Methodist Church in Thief River Falls. The public is invited and there is no admission charge.

Selections will include art songs, Italian and German repertoire, show tunes and Gospel music. She will be accompanied by her sister Jill on the piano.

A senior at Lincoln high school, Danae is a participant in the artist/mentor program sponsored through the Northwest Regional Development Commission and the recital is a result of her studies. She is a student of Diane Johnson.

Silver Seniors to have Christmas party Thursday

There will be a Silver Senior Christmas Party at St. Bernard's church Thursday, Dec. 9, from 1:30 to 3:30 p.m. There will be bingo, entertainment, lunch and door prizes. All silver seniors are welcome.

If rides are needed, call Connie at 681-5660 or Peggy at 681-5662.

School board members meet at assembly

Area school board members will participate December 6 and 7 at the 31st annual delegate assembly of the Minnesota School Boards Association to be held in Minneapolis. The 150 delegates will discuss and act on legislative resolutions.

Delegates from Area 30 are Janice Hanson of Kittson Central; Gary Anderson of Grygla-Gatzke; and Paul St. Germain of Argyle. Area 29 delegates include Jerry Larson, Climax; Michael Finkenbinder, Crookston; and Cheryl Hegg, Fertile-Beltrami.

FmHA
FARMERS HOME ADMINISTRATION
Farm for Sale

LOCATION: Lot 4 in Section 3 and Part of Lot 1 containing 6 acres more or less in Section 4 of New Solum Township 155N-44W and Part of S1/2SW1/4 containing 3 acres more or less in Section 34 of Township 156N-44W.

PRICED TO SELL: $17,500

52 ACRE FARM INCLUDES -
- 27.8 acres tillable (Class IVe soils) with balance pasture and woodland
- 1-story farm home (24 ft. x 32 ft.)
- 30 ft. x 40 ft. Metal Pole Shed

CONSERVATION EASEMENT - SALE is subject to conservation deed restrictions which will restrict the purchaser's use of the wetlands, floodplains, highly erodible land and other special areas of the property.

SALE CONDITIONS - OFFERS/APPLICATIONS will be accepted on the farm property with priority given to applicants in the following order: 1) Socially disadvantaged beginning farmers or ranchers, 2) Beginning farmers or ranchers, 3) Socially disadvantaged operators of not larger than a family-size farm, 4) Operators of not larger than a family-size farm, 5) Operators of not larger than a family-size farms who are not in need of FmHA credit assistance on eligible rates and terms.

This sale is subject to rights offered the former owner under Minnesota Rights of First Refusal.

Sale is subject to conservation deed restrictions.

The purchaser will be required to comply with the condition of a Soil Conservation Service conservation plan.

Socially Disadvantage applicants are members of a group of which has been subject to racial or ethic prejudice without regard to their individual qualities. Information on how to qualify as a beginning farmer and other local eligibility criteria is available at the local FmHA office in Warren, MN.

FINANCING AVAILABLE - Current Farm Ownership rates and terms (maximum of 40 years) are available to qualified FmHA applicants. Rates and terms are subject to change without notice. Eligible applicants may be eligible for Limited Resource interest rates.

OFFERS MUST BE IN WRITING - on Form FmHA 1955-45 "Standard Sales Contract-Sale of Real Property by the United States," and be received by DECEMBER 10, 1993, and must be accompanied by a complete application specific to the category for which the applicant is qualified. Offers received after DECEMBER 10, 1993 will be given consideration only if offers received before DECEMBER 10, 1993 are not accepted. The Government reserves the right to cancel the sale at any time, and the right to reject any or all bids. Any application for less than $17,500 will not be accepted.

FOR ADDITIONAL INFORMATION contact Farmers Home Administration, at 105 South Division Street, P.O. Box 47, Warren, MN 56762, Telephone Number (218) 745-4481.

NOTICE

Pennington County Department of Welfare and Human Services has been chosen to receive $9,221.00 to supplement emergency food and shelter programs in the area.
A local board will determine how the funds awarded to Pennington County are to be distributed among the emergency food and shelter programs run by local service organizations in the area.
Organizations chosen to receive funds must: 1) be non profit, 2) have an accounting system and conduct an annual audit, 3) practice non-discrimination, 4) have demonstrated the capability to deliver emergency food and/or shelter programs, and 5) if they are a private voluntary organization, they must have a voluntary board. Qualifying organizations are urged to apply. Deadline for application is December 10, 1993.
Further information on the program may be obtained by contacting Phyllis Schmidt, Pennington County Dept. of Welfare & Human Services, P.O. Box 340, Thief River Falls, MN 56701, 681-2880. 1t97c

KEEPING WATCH AROUND THE REGION

Sherry LaCoursiere

Items of interest exerpted from area newspapers

Dangerous ice or lack of it on Florian Lake

Stephen Messenger - Be wary of the ice at Florian Park. There may be open water or weak ice on the lake because an aeration system is being used this winter to prevent winter kill of the fish.

Little log schoolhouse will be the scene for quite a celebration

Red Lake Falls Gazette - The Prairie Queen country school of Terrebonne township, Red Lake county, will celebrate its 100th birthday in 1997. Jaime Derosier has purchased the old log school building, moved it to his own property two and one-half miles from its original location, and will be renovating it for a big centennial celebration. Anyone with information about former students of the Prairie Queen school should write him at Rural Route 1, Red Lake Falls 56750.

Snowmobile accident

Warroad Pioneer - Three people from Warroad were injured in a snowmobile accident on the Warroad river on December 4. Larry Dean Millbridge, 34, sustained chest injuries, his three-year-old son, Eric, received minor cuts and bruises, and Jason Furuseth, 21, also received minor injuries. Damage to Millbridge's Ski-Doo and the Arctic Cat that Furuseth was driving was over $500 to each vehicle.

Win-E-Mac group to appear on KTHI

Erskine Echo - The Win-E-Mac Knowledge Bowl team will appear on the KTHI Sunmart High School Challenge at 6:30 p.m. Saturday, December 11. Wendy Vig, Jerrod Hoaas, Emily Hegg, Matt Lundin, Heidi Quam, Jill Green and Loren Green are members of the team who will compete. They are coached by Arne Vesledahl.

Halma man sentenced

North Star News - Daryl Anderson, 22, of Halma, was sentenced to 21 months in the St. Cloud correctional facility last week as the result of an incident last July. Anderson plead guilty to a charge of assault in the second degree in an incident when deputies were called to the home where Anderson had threatened his father with a rifle. Anderson held sheriff's deputies at bay with the rifle prior to his apprehension. He had originally been charged with assault in the second degree, use of a police scanner in the commission of a felony and a dangerous weapon.

Get into the spirit of the holiday

Warren Sheaf - You can take part in the seventh annual Santa Lucia Festival in Oslo Sunday at 2:30 p.m. where Linda Isaksson, a Swedish exchange student at Central high school in Grand Forks, will be Santa Lucia and Swedish delicacies will be served. Then that evening at 7:30 p.m. stop off and participate in the Community Candlelight Service at Our Savior's Lutheran church in Warren where several area church choirs, a quartette, soloists, a handbell choir and youth groups will present music to put you in the Christmas spirit.

Continued On Page 2

Taitum Sorvig, 7-year-old son of Shelby and Gary Sorvig, is one of the soloists performing in the musical "Greatest Gift of All", which will be performed 7 p.m. December 16 at St. Bernard's in Thief River Falls. The musical explores what Christmas really means.

Dept. of Revenue closes Miz Ellies in Goodridge

Pennington county sheriff's department, Pennington county board of commissioners, and Minnesota department of liquor control have expressed their displeasure with incidents taking place at Miz Ellies, a lounge in Goodridge. In citing failure to pay required taxes, the Minnesota department of revenue closed Miz Ellies and seized property belonging to the operators of the establishment Thursday night.

Pennington County Sheriff Gerald Moe said the Minnesota department of revenue contacted his office at about 11:18 p.m. Thursday night and requested their assistance in the event of trouble. When law enforcement and department of revenue authorities arrived at the lounge, it was closed without incident. Posters were placed on the door that stated the property was being seized for non-payment of taxes. Locks to the doors were also changed.

Property being seized belongs to the operators of the establishment — Lonnie Waine and Al Kiesow — not the property owners. Property belonging to the property owners — Allen Berndt, Mike Schroeder and Ellie Horachek — will not be seized.

The Minnesota department of revenue agent in charge of the action being taken Thursday could not be reached for comment Friday morning. Sheriff Moe said authorities were on the premises late Thursday seizing cash and beginning an inventory of property at the premises.

Moe said license holders had been notified prior to the action taken Thursday that back taxes were owed. In addition, liquor distributors had been warned not to sell alcohol to operators of the establishment.

This is the latest in a series of steps taken, which all appear directed at closing the business. Action taken by the sheriff's department, county board, and Minnesota department of liquor control were all in response to illegal activity at or near the business that had required a law enforcement presence. Sheriff Moe estimated the number of incidents at or near 40. The Minnesota liquor control division was interested in 26 incidents. As a result, these agencies have taken a number of steps. The county board called for two meetings, one with the owners of the property and a second, a hearing with the license holders. The first meeting was held November 30 and resulted in the owners deciding to discuss the matter with the license holders with the intent of having them end their lease of the premises. At almost the same time, the Minnesota liquor control department notified license holders that their license was being revoked because of liquor law violations. That revocation would take place December 23, unless action taken by the agency was challenged by the license holders.

St. Bernard's to offer "Greatest Gift of All"

Students at St. Bernard's are rehearsing for a musical called "Greatest Gift of All", which will be performed 7 p.m. December 16. The musical, written by Janet McMahan and Bonnie Huntsinger, explores what Christmas really means.

Students grades kindergarten through six at the school are involved in the production of the program. There is no admission charge and it is open to the public. A dress rehearsal, which will be performed at 1 p.m. December 16, is also open to the public.

Soloists performing in the musical include the following: first grade — Taitum Sorvig, Taylor Breitenfeldt, and Alexandra McClaflin; third grade — Tiffany Sorenson; fourth grade — Brianna Dyer, Stacy Harbott, Nicki Amundson, and Jennifer Blazejeuski; fifth grade — Marsha Lubitz, Erin Rumdell, and Laura Schmitz; sixth grade — Jessie Altendorf, Jessi Schmaltz, Cody Wichterman, and Lance Butler. Kris LaSalle is the accompanist. The show is directed by Shelly Hammer. A reception will follow the performance.

Magnum Resources lists financial data

Magnum Resources, Inc. of Thief River Falls announced its financial results Friday, December 3, for the fiscal year ending July 31, showing net sales of $5,386,251 and net losses of $1,815,839.

The figures are based on consolidated statements of operations for the company and its wholly-owned subsidiaries—Hydra-Mac, Inc. and Power Equipment, Inc. of Thief River Falls and D&E Machining of Wahpeton, ND.

The financial report showed that Magnum Resources had total assets of $5,999,004, current liabilities of $2,899,962 and long-term obligations, less current maturity, of $186,108.

Common stock shares outstanding (not on a fully diluted basis) totaled 9,365,009 and the net loss per share (based on weighted average common share equivalents, when dilutive, of 3,823,025) was 47 cents.

Last week Magnum Resources announced the election of Robert H. Carlson of the Twin Cities area as chief executive officer, replacing Gerald W. Salmen who will remain as chairman of the board of directors.

Carlson is experienced in marketing, finance, sales, product development and business development as well as management. He worked 14 years for the Tennant Company, including four years as director of marketing from 1983 to 1987.

From 1988 to 1990 he was the sales and marketing vice president

Livestock predation by wolves a concern

Forum at Bemidji January 6 to hear complaints and suggestions

(Editor's Note: In response to the continuing unrest of rural Minnesota stock producers, a Wolf Predation Forum has been scheduled for Thursday, January 6, from 1 to 3:30 p.m. at the Holiday Inn in Bemidji. Federal and state agency officials and legislators will be in attendance at the forum facilitated by the University of Minnesota Extension Service. The following article was prepared to explain the reasons for scheduling the forum.)

by Howard Person
University of Minnesota
Extension Educator
Pennington County

Since classified as an endangered species by the U.S. Fish and Wildlife Service in 1967, Eastern Timber Wolves have received the benefits of eminent domain and have flourished in Minnesota. In fact, statewide wolf populations are now in excess of 2,000 animals. That's a vast improvement from the 1970 census reporting a 750 population.

Once persecuted nearly to extinction, present day wolves enjoy the full protection of the federal government. Those violating that protection face a $20,000 fine and up to one year's imprisonment.

As the primary carnivore of northern forests, each wolf will consume the equivalent of 15 to 20 deer annually. Unfortunately, wolves don't always limit their diet to deer. The occasional cow, sheep or horse probably tastes just as good and is a lot easier to catch.

Livestock predation is typically at its peak in early spring and late summer. The rationale is that wolf cubs are born well before whitetail fawns arrive, making livestock an attractive food supply for the new litter. Late summer peaks are explained as the time when young wolves leave the den and begin to range. Growing wolves require increasing amounts of food and the newborn fawns are now more agile and difficult to catch.

Needless to say, livestock predation by wolves continues to cause considerable anger and resentment among livestock producers. Unable

ISD 162 voters approve $12.16 million bond issue

Residents of District 162 in Bagley have voted in favor (978 to 477) of a proposed $12.16 million bond issue.

The issue went to voters on Monday, December 6. The proposed facility includes a new junior-senior high school, as well as remodeling of the present school to accommodate the kindergarten through sixth grade.

Debt service equalization (state aid) would pay for approximately half of the $12.16 million project.

The new school would be built on a 31-acre site donated by the Darst family. Architects for the project are Dana Larson Roubal and Associates. Bids may be let later this winter or early spring. It is anticipated that it will take two construction seasons to complete.

According to the Bagley Superintendent's office, voter turnout for the referendum was one of the largest in recent history of the school district.

Embassy center serves wide area need

Converted church in Fosston is "home" to 26 groups and serves some 30,000 people each year

by Sherry LaCoursiere
Northern Watch Reporter

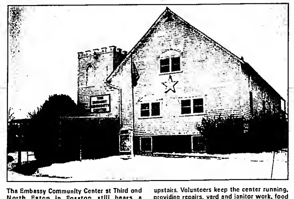
For years area newspapers have been publishing notices of all types of meetings and goings-on at the Embassy Community Center in Fosston. So what is this Embassy Center, anyway?

At one time, the center was a Spirit-filled Baptist church and it continues to be full of the Christian Spirit through its active members and volunteers. Eleven years ago the church was put up for sale and a group called the Singles Christian Fellowship Assembly, needing a place for its meetings, decided to buy it.

Several other people-oriented, people-helping organizations found the center an ideal place and came to hold their meetings there, too. Soon the building was buzzing with activities every night of the week.

The Embassy Center acts as a hub for all types of activities not only in the community of Fosston and Polk county, but all around the area. Over 30,000 people from communities in Clearwater, Beltrami, Red Lake, Pennington and Norman counties attend meetings at the center each year. Guests have visited the center from all around the world.

At the present time, 26 groups use the Embassy's facilities on a regular basis, and many more utilize it "as needed" for business meetings, seminars, workshops, parties and community events, family gatherings, special programs and presentations, fund raising activities and more. Santa Claus even chose to visit area youngsters at a pancake breakfast at the Embassy center this year.



Volunteers are the heart and soul of the Embassy Center. Without committed, caring volunteers, the center would not be what it is today. Volunteers from around the area donate their time and talents to keep the center running smoothly. They do repairs on the center, secretarial work and typing, yard work, decorating, janitor work, food and meal preparation and fetch and carry.

Verna Sather, director of the center's day care, said, "Whenever I ask anyone to help with something I hear, 'Sure, I'll come right over.' People are so willing to come and help out and they are wonderful about donating things to us, too."

Businesses and people from all around the area donate tangible items, anything they have that the center can use or re-use. Sometimes they give the center brand new things, like napkins, cups and placemats with names on them. Sometimes they give the center used things, clothing, old greeting cards, soda pop cans and flip tops.

Center volunteers seem to be magical, and can turn everything they receive into gold, in one form or another. Artistic volunteers are able to turn someone else's "trash"

(Continued on Back Page)

The Embassy Community Center at Third and North Eaton in Fosston still bears a resemblance to the Baptist church it once was, but it has become a regular meeting place for 26 groups and a place to hold various activities and events attended by people from all around northern and central Minnesota and North Dakota. Discovery Day Care is in the basement of the center, and a clothing collection depot upstairs. Volunteers keep the center running, providing repairs, yard and janitor work, food preparation for events and do fetch and carry. Various area businesses also help the center with donations of supplies and services. At the present time, funds are being raised for construction of a senior citizen center next door to the Embassy. It is expected that construction will begin on the addition in the spring.

Santa coming to St. Hilaire next Saturday

St. Hilaire - Santa will he coming to the St. Hilaire Senior Citizen Center on Saturday, December 18, at 2 p.m. The St. Hilaire Lioos will have their annual free Kids' Christmas Party with games and treats, as well as the visit with Santa.

Dec. 5 traffic accident

Northern Light - At 5:30 p.m. last Sunday, a $15 GMC pickup driveo by Gregory Plett, 19, of Stratton, Ontario, was struck by a vehicle driven by Leah Otto, 23, of Warroad. Both drivers were pinned in their vehicles by the accident. Plett was removed with Lake of the Woods county's new Jaws of Life and Otto's door was forced open with a hand-operated come-a-long tool.

Bemidji man errested on cocaine charges

Bemidji Piooeer - Fivo Bemidji men were arrested last Tuesday on charges of delivery of cocaine and conspiracy to deliver following a six moath investigation by the Minnesota Bureau of Criminal Apprehension. Arrested were Thomas Green, 23, student; Jerry Louis Collay, 30, employee of the Bemidji Parks and Recreation Department; William Burnham Tibbetts III, 34, employee with the Bureau of Indian Affairs; Chad M. Lange, 26, manager of a local retail store; and Carl Eugene Parker, 36, former teacher at the Bug-O-Nay-Ge-Shig school lo Casa Lake. BCA agent Terry Smith said "These guys were fairly significant distributors of cocaioe for this area." Pagers and cellular phones were allegedly used to receive orders from customers.

New home in Frazee is surround by indian buriel mounds

Becker County Record - When Rudy and Jan Johnson built their retirement home near Frazee, they didn't realize the land might be filled with Indian burial mounds. The Johnsoos have discovered that their eight acres of property are filled with suspected burial mounds. He said, "We started looking around and then we saw them overywhere." Johnson couoted 307 mounds oo one acre of his property. Archaeologists and other officials will be verifying the find.

Predation of livestock by wolves is an area concern

(Continued from Page 1)

to protect their charges for fear of government prosecution, stock producers must rely on the government itself to provide that protection. While, on paper, this government protection would appear to appease even the most anti-wolf advocate, in reality stock owners often feel they are at the mercy of a bungling bureaucracy.

To provide some protection from wolves, the federal Animal and Plant Health Inspection Service (APHIS) does provide a wolf damage control program. A stock producer experiencing a verified livestock loss to wolves may call upon APHIS to trap and dispose of the offending wolf (wolves). Although generally courteous, APHIS can't financially compensate stockmen for their losses nor can they be sure that the wolves they catch are the guilty animals. Both underfunded and restricted to severely limited trapping techniques, government trappers are unable to minimize livestock predation.

The State of Minnesota, recognizing the plight of affected stock producers, does provide approximately $40,000 annually to operate a compensation claim program for "livestock destroyed by an endangered species." Conducted by the Minnesota Department of Agriculture (MDA) with assistance from the Minnesota Department of Natural Resources (DNR) and Minnesota Extension Service (MES), this program can compensate owners of livestock verified as killed by timber wolves with up to $400 per animal.

Program regulations require the DNR or Extension Service be notified within 24 hours of a suspected wolf-related livestock kill. While waiting for an official inspection of the kill site, the stock owner must protect the evidence. This is often more difficult than it seems as ravenous wolves can easily consume ALL evidence (to the last hair) in a matter of hours.

If successful verification occurs, the local Extension Office provides an official declaration of the lost animal's value. All paperwork is then forwarded to the Minnesota Department of Agriculture for approval and payment. Assuming the paperwork has all its t's crossed and i's properly dotted, the producer can expect to wait from three to 18 months for payment. Improperly completed paperwork can only further delay or deny payments. To additionally complicate matters, many lost animals have a market value far greater than the $400 per animal limit—a loss the animal's owner alone must bear.

Both timber wolves and livestock will be inhabiting northern forests for the unforeseeable future. As a result, livestock predation will continue. Unable to protect their charges from these predators (unlike coyotes, bears, etc.), stock owners feel resentful toward a government providing protection that is often perceived as ineffective, insensitive, unjust and overly bureaucratic.

The general consensus among affected livestock producers is that they are being forced to bear expense, beyond a reasonable share, in the restoration of timber wolf populations.

Magnum Resources reports on finacial data for past year

(Continued from Page 1)

for Mammoth-Nortek company where he managed its sales and marketing organization. From 1990 to 1992 he was marketing vice president for Advance Machine Company where he established and managed a global value-based marketing process which improved sales and price levels.

Most recently he was principal for R. H. Carlson and Associates, a Minneapolis-based management consulting firm which developed strategic plans and value-based sales and marketing programs for a variety of Midwest clients.

Magnum's financial report describes its subsidiary operations as follows:

Hydra-Mac manufactures four models of four-wheel skid steer loaders which can do a variety of jobs that are difficult to do manually and which large machines, such as tractors, bulldozers and other construction equipment can not do because of their size and lack of maneuverability.

D&E is a precision gear manufacturer. It supplies machine parts to the company and its subsidiaries as well as many other manufacturing customers in the Midwest.

Power Equipment is responsible for the development of a new rubber tracked crawler loader under the trademarked name Commander. The commander offers all of the characteristics of skid steer loaders as well as having the advantages of a crawler. The rubber tracks have the traction normally associated with conventional steel track crawlers, however the rubber track will not leave the heavy and sometimes damaging footprint.

The combination of this skid steer loader maneuverability and crawler traction and stability has opened a variety of new markets for the company, both domestic and foreign. The company produces three models of the Commander—the Model 4200, the Model 8000 and the Model 12000.

Carlson said he hopes to develop an overall business plan that will allow the company, which Carlson believes has "truly great" products, to achieve at least a break-even level of operations during this fiscal year from a combination of increased sales, increased productivity, improved quality and a reduction of significant one-time-only expenses incurred during 1993.

LETTERS

To The Editor:

The NRA (of which I am a member) hung a banner outside its Washington, D.C. headquarters last fall that stated one simple fact: "IT'S THE *CRIMINALS*, STUPID." I'm going to elaborate, but that really is the point of this letter.

I happen to be a fanatic. At least that's what Dr. Langland (Letters, *Northern Watch*, Dec. 4, 1993) would have us believe. I don't know when this came about; certainly no one who knows me would say that. I am a fanatic because I believe my God-given right to keep and bear arms should not be infringed. Yes, that's right, God-given; the Constitution does not grant any rights whatsoever. It only affirms the inalienable rights of all people and says that this government shall not take those rights away.

Are people really naive enough to believe that a five-day waiting period will stop any crimes? California has had a 15-day waiting period for 20 years, and I'd say it obviously hasn't worked. Washington, D.C. banned handguns outright and guess what happened? Its murder rate went up 200%. Florida made it easier to get a permit to carry a concealed weapon and guess what? Its murder rate went down 20%. It would appear that crime rates go up with each new gun control law that goes into effect.

A poll conducted in prisons nationwide indicated that 100% of the inmates surveyed responded that they are more afraid of a victim with a gun than of a police officer. No wonder. When you find a victim with a gun there is no lawyer, no bail, no lengthy court proceedings, no plea bargaining, no appeals, no parole, no kidding.

As far as the NRA being opposed to every gun law that comes along, remember, if you will, that it was the NRA that supported the point-of-sale instant background check that was scoffed at by members of Congress as being far too costly (I don't know exactly when Congress became so concerned about the taxpayers money—I guess about the same time I became a fanatic).

Check your facts, doctor. The Virginia law in question is not one handgun a week, but one gun (of any configuration) a month. If such a bill is passed, what prevents the politicians from deciding that a month didn't work, so let's go for a year....lifetime....never? I suppose we could take their word that wouldn't happen. Yeah, right!

Here's an interesting bit of information. The Gun Control Act of 1968 (the foundation for all current gun laws in the U.S.) was lifted in its entirety from the Nazi Gun Law of 1938. Now there's a country with a low crime rate—Nazi Germany. Of course the crime rate was low: no one wanted to find themselves being dragged out of bed and shot in the morning by the Gestapo. If you don't believe me I can refer you to the Jews for the Preservation of Firearms Ownership, an organization with more than enough documentation to be convincing and I'm sure they'll let you know what they think of this most recent piece of legislative filth.

Remember, the founding fathers were afraid of standing armies and strong, powerful governments. That is exactly why they felt that the right to keep and bear arms was important enough to include in the Bill of Rights as the Second Amendment, not the Ninth or Tenth (not that they are any less important, but which two Amendments does everyone remember?).

If you scoff at the idea of the United States government taking on the individual citizen, refresh yourself on what happened to the Branch Davidians in Texas and the Randy Weaver family in Idaho. What kind of government tries, convicts and executes without bringing the accused to a court of law? What kind of government burns innocent children to death? What kind of government shoots a 14-year-old boy in the back? What kind of government has a sniper shoot an unarmed woman in the head while she stands on her front porch holding her baby? The same one that wants to take our guns. Certainly not the one envisioned by our founding fathers.

When drunk driving was deemed to be a rampant problem in this country did we want to ban cars? No, of course not. We got TOUGH on drunk drivers. You may say that's not a fitting comparison, but why isn't it? The car used by the drunk driver did and still does kill more people every year than guns do. You might say that it is the drunk driver's weapon. The criminal simply uses a gun, knife, baseball bat, tire iron, etc. Are those items next on your agenda, doctor? Believe it or not, there is a Philadelphia legislator who is trying to convince his colleagues that people don't kill people, Louisville Sluggers kill people.

I will guarantee you this, doctor: If you and the rest of the gun control advocates succeed in repealing the Second Amendment (and that's what it really boils down to, isn't it; just read the remarks of the Brady Bill supporters, proclaiming it as merely a starting point) without a rebellion, neither you nor I will ever write another letter to the editor again. What guarantees the First Amendment if not the Second?

Sincerely,
Matthew G. Kaushagen

Opinions

Marvin Lundin
Editor

Editorial opinion published on this page, whether locally written or re-printed from other sources is intended to stimulate thinking and discussion among our readers. Opinions expressed by the editor are his own and not necessarily those of other staff members. Opinions expressed in items from other publications may be contradictory to the editor's own views but are offered for their general interest.

We Need Convincing On The Value Of Merging Colleges, Universities

Wheels are turning as the juggernaut of what will be the merged higher education system in Minnesota churns toward the beginning of its official existence scheduled for July 1, 1995. Created by order of the Minnesota Legislature, the new system will embody the state universities, community colleges and technical colleges under one umbrella organization responsible for educating some 162,000 students at 62 colleges and universities with 21,000 employees.

Not a few Minnesotans, many of whom have been aware of the order for merger since it was enacted, are still asking a pertinent question: "Why?"

There is a strong feeling of skepticism in many quarters regarding the conglomerate system, including a substantial amount (most frequently privately expressed) within the various educational segments being merged. Many feel, and we are inclined to agree, that the problems of the separate systems—and there are some—are likely to go unsolved longer, if at all, in the embrace of the mega system than if they would receive individual attention in the present format.

Mergers generally are motivated by finances, and we understand that may be part of the motivation of the legislature in ordering this one. There is a general belief in economy of scale; that mergers will reduce duplication and therefore reduce cost. Most often that belief is a fallacy, and especially so in education. Titles may change and people move but the net result is usually another administrative layer and more meetings, travel, paperwork and bureaucracy.

We expect this will be the situation with the merged higher education system despite the best intentions and extensive effort of the Minnesota Higher Education Board (created by the legislature to carry out the merger). An indicator is a recent announcement that the merged system's chancellor—Jay Noren—has made the first appointments to his executive staff.

Appointed were a deputy chancellor, associate vice chancellor for employee relations, senior associate to the chancellor for institutional relations and a senior associate to the chancellor for institutional relations with a vice chancellor for administration and budget to be named in January. The chancellor said he will appoint 20 to 30 additional staff in the next six weeks—largely from within the three merging systems."

Chancellor Noren also said in the announcement that "the central office for the new system will be small, with as much decision-making as possible delegated to college and university leaders." There are key words here: "Small" (as in compared to what?) and "as possible" (meaning "as permitted").

In his visits to all 62 campuses which will be amalgamated, Chancellor Noren is bringing the message that his top priority will be "to maintain the identities of individual colleges and universities and their programs. This will be a mega-system, but it should not appear that way to students and to the communities surrounding each campus. Students and communities identify with colleges and universities, and with particular program offerings. We not only want to keep that, but enhance it."

Interestingly, the best way of doing that would probably be by leaving the present system intact.

So if retention of identities and programs is a top priority and 25 to 35 staff people will be making up a "small" central office, where do the economies come in."

Know what we think? We think the legislature was weary of higher education officials from every level coming to them with a hand out every session and every opportunity between sessions. By creating the mega system they restrict the lobbying to one entity doing the begging for all.

For the sake of the state's students and taxpayers, we sincerely hope this experiment is a *success*, both educationally and financially. We would like to have someone convince us of the likelihood of either.

Shaw Comments On Free Trade Views

Robert Shaw, Manager Emeritus of the Minnesota Newspaper Association, commented recently on the passage of the North American Free Trade Agreement. "I'm happy that NAFTA passed," he wrote. "The 'big' view is that nations which trade with each other, depend upon each other, generally don't go to war against each other."

He tells about taking a Caribbean cruise on a Holland-America ship which was made in France, whose officers were Dutch, whose entertainers and middle management were from the Philippines and the waiters were Indonesians. "It couldn't have worked any other way," he notes. "If the Dutch owners had staffed the ship with Dutch waiters or if American ship owners sought to hire only Americans it wouldn't have been economically feasible."

He also tells of checking clothing in a Wal-Mart store and toys, books and games in a Toys-R-Us store, finding most items foreign made. "So it's clear," he writes, "that millions of people around the world are now able, willing and highly motivated to produce high-quality items for wages one fraction of what Americans are paid to produce the same items. It's also clear that we'll snap these bargains up regardless where they come from.

Shaw concludes his "think piece" as follows:

Paul Theroux, an American travel writer, visited China recently and wrote about it in October's *Harper's* magazine, describing the enormous economic boom in China.

Seeking to learn what went on in Chinese factories, he contacted an American manager of an American-owned factory near the city of Huizhou. He didn't learn much. The American manager was openly hostile, allowing Theroux only a brief, off-the-record interview outside the factory and disclosing only that he hired 85 workers at $80 a month—good, according to Chinese standards. "We're doing very well," the American said. "On schedule....moving ahead. It's an incredible place." But he gave no information about working conditions in his factory.

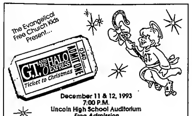
I can easily imagine American corporations (or British, German, Japanese) setting up shop in China (or Sri Lanka or Bangladesh) where there are no unnecessary burdens like child labor laws; where workers have no vacations, are paid no overtime, have no right to bargain; where the going wage is $80 a month or less; and where they make those jackets that we buy at Wal-Mart.

It's called global economics. Everybody's happy. Except, of course, the small-town merchant who used to sell American-made jackets on Main Street, or the American waiter who would like to earn more than $400 a month, or the American book-publisher who pays printers full scale with time and a half for overtime.

It's complex. I have the feeling we've heard only the first salvo in a big, big battle.

Northern Watch Policies

Letters To The Editor: The staff of the Northern Watch encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in Northern Watch exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.



Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Lordy, Lordy Look Who's "40"

Two injured in accident

Two people were injured in an accident Thursday night at the junction of Highway 59 and State Aid 3 near Thief River Falls.

At about 7 p.m. according to a Minnesota State Patrol report, two vehicles were approaching the intersection. Valentine Clarence Schill, 46, Thief River Falls, was driving a 1975 Dodge pickup south on Highway 59 and in the process of slowing to turn east onto State Aid 3 when a 1984 Ford Bronco driven by Jason Dale Dunn, 21, Bemidji, was unable to stop in time on slippery roads and collided with the rear of the vehicle driven by Schill. Schill and his passenger, his wife, Darleen Kay Schill, were taken to Northwest Medical Center in Thief River Falls. Damage to both vehicles was considered extensive. Charges are pending.

DEATHS

Victor A. Hellquist, 72

Anaheim, CA — Victor A. Hellquist died November 2 at his home at the age of 72. Funeral services were held there November 7. There will be a more complete obituary in Wednesday's edition of The Times.

Emma O. Christenson, 90

Plummer — Emma O. Christenson, 90, of Plummer, died Thursday at Northwest Medical Center in Thief River Falls. Funeral arrangements are pending with the Petterson Funeral Home of Red Lake Falls. A complete obituary will be in a later edition of The Times.

Dennis Lunden, 62

Paulsbo, WA — Dennis Lunden died December 1 at Harrison Memorial Hospital in Bremerton, WA. Interment was at Forest Lawn cemetery in Bremerton. There will be a complete obituary in Wednesday's edition of The Times.

Julia Shimpa, 91

Greenbush — Julia Shimpa died Tuesday, December 7, at the Greenbush Nursing Home at the age of 91. Funeral services for Julia Shimpa will be held Saturday at 1:30 p.m. at the United Free church in Greenbush. The Gieseke Funeral Chapel is in charge of arrangements. There will be a complete obituary in Wednesday's edition of The Times.

Raymond Culkins, 69

Plummer — Raymond Culkins, 69, died unexpectedly on December 2 upon arrival at Northwest Medical Center in Thief River Falls. Funeral services for Raymond Culkins are pending with the Green Funeral Home. A complete obituary will be in Wednesday's edition of The Times.

Christine Bratrud, 79

Walker — Christine Bratrud died at her residence in Walker on December 5 at the age of 79. Funeral services for Christine Bratrud were held Thursday at 2 p.m. at the Hope Lutheran church in Walker with Rev. David Johnson officiating. The Thomas-Dennis Funeral Home of Walker was in charge of arrangements. A complete obituary will be in Wednesday's edition of The Times.

Eleanor Olin, 79

Audubon — Eleanor L. Olin, mother of Dave Olin of Thief River Falls, died Sunday, December 5, at St. Mary's Regional Health Center in Detroit Lakes at the age of 79. Funeral services for Eleanor Olin were scheduled for Friday at 11 a.m. at First English Lutheran church in Lockhart. The West-Kjos Funeral Home is in charge of arrangements. A complete obituary will be in Wednesday's edition of The Times.

Margaret Weigelt, 85

Thief River Falls — Margaret Weigelt died Wednesday at Northwest Medical Center in Thief River Falls at the age of 85.

Visitation for Margaret Weigelt has been scheduled for Friday from 1 to 7 p.m. at the Green Funeral home. Private funeral services for family and invited friends will be Saturday, December 11, at 1 p.m. at the Green Funeral Chapel. A complete obituary will be in Wednesday's edition of The Times.

Arthur Dicken, 80

Thief River Falls — Arthur Dicken, 80, died Tuesday at Northwest Medical Center in Thief River Falls.

Funeral services were held Friday at 2 p.m. at Zion Lutheran church in Thief River Falls with the Green Funeral Home in charge of arrangements. There will be a complete obituary in Wednesday's edition of The Times.

Youths caught taking snowmobiles

Several juvenile boys are in trouble with law enforcement officials after snowmobiles were stolen Tuesday and Wednesday evening.

Wednesday noon Kurt Muzzy of Thief River Falls reported that sometime the previous evening his 1985 Polaris snowmobile had been taken from outside a residence in Riverview trailer court.

Police received a report that a second snowmobile had been taken at 7:25 p.m., Wednesday, December 8. Morris Halvorson, Thief River Falls, reported that he was working in his garage when he heard someone drive off with his 1976 Polaris Colt snowmobile.

Law enforcement officials began a search of the area and with the assistance of a Pennington county sheriff's deputy on a snowmobile, the Halvorson snowmobile was located. It had apparently been involved in an accident as it was considered a total loss. Shortly afterwards, two boys were found in a fish house on the Thief River. The two youths were implicated in the theft and information about the theft of the Muzzy snowmobile was also obtained. Juvenile delinquency petitions are being prepared against three boys, ages 13, 12 and 11, for the theft of the Halvorson snowmobile.

With information from the juveniles, the Muzzy snowmobile was located in the 500 block of South Spruce. It had run out of gas the previous evening. Sometime after the snowmobile had run out of gas the youths entered a garage and took a gas can but the snowmobile was abandoned.

Juvenile delinquency petitions are being prepared against juvenile boys ages 12, 13 and possibly a third, age 9. After being contacted, the youths allegedly admitted to taking the snowmobile.

LETTERS

To The Editor:

I am writing in response to your editorial on the "Brady Bill" and Dr. Langland's response. I am one of the individuals that the doctor characterizes as a gun nut. And by the way, I don't belong to the NRA and I do consider myself representative of most people in this community.

I am not opposed to a waiting period for the purchase of a handgun, but as the doctor freely admits it is only a first step. Just as animal rights zealots see banning of the leghold trap as the first step in the banning of hunting, fishing and the elimination of the use of animals by humans, the Brady Bill is the first step in the banning of all firearms. To get rid of guns entirely is clearly the agenda of most of the gun control fanatics.

We have tried to make a number of "bad" things illegal. One experiment was called prohibition. Should we have that again? It is now illegal to traffic in cocaine, heroin, amphetamines and a host of other illicit drugs. Has that made them any less prevalent?

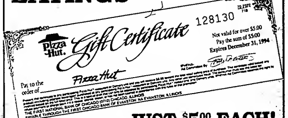
There are experts who claim that the illegality of drugs has made the drug milieu more violent. Is it the drugs which the pusher sells that are evil, the gun that he may choose to use, or is it just possibly the person who is selling drugs that is bad? The paranoia running rampant that guns are intrinsically bad and people are their reluctant pawns is bizarre to say the least.

In these times when political correctness deems it more appropriate to blame inanimate objects, one's parents, the environment, the government and just about anything else for people's behavior, we shouldn't be surprised by the kinds of laws many of the gun control extremists propose.

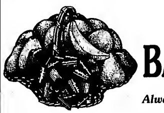
What we need to do is hold individuals accountable for their actions. If we cannot handle the responsibility for our behavior we will no longer be a free society, capable of meting out the punishment necessary to curb crime. Criminals have learned that in the justice system as we now know it, crime does pay!

Sincerely,
Gordon Forester
Thief River Falls

MN Wheat Growers name new officers



Warren Affeldt of Fosston, has been named president of the Minnesota Association of Wheat Growers (MAWG) at the organization's annual convention held recently in Fargo, ND. He replaces Noel Kjesbo of Wendell, who served a board term limit of nine years.



Jerry Nordick of Rothsay was named first vice president, and Tim Dufault of Crookston, second vice president. Pete Kappes of Ada was re-elected to the board of directors and named secretary/treasurer. Also elected to the board of directors were Lyle Christianson, Halstad, and Jerry Kruger, Warren. Others serving on the board are Donna Ulseth of Crookston, Warren Maus of Maynard and Ron Anderson of Hallock.

HOLIDAY COOKING

It is December and time for holiday cooking and baking. Make some of today's treats now and freeze for easy holiday fixing or gift-giving.

Despite all the jokes, fruitcake is still an old-time Christmas tradition in this part of the country:

JEWELED FRUITCAKE

9 ounces Brazil nuts (1 1/2 cups)
8 ounces dried apricots (2 cups)
8 ounces pitted dates (1 1/2 cups)
5 ounces red and green candied pineapple, cut into pieces (1 cup)
1 cup red and green maraschino cherries
3/4 cup flour
3/4 cup sugar
1/2 teaspoon baking powder
1/2 teaspoon salt
1 1/2 teaspoons vanilla
3 eggs

Heat oven to 300 degrees. Line loaf pan with aluminum foil and grease.

Mix all ingredients and spread in pan.

Bake about 1 3/4 hours or until toothpick inserted in center comes out clean. If necessary, cover with foil during last 30 minutes to prevent excessive browning.

Remove from pan and cool. Wrap in plastic and store in refrigerator.

Recipe serves 30.

Soupçon by Sherry LaCoursiere

If you're in the mood to try something really challenging, try this - and no, there is no yeast in this recipe:

FRUIT AND NUT STRUDEL

Strudel Dough

1 1/2 cups flour
1/2 cup lukewarm water
3 tablespoons oil
1/2 teaspoon salt
Melted butter or margarine

Mix all ingredients except margarine until flour is moistened and dough cleans sides of bowl.

Turn dough onto lightly floured surface and knead, adding flour as needed, about 10 minutes or until dough is smooth and no longer sticks to surface.

Shape dough into ball and brush with butter. Cover and let rest in warm place about 30 minutes to make easier to handle.

Filling

1 cup finely chopped walnuts
1/3 cup granulated sugar
1/2 cup peach preserves
1 package (6 ounces) diced dried fruits and raisins (1 1/4 cups)
1 tablespoon grated orange peel
1/4 cup orange juice
1/4 cup margarine or butter, melted
1/4 cup dry bread crumbs
1 tablespoon margarine or butter, softened
Powdered sugar

Prepare strudel dough. While dough is resting, cover a 3-foot square space on counter or table with large dish towel. Tuck ends under and secure with tape.

Sprinkle cloth with small amount of flour.

Mix walnuts, granulated sugar, preserves, dried fruit, orange peel and orange juice.

Heat oven to 375 degrees. Grease cookie sheet.

Roll dough 1/8 inch thick on floured cloth. Working quickly to prevent drying, place hands, palms down and close together, under dough.

Gently lift and stretch dough by moving hands apart until dough is paper thin and forms a 30- to 36-inch square. Trim edges evenly with kitchen scissors.

Brush square with 1/4 cup melted butter. Sprinkle bread crumbs in 3-inch strip along one edge to within 3 inches of edge and 2 inches of ends.

Spread filling over bread crumbs. Lift edge of cloth nearest filling with both hands, allowing 3 inch strip of plain dough to cover filling.

Roll up, lifting the cloth to help roll strudel.

Place, seam side down, in horseshoe shape, on cookie sheet. Tuck ends under to seal. Brush with softened margarine.

Bake 35 to 40 minutes or until golden. Sprinkle with powdered sugar. Cut into 1-inch slices and serve with whipped cream or ice cream, if desired.

Recipe makes about 12 servings.

Tech college to award 40 scholarships

Eight thousand dollars in the form of 40 scholarships of $200 each will be awarded to students at Northwest Technical College in Thief River Falls Wednesday, December 15, at 3 p.m. in the Northland Community College auditorium.

Public attendance at the ceremony is invited and refreshments will be served in the auditorium lobby following the scholarship presentations. Recipients will be continuing students who were in attendance at the technical college during spring quarter of 1993.

-CORRECTION-

The time in the Christmas supplement in Wednesday's Times for the presentation, "A Night to Remember" at the First Baptist church in Thief River Falls on Sunday, December 12, was listed at 4 p.m. The correct time of the presentation is 7 p.m.

Newfolden youth center gets a $50 4-H donation

To help Project Future start a youth center in Newfolden, the Viking Volcanoes 4-H club presented a check for $50 to Project Future chairman Susan Skadsem during the Marshall County Central high school education fair recently.

"We are very grateful to the Viking Volcanoes club," Skadsem said. "They all worked very hard earning their money, and for them to donate it to the youth center is really terrific!"

As a result of its needs survey earlier this year, Project Future has been involved with trying to organize a youth center for the Newfolden community.

"Everyone we talked to seemed to think that a youth center was badly needed in Newfolden," Skadsem said. "Now our job is to find enough volunteers and funds to make the youth center a reality.

She said that the organization obtained four new volunteers during the education fair but needs many more to get the center started. Persons who enjoy being with teenagers and have a little time to give are asked to contact Skadsem at the Hardware Hank store in Newfolden.

"Volunteers are needed to research, organize, establish and run the youth center," she said. "A director or chairperson is also being sought to work with the volunteers. If you can help, please get in touch."

Warroad beats TRF in Gardens high school opener

by Mike Lundgen, Sports Editor

Warroad was usually one of the stops when metropolitan area coaches brought their high school teams north to experience hockey the way it used to be played – in bone-chilling cold, quonset-type buildings.

Those Twin Cities teams will probably still want to visit Warroad, but for an entirely different reason – to play in what is probably one of the finest arenas in the state.

High school hockey made its debut in the "New Gardens" Tuesday when the host Warriors beat Thief River Falls 4-1. The game was almost secondary. The facility was the attraction.

The $3.7 million in donations helped produce a small town palace that will be the envy of every hockey program in the state. It's state-of-the-art, all the way from the eye-catching 72x120-foot lobby featuring a cedar-lined ceiling to the $16,000 four-sided scoreboard, eight locker rooms, near-Olympic-size 100x200 ice sheet, quiet-running electric ice resurfacer, and 1,454 individual theater-style seats.

To show just how much Warroad hockey has changed, ice cream bars are one of the biggest selling items at the concession stand. That's right, ice cream – being consumed inside the arena. That would have never happened in the "Old Gardens," where coffee and hot chocolate were staple items, used as hand-warmers as well as blood-thawing anti-freeze.

And the current Warriors who play in the new building aren't bad, either – the No. 1-ranked team in the first-year Associated Press Class A polls.

Warroad weathered an early Thief River Falls assault that produced a first-minute fluke goal, then carried the play the rest of the night to go 2-0 for the year. The Prowlers fell to 0-3.

Thief River Falls out-shot Warroad 11-3 in the first 15 minutes, but had only a 1-1 tie to show for it. And the Prowlers were lucky to have that.

Just 37 seconds into the game, Thief River Falls defenseman Brent Kleinvachter threw the puck into the attacking zone. Warroad goalie Willy Marvin went behind the net to set the puck up for his defensemen, but instead, the thing ricocheted out front, and Jeff Twomey had an open net goal to start the night.

Several other Thief River Falls chances were turned aside by Marvin, or simply faded away without the Prowlers even getting a shot on net.

And when Warroad sophomore Allan Hasbargen put a wrist shot over Thief River Falls goalie Eric Dowers and under the cross bar, the Warriors had their 1-1 tie.

"We had some opportunities early that we didn't capitalize on," acknowledged Thief River Falls coach Glenn Chiodo, whose team has netted just four goals in three games. "When you get those chances against a good team like Warroad, you better put them away. For our own confidence, we need to put those pucks in the net."

Warroad out-shot Thief River Falls 18-8 over the final 30 minutes.

A power play goal at 9:57 of the second period made it 2-1 as Zach Hallett kept his shot from the top of the slot on the ice – just as a two-man advantage became 5-on-4.

The back-breaker came with just eight seconds left in the second period when a nifty passing combination down the ice set up Ryan James for a close-in tap and a 3-1 spread.

It became 4-1 just 77 seconds into the third period when Hallett swatted in a puck that was bouncing in front of Dowers.

"We lost, but we still feel good about what we did," offered Chiodo, whose team was coming off a 9-1 drubbing at the hands of Grand Forks Central. "This was 100 percent better than Saturday," he said.

Scoring

First period - TRF, Jeff Twomey (Brent Kleinvachter), :37. Warroad, Allen Hasbargen (Robert Redford), 7:34

Second period - Warroad, Zach Hallett (Carl Persson-Wyatt Smith), 9:57. Warroad, Ryan James (Smith-Hallett), 14:52.

Third period - Warroad, Hallett (James-Persson), 1:17

Goalie Saves

TRF - Eric Dowers 2-10-5–17. Warroad, Willy Marvin 10-4-4–18

Girls beat Warroad

Shots fall for TRF in 58-41 win

Shots that have been missing the target for over a year finally began to find the mark Thursday as the Thief River Falls girls came up with a 58-41 high school basketball win over Warroad.

It was the home opener and the first win in three starts for the Prowlers, who shot 46 percent from the field – some 20 percentage points better than they did in a 66-50 loss at Roseau the previous Friday.

The Prowlers' best bit of marksmanship came when they hit 7 of their first 10 second half shots.

"Wow, put that in the paper," said Thief River Falls coach Sally Wiltse when informed of her team's third quarter accuracy. "That was nice to see. The shots finally started to fall for us."

Lisa Ulrich, a 5-8 senior forward, led the Prowlers' attack with a game-high 21-point effort that included eight straight points at the close of the first quarter and the start of the second period. That was part of a 10-0 run by the Prowlers that wiped out a 6-4 Warroad lead – the Warriors' only advantage of the night.

"Lisa had a heck of a game," said Wiltse. "She shot the ball well."

The Prowlers had a 25-10 halftime cushion and led by as many as 24 at 47-23 with 5:55 remaining before a Warroad press forced the Thief River Falls reserves to turn the ball over during an 11-0 run that made the score respectable.

Thief River Falls wound up 25-for-54 from the field and 6-for-13 at the free throw line. Warroad was 15-for-49 from the floor (31 percent) and just 9-for-21 at the line. The Warriors finished with a 33-27 rebound edge, but also had more turnovers, 26-20.

Scoring

	1	2	3	4	T
Warroad	5	4	12	18	41
Thief River Falls	12	13	14	13	58

Warroad - Tammy Knudson 20, Keri Carlson 2, Angie Ulwelling 2, Jamie Marvin 5, Heather Arntzen 10, Carmen Hontvet 2.

TRF - Melissa Rodriques 4, Toni Chiodo 8, Lisa Rendulich 8, Lisa Ulrich 21, Kara Boughton 3, Lori DeLap 6, Carrie Lawrence 8.

- Sports Briefs -

Quam named all-state

Grygla/Goodridge senior Eldon Quam has been named to the 1993 Nine-Man all-state high school football team as a defensive lineman.

Other area players on the post-season honor squad, selected by the Nine-Man coaches across the state, include Kittson Central center Andy Bergeron, Stephen defensive lineman Jonathon Schmidt, and Stephen linebacker Casey Kroulik.

Worker is honored

Thief River Falls' Harriet Worker was named Hockey Mom of the Month in the latest edition of the Let's Play Hockey publication.

She has three sons playing in the Thief River Falls Amateur Hockey Association program, including Ben and James at the Tiny Mites level, along with Dewey in the Squirts.

And like parents involved in hockey programs throughout the state, Worker has been active as a volunteer in numerous TRFAHA projects.

Sportsmen's Club meets

Fourtown/Grygla Sportsmen's Club will meet Tuesday, Dec. 14, at 7:30 p.m. at the American Legion in Thief River Falls.

Thief River Falls guard Toni Chiodo was guarded closely on the full court press by Warroad defender Angie Ulwelling during Thursday's girls high school basketball game in Thief River Falls. The Prowlers beat the Warriors 58-41.

Nordics shoot down Ponies

Marshall County Central shot 52 percent from the field (22-for-42) en route to a 64-52 boys high school basketball win over visiting Warren-Alvarado Tuesday.

The Nordics grabbed a 19-11 first quarter lead and repeatedly held off the Ponies' comeback attempts. Warren-Alvarado cut the difference to just three points in the fourth quarter before Marshall County Central opened it up again at the end.

"We shot the ball real well," noted Marshall County Central coach Ron Ueland. "But we're only seven-deep right now. We were dead-tired at the end, but we fought them off. We hit some big baskets whenever we needed one."

A balanced Marshall County Central offense featured Kent Rokke with 17 points, Scott Zak 16 (despite illness and game-long foul trouble) and Trevor Magner 15. Tony Abrahamson led Warren-Alvarado with 12 points.

The Ponies were 21-for-48 from the field (44 percent) and 9-for-18 at the free throw line, where the Nordics went 13-for-21. Marshall County Central had a 30-28 rebound edge, but also finished with more turnovers, 17-12.

"We're shooting the ball well, but we're still not playing real well," said Ueland. "We're turning the ball over way too many times."

The Nordics are 1-1.

Scoring

	1	2	3	4	T
Warren-Alvarado	11	11	18	12	52
MCC	19	12	13	20	64

W-A - Jeremy Boman 3, Jared Peterson 6, Tim Erickson 7, Adam Danielski 7, Steve Roux 6, Ben Miller 6, Tony Abrahamson 12, Travis Boman 4.

MCC - Ryan Black 2, Scott Zak 16, Kent Rokke 17, Brandon Borg 6, Jake Rentanen 6, Trevor Magner 15, Aaron Skadsem 2.

Gators miss last year's depth

Badger/Greenbush-Middle River boys high school basketball team doesn't have the depth the Gators featured a year ago when a 10-deep line-up carried the first-year combination to a 22-3 season. But Gators coach Eldon Sparby can build the 1993-94 squad around 6-5 Matt Kuznia and 6-2 Billy Holum, a pair of seniors who were All-North Border Conference picks last winter.

However, when Kuznia (injury) and Holum (fouls) were both limited to first half action in a Dec. 4 season-opener against Lake of the Woods, the Gators' graduation losses were magnified.

Badger/Greenbush-Middle River led 40-32 at halftime. But in the opening moments of the second half, Kuznia went down with an ankle injury and Holum went to the bench with his fourth foul. Kuznia did not return. With his team ahead 48-47, Holum started with fourth quarter, but didn't last long before picking up a fifth personal.

"When those two went out, we died," said Sparby. "We panicked. Without our big people underneath we didn't match up very well with them, and they beat us on the boards."

Kuznia will we sidelined until after Christmas.

Even before Kuznia and Holum ran into problems, Sparby was trying to piece together a line-up after back-up guard Troy Hanson suffered a broken hand and post reserve Justan Rose sprained an ankle.

"I knew we didn't have the depth we had before," acknowledged Sparby, "but I figured we had seven kids who were ready to play, and No. 8 and No. 9 were starting to look pretty good. Last year I couldn't find enough time to get everybody in the game. Saturday I was worried I couldn't find five kids who could play."

Sheldon Ruud, a 5-9 junior, and Erik Heggedal, a 5-11 senior, wound up leading the Gators in the opener with 14 points each. Four Bears hit double figures, led by Darren Mans with 16 points.

Badger/Greenbush-Middle River shot 36 percent from the field (20/56) and went 12-for-22 at the free throw line. Lake of the Woods shot 44 percent from the field (23/48) and made 16 of 21 free throws. The Bears finished with a 33-28 rebound edge and topped the turnover charts 19-18.

The Gators got a break from a schedule that will not have them playing Game 2 until Tuesday – a 10-day space between starts – at Warroad.

"The injuries will heal themselves," said Sparby. "Once we get everybody back, we'll be okay."

Scoring

	1	2	3	4	T
Lake of the Woods	16	18	13	18	62

B/G-MR - Billy Holum 6, Eric Heggedal 14, Germaine Carrier 4, Matt Kuznia 9, Russell Larson 6, Sheldon Ruud 14, Pat Stephens 4.

UND-Lake Region runs by Northland men's team 114-89

Seven UND-Lake Region scorers hit double figures Wednesday as the Royals collected a 114-89 men's basketball win over Northland Community College in Devils Lake.

The loss dropped the Pioneers to 1-4.

"It was the worst game we've played all year," reported Northland coach Mark Dannhoff. "We didn't take care of the basketball, and we didn't play any defense."

Northland was out-scored 67-40

(Continued on Page 15)

Dragons hand NCC triple-overtime loss

■ Extra-long women's game

A game-tying shot at the end of the second overtime by sophomore guard Ronda Olson kept the Northland Community College women's basketball team going, but the shorthanded Pioneers finally tired in the third extra session Tuesday and lost an 84-73 decision to the visiting Moorhead State University junior varsity.

The loss extended Pioneers' season-opening losing streak to four games, but it was a much-improved effort from their earlier setbacks, according to coach Rick Nikunen.

"It was really a good basketball game," said Nikunen. "It was so much different from our first three games. From a spectators standpoint you couldn't ask for a better game. Both teams played with a lot of intensity the whole way."

A Northland shot was in-and-out at the buzzer ending regulation time, sending the teams into overtime tied at 57-57.

It remained deadlocked, 65-65, as the first overtime ended.

The Pioneers found themselves trailing 72-68 in the final moments of the second overtime before Olson drained a long jumper with seven seconds left. Then, after a Northland foul and a Northland rebound on a missed Moorhead free throw, Olson, despite double defensive coverage, hit one at the buzzer to tie it again at 72-72.

But with Holly Gram and Sandi Gustafson both on the bench with five fouls, Northland couldn't keep pace at the end. Moorhead opened the third overtime with a pair of three-point baskets and never looked back, out-scoring Northland 12-1 for the 11-point victory.

"We just ran out of gas at the end," said Nikunen. "We didn't have anything left."

Four Pioneers reached double figures, led by Fay Cassavant with 18 points. Tonah Paul of Moorhead led all scorers with 21 points.

Both teams shot 44 percent from the field – Northland 30-for-68, Moorhead 25-for-57. And the free throws were similar, too as the Pioneers made 13 of 22 and the Dragons were 13-for-25.

Scoring

	1	2	1ot	2ot	3ot	T
MSU JV	30	27	8	7	12	84
NCC	23	32	8	7	1	73

NCC - Lisa Verbout 8, Denice Johnson 14, Ronda Olson 12, Holly Gram 18, Sandi Oustalson 2, Renee Blazejewski 8, Fay Cassavant 15.

Prowlers open with 73-45 win

Kyle Sanden scored 35 points and pulled down 14 rebounds Thursday as the Thief River Falls boys opened the 1993-94 high school basketball season with an eye-opening 73-45 win at Crookston.

Sanden, a 6-10 sophomore center, put up the big numbers, but he had plenty of help from his teammates. The Prowlers came up with 14 steals and were credited with 26 assists – with many of them setting up Sanden's 17-for-28 shooting.

"That's a lot of steals and assists for a high school game," noted Thief River Falls coach Scott Brekke. "I was really proud of the kids. They all played well. It was a nice way to open the season. It sets the tone. It shows you what you're capable of doing. You can feel good about yourself after a performance like that."

Nathan Anderson had a 16-point, 7-assist night for the winners, while point guard Preston Treat contributed 8 points, 8 rebounds and 8 assists.

Thief River Falls had quarter leads of 18-13, 33-19 and 57-33.

"We looked pretty good," said Brekke. "The kids were pretty excited about their performance. They played hard right from the start. We beat them up and down the court offensively and defensively all night long."

Thief River Falls shot 52 percent from the field by hitting 34 of 65 attempts. The Prowlers were 3-for-5 at the free throw line. Crookston shot only 31 percent on an 18-for-59 showing and went 5-for-11 at the line. Thief River Falls finished with a 36-34 rebound edge. Crookston had more turnovers, 24-19.

The 35 points by Sanden was five short of the school single-game scoring record of 40, set by Ron Hanson against Crookston on Dec. 16, 1960.

Scoring

	1	2	3	4	T
TRF	18	15	24	16	73
Crookston	13	6	14	12	45

Crookston - Nate Hanson 7, Chris Fee 7, Bob Shimpa 8, Josh Vadnais 9, Brooks Royal 6, Cory Strem 3, Mike Rinderknecht 5.

Grygla-Gatzke boys basketball...

Eagles debut with win over Warroad

Mike Jelle, a 6-3 senior who is the lone returning 1992-93 starter in the Grygla-Gatzke line-up, showed his leadership form Tuesday with a game-high 19-point performance that led the Eagles to a 68-54 season-opening boys high school basketball win over visiting Warroad.

"We had a lot of people seeing their first extended varsity time," noted Grygla-Gatzke coach Vern Johnson. "But overall, for the first time out, I was pretty pleased. Mike Jelle had a nice ball game."

Joining Jelle in double figures were sophomore Jamie Lunsetter with 14 points, junior Jeremy Verbout 12 and senior Rod Holte 11.

"We've got some kids who can shoot," mentioned Johnson, "but we don't have a lot of size. We'll have to try to pick up the pace this year. If we don't do a good job on defense and block out on rebounds, we'll be in trouble."

Grygla-Gatzke was 24-for-55 from the field in the opener (44 percent), while Warroad went 21-for-63 (33 percent). A busy night at the free throw line for both sides found the Eagles going 18-for-27 and the Warriors hitting 10 of 20.

Able to match-up size-wise, the Eagles finished with a 38-24 rebound edge. They also had more turnovers, 22-16.

Scoring

	1	2	3	4	T
Warroad	12	20	10	12	54
Grygla-Gatzke	8	20	16	24	68

Warroad - Todd Morin 7, Gene Grugal 3, Ryan Thorneness 5, Mike Kelly 2, Jay Harmer 2, Rex Harkness 12, John Lee 5, Nolan Thompson 18.

G-G - Mike Jelle 19, Rod Holte 11, Lonnie Larson 9, Jeremy Verbout 12, Jamie Lunsetter 14, Scott Hogenson 4

Huskies lose overtime opener

A veteran Goodridge line-up carried highly-regarded Fisher/Climax into overtime Tuesday before the Huskies surrendered a 66-63 season-opening boys high school basketball decision to the visiting Knights.

Battling back from a slow start, Goodridge forced overtime when a leaning, 10-foot fade-away basket by junior Brady Wiseth with 2 seconds left tied it at 58-58.

But Chuck Durkin made four of five free throws in overtime to secure the win for the Knights.

"It was a real good game for us against a very good basketball team," reported Goodridge coach John Rahn. "We're disappointed with the loss, of course, but I'm not disappointed in our performance, especially for a first game."

The Huskies were 9-15 last year with a team that included just two seniors. With a bulk of the squad back, Rahn is looking for a big year from the Huskies. "We have a lot of kids who can play. We can shoot the ball. When we get everybody going, we could be tough."

The Huskies began the year without senior Jason Kotrba, sidelined by a shoulder problem and illness.

Wiseth led the Huskies with 18 points, while junior Mitch Smsky netted 11 and senior Travis Kotrba had 10. Jamie Aaneson scored a game-high 20 points for the Knights.

Goodridge shooting wasn't quite up to par in the opener – 24-for-66 from the field (36 percent) and 11-for-26 at the free throw line. But Fisher/Climax had just as much trouble getting the ball to drop – 22-for-65 from the floor (34 percent) and 14-for-28 at the line.

The winners had a 37-34 rebound edge.

Scoring

	1	2	3	4	ot	T
Fisher/Climax	16	7	15	18	8	66
Goodridge	9	15	16	18	5	63

F/C - Chuck Durkin 8, Alex Peterson 16, Brady Sedler 7, Jamie Aanenson 20, Travis Larson 8, Brian Doty 2, Chris Hoff 8.

Goodridge - Ryan Kriel 4, Brady Wiseth 18, Benji Marquis 2, Travis Kotrba 10, Mitch Smsky 11, Michael Arveson 5, Eldon Quam 9, Martin Dahlen 4.

Mustangs' offense has started strong

■ RLCC boys rack up points

The final numbers were similar to the season-opening 70-65 win over Marshall County Central the previous Friday as Red Lake County Central went to 2-0 Tuesday with a 74-66 boys high school basketball win at Fertile-Beltrami.

Aaron Chaput scored 23 points, Ryan Salberg 19 and Bryce Huotari 14 to led the balanced Mustangs, offsetting a 37-point night for the Falcons' Aaron Thompson, a sophomore guard.

Fertile-Beltrami ran up a 21-12 first quarter lead, but Red Lake County Central trailed only 38-37 at halftime, and started the fourth quarter with a 53-49 edge.

"We played streaky," admitted Red Lake County Central coach Tedd Fore. "Our offense is all right, but we're not playing real good D (defense) right now. I guess they figure they can just out-score everybody."

Red Lake County Central was 23-for-52 from the field (44 percent) and cashed in on 20 of 23 free throws to cement the win. Fertile-Beltrami shot went 25-for-57 from the floor (44 percent) and 10-for-16 at the line.

Scoring

	1	2	3	4	T
RLCC	12	25	16	21	74
Fertile Beltrami	21	17	11	17	66

RLCC - Bryce Huotari 14, Aaron Chaput 23, Paul Melby 6, Ryan Salberg 19, Scott Lorenson 4, Aaron Roslen 8.

F-B - Aaron Thompson 37, Ryan Gast 6, Jason Alrich 3, Josh Carlson 1, Steve Skadsem 2, Jeff Gullickson 13.

Larimore pins 48-27 loss on TRF wrestlers

Larimore spoiled Thief River Falls' 1993-94 high school wrestling season opener Tuesday by beating the visiting Prowlers 48-27.

Thief River Falls won five matches, including pins by Dusty Eddleman (119 pounds), Steve Burslie (152) and John Davis (189); a decision by Luke Davis (140); and a default for Phillip Nelson (125).

The Prowlers were in it until the Polar Bears won three of the final four matches to pull away.

"We did okay," said Thief River Falls coach John Anderson. "Three of our kids were ahead before they got stuck (pinned). We wrestled pretty well for the first time out – not fantastic, but it's too early to get to feisty about a loss."

The Prowlers' home opener will be a Thursday, Dec. 16, dual against Badger/Greenbush-Middle River.

Larimore 48, TRF 27

103 - Sean Kimball (Larimore) by forfeit; 112 - Heath Larsen (Larimore) pinned Billy Fogarty 1:31; 119 - Dusty Eddleman (TRF) pinned Nathen Cole 1:02; 125 - Phillip Nelson (TRF) by default over Bob Sather; 130 - David Miller (Larimore) pinned Sam Lane 2:37; 135 - Jeff Lupien (Larimore) pinned Jon Parish 3:05; 140 - Luke Davis (TRF) dec. Fred Liebech 7-1; 145 - Terry Haugen (Larimore) pinned Kyle Nelson 1:52; 152 - Steve Burslie (TRF) pinned Ben Hunter :31; 160 - Derk Oration (Larimore) pinned Jason Homme :22; 171 - Travis Krom (Larimore) pinned Nick Oes 3:39; 189 - John Davis (TRF) pinned David Gratton 1:49; hwt - Allen Holt (Larimore) pinned Caylor Olson 1:29.

Three-point shot beats NCC 85-82

Marlon Grant hit a long three-point shot with five seconds to play Monday, giving Rainy River a dramatic 85-82 win over Northland in a Minnesota Community College Conference men's basketball game played at International Falls.

A two-minute surge at the end of the first half gave Rainy River a 48-39 lead at intermission. The Voyageurs led by as many as 13 points in the second half and had an 11-point cushion with five minutes left before Northland rallied.

The Pioneers caught the Voyageurs at 82-82 on an 8-foot basket by Gary Carey with 25 seconds left, but Grant's bomb won it. A buzzer shot by the Pioneers bounced off the rim.

"Those last two minutes of the first half really killed us," pointed out Northland coach Mark Dannhoff. "We really played well in the second half. We felt pretty good about ourselves after that one – to come that close against a good team on the road. It would have been a nice one to win."

Northland was 29-for-68 from the field (43 percent), while Rainy River went 29-for-58 (50 percent). The two teams had identical 14-for-18 nights at the free throw line. The Pioneers had a 33-27 rebound edge; the Voyageurs topped the turnover charts 18-13.

Scoring

MCC defense key in win over Rams

Defense led the way Thursday as the Marshall County Central girls shut down high-scoring Megan Taylor and Roseau 48-34 in North Border Conference high school basketball.

Taylor, who had been popping in 30 points a game to start the year, netted only 5 first half points against the Nordics and finished with 13 for the night.

"It was a tremendous defensive effort, team-wise," said Marshall County Central coach Tam Mjelde. "We really concentrated on stopping Megan. We had somebody on her all the time."

Another key to the Nordics' success, explained Mjelde, was the first-half offensive production from Shanon Magner and Tricia Pederson. With the Rams focused on defending Sara Lokstad inside, Magner and Pederson were knocking down the outside jumpers. That prompted a second half Roseau switch on defense, which then left Lokstad open underneath, allowing the 5-5 senior forward to score 8 of her game-high 16 points in the fourth quarter.

Magner, a 5-8 senior forward, finished with 14 points and Pederson, a 5-10 sophomore forward, contributed 9.

Marshall County Central shot 50 percent from the field on a 22-for-44 night and went 4-for-6 at the free throw line. Host Roseau shot 33 percent on a 15-for-46 outing and made 2 of 7 free throws. The Nordics had a 29-28 rebound edge. The turnovers were even at 19-apiece.

Marshall County Central, 3-1, will compete in the Stephen Invitational Monday and Tuesday. First round semifinals Monday feature Stephen vs. Tri-County at 6:30 p.m. and Marshall County Central vs. Argyle at 8. Tuesday finals include the third place game at 6:30 p.m., and championship game at 8.

Scoring

	1	2	3	4	T
MCC	12	16	8	12	48
Roseau	7	9	13	5	34

MCC - Tricia Pederson 9, Shanon Magner 14, Sara Hodny 2, Sara Lokstad 16, Darlene Nelson 1, Wendy Inman 6

Roseau - Erin Habstritt 3, Jen Warne 2, Karri Rygh 8, Megan Taylor 13, Kylee Johnson 2, Lenni Billberg 9

Area deer harvest figures listed

Statistical information concerning the 1993 Minnesota firearms deer hunting season harvest in the Thief River Falls area has been released by Gordy Forester, area Minnesota Department of Natural Resources conservation officer.

The figures show a only a slight (1.33 percent) decline in the white-tail harvest for the northwest area, which includes Kill Blocks in Zones 2 and 4.

There were 16,694 deer harvested in the northwest area this fall, compared to 16,919 taken in 1992.

Statewide, an estimated 186,000 deer were harvested in 1993, a 19 percent decline from 1992. The lower number was anticipated because fewer antlerless permits were issued, and hunters had to contend with the early snow and cold weather that preceded the Nov. 6 opener.

Northwest Farm Zone Registration

■ Kill Block 401. Harvest was 502 deer (267 bucks, 148 does, 87 fawns) – a 4 percent increase from 1992. There were 1,300 antlerless permits – up 300 from 1992. Previous harvests: 1992 - 485; 1991 - 425; 1990 - 466; 1989 - 397; 1988 - 99.

■ Kill Block 403. Harvest was 711 deer (297 bucks, 252 does, 162 fawns) – a 1 percent decline from 1992. There were 700 antlerless permits - down 200 from 1992. Previous harvests: 1992 - 718; 1991 - 653; 1990 - 603; 1989 - 551; 1988 - 1.

■ Kill Block 404. Harvest was 1,322 deer (620 bucks, 460 does, 242 fawns) – a 3 percent decline from 1992. There were 1,200 antlerless permits - down 300 from 1992. Previous harvests: 1992 - 1,362; 1991 - 1,257; 1990 - 1,122; 1989 - 1,020; 1988 - 461.

■ Kill Block 405. Harvest was 1,257 deer (533 bucks, 480 does, 244 fawns) – a 4 percent increase from 1992. There were 1,800 antlerless permits - up 200 from 1992. Previous harvests - 1992 - 1,208; 1991 - 1,142; 1990 - 1,038; 1989 - 861; 1988 - 316.

■ Kill Block 406. Harvest was 1,149 deer (454 bucks, 425 does, 267 fawns) – a 3 percent decline from 1992. There were 1,800 antlerless permits – down 200 from 1992. Previous harvests: 1992 - 1,179; 1991 - 995; 1990 - 879; 1989 - 701; 1988 - 34.

Northwest Forest Zone Registrations

■ Kill Block 211. Harvest was 1,660 deer (1,067 bucks, 427 does, 166 fawns). Previous harvests: 1992 - 1,551; 1991 - 1,573; 1990 - 1,301; 1989 - 1,011; 1988 - 1,325.

■ Kill Block 212. Harvest was 921 deer (623 bucks, 218 does, 80 fawns) – a 5 percent increase from 1992. There were 1,300 antlerless permits – the same figure as 1992. Previous harvests: 1992 - 905; 1991 - 832; 1990 - 770; 1989 - 617; 1988 - 701.

■ Kill Block 213. Harvest was 18 deer (14 bucks, 4 does). Previous harvests: 1992 - 26; 1991 - 11; 1990 - 13; 1989 - 5; 1988 - 13.

Northwest Transition Zone Registrations

■ Kill Block 201. Harvest was 380 deer (174 bucks, 140 does, 66 fawns) – a 30 percent decline from 1992. There were 400 antlerless permits – down 600 from 1992. Previous harvests: 1992 - 546; 1991 - 675; 1990 - 544; 1989 - 196; 1988 - 389.

■ Kill Block 202. Harvest was 670 deer (278 bucks, 237 does, 155 fawns) – a 7 percent decline from 1992. There were 800 antlerless permits – down 200 from 1992. Previous harvests: 1992 - 720; 1991 - 683; 1990 - 580; 1989 - 552; 1988 - 789.

■ Kill Block 203. Harvest was 582 deer (240 bucks, 218 does, 125 fawns) – a 23 percent decline from 1992. There were 1,000 antlerless permits – the same figure as 1992. Previous harvests: 1992 - 755; 1991 - 528; 1990 - 419; 1989 - 291; 1988 - 415.

■ Kill Block 204. Harvest was 1,724 deer (745 bucks, 658 does, 321 fawns) – a 4 percent decline from 1992. There were 2,000 antlerless permits – down 250 from 1992. Previous harvests: 1992 - 1,501; 1991 - 1,801; 1990 - 1,687; 1989 - 1,387; 1988 - 1,771.

■ Kill Block 205. Harvest was 1,900 deer (852 bucks, 700 does, 348 fawns) – a 17 percent increase from 1992. There 2,000 antlerless permits – up 500 from 1992. Previous harvests: 1992 - 1,626; 1991 - 1,459; 1990 - 1,174; 1989 - 914; 1988 - 1,179.

■ Kill Block 206. Harvest was 1,388 deer (480 bucks, 555 does, 353 fawns) – a 5 percent increase from 1992. There were 1,600 antlerless permits – the same figure as 1992. Previous harvests: 1992 - 1,329; 1991 - 1,144; 1990 - 893; 1989 - 917; 1988 - 1,122.

■ Kill Block 207. Harvest was 951 deer (376 bucks, 387 does, 188 fawns) – a 3 percent decline from 1992. There were 1,200 antlerless permits – down 200 from 1992. Previous harvests: 1992 - 980; 1991 - 962; 1990 - 914; 1989 - 759; 1988 - 992.

■ Kill Block 208. Harvest was 637 deer (286 bucks, 235 does, 116 fawns) – a 8 percent decline from 1992. There were 900 antlerless permits – the same figure as 1992. Previous harvests: 1992 - 675; 1991 - 447; 1990 - 390; 1989 - 288; 1988 - 517.

■ Kill Block 209. Harvest was 922 deer (448 bucks, 297 does, 177 fawns) – a 13 percent decline from 1992. There were 1,600 antlerless permits – up 300 from 1992. Previous harvests: 1992 - 1,054; 1991 - 810; 1990 - 704; 1989 - 593; 1988 - 717.

Crookston JV boys down TRF by 59-44

Crookston beat Thief River Falls 59-44 Thursday in boys junior varsity high school basketball.

The Thief River Falls season opener included three double figure scorers – Brock Klein with 17 points, Dan Bjerknes 13 and Robby Farbo 10.

Freshman girls lose to Valley, Crookston

Grand Forks Valley trailed 24-22 at halftime, but wound up with a 53-26 girls basketball win over the Thief River Falls freshman A team Tuesday.

Thursday, the Thief River Falls A squad lost a 40-28 game to Crookston.

Kim Stenseth led the 0-3 Thief River Falls squad in scoring in both games, netting 12 vs. Valley and 10 against Crookston.

Radio station to have low power

KNTN, the Minnesota public radio news and information station in this area at 102.7 FM, will experience low power Tuesday through Thursday, December 14-16. A new transmitter will be installed at that time in an effort to provide more reliable service.

58 students make first honor roll of year at Plummer school

Fifty-eight students, including two with straight A grades, 19 with A average and 37 with B, were named to the first quarter honor roll at Pershing high school in Plummer, according to information provided by Jodi Konickson, office secretary.

Straight A students were eighth grader Laurel Hagge and seventh grader Jennifer Gallant.

Students with A averages included the following: Grade 12—Farrah Brantl, Paul Konickson and Brad Mossestad; Grade 11—Rachel Demarais, Dan Gagner and Aaron Rosten; Grade 10—Morci DuChamp, Patty Greenwald and Beth Killian; Grade 9—Rebecca Demarais, Jolene Fallon, Joe Linder and Catherine Rosten; Grade 8—David Fox; and Grade 7—Jason Carpenter, J. R. Fortman, Laura Konickson, Shelly Tvedt and Tricia Willett.

Students on the B honor roll were as follows:

Grade 12—Amy Arlt, AnMarie Haugen, Karlene Jolly, Ann Linder, Steph Nelson, Chad Stockwell, Ryan Wichterman and Shannon Willett; Grade 11—Tracy Knaack, Nicole Konickson, Scott Lorenson, Jennifer Seibel and Patrick Simpson;

Also Grade 10—Ginger Frolland, Ryan Halvorson, Steph Honson, Shawn Hince, Bryce Huotari, Meckenzie Malwitz, Justin Rewertz and Derick Vettleson; Grade 9—Darci Deloge, Adam Gallant, Kristina Jolly, Nick Knaack, Jenelle Seibel and Ami Tvedt;

Also Grade 8—Ross Arlt, Tiffany Gustafson, Lori LaCoursiere, Kyle Lefebvre, Amy Rux and Eric Walter; and Grade 7—Richelle Fitzloff, Tracy Knaack, Mark Lorenson and Erika Vettleson.

Zion church choirs to sing

Choirs of Zion Lutheran church in Thief River Falls will be presented in concert Sunday, December 19, at 3 p.m. in the church.

Participating will be the senior choir and Joyful Noise choir, both directed by Naomi Raymond, and the Kid's Praise choir directed by Muriel Olin. "Peace on Earth" is the title of the concert which has a program built around children.

Seek listings for direct farm market guide

Minnesota growers, producers and farmers' markets are being sought for the 1994 Minnesota Grown "Directory of Fresh Produce and More," a listing of Minnesota's farmers' markets, pick-your-own farms, roadside stands, apple orchards and more.

Produced by the Market Development and Promotion division of the Minnesota Department of Agriculture (MDA), the publication is a county-by county guide to direct sellers of agricultural products. Outlets marketing Minnesota Grown fruits, vegetables, maple syrup, honey, meat, poultry, eggs, dried flowers, Christmas trees, bedding plants and other agricultural products may be included in the listings.

"The directory is significant," states MDA Commissioner Elton R. Redalen, "because it links consumers interested in buying fresh, locally grown products with farmers looking for opportunities to increase their farm income. It helps farmers sustain, expand and diversify their farm businesses."

Marketers will pay a $20 listing fee to help defray printing and distribution costs and 80,000 directories will be available for distribution in April of 1994.

To be listed in the directory, individuals should write David Allen, Market Development and Promotions Division, Minnesota Department of Agriculture, 90 West Plato Blvd., St. Paul, MN 55107 or call (612) 297-5794. Response deadline is Jan. 15, 1994.

OUR ADVERTISERS SAVE YOU MONEY!

Public radio visits law enforcement

Beginning December 13 and continuing through December 18, Minnesota Public Radio will broadcast "Keeping the Peace," a series of reports that focus on the topic of law enforcement. One of the reports will involve a comparison of law enforcement approaches in Red Lake and Roseau counties. Locally these can be heard on KNTN 102.7 FM.

Reports will air each day during Morning Edition at 7:20 a.m. and during All Things Considered at 5:05 p.m. The reports will be rebroadcast during The Week in Review on Saturday, December 18, from 1 p.m. to 3 p.m. In addition, Midmorning will air a special live broadcast from the Fifth Precinct in south Minneapolis on Wednesday, December 14, from 9 to 11 a.m. and Midday will feature a live call-in program at noon on Friday, December 17.

One of the most pressing concerns citizens have is keeping themselves, their families, and their property safe from harm. In today's world, the police force is at the forefront of efforts to protect people and property. MPR's law enforcement series will address the extent to which our society has come to rely on the police force to protect us from crime; whether this empowerment of police is effective in keeping society free from harm; and whether the police force does an acceptable job of honoring the premise of equal rights for all.

This special week of programming will include reports from throughout the entire Minnesota Public Radio region. Some of the reports will focus on rural law enforcement. Dan Gunderson, the news director at KCCD in Moorhead, gathered information from the Ottertail County's Sheriff's Department and Social Service Department, and the Women's Crisis Center in Fergus Falls. His report will explore the rising number of domestic abuse calls and the unique challenges of distance and training in rural law enforcement agencies. In another report, Mainstreet Radio Reporter Leif Enger visits two Northwestern Minnesota counties, Red Lake County and Roseau County, to compare two law enforcement approaches in sparsely populated areas.

Public Notices

IN LOVING MEMORY
Of our dear mom, Barbara Dobias, who passed away 30-years-ago, December 13, 1963
The years have come and gone,
Since God called you home.
We think of you often
I always say a prayer,
God bless you and keep you in his care.
Missed by your family

Embassy Center in Fosston serves wide area

(Continued from Page 1)

into "treasures" with their God-given talents.

Palubicki's IGA Store helps to pay the cost of the center's large electric bill by donating one cent for each dollar spent at the store. Embassy visitors and all of their friends save cash register tapes for this purpose. The First National Bank of Fosston donates piles of computer paper and envelopes for the center's use.

A janitor for the center is hired and paid through the Green Thumb Program, but all who utilize the center's facilities are asked to be their own janitors and clean up after themselves so that the paid janitor's services are limited to 20 hours per week.

Rayome Koehler is the director of the Embassy Community Center. He works with a large board of directors and supporting officers "who are," he says, "wonderful to work with."

Board officers and members include Rodney Myhrum, vice president; Edna Munter and Al Bjomerud, secretary and assistant secretary; Bernie Solberg, treasurer; Verna Sather, membership secretary; and board members Jack Dahl, Florence Clark, Helen Rotness, Norma Quam and Lloyd Wold. The Embassy board meets each month to plan activities and see that all is working well at the center.

Koehler has been the driving force behind the center. He owns Koehler Floral in Fosston, as well as acting as Embassy center director and board president. He was one of the original members of the Singles Christian Fellowship Assembly and was one of those instrumental in the purchase of the church building.

He said the group had been saving money to purchase a building where they could have their meetings and they were very excited when they found the cost for the building was only $7,500. When Koehler heard the price of the building, he said he "knew the Spirit was with us."

Koehler handles all publicity for the center and publishes a newsletter. When asked how he does all of the work for the center and handles a business as well, he replied, "My business is my vocation, but the center is my avocation."

Discovery Day Care is still a big part of the center. Verna Sather runs the fully licensed day care, and she is well-qualified, since she was a country school teacher for 25 years and worked for Head Start for eight years.

The day care serves from 20 to 30 children in a week, taking children before and after school and on a drop-in basis. Sather is supposed to be a paid employee of the center. "But," she says, "if the center has money, I get a check; if there isn't any money, I don't take one." She is also a member of several of the organizations that meet at the center, so she does more than her share of volunteer work.

The oldest organization at the Embassy Center is the Singles Christian Fellowship Assembly, which has been active for 20 years. This group provides fellowship for single adults and their children with monthly meetings and members of the group range in ages from college age to over 90.

Director of the Embassy Community Center and its board president, Rayome Koehler still finds time to run Koehler Floral in Fosston. "My business is my vocation," he says, "but [the Embassy Center] is my avocation." Koehler is the driving force behind the center's success in the Fosston area.

Another group that meets at the Embassy Center is the Compassionate Friends, an international support group for parents who have lost children. This group provides a library of grief-related materials, presents grief seminars in area counties and publishes a newsletter.

Other groups who utilize the Embassy Center for their meetings are the Fosston Senior Citizen club, Sons of Norway Granlund Lodge 240, the North Country School of Music, local chapter of Minnesota Citizens Concerned for Life (MCCL), weekly Adult Basic Education program, the Fosston Garden club, the Lake Country Knitting Machine club, the Life Line weight loss group and the Northwest Minnesota Darkhouse and Winter Angling Sportsmen.

The Embassy is also home base for the senior dining nutrition program, serving a hot meal to persons over 60 twice each week. All people involved in senior meals are volunteers and Director Maybelle Holt, who will be 90 on her next birthday, keeps everything running smoothly.

"The Upper Room" of the center collects clothing for the needy in missions in Mexico, Canada and Hispanic missions in the northwest. Volunteers provide clothing for such organizations as "Coats for Kids," the New Life Center, Area Retarded Citizens, Dakota Boys' Ranch and the Salvation Army in the Fargo-Moorhead area. They also assist MCCL with providing baby clothing for young mothers at area shelters.

Several musical events originate from the Embassy center, including a monthly gospel sing along with guest musical groups. The Ambassadors of Praise, a gospel music choir and instrumental group, rehearses at the center and performs summer concerts all around the area.

Other music performed at the center includes a monthly evening of classical music for and by area youth which features a guest performer; a monthly Country Music Sunday in which country musicians from around the area perform for a full house of music lovers; and the Norwegian Heritage Singers. A music teacher from Bemidji also uses the hall as a place to give lessons.

Chautauquas performed at the center several times a year provide an array of entertainment for the area, including music, literature and ethnic performances.

Once each month, the center holds an old-fashioned game night. The event is sponsored by the Senior Meal Program and proceeds help to pay for the center's musical guests and special holiday entertainment.

Holiday dinners for people who might otherwise be alone on festive occasions are provided on Thanksgiving, Christmas and Easter. Volunteers prepare and serve the meals and present a special holiday program for those attending. Volunteers also provide free rides.

The Embassy center now has another project to keep its members busy. The center is raising funds to build a senior citizen center on ground level next to the Embassy. At this time, the center has a small elevator that allows it to be handicapped accessible, but would like to have a more accessible, ground floor building with more room for all of the senior citizen activities.

It is no surprise then that the members, volunteers and other friends of the center are putting together all of their efforts to raise money for the senior citizen building. It will be no surprise, either, when they have that building in a short time, because, after all, it certainly seems that they do have the "Spirit with them" in their various endeavors.

Rob Jorstad is promoted

Rob Jorstad, a helicopter pilot with the United States Army at Fort Lewis, WA, has been promoted to Chief Warrant Officer Grade 2. He is a 1982 graduate of Lincoln high school in Thief River Falls and has been stationed in the Tacoma area for nearly two years.

Jorstad, his wife Jennifer and son Brady are planning on returning to Thief River Falls to spend the Christmas holidays with their families.

Budke enrolls at U of W at Stout

Tricia Budke of Thief River Falls has enrolled as an undergraduate student at the University of Wisconsin-Stout. She has enrolled in the hospitality and tourism management school.

Oklee man in snowmobile accident

Oklee — Wesley Jay Magnell, 32, of Oklee, rolled the snowmobile he was driving in Chester township about 8 p.m. Saturday. Polk and Red Lake County Sheriff's Departments responded and Magnell was transported to the Fosston hospital with multiple injuries. The incident is under investigation.

-Crookston Times

They may have to join the rest of us

Roseau — The city of Roseau may soon join Warren, Red Lake Falls and Thief River Falls in the "pay for service" type of garbage pickup. The city council was informed that if the county rates continue to climb, the city may have to consider using only specific garbage bags and homeowners would be charged for how many bags they use.

-Roseau Times-Region

Toys for Tots

Red Lake Falls — Hundreds of toys are available for needy area children through the Catholic/Lutheran Rural-Life Commission. The Toys for Tots arrived in Red Lake Falls Saturday, filling a 22-foot trailer. Several volunteers from the area gave of their time to help unload the toys. They are donated by toy manufacturers and are available to hospitals, nursing services, church groups, WIC, food shelves and any other group or organization working with children, especially those from low to moderate income families. Any agency who can put the toys to good use or who wishes more information on the toys should call 281-3154.

-Red Lake Falls Gazette

A trip to Paradise

Strathcona — The Paradise restaurant and convenience store has changed hands. Sisters Roberta Lorenson and Rayette Olberg have leased the building from the city and plan to feature homemade soup and freshly baked goods every day. Wednesday's special will be potato klub, in case you want to stop by for a bite.

-Greenbush Tribune

See the live Nativity scene and there will be live animals, too

Lake Bronson — There will be "Christmas in the Barn" Saturday, December 18, for anyone in and around Lake Bronson who would like to see a live Nativity scene. The Jupiter Busy Bees 4-H club will host the annual display at the Bruce Blomquist farm east of Lake Bronson at 2:30, 6:30 and 8 p.m. The presentation is free, but those who come may want to bring a donation for the Care and Share Pantry.

-North Star News

La-la — dashing through the snow

Warren — There will be free sleigh rides Saturday in Warren from 2 to 4 p.m. All ages are welcome and children under 10 must be with an adult. The rides will begin from the Senior Center and hot cider will be served there for after the ride. Norm Hagen is providing the horse and sleigh.

Zion choir concert at church Sun.

Annual Christmas concert by the choirs of Zion Lutheran church in Thief River Falls will center around children this year. It will be presented Sunday, December 19, at 3 p.m. at the church and the public is welcome to attend.

Heidi Hoks will be the narrator and Nanci Reed the story teller in an original Christmas story called "The Littlest Lamb," written by Salli Raymond Banks. Jillian Larson and Peter Hoks are the children who hear the story and also portray Mary and Joseph.

The story is about a little lamb looking for her mother in the stable where they live. She talks to the animals there and discovers that something wonderful has happened in their stable that night. She makes her way to the manger and there finds the Baby Jesus....and her mother is there, too.

"We will use the passage from Isaiah (11:6) where we read that the wolf will dwell with the lamb and the leopard lie down with the kid, and a little child shall lead them," notes Naomi Raymond, who will direct the senior choir.

Three choirs will participate. The senior choir will sing old favorites such as "Do You Hear What I Hear?" "Winds Through The Olive Trees" and "Jeg Er Saa Glad." The Joyful Noise choir, also directed by Mrs. Raymond, and the Kids Praise choir directed by Muriel Olin, will present their Christmas music.

Soloists will include Kelsey Holland, Tom Mickelson, Harold Storhaug, Nancy Fellman, Muriel Olin, Andrea Olin, Joe Ranum, Lori Golightly, Dan Spielman, Dennis Raymond and Diane Johnson.

The men's quartet, comprised of Jim Matson, Van Swanson, Dennis Raymond and Joe Ranum, will also sing at the concert and provide special music at the Christmas Tea to follow the concert.

Instrumentalists for the concert include Lydia Morken on flute, Dan Spielman on baritone, Alex Morken on bass and Jim Matson on drum. Accompanists will be Ida Nordvall, Stacy Davidson and Lydia Morken.

County Crop Improvement Ass'n. meets Wednesday

Annual meeting of the Pennington County Crop Improvement Association has been scheduled for Wednesday, December 22, at 11:30 a.m. at the Best Western Inn of Thief River Falls.

Ken Pazdernik, Norman county extension educator, will discuss research projects currently going on at the University of Minnesota Experiment Station at Crookston. Included are work on yield losses due to date of seeding, increasing protein content of wheat with post-seeding application of nitrogen and some additional information on scab disease and how it works.

Lincoln choirs in concert Monday

Concert features Swingsations, Varsity Singers, Concert Choir, Freshman Choir

"A Touch of the Holidays" is the theme for the Lincoln high school choral concert to be presented Monday, December 20, at 7 p.m. in the school auditorium. The groups are under the direction of Mrs. Darcy Reese.

As concert-goers enter the school they will be entertained by the acapella carolers performing traditional carols.

Opening the concert will be the 21-voice "Swingsations" jazz group presenting numbers ranging from the delicate acapella Christmas carol entitled "Whisper, Whisper" to a toe-tapping contemporary arrangement of "Jingle Bells" with piano accompaniment by Jill Dekkers.

The all-female "Varsity Singers" will perform a sacred Latin selection entitled "Non Nobis Domine," classical selections including Purcell's "Sound The Trumpet" and various harmonious Christmas selections including instrumentation from flute to double piano.

The audience will hear the "Freshmen Choir" perform spirituals from the upbeat "Witness" to the energetic "Sing Jubilate Deo."

Musical literature in various styles will be presented by the 64-voice Concert Choir. Some of their selections are the rich sounding "Come and Let Us Worship" by Dretchaninoff to the contemporary spiritual "Wade in the Water," which is accompanied by Missy Lampe on piano.

Closing the program will be the 130-voice mass choir presenting a famous Christmas selection entitled "Do You Hear What I Hear?" accompanied by Melanie Krepp on piano, and "For Unto Us A Child Is Born" from "The Messiah" by Handel.

The Lincoln high school orchestra, prepared by orchestra director Bonnie Knapp, will accompany the mass choir for the final number. Soloists will include Lisa Swanson, Heidi Johnson, Michelle Mathson, Katie Lendobeja, Corey Walseth, Laura Toren and Dan Spielman.

"The students have been putting in many hours before, during and after school and on weekends to bring this free holiday concert to the public," Mrs. Reese said. "They invite you to bring your family and friends and enjoy 'A Touch of the Holidays.'"

Members of the various groups include the following:

"Swingsations"

Laura Toren, Lori Golightly, Jennifer Duncan, Keri Schommer and Sarah Harger, sopranos; Jessica Hoffman, Angelique Goulet and Jackie Flynn, altos; Joby Looker, Dustin Eddleman, Matt Kraemer, Chris Tsukichi and Chris Tveitbakk, tenors; Preston Treat, Jason Hoffard and Nathan Anderson, baritones; and Les Oyster and Brian Howe, basses.

Concert Choir

Soprano I—Laura Toren (section leader), Lori Golightly, Jennifer Duncan, Pat Biendara and Dana McGeary;

Soprano II—Keri Schommer (section leader), Sarah Harger, Sarah Williams, Dawn Gilbertson, Betsy Bonkoski and Kari Walseth;

Alto I—Jessica Hoffman (section leader), Angie Olson, Mandy Johnson, Brenda Pals, Missy Lampe, Kym McKercher, April Klinker, Amy Christianson and Danae Dekkers;

Alto II—Angelique Goulet (section leader), Lena Adamopolous, Becky Hanson, Sarah Huschle, Kelly Skeim, Holly Stusynski and Renee Schill;

Tenor I—Joby Looker (section

Education Foundation grants funds

Thief River Falls Education Foundation recently awarded over $2,000 to fund various projects in the Thief River Falls public schools.

Purchases include 80 copies of Roget's College Thesaurus for the seventh grade English class at Franklin middle school, Educational Lego kits for the sixth grade exploratory science classes at Franklin and one listening center for a first grade classroom at Northrop elementary school.

In addition, the foundation granted funds for all school district third grade teachers "to develop theme units of instruction integrating concepts from several disciplines." The project will be completed next summer.

"Thief River Falls Education Foundation exists to help improve the quality of education in the Thief River Falls public schools," states Maryel Anderson, executive director. "This is accomplished by raising and allocating money for projects and equipment."

Anyone interested in becoming a member of the Foundation or needing more information may call 681-8711 or write to the Foundation at 230 LaBree Avenue South in Thief River Falls.

Digi-Key receives top rank for Overall Performance

In a recent survey of engineering managers conducted by *Electronic Engineering Times*, Digi-Key Corporation of Thief River Falls was rated as the top performer among the more than 1,500 electronic component distributors in the United States. The company received the highest score in the category of "Overall Performance."

The study measured engineers' assessments of distributors with which they have done business or were most familiar. Distributors were evaluated on a six-point scale where a six equated to excellent and a one equaled poor performance. Percentages were tabulated based on respondent ratings of excellent (5 and 6).

With 90 per cent of the respondents giving Digi-Key a rating of "excellent" in terms of overall performance, the company placed a full 37 percentage points ahead of the nearest competitor. Final results among the top seven distributors listed in the survey are as follows:

1. Digi-Key....90%
2. Marshall....53%
3. Wyle....51%
4. Pioneer....50%
5. Arrow....48%
6. Hamilton/Hallmark....44%
7. Newark....43%

This marked the third consecutive year that Digi-Key has been rated number one for overall performance in this widely-respected annual survey. It has boosted its score each year, beginning with a 69 per cent showing in 1991, earning an 88 per cent score in 1992 and hitting the 90 per cent mark this year.

"Digi-Key is highly committed to giving our customers a level of service that meets or exceeds their expectations," stated company president Mark Larson in commenting on the survey results.

"Our excellent ratings in this respected industry survey clearly demonstrate our success in achieving that goal. It is Digi-Key's service that separates us from the pack, and it's Digi-Key's service that is fueling our continued rapid growth."

An "intelligent" conveyor system, coupled with real-time stock status, on-line order entry and in-house control of its computer system enables Digi-Key to process orders—from order entry to shipping—in as little as 30 minutes! Orders received by 5 p.m. central time are shipped the same day, providing the basis for a level of customer service that is virtually unsurpassed in the industry.

Santa Lucia Festival starts holidays

Sheri Cheli is dressed as Santa Lucia and enacts the ceremony of serving coffee and sweets in celebration of the Festival of Santa Lucia last Saturday to parishioners of her husband's parishes. She decorated her house with her collection of Santa Lucia figurines ranging from two to 18 inches in height, and many other traditional Swedish items. Under her decorated tree stood the Jul Bock, Swedish goat, who guards the tree and gifts from harm.

by Sherry LaCoursiere
Northern Watch Reporter

Since 1655, the feast of Santa Lucia has been celebrated on January 13 by Swedes and those who carry on the Swedish traditions.

Oddly enough, the Santa Lucia legend begins in Italy on the Island of Sicily about 300 a.d., when a young woman named Lucia became a Christian.

Being a Christian in Rome was a dangerous thing at that time when Christians were being persecuted, so Lucia did not speak of her beliefs. She simply began to live her faith as best she could, caring for and feeding the poor around her.

Her fiance, a pagan, became enraged when she gave her dowry to the Christian church in gratitude for her mother's good health. He reported her to the Roman authorities and she was persecuted and died a martyr.

How did Santa Lucia become connected with Sweden? According to legend, she became one of the favorite saints in Sweden in those early Christian times, partially because the celebration of her religious feast day fell on the shortest day of the year, a day that had previously been a pagan midwinter holiday heralding the return of the sun to the cold north land. Just as many of our celebrations today were once pagan holidays, so, too, is the celebration of Santa Lucia.

Legend goes on to say that one cold winter when Sweden was suffering from a famine the people who lived along the shore of the largest lake in the country were brought food and clothing by Lucia, who appeared gowned in white and wearing a crown of lighted candles. It is said that ever since that time, Santa Lucia appears to Swedes in the early hours of December 13 performing good deeds for people in need. Her crown of lights signifies the "Light of Christianity" which was brought to Sweden by the missionaries.

Many Swedish people reenact the story of Santa Lucia in their own homes. The eldest daughter is chosen to be Santa Lucia, dressing in white and wearing a crown of candles or lights. She wakes the household bearing a tray of coffee and sweets, some of which may be saffron bread and/or ginger cookies.

In this part of the country where many people are of Scandinavian descent, people of Swedish heritage meet in churches and homes to celebrate Santa Lucia day with songs and ceremonies.

Saturday morning Santa Lucia Day was celebrated by the women of Zion Lutheran church in Viking and Oak Ridge Lutheran church of rural Thief River Falls. Sheri Chell, whose husband is pastor of the two churches, was Santa Lucia, dressed in white and wearing a Santa Lucia

Senior Dining Program is appreciative of community help

Thanks for community support of the Senior Dining program at the Heritage Community Center has been expressed by Senior Dining Council president Violet L. Olson and other members of the council.

"We want to express our appreciation to the city, the media, local businesses, clubs and the senior citizen organization for their generosity and support in helping Senior Dining," Olson said.

Senior Dining and Meals on Wheels evolved from the Older Americans Act of 1965 and receive part of their funding through the Area Agency on Aging, but the largest source of funding is from the seniors who participate.

Administered by LSS Senior Nutrition of Moorhead, the program is based on age and not on income. There are no membership fees and the mission of the program is to promote an independent and healthy life-style by offering a service to older adults which provides food, fellowship, education and an opportunity to volunteer.

"If you know of someone who could use this service, introduce them to Senior Dining," Olson added. "A Senior Dining meal gift certificate makes a thoughtful, practical and appreciated gift. For more information, contact the Heritage Community Center at 681-2793 between 8:30 a.m. and 3:30 p.m."

Other members of the Senior Dining Council are Goldie Weckwerth, Gladys Homme, LaVonne Radniecki, Glive Lunke, Ethel Hyatt, Henry Moyer, Richard Booen and Cliff Larson.

HOLIDAY HOURS: Sat. 8 A.M.-9 P.M. Sunday Noon - 5:00 Mon. - Thurs. 9:30-9:00 Friday 8 A.M. - 4 P.M.

Argyle Christmas Concert December 21

Argyle — The Argyle high school and band will perform their Christmas concert Tuesday, December 21, at 7:30 p.m. in the school auditorium. The Music Boosters will serve a lunch after the concert and everyone is welcome.

-Stephen Messenger

No more snow-filled streets in Warren

Warren — After citizens' complaints when six inches of snow were not cleared from Warren's streets for a week after the Thanksgiving storm, the city council has decided to give the street superintendent, Gary Klegstad, authority to decide when the streets will be plowed. Klegstad will plow the airport first and then the city's streets whenever he feels it is necessary.

-Warren Sheaf

Get the Christmas Spirit - go to all of them if you can

Karlstad — You can get your fill of Christmas programs this Sunday. In Karlstad, Bethel Lutheran church will have its Sunday School program entitled "The Music of Bethlehem" at 2 p.m., First Lutheran church will have a program at 4 p.m. and Resurrection Lutheran church will present "Call Him Jesus" at 7 p.m. Eidsvold Lutheran church in Halma will also present their Sunday School Christmas program at 7 p.m. The public is invited to all of the programs.

-North Star News

KEEPING WATCH AROUND THE REGION

Sherry LaCoursiere

Do you like miniature things?

Hallock — The Hallock public library will have a Christmas open house December 21 from 11 a.m. to 4 p.m. Sandy McKelvey's collection of miniature rooms will be on display at the library from now until Christmas. McKelvey has made and decorated the rooms herself in great detail and will be at the open house so you can meet her.

-Kittson County Enterprise

Coming home

Warroad — Robert Ortmann has returned to his home town to be assistant pastor at Give Glory to God church in Warroad. He is a 1982 graduate of Warroad high school and attended vocational school in Thief River Falls. He received his bachelor of science degree from Tocca Falls Christian college and served as youth pastor at Woodland Bible church in Warroad. He was instrumental in establishing the Little Falls Church of God before he was called to the Warroad church. Ortmann is the son of Melvin and Joyce Ortmann and grandson of the late Rev. Arthur Ortmann who ministered throughout northern Minnesota and the Dakotas for many years.

-Warroad Pioneer

Lots of little ginger men, lots of little fingers helping

Strandquist — Cooks at the Strandquist school baked 400 gingerbread men and mothers of elementary school students did the decorating honors. The cookies were served to the audience after the elementary school performance, "A Gingerbread Christmas."

Christmas for the old and young — together

Middle River — Members of the Senior Citizen club of Middle River and little Head Start students got together for a Christmas party at the Senior Citizen Center December 14. They played games and made crafty things together, and then shared a meal.

Johnson named as XATA Corp. CEO

XATA Corporation has announced that Dennis R. Johnson has been named chief executive officer, succeeding William Flies, the founder of XATA Corporation. Johnson has also been elected to the XATA board of directors.

Johnson, 49, has been president of National Business Systems, Inc. (NBS), a Minneapolis-based provider of data and information-processing services and data processing supplies.

Flies has been named chief technical officer, with a focus on the development of the next generation of XATA's product line.

Johnson began his business career with Sperry Univac in 1968, and has served in increasingly responsible sales and general management positions within the computer industry over the past 25 years. Prior to NBS, Johnson was president and CEO of Currentech, a Minneapolis-based computer reseller, from 1987 until the company was sold in August, 1990.

XATA Corporation, based in Burnsville, is a designer, manufacturer and marketer of programmable on-board information systems to the truck fleet industry. XATA systems utilize touch-screen computers, accessories and related software components to provide driver and management information such as driver logs, state fuel tax reports, dispatch instructions, maintenance information and fuel economy management data.

XATA Corporation's securities are traded on the local over-the-counter market in Minneapolis/St. Paul, and quoted on the OTC Bulletin board.

LETTERS

To The Editor:

I wish to offer a sincere thank-you to Mr. Howard Person for bringing to light the seriousness of the problem concerning timber wolves (*Northern Watch*, Dec. 11, 1993).

While I am as yet unaffected by livestock predation, as a cattle producer I am angry that the federal government can force us to accept these livestock killers and expect us to keep our months shut.

I am an avid deer hunter. The time I spend with my son and a few special friends hunting deer means a lot to me, and I don't like what I have seen the last few years. The deer herd numbers are down...way down. We saw far more wolves this past season than ever before.

In areas where there were abundant scrapes, rubs, beds and other deer sign over the last 23 years there was nothing but wolf tracks.

Mr. Person's article stated that it takes 15-20 deer to feed one wolf for a year. There are many who think the number is much closer to 30. What are these wolves going to eat when the deer are gone? It's a pretty safe bet it will be cattle, sheep and the neighbor's dog.

The fanatics who want to put a stop to hunting of any kind and take our guns away must be very pleased with the large increase in the wolf population.

As a taxpayer, livestock producer and deer hunter, I am not pleased. The federal government should pay full value for the livestock lost to timber wolves. Where the hell are our representatives? Does anyone else care?

Sincerely,
Thomas Oscarson
Route 3
Red Lake Falls

To The Editor:

The folks of this community can let Gordon Forester represent his views as theirs if they wish, but I prefer to speak for myself. I was born and raised on a farm, hunting and fishing every chance I could get. I am and always will be an "outdoors" person, although I now hunt with a camera.

Concerning the December 11, 1993 letter to the *Watch* inferring people against leghold traps want to end all animal use by humans, including hunting, there are those who have that in mind. I don't agree with a lot of that philosophy, and doubt it will ever take place because of them. This is the wrong direction to place blame.

The real enemies of hunting are poachers and unethical slob hunters; people who kill for fun or amusement, for trophies, with or from recreational vehicles, etc. Hunting is proper when the main idea is food; at least that's how it started out.

Fur trapping and hunting do not belong in the same category since hunting and fishing are done for food. Fur trapping is simply a business of killing wildlife for money.

There are two reasons for my initial position on trapping. First was when I found a small white leg in a leghold trap alongside an old trail. That was all that was in the trap.

The second was when a well-respected hunter and trapper laughingly told me about a raccoon he had trapped and how disgusted he was that he had to stop several times to hit the "dumb f—r" in the head because it kept trying to crawl over its "dead buddies" to get out of the back of the pickup.

After 16 years I will never forget that conversation. To me, that was just too much disrespect for nature. This person has taught young people the merits of trapping. Yeah, I know the old saying that "nature is cruel, too." Nature is indeed hard, but for survival, not greed.

Now about the gun laws statements. I too enjoy shooting guns, both handguns and rifles. I certainly don't want my government to confiscate legal firearms from responsible law abiding citizens.... but it is hard to argue against the point that some people should not have guns. Sometimes even the most severe punishment for a criminal is too late for the victim.

Sincerely,
John Wengeler
Thief River Falls

To The Editor:

Recently President Clinton signed into law the Brady Bill. In our President's own words, "This is the first step toward crime control."

BALONEY!

This so-called "crime control" bill has been around since Jim Brady was in diapers and anyone can see how little good it has done. In case you missed it, we were witness to the Brady Bill in action last week when a man waited 15 days instead of five, then purchased a gun only to commit a massacre on a New York train. If this wasn't so serious it would be hilarious to think that the Brady Bill is the first step in crime control.

Since I started buying and selling guns I have owned literally hundreds of handguns, but none of the guns in my possession have ever misbehaved, which leads me to think it can't be the gun or responsible gun owner who needs to be punished.

Our lawmakers have brainwashed a gullible public into blaming the gun. Our government must think we are stupid. The very first week in December an armed robbery took place in Fargo. A gun wasn't used, but rather a knife.

Instead of a "Brady Bill," why not a "Hinckley Bill" named after Jim Brady's assailant, and punish all violators just as severely as Hinckley was? The punishment must fit the crime or it is useless. After all, doesn't the good book say, "an eye for an eye?"

Sincerely,
Don Nygaard
Thief River Falls

Subsidizing Illegitimacy —Your Government At Work

Add to the well-intentioned government programs that have gone terribly wrong the welfare system which rewards the breakdown in marriage and families. The following article provides more insight into this dilemma that is one of the roots of the eroding of American society.

by Philip C. Clarke
America's Future, Inc.

Consider the following alarming statistics: In 1991, this country saw the birth of 1.2 million babies out of wedlock. This translates into an overall illegitimacy rate of 30%! And when you break down that rate among blacks and whites, the numbers are even more disconcerting. While the white illegitimacy rate is 22%, or just over one in five, the rate among black Americans is 68%.

Politicians and social analysts alike suggest it is a matter of cultural values. For example, in a recent homily to a black church in Memphis, TN, President Clinton warned that the breakup of the family unit leads to a breakdown of social values. And he added that Martin Luther King did not fight for "the freedom of children to have children and the fathers of the children to walk away from them."

On the other side of the political spectrum, Charles Murray, author of *"Losing Ground,"* the landmark book on the failure of Lyndon Johnson's War on Poverty, wrote recently in the *"Wall Street Journal"* that marriage should be the only institution through which parental rights and responsibilities are exercised.

And columnist George Will says, "Clearly, there is a poverty of inner resources on the part of many persons whose desperate conditions derive from various kinds of destructive behavior."

Such rhetoric on the dangers of the family breakdown seems ironic, especially when emanating from liberals and the media. These are the same people who last year were excoriating Dan Quayle, Pat Buchanan and other pro-family conservatives for focusing attention on the issue... In any event, more and more individuals are waking up to the problem. Even First Lady Hillary Rodham Clinton alluded to it in her much-publicized thoughts on the "Politics of Meaning" earlier this year.

Another irony comes to the fore. It was some 28 years ago that then-professor—and now Senator—Daniel Patrick Moynihan wrote these prophetic words: *"A community that allows a large number of young men to grow up in broken families, dominated by women, never acquiring any stable relationship to male authority, never acquiring any set of rational expectations about the future—that community asks for and gets chaos."*

Moynihan was vilified by many liberals for allegedly being everything from a chauvinist to a racist.

Today, however, the issue is still with us and even liberals recognize that the government is at least partially responsible. That's because the welfare programs enacted in the mid-60s War on Poverty pay out benefits essentially only to unwed mothers. In other words, you get money if you don't have a husband but have a child. Sociologist Murray says that's the government trying to fulfill the role of a husband, a role he says the government can't now and never will be able to fill.

Murray says the answer is to end all economic support for single mothers. And he would revive adoption as an alternative to abortion and welfare. These steps, Murray argues, would make young girls—and perhaps their boyfriends as well—think twice about premarital sex and unwed parenthood. And if a single girl were to become pregnant, it would be easier to place the child up for adoption. Conversely, if married, the father would be held responsible for child support.

Even President Clinton has called for an end to the "welfare system as we know it." Critics aren't confident that the President will achieve much, viewing his statement as more political than heartfelt. But to do nothing, says Murray and columnist Will, is to invite disaster for society.

In agreement with Murray, George Will puts it this way: "Democracy depends on virtues that depend on socialization of children in the matrix of care and resources fostered by marriage." It would seem time to end government policies that subsidize the alarming illegitimacy rate.

Northern Watch Policies

Letters To The Editor: The staff of the Northern Watch encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in Northern Watch exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Free Tree Planting Booklet Available from NADF

"Conservation Trees For Your Farm, Family & Future" is the title of a booklet available free from the National Arbor Day Foundation. It uses colorful photos and illustrations and easy to understand descriptions to guide tree planting and care.

"This new booklet is part of a multi-organization effort to help farmers and ranchers make trees an integral part of sustainable agriculture," states John Rosenow, the foundation's executive director.

Involved are the National Association of Conservation Districts, National Association of State Foresters, U.S. Department of Agriculture's Agriculture Research service, Agricultural Stabilization and Conservation Service, Extension Service, Forest Service and Soil Conservation Service along with the National Arbor Day Foundation.

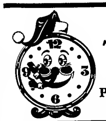
Twelve productive uses of trees are featured in the booklet, including:

- Riparian Filter Strips
- Alley Cropping
- Tree Plantations
- Wildlife Habitat
- Living Snow Fences
- Trees for Livestock
- Farmstead Windbreaks
- Woodlot Management
- Field Windbreaks
- Specialty Crops
- Trees for Recreation Areas
- Multi-Purpose Plantings

For a copy of the booklet, send your name and address to Conservation Trees, The National Arbor Day Foundation, Nebraska City, NE 68410.

WHERE IS THE REINDEER?

Knife-wielding man robs Fosston Dairy Queen



An undetermined amount of money was taken in an armed robbery in Fosston Tuesday evening.

According to a statement from the Polk county sheriff's department, Fosston police reported that on December 14 at about 8:30 p.m. the Fosston Dairy Queen was robbed by a man wearing a ski-mask. The man threatened a worker with a knife, and took an undetermined amount of money from a safe. He then left in a blue two-door car with a white top. None of the workers were injured in the incident.

A $1,000 reward is being offered for information that leads to the arrest and conviction of the person or persons who committed the robbery.

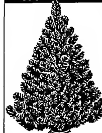
Snowmobile violations cause frustration

Law enforcement officials are getting tough on snowmobile operators. So many complaints have been received that officers have been instructed to write tickets whenever they observe violations.

Police Chief Ken Froschheiser said that last weekend he told his officers to take a tough stand against violations because of the complaints about trespassing, and other violations. As a result, officers wrote a number of tickets for such violations as youths without licenses or safety certificates, trespassing, speeding, driving on boulevards, sidewalks and parks.

They're taking a tough stand because the violations have become too much of a nuisance and aggravation to property owners. Chief Froschheiser said that part of the reason there have been so many complaints is that there is more snow inside the city limits than outside.



Besides strict enforcement, Froschheiser has also asked members of the local snowmobile club, the Sno-Drifters, to talk to their fellow snowmobilers and remind them to abide by the rules so they don't lose the privilege of operating their snowmobiles within the city limits.

Froschheiser noted that they do work in cooperation with the Pennington county sheriff's department and they will be patroling the river on snowmobiles when they determine that the ice is safe. The Minnesota department of natural resources also enforces regulations.

Last week law enforcement officials in cooperation with the Sno-Drifters conducted the annual snowmobile safety course. Froschheiser said 70 young people completed the course, which included written as well as driving tests. The safety class is held every year.

DEATHS

James Agnes, 19

Gully — James LeRoy Agnes, age 19, died Sunday, December 12 in University of Minnesota Hospital, Minneapolis. Funeral services for James Agnes are scheduled for Friday, December 17, at 11 a.m. at St. Francis Xavier Catholic church in Oklee. Visitation was Thursday at the Carlin-Hoialmen Funeral Home in Fosston. Interment will be in St. Charles Catholic cemetery in Trail. There will be a complete obituary in Wednesday's edition of The Times.

Sidney Lieberman, 77

San Diego, CA — Sidney H. Lieberman died November 29 in San Diego, CA, at the age of 77. Survivors include a sister, Lenore Lieberman of Thief River Falls. There will be a complete obituary in Wednesday's edition of The Times.

Henry Olson, 76

Thief River Falls — Henry Olson, 76, died Wednesday, December 15, at Northwest Medical Center in Thief River Falls. Funeral services have been scheduled for 2 p.m. Saturday at the Green Funeral Home Chapel in Thief River Falls. Visitation was Friday from 1 to 9 p.m. and Saturday until the time of services. A complete obituary will be in Wednesday's edition of The Times.

Clarice Collins, 67

Thief River Falls — Clarice Collins died Thursday, December 16, at Northwest Medical Center in Thief River Falls at the age of 67. Mass of Christian Burial for Clarice Collins will be Saturday at 10 a.m. at St. Bernard's Catholic church. Visitation is scheduled for Friday from 1 to 9 at the Green Funeral Home with a Biblical wake service that evening at 7:30 p.m. A complete obituary will be in Wednesday's edition of The Times.

Alice Raymond, 86

Thief River Falls — Alice Raymond died Thursday, December 16, at Oakland Park Nursing Home in Thief River Falls at the age of 86. Funeral services for Alice Raymond will be Monday at 1:30 p.m. at Grace Lutheran church in Sisseton, SD. Visitation will be at the church in Sisseton until the time of services. The Green Funeral Home is in charge of arrangements. There will be a complete obituary in Wednesday's edition of The Times.

Candyce Roisland, 45

Newport Beach, CA — Candyce Roisland, 45, formerly of Thief River Falls, died Wednesday, December 15, at a hospital in Newport Beach, CA. Funeral services for Candyce Roisland have been scheduled for Monday at 11 a.m. at Assembly of God church in Thief River Falls. Visitation is pending with the Green Funeral Home in charge of arrangements. A complete obituary will be in Wednesday's edition of The Times.

Shari Olson is New Curriculum Consultant at NCC

To develop a proposal to submit to the Minnesota Higher Education Coordinating Board for a pharmacy technology program at Northland Community College, Shari Olson has been hired by NCC to serve as a curriculum consultant.

Presently Olson is involved in researching what is being done in the pharmacy field nationally and comparing programs of various colleges. She is developing a survey to be distributed to local and other Minnesota pharmacists.

In addition to preparation for the pharmacy technology program proposal, Olson will be working with other curriculum-related issues at Northland. She will be on campus Wednesday through Friday and will be at Northland for 10 weeks.

Olson also works part-time as director of the early childhood education degree program at the United Tribes Technical College in Bismarck, ND. She has a bachelor's degree in vocational home economics education and a master's degree in education from North Dakota State University in Fargo.

Favorites win first round NCC games

■ Boys high school basketball tournament results

Probable betting favorites Grygla-Gatzke, Red Lake Falls, Red Lake County Central, and Goodridge were first round winners Thursday in the third annual Northland Community College Invitational boys high school basketball tournament.

Grygla-Gatzke handled East Grand Forks Sacred Heart 58-40 and Red Lake Falls took care of Kittson County North 53-38 in one-sided afternoon Upper Bracket match-ups, while Red Lake County Central held off Lake of the Woods 62-53 and Goodridge pulled away from Argyle 47-36 in a more competitive set of Lower Bracket quarterfinals that night.

Northland Invitational

■ Quarterfinals Thursday, Dec. 16 - (Upper Bracket) Grygla-Gatzke 58, East Grand Forks Sacred Heart 40, Red Lake Falls 53, Kittson County North 38; (Lower Bracket) Red Lake County Central 62, Lake of the Woods 53, Goodridge 47, Warroad 36.

■ Semifinals Friday, Dec. 17 - (consolation round) East Grand Forks Sacred Heart vs. Kittson County Central, 2:30 p.m.; Lake of the Woods vs. Warroad, 4:15 p.m.; (championship round) Grygla-Gatzke vs. Red Lake Falls, 6:30 p.m., Red Lake County Central vs. Goodridge, 8 p.m.

■ Finals Saturday, Dec. 18 - seventh place, 2:30 p.m.; consolation, 4:15 p.m.; third place, 6:30 p.m.; championship, 8 p.m.

Grygla-Gatzke 58
EGF Sacred Heart..............40

Grygla-Gatzke showed you can win without size in a 58-40 tournament-opening decision over East Grand Forks Sacred Heart.

The Eagles do have 6-3 senior Mike Jelle, who scored a game-high 18 points, but otherwise it's a roster full of guards – small ones at that – who carry the load. Good leaping ability helps compensate for the lack of size, along with 32 minutes of all-out effort.

"You saw what we have to do to win," said Grygla-Gatzke coach Vern Johnson. "We have to extend our defense and block out on the boards. We did that today. Our kids work hard. They did a pretty good job extending the defense and forcing turnovers, and I thought we did a nice job on the boards."

The Grygla-Gatzke press had a lot to do with 28 turnovers charged against Sacred Heart. The East Grand Forks squad had more turnovers (18) than points (16) in the first half, and never did mount any kind of threat.

"We were hoping our quickness would get to them, and it did," explained Johnson. "Our kids work hard. It's a good group of kids to work with."

The winners didn't shoot particularly well, hitting 21 of 63 (33 percent), but they still led from start to finish. Sacred Heart got off only 39 shots, hitting just 12 (31 percent).

Grygla-Gatzke was 13-for-22 at the free throw line, where Sacred Heart went 14-for-30. The winners had a 36-25 rebound edge and wound up with 20 turnovers – 12 in the second half when the issue was already decided.

Chris Meyer, a 5-10 junior, led Sacred Heart with 12 points – all in the second half.

Grygla-Gatzke went to 2-1 with the win. Sacred Heart fell to 2-4.

Scoring

	1	2	3	4	T
EGF Sacred Heart	11	3	11	13	40
Grygla-Gatzke	16	17	16	8	58

EGFSH - Brad Beauchamp 3, David Kohns 4, Justin Guzman 5, Jeremy Werness 2, Ben Senger 5, Chris Meyer 12, David Zavoral 7, Sean Johnson 2.

G-G - Mike Jelle 18, Rod Holte 10, Lonnie Larson 3, Kevin Werne 1, Tony Mosher 2, Jeremy Verbout 3, Jamie Lunsetter 9, Scott Hogenson 4, Anthony Holthusen 4.

Red Lake Falls.....................53
Kittson Co. North 38

Unbeaten Red Lake Falls advanced in the winners bracket with a 53-38 victory over winless Kittson County North.

The Eagles had quarter leads of 15-7, 27-17 and 46-25 to go 4-0 for the year. The Cougars are just the opposite at 0-4.

A balanced Red Lake Falls attack included 6-1 senior Nathan Patnode with 16 points, 6-0 senior Brian Remick with 12 and 6-2 senior Jon Hoefer with 10.

Mike Whitlock, a 6-4 senior, scored a game-high 19 points for Kittson County North, but he was the Cougars' only double figure scorer.

Scoring

	1	2	3	4	T
Red Lake Falls	15	12	19	7	53
KCN	7	10	6	15	38

RLF - Jeff Martell 2, Jeremy Byers 6, Nathan Patnode 16, Brian Remick 12, Jon Hoefer 10, Dan Swendra 4, Ryan Ulrich 2, Jordan Hoefer 1.

KCN - Kevin Grabowska 5, Ryan Nelson 2, Luke Nelson 2, Dave Hemmes 2, Josh Whitlock 8, Mike Whitlock 19.

Red Lake Co. Central 62
Lake of the Woods.............53

Streaky Red Lake County Central watched most of a 25-point halftime lead disappear before regrouping and beating Lake of the Woods 62-53 to start the Thursday night tournament session.

The Mustangs dominated play at the start – beginning with back-to-back game-opening three-point baskets by Paul Melby and Aaron Chaput. They had a 16-6 first quarter lead and enjoyed a 37-12 cushion at intermission.

But after hitting just 5 of 33 first half shots (15 percent), the Bears came alive offensively in the third quarter when they cut 10 points off the scoreboard spread in the first 2:54 of the second half.

A 10-0 Lake of the Woods run made it 45-35 at the end of the third quarter. On four occasions during the fourth quarter the Bears pulled within six, but could get no closer. A free throw by Joe Dobransky made it 59-53 with 43.8 seconds to play, but two Chaput free throws in the final moments finished the scoring and the Lake of the Woods comeback.

"I thought it was pretty much over at halftime," acknowledged Red Lake County Central coach Todd Fore. "Our zone defense worked pretty well in the first half. I don't know what happened in the second half, but that's the way we've been playing this year – hot and cold. Their pressure out front got us out of our game."

Four Red Lake County Central scorers reached double figures as Chaput, a 6-2 sophomore, netted 18, and 6-3 junior Aaron Roslen, 6-0 sophomore Bryce Huotari and Melby, a 5-11 senior, each had 11.

The Bears' offense included 6-0 junior Darren Mans with 14 points, Dobransky, a 6-6 senior, with 11 and 5-10 senior Eain Johnson with 10.

Red Lake County Central actually won the game at the free throw line. The Mustangs were only 16-for-57 from the field (28 percent), but had a busy 26-for-37 night shooting free throws. Lake of the Woods went 24-for-73 from the field (33 percent) and had a much quieter 2-for-7 free throw figure.

The 4-1 Mustangs finished with a 40-37 rebound edge. The 1-3 Bears had more turnovers, 18-15.

Scoring

	1	2	3	4	T
Lake of the Woods	6	6	23	18	53
RLCC	16	21	8	17	62

LOW - Joe Dobransky 11, Rick Ness 9, Darren Mans 14, Eain Johnson 10, Matt Speiker 9.

RLCC - Bryce Huotari 11, Dan Gagner 2, Aaron Chaput 18, Paul Melby 11, Ryan Salberg 7, Scott Lorenson 2, Aaron Roslen 11.

Goodridge 47
Warroad 36

A defensive switch paid big dividends in the second half as Goodridge broke open a close game down the stretch in finishing up Day 1 tournament action with a 47-36 decision over Warroad.

The Huskies led only 26-22 at halftime, but gave up just 14 second half points after changing to a zone from a man-to-man defense in the first half.

"The change helped," mentioned Goodridge coach John Rahn. "They were playing pretty well against us on the inside against our man-to-man, so we went to a zone to force them outside. It seemed to work. I thought our defense really came through in the second half – and we did a better job on the boards."

Goodridge was clinging to a 31-30 lead with 2:04 left in the third quarter when a 10-0 scoreboard surge decided the issue, supplying the Huskies with a 41-30 advantage following a Jason Kotrba drive at the midway mark of the fourth quarter.

Eldon Quam, a 6-2 senior, led the Huskies with 19 points. The game's only other double figure scorer was 6-0 Warroad senior Nolan Thompson, who had 10 of his 13 points in the first half.

Goodridge was 21-for-53 from the field (40 percent) and 2-for-4 at the free throw line. Warroad made just 13 of 40 field goal tries (33 percent) and went 7-for-14 at the line.

The 2-1 Huskies out-rebounded the 2-3 Warriors 24-20. Warroad topped the turnover charts 22-14.

Scoring

	1	2	3	4	T
Goodridge	15	11	6	15	47
Warroad	12	10	8	6	36

Goodridge - Ryan Kriel 3, Jason Kotrba 9, Brady Wiseth 4, Mitch Smsky 6, Eldon Quam 19, Martin Dahlen 6.

Warroad - Todd Morin 3, Gene Grugal 6, Mike Keller 4, Erik Hoy 2, Rex Harkness 6, Nolan Thompson 13.

Jamie Lunsetter led the Grygla-Gatzke fast break while being pursued by David Zavoral of East Grand Forks Sacred Heart during Thursday's quarterfinal match-up in the Northland Community College Invitational boys high school basketball tournament. Grygla-Gatzke won the tournament opener 58-40.

Stephen Invitational is won by MCC girls

Marshall County Central defense shut down the Stephen offense Tuesday as the Nordics beat the host Tigers 52-33 in the finals of the four-team Stephen Invitational girls high school basketball tournament.

Unable to get the ball inside, and reluctant to put it up from the outside, Stephen took just 29 shots, making 12 of them.

"We played tremendous defense," said Marshall County Central coach Tom Mjelde. "We didn't give them anything."

The Nordics jumped ahead 13-3 in the first quarter, but really didn't shake the Tigers until a 19-9 fourth quarter run. Marshall County Central senior Sara Lokstad, the game's only double figure scorer, picked up 11 of her 21 points over the final eight minutes when Stephen left a zone in favor of a man-to-man defense.

Marshall County Central was 22-for-48 from the field and 8-for-14 at the free throw line, where Stephen had a similar 8-for-16 night. The Nordics finished with a 25-18 rebound edge. The Tigers had more turnovers, 15-9.

The two tournament wins put the Nordics at 5-1 for the year.

Stephen Invitational

■ Monday semifinals - Marshall County Central 60, Argyle 46; Stephen 49, Tri-County 41.

■ Tuesday finals - (championship) Marshall County Central 52, Stephen 33; (third place) Tri-County 52, Argyle 42.

Scoring

	1	2	3	4	T
MCC	13	10	10	19	52
Stephen	3	8	13	9	33

MCC - Tara Underdahl 3, Tricia Pederson 9, Shanon Magner 6, Sara Hodny 2, Sara Lokstad 21, Darlene Nelson 4, Wendy Inman 5.

Stephen - Sarah Grabowska 8, Andi Noel 4, Jaime Grabowska 6, Trisha Chwialkowski 3, Jamie Kuznia 9, Jenny Smith 7.

Kittson Central 78, Thief River Falls 74...

Wolfpack out-scores Prowlers

Thief River Falls got the job done on offense, but not on defense Tuesday in a 78-74 boys high school basketball loss to host Kittson Central.

"Offensively we did all right, but I was very disappointed in our defensive effort," said Thief River Falls coach Scott Brekke. "You can't give up that many points and still expect to win. We just didn't move our feet on defense."

The Prowlers were playing without 6-10 center Kyle Sanden, who missed the game because of illness.

"Sure, it made a difference without Kyle in there, especially on defense," pointed out Brekke. "But we still should have won the game. We had the better team; we just didn't execute defensively."

Thief River Falls led 25-23 at the end of the first quarter, but fell behind 41-38 at halftime. It was tied 55-55 at the end of the third quarter.

It was still a tie game heading into the final minute. The end came for the Prowlers when they failed to convert a bonus free throw opportunity with 9 seconds left. Down 76-74 at the time, the Prowlers were whistled for an intentional foul on the ensuing rebound, giving the Wolfpack two free throws, plus possession for the win.

Thief River Falls' offense featured four double figure scorers as Eric Bjorgaard netted 24 points, Preston Treat 17, Wayne Iverson 12, and Nathan Anderson 11. Neil Wiese of Kittson Central shared game-high scoring honors with Bjorgaard, while Matt Gustafson had 22 and Nathan Kasprowicz 17.

The Prowlers were 27-for-62 from the field (44 percent), while the Wolfpack was 30-for-64 (47 percent). It was busy at the free throw line, were Thief River Falls was 17-for-28 and Kittson Central made 16 of 23.

A 36-20 Kittson Central rebound advantage played a part in the outcome, noted Brekke.

There were plenty of turnovers to go around – 24 by the Wolfpack and 23 by the 1-1 Prowlers.

Scoring

	1	2	3	4	T
Thief River Falls	25	13	17	19	74
Kittson Central	23	18	14	23	78

TRF - Eric Bjorgaard 24, Brett Peterson 2, Preston Treat 17, Wayne Iverson 12, Nathan Anderson 12, David Johnson 6.

KC - Matt Gustafson 22, Scott Flatland 4, Nathan Kasprowicz 17, Neil Wiese 24, George Hanson 5, Jacob Hook 6.

Pioneers notch tournament win in Mesabi event

Northland, Hibbing, Mesabi, and Gogebic (MI) were first round quarterfinal winners Thursday in the Mesabi-hosted Northeast/Northwest Invitational men's basketball tournament at Virginia.

The Pioneers advanced into the Friday semifinals with a 78-76 win over Vermilion.

Northeast/Northwest Invitational

■ Quarterfinals Thursday, Dec. 16 - Gogebic 92, Rainy River 69; Hibbing 93, United Tribes 74; Northland 78, Vermilion 76; Mesabi 92, University of Minnesota-Crookston 87.

■ Semifinals Friday, Dec. 17 - (consolation round) Rainy River vs. United Tribes, 2 p.m.; Vermilion vs. University of Minnesota-Crookston, 4 p.m.; (championship round) Northland vs. Mesabi, 8 p.m.; Gogebic vs. Hibbing, 8 p.m.

■ Finals Saturday, Dec. 18 - seventh place, 10 a.m.; consolation, 12-noon; third place, 2 p.m.; championship, 4 p.m.

Crookston free throws topple TRF girls 52-49

Crookston took advantage of Thief River Falls foul trouble Tuesday to beat the host Prowlers 52-49 in girls high school basketball.

Both sides connected on 22 field goal attempts, but the Pirates had a busy 18-for-23 night at the free throw line, while the Prowlers made 5 of 10 gift tosses.

"The free throws made the difference," said Thief River Falls coach Sally Wiltse. "We fouled so much we sent them to the line the whole night. We had way too many fouls – a lot of silly fouls. Our defense was really suspect, and our rebound position wasn't very good."

Still, it was a close game. The Prowlers led 18-12 at the end of the first quarter, trailed 25-24 at halftime and regained a 42-38 third quarter edge.

Carrie Lawrence was 8-for-9 from the field in scoring a team-high 16 points for the Prowlers.

(Continued on Page 14)

Sports Schedule

Saturday, Dec. 18

■ LHS boys swimming at Fergus Falls Invitational, 11 a.m.

■ LHS hockey vs. Hibbing, 1/3 p.m.

■ NCC men's basketball at Mesabi NE/NW Invitational.

Tuesday, Dec. 21

■ LHS boys swimming at Fosston, 5 p.m.

■ LHS wrestling at Roseau Triangular, 5 p.m.

■ LHS boys basketball vs. Bemidji, 6/7:30 p.m.

Arena Schedule

Huck Olson Memorial Civic Center

Thief River Falls forward Jeff Twomey chased East Grand Forks puck handler Jeff Vonasek behind the net during Tuesday's high school hockey game at the Huck Olson Memorial Civic Center. The Prowlers beat the Green Wave 3-2 in overtime.

Marc Seaverson scores game-winner vs. EGF...

TRF wins 3-2 overtime game

Heading into the 1993-94 high school hockey season, followers of the sport looked at Warroad as a heavy favorite in this year's new Section 8A alignment. A take-your-pick battle for No. 2 figured to feature East Grand Forks, Roseau and Thief River Falls.

A Thief River Falls vs. East Grand Forks match-up Tuesday showed just how close the race behind Warroad might be as the host Prowlers edged the Green Wave 3-2 in overtime.

The win put the Prowlers at 2-4 for the year, 1-1 within Section 8A – where they lose an earlier 4-1 game to Warroad.

Marc Seaverson scored at 4:35 of the scheduled eight-minute sudden-death overtime for the first Thief River Falls home ice win of the year. The senior first-line center came in alone on East Grand Forks goalie Miles Gregoire, tucking the puck behind the sprawling netminder.

It was just the 16th shot on goal of the night for the Prowlers. The Green Wave doubled that figure against Thief River Falls goalie Eric Dowers.

"Eric played pretty well," said Thief River Falls coach Glenn Chiodo. "We made some mistakes, but one of the keys was that we didn't buckle when we did make a mistake. We hung in there. It's so important not to panic in those situations."

Most of the game was played in the center ice zone, with scoring chances held to a minimum on both sides.

First goal didn't come until 13:58 of the first period when sophomore center Nick Chiodo won a face-off in the circle to the left to Gregoire, drawing the puck back to the point, where senior defenseman Joby Looker sent a shot through a crowd for a 1-0 game.

East Grand Forks had to wait until 10:24 of the second period to get the equalizer – during a man-advantage situation on an extended delayed-penalty call against the Prowlers. The Green Wave buzzed the Thief River Falls zone until Bear Landa scored on a 25-foot backhander from the slot area.

Thief River Falls went back on top at 6:37 of the third period on a bit of frantic action that included a sliding save by Gregoire to stuff a 2-on-1, an errant shot at a wide open net by Tim Barry, and finally a goal by sophomore defenseman Paul Gonsorowski.

East Grand Forks tied it again at 11:11 on a goal by Jeremy Eckman that bounced up and over Dowers as the teams batted the puck around the Prowlers' zone in anything but smooth fashion.

"This was a big win for us," said Chiodo. "East Grand Forks is a good hockey team. We didn't always play perfect hockey, but I thought we played with disciple, composure and confidence."

Scoring

First period - TRF, Joby Looker (Nick Chiodo), 13:58

Second period - EGF, Bear Landa (Jeff Vonasek-Eric McWalter), 10:24.

Third period - TRF, Paul Gonsorowski (Marc Seaverson-Tim Barry), 6:37; EGF, Jeremy Eckman (Corey Pesch-Cory Pulkrabek), 11:11.

Overtime - TRF, Seaverson (Barry), 4:35

Goalie Saves

TRF - Eric Dowers 7-12-10-2–31. EGF - Miles Gregoire 2-5-5-1-13.

Girls basketball...

Second half produces a B/G-MR win

Badger/Greenbush-Middle River out-scored Norman County East 22-4 in the third quarter Tuesday en route to a 53-40 girls high school basketball win at Middle River.

The Gators' third quarter outburst shattered an 18-18 halftime time.

"The first half was ugly," said Badger/Greenbush-Middle River coach Tom Neibauer. "We missed cripple after cripple, and we turned it over way too many times. But we came out in the third quarter and played some real good defense."

Krissi Super scored 23 points and grabbed 12 rebounds (7 on the offensive end) for the winners, despite facing triple-coverage. Super had 19 second half points, and turned in a strong defensive effort in holding high-scoring Kari Gullingsrud to 6 points.

Heather added 10 points to the Gators' total, while guard Sara Melby collected 10 assists in leading the attack.

Badger/Greenbush-Middle River went 26-for-64 from the field (41 percent).

Scoring

	1	2	3	4	T
Norman Co. East	10	8	4	18	40
B/G-MR	8	10	22	13	53

NCE - Kale Skaurud 2, Kacey TeHennepe 4, Debi Gullingsrud 2, Jenn Tasted 4, Stacy Johnson 8, Steph Saker 8, Kari Gullingsrud 6.

B/G-MR - Sheree Nelson 4, Sara Melby 8, Krissi Super 23, Heather Anderson 10, Robyn Iverson 5, Sue Ann Hemp 2.

Warroad shooter Nolan Thompson went over Goodridge defender Eldon Quam on this jumper during Thursday's last quarterfinal game in the Northland Community College Invitational boys high school basketball tournament. The Huskies moved into the semifinals with a 47-36 win.

Nordics start strong, win 64-49

Scott Zak scored 22 points to lead a group of four Marshall County Central double figure scorers Tuesday in a 64-49 boys high school basketball win at East Grand Forks Sacred Heart.

Joining Zak in the double digit column were Brandon Borg and Jake Rantanen with 12 points each, along with Trevor Magner with 10.

The Nordics had quarter leads of 21-13, 32-23 and 47-32.

"We did enough things early to win," noted Marshall County Central coach Ron Ueland. "We lost some of our intensity after that."

Justin Guzman led the Eagles with 12 points.

The 3-1 Nordics shot only 38 percent from the field (24-for-64), but cashed in on 12 of 13 free throw opportunities. The Eagles had a 39 percent 20-for-52 night from the floor and made 5 of 11 free throws.

Marshall County Central out-rebounded Sacred Heart 37-30. The Eagles topped the turnover charts 20-12.

Scoring

	1	2	3	4	T
MCC	21	11	15	17	64
EGF Sacred Heart	13	10	9	17	49

MCC - Trevor Magner 10, Scott Zak 22, Kent Rokke 5, Brandon Borg 12, Jake Rantanen 12, Ryan Black 1, Kyle Halvorson 2.

EGFSH - Brad Beauchamp 9, Jason Kotrba 4, Justin Guzman 12, Jeremy Werness 7, Ben Senger 4, Chris Meyer 10, David Zavoral 3.

Swimmers lose to Crookston

Strong individual improvements weren't enough to produce team success Thursday as the Thief River Falls boys lost a 97-71 dual meet high school swim decison to Crookston at the Franklin Middle School pool.

"We had some really solid times – a lot of personal best swims," reported Thief River Falls coach Ryan Lokken. "We're already ahead of where we were at the end of last year. "I've been really impressed with our speed and our technique."

Senior Brad Cota was the Prowlers' only first place finisher, doing it twice – the 200 freestyle and 500 freestyle.

Crookston 97, TRF 71

200 medley relay - 1. Crookston (Miller, Hall, Tollefson, Noel), 1:52.33; 2. TRF (Browning, Curtman, Sjaaheim, Adams), 2:05.05; 3. TRF (Follett, Swantek, Etta, Fogarty), 2:28.63.

Gators pin 72-0 loss on Lincoln wrestlers

A strong Badger/Greenbush-Middle River team crushed Thief River Falls 72-0 Thursday in dual meet high school wrestling action.

The Gators' sweep included nine pins, two forfeits and two decisions.

It was the 1993-94 home opener for the Prowlers, with the loss dropping the Thief River Falls dual meet record to 0-6.

The Prowlers were coming off an 0-for-4 appearance at the 17-team Grand Forks Sertoma Club Dual Meet Invitational Friday and Saturday. Thief River Falls lost to Park Rapids Area 60-12 and fell to Fargo North 46-21 in first day action, then dropped decisions to Winnipeg 39-25 and Cavalier 51-17 Day 2.

"We were pretty timid Friday," said Thief River Falls coach John Anderson. "We just didn't wrestle very well. The outcome was the same Saturday as far as wins and losses, but we wrestled much better. It was a very tough tournament."

B/G-MR 72, TRF 0

103 - Chet Lorenson (B/G-MR) by forfeit; 112 - Tim Blumer (B/G-MR) pinned Billy Fogarty 5:36; 119 - Scott Truscinski (B/G-MR) pinned Dusty Eddleman 4:41; 125 - Brant Hagen (B/G-MR) pinned Philip Nelson 3:51; 130 - James Foss (B/G-MR) pinned Sam Lane 1:33; 135 - Jeremy Berg (B/G-MR) dec. Luke Davis 18-15; 140 - Mike Sather (B/G-MR) by forfeit; 145 - Wayne Mooney (B/G-MR) pinned Kyle Nelson 1:44; 152 - Aaron Kvien (B/G-MR) pinned Steve Bursile 3:10; 160 - Rafal Ramsza (B/G-MR) pinned Jason Homme :48; 171 - Waylon Janousek (B/G-MR) pinned Nick Dee 1:40; 181 - Aron Kukowski (B/G-MR) dec. John Davis 5-0; hwt - Simon Kem (B/G-MR) pinned Kyle Miller 1:29

Hockey JV wins 2-1 match-up with EGF

All the scoring took place in the third period Tuesday as Thief River Falls got by East Grand Forks 2-1 in junior varsity high school hockey.

Cory Jenkins and Bryan Cleven scored the Thief River Falls goals, with Cleven getting the game-winner at 13:23.

Chanc Keefe was in the nets for the winners. Both sides finished with 24 saves.

Grand Forks South tops TRF freshmen

Grond Forks South out-scored Thief River Falls 63-49 Tuesday in girls freshman basketball.

The Thief River Falls offense featured Kim Stenseth with 19 points and Alicia Bakken 14.

B/G-MR girls win tournament game

Krissi Super scored 20 points and the Badger/Greenbush-Middle River defense shut down Crookston in the second half Thursday as the Gators beat the Pirates 55-30 in the first round quarterfinals of the Warren-Alvarado Invitational girls high school basketball tournament.

Robyn Iverson added a 16-point effort to the Gators' total as they improved their record to 4-1.

Crookston, down 34-21 at halftime, came up with just 9 second half points.

"We played some pretty good defense," said Badger/Greenbush-Middle River coach Tom Neibauer, who wasn't displeased with his offense, either. "We had some good passing in spurts," he said. "They set each up pretty well; we got some easy baskets."

Badger/Greenbush-Middle River was 26-for-49 from the field (53 percent) and went 3-for-7 at the free throw line, where Crookston was 8-for-18.

Warren-Alvarado Invitational

■ Quarterfinals Thursday, Dec. 16 - Climax/Fisher 45, Fosston 44, Kittson Central 51, Warren-Alvarado 50, East Grand Forks 60, East Grand Forks Sacred Heart 55, Badger/Greenbush-Middle River 55, Crookston 30.

■ Semifinals Friday, Dec. 17 - (championship round) East Grand Forks vs. Badger/Greenbush-Middle River, 6:30 p.m.; Climax/Fisher vs. Kittson Central, 8:15 p.m.; (consolation round) East Grand Forks Sacred Heart vs. Crookston, 6:30 p.m.; Fosston vs. Warren-Alvarado, 8:15 p.m.

■ Finals Saturday, Dec. 18.

Scoring

THANKS FOR A GREAT GRAND OPENING!

Thanks to all of you who made our Grand Opening a huge success. It was a great celebration after three years of planning and construction. This project has accomplished several objectives for the bank: greater privacy for our customers, improvement of internal structural support, redesign of the bank exterior, better departmental organization and handicapped assessable toilets. This project continues our long-standing policy of investing in our community.

Thank you to our general contractor, RAM builders and the local builders who joined with them to complete this project. Thanks to all of you who were inconvenienced by the scaffolding, moving, and noise that our building project required.

Thief River Falls continues to advance in the areas of greater employment, new and improved public facilities, and increased commercial services. Thief River Falls is a progressive, industrious and safe community of which Northern State Bank is proud to be a part.

Sincerely,
Directors, Officers, and Staff
Northern State Bank

RLCC girls lose 48-47 decision against RLF

Jenny Byers made the first half of a bonus free throw opportunity with 7 seconds remaining Thursday to give Red Lake Falls a 48-47 girls high school basketball win over visiting Red Lake County Central.

The loss dropped the Mustangs to 3-3. They will be idle until a Jan. 4 game at Fertile-Beltrami.

"The effort was there," reported Red Lake County Central coach Rick Koivisto.

Angel Mickelson scored 18 points, while Karlene Jolly made her first start of the year a memorable one with 14 points, including a 12-point fourth quarter when the Mustangs tried to overcome a 40-28 deficit.

Byers led Red Lake Falls with 13 points. Shelly Audette had 10.

Red Lake County Central was 18-for-37 from the field (49 percent), while Red Lake Falls was a not-so-accurate, but a very busy 20-for-74 (27 percent). The Mustangs were 8-for-18 at the free throw line; the Eagles 7-for-11. A 33-31 Red Lake County Central rebound edge was erased by 27 Mustangs turnovers.

Fosston, Crookston girls post wins over TRF JV/sophomores

Fosston and Crookston beat Thief River Falls in recent girls junior varsity/sophomore high school basketball games.

Saturday (Dec. 11) results found Fosston sweeping Thief River Falls with a 53-26 junior varsity win and a 34-29 sophomore game decision.

The Fosston junior varsity had quarter leads of 14-10, 21-18 and 41-21. Thief River Falls scoring included 4 points apiece for Kara Boughton, Melissa Rodriguez, Lydia Balmer, and Cami Sorenson.

Fosston sophomores led at the quarter stops 12-1, 16-8 and 28-20. Nicole Kopari led the Thief River Falls scoring with 10 points.

Crookston won a 53-37 Tuesday night junior varsity game, overcoming a 12-8 first quarter deficit to lead 27-22 at halftime and 37-28 at the end of the third quarter. Kopari scored 8 points, Boughton 7 and Sarah Huschle 5.

Lake of the Woods defender Joe Dobrensky fouled Paul Melby of Red Lake County Central on this drive to the basket in Thursday's first round of the Northland Community College invitational boys high school basketball tournament. The Mustangs beat the Bears 62-53.

TRF girls lose to Crookston 52-49

(continued from Page 12)

while Toni Chiodo put together a 14-point, 9-assist game. Jenny Bruun led the Pirates with 18 points.

Thief River Falls was 22-for-62 from the field (35 percent), while Crookston went 22-for-47 (47 percent). The Pirates had a 35-27 rebound advantage, but also had more turnovers, 16-10.

The loss dropped the Prowlers to 1-4.

Scoring

	1	2	3	4	T
Crookston	12	13	13	14	52
Thief River Falls	18	8	18	7	49

Crookston - Jennie Cossette 5, Beth Ring 4, Leah Olson 4, Kelly Nelson 9, Jenny Bruun 18, Andrea Onstad 11.

TRF - Toni Chiodo 14, Lisa Ulrich 2, Carrie Lawrence 16, Lisa Rendulich 7, Kelly Skeim 8, Stef Swanson 2.

Pioneers start slow, fall to Bemidji 82-76

First half problems spelled trouble for the Northland Community College men's basketball team Tuesday in an 82-76 loss to the host Bemidji State University junior varsity.

The Pioneers fell behind 36-22 at halftime and trailed by as many as 20 near the midway mark of the second half before putting together a stretch run rally.

"We stunk it up the first half," said Northland coach Mark Dannhoff. "We finally got it going in the second half, but it was too late."

Chad Kujava scored a game-high 24 points and Demond Watson had 18 to lead the Northland offense that bounced back from a 22-point first half with a 54-point second half. A 22-point game by Chad Feldman paced the Beavers.

Northland was 24-for-70 from the field (34 percent) and 20-for-35 at the free throw line, which included a head-shaking 4-for-16 first half.

Bemidji went 29-for-62 from the field (47 percent) and made 20 of 27 free throws.

The 1-5 Pioneers had a 29-28 rebound edge. The Beavers topped the turnover charts 11-9.

Scoring

	1	2	T
Northland	22	54	76
Bemidji State JV	36	46	82

Northland - Demond Watson 18, Mitch Bernstein 7, Scott Burton 8, Chad Kujava 24, Tim Olson 4, Antonio Parker 8, Ryan Rislov 3, Ivan Hirst 2, Gary Carey 8.

BSU JV - Jeff Ostrum 11, Brian Donrud 13, Dan Fiestad 6, Chad Feldman 22, Jared Midlak 8, Jeff Nyles 12.

RLCC boys lose for the first time, 55-52

Season-opening three-game win streak for the Red Lake County Central boys ended Tuesday when the Mustangs lost a 55-52 high school basketball match-up against Red Lake Falls at Plummer.

The Eagles doubled the Mustangs 18-9 in the first quarter, then held on at the end for the win when Red Lake County Central missed two bonus free throw opportunities in the final minute.

"We played 31 minutes of rotten ball, but still had a shot at the end," mentioned Red Lake County Central coach Todd Fore. "We really didn't deserve to win, but it was still frustrating to lose. We had a couple of chances at the end and just didn't get the job done."

Nathan Patnode led the winners with a game-high 29 points. Aaron Chaput paced the balanced Mustangs with 14 points. Red Lake County Central hit the 70-point figure in each of the three earlier wins, but couldn't match that offensive success against Red Lake Falls.

"They have a pretty good team," said Fore. "They played aggressive defense. They took our passing lanes away from us. They out-hustled us."

Scoring

	1	2	3	4	T
RLCC	9	16	13	14	52
Red Lake Falls	18	9	14	14	55

RLF - Jeremy Byers 4, Nathan Patnode 29, Nathan Martel 2, Brian Remick 2, Curtis Funk 1, Jon Hoeffer 13, Dan Swendra 4

RLCC - Scott Lorenson 4, Ryan Salberg 8, Paul Melby 13, Aaron Chaput 14, Aaron Rosten 10.

Rec skating program will have practice break during holidays

Thief River Falls Recreational Skating program participants will take a two-week holiday break from lessons, starting Dec. 20.

Lessons will not be presented for the snowplow program, basic test program or junior advanced program during the break.

The lessons will resume Jan. 3. There will once again be five weeks of lessons and a test session. Show practice is tentatively scheduled to start Feb. 14.

If your skater advanced to another level, check the time slot for your practice time. Lessons are offered Monday and Thursday.

Skaters should try to practice on their own at public skating sessions during the holiday break.

Knife and gun taken from juvenile boys

Juvenile delinquency petitions are being filed against three young boys following an incident Tuesday afternoon when a gun and knife were allegedly pointed at other children.

Police received a report of the incident December 14 at 4:45 p.m. Police believe the problems began when an 11-year-old and 12-year-old boy got into an argument at the Eastside skating rink. The 12-year-old boy allegedly tripped the younger boy causing an argument. The younger boy went home and called two 10-year-old boys to help him. The 10-year-old boys went to the 11-year-old's house, and then one of the 10-year-old boys allegedly came outside with a gun and pointed it at seven or more children standing there. He then went inside the home and returned with a knife in his hand. The 12-year-old boy then went home and told his father, who informed the police. Police have confiscated a gun and a knife.

A juvenile delinquency petition for assault is being prepared against the 12-year-old. A juvenile petition for disorderly conduct is being prepared against the 11-year-old. A juvenile petition for attempted aggravated assault is being prepared against the 10-year-old.

AAUW will hear about Chinese customs Monday

The Thief River Falls branch of American Association of University Women will meet Monday, December 20, at 7:30 p.m. at the home of Jan Hoff, 1405 Third Avenue, Thief River Falls.

Program will be presented by Siu Szeto, co-owner of the China King Restaurant, who will discuss Chinese customs. Program coordinator for the evening is Mary Dyrud. Members are encouraged to bring an item for the food shelf.

Traditional festival celebrated in area

(Continued from Page 1)
crown, or "Luciakrona," that came from Sweden. She sang the traditional "Neopolitan Boat Song," often called the "Santa Lucia Song," and served coffee and pepparkakor, spritz, rosettes and kringla to her guests. Four of Mrs. Chell's inherited Swedish recipes are featured in today's "Soupcon" recipe column.

Mrs. Chell says her interest in Santa Lucia stems from her and her husband's Swedish heritage. She has participated in festivals in former churches and in her own home for many years. She loves the holiday so much that she collects miniature Santa Lucia figurines that range in size from two inches to over 18 inches.

The Festival of Santa Lucia was also celebrated for the seventh consecutive year by the Agassiz Swedish Heritage Society Sunday afternoon. This year the celebration took place at Zion Lutheran church in Oslo.

Chosen to portray Santa Lucia was Lynda Isaksson, who is from Halmstad, Sweden. She is currently living with Rev. and Mrs. Tim Johnson in Grand Forks. Girls from around the area served as Santa Lucia's court, dressed in white gowns and wearing garlands in their hair.

The Festival included songs performed in Swedish and a recitation of the Christmas Story from the Bible in both Swedish and English, the Swedish performance by Hugo Magnuson of Hugo's Stores and the English by Oscar Manz. Santa Lucia also performed a violin solo.

For the Swedish, the Christmas holidays will last until January 13, Canute's Day, when the Christmas tree is ceremoniously taken down for another year.

In the meantime, Santa Lucia will stand as a symbol of benevolence and charity for the Swedish during the Christmas season, a happy prelude to the coming festival of the Christ child.

Any Swede and maybe some other Scandinavian people, too, will recognize the common Christmas carol below, one of those often sung at Santa Lucia celebrations.

Stilla Natt

Stilla natt, hilga natt!
Ofver jord gjuter matt stjarne-
himlen sitt milda sken.
Barnet slumnar in natten sen.
Uti helig ro, uti helig ro.

The Agassiz Swedish Heritage Society presented their seventh annual Festival of Santa Lucia Sunday at Zion Lutheran church in Oslo. Lynda Isaksson from Halmsted, Sweden, was Santa Lucia. Her court was made up of girls from the area , (left to right) Rachel Quem, Oslo; Kami Moreland, Grand Forks; Christina Omdahl, Warren; Heidi Johnson, Oslo; Santa Lucia, Lynda Isaksson; Sara Kinsey and Angela Johnson, both of Oslo; Kelly Van Kirk, Alvarado; and Bethany Erickson of Warren. Anna Johnson of Grand Forks stands in front.

Four Lincoln choirs will perform in concert Monday

(Continued from Page 1)
leader), Dustin Eddleman, Matt Kraemer, Chris Tsukishi, Andy Furuseth and Bobby Peralta;

Tenor II—Chris Tveitbakk (section leader), Ryan Belmont, Chad Hanson, Ryan Swanson, Cole Furuseth and Josh Melby;

Baritone—Dan Spielman and Preston Treat (section leaders), Jason Hoffard, Nathan Anderson, Sam Adams, Ben Schmitz, Jeff Issendorf, Keith Anderson, Nick Chiodo, Adam Fulton, Jason Cota, Chris Sorenson, Kaine Martell, Steve Rambeck, Brian Minks and Josh Rose;

Bass—Les Oyster (section leader), Brian Howe, David Lee, Chad Kaushagen, Carlos Diaz, Ryan Dupree, James Jorgenson, Jason Olson, Carson Quesnell and Robby Farbo.

Varsity Singers

Soprano I—Shari Evenson, Lisa Ostby, Carrie Rud, Lisa Swanson, Anne Padilla, Stacie Tvelten and Ingrid Hanson;

Soprano II—Ann Alger, Vicki Bitzegaio, Bobbi Dahlstrom, Reanna Dargus, Shelley Koland, Lisa Odegaard, Myndy Olson, Teresa Olson, Becky Rahier, Katie Toren and Miko Westerman;

Alto—Lydia Balmer, Angie Bulger, Wendy Dahl, Jill Dekkers, Jamie Femrite, Miranda Johson, Rachal Lee, Marie Oliver, Kamie Twomey, Jackie Flynn and Kate Nordin.

Freshmen Choir

Soprano—Tanya Christianson, Pauline Cullen, Jenni Eriksen, Brandy Good, Heidi Johnson, Katie Lendobeja, Michelle Mathson, Jessica Pream, Randi Ringling, Lana Rodahl, Cori Walseth and Lisa Simon;

Alto—Erika Altepeter, Tiffany Brouse, Jennifer Dahlstrom, Danielle Goulet, Melanie Johnson, Stephanie Henney, Nikki Greene, Katie Kraemer, Erica Owen, Kelsey Stalboerger, Amber Troy, Trisha Swanson, Kim Stenseth, Amy Reierson and Nicole Pontow;

Baritone—Jason Curfman, Rick Donarski, Josh Engevik, Jordan Ooldesberry, Jacob Jacobson, Darwin Klemetson, Phillip Morris and Brock Walseth.

Santa Lucia, Lynda Isaksson, forsakes her crown of lights for a moment to perform on the violin for those who attended the Festival of Santa Lucia at Zion Lutheran church in Oslo last Sunday. About 275 people attended the traditional Swedish celebration that marks the start of the Christmas season for those of Swedish heritage.

Kelly Beaudrie named to "Who's Who in Colleges"

Kelly L. Beaudrie of Thief River Falls is one of seven students from Mayville State University named to "Who's Who Among Students in American Universities and Colleges," according to Dr. Ray Oerszewski, MSU vice president for student affairs.

Dr. Oerszewski said selections are based on their academic achievement, service to the community, leadership in extra-curricular activities and potential for continued success.

The daughter of Earl and Eileen Hoefer of Thief River Falls and wife of Michael Beaudrie of Cavalier, ND, Kelly is a dean's list student majoring in elementary education with a psychology minor.

She has been the recipient of a number of academic scholarships and honors. Named one of MSU's Students of the Year, she also received the Student Education Association Outstanding Leadership Award. She has been a senior class officer, Student Education Association officer and secretary for Alpha Phi Sigma, the academic fraternity.

Kelly has also worked as a tutor and assistant in the student support services office.

Joppru omitted in blood drive story

The name of Rhonda Joppru as co-coordinator of the recent blood collection drive in Thief River Falls was omitted from the information provided by United Blood Services of Fargo, ND. Sharon Odegaard, listed as coordinator of the drive, noted the omission of her co-coordinator.

Carrying a tray of sweet treats and coffee in a customary copper kettle, Sheri Chell presides as Santa Lucia at the Festival of Santa Lucia she celebrated Saturday for members of her husband's parishes in Viking and rural Thief River Falls. The table was set with Swedish candle holders and other Swedish memorabilia she has collected over the years. Such delicacies as spritz, pepperkakor, rosettes and kringle were served to the guests.

Council renews annual licenses and permits

As the end of the year approaches the Thief River Falls city council makes sure that many service contracts, permits and licenses are renewed. Tuesday night, December 14, several items on the agenda involved renewal of contracts and permits.

Liquor licenses for establishments in Thief River Falls were approved for 1994. License fees are based on separate categories. On-sale intoxicating liquor licenses, for example, are different than club licenses. Five on-sale intoxicating liquor licenses, each costing $2,800, were issued Tuesday night. Licensees included the Best Western, Evergreen Eating Emporium, Family Bowl, Lantern Restaurant and Lounge and Rusty Nail. Three on-sale win licenses for $100 each were issued. Licensees were the Best Western, Danny's Pizza, and the Evergreen Eating Emporium. Club liquor licenses are divided between clubs with less than 200 members and clubs with over 200 members. The four clubs applying for licenses all have more than 200 members and each paid a license fee of $500. The clubs included the American Legion, Elk's Lodge, Eagles club and VFW club.

A new ordinance affecting the cost of taxi cab licenses was approved Tuesday night. The ordinance raises the cost of licenses to $25 for the first cab and $15 for the second from $15 and $5. There are three business that require taxi cab licenses: Northland Taxi, Thief River Falls Casino-Express, and Aabra Transportation.

A yearly contract involving rent and landing fees was renewed with Mesaba. The total fee was estimated at between $15,000 to $16,000 per year.

JaguarSport Ltd. from England will be returning to Thief River Falls to conduct cold-weather testing on their vehicles. For the past two years, they have leased space at the regional airport. The limited lease (December 20 to February 25) was renewed for $1,000 per month. A portion of the lease is turned over to Jobs Inc. as Jobs Inc. purchased a hoist to be used by the company when they first began cold-weather testing in Thief River Falls.

The council approved a finance committee recommendation to approve funding of the LSS Senior Nutrition program for 1994. The city has been supporting the program for many years.

The council approved a recommendation from the Planning Commission to contract for professional planning services with Northwest Associated Consultants of St. Louis Park. The company would provide the city with a Comprehensive Plan update. The cost of the project, including the retainer, was not to exceed $23,400.

Several items were presented to the city council for consideration Tuesday night, but none took as much time and discussion as a request for a dance permit.

Connie Dorn, representing the Fine Line Dancers, appeared before the council to request a dance permit on December 26 at the Elks club. Dorn explained that the dance would be a fund-raising event for the Fine Line Dancers who are attempting to raise money to compete at a State competition.

City policy limits the number of dances to be held within the city to two per week. The number of dances are limited as a city ordinance requires two officers to be on duty at public dances and the city does not have enough police officers to handle more than two per week.

Dance permits have been granted on a first-come, first-serve basis. Dorn's request was the third request for a dance that week and she wanted the city to reconsider the issue. She also requested that the city waive its fee of $150, which is for law enforcement and administrative costs.

The recommendation from the safety committee was to follow the city's policies and encourage the Fine Line Dancers to find another date.

Dorn explained that the date was important because she had obtained the use of the Eagles club and sound system for free and she wasn't sure she could obtain those services free in the future.

Requests for dance permits had been made by Ryan Walseth for December 22, December 30 and January 14. Another organization had also obtained a Dance permit for the week of December 26. Since Walseth's permits had not yet been approved, it was suggested that maybe he would settle for two of the dance permits instead of three, which would allow the Fine Line Dancers to hold a dance.

Alderman John T. Anderson asked fellow councilmen whether the city was setting itself up for a situation where one group could come in and reserve all the spots six months or more in advance.

Alderman Milt Burstad thought that was a valid point as, he said, it had happened at city parks during the summer months.

The council was eventually convinced to approve a dance permit for the Fine Line Dancers on December 26, and dance permits for Ryan Walseth on December 22 and January 14.

In other business, the council: approved a registered land survey request by Mike and JoAnn Novak and Delray and Barbara Ness; approved a preliminary plat for the "middle addition" by School District 564; approved a progression raise for Steve Olson, manager of the liquor store; charged off liquor store uncollectible accounts ($485.61) to bad debts expense; approved a recommendation to have the firm doing the re-organization study to study the position of City Safety Director; approved a request from the Sno-Drifters to have a permit to consume alcoholic beverages in the area of Centennial, LaFave and Red Robe parks during the snowmobile races January 8 and 9; approved a bingo activities permit for the American Legion; approved a one-year extension of a lease permitting Tunberg's to operate a car rental service at the airport for 1994; adopted the 1994 budget; certified the final tax levy for 1994; approved a progression raise for Firefighter Jerry Stenseth; approved a progression raise for Carl Kezar, electronic technicial/journey electrician; approved a recommendation to have the city participate in the Pennington County Safety/Crime Watch "Safety Pup" program; approved a supplement to the TKDA contract for the water system study, not to exceed $3,255; approved the water rate increase ordinance, and, approved a request to call for a feasibility report for the 1994 improvement project.

SOUPCON

Sherry LaCoursiere

Today's recipes are family favorites of Sheri Chell, who shared the celebration of the Festival of Santa Lucia last Saturday morning with members of her husband's parishes. Her table was set with Swedish candle holders and a customary copper teapot held the coffee. As Santa Lucia, she wore a traditional lighted crown called a "Luciakkrona," that came from Sweden.

Mrs. Chell says that she has used this recipe for "years and years."

SWEDISH KRINGLA

1 cup flour
1 tablespoon water
1/2 cup butter
1 cup water
1/2 cup butter
1 cup flour
3 eggs
1/2 teaspoon almond extract

Frosting

1 cup powdered sugar
1 tablespoon soft butter
1 tablespoon or so cream or milk

Mix 1 cup flour, 1 tablespoon water and 1/2 cup butter as for pie crust. Pat on cookie sheet, making two strips, each three inches wide.

Heat remaining butter and water to boiling. Remove from burner and add remaining flour, all at once, beating until smooth.

Stir in eggs, one at a time, beating smooth each time. Add extract; spread on strips.

Bake in preheated 400 degree oven for 15 minutes and then at 375 degrees for 30 minutes. Cool and frost.

To make frosting, mix powdered sugar, soft butter and cream or milk.

Serve this Swedish treat either hot or cold. Mrs. Chell says she likes to use it as an entree before her meal:

FRUKT SOPPA
(Fruit Soup)

1/2 cup dried apricots, cut in pieces
1 cup white raisins (or other kind)
2 apples, peeled and cut into pieces
1 pound prunes
1 small can crushed pineapple
juice of 2 oranges
2 1/2 quarts water
1 cup sugar
1/2 cup tapioca

Cook apricots, raisins and apples in 1 1/2 quarts water for about 45 minutes. Thicken with tapioca.

Cook prunes separately in 1 quart water until softened. Add to soup with pineapple, orange juice and sugar.

May be served hot or cold. More water may be added if a thinner consistency is desired.

Mrs. Chell says these cookies are especially good - made with butter. She cuts them in heart shapes or in the shape of a horse, Sweden's symbol:

PEPPARKAKOR
(Ginger Snaps)

3/4 pound butter, softened
2 cups sugar
1 1/2 cups dark molasses
2 tablespoons ginger
1 teaspoon lemon extract
1/2 pint whipping cream
1 tablespoon baking soda
6 cups flour

Cream butter and sugar. Add molasses, ginger and lemon extract. Beat thoroughly until creamy.

Fold in cream, whipped stiff.

Sift soda and flour and fold in until dough is smooth. Chill.

Roll very thin and cut into desired shapes.

Bake in preheated 375 degree oven for 8-10 minutes. (Recipe makes 200 or more snaps, depending on cutter.)

This recipe is one that is Mrs. Chell's special family recipe and she makes it for Christmas every year:

SWEDISH RICE PUDDING

3/4 cup rice (regular)
4 cups milk
1 1/2 cups milk
2 eggs beaten with additional 1/2 cup milk
1 cup sugar
1 teaspoon salt
2 rounded teaspoonfuls cornstarch
1 teaspoon vanilla

Bring rice and 4 cups of milk to a boil in double boiler. Cover and reduce heat. Cook slowly for one hour until rice is soft, stirring occasionally.

Put the 1 1/2 cups milk in heavy pan and add the cooked rice. Just before it comes to a boil, add the rest of the ingredients which have been well mixed.

Let it come to a boil, stirring to prevent curdling. Pour into a bowl and criss-cross the top with sprinkled cinnamon.

Mrs. Chell says that a whole almond can be hidden in the pudding for Christmas Eve. The finder of the almond will have a year of good luck.

"Art by Nine" at Roseau public library in December

"Art by Nine" will be featured throughout December at the Roseau public library as Roseau county artists have a variety of styles, media and subjects on display.

Exhibiting their work are Vivian Thacker (dolls), Jean Honl (oil painting), Michelle Ridlon (drawing), Bruce Ritchie (pencil and graphite), Violet Langaas (oil painting), Lindell Juhl (oil painting), Missy Wojchiechowski (pen and ink and oil), Luella Solberg (oil painting), Doris Cooley (oil painting) and Denise Jenson (pen and ink with watercolor).

As space allows, a few other area artists may bring in one or two pieces before the show concludes December 31.

It's Christmas—and 90 degrees—in Uruguay

Amity scholar Adriana Correa Fernandez says cold and snow don't feel like Christmas here

by Marvin Lundin
Times Editor

Amity scholar Adriana Correa Fernandez had never experienced snow in her 21 years until she came to Thief River Falls this year. It's no wonder our Christmas season seems more than a little bit strange.

"It is summer now in Uruguay," she explained. "Often the temperature is 32 or more degrees (that's in the world standard of Celsius—or about 90 degrees on the Fahrenheit scale we still use in the U.S.A.). We have a tree and Santa Claus and gifts, but it doesn't seem the same as here."

Both of Adriana's parents are teachers. Her father, Yamandu Correa, teaches typing in a technical school. Her mother, Maria Fernandez de Correa, teaches in the primary school. They left their city of Rosario Thursday for the house they have on the Silver River to spend the summer months.

Yes, the Christmas season is indeed different here in northwestern Minnesota. Temperature here this morning was 15 degrees below zero (that's Fahrenheit) and we can expect a drop of another 20 degrees at some point this winter.

Adriana also has a brother, Yamandu Andres, 18, who is attending a technical school to learn more about the carpentry trade which he also studied three years in high school.

In the style of Uruguay, Adriana uses the combined surnames of her father and mother in that order. Her mother uses her given name of Maria Fernandez, and the additional "de Correa" indicates she is married to a man whose last name is Correa. When Adriana marries, she will drop the Fernandez name and add the last name of her husband. If his surname is Perez, for example, she would become Adriana Correa de Perez.

Despite the differences in the Christmas season here, there are many similarities. Santa Claus in Uruguay is Papa Noel, more literally translated as Father Christmas. He brings gifts in a mysterious manner, but not with reindeer and sleigh.

"There is a tree but no gifts by the tree before Christmas Eve," Adriana explains. "At midnight on Christmas Eve the little children go out with their father to watch the fireworks which are part of the holiday. When they come back in the house, Papa Noel has been there and left gifts by the tree, but we never get to see him."

While children get gifts on Christmas Eve and open them immediately, gift-giving among adults is more traditional on January 6, observance of Three Kings Day.

"As children we would put our shoes near the doorway and put out grass and water for the Three Kings' camels because they have so far to travel. The Three Kings would leave gifts in our shoes. We would even put our shoes in the doorways of our relatives so we would get more presents," Adriana admitted with a sly smile.

Quite unlike northwestern

(Continued on Back Page)

Being included in a host family will bring warmth to a colder than "normal" Christmas for Adriana Correa Fernandez of Uruguay. It is now summer in Uruguay and temperatures are around 90 degrees Fahrenheit, making for a warm Christmas observance. Adriana says she feels comfortable here despite the difference in temperature due to the warmth of her host family, Kurt and Brenda Marben and their children, four-year-old Beth, eight-year-old Ann and 10-year-old John. The Marben mantel this year includes a stocking for Adriana.

Keeping Watch Around the Region

Sherry LaCoursiere

"A Christmas Story" is Christmas all year for Roseau woman

Roseau — Vivian Thacker of Roseau makes dolls, but they are not just any kind of dolls. Vivian makes dolls of characters from Charles Dickens' "A Christmas Carol." She makes the bodies of the dolls herself, using very few commercially produced parts, then she sews the authentic 1800's clothing to make the dolls look as if they came from Victorian times. Some of the dolls are well-to-do, others are the poor, complete with patches and ragged hems and sleeves. She uses velvets and wools in her dolls' clothing, and plenty of plaids. Why did Vivian choose to sew dolls from "A Christmas Carol"? "I thoroughly enjoy the story," she said. "It is a wonderful tale of the old miser and his partner. It gets people to thinking about the meaning of Christmas."

-Roseau Times-Region

Chiming Christmas carols in Greenbush

Greenbush — The Greenbush United Free Lutheran church has its own chime choir to play Christmas carols at their church. The chimes were purchased with memorial money from Irena Melby, whose daughter thought that chimes would be nice in the church. The choir has eight players and a director. Each player is responsible for two chimes which have to be played exactly in unison. The choir has been performing concerts around the area by request.

-Greenbush Tribune

Hire them for a song

Red Lake Falls — The Red Lake Falls Lions will come to your house and sing carols this year — for a price. The Lions are going to "Carol for Dollars" for people in and around the city for the price of a free will donation. Proceeds will return to the community in the form of youth and other community projects.

-Red Lake Falls Gazette

Holiday Extravaganza

Grygla — Contests were held at the "Holiday Extravaganza" in Grygla recently. The Chili Challenge was won by American State Bank with Nikki McMillin as cook. Second place was won by the Co-op with Lillian Nawton cooking, and third place by the Grygla firemen. Sweepstakes winners in the Christmas decorating contest were Carter and Linda Torgerson, with Rodney and Marin Anderson chosen "Most Traditional," Steve and Susan Saurdiff chosen for having "Most Lights," and Vern and Patti Johnson awarded Judge's Choice.

Merry Christmas celebrations there

Lancaster — Oscar and Anne Johnson Nordine will be celebrating Christmas in a house that is over 100 years old and was built by Oscar's grandfather. His grandfather, Matts Nordine, built the house with logs he cut himself and hauled from Caribou. The Nordines estimate that, between the two of them and their large families, they are probably related to half the people living in Kittson county. Judging from their names, they might be right.

Snowmobile safety course in Newfolden

Minnesota Department of Natural Resources, in cooperation with Independent School District 441 community education, will conduct a snowmobile safety course in the Newfolden community center.

Class sessions will be held from 7 to 8 p.m. Tuesday, December 28, and from 9 a.m. to noon December 30, 31 and January 1. The class is intended for participants who are eleven and one-half years old and older. Participants may be 11 years old but will not be able to get their permits until they are 12 years of age.

Instructors will be Tom Provost, John Velsvaag and Tony Arhart from the Minnesota Department of Natural Resources. Cost of the course is $5 to pay for materials and is to be paid to the instructors on the first night of class. Registration will take place at the first meeting of the class Tuesday, December 28.

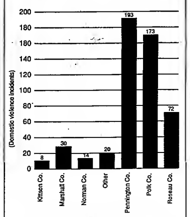
NWRDC asks comment on "Blueprint"

Northwest Regional Development Commission is interested in obtaining public comment on a "Regional Economic Blueprint," draft copies of which are available from the NWRDC office by calling 681-2637 or 1-800-450-2637.

Comments are requested by Jan. 3, 1994, according to Linda Nelson of the NWRDC staff.

The regional blueprint is an outcome of the "Minnesota Economic Blueprint" which was developed by the Minnesota Department of Trade and Economic Development in 1992-93. That document contains seven goals for Minnesota, which were developed with wide public participation and consensus from across the state, Nelson said.

The regional blueprint includes potential strategies which could be implemented to create jobs and enhance the economy of the region. Those strategies will be recommended to the Minnesota legislature and other organizations for implementation.



Warren man hurt in truck roll-over

Eric Johnson of rural Warren was injured December 20 when the grain truck he was driving slid off a road and rolled.

According to the Marshall County sheriff's department, Johnson was driving a loaded grain truck to the elevator when it slipped of the road near Warren and rolled. Johnson was taken by private vehicle to the hospital in Warren where he was treated and released. The 1984 Chevrolet grain truck was considered a total loss.

Domestic Violence Statistics

(Seven-county regional reports* to VIP)

* Violence Intervention Project recorded the above incidents during the first quarter of Fiscal Year 1994, which includes the months of July, August, and September. No statistics were available for Red Lake county. "Other" represents contacts reporting incidents in other counties. VIP has offices in Polk, Pennington, Roseau and Norman counties. It should be noted that the incidents recorded by VIP do not include reports to other agencies, such as law enforcement. Domestic violence statistics are generally recorded by law enforcement as assaults and thus not easily identifiable from other incidents involving assault. A contact occurs when someone comes in or calls the center. The totals may also include second or third contacts by the same person.

Family violence grows in times of holiday stress

by David Hill
Associate Editor

This is the second in a series articles that explore what is being done at regional and local levels to address the problems of domestic violence.

Family violence during the holiday season is a serious problem.

Jo Eastvold, Violence Intervention Project program coordinator in Thief River Falls, said they always see an increase in family violence during stressful times of the year. Eastvold explained that during stressful times of the year, the rate of family violence increases. The holiday season tends to be a time of year when there is a lot of stress. During specific holidays, however, the rates might not be as high as other times of the year, she said, because families may decide to "hold things together for the sake of the family".

Pennington County Sheriff Gerald Moe said there's always an increase in domestic violence during the Christmas holiday. A lot of the problem he said has to do with money and too much alcohol. Whatever the reason, there tends to be a lot of drinking during the holidays when they should be spending time with family. A lack of money may also increase hostility if they are unable to provide the kinds of presents they would like to give family members.

Everyone experiences stress during the holiday season. Experts believe that stress does not alone cause people to act out violently. It isn't a mental illness either. Experts believe, rather, that battering is a learned behavior.

Sheriff Moe said that he wants to make it clear that it is not the intent of law enforcement to separate families. He said that if they have a problem, they have to learn deal with it and that means getting counseling. An arrest during a domestic violence investigation is used for the purpose of creating a "cooling down period."

Eastvold said whenever domestic violence occurs they encourage the victim, which can be a man or woman, to "Get Away and Get Safe".

Eastvold said domestic violence is a chosen behavior. A lot of times the perpetrator will not even recognize the behavior as chosen. They have to learn to recognize it and learn to deal with their anger in other ways.

Sheriff Moe recommends that when it happens the victim should either contact the law enforcement center or VIP. He said that if they do not feel comfortable talking to either law enforcement officers or representatives of VIP, that they should go to a relative.

Contacting law enforcement and or getting a protection order does help. Moe said that it is only a piece of paper, but it does help because it involves the court system and a whole set of other consequences. If a protection order is issued, and it is violated, the perpetrator is quickly confronted with a host of consequences, which can include jail time.

(Continued on Back Page)

Memories of war-time events haunt Christmas celebration

Leonard Larson of Viking recalls Christmas during Battle of the Bulge

Christmas memories are supposed to be full of warmth and light. For servicemen and women, not all of those memories are good. What follows is a Christmas story told by Leonard Larson of Viking who served with the 535 Anti-Aircraft battalion attached to the 99th Infantry division during World War II.

Larson begins his story by stating, *"These experiences are true. Some I may have forgotten and a lot of them I would like to forget."*

On December 17, 1944, Pfc. Leonard Larson, age 27, was in France and the Battle of the Bulge was on. He got there after landing on Utah beach at 8 a.m. on June 6, 1944 — D-day — and fighting his way through hedgerow country.

"We were on the front close to a small town in Belgium by the name of Bullegian. On December 17, the Germans made a push early in the morning and we were overrun. Our Colonel had been warned to pull back, but he said we would stay and fight. But when the German tanks started to come over a hill into this town, he changed his mind and he and some other officers piled into a weapons carrier and left quite a few of us behind. Being only armed with rifles and hand grenades against tanks, we had to seek cover. I was close to a house and I dove into a hole which went into the cellar. As I slid into the cellar, I startled four other fellows already hiding there. It was Corporal Holden from Eugene, OR, a real good buddy of mine, a First Lieutenant, and a Warrant officer, who were a couple of good officers, and one Second Lieutenant, a replacement we had just gotten in to our outfit. As an officer, he was something to be desired. He had never seen any action.

"The 2nd Lt. had a small dog with him as his mascot and the Germans were going by the house we were hiding in. Thinking the dog would start to bark and give us away, Cpl Holden grabbed the dog and choked it to death. He also started to take his 2nd Lt. bars off his jacket, but then looked at the rest of us staring at him and left them on. If he would have been found and taken prisoner, the Germans would have been harder on him because they were generally harder on officers than enlisted men. I buried my billfold in the dirt floor of the cellar.

"When darkness came we made plans to see if we could make it out and try to get back to our lines. I dug up my billfold and we crawled out of the cellar. Snow had mixed with rain and the mud was about knee deep. Our first objective was to cross two roads to get to a rail-

They're dreaming of a ...lutefisk Christmas

Hallock — Kittson County Memorial Nursing Home residents were asked about their Christmas memories by the Kittson County Enterprise. Four out of the six women interviewed talked about having lutefisk every Christmas. Mabel Gran said, "My folks bought lutefisk in dried pieces. It looked like a piece of wood. And they put that to soak in a crock with lye on it and it was there for many weeks when it turned out to be white lutefisk." Mabel says her family would always boil the fish and "It's always good with white sauce and butter on it."

-Kittson County Enterprise

Rent-a-Santa?

Roseau — The Roseau Rental can rent their customers anything they might want, including Santa Claus. Gary Ralph, manager of the store, says his rental Santa is booked right up to Christmas Eve and will barely get off the rental circuit in time to hop on his sleigh and deliver toys to good little boys and girls that night.

-Roseau Times-Region

Making money from Christmas fun

Warroad — Spanish students at the Warroad high school have a unique money-making project for the Christmas season. They have made pinatas that will be sold to raise money for the Spanish club. Their teacher, Ms. Turenne, says that breaking of the pinata is the high point of the Christmas Eve celebration in Spain. The pinata is made of clay or paper mache covered with colored, curled tissue paper and filled with candy and fruit. The pinata is suspended from a beam or branch and then a child is blindfolded and given a stick to hit and break the pinata. She said, "This is a wonderful project for the students. They have fun while learning and they do a wonderful job."

Sharing the bounty for Christmas

Lake Bronson — Several Lake Bronson area families will have Christmas turkey dinners this year, thanks to an idea from Jimmy Ristad. He asked the 15 fellows who hunted his land this year to each donate a turkey to the Kittson County Care and Share Pantry. After hearing about Jimmy's idea, Motor Coach Industries donated five turkeys, too, so the food pantry will now be able to provide Christmas baskets, including Christmas turkeys, to families who probably would not have a very bountiful Christmas feast. Other area farmers are planning to do the same thing next hunting season.

-North Star News

O Christmas Trees

Red Lake Falls — Riverview Healthcare Foundation had its second annual Festival of Trees this year. The Festival of Trees is a combination of contest and auction, with the best decorated trees receiving prizes in several contest categories and individuals, organizations and businesses donating decorated trees to be auctioned to the public. Proceeds from the Festival will be placed in an endowment fund to help with health care needs of the area. The first place winning tree this year was decorated by Hillcrest Nursing Home's auxiliary with homemade angels, dried flower nosegays and babies' breath, lit with crystal lights and topped by a golden flower bow and streamers.

Seaman Johnson of Middle River finishes training

Navy Seaman Recruit Chad M. Johnson, son of Daryl L. Johnson of rural Middle River, recently completed basic training at the Recruit Training Command, Great Lakes, IL. He is a 1993 graduate of high school in Grand Forks, ND.

During the cycle, recruits are taught general military subjects designed to prepare them for further academic and on-the-job training in one of the navy's 85 occupational fields. Studies include seamanship, close-order drill, naval history and first aid.

"I've got to be good! I've got to be good! Christmas is coming! Christmas is coming!"

Winners of decorating contest named

Winners of the First Annual KTRF/Northern State Bank Holiday Home Decorating contest have been announced.

DEATHS

Phyllis Vettleson, 67

Fosston — Phyllis Vettleson died Tuesday at the First Care Medical Services hospital in Fosston at the age of 67. Funeral services for Phyllis Vettleson will be held Friday, December 24, at 10 a.m. at Hope Lutheran church in Fosston. There was a prayer service Thursday at 7 p.m. at the Carlin-Hoialmen Funeral Home in Fosston. A complete obituary will be in the January 29 edition of The Times.

Herbert R. Achenbach, 68

Thief River Falls — Dr. Herbert R. Achenbach, 68, died Wednesday at his home in Thief River Falls after a long illness. Funeral services for Dr. Achenbach will be held Friday at 10:30 a.m. at St. Bernard's Catholic church. Visitation has been scheduled for Thursday from 1 to 9 p.m. at the Belmont Funeral Home, with a prayer service that evening at 7 p.m. There will also be visitation for one hour prior to the service at the church. A complete obituary will be in Wednesday's edition of The Times.

Einar Loftness, 85

Waterford, MI — Einar G. Loftness died December 22 at the age of 85. Funeral services will be Friday, December 24, at 10:30 a.m. at the Christ of the Lakes Lutheran church in Pontiac, MI. Visitation will be at the Donelson-Johns Funeral Home in Waterford, MI, Thursday from 12 noon to 9 p.m. The family will receive friends at the church from 9:30 a.m. to the time of the service on Friday. There will be a complete obituary in Wednesday's edition of The Times.

Marlin Sand, 64

Goodridge — Marlin Sand died Monday in Mesa, AZ. Funeral services for Marlin Sand will be Monday at 10:30 p.m. at Zion Lutheran church in Thief River Falls. Visitation will be Sunday from 3 to 9 at the Green Funeral Home with a 7 p.m. prayer service that evening. There will be a complete obituary in Wednesday's edition of The Times.

OUR ADVERTISERS SAVE YOU MONEY!

Thank You

We would like to express our heartfelt thanks for the kindness extended to us in the event of Dean's tragic accident and death.

Thank you to all the people who called on us and brought food to the house. Also thanks to Lona Anderson and the many friends who helped us out in so many ways. Your thoughtfulness is greatly appreciated.

A very special thanks to Pastor Robert Posshel and Pastor Ron Calvert for their message at the services and to Craig Swenson, Mike Puetz and Dorothy Larson for their special music and to the ladies of Trinity Lutheran Church for the lunch.

A special thanks also for all the floral tributes, cards, and memorials given in memory of Dean.

God Bless You All!!
The Family Of Dean Dokkin

St. Hilaire Lions' Kids' Christmas Party

Chairman Ron James reported that the St. Hilaire Lions' annual free Kids' Christmas Party last Saturday was a success. Nearly 100 children enjoyed playing games for prizes and a meal. They also visited with Santa. This is James' second year as chairman of the event.

Those contributing to the party were (from Thief River Falls) Pizza Hut, Taco John's, Danny's Pizza, McDonald's, Subway, Hardee's, Ace Hardware, Corner Drug, Hardware Hank, Pamida, Big A Auto and Family Bowl, as well as Swede's Place, Best Western, Farmers Union and Hartz Foods. Also contributing were the St. Hilaire Liquor Store, and Jim's Game Supply of Greenbush.

CHRISTMAS COOKING
More Christmas recipes today - plan to use some of these for your Christmas celebrations and parties.

Here is something tasty and warm for your Christmas party:
HOT WINE PUNCH
4 cups red wine
3 cups orange juice
1/2 cup sugar
1/4 cup lemon juice
4 whole cloves
1 cinnamon stick
In large saucepan, combine all ingredients. Over low heat, heat just to simmering, stirring occasionally. Do not boil.
Remove cloves and cinnamon and serve hot. (Makes 15 1/2 cup servings.)

This punch is filled with tasty cinnamon and cloves, good for a winter warm up any time:
SPICED PUNCH
6 ounce can frozen orange juice concentrate, thawed
6 ounce can frozen lemonade concentrate, thawed
6 ounce can frozen pineapple juice concentrate, thawed
10 cups water
6 whole cloves
2 cinnamon sticks
In 4-quart saucepan, combine all ingredients. Simmer over low heat for 30 minutes. Remove cloves and cinnamon and serve hot. (Recipe makes 24 1/2 cup servings.)

This casserole would be great to make ahead for that holiday party or a great way to use those Christmas leftovers:
HAM AND CHICKEN CASSEROLE
1/4 cup margarine or butter
1/4 cup flour
1/2 teaspoon thyme
1/4 teaspoon salt
1/8 teaspoon pepper
10 3/4 ounce can condensed chicken broth
13 ounce can evaporated milk
3 cups cooked rice
8 ounces cubed, cooked ham (1 1/2 cups)
1 1/2 cups cubed cooked chicken or turkey
4 1/2 ounces sliced mushrooms, drained
1/2 cup chopped green pepper
1/4 cup chopped pimento
1/2 cups slivered almonds, toasted
Heat oven to 350 degrees.
In large saucepan, melt margarine. Stir in flour, thyme, salt and pepper. Cook over low heat, stirring constantly, until mixture is smooth and bubbly.
Add chicken broth and evaporated milk; cook until mixture boils and thickens, stirring constantly.
Stir in remaining ingredients (except almonds).
Pour into ungreased 13x9 inch baking dish (3 quart). Bake for 25 to 30 minutes, until hot and bubbly.
To serve, sprinkle almonds over baked casserole and garnish with parsley, if desired. (Recipe serves 8.)

Just the thing with that casserole, make this salad the day before:
LAYERED LETTUCE SALAD
8 cups torn iceberg lettuce
3 cups coarsely chopped cauliflower
1 cup thinly sliced carrots
1 cup sliced fresh mushrooms
1/2 cup chopped sweet red onion
1 1/2 cups mayonnaise
2 to 3 tablespoons mustard
4 ounces (1 cup) shredded cheddar cheese
12 slices bacon, cooked crisp and crumbled
In 13x9 inch dish, layer lettuce, cauliflower, carrots, mushrooms and onion. Combine mayonnaise and mustard and spread evenly over onion layer.
Layer cheese and bacon over mayonnaise mixture. Cover and refrigerate over night. (Recipe serves 12.)

This bread is made into a tree shape using little balls and it looks so festive:
CHRISTMAS TREE BREAD
1 package active dry yeast
1/4 cup warm water (105 to 115 degrees)
3/4 cup lukewarm milk, scalded then cooled
1/4 cup sugar
1/4 cup shortening, margarine or butter, softened
1 teaspoon salt
1 egg
3 1/2 to 3 3/4 cups flour
Dissolve yeast in warm water in large bowl. Stir in milk, sugar, shortening, salt, egg and 2 cups of the flour. Beat until smooth.
Mix in enough remaining flour to make dough easy to handle.
Turn dough onto lightly floured surface and knead about 5 minutes, until smooth and elastic.
Place in greased bowl, turning greased side up. Cover and let rise in warm place about 1 1/2 to 2 hours or until double. (Dough is ready if indentation remains when touched.)
Punch down dough. Cover and let rise again 30 to 45 minutes, until almost double.
Lightly grease cookie sheet.
Shape dough into 1 1/2 inch balls. To form tree shape, place 5 balls in a row on sheet. Then place row of 4 balls, then 3, then 2 and top with 1 ball. Shape equivalent of 2 balls for trunk.
Cover and let rise 15-30 minutes, until double.
Bake in 350 degree oven for 20 minutes, until golden.
Decorate with white icing garland and red and green cherries.

Local students enter young artists event

Two instrumental students from Lincoln high school in Thief River Falls have entered the young artists solo competition to be conducted Saturday, January 8, at Hvidsten Music Hall on the Concordia College campus in Moorhead.

Officials of the competition are withholding names of the contestants until after the Saturday morning eliminations. Judges will not have access to names or origins of the contestants to further insure integrity of the judging.

Instrumental students, including pianists, are entered from Alexandria, Bemidji, Breckenridge, Fergus Falls, Graceville, Hawley, Sebeka and Thief River Falls in Minnesota and Fargo, Grand Forks and Jamestown in North Dakota.

The public is encouraged to attend the competition finals Saturday at 1 p.m. in the Hvidsten Recital Hall. There is no admission charge.

Among prizes received by the winner will be the opportunity for a solo performance with the Fargo-Moorhead Symphony during its Young People's Concert April 7.

Roseau science teacher receives energy award

Don Miller, science teacher at Roseau high school, has been awarded the Laurie Kupcho Lignite Energy Education Award as the outstanding participant in a three-day lignite energy seminar last summer in Bismarck, ND.

Miller received a $100 cash prize, a replica of an old-time teacher's hand bell and a certificate from the Lignite Energy Council headquarters in Bismarck.

A member of Roseau Electric Cooperative, Miller was chosen for the award because of his active role in a lignite seminar attended by 40 teachers from Minnesota, North Dakota, South Dakota and Montana and for producing a high quality lesson plan about lignite coal.

The seminars inform teachers about the importance of lignite as an inexpensive, efficient and environmentally compatible source of energy, according to John Dwyer, president of the Lignite Energy Council—a regional trade association whose members include lignite producers, a gasification plant and investor-owned and cooperative utilities.

Information about the seminars scheduled for June of 1994 is available from Barb Owens at Lignite Energy Council, P.O. Box 2277, Bismarck, ND 58502, phone (701) 258-7117.

LETTERS

To The Editor:

I find it amusing the excuses sports people come up with when they come back empty-handed in the field.

When it comes to deer hunting in Minnesota, the blame consistently points to the timber wolf. Isn't it possible that some other factors could be involved? How about weather patterns, poor habitat or just plain bad luck?

There is no question that timber wolves take their share of whitetail deer throughout the year. This is Mother Nature at work. But how about other predators? Brush wolves (coyotes) are responsible for numerous whitetail kills throughout the year. Statistics also show that black bears are major predators of whitetail fawns in the spring of the year. It is important to remember that this is Mother Nature's way of keeping whitetail populations in check.

Minnesota consistently boasts of having record numbers of whitetail deer year after year. Why? Because of intelligent conservation practices by a top notch Department of Natural Resources, good sports people and excellent conservation organizations such as the Minnesota Deer Hunters Association.

I am fortunate enough to live in rural northeastern Minnesota, which is the heart of the timber wolf range. I cannot explain the feeling one gets sighting a timber wolf in the wild or having a pack of wolves howling in the evening. I thank God that I am fortunate to live in an area that hosts these magnificent animals.

By the way, I have lived here for 13 years and have witnessed a healthy increase in whitetail populations year after year.

Sincerely,
Dan Reed
Effie, Minnesota

To The Editor:

Has the time finally come? Will our representatives put an end to criminal rights and turn instead to focus on the victim's rights?

Each evening the news reports are full of stories of child molestings, kidnappings, drug pushers, murder and rape. I believe the time is right to put our lawmakers on the stop and tell them "enough." Either you put these scum away forever or give the job to someone who will.

But, they say, that costs money. A very remote location in the desert of the southwest and plenty of barbed wire suitably charged with electricity are all they are entitled to —and when they go in they never come out. To hell with the Civil Liberties Union, all the self-proclaimed gods in Hollywood and the special interest groups who force their perverted values on our society.

I am very much afraid that when Congress goes back into session after Christmas, they are going to concentrate on gun control instead of addressing criminal control. Huge taxes will be placed on guns and ammunition, all kinds of laws which will affect only the sportsman and other law-abiding citizens. Their ultimate aim is to completely disarm our citizens. President Bill Clinton and his Attorney General, Janet Reno, favor this legislation. How unbelievably stupid!

The home owners and businessmen who were armed during the L.A. riots were not burned out. The police, no matter how loyal and hard working they are, cannot be on the spot in every emergency.

One can only imagine the frustration they must feel, working hard to protect the people and having our present justice system fail time after time to protect the innocent.

Thousands upon thousands of our young boys have given their lives for our freedom and I will not insult their sacrifice by leaving my home and my family defenseless.

I have thought very hard about how to end this letter in a positive, Christian frame of mind, for while I may be a poor Christian, I do believe in God. But these are tough times and I believe we must all take a stand very soon; so, here goes:

To Bill Clinton, Janet Reno and all who would come and take away my right to protect my family and my freedom, I would say "concentrate on the scum that are ruining our country and leave the law-abiding citizen alone. You have the power to come and take my gun, but you will have to pry it from my cold dead fingers.

Sincerely,
Thomas Oscarson
Route 3, Red Lake Falls

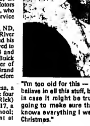
Honor Kloety Thursday on his retirement

Public attendance is invited by Northern Motors, Inc., of Thief River Falls to recognize service manager Marland Kloety on his retirement after more than 32 years of service with the local General Motors dealership. An Appreciation Day is scheduled for all afternoon Thursday, December 30.

Marland Kloety

Marland is a graduate of Ada high school and attended Moorhead State University. He was involved in service, parts and sales at an automobile dealership in Ortonville for five years and owned and operated Northwest Chevrolet in Warren for five years. He came to Thief River Falls in October of 1961 to work in sales and became service manager six months later, a position he has held to retirement.

Marland and his wife Roberta, who works at Gary's Bakery, have five children. Mary Dahl is assistant manager of Kmart in Thief River Falls; Karen O'Hearn is assistant administrator of a medical clinic in Owatonna; Michael works in the Northern Motors service department; David is in the U.S. Air Force at the Grand Forks AFB; and Steve is a graduate of Northland Community College, currently living at home and employed at Norwest Bank and Pizza Hut.



Marland had been an active bowler and enjoys hunting, fishing and snowmobiling. He has attended many company service schools in Minneapolis and Fargo over the years.

Also present at the Appreciation Day will be Rodney Lund, an employee in the Northern Motors service department since 1991, who will succeed Marland as service manager.

Lund is from Park River, ND, where he attended the Park River agricultural school. He started his mechanic career in 1971, moved to southern California in 1984 and was employed by McClellan Buick of San Diego until December of 1990. He worked in the Grand Forks, ND area for one year before moving to Thief River Falls.

Rodney and his wife Teresa, a Licensed Practical Nurse, have four children: Shawneen (Mrs. Rick) Teed of Illinois; Lee Lund, 17, a student at Lincoln high school; Ronnie Lund, 13, a student at Franklin middle school; and Ashly Ramos, 6, attending Our Saviour's Christian Academy.

Since 1991 Rodney has attended 14 training courses conducted by General Motors Corporation. He is a certified master automobile technician through the National Institute for Automotive Service Excellence.

"I'm too old for this — I don't believe in all this stuff, but just in case it might be true, I'm going to make sure this guy knows everything I want for Christmas."

Opinions

Marvin Lundin
Editor

Editorial opinion published on this page, whether locally written or re-printed from other sources is intended to stimulate thinking and discussion among our readers. Opinions expressed by the editor are his own and not necessarily those of other staff members. Opinions expressed in items from other publications may be contradictory to the editor's own views but are offered for their general interest.

Striking A Balance On Charges Of Abuse

There are few crimes more reprehensible than physical or sexual abuse of children. Adults who initiate severe abusive relationships with youngsters, whether in their own families or with others, are deserving of stiff penalties and public scorn.

Awareness of abuse and a willingness to prosecute for it have increased substantially in the past few years. Laws have been enacted making it mandatory for people in certain professions to report suspected abuse. Programs have been presented in schools to show children how to report abuse. All of these things can have a positive effect on curbing abusive behavior, helping victims to get out of those situations and punishing violators who commit abuse.

Unfortunately, once a positive force gets moving it is not difficult to misdirect it. As a result, it becomes easy to suspect abuse where it does not exist, to claim abuse to get attention or sympathy; to use charges of abuse for revenge or to attempt to build legal or political careers on that single issue.

An article in the current issue of the *"Reader's Digest"* recounts the nightmare a family experienced when one of its members was falsely accused of sexual abuse. Law enforcement, social services and mental health personnel were relentless in attempting to build a case against the accused teenage boy, to the extent that very young children were convinced that they had experiences that had never really happened. One of the public attorneys in that case is now the U.S. Attorney General, Janet Reno. (Scary thought, isn't it?)

Recently in the neighboring state of North Dakota and within the past year in our own city, children have falsely reported attempts at—or escapes from—abduction. An area school official was suspended on a student's claim of being struck, although law enforcement officials found no evidence and refused to press charges.

And in a personal article in *"Newsweek"* magazine last October, freelance writer Ellen Hopkins of Nevada told of her own experience in an article entitled "Abusing the Rights of Parents."

As Hopkins' article unfolds, she tells of her 12-year-old daughter not coming home from school as expected, touching off a frantic three-hour search. Then a call came from a deputy sheriff. "Your daughter is fine," he said. "I have her with me. And she has reported your husband for child abuse. Extreme and ongoing."

"Everything fell into place," Hopkins writes. "That morning before school, she had been punished for her continued refusal to clean up a mess she'd made. My husband, her stepdad, gave her three whacks on the behind, open-handed, over her blue jeans. In this family corporal punishment is a last resort. In the eight years since we got her back from my ex-husband, this was only the second time we'd had to use it. This is a parent's prerogative. He'd done nothing wrong nor illegal. My husband is not abusive. He stepped into my life nine years ago. He chose to help me raise my three children and has done so with love. I'm not saying he's perfect, but then who is?"

The daughter stopped at a friend's house enroute to the bus stop where the friend's mother asked what was wrong. "My stepfather hit me." The friend's mother called the school to report abuse. The school counselor called in the daughter, who was enjoying the attention and adding to the story. "He always hits me." The counselor called the sheriff and social services.

"Never mind that there was no physical evidence of abuse, that there had never been any sign of abuse in all the years she'd been at the school. Never mind that she had a B+ average, an outgoing personality and a teacher who'd had no problems with her in the classroom," Hopkins writes.

The counselor advised the child to go to a friend's house where social services would pick her up. She told everyone on the bus she was running away. The friend's mother put the youngster in her van and took her to another woman's house, calmly telling frantic searchers that she hadn't seen the youngster.

Hopkins and her husband were fortunate—the deputy who investigated their daughter's claims was experienced and could tell by her demeanor that this 12-year-old, egged on by people too willing to believe the worst about their neighbors, was making up stories. He not only reported the charges to be unfounded but lectured the girl on making false reports to law enforcement, what true child abuse was and the "joys" of living in juvenile or foster homes.

Even after all that, social services representatives came around to ask more questions and conduct an investigation which turned up absolutely no evidence of abuse.

"Don't get me wrong," Hopkins writes. "I know there are abusive parents and stepparents out there. But there must be evidence, not just the word of an angry child who thinks it is an easy way to get back at a parent. Where are our rights?

"....No matter that there was no foundation to the charges, schoolmates told their families, friends told friends, neighbors saw my daughter brought home in a police car. Most will still believe that Kelly was abused, as will many of the school's personnel.

"It is just a coincidence that, only the week before, my daughter had completed a child abuse prevention program in her school? It defined for her what constitutes 'child abuse' in the eyes of the law. She knew exactly what to say to get everyone's attention.

"....In the larger scheme of things, we must identify and prevent child abuse. But we must also discourage modern-day witch hunts that tear innocent lives apart. It is too dear a price to pay."

We agree. Investigations are not always made before charges are brought and there is always public assumption of guilt when arrests are made or public charges filed. While those who do abuse are deserving of punishment and should be prevented from abusing again, there must be protection from false charges and maintenance of parents' rights to reasonably discipline their children. In our zeal to do good, we must not do unnecessary harm. Balance is important.

Northern Watch Policies

Letters To The Editor: The staff of the Northern Watch encourages written responses to editorial comment or letters with original thoughts or ideas of general interest. Letters should be intended for publication in Northern Watch exclusively; letters sent to multiple publications will generally not be accepted. Right is reserved to edit letters for length and clarity and to reject letters deemed to be promotional in nature or in poor taste.

Letters Must Be Signed: All letters must be signed and contain an address or phone number of the writer so authenticity can be verified. Signatures must appear on letters published. The staff believes that there is greater credibility in letters signed in print and will not withhold names of writers from publication.

Responses Invited: Letters critical of individuals or other entities may be shown to those individuals or representatives of those entities in advance of publication with an invitation by newspaper staff for response in the same issue as the original letter.

Corrections: If an error is made in news or advertising publication, the staff encourages readers to call it to our immediate attention by calling 681-4450. We will attempt to correct the error or clarify the misunderstanding in the next issue.

Bird count to be taken at Roseau

Fifth annual Roseau Christmas bird count will be taken Sunday, January 2, when birders will survey a 15-mile diameter circle centered just north of the Roseau county fairgrounds on highway 310.

The area to be surveyed provides habitat for a great variety of bird species because of its geographic and vegetative diversity. Persons interested in participating can observe their own neighborhood and bird feeders, drive or walk with other birders or alert participants to local bird "hot spots" prior to the survey.

An organizational meeting will start at 7 a.m. at Brandt's Restaurant and Super 8 Motel on the west edge of Roseau. Participants will also regroup there for lunch and warm-up period.

After sundown, those taking part in the survey are invited to the Bud and Betty Johnson home two miles north of the fairgrounds for official compilation of the bird species and numbers sighted and a potluck supper.

To assist the National Audubon Society in this hemisphere-wide survey and the compilation and publication of results in *"American Birds,"* there is a $5 fee for participants. Half of this will be paid by the Agassiz Audubon Society. This year's survey will be the 94th conducted by the National Audubon Society. Results of previous years' counts are available at *"American Birds"* at the Roseau county museum.

"Participants do not need to be expert birders to be a part of this important record of bird population, migratory patterns and environmental health, nor do they need to take part in the entire day's activities," Mrs. Betty Johnson said.

Anyone observing birds within the county circle on Saturday, January 2, is invited to call Bud and Betty Johnson's home at 463-2181 or join the group there for pot-luck supper and to report observations.

For more information, contact the Johnsons at the above number or call Ceci Loch at 463-1895.

Larson recalls Christmas

(Continued from Page 1)

road grade that was quite high. As we ran across one of the roads, Cpl. Holden went first and ran into a downed communication line. His helmet bounced on the cobblestone road making a lot of noise. We quickly hid in a church yard cemetery amongst the stones until we could see where the German artillery was shelling from. We eventually made it to the railroad grade and followed it as close as we could for protection against the shelling.

"Once in awhile, they would shoot out a flare so everything would get bright as day. The flares would stay bright for about a minute or two and we would hug the ground before making our next move.

"Sometime in the middle of the night another American soldier joined us. His outpost had been overrun and he thought he was the only survivor. He was almost speechless, but he soon calmed down.

"At daylight someone halted us and asked for the password, which was changed every day. We didn't know it so they thought we might be Germans in American uniforms. We had to put our rifles down and come in with our hands over our heads. I remember the one question they asked us was: "Who was Mickey Mouse's wife?" We all knew that it was Minnie, of course. They then asked what outfit we belonged to.

"The weather was wet, and the knee-deep mud had a little snow on it.

"That morning, Cpl. Holden and I decided between ourselves that we would be better off by ourselves. We left the other three and got a ride with a Communication truck. We were riding in the back and made it to a checkpoint where the truck had to stop. It had been a German Army camp at one time. I think it was called Camp Elsieborn.

At the camp we found our Colonel trying to re-group our outfit, or what was left of it. There were 10 or 12 more of our company there. We stayed there and helped man the checkpoint. We were on guard duty 24-hours a day.

"The weather got foggy and our planes couldn't fly. Supplies and ammunition were hardly getting through. I think it was to our advantage because it also hindered the Germans. It didn't stop them though. We knew they were close as we could hear their burp guns and mortar rounds getting closer. Then one of our weapon's carriers came in with orders for our colonel and seven others to pull back. They called out the names, but Cpl. Holden, Capt. Malony and I were to stay behind and man the outpost. It was the 22nd of December, I think. We were out of rations but we had plenty of ammunition and hand grenades.

"Christmas day morning was foggy. We found some frozen potatoes and some old lard the Germans had left behind. We peeled the potatoes and made shoe string potatoes out of them and fried them over a fire. They tasted like we had put sugar on them because they had been frozen. Although he thought he was a notch above everyone else, a captain who had joined us, also enjoyed them. In the afternoon of Christmas day the fog lifted and our planes came over. We soon started to push the Germans back.

"We still lost a lot of men. The weather stayed cold and when we took the town of Bullegian again, I saw bodies of German and American soldiers frozen and piled up like cordwood.

"On the morning of December 17, a good buddy of mine and I were together. Sometime during the confusion and action that followed we were separated. His name was Lawrence Strahots and he was from somewhere in Wisconsin. I went to the house where he had hidden in the cellar and found his helmet. It had a bullet hole in it but there was no blood so I hoped that he had been captured and was still alive.

"Some of our company had been taken captive and I think some of them had been shot after being captured. The Malmedy Massacre had happened at a place only about six miles from where he had been overrun by the Germans. My friend, Strahots, was listed as missing in action.

"This had been on my mind many times over the years. About five years ago, I put in a request to the Cappers paper I get. I asked if they would print in their paper a request from me for anyone knowing anything about Lawrence Strahota. I knew he was from Wisconsin and listed what outfit he was with.

"In about two weeks I received a letter from one of his daughters, one brother and a friends of the family. I learned that a German tank had run over him crushing both legs. He had been taken prisoner but had died in a prisoner of war camp on Christmas day 1944. So, at last I found out what had happened to him. This may be why so many of his memories get to me at Christmas."

Larson plans to enjoy Christmas 1993 with his three children, two girls and one boy, who all live near Thief River Falls.

Larson requested that excerpts from his landing on Utah beach on D-day also be used so that people will not forget what it was like.

At about 9 a.m. on June 6, 1944, Larson was riding across the English Channel in the Susan B. Anthony when it struck a floating mine. As the men were in the hold of the ship and the only light came from the stairwell, Larson writes. "One rather amusing incident that happened at that point involved a boy from Iowa who was regarded by some of the officers as being rather slow. I don't know how he got there. He must have got on his hands and knees and crawled among all the legs, but he made it to the stairwell first."

The men on the ship were ordered to abandon ship. They were eventually loaded onto infantry landing craft and landed on the beach. "We inflated our life jackets and made it to shore — a sight I will never forget. Wounded and dead soldiers everywhere. I remember one paratrooper laying there still in his parachute."

"We took out on foot and then it started to rain but we didn't mind that as we were wet already. But the first night I won't forget. We dug a fox hole to spend the night in. Sleep was far from us. We wondered if we would see the next morning.

"Another thing that happened when we were getting our rifles out of the pile by the hospital was that two German planes came over and strafed the beach. The medics at this hospital had dug a big hole to jump in when the shells got too close. When the planes were coming I was the first one in the hole and I could feel others jumping in. The more that came, the better I felt, but I had a hard time to keep my nose out of the sand so I could breath. It was one place you didn't care what color another man's skin was, as there were some colored boys there too.

Larson had many other incidents to tell. He wrote his story down on paper and has left it with the County Historical Society.

Larson was discharged at Camp McCoy, WI, in the last part of November, 1945. "No one will ever know how happy. I was to be on the way home, back to Alice and Paulette, my parents and brothers and sisters. My Mom passed away a few days after I got home, but I am thankful to the Lord for watching over me and for letting me see my Mom one more time."

American Legion Post 117 and its auxiliary in Thief River Falls distributed fruit baskets Tuesday, December 21, to military veterans who are residents of Valley Home, Oakland Park nursing home and the convalescent and nursing care unit of Northwest Medical Center. Post Commander Ned Blodgett (left), service officer Ormond Johnson and auxiliary representative Kay Tesch made the visits and presented the baskets. Pictured are three Oakland Park residents—Ted Guse, Earl Swanson and Hilmer Gaarde—who received baskets. Other recipients were Robert Robarge and Ruben Erickson at Oakland Park, Art Brown, John Fredrickson, Arthur Schultz, Tilmen Swenson, Clifford Bolstad, Elmer Johnson, Oscar Johnson, Leander Anderson, Clifford Susted and Ralph Boutain at Valley Home; Frank Kne, Eldred Ayers, Ben Nelson, Vernon Nelson, Clayton Sandberg, Leonard Johnson and Evan Henson at the C&NC unit of Northwest Medical Center.

Charges pend against Warren man

Aaron Kirk Oberg, 20, Warren, was arrested and charged with disorderly conduct and theft after an incident at Hugo's in Thief River Falls.

According to a Thief River Falls police department spokesperson, at December 21 at 6:54 p.m. the police department received a report from Hugo's that a man had ran out of the store with items he had not paid for after being asked to stop. The man had paid for a can of pop but not all the items allegedly in his possession. Items were recovered along the route he took when running from the store. Police were unable to locate the individual but after checking license plates of vehicles in the parking lot, they contacted the owner of one of the cars and with that person's assistance tracked the individual down to a local residence. When police arrived at the residence, the man attempted to run again but was apprehended. The man was identified as Aaron Kirk Oberg, 20, Warren. Police also learned that he was wanted on two warrants out of Marshall county. Oberg faces charges of disorderly conduct and theft under $200.

"I don't care about the apple. Who is that funny looking guy with that fuzzy white stuff on his face? Get me out of here, Mom!"

Local high school hockey scene will feature the first Thief River Falls/Crookston Christmas Tournament Monday, Tuesday and Wednesday, Dec. 27, 28 and 29. The Prowlers and Pirates will be joined by Benilde St. Margaret's and Minneapolis Roosevelt for a round-robin schedule. Thief River Falls forward Marc Seeverson is shown here coming from behind the net with the puck as defenseman Joby Looker looked on during the Prowlers' Dec. 18 match-up against Hibbing at the Huck Olson Memorial Civic Center.

High school hockey...

TRF, Crookston to share tournament

The Thief River Falls/Crookston Christmas Tournament will find the Prowlers and Pirates being joined by metropolitan area teams Benilde-St. Margaret's from St. Louis Park and Minneapolis Roosevelt for three days of high school hockey at the two northwestern Minnesota sites Dec. 27-29.

It starts with two games Monday at the Huck Olson Memorial Civic Center in Thief River Falls, then heads to Crookston for doubleheaders Tuesday and Wednesday.

A Wednesday Crookston vs. Thief River Falls match-up will double as the Pirates' home game in the regularly-scheduled two-game home-and-home series between the two long-time rivals.

Fans attending the games in Crookston will also have the opportunity to watch the University of Minnesota-Crookston play the University of Wisconsin-Stout Tuesday at 8:15 p.m. and Wednesday at 3:15 p.m.

The Prowlers are 2-5 for the year with wins over St. Paul Johnson 6-4 and East Grand Forks 3-2 in overtime. The losses came at the hands of Bemidji 4-2, Grand Forks Central 9-1, Warroad 4-1, Blake 7-2, and Hibbing 5-2.

In recent years, Thief River Falls' holiday tournament trips to St. Cloud and Rochester have also included junior varsity competition. The Thief River Falls/Crookston event is a varsity-only draw, but the Prowlers' B squad will be involved in the Grand Forks Junior Varsity Invitational Monday, Tuesday and Wednesday at the Purpur Arena – an eight-team event with a championship and consolation bracket.

TRF/Crookston Tournament

■ Monday, Dec. 27 - (at TRF) Crookston vs. Benilde-St. Margaret's, 5:30 p.m.; Thief River Falls vs. Minneapolis Roosevelt, 7:30 p.m.

■ Tuesday, Dec. 28 - (at Crookston) Thief River Falls vs. Benilde-St. Margaret's, 3:45 p.m.; Crookston vs. Minneapolis Roosevelt, 8 p.m.

■ Wednesday, Dec. 29 - (at Crookston) Benilde-St. Margaret's vs. Minneapolis Roosevelt, 1 p.m.; Crookston vs. Thief River Falls, 8 p.m.

Grand Forks JV Invitational

■ Quarterfinals Monday, Dec. 27 - (Upper Bracket) Grand Forks Central vs. Crookston, 3 p.m.; Thief River Falls vs. Fargo North, 4:45 p.m.; (Lower Bracket) Pembina vs. Grafton, 6:30 p.m.; Devils Lake vs. Grand Forks Red River, 8:15 p.m.

■ Semifinals Tuesday, Dec. 28 - (consolation round) Upper Bracket, 3 p.m.; Lower Bracket, 4:45 p.m.; (championship round) Upper Bracket, 6:30 p.m.; Lower Bracket 8:15 p.m.

■ Finals Wednesday, Dec. 29 - seventh place, 3 p.m.; consolation, 4:45 p.m.; third place, 6:30 p.m.; championship, 8:15 p.m.

Holiday schedule breaks listed for some area teams

While the Lincoln High School boys basketball, girls basketball and hockey teams prepare for invitational tournaments next week, the Thief River Falls boys swim team and wrestling squad will have holiday schedule breaks.

The Prowlers' tournament appearances include the Dec. 28-30 Thief River Falls Russ Smith Northwest Holiday Classic (boys basketball), the Dec. 27-29 Thief River Falls/Crookston Christmas Tournament (hockey), and the Dec. 27-29 Brainerd Holiday Invitational (girls basketball).

Wrestlers will be idle until they host the second annual Prowler Invitational Saturday, Jan. 8, while the swimmers won't be competing again until a Thursday, Jan. 13, dual vs. Detroit Lakes.

The Marshall County Central and Badger/Greenbush-Middle River boys will be part of the Thief River Falls Russ Smith Northwest Holiday Classic, but Goodridge, Red Lake County Central and Grygla-Gatzke will be idle until Tuesday, Jan. 4 – when the Mustangs host the Huskies and the Eagles head to Tri-County.

Area girls basketball teams will not resume their schedules until after the holidays: Monday, Jan. 3 – Marshall County Central at Stephen and Goodridge/Grygla vs. Warroad; Tuesday, Jan. 4 - Red Lake County Central at Fertile-Beltrami; Thursday, Jan. 6 - Badger/Greenbush-Middle River at Warroad.

- Sports Briefs -

Weather hits schedule

A busy area Tuesday high school sports schedule was erased by the weatherman.

Postponements included:

■ Thief River Falls boys basketball vs. Bemidji.

■ Thief River Falls boys swimming at Fosston.

■ Thief River Falls wrestling vs. Roseau and Warren-Alvarado at Roseau.

■ Red Lake County Central boys basketball at East Grand Forks.

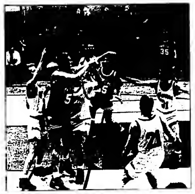
■ Badger/Greenbush-Middle River boys basketball vs. Stephen.

■ Marshall County Central girls basketball vs. East Grand Forks.

■ Goodridge/Grygla girls basketball vs. Badger/Greenbush-Middle River.

Bergland nets 2nd goal

Tim Bergland of Thief River Falls scored his second goal of the season for the Tampa Bay Lightning Tuesday in an 8-3 National Hockey League loss to the Pittsburgh Penguins.



Youth Hockey

Schedule

■ Sunday, Dec. 26 - Bantam A vs. Red Lake Falls, 6:15 p.m.

■ Monday, Dec. 27 - Bantam B vs. Warroad, 2:45 p.m.; Pee-Wee A at Bemidji, 3:30 p.m.

■ Tuesday, Dec. 28 - Pee-Wee B vs. Warroad, 1 p.m.; Squirt B at Red Lake Falls, 5:30 p.m.

Drawing plenty of attention this winter on the boys high school basketball scene is 6-10 Thief River Falls sophomore Kyle Sanden, shown here throwing the ball back outside after the Warren-Alvarado defense collapsed on him during the Dec. 17 Prowlers-Ponies game in the Lincoln gym. An effective inside-outside game has produced two wins in three starts for the Prowlers, whose loss at Kittson Central came with Sanden on the sideline because of illness. Sanden and his teammates will play host to the 11th annual Russ Smith Northwest Holiday Classic Tuesday, Wednesday and Thursday, Dec. 28, 29 and 30.

Boys tournament will start Tuesday

■ Russ Smith Northwest Holiday Classic

The 11th annual Thief River Falls Russ Smith Northwest Holiday Classic boys high school basketball tournament begins its three-day run in the Lincoln gym Tuesday.

Defending champion Badger/Greenbush-Middle River heads the eight-team field that also includes Fertile-Beltrami, Argyle, Marshall County Central, Roseau, Kittson Central, Clearbrook-Gonvick, and the host Prowlers.

Junior varsity portion of the tournament will be played in the Lincoln auxiliary gym – matching the varsity draw.

An all-day tournament pass will be $4 for adults and $2 for students. Tickets after 8 p.m. will be priced at $3 for adults and $1 for students.

Thief River Falls failed to win a game in last year's tournament, falling to Clearbrook-Gonvick 88-64, Kittson Central 54-47 and Roseau 63-49. But the high-scoring Prowlers are off to a 2-1 start this year with wins over Crookston 73-45 and Warren-Alvarado 75-59 sandwiched around a 78-74 loss to Kittson Central.

Russ Smith Holiday Classic

■ Quarterfinals Tuesday, Dec. 28 - (Upper Bracket) Marshall County Central vs. Kittson Central, 3:15 p.m.; Clearbrook-Gonvick vs. Roseau, 5 p.m.; (Lower Bracket) Badger/Greenbush-Middle River vs. Argyle, 7 p.m.; Fertile-Beltrami vs. Thief River Falls, 8:45 p.m.

■ Semifinals Wednesday, Dec. 29 - (consolation round) Lower Bracket, 3:15 p.m.; Upper Bracket, 5 p.m.; (championship round) Upper bracket, 7 p.m.; Lower Bracket, 8:45 p.m.

■ Finals Thursday, Dec. 30 - seventh place, 3:15 p.m.; consolation, 5 p.m.; third place, 7 p.m.; championship, 8:45 p.m.

Past Tournament Champions

1983 - Fertile-Beltrami; 1984 - Kennedy; 1985 - Thief River Falls; 1986 - Thief River Falls; 1987 - Thief River Falls; 1988 - Thief River Falls; 1989 - Argyle; 1990 - Argyle; 1991 - Fertile-Beltrami; 1992 - Badger/Greenbush-Middle River.

TRF girls head to Brainerd

Thief River Falls will meet Hopkins Monday at 3 p.m. in the opening round quarterfinals of the Brainerd Holiday Invitational girls high school basketball tournament.

The three-day, eight-team affair also includes Virginia, Park Center, Detroit Lakes, Grand Rapids, Faribault, and the host Warriors.

Thief River Falls took a 1-5 record into a scheduled Thursday night game against Kittson Central. The Prowlers beat Warroad 56-41, but lost to Warren-Alvarado 47-30, Roseau 66-50, Fosston 51-42, Crookston 52-49, and Fergus Falls 52-34.

Brainerd Holiday Invitational

■ Quarterfinals Monday, Dec. 27 - (Upper Bracket) Park Center vs. Grand Rapids, 1 p.m.; Thief River Falls vs. Hopkins, 3 p.m.; (Lower Bracket) Detroit Lakes vs. Faribault, 5 p.m.; Virginia vs. Brainerd, 7 p.m.

■ Semifinals Tuesday, Dec. 28 - (consolation round) Upper Bracket, 12 noon; Lower Bracket, 2 p.m.; (championship round) Upper Bracket, 4 p.m.; Lower Bracket, 8 p.m.

■ Finals Wednesday, Dec. 29 - seventh place, 11 a.m.; consolation, 1 p.m.; third place, 3 p.m.; championship, 5 p.m.

1993 firearms deer hunting harvest is reported for region

The 1993 firearms deer season in northwest Minnesota recorded a harvest of 61,603 deer – the second-highest total on record for the area.

According to the registration figures compiled by the 12 area wildlife offices of the Minnesota Department of Natural Resources Northwest Region, the 1993 total was about 8 percent below last year's record harvest of 67,172, and 2,914 higher than the previous next-best record of 58,689 set in 1991.

The statewide 1993 firearms deer harvest of 186,000 was the third-highest on record, following last year's all-time high of 229,000 and 207,000 recorded in 1991.

In 1992, antlerless permits were greatly increased in most areas of Minnesota in an effort to reduce excess deer populations. This season, antlerless permits and harvest goals were readjusted again in many areas to prevent an over-harvest of does that would adversely affect optimum population levels next season.

DNR's Northwest Region includes 21 counties in northwest and west-central Minnesota, in the northern portions of hunting Zones 2 and 4, and the western edge of Zone 1. Four of the 12 northwest DNR wildlife areas set new harvest records in 1993, including Morris, Glenwood, Fergus Falls, and Crookston.

Lower harvest numbers in the Bemidji and Park Rapids areas were anticipated, following record harvests last year. The Bemidji area issued 31 percent fewer antlerless permits and had an 18 percent overall reduction in harvest compared to 1992. The buck harvest, however, was down only 13 percent.

Antlerless permits in the Park Rapids area were reduced by two-thirds, from 18,000 in 1992 to 6,000 this year, but the 1993 harvest of 7,770 deer was still the third-highest on record.

1993 Area Deer Harvest Totals

Baudette - 4,454 (+8.8%); Bemidji - 8,845 (-18%); Crookston - 4,225 (+3%); Detroit Lakes - 4,485 (-6%); Fergus Falls - 12,444 (+1%); Glenwood - 4,704 (+15%); Karlstad - 3,635 (-4%); Morris - 3,252 (+9.5%); Park Rapids - 7,770 (-35.5%); Roseau River Wildlife Management Area - 160 (-11%); Thief Lake - 2,835 (-7%); Thief River Falls - 3,[illegible]

Northwest Region Yearly Totals

1984 - 40,418; 1985 - 45,878; 1986 - 41,856; 1987 - 45,852; 1988 - 43,136; 1989 - 39,600; 1990 - 47,365; 1991 - 58,689; 1992 - 67,172; 1993 - 61,603.

Speakers listed for NCC football coaching clinic

List of guest speakers has been announced for the 11th annual Northland Community College Football Coaching Clinic.

The event will be held Saturday, Jan. 29.

The speakers will include high school coaches Dave Nelson, Blaine; Neal Hoftland, Chokio-Alberta; Jeff Mumm, Thief River Falls; and Rod Oksendahl, Cavalier, ND. Also addressing the group will be University of North Dakota defensive coordinator Dale Lennon.

Cost of the clinic is $10 if registered prior to Jan. 26.

For additional information contact clinic director Rick Nelson by calling toll free 1-800-628-9918, or 681-2181, extension 163.

MUNICIPAL LIQUOR STORE GOODRIDGE, MN

Northern State Bank recently held its grand opening ceremony in recognition of the completion of a new addition and remodeling at the bank. The main office at Third and LaBree received remodeling inside and out. In addition, changes were made to accomodate a new section for loans and insurance divisions. The walk-in teller at Third and Horace was also remodeled. Ram Building Systems Inc. was the contractor for the project. Thief River Falls Chamber of Commerce Ambassadors recently presented Gene and Dave Baito of Northern State Bank with a More Progress award. Pictured from left are: Regan Rohl, chamber ambassador, Gene Baito, Dave Baito, and Leann Nelson, chamber ambassador.

TRF council recognizes Anderson's contribution

John T. Anderson was recognized for his contribution to the city of Thief River Falls Tuesday evening when Mayor Robert Reeve presented him with a plaque. Anderson has been a member of the city council for the last two years and decided not to file for re-election last summer.

For his part, Anderson said serving on the council "had been an experience — one he was glad he went through." He added later that those who criticize should spend some time on the council and find out what it is really like.

Several other councilmen expressed their appreciation to Anderson.

Year-end details were completed at the council meeting Tuesday. One of the items on the agenda included a proposed list of city council committee assignments for 1994-95. That list will be completed and approved after the first of the year. Other year-end details included budget adjustments, writing off unpaid bills to bad debts, paying bills and signing off on water treatment plant improvements.

Approval was given for a committee interviewing consultants for the arena floor to commit to one of two consultants and enter into a contract before the end of the year. The contract, however, will have to be reaffirmed by the entire council. Authorization was given for a committee to negotiate a contract. The committee is composed of Mayor Reeve, Aldermen Dale Wennberg, Donald Barron, and Co-directors for the park department, Madelyn Vigen and Curt Howe, and Ron Lindberg, director of the city's engineering and technical services department.

Lindberg reported that four good proposals had been received and two consultants had been settled on by the committee. The two consultants are Arena Consulting and Construction (ACC) and Bonestroo, Rosene, Anderlik and Associates.

John T. Anderson
Alderman-at-large

Spencer Manke of TRF gets IBM aerospace scholarship

Spencer Manke of Thief River Falls was recently awarded the IBM Aerospace scholarship at the University of North Dakota. He received the award at an aerospace sciences awards banquet in the UND Memorial Union ballroom.

Manke is a senior majoring in aeronautical studies with a minor in industrial technology. He is a member of the Wilderness Pilots Association and works part-time at the computer based learning center.

The IBM scholarship is awarded to students who have demonstrated superior leadership and academic excellence throughout their studies.

Adriana Correa Fernandez, Amity scholar from Rosario, Uruguay, shows the flag of her country in the Spanish language classroom of Sharyl Novacek at Lincoln high school. Adriana assists Sharyl in the Spanish program at Lincoln as well as attending classes in social studies and English. Mrs. Novacek terms the Amity program and students as "marvelous."

Student from Uruguay finds Christmas warmth in the cold

(Continued from Page 1)

Minnesota New Year's holiday tradition, many families in Uruguay place a television set in the doorway of their houses and sit outside on the sidewalk, watching holiday programs and calling out greetings to passersby. A large meal is served about 10 p.m. New Year's Eve and people gather to welcome in the new year at midnight.

The Correa family owns its own home, a typical single-story house made of brick with ceramic tile floors laid on concrete. There is little carpeting or need for it in the temperate climate, Adriana said, and the house is crowded among other homes with much less space around it than around the houses in Thief River Falls.

Rosario is a city of about 12,000 people, and Uruguay has been a democracy for less than 10 years. Her city has perhaps 100 small grocery stores, all selling virtually the same items. Meals consist of a lot of vegetables and pasta and taste different from those in the United States, even when similar items are used.

Yamandu Correa is an elected member of the city governing body and must return from his summer home on a weekly basis to attend meetings and conduct business.

Adriana is in her third year of the Enterprise Administration program at Universidad del Trabajo del Uruguay—a business administration program that prepares her for a career in either private or government business in her country. She believes her experience in the Amity program here will "open doors" for her when she completes her four years at the university and seeks full-time employment.

While this is her first visit to the United States, she has traveled to 10 countries in Europe and three other countries in South America.

Adriana enjoys the opportunity to help teach Spanish in Sheryl Novacek's classes at Lincoln high school. In Uruguay she helps teach English to students in the first year of the six-year high school program that begins following six years of primary school.

She is also a past president of the Rotaract organization which is affiliated with Rotary International. Children in Uruguay from age 15 to 18 can join Interact, those from 18 to 29 provide service through Rotaract projects. When they reach 30 years of age they may become members of the Rotary club. One of Adriana's favorite projects was raising funds to allow children from poor families to attend summer camp.

Expecting to find a nation very advanced in technology when she came to the United States, Adriana was surprised when she had to go through an international operator to place a phone call back home. Her mother can call her instantly by direct dialing from their home in Rosario.

Adriana is also disappointed that she can't visit more of Minnesota by herself because she doesn't have a car. There is no bus service from Thief River Falls and so there is no means for her to travel except with her host family or with other friends.

And while she will miss her family and her Christmas customs this holiday season, she will not go unblessed. She says she feels comfortable here with the same type of family warmth she feels at home.

And that kind of warmth is the same in both Fahrenheit and Celsius.

Holiday stress often leads to cases of domestic violence

(Continued from Page 1)

Eastvold said last July and August there was a lot of domestic violence activity. In the last two weeks, they have also observed a lot of activity, not just in Pennington county but the seven other counties included in the region for VIP.

Domestic violence is not just a problem, it is a crime with serious repercussions. Also, domestic violence is more than hitting; it involves threats, pushing, punching, slapping, choking, sexual assault, and assault with weapons.

According to "A Guide For Friends and Family" a National Woman Abuse Prevention Project, 1989, it is rarely a one-time occurrence and usually escalates in frequency and severity. Any act of domestic violence is something to take seriously. Wife beating results in more injuries that require medical treatment than rape, auto accidents, and muggings combined. And battering can be deadly: 30 per cent of women murdered in the United States are killed by husbands or boyfriends.

Just because it is happening doesn't mean the victim is doing something to provoke violence. A victim of battering is never to blame for another persons choice to use violence against her. Problems exist in any relationship, but the use of violence to resolve them is never acceptable.

The answer may be found in leaving, but it isn't as easy as it sounds. For most of us, a decision to end a relationship is not easy. A battered woman's emotional ties to her partner may be strong, supporting her hope that the violence will end. She may be financially dependent and in leaving she will likely face severe economic hardship. She may not know about available resources and social and justice systems may have been unhelpful to her in the past. Religious, cultural or family pressures may make her think it's her duty to keep her marriage together. When she's tried to leave in the past, her partner may have used violence to stop her.

She may also be under other pressures. She might decide not leave the relationship because she may not understand the effect on children. She may also believe the children need a father or lacks the resources to support them on her own. Children may also beg her to stay or that if she leaves she will lose custody of her children.

Many abusers are not violent in other relationships and can be charming in social situations, yet be extremely violent in the privacy of the home.

As mentioned above, battering is a learned behavior, not a mental illness. An abuser's experience as a child and the messages he gets from society tell him that violence is an easy way to get power and control over his partner's behavior. Men who batter choose this behavior and viewing them as "sick" wrongly excuses them from taking responsibility for their actions.

Alcohol or drug use may intensify violent behavior, but it does not cause battering. Men who batter typically make excuses for their violence, claiming a loss of control due to alcohol/drug use or extreme stress. Battering, however, does not represent a loss of control, but a way of achieving it.

The Guide For Family and Friends suggests that when approached by a victim of domestic violence tell them that you care and are willing to listen. Don't force the issue, but allow them to confide in you at their own pace. Never blame her or him for what's happening or under estimate her or his fear of potential danger. Focus on supporting their right to make their own decisions.

The best way for the victim to get help is through professionals. Domestic violence programs offer safety, advocacy, support, legal information and other services. Encourage the victim to approach one or more of these programs and ask for advice on what to do.

Victims live with emotional as well as physical abuse. The abuse can and often does include being told that they are a bad wife and mother or husband and provider, that they can't do anything right and that there is something wrong with them. Give the victim the emotional support needed to help her believe she is a good person. Help the victim to examine their strengths and skills. Emphasize that they deserve a life free from violence.

In case the victim decides to return to the abuse, help her make a safety plan for herself and children by thinking about steps she can take if her partner becomes abusive again. Make a list of people to call in an emergency. Suggest she hide a suitcase of clothing, money, social security cards, bank books, birth certificates, and school records for future emergencies.

Help the victim contact the local battered women's program. They can help her examine options and find a safe place to go. Not all communities have safe shelters and sometimes they're full, so she may need to rely on family or friends for temporary housing. Be careful if offering safety in your own home. A battered woman frequently faces the most danger when she tries to flee and you could face threats and harm from her abuser.

"Now, you see, Santa, I don't want just any kind of snowmobile for Christmas. It has to be just this certain kind. I'll tell you that in a minute, but right now I want to tell you some other things I want for Christmas too..."
